ENGLEWOOD PUBLIC SCHOOLS

ADMINISTRATIVE BUILDING, 274 KNICKERBOCKER ROAD, ENGLEWOOD, NJ 07631

December 17, 2015

Honorable President and Members of the Board of Education Englewood Public Schools Englewood, New Jersey 07631

Dear Board Members:

The comprehensive annual financial report of the Englewood School District for the fiscal year ended June 30, 2015, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter and list of principal officials. The financial section includes the general purpose financial statements and schedules, as well as the auditor's report. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act and the U.S. Office of Management and Budget Circular (OMB) A-133, "Audits of State, Local Governments and Non-Profit Organizations", and the New Jersey OMB Circular 15-08-OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments." Information related to this single audit, including the auditor's report on internal control and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1. REPORTING ENTITY AND ITS SERVICES: Englewood School District is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board (GASB) as established by NCGA Statement No. 3. All funds and account groups of the District are included in this report. The Englewood Board of Education and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre-K through12. These include regular as well as special education for handicapped youngsters. The District completed the 2014-2015 fiscal year with an enrollment of 2,922 students, which is 33 students less then the previous year's enrollment. The following details the changes in the student enrollment of the District over the last five years.

Fiscal Year	Total Student	Percent Change
Ending 6/30	<u>Enrollment</u>	From Previous Yr.
2010-2011	3,020	6.0
2011-2012	3,002	(0.5)
2012-2013	2,991	(0.4)
2013-2014	3,050	2.0
2014-2015	3,084	1.0

2. ECONOMIC CONDITION AND OUTLOOK: The District will remain sound economically with continued budget management. The budget management process will include a review and evaluation of district programs, staffing levels and new program development. Investments in energy efficiencies, grant opportunities and other shared service partnerships will provide cost savings measures. A complete long range facility plan with a demographic study will need to be conducted in the next school year to ensure facilities are maintained and population growth is planned for.

3. MAJOR DISTRICT INITIATIVES

The 2014-2015 school year was a year of transition. The district continued progress to update its curriculum and student programs. The district awarded a contract to install trailers at Quarles School and replace an old heating system in the South Building of the High School Campus. The Board of Education started a Superintendent search to find a permanent Superintendent.

4. INTERNAL ACCOUNTING CONTROLS: Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5. BUDGETARY CONTROLS: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund and the special revenue fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2015.

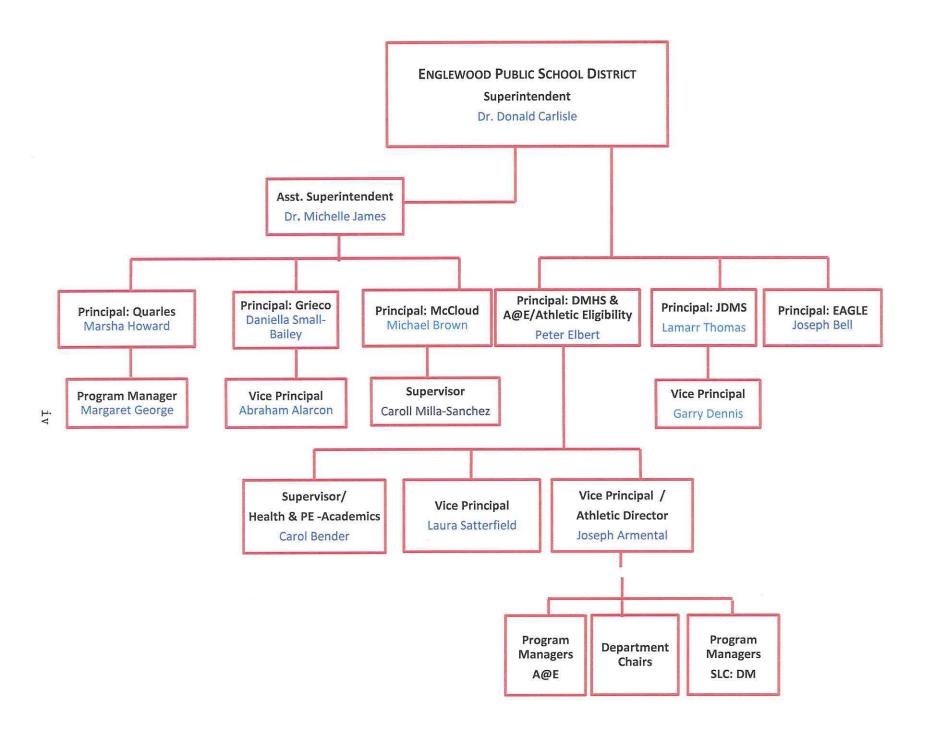

- **6. ACCOUNTING SYSTEM AND REPORTS:** The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.
- 7. CASH MANAGEMENT: The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 2. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.
- **8. RISK MANAGEMENT:** The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

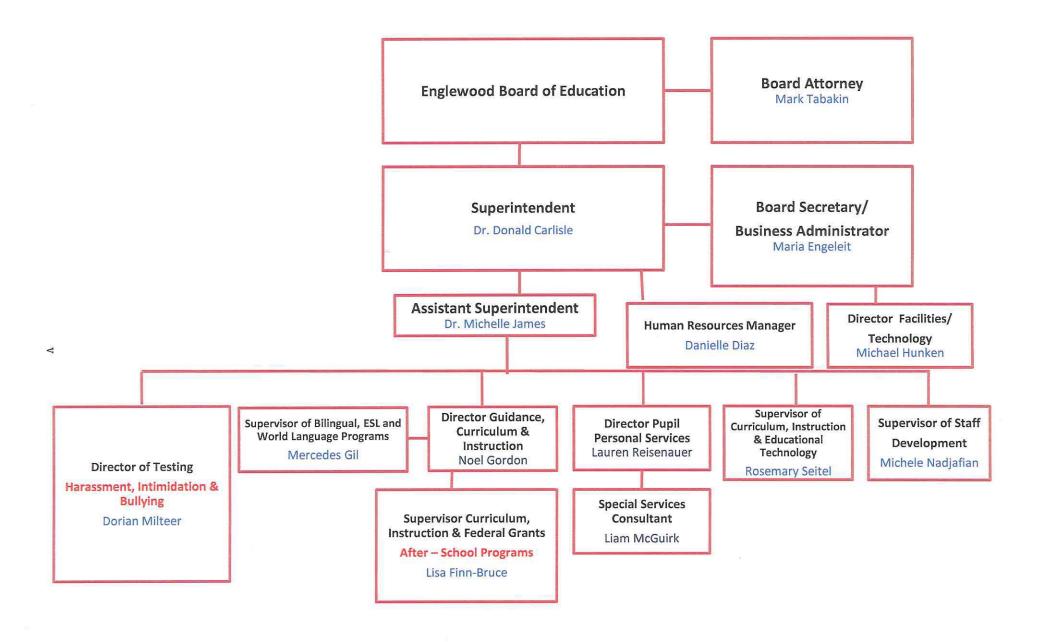

- 9. OTHER INFORMATION: A) Independent Audit State statutes require an annual audit by independent Certified Public Accountants (CPA) or Registered Municipal Accountants. The accounting firm of Lerch, Vinci & Higgins, LLC, was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act and the related OMB Circular A-133 and New Jersey OMB Circular 15-08. The auditors' report on the general purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditors' reports related specifically to the single audit are included in the single audit section of this report.
- 10. ACKNOWLEDGMENTS: I would like to express my appreciation to the members of the Englewood Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted.

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Trustees Englewood Board of Education Englewood, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Englewood Board of Education as of and for the fiscal year ended June 30, 2015 and the related notes to the financial statements, which collectively comprise the Board of Education's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in the <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Englewood Board of Education as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Adoption of New Accounting Pronouncement

As discussed in Note 1 to the financial statements, in the fiscal year ended June 30, 2015, the Englewood Board of Education adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 68, Accounting and Financial Reporting for Pensions. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and pension information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Englewood Board of Education's basic financial statements. The introductory section, combining fund financial statements, financial schedules, statistical section, schedule of expenditures of federal awards as required by U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and schedule of expenditures of state financial assistance as required by New Jersey OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, are presented for purposes of additional analysis and are not a required part of the basic financial statements of the Englewood Board of Education.

The combining fund financial statements, schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial statements, schedules of expenditures of federal awards and state financial assistance are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section, financial schedules and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated December 17, 2015 on our consideration of the Englewood Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the Englewood Board of Education's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management Discussion and Analysis Year Ended June 30, 2015

INTRODUCTION

Management's Discussion and Analysis of the District's financial results that follow will provide statement readers with some insight into the District's financial philosophy and its impact on the educational changes taking place within the District, as well as providing some understanding of the fiscal activities undertaken by the Board's administrative team to effect this change.

The Management's Discussion and Analysis (MD&A) is an element of Required Supplementary Information specified in the Governmental Accounting Standard Board's (GASB) Statement No. 34 – Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments. Certain comparative information between the current year (2014-2015) and the prior year (2013-2014) is required to be presented in the MD&A.

USING THIS COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR)

This annual report consists of a series of financial statements as well as notes to those statements. These statements are organized so that the reader can understand the Englewood Public School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. In the case of the Englewood Public School District, the General Fund is by far the most significant fund.

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes to the financial statements can be found following the financial statements.

In addition to the financial statements and accompanying notes, the annual report also presents certain required supplementary information concerning the District's budget process. The District adopts an annual expenditure budget for the general, special revenue and debt service funds. A budgetary comparison statement has been provided for the general and special revenue funds as required supplementary information. Information regarding the District's employee retirement systems and pension plans has also been provided as required supplementary information. The required supplementary information can be found following the notes to the financial statements.

Combining statements and schedules are presented immediately following the major budgetary comparisons.

Management's Discussion and Analysis Year Ended June 30, 2015

REPORTING THE SCHOOL DISTRICT AS A WHOLE

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2015?" The Statement of Net Position and Statement of Activities help answer this question. These Statements include all assets, liabilities and deferred outflows/inflows of resources using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two Statements report the School District's net position and changes in net position. This change in net position is important because it tells the reader that, for the School District as a whole, the financial condition of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility conditions, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District is divided into two distinct kinds of activities:

- Governmental Activities All of the School District's programs and services are reported here, including, but not limited to, Instruction, Support Services, Operation and Maintenance of Plant Facilities, Pupil Transportation and Extracurricular Activities.
- Business-Type Activities This service is provided on a charge for goods or services basis to recover all the expense of the goods or services provided. The Food Service and After School and Summer Day Care program operations are reported as a business activity.

REPORTING THE SCHOOL DISTRICT'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

Detailed information about the School District's major funds is presented and an analysis of the School District's major funds is included in the fiscal year 2015 Comprehensive Annual Financial Report as presented by the School District. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund.

Governmental Funds

The School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial resources that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Management's Discussion and Analysis Year Ended June 30, 2015

REPORTING THE SCHOOL DISTRICT'S MOST SIGNIFICANT FUNDS (Continued)

Enterprise Fund

The Enterprise Fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

FINANCIAL HIGHLIGHTS

Key financial highlights for the fiscal year 2015 are as follows:

- The assets and deferred outflows of resources of the Englewood Board of Education exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$45,054,373 (net position). The District's unrestricted net position was in a deficit position of \$8,649,763.
- The District's total net position increased \$1,391,016.
- General revenues accounted for \$56,856,699 in revenue or 72 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$22,401,979 or 28 percent to total revenues of \$79,258,678.
- The School District had \$76,722,686 in expenses for governmental activities; only \$20,195,853 of these expenses were offset by program specific charges for services, grants or contributions. General revenues (primarily property taxes) of \$56,856,699 were adequate to provide for these programs.
- The District reported a special item of \$1,036,966 for governmental activities for the change in the net pension liability at year end.
- As of the close of the current fiscal year, the District's governmental funds reported a combined ending fund balance of \$13,068,702. Of this amount, \$2,576,432 was available only for the completion of approved capital projects and \$2,565,066 was designated for use in the District's 2015/2016 budget.
- The General Fund had \$65,067,918 in revenues and \$66,129,943 in expenditures. The General Fund's balance decreased \$3,553,610 from the previous year to \$10,491,545 at June 30, 2015.
- The General Fund <u>budgetary</u> fund balance at the close of the current fiscal year was \$11,863,573 which represented a decrease of \$3,547,063 from the previous year. Unassigned <u>budgetary</u> fund balance increased \$131,619 from the previous year to \$1,381,263 at June 30, 2015.

