October 2, 2015

Commissioner New Jersey Department of Education 100 Riverview Executive Plaza CN 500 Trenton, NJ 08625

Dear Commissioner:

The Comprehensive Annual Financial Report of the Camden Prep, Inc. for the fiscal year ended June 30, 2015, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the school. To the best of our knowledge and belief, the data presented in this report are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the school. All disclosures necessary to enable the reader to gain an understanding of the school's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter and list of principal officials. The financial section includes the general-purpose financial statements and schedules, as well as the auditor's report. The statistical section includes audited data from the school's first six fiscal years. The school is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996 and the U. S. Office of Management and Budget Circular A-133, "Audits of State and Local Governments and Non-Profit Organizations," and the State Treasury Circular Letter 15-08 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments." Information related to this single audit, including the auditors' reports on internal control and compliance with applicable laws and regulations and findings and recommendations is included in the single audit section of this report.

1) <u>**REPORTING ENTITY AND ITS SERVICES:**</u> Camden Prep, Inc. constitutes an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board (GASB). All funds and account groups of the entity are included in this report.

Uncommon Schools Camden Prep 1500 S. 8th Street Camden, NJ 08104 P: 609 238 0215

www.camdenprep.uncommonschools.org

2) <u>ENROLLMENT OUTLOOK:</u> Uncommon Schools Camden Prep, Inc. opened its doors in August 2014. In its first charter year, Camden Prep served a cohort of 66 kindergarten students.

Camden Prep operates an extended school year. Students attend classes from 8:00am to 4:00pm, which is more than an hour longer than most public schools. In addition, programs are available from 7:30 a.m. to 5:30 p.m. In 2014-2015, there were approximately 22 students per class.

- 3) <u>MAJOR ACCOMPLISHMENTS</u> As with every Uncommon School, Camden Prep teachers utilize STEP Assessments from the University of Chicago to gauge progress in literacy. Throughout the school year, Camden Prep's performance on the STEP assessment grew significantly. At the initial STEP Assessment in September, 19% of scholars achieved the benchmark. By the June STEP Assessment, however, 90% of scholars were on or above the end of year benchmark.
- 4) **INTERNAL ACCOUNTING CONTROLS:** Management of the Renaissance School is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the school are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived: and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the school also is responsible for ensuring that an adequate control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the school management.

As part of the school's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the school has complied with applicable laws and regulations.

5) <u>BUDGETARY CONTROLS</u>: In addition to internal accounting controls, the school maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the school and the State of New Jersey. Annual appropriated budgets are adopted for the general fund and the special revenue fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line-item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balances at June 30, 2015.

- 6) <u>ACCOUNTING SYSTEM AND REPORTS</u>: The Renaissance Schools' accounting records reflect generally accepted accounting principles, as promulgated by the Government Accounting Standards Board (GASB). The accounting system of the school is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements," Note 1.
- 7) **FINANCIAL INFORMATION AT FISCAL YEAR–END:** As demonstrated by the various statements and schedules included in the financial section of report, the school continues to meet its responsibility for sound financial management. The following schedule presents a summary of the general fund and special revenue fund for the fiscal year ended June 30, 2015.

Revenue	<u>Amount</u>	Percent of Total
Local Revenue	\$30,388	1%
State Share	921,622	35%
State Aid	84,657	3%
E-rate Funding	10,706	1%
Private Funding -General FD	1,539,718	57%
Federal Aid - Special Revenue	82,365	2%
Private Grants - Special Revenue	30,282	1%
	\$2,699,738	100%

The following schedule presents a summary of the General Fund, Special Revenue Fund and Enterprise Fund expenditures for the fiscal year ended June 30, 2015.

Expenditures	Amount	Percent of Total			
Current - General Fund	\$ 2,381,215	95%			
Special Revenue Fund	112,647	<u> </u>			
Total	\$ 2,493,862	<u>100%</u>			

- 8) <u>CASH MANAGEMENT:</u> The investment policy of the school is guided in large by the state Statute as detailed in "Notes to the Financial Statements," Note 2. The school had adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with failed banking institutions in New Jersey. The law requires governmental units to deposit funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.
- 9) <u>**RISK MANAGEMENT:**</u> The school carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, and hazard and theft insurance on property and contents.

