December 15, 2015

Honorable President and Members of the Board of Education Elk Township School District 900 Clems Run Glassboro, New Jersey 08028

Dear Board Members and Constituents:

The comprehensive annual financial report of the Elk Township School District for the fiscal year ended June 30, 2015, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections:

- The Introductory Section contains a table of contents, letter of transmittal, list of principal officials, and an organizational chart of the District;
- The Financial Section begins with the Independent Auditors' Report and includes the Management's Discussion and Analysis, the basic financial statements, and notes providing an overview of the District's financial position and operating results, and other schedules providing detailed budgetary information;
- The Statistical Section includes selected economic and demographic information, financial trends, and the fiscal capacity of the District, generally presented on a multi-year basis;
- The Single Audit Section The District is required to undergo an annual audit in conformity with the provisions of the Single Audit Act of 1986, as amended, the U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations," and the New Jersey OMB Circulars 04-04 and/or 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid Payments.

Information related to this single audit, including the auditors' reports on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, if any, are included in the single audit section of this report.

1) REPORTING ENTITY AND ITS SERVICES:

The Elk Township School District is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board (GASB) as established by Statement No. 14. All funds and account groups of the District are included in this report.

The Elk Township Board of Education and its school, constitutes the District's reporting entity. The District provides a full range of educational services appropriate to grade levels Pre-K through 6. These include regular, as well as special education for handicapped youth. The District completed the 2014-15 fiscal year with an average daily enrollment of 354 students, which is 2 students less than the previous year's enrollment.

The teaching staff consists of approximately thirty seven faculty members, plus instructional classroom aides. The District's administrative structure includes a shared superintendent, a shared business administrator, a shared curriculum and instruction supervisor, a shared technology coordinator and a shared child study team director. The District has one elementary school with a building principal. The nine member Board of Education is an elected body of Elk Township residents.

The District is committed to create a nurturing community of life-long learners who are socially responsible thinkers that embrace cultural diversity. The District's instructional strategies and processes support the achievement of the Common Core State Standards and the New Jersey Core Curriculum Content Standards for all students. When students complete their elementary education in the District, they will have the foundations needed in their journey to become productive, self-sufficient, civic-minded citizens of the world. The School District staff, involved parents, and community members are integral to the accomplishment of this goal.

A Gifted and Talented online learning program is provided to students in grades four through six. Identified students in grades kindergarten through three are provided with in-class activities to differentiate instruction and literacy activities through the Accelerated Reader program. They also participate in STEAM program that occurs during extended learning time.

A strong basic skills curriculum in reading and math is available for students who are identified based on their standardized test scores and/or teacher recommendation. The District employs four basic skills teachers whose purpose is to ensure that the students receive a remedial program appropriate to their needs. After school tutoring is provided for BSI and at-risk students. A summer program also occurred that focused on improving students ELA and math skills.

The Elk Township School District offers a caring, nurturing atmosphere conducive to the student's academic, social, and emotional growth.

All pre-kindergarten through sixth grade students receive a program designed to enlighten their skills in language arts, math, science, social studies, health/physical education, library, music, foreign language, and computer technology.

Students receive ninety minutes of instructional time daily in language arts, sixty minutes in mathematics and forty-five minutes in science and social studies. Spanish, library, art, music, physical education, and computer take place weekly.

2) ECONOMIC CONDITION AND OUTLOOK:

The total land area in Elk Township is approximately 22 square miles. The land consists of many farms and fruit orchards. A few small locally operated businesses are located in the community. There are many minor and major subdivisions planned for the community. The impact of this increase on our facility may be substantial, and may require reconfiguration of district educational delivery capacity, including the need for construction of an additional building or buildings.

Elk Township currently consists of one school building. The original building was constructed in 1927 with additions in 1956, 1976, 1992, and 2002. A major bond referendum was approved by the voters in 2008 for the restoration of several areas in and outside the building.

3) MAJOR INITIATIVES:

The District continues to supply an enhanced educational program for our students through the upgrading of our elementary facilities, innovative educational programs and activities, and a comprehensive curriculum which addresses students' needs from basic skills to enrichment.

Literacy and Math

The District continues to utilize research-based math and literacy programs. These programs consist of an in-class delivery system that provides team teaching with special education and regular education in developmental classrooms in grades kindergarten through second. Grades K-6 also have push-in instructional support in ELA and mathematics. Our fifth and sixth grades are departmentalized in all subject areas with team teaching taking place for at-risk students. Read 180 and System 44 are used to provide individualized instruction to third through sixth grade students that are experiencing difficulty in learning to read. iREAD is used with Kindergarten through second grade for those struggling beginning readers. We use the Accelerated Reading program in grades kindergarten through sixth for all students. Our gifted students in the lower grades receive differentiated in-class instruction and literacy enrichment as well as participate in a STEAM program. All students in kindergarten through sixth grades take the MAP assessments to assess students' math and ELA abilities periodically throughout the school year, adjusting grouping, learning, and remediation/enrichment.

Technology

Technology in the Elk Township School District is viewed as critical to school reform because of its capacity to support and enhance learning and instruction. Interaction via a multitude of educational software programs, a 1:1 Chrome Book initiative in grades four through six, Google apps, e-mail, and the Internet leads to problem solving and is revolutionizing the way Aura students learn. Technology has been integrated into every aspect of our curriculum. Professional Development is provided to our teachers to continually upgrade their skills. The District's facility is equipped with computers in each classroom and four wireless laptop/netbook carts. In addition, third grade classrooms all have a Chromebook cart with devices for each student. Again in 2014, the Elk Township Board of Education made a major financial commitment to the improvement of the technology infrastructure. Students take weekly technology classes in the school's computer lab and every classroom is equipped with an interactive Smart Board so that technology is woven into instruction on a daily basis.

3) MAJOR INITIATIVES (CONTINUED):

The Arts

The District offers weekly art and music classes to students in kindergarten through sixth grade. Chorus, beginning and advanced band is offered to students in grades four through six. Concerts and art shows take place semiannually. There is an annual family trunk or treat event, and a family wellness night.

Professional Development

The District participates with Delsea Regional School District in offering comprehensive professional development opportunities to the staff. A professional development committee, consisting of staff and administrators, meets regularly to assess the needs of the educational community. Evaluation forms are given to staff members after each professional development event to evaluate the effectiveness of the program. This year the PDC is continuing the theme of "Personalized PD" allowing teachers to meet state and district initiatives while growing in their own areas of focus.

4) INTERNAL ACCOUNTING CONTROLS:

Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal awards and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of internal control, including that portion related to federal awards and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5) BUDGETARY CONTROLS:

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the General Fund, the Special Revenue Fund, and the Debt Service Fund. Project-length budgets are approved for the capital improvements accounted for in the Capital Projects Fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

6) ACCOUNTING SYSTEM AND REPORTS:

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at year-end.

The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups which are converted from Governmental Fund balances to net assets.

7) MANAGEMENT'S DISCUSSION AND ANALYSIS:

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a management's discussion and analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in connection with it. The District's MD&A can be found immediately following the report of the independent auditors.

8) CASH MANAGEMENT:

The investment policy of the District is guided in large part by the state statute as detailed in "Notes to the Financial Statements," Note 3. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provision of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

9) RISK MANAGEMENT:

The Board carries various forms of insurance, including, but not limited to, general liability, automobile liability and comprehensive/collision, hazard, and theft insurance on property and contents, school board liability, workman's compensation, and fidelity bonds.

10) INDEPENDENT AUDIT:

State statues require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Petroni & Associates LLC was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act Amendments of 1996 and the related OMB Circular A-133 and New Jersey OMB Circulars 04-04 and/or 15-08. The auditor's report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

11) AWARDS – EDUCATIONAL:

Sixth grade Elk Township students participate annually in the Coriell Institute Science Fair. This year we had a student place first in the Chemistry category, second in the Physics category, second in the Medicine and Health category, and an honorable mention in the Consumer Science category.

12) ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Elk Township Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the School District and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully Submitted,

Dr. Piera Gravenor Dr. Piera Gravenor Superintendent Joseph M. Collins, CPA Joseph M. Collins, CPA Business Administrator/Board Secretary

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Education Elk Township School District 900 Clems Run Glassboro, New Jersey 08028

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Elk Township School District, in the County of Gloucester, State of New Jersey, as of and for the fiscal year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor

considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Elk Township Board of Education as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Elk Township Board of Education's basic financial statements. The combining and individual non-major fund financial statements and schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations,* the schedule of state financial assistance as required by NJ OMB Circulars 04-04 and/or 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid,* and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements, schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and the schedule of state financial assistance as required by NJ OMB Circulars 04-04 and/or 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements, schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and the schedule of state financial assistance as required by NJ OMB Circulars 04-04 and/or 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2015, on our consideration of the Elk Township Board of Education's internal control over financial reporting and our test of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of our audit performed in accordance with *Government Auditing Standards* in considering Elk Township Board of Education's internal control over financial reporting and compliance.

Required Supplementary Information – Part I

This section of Elk Township Public School District's annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2015. Comparative financial data is presented. Please read it in conjunction with the transmittal letter at the front of this report and the District's financial statements, which immediately follow this section.

Financial Areas of Interest

Key financial highlights for 2015 are as follows:

- In total, net position decreased from \$2,854,717 in FY 2014 to \$1,910,444 (See Exhibit A-1) in FY 2015 which is a \$944,273 decrease or a 33% decrease from fiscal year 2014.
- General revenues accounted for \$6,048,385 in revenue (See Exhibit A-2) or 92% of all revenues. Program specific revenues in the form of charges for services and operating grants and contributions accounted for \$501,030 or 8% of total revenues of \$6,549,415.
- The District had \$6,555,490 in expenses; only \$501,030 of these expenses was offset by program specific charges for services, grants or contributions. General revenues (primarily taxes and state aid) of \$6,048,385 were adequate to provide for these programs.
- Among Governmental Funds, the General Fund, the District's most significant fund, had \$5,937,122 in revenues and \$5,848,473 in expenditures (see Exhibit B-2). The fund balance for the General Fund decreased \$15,842 over fiscal year 2014. This decrease was partially due to increases in revenue of \$286,855 offset by increased expenditures of \$46,169.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Elk Township School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For Governmental Funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The General Fund is by far the most significant fund.

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole, looks at all financial

Statement of Net Position and the Statement of Activities (Continued)

transactions and asks the question, "How did we do financially during 2014-2015?" The Statement of Net Position and the Statement of Activities answer this question.

These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector businesses. These bases of accounting take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net position and changes in that position. This change in net position is important because it tells the reader that, for the School District as a whole, the financial position of the School District and whether it has improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District is divided into two distinct kinds of activities:

- Governmental activities All of the School District's programs and services are reported here including instruction, support services, operation and maintenance of plant facilities, pupil transportation, and extracurricular activities.
- Business-Type Activities This service is provided on a charge for goods or services basis to recover all the expenses of the goods or services provided. The Food Service Enterprise Fund is reported as a business activity.

Reporting the School District's Most Significant Funds

Fund Financial Statements

Fund financial reports provide detailed information about the School District's funds. The School District uses many funds to account for a multitude of financial transactions. The School District's Governmental Funds are the General Fund, Special Revenue Fund, Capital Projects Fund, and Debt Service Fund.

Governmental Funds

The School District's activities are reported in Governmental Funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The Governmental Fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental Fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs.

The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and Governmental Funds is reconciled in the financial statements.

Enterprise Fund

The Enterprise Funds use the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the district-wide and fund financial statements. This information is information that has not been presented on the face of the financial statements, for reasons of practicality, but is essential for the financial statements to be fairly presented.

The School District as a Whole

The Statement of Net Position provides the perspective of the School District as a whole. Net position may serve over time as a useful indicator of a government's financial position. The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

Table 1 provides a summary of the School District's net position for fiscal years 2015 and 2014.

 Table 1

 Elk Township School District's Net Position

The District's combined net position was \$1,910,444 on June 30, 2015. This was a 33% decrease from the prior year.

Total assets increased \$117,298. There was an increase in current and other assets and a slight decrease in capital assets due to the depreciation.

Total liabilities increased \$957,709 due mainly to pension liability.

Table 2 shows changes in net position for fiscal years 2015 and 2014.

Program revenues include charges for services and operating grants and contributions. The increase in program revenues is primarily the result of an increase in grant revenues.

General revenues include property taxes, federal and state aids, and other revenues, with federal and state aids being the predominant source of revenue for the District. Other revenues include revenues from tuition, interest on investments, and other miscellaneous sources.

There was an increase in property taxes of \$233,761. The unique nature of property taxes in New Jersey creates the legal requirements to annually seek voter approval for the District budget and related tax levy.

Governmental Activities

The District's total revenues for governmental activities were \$6,450,335 (see Exhibit B-2) for the year ended June 30, 2015. Federal and state aid accounted for 53.8% of revenues. Property taxes made up 42.7% of revenues for governmental activities.

The total cost of all programs and services was \$6,361,870. Instruction and instruction related activities were \$3,525,466, which accounts for 55.5% of District expenses.

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Instruction related activities are those activities which support the instruction process, and include attendance, nursing, related and extraordinary services for special education student, guidance, child study, curriculum, staff development, and educational media services.

Administration includes general, school, and business administration, and includes expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities involve keeping the school grounds, buildings, and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by State law.

"Other" includes unallocated depreciation, interest on debt, amortization of bond issuance costs, and special schools.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

Governmental Activities (Continued)

Table 3 - Governmental Activities Costs of Services

	Total Cost of Services 2015		Net Cost of Services 2015		otal Cost of rvices 2014	let Cost of rvices 2014
Instruction:	\$	2,649,540	\$	2,320,069	\$ 2,461,360	\$ 2,200,470
Support services:						
Pupils and instructional staff		865,018		865,018	852,001	854,427
School administration		152,562		152,562	120,174	120,174
General & bus. administration		303,872		303,872	286,205	286,205
Plant operations & maintenance		366,163		362,117	434,181	429,793
Pupil transportation		514,572		514,572	546,722	546,722
Unallocated benefits		1,306,877		1,306,877	1,237,419	1,237,419
Other		259,366		259,366	335,972	 335,972
Total expenses	\$	6,417,970	\$	6,084,453	\$ 6,274,034	\$ 6,011,182

Of the \$6,417,970 total cost of services for fiscal year 2015, \$6,084,453 is for activities which are not self-supporting and are supported by tax revenue and unrestricted aid.

Business-Type Activities

Business-type activities include the food service and childcare operation. These programs had revenues of \$167,513 and expenses of \$137,520 for fiscal year 2015. The District received 45% of its revenues from grants from the federal and state reimbursable lunch and breakfast programs. Revenues from federal and state grant programs are driven by participation. The Food Service Fund also received a transfer from the General Fund in the amount of \$32,000 to eliminate a deficit in the program. Because program revenues are not adequate to cover the cost of running the food service program, the Board of Education can elect to raise the prices of student and adult lunches.

The School District's Funds

All Governmental Funds (i.e., General Fund, Special Revenue Fund, Capital Projects Fund, and Debt Service Fund presented in the fund-based statements) are accounted for using the modified accrual basis of accounting. Total revenues amounted to \$6,450,335 and expenditures were \$6,361,870. The schedules included in the financial section of this report demonstrate that the District continues to meet its responsibility for sound financial management.

The following schedules present a summary of the revenues of the governmental funds for the fiscal year ended June 30, 2015, and the amount and percentage of increases and decreases in relation to prior year revenues. The Capital Projects Fund is not included in the schedule because revenue in this fund is infrequent and cannot be compared to the prior year.

The School District's Funds (Continued)

Table 4 - Revenue Comparison

			Increase	Percent of
		Percent of	(Decrease)	Increase
Revenue	Amount	Total	from 2014	(Decrease)
Local sources	\$ 2,978,632	46.18%	\$ 274,590	10.15%
State sources	3,164,035	49.05%	59,515	1.92%
Federal sources	307,668	4.77%	87,985	40.05%
	\$ 6,450,335	100.00%	\$ 422,090	7.00%

The increase in state sources is the result of changes in state aid calculations. The increase in local sources is attributable to an increase in tuition of \$95,688 and an increase in property taxes of \$233,761.

The following schedule presents a summary of General Fund, Special Revenue Fund, and Debt Service Fund expenditures for the fiscal year ended June 30, 2015, and the amount and percentage of increases and decreases in relation to prior year expenditures.