Management's Discussion and Analysis Year Ended June 30, 2015

THE SCHOOL DISTRICT AS A WHOLE

Recall that the Statement of Net Position provides the perspective of the School District as a whole.

The following provides a summary of the School District's Net Position for 2015 and 2014:

Net Position As of June 30, 2015 and 2014

	<u>2015</u>	2014	<u>2015</u>	<u>2014</u>	<u>2015</u>	<u>2014</u>
Assets						
Current Assets	\$ 18,250,490	\$ 18,190,909	\$ 599,557	\$ 477,448	\$ 18,850,047	\$ 18,668,357
Capital Assets	60,512,295	60,915,524	287,014	316,668	60,799,309	61,232,192
Total Assets	78,762,785	79,106,433	886,571	794,116	79,649,356	79,900,549
Deferred Outflows of Resources	1,113,989	1,150,045	-		1,113,989	1,150,045
Total Assets and Deferred						
Outflows of Resources	79,876,774	80,256,478	886,571	794,116	80,763,345	81,050,594

By far the largest portion of the District's net position reflects its investment in capital assets (e.g., land and improvements, buildings and improvements, vehicles, furniture and equipment); less any related debt used to acquire those assets that are still outstanding. The District uses these capital assets to provide services to its students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Management's Discussion and Analysis Year Ended June 30, 2015

Management's Discussion and Analysis Year Ended June 30, 2015

Governmental Activities. The unique nature of property taxes in New Jersey creates the need to routinely review the School District operations. Property taxes of \$50,941,837 and \$50,081,835 made up 66% and 72% of the revenues for governmental activities for the Englewood Board of Education for fiscal years ended June 30, 2015 and 2014, respectively. The District's total revenues were \$77,052,552 and \$69,203,369 for the fiscal years ended June 30, 2015 and 2014. Federal, state and local aid and grants accounted for another \$25,156,605 and \$17,997,026 or 33% and 26% of total governmental activities revenues for the fiscal years ended June 30, 2015 and 2014, respectively.

The total cost of all programs and services were \$76,722,686 and \$67,295,920 for the fiscal years ended June 30, 2015 and 2014. Instruction comprised \$47,701,234, (62%) and \$40,730,895 (61%) of District expenses for the fiscal years ended June 30, 2015 and 2014, respectively. Support services comprised \$28,418,151 (37%) and \$26,003,628 (39%) of the District expenses for the fiscal years ended June 30, 2015 and 2014, respectively.

Total governmental activities revenues and special items exceeded expenses, increasing net position \$1,368,832 for the fiscal year ended June 30, 2015. For fiscal year 2014, the governmental activities revenues exceeded expenses increasing net position \$1,907,449.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions.

Total and Net Cost of Governmental Activities for the Fiscal Years Ended June 30, 2015 and 2014

Total	\$ 76,722,686	<u>\$ 67,295,920</u>	\$ 56,526,833	\$ 54,918,874

For the fiscal year ended June 30, 2015, the total cost of governmental activities reflects the implementation of the new accounting standards GASB Statement No. 68, Accounting and Financial Reporting for Pensions. The effect of implementing GASB 68 was to recognize additional pension expenses and additional state aid revenues for on-behalf TPAF pension contributions of \$5,726,755.

Management's Discussion and Analysis Year Ended June 30, 2015

Governmental Activities (Continued)

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities. Extracurricular activities includes expenses related to student activities provided by the School District which are designed to provide opportunities for students to participate in school events, public events, or a combination of these for the purposes of motivation, enjoyment and skill improvement.

Student and instruction related services include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development. Curriculum and staff development includes expenses related to planning, research, development and evaluation of support services, as well as the reporting of this information internally and to the public.

General administration, school administration and central services include expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities activities involve keeping the school grounds, buildings and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

Interest and fiscal charges involve the transactions associated with the payment of interest and other related charges for debt of the School District.

Business-Type Activities. Revenues for the District's business-type activities (food service and day care programs) were comprised of charges for services and federal and state reimbursements.

- Business-Type activity revenues exceeded expenses by \$22,184 for the fiscal year ended June 30, 2015. Business-Type activity expenses exceeded revenues by \$8,853 for the previous fiscal year ended June 30, 2014.
- Charges for services represent \$789,543 (36%) and \$722,159 (35%) of revenue for the fiscal years ended June 30, 2015 and 2014, respectively. This represents amounts paid by patrons for daily food services and after school and summer day care program fees. Operating revenues for Food Service operations were \$336,615 and operating revenues for Day Care program operations were \$452,928 for the fiscal year ending June 30, 2015.
- Federal and state reimbursements for food service meals, including payments for free and reduced lunches and donated commodities were \$1,416,583 (64%) and \$1,364,681 (65%) for the fiscal years ended June 30, 2015 and 2014, respectively.
- Total expenses were \$2,183,942 and \$2,095,693 for the fiscal years ended June 30, 2015 and 2014. Expenses for Food Services were \$1,804,114 and expenses for Day Care programs were \$379,828 for the fiscal year ended June 30, 2015.

Management's Discussion and Analysis Year Ended June 30, 2015

THE SCHOOL DISTRICT'S FUNDS

Information about the School District's major funds is included in the fiscal year 2015 Comprehensive Annual Financial Report as presented by the School District. These funds are accounted for using the modified accrual basis of accounting. All governmental funds (i.e., General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund presented in the fund-based statements) had total revenues of \$71,325,797 and \$69,203,369 and expenditures of \$72,954,432 and \$69,620,854 for the fiscal years ended June 30, 2015 and 2014, respectively. As the District completed the year, its governmental funds reported a *combined* fund balance of \$13,068,702, a decrease of \$1,628,635 from last year's fund balance of \$14,697,337.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The General Fund includes the primary operations of the District in providing educational services to students from Pre-Kindergarten through Grade 12 including pupil transportation and capital outlay activities. The following schedules present a summary of the revenues of the General Fund for the fiscal years ended June 30, 2015 and 2014, and the amount and percentage of increases or decreases in relation to prior-year revenues.

]	Fiscal Year E	nde	ed June 30,		amount of Increase	Percent
		<u>2015</u>		<u>2014</u>	(Decrease)	Change
Local Sources							
Property Taxes	\$	48,854,489	\$	47,896,529	\$	957,960	2%
Other		951,245		1,120,475		(169,230)	-15%
State Sources		15,064,451		14,876,791		187,660	1%
Federal Sources		197,733	_	88,634		109,099	123%
Total General Fund Revenues	\$	65,067,918	\$	63,982,429	\$	1,085,489	2%

Overall General Fund revenues increased 2% from the previous year. The increase in Local Sources is attributable to a 2% increase in the property tax levy to fund increased operating expenses of the current year. This increase was offset by a decrease in miscellaneous revenue realized by the District from local sources. An increase in state revenues of 1% was due primarily to the increase in the TPAF pension and post retirement medical benefit contributions made by the State on-behalf of the District.

Revenues from Federal sources increased by \$109,099 which was primarily due to the increase in Medicaid assistance aid and the receipt of ARRA/SEMI aid earned in the current year.

Management's Discussion and Analysis Year Ended June 30, 2015

THE SCHOOL DISTRICT'S FUNDS (Continued)

The following schedule presents a summary of General Fund expenditures for the fiscal years ended June 30, 2015 and 2014:

	·	Fiscal Year E 2015		Amount of Increase Decrease)	Percent Change		
				<u>2014</u>	۷		
Instruction	\$	39,643,152	\$	37,779,740	\$	1,863,412	5%
Support Services		24,753,744		23,757,231		996,513	4%
Debt Service		548,731		610,164		(61,433)	-10%
Capital Outlay		1,184,316	_	2,090,433		(906,117)	-43%
Total Expenditures	\$	66,129,943	\$	64,237,568	\$	1,892,375	3%

Overall General Fund expenditures increased 3% when compared to the previous year. The increase in Instruction is attributed to costs for regular instruction and special education instruction over the previous fiscal year.

The increase in support services is attributable to increases in school administration costs.

The decrease in capital outlay is attributed to a decrease in capital projects undertaken during the current year in the General Fund. The District did however transfer \$2,494,420 from the General Fund to the Capital Projects Fund to provide the local share of funding related to capital grants for replacement of the heating system at the High School.

GENERAL FUND BUDGETARY HIGHLIGHTS

The School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on the budgetary basis of accounting for revenues, expenditures and encumbrances. The most significant budgeted fund is the General Fund.

During the course of the 2014/2015 school year, the School District amended its General Fund budget as needed. The School District uses program-based budgeting and the budgeting systems are designed to tightly control total program budgets but provide flexibility for program management.

- Staffing changes based on student needs.
- Accounting changes in maintenance and operations.
- Changes in appropriations to prevent budget overruns.

Management's Discussion and Analysis Year Ended June 30, 2015

GENERAL FUND BUDGETARY HIGHLIGHTS

While the District's final 2014/2015 budget for the General Fund anticipated that revenues and expenditures would roughly equal with the use of \$5,767,599 in fund balance, the actual results for the year ended June 30, 2015 was a decrease of \$3,547,063 in budgetary fund balance compared to an increase of \$1,363,585 in budgetary fund balance in 2014. However, the total unassigned budgetary fund balance (budgetary basis) at June 30, 2015 was \$1,381,263 compared to \$1,249,644 at June 30, 2014.

CAPITAL ASSETS

At the end of the fiscal years 2015 and 2014, the School District had \$60,799,309 and \$61,232,192 invested in land, land improvements, construction in progress, buildings, furniture, equipment and vehicles. Depreciation charges for the fiscal years 2015 and 2014 were \$2,147,841 and \$2,107,511 for governmental activities, respectively, and \$32,435 and \$33,880 for business-type activities, respectively. The following is a comparison of the June 30, 2015 and 2014 capital asset balances.

Capital Assets at June 30, 2015 and 2014

		Governmental Activities		Business-Type Activities				<u>Total</u>				
		<u>2015</u>	<u>2014</u>			<u>2015</u>		<u>2014</u>	<u>2015</u>		<u>2014</u>

Less Accumulated Depreciation		(26,525,791)		(24,377,950)		(373,298)		(340,863)		(26,899,089)		(24,718,813)
Total	\$	60,512,295	\$	60,915,524	\$	287,014	\$	316,668	\$	60,799,309	\$	61,232,192

Additional information on the District's capital assets can be found in the Notes to the Financial Statements.

