New Jersey Career Assistance Navigator (NJCAN) 360 Training Webinars

The New Jersey Department of Education (NJDOE), in collaboration with [intoCareers](#) at the University of Oregon, invites Local Educational Agencies (LEAs) to participate in a series of no-cost training webinars to learn about NJCAN 360. The purpose of these webinars is to support schools with the transition to NJCAN 360. On July 1, 2024, NJCAN will fully transition to NJCAN 360 and the standard version of NJCAN, also known as Enterprise, will no longer be available to schools.

NJCAN 360 is a newer version of the NJCAN web-based career information system, administered by intoCareers at the University of Oregon. This state-sponsored system offers an intuitive career exploration experience to support students' career planning. NJCAN 360 supports New Jersey Student Learning Standards – Career Readiness, Life Literacies, and Key Skills, Section 9.2 – Career Awareness, Exploration, Preparation, and Training. Staff and students can use NJCAN 360 to conduct career self-assessments, research colleges and postsecondary schools, search for scholarships and opportunities, and engage in other career exploration and planning activities. The website also contains an extensive career database and the latest national, state, and local labor market data and projections. There is no cost for schools to use NJCAN 360.

Registration

LEA staff, including site administrators currently using NJCAN, may attend the training. A link to attend the training will be sent to registrants prior to each scheduled webinar. Please register at [NJCAN 360 Training Webinars](#).
