It is strongly recommended that each applicant review these materials very closely before developing their application.

1.2 Statutory/Regulatory Source and Funding

The applicant's project must be designed and implemented in conformance with all applicable state regulations. The Water Infrastructure Improvement Grants programs are 100% state funded, with Securing Our Children's Future grants being funded from bond proceeds deposited into the Securing Our Children's Future Fund, established pursuant to the Bond Act. The total grant funds available for Securing Our Children's Future Grants is \$94,429,503. Amounts requested are subject to the limitations in Section 1.4 of the [Guidelines](#).

Final awards pursuant to the Bond Act are subject to approval by the New Jersey State Legislature and the availability of state funds for these programs.

1.3 Eligible Applicants

This grant program is open to "school districts" as defined in the Bond Act. Only one (1) application per district, covering all affected schools, may be submitted. Multiple applications will not be considered. Inclusion of ineligible work in the grant application may result in the disqualification of the entire application.

Please note that the definition of "school district" per the Bond Act does not include charter or Renaissance schools.

1.4 Grant Agreement Period

The grant agreement period is twenty-four months, from October 1, 2025 – September 30, 2027. Eligible costs for work on or after January 1, 2016 may be included in the application (Please refer to Section 2.1 of the [Guidelines](#)).

1.5 Technical Assistance

For assistance with applications, districts should email WaterGrant@doe.nj.gov.

1.6 Application Submission

Please note: The grant application is a tabbed MS-Excel workbook with attachments in pdf format. The workbook may be downloaded from the [NJDOE Homeroom page](#).

The completed application package is to be uploaded on the NJDOE Homeroom page.

The NJDOE administers discretionary grant programs in strict conformance with procedures designed to ensure accountability and integrity in the use of public funds and therefore **will not accept late applications**.

The responsibility for a timely submission resides with the applicant. The NJDOE must receive the complete application through Homeroom **no later than 4:00 P.M. on Friday, July 25, 2025**. Without exception, the NJDOE will not accept, and cannot evaluate for funding consideration, an application after this deadline.

Complete applications are those that include all elements listed in Appendix A of the [Guidelines](#) and in a format described in the MS-Excel workbook application. Applications received by the due date and time will be screened to determine whether they are, in fact, eligible for consideration. NJDOE reserves the right to reject any application not in conformance with the requirements of the Final Guidelines and these instructions.

Applications submitted by fax cannot be accepted under any circumstances.

1.7 Apportionment of Grant Funds

Grants funds are to be used solely for the costs associated with and incurred as a result of the implementation of the approved grant application. Grant funds may be used to pay 100% of allowable costs up to the maximum amount applied for and within the timeframe specified. Excess costs are the responsibility of the district. Districts may not use debt service aid to pay for any local share. Please refer to Part B, Section 5.2 of the [Guidelines](#).

1.8 Eligible Costs

Please refer to Section 2.2 of the [Guidelines](#).

1.9 Ineligible Costs

The NJDOE will not reimburse grantees for ineligible costs. Ineligible costs include those costs identified in Section 2.3 of the [Guidelines](#).