Management's Discussion and Analysis Year Ended June 30, 2015

LONG-TERM LIABILITIES

At June 30, 2015, the School District had \$22,642,611 as outstanding debt consisting of \$15,214,538 of bonds (net), \$974,513 of capital leases, \$1,131,931 for compensated absences and \$5,321,629 for net pension liability. The following is a comparison of the June 30, 2015 and 2014 balances:

Outstanding Long-Term Liabilities At June 30, 2015 and 2014

	Governmental Activities			
		<u>2015</u>		<u>2014</u>
Serial Bonds (Including Unamortized Premium)	\$	15,214,538	\$	17,073,118
Capital Leases		974,513		1,463,645
Compensated Absences		1,131,931		1,131,610
Net Pension Liability		5,321,629		13,940,689
Total	\$	22,642,611	\$	33,609,062

Additional information on the District's long-term liabilities can be found in the Notes to the Financial Statements.

FOR THE FUTURE

While many factors influence the District's future, the availability of State funding, special education needs, capital improvements and the economy will have the most impact on educational and fiscal decisions in the future.

These and many other factors were considered by the District's administration during the process of developing the fiscal year 2015-2016 budget. The primary factors were the District's projected student population, anticipated state and federal aid as well as increasing salary and related benefit costs.

These indicators were considered when adopting the budget for fiscal year 2015-2016. Budgeted expenditures in the General Fund decreased 3% to \$63,748,675 in fiscal year 2015-2016.

CONTACTING THE SCHOOL DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the funds it receives. If you have questions on this report or need additional financial information, please contact the Business Office at Englewood Board of Education, 274 Knickerbocker Road, Englewood, NJ 07631.

Total Fund Balances (Exhibit B-1)

\$ 13,068,702

Amounts reported for *governmental activities* in the statement of net position (A-1) are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. The cost of the assets is \$87,038,086 and the accumulated depreciation is \$26,525,791.

60,512,295

Amounts resulting from the refunding of debt are reported as deferred outflows of resources on the statement of net position and amortized over the life of the debt.

946,648

Certain amounts resulting from the measurement of the net pension liability are reported as either deferred inflows of resources or deferred outflows of resources on the statement of net position and deferred over future years.

Deferred Outflows of Resources Deferred Inflows of Resources \$ 167,341 (7,504,379)

(7,337,038)

The District has financed capital assets through the issuance of serial bonds and long-term lease obligations. The interest accrual at year end is:

(210,221)

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds

ENGLEWOOD BOARD OF EDUCATION ILLUSTRATIVE RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES WITH THE DISTRICT-WIDE STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2015

Total net change in fund balances - governmental funds (Exhibit B-2)

\$ (1,628,635)

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement and allocated over their estimated useful lives as annual depreciation expense. This is the amount by which depreciation expense exceeds capital outlay in the current period.

Capital Outlay
Depreciation Expense

\$ 1,744,612 (2,147,841)

(403,229)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of long-term debt uses those current financial resources of governmental funds. Neither transactions, however, has any effect on net position. Also governmental funds report the effect of premiums and other such items related to the refunding bonds when they are issued, whereas these amounts are expensed and or deferred and amortized in the statement of activities.

Principal Repayments:

Serial Bonds	\$ 1,573,000
Capital Leases Payable	489,132
Amortization of Deferred Amounts on Refunding	(203,397)
Amortization of Bond Premium	 285,580

2,144,315

In the statement of activities, interest on long-term debt in the statement of activities is accrued, regardless of when due. In the governmental funds, interest is reported when due.

Increase in Accrued Interest

(25,320)

In the statement of activities, certain operating expenses e.g. compensated absences and pension expenses are measured by the amounts accrued during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). The amount presented is the net change.

Increase in Compensated Absences	(321)

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Englewood Board of Education (the "Board" or the "District") is an instrumentality of the State of New Jersey, established to function as an education institution. The Board consists of nine elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District. Under existing statutes, the Board's duties and powers include, but are not limited to, the development and adoption of a school program; the establishment, organization and operation of schools; and the acquisition, maintenance and disposition of school property.

The Board also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls.

The reporting entity is composed of the primary government, component units, and other organizations that are included to ensure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the Englewood Board of Education this includes general operations, food service, before and after school child care and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Based on the foregoing criteria, the District has no component units. Furthermore, the District is not includable in any other reporting entity as a component unit.

B. New Accounting Standards

During fiscal year 2015, the District adopted the following GASB statements:

- GASB 68, Accounting and Financial Reporting for Pensions. The objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement replaces the requirements of Statement No. 27, Accounting for Pensions by State and Local Governmental Employers, as well as the requirements of Statement No. 50, Pension Disclosures, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements that meet certain criteria.
- GASB 71, Pension Transition for Contributions Made Subsequent to the Measurement Date an amendment of GASB Statement No. 68, should be applied simultaneously with the provisions of Statement No. 68. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, Accounting and Financial Reporting for Pensions. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or nonemployer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. New Accounting Standards (Continued)

Other accounting standards that the District is currently reviewing for applicability and potential impact on the financial statements include:

- GASB 72, Fair Value Measurement and Application, will be effective beginning with the fiscal year ending June 30, 2016. This Statement addresses accounting and financial reporting issues related to fair value measurements. This Statement provides guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements.
- GASB 73, Accounting and Financial Reporting for Pensions and Related Assets that Are Not Within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68, will be effective beginning with the fiscal year ending June 30, 2017. The objective of this Statement is to improve the usefulness of information about pensions included in the general purpose external financial reports of state and local governments for making decisions and assessing accountability.
- GASB 74, Financial Reporting for Postemployment Benefit Plans Other than Pension Plans, will be effective beginning with the fiscal year ending June 30, 2017. The objective of this Statement is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPE'B) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability.
- GASB 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, will be effective beginning with the fiscal year ending June 30, 2018. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities.
- GASB 76, The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments, will be effective beginning with the fiscal year ending June 30, 2016. The objective of this Statement is to identify in the context of the current governmental financial reporting environment the hierarchy of generally accepted accounting principles (GAAP). The "GAAP hierarchy" consists of the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with GAAP and the framework for selecting those principles. This Statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP.

C. Basis of Presentation - Financial Statements

The financial statements include both district-wide financial statements (based on the District as a whole) and fund financial statements (based on specific District activities or objectives). Both the district-wide and fund financial statements categorize activities as either governmental activities or business-type activities. While separate district-wide and fund financial statements are presented, they are interrelated. In the district-wide financial statements, the governmental activities column incorporates data from governmental funds, while business-type activities incorporate data from the District's enterprise funds. Fiduciary funds are excluded from the district-wide financial statements.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation - Financial Statements (Continued)

District-Wide Financial Statements

The district-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Board of Education. All fiduciary activities are reported only in the fund financial statements. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by property taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. In the statement of net position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, and (b) reflect on a full accrual economic resource basis, which incorporates long-term assets and receivables as well as long-term debt and obligations.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or other governmental entities, including other school districts, who purchase, use, or directly benefit from goods or services provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Property taxes, unrestricted state aid, and other items not properly included among program revenues are reported instead as general revenues.

As a general rule the effect of interfund activity has been eliminated from the district-wide financial statements. Exceptions to this general rule are charges between the Board's proprietary and fiduciary funds since elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Fund Financial Statements

Separate fund financial statements are provided for governmental, proprietary, and fiduciary activities, even though the latter are excluded from the district-wide financial statements. The emphasis of fund financial statements is on major individual governmental and enterprise funds, each reported as separate columns in the fund financial statements. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. The District considers all of its governmental and enterprise funds to be major funds.

The District reports the following major governmental funds:

The general fund is the School District's primary operating fund. It accounts for all financial resources of the District, except those to be accounted for in another fund.

The *special revenue fund* accounts for the proceeds of specific revenue sources legally restricted to expenditures for specified purposes. This fund accounts for federal, state and local financial programs, with the exception of grants for major capital projects and the child nutrition programs.

The *capital projects fund* accounts for the proceeds from the sale of bonds, lease purchases and other revenues used for the acquisition or construction of capital facilities and other capital assets, other than those financed by the proprietary funds.

The *debt service fund* accounts for the accumulation of resources that are restricted, committed or assigned for the payment of principal and interest on long-term general obligation debt of governmental funds.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation - Financial Statements (Continued)

Fund Financial Statements (Continued)

The District reports the following major proprietary funds which are organized to be self-supporting through user charges:

The *food service fund* accounts for the activities of the school cafeteria, which provides food service to students as well as a la carte and catering services for teachers and special events.

The after school day care program fund accounts for the activities of the District's extended after school and summer programs which provides day care and recreation services for elementary school students of the District.

Additionally, the government reports the following fund type:

The *fiduciary trust fund* is used to account for resources legally held in trust for the state unemployment insurance claims, for private donations for scholarship awards, payroll related activities and student related activities which are supported and controlled by student organizations and clubs. All resources of the fund, including any earnings on invested resources, may be used to support the intended purpose. There is no requirement that any portion of these resources be preserved as capital.

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the district-wide financial statements as "internal balances".

Reclassifications

Certain amounts presented in the prior year data may have been reclassified in order to be consistent with the current year's presentation.

D. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The district-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements with the exception of the agency fund which does not have a measurement focus. All assets, all liabilities and all deferred outflows/inflows of resources associated with these operations (with the exception of the fiduciary funds) are included on the Statement of Net Position. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Measurement Focus and Basis of Accounting (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when susceptible to accrual (i.e. when they are both measurable and available). Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Board considers revenues to be available if they are collected within 60 days after year-end. Expenditures are recorded when a liability is incurred, as under accrual basis of accounting, with the exception of debt service expenditures as well as expenditures related to compensated absences and claims and judgments which are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, tuition, transportation fees, unrestricted state aid, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements (formula-type grants and aid) are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source. Expenditure-driven grants and similar awards (reimbursement-type grants and awards) are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements imposed by the grantor or provider have been met, and the amount is received during the period or within the availability period for this revenue source. All other revenue items are considered to be measurable and available only when cash is received by the District.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Cash, Cash Equivalents and Investments

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments are reported at fair value and are limited by N.J.S.A. 18A:20-37.

2. Receivables

All receivables are reported at their gross value, and where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

3. Inventories

The cost of inventories of the governmental fund types are recorded as expenditures at the time individual inventory items are purchased.

Food Service Fund inventories, exclusive of the federal commodities, are valued at cost, using the first-in first-out (FIFO) method and consist of food and expendable supplies. The cost of such inventories is recorded as expenses when consumed rather than when purchased. The United States Department of Agriculture (USDA) commodity portion of the Food Service Fund inventory consists of food donated by the USDA. It is valued at estimated market prices by the USDA. The amount of unused commodities at year-end is reported as deferred inflows of resources.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

4. Capital Assets

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities columns in the district-wide financial statements. Capital assets are defined by the Board as assets with an initial, individual cost of \$2,000 and an estimated useful life in excess of two years. The District was able to estimate the historical cost for the initial reporting of these capital assets through back trending. As the District constructs or acquires additional capital assets each period, they are capitalized and reported at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Land and construction in progress are not depreciated. The other property, plant, and equipment of the District is depreciated using the straight line method over the following estimated useful lives:

Assets	<u>Years</u>
Land Improvements	20
Buildings	50
Building Improvements	20
Machinery and Equipment	5-20
Office Equipment and Furniture	5
Computer Equipment	5

5. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government has two items which arise only under the accrual basis of accounting that qualify for reporting in this category. One item is the deferred amounts on refunding of debt which results from the loss on a debt refunding reported in the district-wide statement of net position. Deferred amounts on debt refunding result from the loss on the transaction when the debt's reacquisition price is greater than the carrying value of the refunded debt. These amounts are deferred and amortized over the shorter of the life of the refunded or refunding debt. The other item that qualifies for reporting in this category is the deferred amounts on net pension liability. Deferred amounts on net pension liability are reported in the district-wide statement of net position and result from: (1) differences between expected and actual experience; (2) changes in assumptions; (3) net difference between projected and actual investment earnings on pension plan investments; (4) changes in proportion and differences between employer contributions and proportionate share of contributions; and (5) contributions made subsequent to the measurement date. These amounts are deferred and amortized over future years.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

5. Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The government has two types of items which arise only under the accrual basis of accounting that qualify for reporting in this category. One item is the deferred amounts on net pension liability reported in the district-wide statement of net position and result from: (1) differences between expected and actual experience; (2) changes in assumptions; (3) net difference between projected and actual investment earnings on pension plan investments; and (4) changes in proportion and differences between employer contributions and proportionate share of contributions. These amounts are deferred and amortized over future years. The other item, that qualifies for reporting in this category is the deferred commodities revenue, reported in both the district-wide and the proprietary funds statements of net position. The deferred commodities revenue represents the estimated market value of the donated and unused Federal commodities at year end. This amount is deferred and recognized as an inflow of resources in the period the commodities are consumed.