Table 5 - Expenditure Comparison

Expenditures	Amount	Percent of Total	(D	ncrease Decrease) om 2014	Percent of Increase (Decrease)
Current expense:					
Instruction	\$ 2,660,448	41.82%	\$	133,131	5.27%
Undistributed	3,498,135	54.99%		343	0.01%
Debt service	183,732	2.89%		(5,524)	-2.92%
Capital outlay	19,555	0.31%		(86,696)	-81.60%
	\$ 6,361,870	100.00%	\$	41,254	0.65%

The largest portion of General Fund expenditures is for salaries and benefits. The District is a service entity and as such is labor intensive. This is typical for a service industry in both the public sector and private industry.

General Fund Budgeting Highlights

The School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

Over the course of the year, the District revised the annual operating budget several times. Many of the amendments are due to changes in expenditure priorities. The District uses program based budgeting and the budgeting systems are designed to tightly control program budgets but provide flexibility for program management.

General Fund Budgeting Highlights (Continued)

Revisions in the budget were made to prevent over-expenditures in specific line item accounts. Budget revisions were made to adjust for staffing changes based on student needs, and an unanticipated increase in health and unemployment benefit costs.

For the General Fund, total revenues on the budget basis were \$5,926,793. The state contribution for TPAF members for pension and social security is neither a revenue item nor is it an expenditure to the District, but is required to be reflected in the financial statements; elimination of this item will provide a more accurate comparison of budget to actual revenues and expenditures. The total revenues represent an increase of \$670,463 over the final budget amount. This was mainly due to the unanticipated decrease in state aid during the school year caused by the decision of the state to withhold state aid from all School Districts in the amount of prior year excess surplus plus 25% of reserve balances.

Total expenditures, on the budget basis, were \$5,848,473. Expenditures were \$347,100 more than the final budget amount. The final budget includes amounts encumbered in the prior year to be expended in the current year. Expenditures were less than anticipated due to tight budgetary controls.

Capital Assets

At the end of fiscal year 2015, the School District had \$3,374,815 invested in land, buildings, and machinery and equipment for governmental and business-type activities. Table 6 shows fiscal year 2015 balances compared to 2014.

	Govern Activ	Bu	siness-Ty Activities	ре	Total

Total	\$ 3,363,047	\$ 3,551,178	\$ 11,	768 \$	12,999	\$ 3,374,815	\$ 3,564,177	

Table 6 - Capital Assets (Net of Depreciation)

Debt Administration

At June 30, 2015, the School District had \$1,344,597 of outstanding debt. Of this amount, \$120,496 is for compensated absences; \$29,101 for a capital lease and \$1,195,000 for bonds payable. The District continues to pay down its debt, decreasing bonds and capital leases of \$157,788 in fiscal year 2015.

Debt Administration (Continued)

Table 7 - Outstanding Debt at Year-End

	2015	2014
2008 general obligation bonds	\$ 1,195,000	\$ 1,325,000
Capital leases	29,101	56,889
Compensated absences payable	120,496	84,641
Total	\$ 1,344,597	\$ 1,466,530

For the Future

The Elk Township School District has continued to maintain the highest standards of service to our students, parents, and community. We strive to be a community center and will continue to offer facilities and services that will be a source of pride for our community.

The District is committed to preparing its students for the future. A major concern however, is the continued increase in the costs of operating the District along with the District's limited ability to increase revenue.

The Elk Township School District receives a majority of its revenue from two sources, state aid and local property taxes. Although state aid has increased slightly over the past couple of years, the 2% mandated cap on property tax increases has created several challenges for the District to move forward with its curriculum.

The District's enrollment has varied over the past several years however, in 2014-2015 the Choice School designation has brought a limited number of new students to Aura School. These new students were easily absorbed by the school but with several new housing projects approved in Elk Township, a significant increase in enrollment could create a need for the District to expand and build. Elk Township is a rural community, with very little industry, thus the burden of tax increases is borne by the homeowners. This new construction would increase the burden on the taxpayers of our District.

While voter approval is no longer needed for budget approval, the Board is painfully cognizant of the financial burden on the community and works to effectively maximize available funds.

The District continues to investigate and implement shared service agreements to decrease costs while providing quality services. The District signed shared service agreements with the constituent high school district for the provision of numerous services including Superintendent, Business Administrator, Director of Curriculum and Instruction, Director of Child Study Team, Transportation Coordinator and Services, Facilities Manager, Technology Coordinator, and purchasing services. Through a committee of the Board, meetings are being held with the regional high school district and constituent elementary district to discuss additional opportunities for the sharing of services and personnel.

The ability of the District to continue as a separate entity continues to be an open discussion based on laws that were recently passed by the legislature. The law mandates the submission of a plan by the Executive County Superintendent, within a three year period, to consolidate local public school districts within the county into comprehensive consolidated or regional school

For the Future (Continued)

districts, with a focus on the consolidation of limited purpose regional school districts with the local public school districts of the constituent municipalities. The plan was submitted by the Executive County Superintendent in March of 2010, and indicated a full purpose regional school district comprised of the municipalities of Franklin, Elk, Newfield, and possibly Clayton, would be advantageous. The ultimate decision to create a full purpose regional school district and eliminate the constituent elementary district continues to reside with the taxpayers of the affected municipalities.

In conclusion, the Elk Township School District has committed itself to financial excellence for many years. The District plans to continue its sound fiscal management to meet the challenges of the future.

Contacting the School District's Financial Management

This financial report is designed to provide the taxpayers, investors, creditors and other interested parties with a general overview of the District's finances and to show the District's accountability for the resources it receives. If you have questions about this report or need additional information, contact Dr. Piera Gravenor, Superintendent, or Joseph M. Collins, Business Administrator/Board Secretary at Elk Township Board of Education, 900 Clems Run, Glassboro, NJ 08028 or visit our web-site at www.elk.k12.nj.us.

ELK TOWNSHIP BOARD OF EDUCATION Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2015	Balances	
Total net change in fund balances - Governmental Funds (from B-2)		\$ (16,036)
Amounts reported for governmental activities in the statement of activities (A-2) are different because:		
Capital outlays are reported in Governmental Funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period. Depreciation expense	\$ (204,556)	
Capital outlays	16,425	(188,131)
Repayment of debt principal is an expenditure in the Governmental Funds, but the repayment reduces long-term liabilities in the statement of net position and is not reported in the statement of activities.		(100,101)
Bond principal Capital lease obligation principal		130,000 27,788
Internal service funds are used by management to charge the costs of certain activities, such as custodial services. The operating loss of \$1,009 is included in the governmental activities in the statement of activities.		(1,009)
In the statement of activities, interest on long-tem debt is accrued, regardless of when due. In the Governmental Funds, interest is reported when due. The accrued interest is a reduction in the reconciliation.		3,709
Bond issuance costs are reported in the Governmental Funds as expenditures in the year the bonds are issued. However, on the statement of activities, the costs are amortize over the life of the bonds.		(1,656)
Pension contributions are reported in Governmental Funds as expenditures. However, in the statement of activities, the contributions are adjusted for actuarial valuation adjustments.		13,101
In the statement of activities, certain operating expenses, e.g., compensated absences are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation; when the paid amount exceeds		
the earned amount the difference is an addition to the reconciliation.		(35,855)
Change in net position of governmental activities		\$ (68,089)

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Introduction

The Elk Township School District is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials who are responsible for the fiscal control of the District. A Superintendent is appointed by the Board and is responsible for the administrative control of the District.

The financial statements of the Board of Education of Elk Township School District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. In its accounting and financial reporting, the District follows the pronouncements of the Governmental Accounting Standards Board (GASB).

The more significant accounting policies established in (GAAP) and used by the District, are discussed below.

A. Reporting Entity

The Elk Township School District is a Type II district located in the County of Gloucester, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The Board is comprised of nine members elected to three-year terms and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District. The purpose of the District is to educate students in grades K–6.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB <u>Codification of Governmental Accounting and Financial Reporting</u> <u>Standards</u>, is whether:

- the organization is legally separate (can sue or be sued in their own name)
- the District holds the corporate powers of the organization
- the District appoints a voting majority of the organization's board
- the District is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the District
- there is a fiscal dependency by the organization on the District

Based on the aforementioned criteria, the District has no component units.

B. Basis of Presentation

The School District's basic financial statements consist of District-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements, which provide a more detailed level of financial information.

