

National Lieutenant Governors Association

Lieutenant Governor Sheila Y. Oliver Invites New Jersey Schools to Apply for First Annual STEM Education Scholarship Program

As the Lieutenant Governor of New Jersey, I invite you to apply for the first annual *National Lieutenant Governors Association (NLGA) Lt. Governors' STEM Scholarship Program!*

NLGA will award up to \$1,000 to 12 schools in 12 states and territories to support STEM-related programming, projects, equipment, curriculum, and other endeavors. The application period is open until May 31, 2022. Scholarship applications are welcome from K-12 state-accredited public or private schools, and tribal schools.

Applications for the Scholarships should be submitted by a teacher or project supervisor for STEM-related expenses by May 31, 2022. Funding will be awarded directly to your school in Summer 2022, with receipt of the funding to be acknowledged by the school within 90 days.

Identify and share this information with any teachers or project supervisors to support STEM-related projects in your school!

To apply:

1. Visit nlga.awardsplatform.com and register with an email address and password. A verification email will be sent to you. Click the link in that email to begin your submission. If you already registered, login using your email address and password.
2. After logging in, click Start Application. Under "Category", select "NLGA Lt. Governors' STEM Scholarship Program" from the pull-down menu and review the information on the page. Give your application a name.
3. Complete the fields within the application. You have the option to submit attachments in support of your nomination.
4. Click "Submit Application" when complete.
5. Contact kritters@nlga.us for assistance.

For more information, visit the [NLGA State Strategies in STEM webpage](#) or contact NLGA at (859) 283-1400.

Sincerely,

Sheila Y. Oliver