6. Compensated Absences

It is the District's policy to permit employees to accumulate (with certain restrictions) earned but unused vacation and sick leave benefits. A long-term liability of accumulated vacation and sick leave and salary related payments has been recorded in the governmental activities in the district-wide financial statements, representing the Board's commitment to fund such costs from future operations. Proprietary Funds accrue accumulated vacation and sick leave and salary related payments in the period that they are earned. A liability is reported in the governmental funds only to the amount actually due at year end as a result of employee resignations and retirements.

7. Pensions

In the district-wide financial statements, for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the retirement systems sponsored and administered by the State of New Jersey and additions to/deductions from these retirement systems' fiduciary net position have been determined on the same basis as they are reported by the retirement systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

In the governmental fund financial statements, net pension liabilities represent amounts normally expected to be liquidated with expendable available financial resources for required pension contributions that are due and payable at year end. Pension expenditures are recognized based on contractual pension contributions that are required to be made to the pension plan during the fiscal year.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

8. Long-Term Obligations

In the district-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Losses resulting from debt refundings are reported as deferred outflows of resources. Bond premiums are deferred and amortized over the life of the bonds using the effective interest method. Losses resulting from debt refundings are also deferred and amortized over the life of the refunded bonds or new bonds whichever is less using the effective interest method. Bonds payable are reported gross of the applicable bond premium. Bond issuance costs (other than for prepaid insurance) are treated as an expense.

In the fund financial statements, governmental fund types recognize bond premiums, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

9. Net Position/Fund Balance

District-Wide Statements

In the district-wide statements, there are three classes of net position:

- Net Investment in Capital Assets consists of net capital assets (cost less accumulated depreciation) reduced by
 outstanding balances of related debt obligations from the acquisition, construction or improvement of those assets.
 Deferred outflows of resources and deferred inflows of resources attributable to the acquisition, construction or
 improvement of those assets or related debt also should be included.
- Restricted Net Position reports net position when constraints placed on the residual amount of noncapital assets are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position any portion of net position not already classified as either net investment in capital assets or net position restricted is classified as net position unrestricted.

Governmental Fund Statements

Fund balance categories are designed to make the nature and extent of the constraints placed on the District's fund balance more transparent. These categories are comprised of a hierarchy based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

9. Net Position/Fund Balance (Continued)

Governmental Fund Statements (Continued)

<u>Restricted Fund Balance</u> – Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

<u>Capital Reserve</u> – This restriction was created by the District in accordance with NJAC 6A:23A-14.1 to fund future capital expenditures.

<u>Maintenance Reserve</u> – This restriction was created by the Board in accordance with NJAC 6A:23A-14.2 to accumulate funds for the required maintenance of school facilities in accordance with the EFCA (NJSA 18A:7G-9) for a thorough and efficient education.

<u>Emergency Reserve</u> – This restriction was created in accordance with NJAC 6A:23A-14.4(A)1 to accumulate funds in accordance with State statute to finance unanticipated general fund expenditures required for a thorough and efficient education.

<u>Tuition Adjustments</u> – This restriction was created in accordance with NJAC 6A:23A-17.1(F)8 to represent foreseeable future tuition adjustments for the 2014/2015 contract year and is required to be liquidated in the second year following the contract year with any remaining balance related to that contract year to be reserved and budgeted for property tax relief.

<u>Tuition Adjustment – Designated for Subsequent Year's Expenditures</u> – This restriction was created in accordance with NJAC 6A:23A-17.1(F)8 to represent foreseeable future tuition adjustments for the 2013/2014 contract year that is appropriated in the 2015/2016 original budget certified for taxes.

<u>Reserved Excess Surplus</u> – This restriction was created in accordance with NJSA 18A:7F-7 to represent the June 30, 2015 audited excess surplus that is required to be appropriated in the 2016/2017 original budget certified for taxes.

<u>Reserved Excess Surplus – Designated for Subsequent Year's Expenditures</u> - This restriction was created in accordance with NJSA 18A:7F-7 to represent the June 30, 2014 audited excess surplus that was appropriated in the 2015/2016 original budget certified for taxes.

<u>Capital Projects</u> – Represents fund balance restricted specifically for capital acquisitions and improvements in the Capital Projects Fund.

<u>Debt Service</u> – Represents fund balance restricted specifically for the repayment of long-term debt principal and interest in the Debt Service Fund.

<u>Committed Fund Balance</u> – Amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint.

<u>Year-End Encumbrances</u> – Represents outstanding purchase orders at year end for contracts awarded by formal action of the Board of Trustee's for specific purposes from available resources of the current year for which the goods and materials have not yet been received or the services have not yet been rendered at June 30.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

9. Net Position/Fund Balance (Continued)

Governmental Fund Statements (Continued)

<u>Assigned Fund Balance</u> – Amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority.

<u>Year-End Encumbrances</u> – Represent outstanding purchase orders for goods or services approved by management for specific purposes from available resources of the current year for which the goods and materials have not yet been received or the services have not yet been rendered at June 30.

<u>ARRA/SEMI</u> – This designation was created to dedicate the portion of the ARRA/SEMI revenue that is unexpended at June 30, 2015 that will be appropriated either by Board resolution into the 2015/2016 budget or in the adopted 2016/2017 budget certified for taxes.

<u>Unassigned Fund Balance</u> – Represents fund balance that has not been restricted, committed or assigned to specific purposes within the governmental funds.

F. Revenues and Expenditures/Expenses

1. Program Revenues

Amounts reported as program revenues in the district-wide statement of activities include 1) charges to customers or applicants for goods or services, provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all property taxes, unrestricted state aid, investment earnings and miscellaneous revenues.

2. Property Taxes

Property taxes are levied pursuant to law and are collected by the municipality and are transferred to the District as requested. Property tax revenues are recognized in the year they are levied and become available. Property taxes collected in advance of the year-end for which they are levied and transferred to the District are reported as deferred inflows of resources. The tax bills are mailed annually in June by the municipal tax collector and are levied and due in four quarterly installments on August 1, November 1, February 1 and May 1 of the fiscal year. When unpaid, taxes or any other municipal lien, or part thereof, on real property, remains in arrears on April 1st in the year following the calendar year levy when the same became in arrears, the tax collector of the municipality shall, subject to the provisions of New Jersey Statute, enforce the lien by placing the property on a tax sale. The municipality may institute annual "in rem" tax foreclosure proceedings to enforce the tax collection or acquisition of title to the property.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Revenues and Expenditures/Expenses (Continued)

3. Tuition Revenues and Expenditures

<u>Tuition Revenues</u> - Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs are determined and certified by the State Department of Education.

<u>Tuition Expenditures</u> - Tuition charges for the fiscal years 2013-2014 and 2014-2015 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been certified by the State Department of Education.

4. Proprietary Funds, Operating and Non-Operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the food service enterprise fund and of the after school day care program are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. Federal and State subsidies for the food service operation are considered nonoperating revenues.

NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

In accordance with the requirements of the New Jersey Department of Education ("the Department"), the District annually prepares its operating budget for the forthcoming year. The budget, except for the general fund and special revenue fund, which is more fully explained below and in the notes to the required supplementary information, is prepared in accordance with accounting principles generally accepted in the United States of America and serves as a formal plan for expenditures and the proposed means for financing them. Capital lease transactions are accounted for on the GAAP basis.

The annual budget is adopted in the spring of the preceding year for the general, special revenue and debt service funds. The District is not required to adopt an annual budget for the capital projects fund. The budget is submitted to the county superintendent for review and approval prior to adoption. Prior to the 2012/2013 budget year, the annual budget was required to be voted upon at the annual school election held on the third Tuesday in April. On January 17, 2012, Chapter 202 of the Laws of P.L. 2011 was approved which established procedures for moving the date of a school district's annual school election from April to the general election in November. Under the new law, districts that have their school board members elected in November no longer have to submit their budgets that meet levy cap requirements for voter approval beginning with the 2012/2013 budget year. Only a school board decision to exceed the tax levy cap would require voter approval for the additional amount on the November ballot. On December 12, 2013, the Board adopted a resolution to move its annual election to the date of the general elections in accordance with the law; therefore voter approval of the annual budget is not required.

NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

A. Budgetary Information (Continued)

Budget adoptions and amendments are recorded in the District's board minutes. The budget is amended by the Board of Trustees as needed throughout the year. The budget for revenues, other resources, other uses, and fund balances is prepared by fund source and amount. The budget for expenditures is prepared by fund, program, function, object and amount. The legal level of budgetary control is established at the line item account within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. The Board approved several budget transfers during 2014/2015. Also, during 2014/2015 the Board increased the original budget by \$3,058,401. The increase was funded by additional grant awards and the reappropriation of prior year general fund encumbrances.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America, with the exception of the legally mandated revenue recognition of certain state aid payments for budgetary purposes only and the treatment of encumbrances in the special revenue fund as described in the Notes to Required Supplementary Information (RSI). Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

Encumbrance accounting is employed in the governmental funds. Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as committed and/or assigned fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services which are reappropriated and honored during the subsequent fiscal year.

B. Deficit Fund Equity

The District has an unassigned fund deficit of \$85,473 in the Special Revenue Fund as of June 30, 2015 as reported in the fund financial statements (modified accrual basis). NJSA 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, districts must record these delayed state aid payments as revenue, for budget purposes only, in the current school budget year. The statute provides legal authority for school districts to recognize this revenue in the current budget year. GASB Statement No. 33, "Accounting and Financial Reporting for Nonexchange Transactions", requires that intergovernmental transactions (revenue, expenditure, asset, liability) should be recognized in symmetry (i.e., if one government recognizes an asset, the other government recognizes a liability). Since the State of New Jersey is recording certain 2014/2015 budgeted state aid payments in the subsequent fiscal year, the school district cannot recognize such payments on the GAAP (fund) financial statements until the year the State records the payable. Due to the timing difference of recording these delayed state aid payments, the Special Revenue Fund deficit does not alone indicate that the District is facing financial difficulties; however, unless the State of New Jersey budgets the delayed payments in future years, the District may also report fund deficits in the future.

Pursuant to NJSA 18A:22-44.2, any negative unreserved, undesignated (i.e., unassigned) special revenue fund balance that is reported as a direct result of a delay in the payment of state aid until the following fiscal year, is not considered as a violation of New Jersey Statute or regulation and is not considered an item in need of corrective action. The District deficit in the GAAP (fund) financial statements of \$85,473 in the Special Revenue Fund is less than the delayed state aid payments.

NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

C. Capital Reserve

A capital reserve account was established by the District. The accumulation of funds will be used for capital outlay expenditures in subsequent fiscal years. The capital reserve is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the Department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6:23A-14.1(g), the balance in the reserve cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the fiscal year ended June 30, 2015 is as follows:

Balance, June 30, 2014		\$	3,221,800
Increased by:			
Interest Earnings	\$ 8,000		
Deposits Approved by Board Resolution	800,000		
Total Increases			808,000
Withdrawals:			4,029,800
Approved in District Budget			600,000
Balance, June 30, 2015		<u>\$</u>	3,429,800

The withdrawals from capital reserve were for use in a department approved facilities project, consistent with the District's Long Range Facilities Plan.

D. Maintenance Reserve

A maintenance reserve account was established by the District. The accumulation of funds will be used for required maintenance of school facilities expenditures in subsequent fiscal years. The maintenance reserve is maintained in the General Fund and its activity is included in the General Fund annual budget.

Funds placed in the maintenance reserve are restricted to required maintenance activities for a school facility as reported in the comprehensive maintenance plan. A District may appropriate funds into the maintenance reserve in the annual General Fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line item appropriation amounts or both. Pursuant to N.J.A.C. 6A:23A-14.2(g), the balance in the reserve cannot at any time exceed four percent of the replacement cost of the school district's school facilities for the current year.

NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

D. Maintenance Reserve

The activity of the maintenance reserve for the fiscal year ended June 30, 2015 is as follows:

 Balance, June 30, 2014
 \$ 1,000,000

 Increased by:
 3,800

 Balance, June 30, 2015
 \$ 1,003,800

The June 30, 2015 comprehensive maintenance plan indicated a maximum maintenance reserve amount of \$3,488,800. The withdrawals from the maintenance reserve were for use in required maintenance activities for school facilities.

E. Emergency Reserve

An emergency reserve account was established by the District. The accumulation of funds will be used to finance unanticipated General Fund current expenditures required for a thorough and efficient education in subsequent fiscal years.

Funds placed in the emergency reserve are restricted to finance reasonably unforeseeable costs and shall not include additional costs due to poor planning. A District may appropriate funds into the emergency reserve in the annual General Fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line item appropriation amounts or both. Withdrawals from the reserve require the approval of the Commissioner unless the withdrawal is necessary to meet an increase in total health care costs in excess of four percent. Pursuant to NJAC 6A:23A-14.4(A), the balance in the reserve cannot at any time exceed the greater of \$250,000 or one percent of the school district's General Fund budget as certified for taxes up to a maximum of \$1,000,000.

The activity of the emergency reserve for the fiscal year ended June 30, 2015 is as follows:

Balance, June 30, 2014	\$ 600,00	0
Balance, June 30, 2015	\$ 600,00	

F. Transfers to Capital Outlay

During the 2014/2015 school year, the district transferred \$416,157 to the non-equipment capital outlay accounts. The transfer was made to supplement a capital projects previous approved in the budget certified for taxes and was approved by the County Superintendent to support capital outlay expenditures.

G. Calculation of Excess Surplus

In accordance with N.J.S.A. 18A:7F-7, as amended, the restricted fund balance for Reserved Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance in excess of 2% of budget expenditures at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent year's budget. The excess fund balance at June 30, 2015 is \$4,184,051. Of this amount, \$2,215,066 was designated and appropriated in the 2015/2016 original budget certified for taxes and the remaining amount of \$1,968,985 will be appropriated in the 2016/2017 original budget certified for taxes.

NOTE 3 DETAILED NOTES ON ALL FUNDS

A. Cash Deposits and Investments

Cash Deposits

The Board's deposits are insured through either the Federal Deposit Insurance Corporation (FDIC), Securities Investor Protection Corporation (SIPC) or New Jersey's Governmental Unit Deposit Protection Act (GUDPA). The Board is required to deposit their funds in a depository which is protecting such funds pursuant to GUDPA. The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to pledge collateral equal to at least 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of the lesser of 75% of its capital funds or \$200 million for all deposits not covered by the FDIC.

Bank balances are insured up to \$250,000 in the aggregate by the FDIC for each bank. SIPC replaces cash claims up to a maximum of \$250,000 for each failed brokerage firm. At June 30, 2015, the book value of the Board's deposits were \$16,575,052 and bank and brokerage firm balances of the Board's deposits amounted to \$18,074,020. The Board's deposits which are displayed on the various fund balance sheets as "cash and cash equivalents" are categorized as:

Depository Account

Insured	\$ 18,069,070
Uninsured and Collateralized	 4,950
	\$ 18,074,020

<u>Custodial Credit Risk – Deposits</u> – Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Board does not have a policy for custodial credit risk. As of June 30, 2015 the Board's bank balance of \$4,950 was exposed to custodial credit risk as follows:

Depository Account

Uninsured and Collateralized Collateral held by pledging financial institution's trust department not in the Board's name

4,950

Investments

The Board is permitted to invest public funds in accordance with the types of securities authorized by N.J.S.A. 18A:20-37. Examples of the allowable investments are bonds or other obligations of the United States or obligations guaranteed by the United States of America, Government Money Market Mutual Funds, bonds or other obligations of the school district or bonds or other obligations of the local unit or units within which the school district is located, Local Government investment pools, and agreements or the repurchase of fully collateralized securities, if transacted in accordance with the above statute.

NOTE 3 DETAILED NOTES ON ALL FUNDS (Continued)

A. Cash Deposits and Investments (Continued)

Investments (Continued)

As of June 30, 2015, the Board had no outstanding investments.

Investment and interest earnings in the Capital Projects Fund are assigned to the General Fund in accordance with Board policy.

B. Receivables

Receivables as of June 30, 2015 for the district's individual major funds including the applicable allowances for uncollectible accounts, are as follows:

								A	fter School	
				Special		Capital	Food		Day Care	
	9	<u>General</u>	ļ	<u>Revenue</u>		Projects	<u>Service</u>		<u>Program</u>	<u>Total</u>

E. Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of June 30, 2015, is as follows:

Due to/from other funds

Receivable Fund	Payable Fund	<u>Amount</u>
General Fund	Payroll Agency Fund	\$ 9,873
Unemployment Trust Fund	Payroll Agency Fund	10,761
Unemployment Trust Fund	General Fund	280,000
Scholarship Trust Fund	General Fund	42,491
		\$ 343,125

The above balances are the result of revenues earned in one fund which are due to another fund and/or expenditures paid by one fund on behalf of another fund.

The District expects all interfund balances to be liquidated within one year.

Interfund transfers

	<u>Transfer In:</u>				
		General Capital Projects			
		Fund Fund			<u>Total</u>
Transfer Out:					
General Fund			\$	2,494,420	\$ 2,494,420
Capital Projects Fund	\$	2,835		_	2,835
Total	\$	2,835	\$	2,494,420	\$ 2,497,255

The above transfers are the result of revenues earned in one fund to finance expenditures in another fund.

NOTE 3 DETAILED NOTES ON ALL FUNDS (Continued)

F. Leases

Operating Leases

The District leases buildings under noncancelable operating leases. Lease payments for the fiscal year ended June 30, 2015 were \$626,889. The future minimum lease payments for these operating leases are as follows:

Fiscal Year Ending June 30	£	<u>Amount</u>		
2016 2017	\$	333,427 340,096		
Total	<u>\$</u>	673,523		

Capital Leases

The District is leasing copiers, office equipment and computers totaling \$2,166,175 under capital leases. The leases are for terms of 4 to 5 years.

The capital assets acquired through capital leases are as follows:

	overnmental Activities
Machinery and Equipment	\$ 2,166,175
Total	\$ 2,166,175

The future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2015 were as follows:

Year Ending June 30	Governm <u>Activ</u>	
2016	\$	548,728
2017		460,306
2018		17,352
2019		5,700
Total minimum lease payments		1,032,086
Less: amount representing interest		57,573
Present value of minimum lease payments	\$	974,513

F. Leases (Continued)

G. Long-Term Debt

General Obligation Bonds

The Board issued general obligation bonds to provide funds for the acquisition and construction of major capital facilities and other capital assets and to finance its early retirement incentive program pension liability. The full faith and credit of the Board are irrevocably pledged for the payment of the principal of the bonds and the interest thereon.

Bonds payable at June 30, 2015 are comprised of the following issues:

\$1,076,000, 2013 Refunding Pension (ERIP) Bonds, due in an annual installment of \$351,000 through March, 2016, interest at 1.24%

\$351,000

\$14,970,000, 2013 Refunding Bonds, due in annual installments of \$1,260,000 to \$1,765,000 through April, 2024, interest at 2.00% to 5.00%

13,475,000

\$13,826,000

The Board's schedule of principal and interest for long-term debt issued and outstanding is as follows:

Governmental Activities:

Year Ending	Serial Bonds					
<u>June 30,</u>]	<u>Principal</u>		<u>Interest</u>		<u>Total</u>
2016	\$	1,611,000	\$	560,898	\$	2,171,898
2017		1,310,000		506,156		1,816,156
2018		1,360,000		453,756		1,813,756

NOTE 3 DETAILED NOTES ON ALL FUNDS (Continued)

G. Long-Term Debt (Continued)

Statutory Borrowing Power

The Board's remaining borrowing power under N.J.S. 18A:24-19, as amended, at June 30, 2015 was as follows:

4% of Equalized Valuation Basis (Municipal)\$ 189,995,581Less: Net Debt Issued13,475,000Remaining Borrowing Power\$ 176,520,581

H. Other Long-Term Liabilities

Changes in Long-Term Liabilities

Long-term liability activity for the fiscal year ended June 30, 2015, was as follows:

	Balance, July 1, 2014 (Restated)	Additions	<u>Deletions</u>	Balance, June 30, 2015	Due Within One Year
Governmental activities:					
Serial Bonds	\$ 15,399,000		\$ 1,573,000	\$ 13,826,000	\$ 1,611,000
Deferred Amounts					
Add: Original Issue Premium	1,674,118		285,580	1,388,538	
Total Bonds Payable	17,073,118	-	1,858,580	15,214,538	1,611,000
Capital Leases	1,463,645		489,132	974,513	510,144
Compensated Absences	1,131,610	\$ 321		1,131,931	50,000
Net Pension Liability	13,940,689		8,619,060	5,321,629	277,708
Governmental activity Long-term liabilities	\$ 33,609,062	\$ 321	\$ 10,966,772	\$ 22,642,611	\$ 2,448,852

For the governmental activities, the liabilities for compensated absences, claims and judgements and net pension liability are generally liquidated by the general fund.

NOTE 4 OTHER INFORMATION

A. Risk Management

The District is exposed to various risks of loss related to property, general liability, automobile coverage, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; student accident; termination of employees and natural disasters. The Board has obtained commercial insurance coverage to guard against these events to minimize the exposure to the District should they occur. A complete schedule of insurance coverage can be found in the statistical section of this Comprehensive Annual Financial Report.

The District is a member of the New Jersey Schools Insurance Group (NJSIG). The Group is a risk sharing public entity pool, established for the purpose of insuring against various insurance claims.

The relationship between the Board and the insurance group is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The Board is contractually obligated to make all annual and supplementary contributions to the funds, to report claims on a timely basis, cooperate with the management of the funds, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by the funds. Members have a contractual obligation to fund any deficit of the funds attributable to a membership year during which they were a member.

NJSIG provides its members with risk management services, including the defense of and settlement of claims and to establish reasonable and necessary loss reduction and prevention procedures to be followed by the members. Complete financial statements of the respective insurance funds are on file with the School's Business Administrator.

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverage's in any of the prior three years.