District-Wide Statements

The Statement of Net Position and Statement of Activities display information about the District as a whole. These statements include the financial activities of the overall District except for fiduciary funds. These statements distinguish between governmental and business-type activities of the School District. Governmental activities generally are financed through taxes,

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

District-Wide Statements (Continued)

intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The Statement of Net Position presents the financial condition of the governmental and business-type activity of the School District at fiscal year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs; and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the School District.

Fund Financial Statements

During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its Fiduciary Funds. Separate statements for each fund category - governmental, proprietary, and fiduciary - are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey Districts to treat each Governmental Fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among District financial reporting models.

GOVERNMENTAL FUNDS

The focus of Governmental Fund measurement is on determination of financial position and changes of financial position, (sources, uses and balances of financial resources) rather than on net income. The District reports the following Governmental Funds:

General Fund - The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the Capital Outlay Subfund.

As required by the New Jersey State Department of Education, the District included budgeted capital outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey aid, District taxes and appropriated fund balance. Expenditures are those that result in the

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

General Fund (Continued) - acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings, and the purchase of built-in equipment. These resources can be transferred from and to current expense by board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from state and federal governments, (other than major Capital Projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction, and improvement programs.

PROPRIETARY FUNDS

The focus of Proprietary Fund measurement is on determination of net income, financial position and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The District reports the following Proprietary Funds:

Enterprise Fund - The Enterprise Fund account for all revenues and expenses pertaining to the Board's operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods or services on a continuing basis are financed or recovered primarily through user charges.

The District's Enterprise Funds are comprised of the Food Service Fund and Child Care.

Internal Service Fund - The Internal Service Fund has been established to account for the financing of services provided by the District to other governmental entities. Services are provided on a cost-reimbursement basis.

Fiduciary Funds include Private Purpose Trust Funds and Agency Funds. The Private Purpose Trust Funds consist of Expendable Trust Funds and Nonexpendable Trust Funds. The measurement focus of the Expendable Trust Funds is the same as for Governmental Funds. The measurement focus of the Nonexpendable Trust Funds is similar to Proprietary Funds. Agency Funds are purely custodial (assets equal liabilities) and thus do not involve measurement of results of operations. The District reports the following Fiduciary Funds:

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Private Purpose Trust Funds - The Private Purpose Trust Funds consist of Expendable Trust Funds. The Expendable Trust Funds are accounted for in essentially the same manner as the Governmental Fund types, using the same measurement focus and basis of accounting. The Expendable Trust Funds account for assets where both the principal and interest may be spent. The Expendable Trust Funds include the Unemployment Compensation Insurance Fund and a scholarship fund.

Agency Funds - The Agency Funds are used to account for the assets that the District holds on behalf of others as their agent. The Agency Funds are custodial in nature and do not involve measurement of results of operations. The Agency Funds include the Payroll, Payroll Agency, and Student Activities Funds.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

Governmental Fund Financial Statements

Governmental Funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

District-wide, Proprietary, and Fiduciary Fund Financial Statements

The District-wide financial statements are prepared using the accrual basis of accounting. Governmental Funds use the modified accrual basis of accounting; the Proprietary and Fiduciary Funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Ad Valorem (property) taxes are susceptible to accrual and under New Jersey State statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year.

The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive moneys under the established payment schedule and the unpaid amount is considered to be an "accounts receivable."

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Budgets/Budgetary Control

Annual appropriated budgets are prepared each year for the General, Special Revenue and Debt Service Funds. The budgets are submitted to the county office for approval and are approved by the board of school estimates. Budgets are prepared using the modified accrual basis of accounting, except for the Special Revenue Fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in NJAC 6:23-2.2 f(1). All budget amendments and transfers of appropriations must be made by School Board resolution at any time during the fiscal year. All budget amendments presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year).

Appropriations, except remaining project appropriations, encumbrances, and unexpended grant appropriations, lapse at the end of each fiscal year.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For Governmental Funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the June state aid payments for budgetary purposes only and the Special Revenue Fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the Governmental Fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the Special Revenue Fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

E. Encumbrance Accounting

Under encumbrance accounting, purchase orders, contracts, and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in Governmental Funds other than the Special Revenue Fund are reported as reservations of fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the Special Revenue Fund for which the District has received advances are reflected in the balance sheet as deferred revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year-end.

F. Cash and Cash Equivalents

Cash and cash equivalents include petty cash, change funds, cash in banks, money market accounts, and all highly liquid investments with a maturity of three months or less at the time of purchase.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Cash and Cash Equivalents (Continued)

U.S. Treasury agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost.

New Jersey School Districts are limited to the types of investments and types of financial institutions they may invest in. New Jersey statute provides a list of permissible investments that may be purchased by New Jersey School Districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. NJSA 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a depository unless such funds are secured in accordance with the Act. Public depositories include savings and loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value of at least 5% of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the governmental units.

G. Tuition Receivable

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

H. Inventories

Inventory purchases, other than those recorded in the Enterprise Fund, are recorded as expenditures during the year of purchase. Enterprise Fund inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method.

I. Interfund Receivables/Payables

Transfers between governmental and business-type activities on the District-wide statements are reported in the same manner as general revenues. Flows of cash or goods from one fund to another without a requirement for repayment are reported as Interfund transfers.

Interfund transfers are reported as other financing sources/uses in Governmental Funds and after non-operating revenues/expenses in the Enterprise Fund. Repayment from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

On fund financial statements, short-term Interfund loans are classified as Interfund receivables/payables. These amounts are eliminated in the Statement of Net Position, except for amounts due between governmental and business-type activities or Governmental and Agency Funds, which are presented as internal balances.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Capital Assets

The District has established a formal system of accounting for its capital assets. Purchased or constructed capital assets are reported at cost. Donated capital assets are valued at their estimated fair market value on the date received. The cost of normal repairs and maintenance are not capitalized. The capitalization threshold used by school districts in the State of New Jersey is \$2,000.

All reported capital assets except for land and construction in progress are depreciated. Depreciation is computed using the straight-line method under the half-year convention over the estimated useful lives:

	Estimated
Asset Class	Useful Lives
Site improvements	20
Building & improvements	20-50
Machinery & equipment	5-20

In the fund financial statements, fixed assets used in Governmental Fund operations are accounted for as capital outlay expenditures of the Governmental Fund upon acquisition. Fixed assets are not capitalized and related depreciation is not reported in the fund financial statements.

K. Accrued Salaries and Wages

None of the School District employees who provide services to the District over the ten month academic year, have the option to have their salaries evenly disbursed during the entire twelve month year.

L. Compensated Absences

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences." A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policies. Upon termination, employees are paid for accrued vacation.

The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

The liability for compensated absences was accrued using the termination payment method, whereby the liability is calculated based on the amount of sick leave that is expected to become eligible for payment upon termination. The District estimates its accrued compensated absences liability based on the accumulated sick and vacation days at the balance sheet date

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Compensated Absences (Continued)

by those employees who are currently eligible to receive termination payments. Salary-related payments for the employer's share of social security and Medicare taxes are included.

For the District-wide statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the Governmental Funds, in the Fund Financial Statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

M. Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

N. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the District-wide financial statements. In general, Governmental Fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from Governmental Funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

O. Net Position

Net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The School District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

P. Fund Balance Reserves

Fund Balance - The School District reports fund balance in classifications that comprise a hierarchy based primarily on the extent to which the School District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The School District's classifications, and policies for determining such classifications, are as follows:

Non-spendable - The non-spendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, such as inventories and prepaid amounts.

Restricted - The restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources either by being (1) externally imposed by creditors, grantors, contributors, or laws or regulations of

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

P. Fund Balance Reserves (Continued)

Restricted (Continued) - other governments; or (2) imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the School District's highest level of decision-making authority, which, for the School District, is the Board of Education. Such formal action consists of an affirmative vote by the Board of Education, memorialized by the adoption of a resolution. Once committed, amounts cannot be used for any other purpose unless the Board of Education removes, or changes, the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.

Assigned - The assigned fund balance classification includes amounts that are constrained by the School District's *intent* to be used for specific purposes, but are neither restricted nor committed. *Intent* is expressed by either the Board of Education or by the business administrator, to which the Board of Education has delegated the authority to assign amounts to be used for specific purposes. Such authority of the business administrator is established by way of a formal job description for the position, approved by the Board of Education.