10) OTHER INFORMATION:

Independent Audit – State statutes require an annual audit by an independent Certified Public Accountant or Registered Municipal Accountant. The Accounting firm of Scott J. Loeffler, CPA was selected by the Renaissance School. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act Amendments of 1996 and the related OMB Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations,* and New Jersey OMB Circular NJOMB 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* The auditor's report on the basic financial statements and specific required supplementary information is included in the financial section of this report. The auditors' reports related specifically to the single audit are included in the single audit section of this report.

Respectfully submitted,

michal (

Independent Auditor's Report

The Honorable Chairman and Members of the Board of Trustees Camden Prep, Inc. County of Camden Camden, New Jersey

Report on the Financial Statements

I have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Trustees of the Camden Prep, Inc., County of Camden, State of New Jersey, as of and for the fiscal year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Camden Prep, Inc.'s basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States *and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.* Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Camden Prep, Inc. as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Adoption of New Accounting Pronouncement

As discussed in Note 6 to the financial statements, in the fiscal year ended June 30, 2015, the Camden Prep, Inc. adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 68, Accounting and Financial Reporting for Pensions. My opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *Management's Discussion and Analysis and Budgetary Comparison Information* as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Camden Prep, Inc.'s basic financial statements. The accompanying supplementary information, which consists of the introductory section, combining and individual fund financial statements and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid* respectively, and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the

underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly presented, in all material respects, in relation to the basis financial statements as a whole.

The accompanying other information such as the introductory and statistical sections has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, I do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated October 2, 2015 on my consideration of the Camden Prep, Inc.'s internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Camden Prep, Inc.'s internal control over financial reporting and compliance.

Licensed Public School Accountant No. 870

Scott J. Loeffler CPA October 2, 2015

REQUIRED SUPPLEMENTARY INFORMATION MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Camden Prep, Inc. annual financial report presents its discussion and analysis of the Board's financial performance during the fiscal year that ended on June 30, 2015. Please read it in conjunction with the transmittal letter at the front of this report and the Board's financial statements, which immediately follows this section.

FINANCIAL HIGHLIGHTS

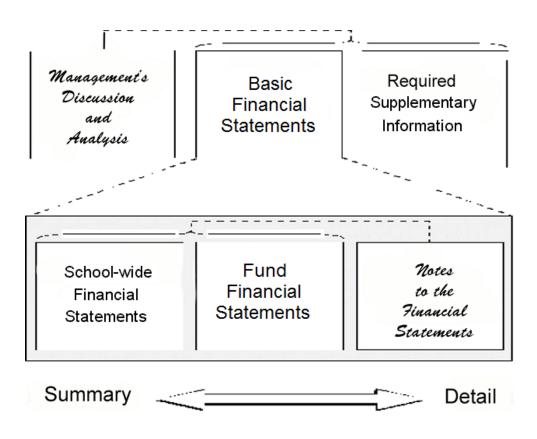

Key financial highlights for the 2014-15 initial year include the following:

- Total Net Position was \$205,876.
- The General Fund balance at June 30, 2015 is \$205,876.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of the annual report consists of four parts – Independent Auditor's Report, required supplementary information that includes the management's discussion and analysis (this section), the basic financial statements, and supplemental information. The basic financial statements include two kinds of statements that present different views of the Camden Prep, Inc..

- The first two statements are school-wide financial statements that provide both short-term and long-term information about the Camden Prep, Inc.'s overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the Camden Prep, Inc., reporting the Camden Prep, Inc.'s operation in more detail than the school-wide statements.
- The governmental funds statements tell how basic services such as regular and special education were financed in short term as well as what remains for future spending.
- Proprietary funds statements offer short- and long-term financial information about the Food Service activities the Camden Prep, Inc. operates like businesses, per government definition.

