

## New Jersey Department of Education – Office of Career Readiness

### Perkins V Locally Determined Performance Levels - Secondary

#### Informational Details

- Pursuant to Section 113 (4)(A)(i) of the Strengthening Career and Technical Education Act (Perkins V), eligible recipients may accept the state determined levels of performance (SDPL) for each year or reach agreement on locally developed performance levels (LDPL) for each of the core indicators of performance.
- Use the LDPL chart located on page two to submit new LDPLs for review and acceptance by the Office of Career Readiness. Upload the completed document as an attachment to an email addressed to [PerkinsNJ@doe.nj.gov](mailto:PerkinsNJ@doe.nj.gov). Once the Office of Career Readiness has reviewed the proposed LDPLs and if they are accepted, they will be used for your district's Perkins accountability. During the review, evidence and justification may be requested by the Office of Career Readiness. The eligible agency contact listed on this form will be notified of acceptance and/or remediation.
- It is recommended that eligible recipients use their Perkins Performance Reports accessed through Jersey Standards Measurement and Resource for Teaching ([NJ SMART](#)) provided by the Office of Career Readiness to analyze and propose LDPLs.
- If proposed LDPLs are not submitted by March 1, 2022, it will automatically be determined that your district or institution has accepted the SDPLs.
- All SDPLs have been approved by the United States Department of Education (USDE) through the approval of the [New Jersey Perkins V State Plan \(PDF\)](#). Please refer to the State Plan for detailed information including definitions, historical data, and justifications for each SDPL.
- Each eligible recipient shall identify, in the Perkins Local Application the levels of performance for each of the core indicators of performance for each of the program years covered by the application.
- Performance levels shall require the eligible recipient continually make meaningful progress toward improving the performance of all career and technical education (CTE) **concentrators and completers**, including subgroups of students and special populations.
- If an eligible recipient meets the SDPL for a core indicator, the state will not accept a lower LDPL for the subsequent year.
- Refer to the [New Jersey Perkins Guidelines \(PDF\)](#), Section 5: Managing the Grant, regarding Data Reporting and Local Program Improvement Plan for more information on data submission and making meaningful progress to meet performance targets.