Unassigned - The unassigned fund balance classification is the residual classification for the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund is the only fund that reports a positive unassigned fund balance amount. In other funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available; the District considers Restricted Funds to have been spent first. When an expenditure is incurred for which Committed, Assigned, or Unassigned Fund balance are available; the District considers amounts to have been spent first out of Committed Funds, then Assigned Funds, and finally Unassigned Funds, as needed.

Q. Revenues - Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means within sixty days of the fiscal year-end.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute. A municipality is required to remit to its District the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Q. Revenues – Exchange and Non-Exchange Transactions (Continued)

revenue (accrued) at the start of the fiscal year, since the amount is both measurable and available.

Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest, and tuition.

R. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the Proprietary Fund. For the School District, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the fund.

S. Allocation of Indirect Expenses

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions and are reported with direct expenses in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

T. Extraordinary and Special Items

Extraordinary items are transactions or events that are unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence. There were no extraordinary or special items in the 2014-2015 fiscal year.

U. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

V. Recent Accounting Pronouncements Not Yet Effective

In February 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 72, "Fair Value Measurement and Application." This statement, which is effective for fiscal periods beginning after June 15, 2015, will not have any effect on the District's financial reporting.

In June 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 73, "Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68." This statement, which is effective for fiscal periods beginning after June 15, 2016, will not have any effect on the District's financial reporting.

In June 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 74, "Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans." This statement, which is effective for fiscal periods beginning after June 15, 2016, will not have any effect on the District's financial reporting.

In June 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other than Pensions." This statement, which is effective for fiscal periods beginning after June 15, 2017, the impact of this statement on the net position of the entity is anticipated to be significant.

In June 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 76, "The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments." This statement, which is effective for fiscal periods beginning after June 15, 2015, will not have any effect on the District's financial reporting.

In August 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 77, "Tax Abatement Disclosures." This statement, which is effective for fiscal periods beginning after December 15, 2015, will not have any effect on the District's financial reporting.

NOTE 2: CHANGE IN ACCOUNTING PRINCIPLE

During the year beginning July 1, 2015, the District adopted the Governmental Accounting Standards Board (GASB) Statement No. 68, "Accounting and Financial Reporting for Pensions," and Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date," whose primary objectives are to improve accounting and financial reporting for pensions. These statements establish standards for measuring and recognizing liabilities, deferred outflows of resources, and deferred inflows of resources, and expense/expenditures for pension. The effect of this change was to decrease fiscal year ended June 30, 2015, Net Position by \$938,198, which is the prior period adjustment of net pension liability. Financial statements for the fiscal year ended June 30, 2014, have not been restated, and the cumulative effect of the change totaling \$938,198, is shown as a one-time debit to net position in the fiscal year ended June 30, 2015, Statement of Activities.

NOTE 3: CASH AND CASH EQUIVALENTS AND INVESTMENTS

Deposits

Custodial Credit Risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's policy is based on New Jersey statutes requiring cash to be deposited only in New Jersey banking institutions that participate in the Governmental Unit Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statues NJSA 18A:20-37 that are treated as cash equivalents. The carrying amount of the District's cash and cash equivalents at June 30, 2015 and 2014, was \$863,969 and \$268,282. As of June 30, 2015 and 2014, \$0 of the District's bank balance of \$1,167,527 and \$717,502, respectively, was exposed to Custodial Credit Risk.

NOTE 4: INVESTMENTS

As of June 30, 2015 and 2014, the District did not have any investments.

Interest Rate Risk - The District does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, NJSA 18A:20-37 limits the length of time for most investments to 397 days.

Credit Risk - NJSA 18A:20-37 limits District investments to those specified in the Statutes. The type of allowable investments are: Bonds of the United States of America or of the District or the local units in which the District is located; obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk - The District places no limit on the amount the District may invest in any one issuer.

NOTE 5: RECEIVABLES

Receivables at June 30, 2015, (see Exhibit B-1 and B-4) consisted of intergovernmental and property taxes receivable. All receivables are considered collectible in full. A summary of the principal items of the intergovernmental receivables are as follows:

		vernmental Activities	ness-Type ctivities
State aid Other	\$	57,528 88,300	\$ 128
Federal aid	_	265,168	4,501
	\$	410,996	\$ 4,629

NOTE 6: INTERFUND RECEIVABLES AND PAYABLES

The following Interfund balances remain on the balance sheet at June 30, 2015:

Interfund				
Receivable	Payable			
\$ 266,190	\$ 14,406			
	259,013			
	91			
13,730	130			
	6,281			
\$ 279,920	\$ 279,920			
	Receivable \$ 266,190 13,730			

Interfunds were the result of credit balances in the cash and cash equivalents at the end of the year.

NOTE 7: INVENTORY

Inventory in the Food Service Fund at June 30, 2015, consisted of the following:

Food	\$ 1,515
Commodities	875
Supplies	 821
	\$ 3,211

The value of Federal donated commodities as reflected on Schedule A (required by the Single Audit Act of 1996, as revised) is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of non-operating revenue in the financial statements.

NOTE 8: CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2015, was as follows:

	Ju	Balance ne 30, 2014		Additions	Retirements	Ju	Balance ne 30, 2015
Governmental activities:							
Capital assets not being depreciated:							
Sites (land)	\$	45,404				\$	45,404
Total capital assets not being							
depreciated		45,404					45,404
Assets that are being depreciated:							
Site improvements		377,719					377,719
Building & building improvements		5,793,067	\$	5,430			5,798,497
Vehicles		387,980	·	,			387,980
Machinery & equipment		539,801		10,995			550,796
Totals at historical cost		7,098,567		16,425			7,114,992
Less: accumulated depreciation							
Site improvements		(119,984)		(17,818)			(137,802)
Building & building improvements		(2,702,944)		(155,331)			(2,858,275)
Vehicles		(331,306)					(331,306)
Machinery & equipment		(438,559)		(31,407)			(469,966)
Total accumulated depreciation		(3,592,793)		(204,556)			(3,797,349)
Governmental activities capital							
assets, net	\$	3,551,178	\$	(188,131)		\$	3,363,047
Business-type activities:							
Machinery & equipment	\$	52,782				\$	52,782
Less: accumulated depreciation		(39,783)	\$	(1,231)			(41,014)
Business-type capital assets, net	\$	12,999	\$	(1,231)		\$	11,768

Depreciation was charged as an unallocated expense since it could not be specifically identified to one program/function for governmental activities.

NOTE 9: GENERAL LONG-TERM DEBT

Bonds are authorized in accordance with State law by the voters of the municipality through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the board are general obligation bonds.

Permanently funded debt as of June 30, 2015, consisted of the following:

A. Bonds Payable

The Board sold general obligation bonds on June 26, 2008, with an issue date of July 15, 2008, in the amount of \$1,750,000. The bonds have an interest rate ranging from 4.25% to 4.375% and mature from 2015 to 2023. The remaining balance at June 30, 2015, was \$1,195,000.

NOTE 9: GENERAL LONG-TERM DEBT (CONTINUED)

B. Long-Term Obligation Activity

Changes in long-term obligations for the fiscal year ended June 30, 2015, are as follows:

	Ju	Balance ne 30, 2014	A	dditions	De	ductions	Ju	Balance ne 30, 2015	Due in Dne year
Compensated absences									
Governmental	\$	84,641	\$	43,786	\$	7,931	\$	120,496	
Bonds payable		1,325,000				130,000		1,195,000	\$ 130,000
Capital leases		56,889				27,788		29,101	 29,101
	\$	1,466,530	\$	43,786	\$	165,719	\$	1,344,597	\$ 159,101

C. Bonds Payable

Principal and interest due on serial bonds outstanding is as follows:

Year Ended					
_June 30,	_	Principal		Interest	 Total
2016		130,000		48,206	178,206
2017		130,000		42,681	172,681
2018		130,000		37,156	167,156
2019		130,000		31,631	161,631
2020		130,000		26,106	156,106
2021-2024		545,000		48,128	 593,128
	\$	1,195,000	\$	233,908	\$ 1,428,908

D. Bonds Authorized but Not Issued

As of June 30, 2015, the Board had no bonds authorized but not issued.