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's fiduciary trust fund for the current and previous two years:

Fiscal Year Ended June 30,	District Contributions	Employee Contributions	Amount Reimbursed	Ending Balance
2015	None	\$ 40,602	\$ 126,442	\$ 596,500
2014	\$ 280,000	112,868	179,987	681,144
2013	1,311,749	35,628	1,098,336	467,345

NOTE 4 OTHER INFORMATION (Continued)

B. Contingent Liabilities

The District is a party defendant in some lawsuits, none of a kind unusual for a school district of its size and scope of operation. In the opinion of the Board's Attorney the potential claims against the District not covered by insurance policies would not materially affect the financial condition of the District.

<u>Federal and State Awards</u> – The Board participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the Board may be required to reimburse the grantor government. As of June 30, 2015, significant amounts of grant expenditures have not been audited by the various grantor agencies but the Board believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the District.

C. Federal Arbitrage Regulations

The District is subject to Section 148 of the Internal Revenue Code as it pertains to the arbitrage rebate on all tax-exempt obligations, both long and short-term debt. Under the 1986 Tax Reform Act, the Internal Revenue Service (IRS) required that all excess earnings from investment proceeds be rebated to the IRS. Arbitrage, for purposes of these regulations, is defined as the difference between the yield on the investment and the yield on the obligations issued. If there are excess earnings, this amount may be required to be rebated to the IRS. At June 30, 2015, the District has not estimated its arbitrage earnings due to the IRS, if any.

D. Employee Retirement Systems and Pension Plans

The State of New Jersey sponsors and administers the following contributory defined benefit public employee retirement systems (retirement systems) covering substantially all eligible Board employees:

Public Employees' Retirement System (PERS) – Established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage, including post-retirement health care, to substantially all full time employees of the State or any county, municipality, school district, or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 10 years of service for pension benefits and 25 years for post-retirement health care coverage. PERS is a cost sharing multi-employer defined benefit pension plan.

Teachers' Pension and Annuity Fund (TPAF) – Established in January 1955, under the provisions of N.J.S.A. 18A:66 to provide coverage including post-retirement health care to substantially all full time certified teachers or professional staff of the public school systems in the State. Membership is mandatory for such employees and vesting occurs after 10 years of service for pension benefits and 25 years for post-retirement health care coverage. TPAF is a cost sharing plan with special funding situations.

The State of New Jersey sponsors and administers the following defined contribution public employee retirement program covering certain state and local government employees which include those Board employees who are eligible for pension coverage.

NOTE 4 OTHER INFORMATION (Continued)

D. Employee Retirement Systems and Pension Plans (Continued)

Defined Contribution Retirement Program (DCRP) – established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2008 to provide coverage to elected, certain appointed officials, and certain Board employees not eligible for enrollment in PERS or TPAF. Effective July 1, 2007 membership is mandatory for such individuals with vesting occurring after one (1) year of membership. DCRP is a defined contribution pension plan.

Other Pension Funds

The State established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local government employers do not appropriate funds to SACT.

The cost of living increase for PERS and TPAF, are funded directly by each of the respective systems but are currently suspended as a result of reform legislation.

According to state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits, website at www.state.nj.us/treasury/pensions.

Basis of Accounting

The financial statements of the retirement systems are prepared on the accrual basis of accounting. Employer contributions are recognized when payable to the retirement systems. Benefits or refunds are recognized when due and payable in accordance with the terms of the retirement systems.

Investment Valuation

Investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments, and are discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair values.

The State of New Jersey, Department of the Treasury, Division of Investment, issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Fund. The financial reports may be obtained in writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290 or at www.state.nj/treasury/doinvest.

NOTE 4 OTHER INFORMATION (Continued)

D. Employee Retirement Systems and Pension Plans (Continued)

Funding Status and Funding Progress

As of July 1, 2013, the most recent actuarial valuation date, the aggregate funded ratio for all the State administered retirement systems including TPAF and PERS, is 62.8 percent with an unfunded actuarial accrued liability of \$51.0 billion. The aggregate funded ratio and unfunded accrued liability for the State-funded systems is 54.2 percent and \$37.3 billion, and the aggregate funded ratio and unfunded accrued liability for local PERS and Police and Firemen's Retirement System ("PFRS") is 75.4 percent and \$13.7 billion, respectively.

The funded status and funding progress of the retirement systems is based on actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the retirement systems in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at that point in time. The projection of benefits for financing reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and members in the future.

Actuarial Methods and Assumptions

In the July 1, 2013 actuarial valuation, the projected unit credit was used as the actuarial cost method, and the five year average of market value was used as the asset valuation method for the retirement systems. The actuarial assumptions included (a) an investment rate of return for the retirement systems of 7.90 percent and (b) projected salary increases of 4.24 percent for the PERS and 3.33 percent for TPAF.

Employer and Employee Pension Contributions

The contribution policy is set by laws of the State of New Jersey and contributions are required by active members and participating employers. Plan member and employer contributions may be amended by State of New Jersey legislation with the amount of contributions by the State of New Jersey contingent upon the Annual Appropriations Act. As defined, the retirement systems require employee contributions based on 6.9% for PERS, 6.9% for TPAF and 5.50% for DCRP of the employee's annual compensation.

Annual Pension Costs (APC)

Per the requirements of GASB Statement No. 27 Accounting for Pensions by State and Local Government Employees, for the fiscal year ended June 30, 2015 for TPAF, which is a cost sharing plan with special funding situations, the annual pension cost differs from the annual required contribution. For PERS, which is a cost sharing multi-employer defined benefit pension plan, the annual pension cost equals contributions made. TPAF employer contributions are made annually by the State of New Jersey to the pension system on behalf of the Board. PERS employer contributions are made annually by the Board to the pension system in accordance with Chapter 114, P.L. 1997. In the DCRP, which is a defined contribution plan, member contributions are matched by a 3% employer contribution.

NOTE 4 OTHER INFORMATION (Continued)

D. Employee Retirement Systems and Pension Plans (Continued)

During the fiscal years ended June 30, 2015, 2014 and 2013 the Board was required to contribute for PERS and DCRP and the State of New Jersey was required to contribute for TPAF for normal cost pension and accrued liability contributions (including non-contributory group life insurance (NCGI)) the following amounts:

Year Ended June 30,	<u>PERS</u>	(On-Behalf <u>TPAF</u>	<u>I</u>	<u>OCRP</u>
2015	\$ 234,056	\$	1,274,699	\$	5,995
2014	553,288		1,029,891		8,474
2013	629,812		1,543,770		5,221

For fiscal years 2014/2015 and 2012/2013, the state contributed \$1,274,699 and \$1,543,770, respectively for normal cost pension, accrued liability and the NCGI premium. For fiscal year 2013/2014 the State did not contribute to the TPAF for accrued liability but did contribute \$1,029,891 for normal cost pension and NCGI premium.

The PERS contributions are recognized in the governmental fund financial statements (modified accrual basis) as an expenditure. The on-behalf TPAF contributions are recognized in the governmental fund financial statements (modified accrual basis) as both a revenue and expenditure in accordance with GASB No. 24. The DCRP contributions are recognized in the governmental fund financial statements (modified accrual basis) as an expenditure, as well as, the district-wide financial statements (accrual basis) as an expense.

Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Board \$1,997,057 during the fiscal year ended June 30, 2015 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. This amount has been recognized in the district-wide financial statements (accrual basis) and the governmental fund financial statements (modified accrual basis) as a revenue and expense/expenditure in accordance with GASB No. 24.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Public Employees Retirement System (PERS)

At June 30, 2015, the District reported in the statement of net position (accrual basis) a liability of \$5,231,629 for its proportionate share of the PERS net pension liability. The net pension liability was measured as of June 30, 2014 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportionate share of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental entities, actuarially determined. At June 30, 2014, the District's proportionate share was .02842 percent, which was a decrease of .04452 percent from its proportionate share measured as of June 30, 2013.

NOTE 4 OTHER INFORMATION (Continued)

D. Employee Retirement Systems and Pension Plans (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Public Employees Retirement System (PERS) (Continued)

For the fiscal year ended June 30, 2015, the District recognized in the district-wide statement of activities (accrual basis) no pension expense for PERS; however, the District reported a special item in the amount of \$1,038,966 as a result of the decrease in the net pension liability. At June 30, 2015, the District reported deferred outflows of resources and deferred inflows of resources related to PERS pension from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Changes of Assumptions Net Difference Between Projected and Actual Earnings on Pension Plan Investments Changes in Proportion and Differences Between District Contributions and Proportionate Share	\$	167,341	\$	317,140
of Contributions		-		7,187,239
Total	\$	167,341	\$	7,504,379

Amounts reported as deferred outflows of resources and deferred inflows of resources related to PERS pension will be recognized in pension expense as follows:

Fiscal Year	
Ending	
<u>June 30,</u>	<u>Total</u>
2016	\$ (1,369,707)
2017	(1,369,707)
2018	(1,369,707)
2019	(1,369,707)
2020	(1,290,422)
Thereafter	 (567,788)
	\$ (7,337,038)

Actuarial Assumptions

The total pension liability for the June 30, 2014 measurement date was determined by an actuarial valuation as of July 1, 2013, which was rolled forward to June 30, 2014. The total pension liability for the June 30, 2013 measurement date was determined by an actuarial valuation as of July 1, 2013. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

	<u>PERS</u>
Inflation Rate	3.01%
Salary Increases:	
2012-2021	2.15-4.40%
	Based on Age
Thereafter	3.15-5.40%
	Based on Age
Investment Rate of Return	7.90%
Mortality Rate Table	RP-2000
Period of Actuarial Experience	July 1, 2008 -
Study Upon Which Actuarial	June 30, 2011
Assumptions were Based	

Assumptions for mortality improvements are based on Society of Actuaries Scale AA.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plans investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of June 30, 2014 are summarized in the following table:

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
Cash	6.00%	0.80%
Core Bonds	1.00%	2.49%
Intermediate-Term Bonds	11.20%	2.26%
Mortgages	2.50%	2.17%
High Yield Bonds	5.50%	4.82%
Inflation-Indexed Bonds	2.50%	3.51%
Broad US Equities	25.90%	8.22%
Developed Foreign Equities	12.70%	8.12%
Emerging Market Equities	6.50%	9.91%
Private Equity	8.25%	13.02%
Hedge Funds/Absolute Return	12.25%	4.92%
Real Estate (Property)	3.20%	5.80%
Commodities	2.50%	5.35%

Discount Rate

The discount rate used to measure the total pension liabilities of the PERS plan was as follows:

<u>Plan</u>	<u>Discount Rate</u>
PERS	5.39%

NOTE 4 OTHER INFORMATION (Continued)

NOTE 4 OTHER INFORMATION (Continued)

D. Employee Retirement Systems and Pension Plans (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Teachers Pension and Annuity Fund (TPAF)

In accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pensions, the District is not required to recognize a net pension liability for TPAF. The State of New Jersey is the only entity that has a legal obligation to make employer contributions to TPAF on behalf of the District. Accordingly, the District's proportionate share percentage determined under Statement No. 68 is zero percent and the State's proportionate share is 100% for TPAF. Therefore, in addition, the District does not recognize any portion of the TPAF collective deferred outflows of resources and deferred inflows of resources.

For the fiscal year ended June 30, 2015, the District recognized in the district-wide statement of activities (accrual basis) pension expense of \$7,001,454 for TPAF. This amount has been included in the district-wide statement of activities (accrual basis) as a revenue and expense in accordance with GASB No. 24.

At June 30, 2015 the State's proportionate share of the net pension liability attributable to the District is \$130,115,851. The nonemployer allocation percentages are based on the ratio of the State's contributions made as an employer and nonemployer towards the actuarially determined contribution amount adjusted by locations who participated in the State early retirement incentives to total contributions to TPAF during the year ended June 30, 2014.

