Submission of NJQSAC District Performance Review Documents to Homeroom

The New Jersey Department of Education (NJDOE) New Jersey Quality Single Accountability Continuum (NJQSAC) portal on the [Homeroom](#) webpage is open for school district submission of NJQSAC documents. **The submission of NJQSAC documents must be completed on or before November 13, 2026.**

The NJDOE has updated the [NJQSAC User Manual](#) and [PowerPoints](#) for each of the five component areas of school district effectiveness monitored through NJQSAC to provide clarity and improve consistency among school districts. Districts should review this information prior to submitting the NJQSAC self-evaluation.

As in previous years, the NJDOE provides data for particular indicators within the Instruction and Program District Performance Review (DPR). For scoring purposes, the County Office of Education will provide the data for Indicators one through seven of the Instruction and Program DPR, as soon as it becomes available.

Further, in accordance with N.J.A.C. 6A:8-4.3(a) and (b), districts must report statewide assessment results to local school boards within 60 days of receiving the last set of Individual Student Reports for all [spring-administered assessments](#). The report must include aggregated and disaggregated student group data, comparative analyses, and appropriate intervention strategies to meet the requirements for Instruction and Program Indicator 8. A sample PowerPoint template for reporting Spring 2026 results to local board of education will be forthcoming and available on the [Assessment](#) webpage under "Resources."

The NJDOE created an opportunity for districts to upload the documentation used for verification of NJQSAC indicators in Homeroom, allowing County Offices of Education to review the data remotely for verification of compliance. The DPR for submission to NJQSAC is accessed after signing into the QSAC application link on Homeroom, and must be used to upload all NJQSAC documents. NJQSAC documents require specific filename rules that must be followed to allow for a successful upload of the DPR, signed Board Resolution, and signed Declaration Page. Instructions for uploading documents are found in the "QSAC" application on the Homeroom webpage.