E. Other

Interest paid on debt issued by the District is exempt from federal income tax. Because of this, bond holders are willing to accept a lower interest rate than they would on taxable debt. The District temporarily reinvests the proceeds of such debt in higher-yielding taxable securities, especially during construction projects. The federal tax code refers to this as arbitrage.

Earnings in excess of the yield on the debt issue are rebated to the federal government based on the requirements in the Internal Revenue Code. Arbitrage rebate payable represents amounts due to the Internal Revenue Service for interest earned on unspent bond proceeds that exceeds legally allowable returns.

Rebatable arbitrage liabilities related to District debt are not recorded in governmental funds. There is no recognition in the balance sheet or income statement until rebatable amounts are due and payable to the federal government. Thus, rebatable arbitrage liabilities related to governmental debt will be accrued as incurred at least annually (at fiscal yearend) on the District-wide financial statements.

For the year ended June 30, 2015, it is not necessary for the Board to establish a liability for arbitrage rebate.

NOTE 9: GENERAL LONG-TERM DEBT (CONTINUED)

F. Capital Lease Payable

The District has entered into a lease purchase agreement for the acquisition of a pickup truck. The lease agreement is for five years and carries an interest rate of 4.9%.

The District has entered into a lease purchase agreement for the acquisition of Chromebooks. The lease agreement is for three years and carries an interest rate of 5.09%.

The capital lease future minimum lease payments are as follows:

Year	Ended
------	-------

June 30,	Principal	Interest	Total
2016	29,101	1,564	30,665
	\$ 29,101	\$ 1,564	\$ 30,665

NOTE 10: PENSION PLANS

Description of Plans - All eligible employees of the District are covered by the Public Employees' Retirement System (PERS), or Teachers' Pension and Annuity Fund (TPAF) a costsharing, multiple-employer defined benefit pension plan which has been established by state statute and is administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of the System will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees' Retirement System. The reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295 or can be accessed on the internet at <u>http://www.state.nj.us/treasury/pensions/</u> actuarial-rpts.shtml.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of NJSA 18A:66 to provide retirement benefits, death, disability, and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing, multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers.

Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified titles.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of NJSA 43:15A to provide retirement, death, disability, and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing, multiple-employer plan. Membership is generally required for substantially all full-time employees of the State or any county, municipality, school district or public agency provided the employee is not a member of another state-administered retirement system or other state or local jurisdiction.

NOTE 10: PENSION FUNDS (CONTINUED)

Funding Policy - The contribution policy is set by NJSA 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997, and NJSA 18:66 and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 6.92% of employees' annual compensation, as defined. Subsequent increases will be phased in over 7 years (each July 1) to bring the total pension contribution rate to 7.5% as of July 1, 2018. Employers are required to contribute at an actuarially determined rate in PERS. The actuarially determined contribution includes funding for, cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums.

The District's contributions to PERS for the years ending June 30, 2015, 2014, and 2013, were \$36,160, \$38,506, and \$45,599, respectively, equal to the required contributions for each year.

During the fiscal year ended June 30, 2015, 2014, and 2013, the State of New Jersey contributed \$299,440, \$247,748, and \$311,781, to the TPAF for normal and post-retirement benefits on behalf of the District. Also, in accordance with NJSA 18A:66-66 the State of New Jersey reimbursed the District \$152,685 during the year ended June 30, 2015, for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the financial statements, and the combining and individual fund and account group statements and schedules as a revenue and expenditure in accordance with GASB 27.

For the year ended June 30, 2015, the District recognized pension expense of \$23,059. At June 30, 2015, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Ou	eferred tflows of sources	In	eferred flows of esources
Changes of assumptions	\$	25,824		
 Net difference between projected and actual earnings on pension plan investments Changes in proportion and differences between District contributions and proportionate share of contributions Employer contributions subsequent to the measurement 			\$	48,941 116,905
date		36,160		
	\$	61,984	\$	165,846

\$36,160 reported as deferred outflows of resources related to pensions, resulting from school district contributions, subsequent to the measurement date (i.e. for the school year ending June 30, 2015, the plan measurement date is June 30, 2014) will be recognized as a reduction of the net pension liability in the year ended June 30, 2015. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

NOTE 10: PENSION FUNDS (CONTINUED)

Funding Policy (Continued)

Year Ended	
June 30,	Amount
2015	\$ 28,978
2016	28,978
2017	28,978
2018	28,979
2019	16,743
Thereafter	7,366
	\$ 140,022

Additional information - Collective balances at June 30, 2013 and 2014, are as follows:

	June 30, 2013	June 30, 2014
Collective deferred outflows of resources		\$ 952,194,675
Collective deferred inflows of resources		1,479,224,662
Collective net pension liability	\$ 19,111,986,911	18,722,735,003
District's proportion	0.0051104239%	0.4386297000%

Defined Contribution Retirement Program - The Defined Contribution Retirement Program; (DCRP) is a cost-sharing, multiple-employer defined contribution pension fund which was established on July 1, 2007, under provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (NJAC 43:15C-1 et. seq.). The DCRP provides eligible members, and their beneficiaries, with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provision are established by NJSA 43:15C-1 et. seq.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. The State Treasurer has the right under the current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however, state statute also requires the return to the normal rate when such surplus pension assets no longer exist. In addition to the employee contributions, the School District's contributes amounts for each pay period to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period. The School District contributed \$94 for the fiscal year 2015.

NOTE 11: POST RETIREMENT BENEFITS

P.L. 1987, c.384 and P.L. 1990, c.6 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-

NOTE 11: POST RETIREMENT BENEFITS (CONTINUED)

retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2014, there were 103,432 retirees receiving post-retirement medical benefits, and the State contributed \$1.04 billion on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical benefits changed from a pre-funding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

The State is also responsible for the cost attributable to P.L. 1992, c.126, which provides employer paid health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$165.8 million toward Chapter 126 benefits for 18,122 eligible retired members in Fiscal Year 2014.

NOTE 12: DEFERRED COMPENSATION

The Board offers its employees a choice of various deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrator is Lincoln Investment Planning, Inc.

NOTE 13: COMPENSATED ABSENCES

The District accounts for compensated absences using the termination method (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences." A liability for compensated absences that are attributable to services already rendered and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policies. The District's policy permits employees to accumulate sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the District for the unused sick leave in accordance with District's agreements with the various employee unions. The District uses the vesting method to record the liability.

For the District-wide *Statement of Net Position*, the liabilities whose average maturities are greater than one year should be reported in two components - the amount due within one year and the amount due in more than one year. The liability for compensated absences in the Governmental Fund at June 30, 2015, is \$120,496.

NOTE 14: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

NOTE 14: RISK MANAGEMENT (CONTINUED)

Property and Liability Insurance

The District maintains commercial insurance coverage for property, liability, student accident, and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report. Any potential liability of the District with respect to loss claims would be equal to the deductibles associated with policies and events which may exceed coverage limits. There have not been any significant reductions in insurance coverage amounts.

New Jersey Unemployment Compensation Insurance

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method." Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. This District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current and previous two years:

	I	District	Em	ployee	A	Amount	E	Inding
Fiscal Year	Cor	tributions	Cont	ributions	Re	imbursed	B	alance
2014-2015			\$	5,784	\$	11,011	\$	6,593
2013-2014	\$	20,000		6,644		25,573		11,799
2012-2013		10,000		4,932		16,898		10,689

NOTE 15: CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the District during fiscal year 1995 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the General Fund and its activity is included in the General Fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a District may increase the balance in the capital reserve by appropriating funds in the annual General Fund budget certified for taxes or by transfer by board resolution at year-end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A District may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to NJSA 19:60-2. Pursuant to NJAC 6A-23-2.13(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2014 to June 30, 2015, fiscal year is as follows:

NOTE 15: CAPITAL RESERVE ACCOUNT (CONTINUED)

Beginning balance, July 1, 2014	\$	273,968
Interest earnings	_	300
Ending balance, June 30, 2015	\$	274,268

The June 30, 2015, LRFP balance of local support costs of uncompleted capital projects is \$378,180.

NOTE 16: ECONOMIC DEPENDENCY

The District is heavily reliant on state aid and local tax levy to fund the District operations. State sources funded approximately 49% and taxes fund 43% of the District's 2014-2015 governmental operations excluding capital projects.