Actuarial Assumptions

The total pension liability for the June 30, 2014 measurement date was determined by an actuarial valuation as of July 1, 2013, which was rolled forward to June 30, 2014. The total pension liability for the June 30, 2013 measurement date was determined by an actuarial valuation as of July 1, 2013. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

	<u>TPAF</u>
Inflation Rate	2.50%
Salary Increases:

Pension Plan Fiduciary Net Position

Detailed information about the TPAF pension plan's fiduciary net position is available in the separately issued financial report from the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits, website at www.state.nj.us/treasury/pensions.

E. Post-Retirement Medical Benefits

The State of New Jersey sponsors and administers the post-retirement health benefit program plans for school districts. The Plans are classified as either single employer plans or cost sharing multiple employer defined benefit plans depending on the plan the eligible employee is covered under.

As a result of implementing Governmental Accounting Standards Board (GASB) Statement No. 43, Financial Reporting for Post-employment Benefit Plans Other than Pension Plans (OPEB), effective for Fiscal Year 2007, the State Health Benefits Program (SHBP), and the Prescription Drug Program (PDP), and Post-Retirement Medical (PRM) of the PERS and TPAF are combined and reported as Pension and Other employee Benefit Trust Funds in the State's Comprehensive Annual Financial Report (CAFR). Specifically, SHBP-State, and the PRM of the PERS are combined and reported as a Health Benefits Program Fund – State classified as a single employer plan. The SHBP-Local, PDP-Local, and the PRM of the TPAF-Local are combined and reported as Health Benefits Program Fund –Local Government classified as a cost-sharing multiple-employer plan in the State's CAFR. The post-retirement benefit programs had a total of 590 state and local participating employers and contributing entities for Fiscal Year 2014.

The State of New Jersey sponsors and administers the following health benefit programs covering certain state and local government employees, including those Board employees and retirees eligible for coverage.

Health Benefits Program Fund (HBPF) – Local Education (including Prescription Drug Program Fund) – The State of New Jersey provides paid coverage to members of the Teachers' Pension and Annuity Fund who retire from a board of education or county college with 25 years of service or on a disability retirement. Under the provisions of P.L. 1992, c.126, the State also provides paid coverage to members of the Public Employees' Retirement System and Alternate Benefits Program who retire from a board of education or county college with 25 years of service or on a disability retirement if the member's employer does not provide this coverage. Certain local participating employers also provide post-retirement medical coverage to their employees. Retirees who are not eligible for state paid health coverage at retirement can continue in the program if their employer participates in this program or if they are participating in the health benefits plan of their former employer and are enrolled in Medicare parts A and B by paying the cost of the insurance for themselves and their covered dependents. Also, education employees are eligible for the PDP coverage after 60 days of employment.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above Fund. The financial reports may be accessed via the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, website at www.state.nj.us/treasury/pensions.

NOTE 4 OTHER INFORMATION (Continued)

E. Post-Retirement Medical Benefits (Continued)

Basis of Accounting

The financial statements of the health benefit programs are prepared on the accrual basis of accounting. Employer contributions are recognized when payable to the health benefit programs. Benefits or refunds are recognized when due and payable in accordance with the terms of the health benefit programs.

Significant Legislation

P.L. 2011, c.78, effective October 2011, sets new employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to this new legislation's effective date with a minimum contribution required to be at least 1.5% of salary.

Investment Valuation

Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair values,

Funded Status and Funding Progress

As of July 1, 2013, the most recent actuarial valuation date, the State had a \$53.0 billion unfunded actuarial accrued liability for other post-employment benefits (OPEB) which is made up to \$19.7 billion for state active and retired members and \$33.3 billion for education employees and retirees that become the obligation of the State of New Jersey upon retirement.

The funded status and funding progress of the OPEB includes actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the OPEB in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at the point in time. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and members in the future.

Actuarial Methods and Assumptions

In the July 1, 2013, OPEB actuarial valuation, the projected unit credit was used as the actuarial cost method. The actuarial assumptions included an assumed investment rate of return of 4.50 percent.

NOTE 4 OTHER INFORMATION (Continued)

E. Post-Retirement Medical Benefits (Continued)

Post-Retirement Medical Benefits Contributions

P.L. 1987, c. 384 and P.L. 1990, c.6 required the Teachers' Pension and Annuity Fund (TPAF) and Public Employees' Retirement System (PERS), respectively to fund post-retirement medical benefits for those State employees and education employees who retire after accumulating 25 years of credited service or on a disability retirement. As of June 30, 2014, there were 103,432, retirees receiving post-retirement medical benefits and the State contributed \$1.04 billion on their behalf. The cost of these benefits is funded through contributions by the State and in accordance with P.L. 1994, c.62. Funding of post-retirement medical benefits changed from a pre-funding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

The State is also responsible for the cost attributable to P.L. 1992, c.126, which provides employer paid health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$165.8 million toward Chapter 126 benefits for 18,122 eligible retired members in Fiscal Year 2014.

The State sets the contribution rate based on a pay as you go basis and not on the annual required contribution of the employers (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The State's contributions to the State Health Benefits Program Fund for TPAF retirees' post-retirement benefits on behalf of the School District for the fiscal years ended June 30, 2015, 2014 and 2013 were \$2,023,583, \$1,688,633 and \$1,745,613, respectively, which equaled the required contributions for each year. The State's contributions to the State Health Benefits Program Fund for PERS retirees' post-retirement benefits on behalf of the School District was not determined or made available by the State of New Jersey.

NOTE 5 RESTATEMENT

On July 1, 2014, the Englewood Board of Education implemented GASB Statement No. 68, "Accounting and Financial Reporting for Pensions. The Englewood Board of Education has determined that the effect of implementing this accounting change on the financial statements previously reported as of and for the fiscal year ended June 30, 2014 was to recognize the District's proportionate share of the Public Employees' Retirement System's (PERS) net pension liability, deferred outflows of resources and deferred inflows of resources with a corresponding reduction in the unrestricted component of net position in the amount of \$13,940,689. The result of this restatement is to reduce total net position of Governmental Activities at June 30, 2014 from \$56,909,632 as originally reported to \$42,968,943 as adjusted for the effects of the change in accounting principle.

ENGLEWOOD BOARD OF EDUCATION REQUIRED SUPPLEMENTARY INFORMATION SCHEDULE OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE BUDGET AND ACTUAL NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2015

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America, with the exception of the legally mandated revenue recognition of certain state aid payments for budgetary purposes only and the treatment of encumbrances in the special revenue fund as described below. Encumbrance accounting is also employed as an extension of formal budgetary integration of the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the Special Revenue Funds are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The following presents a reconciliation of the General and Special Revenue Funds from the budgetary basis of accounting as presented in the Budgetary Comparison Schedule - General Fund and Special Revenue Fund to the GAAP basis of accounting as presented in the Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Funds.

Sources/inflows of resources		General <u>Fund</u>	Special Revenue <u>Fund</u>
Actual amounts (budgetary basis) "revenue"			
from the budgetary comparison schedule Difference - Budget to GAAP:	\$	65,074,465	\$ 4,037,888
Grant accounting budgetary basis differs from GAAP in that			
encumbrances are recognized as expenditures, and the related			
revenue is recognized.			50.000

STATISTICAL SECTION

This part of the Englewood Board of Education's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents Exhibits

Financial Trends

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

J-1 to J-5

Revenue Capacity

These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.

J-6 to J-9

Debt Capacity

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

J-10 to J-13

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

J-14 and J-15

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs. J-16 to J-20

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Trustees Englewood Board of Education Englewood, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in <u>Government Auditing Standards</u> issued by the Comptroller General of the United States and audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Englewood Board of Education as of and for the fiscal year ended June 30, 2015 and the related notes to the financial statements, which collectively comprise the Englewood Board of Education's basic financial statements and have issued our report thereon dated December 17, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Englewood Board of Education's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Englewood Board of Education's internal control. Accordingly, we do not express an opinion on the effectiveness of the Englewood Board of Education's internal control.

A <u>deficiency in internal control</u> exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A <u>material weakness</u> is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A <u>significant deficiency</u> is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2015-001 and 2015-002 that we consider to be significant deficiencies in internal control over financial reporting.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Englewood Board of Education's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under <u>Government Auditing Standards</u> and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and which are described in the accompanying schedule of findings and questioned costs as items 2015-001 and 2015-002.

We also noted certain matters that are not required to be reported under <u>Government Auditing Standards</u> that we reported to management of the Englewood Board of Education in a separate report entitled, "Auditor's Management Report on Administrative Findings – Financial, Compliance and Performance" dated December 17, 2015.

Englewood Board of Education's Responses to Findings

The Englewood Board of Education's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The Englewood Board of Education's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Englewood Board of Education's internal control or on compliance. This report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the Englewood Board of Education's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY U.S. OMB CIRCULAR A-133 AND SCHEDULE OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE REQUIRED BY NEW JERSEY OMB CIRCULAR 15-08

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Trustees Englewood Board of Education Englewood, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the Englewood Board of Education's compliance with the types of compliance requirements described in the <u>U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement</u> and the <u>New Jersey OMB Circular 15-08 State Aid/ Grant Compliance Supplement</u> that could have a direct and material effect on each of Englewood Board of Education's major federal and state programs for the fiscal year ended June 30, 2015. The Englewood Board of Education's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Englewood Board of Education's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; U.S. OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and New Jersey OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards and Circulars require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Englewood Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Englewood Board of Education's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the Englewood Board of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2015.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with U.S. OMB Circular A-133 and New Jersey OMB Circular 15-08 and which are described in the accompanying schedule of findings and questioned costs as items2015-003 and 2015-004. Our opinion on each major federal and state program is not modified with respect to these matters.

The Englewood Board of Education's responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The Englewood Board of Education's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control Over Compliance

Management of the Englewood Board of Education is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Englewood Board of Education's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with U.S. OMB Circular A-133 and New Jersey OMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Englewood Board of Education's internal control over compliance.

A <u>deficiency in internal control over compliance</u> exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A <u>material weakness in internal control over compliance</u> is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A <u>significant deficiency in internal control over compliance</u> is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a certain deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2015-003 that we consider to be a significant deficiency.

The Englewood Board of Education's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The Englewood Board of Education's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of U.S. OMB Circular A-133 and New Jersey OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

Report on Schedules of Expenditures of Federal Awards Required by U.S. OMB Circular A-133 and Schedule of Expenditures of State Financial Assistance Required by New Jersey OMB Circular 15-08

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Englewood Board of Education, as of and for the fiscal year ended June 30, 2015 and the related notes to the financial statements, which collectively comprise the Board of Education's basic financial statements. We issued our report thereon dated December 17, 2015, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards as required by U.S. OMB Circular A-133 and schedule of expenditures of state financial assistance as required by New Jersey OMB Circular 15-08 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are fairly stated in all material respects in relation to the basic financial statements as a whole.

ENGLEWOOD BOARD OF EDUCATION NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1 GENERAL

The accompanying schedules present the activity of all federal and state financial assistance programs of the Englewood Board of Education. The Board of Education is defined in Note 1(A) to the Board's financial statements. All federal financial assistance received directly from federal agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2 BASIS OF ACCOUNTING

The accompanying schedules are prepared and presented using the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These basis of accounting are described in Notes 1(C) to the Board's financial statements. The information in these schedules is presented in accordance with requirements of U.S. OMB Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations" and New Jersey OMB Circular 15-08, "Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid". Therefore, some amounts presented in these schedules may differ from the amounts presented in, or used in the preparation of, the financial statements.

