

Date: August 27, 2025

To: Local Educational Agency Leads, Directors of Approved Private Schools for Students with Disabilities

Route To: Principals, School Counselors, Instructional Coaches, District Test Coordinators, Assistant Superintendents of Curriculum and Instruction

From: Jorden Schiff Ed.D., Assistant Commissioner
Division of Teaching and Learning Services

Deadlines: 30 days for distributing Individual Student Reports (ISRs) to parents/guardians upon receipt of information from the Department
60 days for reporting results to local school boards of education upon receipt of results of information from the Department

Spring 2025 New Jersey Student Learning Assessments and Dynamic Learning Maps Statewide Assessment Results

The New Jersey Department of Education (NJDOE) would like to thank all local education agencies (LEAs) and approved private schools for students with disabilities (APSSDs) for making the Spring 2025 New Jersey Student Learning Assessments (NJSLA) and the Dynamic Learning Maps (DLM) assessment administrations a success. One of the primary purposes of our statewide assessment program is to identify areas of curricular strength along with opportunities for improvement in each of the tested content areas.

LEAs are encouraged to review these NJSLA and DLM results in conjunction with locally administered assessments to determine the optimum mechanism to support learning and mastery of our state’s rigorous standards.

Receipt of Individual Student Reports (ISRs)

The chart below details when LEAs and APSSDs can expect to receive ISRs, as well as the 30-day deadline date for LEAs to distribute ISRs to parents/guardians, and the 60-day deadline date to report assessment results to local boards of education.

All assessment results will be sent directly to each LEA’s and APSSD’s central offices.

Assessment program	ISRs received by the LEA and APSSD no later than	30 days after receipt of reports to distribute to parents ¹	60 days after receipt of results to report to the local board of education ²
DLM	September 2, 2025	October 2, 2025	November 3, 2025
NJSLA	September 12, 2025	October 14, 2025	November 12, 2025

¹ Per N.J.A.C. 6A:8-4.3(b): Chief school administrators shall provide educators, parents, and students with the results of annual assessments as required under N.J.A.C. 6A:8-4.2(a), within 30 days of receipt of information from the Department.

² Per N.J.A.C. 6A:8-4.3(a): Chief School Administrators shall report final results of annual assessments to district boards of education and members of the public at a public meeting within 60 days of receipt of information from the Department.

ISRs will be sent to both the sending and receiving organization for students who receive their instruction at a school other than their accountable school. Once LEAs receive their ISRs for NJSLA, the accountable LEA must distribute them to the parents/guardians within 30 days (see table above). For DLM, it is the responsibility of each student’s attending school to distribute a copy of the ISR to parents/guardians. The NJDOE encourages LEAs to share the ISRs with students’ families as soon as practicable to facilitate the timely distribution of student results. To support these communication efforts, sample parent cover letters are linked in the LEA Communication Resources section of this broadcast.

District and State Reporting

For NJSLA, summative and summary files were made available electronically to assigned school and district staff on August 20, 2025. Aggregate reports for DLM were made available to assigned district staff on July 18, 2025. The NJDOE strongly encourages school and district leaders to review, analyze and discuss all assessment results with staff as soon as possible.

NJSLA Assessment Results Summary Reports (ARSR)

NJDOE is providing LEAs with an additional report named the *Assessment Results Summary Report* (ARSR). This report is designed to provide organizational level summary data from the NJSLA by school, grade, or demographic information as well as by dynamic reporting groups within PearsonAccess^{next}. The ARSR will allow the District Test Coordinator to have access to all views within this report. Additionally, this report will allow schools within an organization to have access to view data by creating Reporting Groups. Reporting Groups will allow educators to access data for specific students who are assigned to them. This operational report will be made available no later than September 26, 2025 and the *Assessment Results Summary Reports User Guide* can be accessed at the [New Jersey Assessments Resource Center Educator Reporting Resources webpage](#). Note: This report is not available to APSSDs.

Reporting Requirement

LEAs must report statewide assessment results to local school boards within 60 days of receipt. This includes NJSLA and DLM results for ELA, mathematics, and science. The report must include aggregated and disaggregated subgroup data, comparative analyses, and appropriate intervention strategies.³ The number of students for reporting purposes is a minimum of 10, as per suppression rules applied to student data to protect student confidentiality.

LEA Communication Resources

The following resources are available to assist LEAs with the sharing of NJSLA results:

- A sample cover letter for the mailing of spring 2025 NJSLA ISRs can be accessed on the [NJSLA/NJGPA Resources](#) webpage under the heading Forms and Templates.
- Score report interpretation guide for NJSLA ELA, mathematics, and science is available at the [New Jersey Assessments Resource Center Educator Reporting Resources webpage](#).
- A sample PowerPoint template for reporting spring 2025 NJSLA results to local boards of education will be forthcoming and will be able to be accessed on the [NJSLA/NJGPA Resources](#) webpage.

Resources to assist with the sharing of DLM results can be found on the [NJ DLM webpage](#).

Online Portal with Video Score Reports

In addition to the paper ISRs, the 2025 NJSLA ELA, mathematics, and science results will be accessible in the online portal for parents/guardians on or about September 12, 2025. The portal will include the student’s scale score and a video score report which communicates information from the ISR through animations and voiceover in English and in the State’s four other most frequently spoken languages by multilingual learners. The portal allows parents/guardians to add new assessment results by using the unique claim code on their student’s ISR and view previously added assessment results, beginning with the spring 2019 results.

Digital Item Library, New Meridian Item Library, and NJSLA-S Instructional Guide for Constructed Response Questions

The Digital Item Library (NJSLA ELA, mathematics, and science) and New Meridian Item Library (NJSLA ELA and mathematics) provide access to released items from our statewide assessment programs. The Digital Item Library categorizes items by Evidence Statements or Standards and contains searchable fields to help find specific items. The items can be viewed in the format presented on the computer-based assessment or downloaded as individual or bulk PDFs. The New Meridian Item Library categorizes released items for educators, students, and parents/guardians to become familiar with the various items previously administered, and it also provides answer keys and scored examples of student responses. The NJSLA-S Instructional Guide Constructed Response Questions manual contains constructed-response items for each tested grade (i.e., 5, 8, and 11). Samples are included for each score point. Each response is annotated according to criteria in the scoring guide for that item. These resources are located on the [New Jersey Assessments Resource Center Test Content and Other Information webpage](#).

Contact Information

For any questions regarding the release of spring 2025 NJSLA and/or DLM statewide assessment results, please contact the Office of Assessments at (609) 376-3960 or assessment@doe.nj.gov.