NOTE 17: FUND BALANCE APPROPRIATED

Restrictions of fund balances of Governmental Funds are established to either (1) satisfy legal covenants that require a portion of the fund balance to be segregated or (2) identify the portion of the fund balance that is not appropriate for future expenditures.

The District uses restricted/committed amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the District does not have a formal fund balance spending policy therefore the default spending order requires committed, assigned and then unassigned to be used/spent first when expenditures are made.

The District follows the State of New Jersey's minimum fund balance policy for New Jersey Public School Districts (NJSA 18A:7F-7). Pursuant to that policy, an undesignated fund balance of 2% of the General Fund budget or \$250,000, whichever is greater may be maintained.

Specific classifications of fund balance are summarized below:

RESTRICTED FUND BALANCE

Non-Spendable Fund Balance - The District had no non-spendable fund balance at June 30, 2015.

Capital Reserve Account - Of the \$274,268 balance in the capital reserve account at June 30, 2015, \$0 has been designated for utilization in the 2015-2016 budget. These funds are restricted for future capital outlay expenditures for projects in the School District's long range facilities plan.

Maintenance Reserve Account - The District had no maintenance reserve account at June 30, 2015.

NOTE 17: FUND BALANCE APPROPRIATED (CONTINUED)

Excess Surplus - At June 30, 2015, there was no excess surplus created in FY 2015, while excess surplus created in FY 2014 of \$79,812 is restricted and will be utilized for budget expenditures in 2015-2016.

Debt Service Fund - At June 30, 2015, there was \$5 fund balance.

Capital Projects Fund - At June 30, 2015, there was \$3,380 fund balance.

Committed Fund Balance - The District had no committed fund balance at June 30, 2015.

Assigned Fund Balance - At June 30, 2015, the District has assigned \$216,000 of General Fund balance to expenditures in the 2015-2016 budget; \$34,391 was assigned for other purposes as of the year-end. This represents encumbrances resulting from issuing purchase orders as a result of normal purchasing activities approved by District officials.

Unassigned Fund Balance - At June 30, 2015, the District has \$33,931 of unassigned fund balance in the General Fund.

Special Revenue Fund - As of June 30, 2014, the fund balance was a deficit of \$5,187, thus resulting in the fund balance classification of unassigned.

NOTE 18: CALCULATION OF EXCESS SURPLUS

In accordance with NJSA 18A:7F-7, the designation for Reserved Fund Balance - Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey School Districts are required to reserve General Fund, fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2015 and 2014, is \$0 and \$79,812, respectively.

NOTE 19: DEFICIT IN FUND BALANCE

The District has a deficit fund balance of \$5,187 in the Special Revenue Fund, as of June 30, 2015, as reported in the fund statements (modified accrual basis). NJSA 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, Districts must record the delayed one or more June state aid payments as revenue, for budget purposes only, in the current school budget year. The law provides legal authority for Districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognizes the asset, the other government recognizes the liability. Since the state is recording the June state aid payments in the subsequent fiscal year, the District cannot recognize the June state aid payments on the GAAP financial statements until the year the State records the payable. Due to the timing difference of recording the June state aid payments, the Special Revenue Fund balance deficit does not alone indicate that the District is facing financial difficulties.

NOTE 20: CONTINGENT LIABILITIES

The School District participates in federal and state assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The School District is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

It is the opinion of the administration and legal counsels, there exists no litigation or contingent liability that may be pending against the Elk Township School District that would have a material or adverse effect on the Board or the financial position of the District.

NOTE 21: SUBSEQUENT EVENTS

Management has reviewed and evaluated all events and transactions that occurred between June 30, 2015 and December 15, 2015, the date that the financial statements were issued for possible disclosure and recognition in the financial statements, and no items have come to the attention of the District that would require disclosure.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION - PART II

ELK TOWNSHIP BOARD OF EDUCATION Required Supplementary Information Budget-to-GAAP Reconciliation Note to RSI For the Fiscal Year Ended June 30, 2015

Note A: Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

	 General Fund	Special Revenue Fund
Sources/inflows of resources: Actual amounts (budgetary basis) "revenue" from the budgetary comparison schedule.	\$ 5,926,793	\$ 329,750
Difference - budget to GAAP: Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.		(85)
State aid payment recognized for GAAP statements in the current year, previously recognized for budgetary purposes.	248,351	4,993
State aid payment recognized for budgetary purposes, not recognized for GAAP statements until the following year.	(238,022)	(5,187)
Total revenues as reported on the statement of revenues, expenditures and changes in fund balances - Governmental Funds.	\$ 5,937,122	\$ 329,471
Uses/outflows of resources: Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule.	\$ 5,848,473	\$ 329,750
Difference - budget to GAAP: Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for budgetary purposes, but in the year the supplies are received for financial reporting purposes.		(85)
Total expenditures as reported on the statement of revenues, expenditures and changes in fund balances - Governmental Funds.	\$ 5,848,473	\$ 329,665

REQUIRED SUPPLEMENTARY INFORMATION - PART III

SCHEDULES RELATED TO ACCOUNTING AND REPORTING FOR PENSIONS (GASB 68)

ELK TOWNSHIP SCHOOL DISTRICT Schedule of the District's Proportionate Share of the Net Pension Liability - PERS Current Fiscal Year

	Fiscal Year Ended June 30, 2015	
District's proportion of the net pension liability (asset)	0.004	3862970%
District's proportionate share of the net pension liability (asset)	\$	821,235
District's covered-employee payroll		281,230
District's proportionate share of the net pension liability (asset) as a percentage of its covered-employee payroll		292.02%
Plan fiduciary net position as a percentage of the total pension liability		52.08%

ELK TOWNSHIP SCHOOL DISTRICT Schedule of District Contributions - PERS Current Fiscal Year

	Fiscal Year Ended June 30, 201	
Contractually required contribution	\$	36,160
Contributions in relation to the contractually required contribution		36,160
Contribution deficiency (excess)	None	
District's covered-employee payroll	\$	281,230
Contributions as a percentage of covered-employee payroll		12.86%

ELK TOWNSHIP SCHOOL DISTRICT Schedule of the District's Proportionate Share of the Net Pension Liability - TPAF Current Fiscal Year

	Fiscal Year Ended June 30, 2015	
District's proportion of the net pension liability (asset)	0.02	221860914%
District's proportionate share of the net pension liability (asset)	\$	11,857,744
District's covered-employee payroll		2,222,062
District's proportionate share of the net pension liability (asset) as a percentage of its covered-employee payroll		533.64%
Plan fiduciary net position as a percentage of the total pension liability		33.64%

The data in the above schedule represents the allocation of the State of New Jersey's obligation on behalf of the District.

The Teachers' Pension and Annuity Fund (TPAF) On-behalf Payments is a Cost Sharing, Multi-Employer Defined Benefit Plan with a Special Funding Situation – 100% Legal Obligation of the State of New Jersey (State).

Since the State is the only entity with a legal obligation, the District's proportionate share percentage determined under paragraph 48 of GASB No. 68 is zero percent. Accordingly, the District did not recognize any portion of the TPAF collective net pension liability on the Statement of Net Position (A-1). Also on the A-1, and for the same reasons, the District did not recognize any portion of TPAF collective deferred outflows of resources and TPAF deferred inflows of resources.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION - PART III

ELK TOWNSHIP SCHOOL DISTRICT NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2015

NOTE 1: CONTRIBUTIONS

The contribution policy for PERS is set by NJSA 15A and requires contributions by active members and contributing employers. The District's contribution amount was based on an actuarially determined rate which includes the normal cost and unfunded accrued liability.

NOTE 2: ACTUARIAL ASSUMPTIONS

The total pension liability for the June 30, 2014, measurement date was determined by an actuarial valuation as of July 1, 2013, which was rolled forward to June 30, 2014. The total pension liability for the June 30, 2013, measurement date was determined by an actuarial valuation as of July 1, 2013. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate	3.01%
Salary increases:	
2012-2021	2.15 – 4.40% based on age
Thereafter	3.15 – 5.40% based on age
Investment rate of return	7.90%

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) with adjustments for mortality improvements from the base year of 2012 based on Projection Scale AA.

The actuarial assumptions used in the July 1, 2013, valuation were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011.

Detailed information about the pension plan fiduciary net position is available in the separately issued State of New Jersey Division of Pension and Benefits financial report at <u>http://www.nj.</u>gov/treasury/pensions/employer-home.shtml.