NOTE 3 RELATIONSHIP TO FINANCIAL STATEMENTS

The financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on a modified accrual basis with the exception of the revenue recognition of the delayed state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2.. For GAAP purposes, those payments are not recognized until the subsequent year due to the state deferral and recording of certain state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, which may include the delayed state aid payments, whereas the GAAP basis does not. The special revenue fund also recognizes the delayed state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is a decrease of \$6,547 for the general fund and a decrease of \$32,733 for the special revenue fund. See the Notes to Required Supplementary Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's financial statements on a GAAP basis as presented as follows:

	Federal	<u>State</u>	<u>Total</u>
General Fund	\$ 197,733	\$ 15,064,451	\$ 15,262,184
Special Revenue Fund	2,159,543	1,807,550	3,967,093
Capital Projects Fund		162,511	162,511
Food Service Fund	 1,346,494	 70,089	 1,416,583
Total Financial Assistance	\$ 3,703,770	\$ 17,104,601	\$ 20,808,371

ENGLEWOOD BOARD OF EDUCATION NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 4 RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules may not necessarily agree with the amounts reported in the related federal and state financial reports due to timing differences between the District's fiscal year and grant program years.

NOTE 5 OTHER INFORMATION

Revenues and expenditures reported under the National School Lunch Program as non-cash assistance represent current year value received and current year distributions, respectively of the Federal Food Distribution Program. TPAF Social Security contributions in the amount of \$1,997,057 represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the fiscal year ended June 30, 2015. The amount reported as TPAF Pension System Contributions in the amount of \$1,274,699 and TPAF Post-Retirement Medical Benefits Contributions in the amount of \$2,023,583 represents the amount paid by the State on behalf of the District for the fiscal year ended June 30, 2015.

NOTE 6 ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT

On-behalf State Programs for TPAF Pension and Post-Retirement Medical Benefits Contributions are not subject to a State single audit and, therefore, are excluded from major program determination. The Schedule of State Financial Assistance provides a reconciliation of State financial assistance reported in the District's financial statements and the amount subject to State single audit and major program determination.

Part 2 – Schedule of Financial Statement Findings

This section identifies the significant deficiencies, material weaknesses, fraud, illegal acts, violations of provisions of contracts and grant agreements and abuse related to the financial statements in accordance with Government Auditing Standards.

Finding 2015-001

Our audit of outstanding purchase orders revealed the following:

- Prior year cancelled and reclassified purchase orders remained open in the computer system.
- Certain purchase order balances classified as accounts payable were deemed overstated or invalid at year end.
- Certain purchase orders classified as encumbrances were determined to be accounts payable.
- Certain unrecorded balances for June services deemed to be accounts payable were noted in the General Fund.

Criteria or specific requirement

State Department of Education GAAP Technical Systems Manual pursuant to N.J.S.A. 18A:4-14 and NJAC 6A:23A-16.1.

Condition

Certain purchase orders in the General Fund, Special Revenue Fund and Capital Projects Fund were deemed overstated or not properly classified (i.e., accounts payable or encumbrances). In addition, certain contract balances and utility charges in the General Fund were unrecorded at year end.

Context

Accounts payable balances in the General Fund and Special Revenue Fund in the amounts of \$967,639 and \$123,755, respectively, were deemed overstated and cancelled at year end. Encumbrances were reclassified to accounts payable in the Capital Projects Fund in the amount of \$217,119. A balance in the amount of \$209,447 was unrecorded in the General Fund for tuition charges and gas and electric services.

Effect

Expenditures may not properly reflect amounts incurred for the year.

Cause

Certain purchase orders and contract awards were not reviewed and properly cancelled and/or classified in the District's records at year end.

Recommendation

Purchase orders be reviewed at year end to determine that the appropriate amount is outstanding, are properly classified as an accounts payable or reserved for encumbrances, or otherwise cancelled.

View of Responsible Officials and Planned Corrective Action

Procedures will be implemented to ensure that open purchase orders are reviewed and properly classified at year end.

Part 2 - Schedule of Financial Statement Findings

This section identifies the significant deficiencies, material weaknesses, fraud, illegal acts, violations of provisions of contracts and grant agreements and abuse related to the financial statements in accordance with Government Auditing Standards.

Finding 2015-002

Our review of the Capital Projects Fund revealed certain project costs were not funded by the District at June 30, 2015 in the amount of \$454,795.

Criteria or specific requirement

GAAP Technical Systems Manual; NJAC 6A:23A-16

Condition

The District did not transfer sufficient capital reserve to fund expenditures incurred for the High School steam heating project in the amount of \$454,795.

Context

See Finding 2015-001 and condition.

Effect

The High School steam heating south building project balance in the Capital Projects Fund is unfunded resulting in the project being in a deficit funded position at June 30, 2015.

Cause

District awarded a contract in an amount that exceeded the available project balance.

Recommendation

Appropriate action be taken to provide funding for the unfunded project costs that exist at year end in the Capital Projects Fund.

View of Responsible Officials and Planned Corrective Action

Management has reviewed this finding and indicated it will take the necessary action to fund these amounts.

Part 3 - Schedule of Federal and State Award Findings and Questioned Costs

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance, including questioned costs, related to the audit of major federal and state programs, as required by OMB Circular A-133 and New Jersey OMB's Circular 15-08.

CURRENT YEAR FEDERAL AWARDS

There were none.

Part 2 - Schedule of Financial Statement Findings

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance, including questioned costs, related to the audit of major federal and state programs, as required by OMB Circular A-133 and New Jersey OMB's Circular 15-08.

CURRENT YEAR STATE AWARDS

Finding 2015-003

Our audit of purchases and procedures related to compliance with the Public School Contracts Law revealed the following:

- Purchasing requirements that apply to national cooperative contract awards were not in compliance with the Public School Contracts Law.
- Professional service contract award was not subsequently advertised.
- Certain contract awards in excess of the bid threshold were not approved in the minutes.
- Certain contract information was not available to support purchases made through State and cooperative purchasing contracts.
- Aggregate purchases in excess of the bid threshold for musical instruments and bleacher repairs were not publicly advertised for bids.

State program information:

Security Aid	495-034-5120-084
Special Education Aid	495-034-5120-089
School Choice Aid	495-034-5120-068
Adjustment Aid	495-034-5120-085
Additional Adjustment Aid	495-034-5120-085
PARCC Readiness Aid	495-034-5120-098
Per Pupil Growth Aid	495-034-5129-097

Criteria or specific requirement:

State Grant Compliance Supplement – State Aid – Public NJSA 18A:18A – Public School Contracts Law

Condition:

Purchases of various goods and services were made which were not in accordance with the procedures specified in the Public School Contracts Law.

Questioned Costs:

None.

Part 3 - Schedule of Federal and State Award Findings and Questioned Costs (Cont'd)

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance, including questioned costs, related to the audit of major federal and state programs, as required by OMB Circular A-133and New Jersey OMB's Circular 15-08.

CURRENT YEAR STATE AWARDS (Continued)

Finding 2015-003 (Continued)

Context:

We noted one (1) contract in excess of the bid threshold that was awarded through a national cooperative purchasing agreement that was not procured in accordance with requirements of the Local Public School Contracts Law. We noted one (1) professional service contract award that was not subsequently advertised in the official newspaper. We noted four (4) instances for certain contracts for goods and services in excess of the bid threshold that were not approved in the minutes. We noted five (5) instances in which supporting contract information was not available for purchases made through State and cooperative purchasing contract vendors. We noted total purchases for bleacher repairs and musical instruments which were in excess of the bid threshold that were not publicly advertised for bids.

Effect:

Noncompliance with the Public School Contracts Law.

Cause:

See condition.

Recommendation:

Continued efforts be made to ensure purchases and contract awards in excess of the bid threshold are made in accordance with the Public School Contracts Law.

View of Responsible Officials and Planned Corrective Action:

Management has reviewed this finding and has indicated it will review and revise its procedures to ensure corrective action is taken.

Part 3 - Schedule of Federal and State Award Findings and Questioned Costs (Cont'd)

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance, including questioned costs, related to the audit of major federal and state programs, as required by OMB Circular A-133and New Jersey OMB's Circular 15-08.

CURRENT YEAR STATE AWARDS (Continued)

Finding 2015-004:

Our audit of Extraordinary Aid revealed that the intensive related service reported for certain students' on the application for State Extraordinary Aid was not included in the students' Individual Education Plan (IEP).

State Program Information:

Extraordinary Special Education Aid

100-034-5120-473

Criteria or Specific Requirement:

State Grant Compliance Supplement

Condition:

Certain students' IEP's did not indicate that the student was required to receive intensive related services as reported in the Extraordinary Aid application.

Questioned Costs:

Unknown.

Context:

Four (4) students tested out of ten (10) sampled did not have the intensive related service included in their IEP that was reported on the Extraordinary Aid application.

Cause

Certain students included on the Extraordinary Aid application did not have the intensive related service in their respective IEP that was reported in the Extraordinary Aid application.

Effect:

Certain students included on the Extraordinary Aid application may not have met eligibility requirements of the Aid program.

Part 3 - Schedule of Federal and State Award Findings and Questioned Costs (Cont'd)

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance, including questioned costs, related to the audit of major federal and state programs, as required by OMB Circular A-133and New Jersey OMB's Circular 15-08.

CURRENT YEAR STATE AWARDS (Continued)

Finding 2015-004: (Continued)

Recommendation:

Internal control procedures be reviewed and revised to ensure student IEP's specifically identify intensive related services reported on the application for State Extraordinary Aid.

Views of Responsible Officials and Planned Corrective Action Plan:

Management has reviewed this finding and has indicated it will review and revise its procedures to ensure corrective action is taken.

ENGLEWOOD BOARD OF EDUCATION SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE FISCAL YEAR ENDED JUNE 30, 2015

This section identifies the status of prior-year findings related to the basic financial statements and federal and state awards that are required to be reported in accordance with Chapter 6.12 of *Government Auditing Standards*, U.S. OMB Circular A-133 (section .315(a)(b)) and New Jersey OMB's Circular 04-04.

STATUS OF PRIOR YEAR FINDINGS

Finding 2014-001

Condition

A certain purchase order in the General Fund for construction services was not encumbered in accordance with the approved contract award. We also noted a purchase order was encumbered for construction services however a valid contract was not approved or entered into by the District. In addition we noted certain encumbrances in the Special Revenue fund that were deemed inappropriate at year end.

Current Status

See Finding 2015-001.

Finding 2014-002

Condition

At least 85% of the allowable federal program grant awards were not expended during the available grant period of July 1, 2013 through June 30, 2014.

Current Status

Corrective action was taken.

Finding 2014-003

Condition

Amounts reported as expended in the 2012/2013 and 2013/2014 IDEA Basic final reports were not in agreement with the District's budget reports. The amount reported as expended in System for Administering Grants Electronically (SAGE) was overstated in 2012/2013 and understated in 2013/2014.

Current Status

Corrective action was taken.

ENGLEWOOD BOARD OF EDUCATION SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE FISCAL YEAR ENDED JUNE 30, 2015

This section identifies the status of prior-year findings related to the basic financial statements and federal and state awards that are required to be reported in accordance with Chapter 6.12 of *Government Auditing Standards*, U.S. OMB Circular A-133 (section .315(a)(b)) and New Jersey OMB's Circular 04-04.

STATUS OF PRIOR YEAR FINDINGS

Finding 2014-004

Condition

Administrative salary expenditures were classified and charged to regular programs instruction, guidance, child study team, and custodial services line accounts rather than school administration budget line accounts.

Current Status

Corrective action has been taken.

Finding 2014-005

Condition

Purchases of various goods and services were made which were not in accordance with the procedures specified in the Public School Contracts Law.

Current Status

See Finding 2015-003.