STATISTICAL SECTION (Unaudited)

ELK TOWNSHIP SCHOOL DISTRICT Statistical Section

Contents	Page
Financial Trends These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.	109-116
Revenue Capacity These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.	117-120
Debt Capacity These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the district's ability to issue additional debt in the future.	121-124
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	125-126
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.	127-131

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports (CAFR) for the relevant year. The District implemented GASB Statement 34 in the fiscal year ending June 30, 2004; schedules presenting district-wide information include information beginning in that year.

Subtotal, overlapping debt			8,679,439
Township of Elk School District			1,195,000
Total direct and overlapping debt			\$ 9,874,439

Source: Assessed value data used to estimate applicable percentages provided by the Gloucester County Board of Taxation. Debt outstanding provided by each government unit.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Franklin and Elk Townships. This process recognized that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

Honorable President and Members of the Board of Education Elk Township School District 900 Clems Run Glassboro, New Jersey 08028

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the Governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Elk Township School District, in the County of Gloucester, State of New Jersey, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise Elk Township School District's basic financial statements, and have issued our report thereon dated December 15, 2015.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Elk Township School District's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of Elk Township School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2015-005 to be a material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2015-005 to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Elk Township School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, which are described in the accompanying schedule of findings and questioned costs as item 2015-001, 2015-002, 2015-003, and 2015-004.

Response to Findings

Elk Township School District's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. Elk Township School District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR STATE PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE REQUIRED BY OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULARS 04-04 AND/OR 15-08

Independent Auditor's Report

The Honorable President and Members of the Board of Education Elk Township School District 900 Clems Run Glassboro, New Jersey 08028

Report on Compliance for Each Major State Program

We have audited the Elk Township School District's compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement and the New Jersey State Aid/Grant Compliance Supplement that could have a direct and material effect on each of the Elk Township School District's major state programs for the year ended June 30, 2015. Elk Township School District's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Elk Township School District's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, and the New Jersey State Aid/Grant Compliance Supplement. Audits of States, Local Governments, and Non-Profit Organizations and the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and New Jersey OMB Circulars 04-04 and/or 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid. Those standards and OMB Circular A-133 and New Jersey OMB Circulars 04-04 and/or 15-08, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about Elk Township School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a

reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of Elk Township School District's compliance.

Unmodified Opinion on Each Major State Program

In our opinion, Elk Township School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2015.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with NJ OMB Circular 04-04 and/or 15-08 and which are described in the accompanying schedule of findings and questioned costs as items 2015-003 and 2015-004. Our opinion on each major state program is not modified with respect to this matter.

Elk Township School District's response to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of Elk Township School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Elk Township School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with OMB Circular A-133, and New Jersey OMB Circulars 04-04 and/or 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Elk Township School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance of deficiencies, in internal control over compliance of deficiencies, in internal control over compliance is a deficiency or a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and New Jersey OMB Circulars 04-04 and/or 15-08. Accordingly, this report is not suitable for any other purpose.

Report on Schedules of Expenditures of Federal Awards and State Financial Assistance Required by OMB Circular A-133 and New Jersey OMB Circulars 04-04 and/or 15-08 We have audited the financial statements Elk Township School District as of and for the year ended June 30, 2015, and have issued our report thereon dated December 15, 2015, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by OMB Circular A-133 and New Jersey OMB Circulars 04-04 and/or 15-08 and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of expenditure of federal awards and state financial assistance are fairly stated in all material respects in relation to the financial statements as a whole.

The accompanying Notes to Schedules of Expenditures of Awards and Financial Assistance are an integral part of this schedule.

ELK TOWNSHIP SCHOOL DISTRICT NOTES TO THE SCHEDULES OF AWARDS AND FINANCIAL ASSISTANCE JUNE 30, 2015

NOTE 1: GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state activity of the Board of Education, Elk Township School District. The Board of Education is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies, is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2: BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the Food Service Fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and New Jersey Circular Letters 04-04 and/or 15-08. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the General Fund and Special Revenue Fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the General Fund and Special Revenue Fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The General Fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to NJSA 18A:22-44-2. For GAAP purposes, that, payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The Special Revenue Fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The Special Revenue Fund also recognizes the last state aid payment in the current budget year, consistent with NJSA 18A:22-4-2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is (\$10,329) for the General Fund and (\$279) for the Special Revenue Fund. See Note 1 (the Notes to Required Supplementary Information) for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the General and Special Revenue Funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented:

ELK TOWNSHIP SCHOOL DISTRICT NOTES TO THE SCHEDULES OF AWARDS AND FINANCIAL ASSISTANCE JUNE 30, 2015

NOTE 3: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (CONTINUED)

	Federal		State		Total
General Fund	\$ 20,613	\$	3,045,565	\$	3,066,178
Special Revenue Fund	287,055		41,416		328,471
Debt Service Fund			77,054		77,054
Food Service Fund	74,572		1,334		75,906
Total Financial Assistance	\$ \$ 382,240		\$ 3,165,369		3,547,609

NOTE 4: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5: FOOD DISTRIBUTION PROGRAM

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. Non-monetary assistance is reported in the schedule at the market value of the commodities received and disbursed. At June 30, 2015, Elk Township School District has food commodities totaling \$875 in inventory.

NOTE 6: OTHER

The amount reported as TPAF Pension Contributions of \$299,440 represents the amount paid by the State on behalf of the District for the year ended June 30, 2015. TPAF Social Security Contributions of \$152,685 represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the year ended June 30, 2015.

Section II – Financial Statement Findings

Finding: 2015-001

Criteria: The District must comply with IRS regulations concerning issuance of Forms 1099 to vendors.

Condition: Four out of five vendors tested were not issued a 1099 when required.

Effect: The District is not in compliance with IRS regulations concerning issuance of Forms 1099 to vendors.

Cause: The District failed to review vendor listing at year-end.

Recommendation: The District review the vendor listing at year end to insure that vendors are issued a Form 1099 when required.

View of Responsible Officials and Planned Corrective Action: The Business Administrator agrees with the finding and has addressed this matter in a corrective action plan.

Finding: 2015-002

Criteria: Tuition billings to other governmental entities should be recorded as revenue and as a receivable on the books of the District.

Condition: The District did not record all tuition revenue in revenue ledger.

Questioned Cost: \$12,329 actual tuition revenue not recorded.

Effect: The District's revenue and receivables were understated.

Cause: The District failed to record all tuition billings.

Recommendation: The District review revenue ledger for accuracy.

Section II – Financial Statement Findings (Continued)

Finding: 2015-003

Criteria: Approved budgetary line accounts should not be over-expended pursuant to NJAC 6A:23A-16.10(a)(1).

Condition: A budgetary line item was over-expended at June 30, 2015.

Questioned Cost: \$2,668 actual overexpenditure.

Effect: A purchase order for tuition was not charged to a budgetary line item.

Cause: Insufficient internal control procedures related to the review of purchase orders.

Recommendation: The Business Administrator should strengthen controls to ensure that all purchase orders are charged to a budgetary line item.

View of Responsible Officials and Planned Corrective Action: The Business Administrator agrees with the finding and has addressed this matter in a corrective action plan.

Finding: 2015-004

Criteria: Application for State School Aid.

Condition: District work papers do not agree with totals on the Application for State School Aid.

Effect: The Application for State School Aid was improperly completed.

Cause: Failure to reconcile District records with the Application for State School Aid.

Recommendation: Application for State School Aid should agree with District work papers.

Section II – Financial Statement Findings (Continued)

Finding: 2015-005

Criteria: NJAC 6A:23A-16.2 Principles and directives for accounting and reporting.

Condition: Numerous audit adjustments were required for prior period audit adjustments, adjustments to cash made by the Treasurer, interfunds, receivables, receipts, and disbursements, to bring the District's accounting records into compliance with NJAC 6A:23A-16.2, et. seq.

Effect: The general and subsidiary ledgers of the District did not accurately reflect the transactions that had occurred.

Cause: Failure to record adjusting entries supplied by the Auditor and the Treasurer and to review the balances in the general and subsidiary ledgers.

Recommendation: The Business Administrator review the transactions and balances in the general and subsidiary ledgers.

Section III – Federal Awards and State Financial Assistance Findings and Questioned Costs

FEDERAL AWARDS

N/A

STATE FINANCIAL ASSISTANCE