The financial statements also include notes that explain some of the information in the statements and provide data that are more detailed. Figure A-1 summarizes the major features of the Camden Prep, Inc.'s financial statements, including the portion of the Camden Prep, Inc.'s activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

	School-wide Statements	Fund Financial St	tatements
		Governmental Funds	Proprietary Funds
Scope	Entire school (except fiduciary funds)	The activities of the Camden Prep, Inc. that are for the school operations and not proprietary or fiduciary, such as teachers' salaries, special education and building maintenance, food service, and community education	Activities the Camden Prep, Inc. operates similar to private businesses: Internal service fund
Required financial statements	Statement of net position	Balance sheet	Statement of net position
statements	Statement of activities	Statement of revenue expenditures and changes in fund balances	Statement of revenue, expenses, and changes in fund net position
Accounting Basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial focus	Statement of cash flows Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon there after; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, and short-term and long- term
Type of inflow/out flow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable	All revenues and expenses during the year, regardless of when cash is received or paid

Figure A-2 - Major Features of the School-Wide and Financial Statements

School-wide Statements

The school-wide statements report information about the Camden Prep, Inc. as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the Camden Prep, Inc.'s assets and liabilities. All of the current year's revenue and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two school-wide statements report the Camden Prep, Inc.'s net position and how they have changed. Net position – the difference between the Camden Prep, Inc.'s assets and liabilities – are one way to measure the Camden Prep, Inc.'s financial health or position.

• Over time, increases or decreases in the Camden Prep, Inc.'s net position are an indicator of whether its financial position is improving or deteriorating, respectively.

In the school-wide financial statements, the Camden Prep, Inc.'s activities are shown in two categories:

- *Governmental activities* Most of the Camden Prep, Inc.'s basic services are included here, such as regular and special education, transportation, administration, food services, and community education.
- *Business-type activities* The Camden Prep, Inc. did not have a Food Service Fund for the fiscal year ended June 30, 2015.

Fund Financial Statements

The fund financial statements provide more detailed information about the Camden Prep, Inc.'s funds – focusing on its most significant or "major" funds – not the Camden Prep, Inc. as a whole.

Funds are accounting devices the Camden Prep, Inc. uses to keep track of specific sources of funding and spending on particular programs:

• Some funds are required by State law.

The Camden Prep, Inc. uses other funds, established in accordance with the State of New Jersey Uniform Chart, to control and manage money for particular purposes (e.g., repaying its long-term debts) or to show that it is properly using certain revenues (e.g., federal funds).

The Camden Prep, Inc. has three kinds of funds:

- **Governmental funds** Most of the Camden Prep, Inc.'s basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the Camden Prep, Inc.'s programs. Because this information does not encompass the additional long-term focus of the school-wide statements, we provide additional information at the bottom of the governmental funds statements that explain the relationship (or differences) between them.
- **Proprietary funds** Services for which the Camden Prep, Inc. charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the school-wide statements.
- **Fiduciary funds** The Camden Prep, Inc. is the trustee, or *fiduciary*, for assets that belong to others such as scholarship fund, payroll and payroll agency funds, and student activity funds. The Camden Prep, Inc. is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the Camden Prep, Inc.'s fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. I exclude these activities from the Camden Prep, Inc.'s government-wide financial statements because the Camden Prep, Inc. cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE CAMDEN PREP AS A WHOLE

Net position. The Camden Prep, Inc.'s net position is \$205,876 on June 30, 2015. (See Table A-1).

Governmental

\$205,876

The Statement of Net Position of \$205,876 reflects total capital assets of \$0 net of assumed depreciation from inception.

The Camden Prep, Inc.'s financial position is the product of these factors:

- Total revenues during the 2014-15 school year were \$2,699,738.
- Total expenditures during the 2014-15 school year were \$2,493,862.

UNRESERVED-UNDESIGNATED FUND BALANCE AS A PERCENTAGE OF EXPENDITURES

The following table shows the General Fund unreserved-undesignated fund balance.

Table A-6CAMDEN PREP, INCChanges in Net Position - School WideFor the Fiscal Year Ended June 30

General Fund	<u>2015</u>
Unreserved-Undesignated	
Fund Balance	205,876
Expenditures	2,493,862
Percentage	8%

The Camden Prep, Inc. values its fund balances as a vehicle for addressing unbudgeted and emergent needs that occur during school year.

FACTORS BEARING ON THE SCHOOL'S FUTURE

At the time these financial statements were prepared and audited, the Camden Prep, Inc. was aware of these existing circumstances that could significantly affect its financial health in the future:

• Future State Aid may be reduced due to the State's new criteria utilized in calculating allocations of State Aid.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

By the end of the fiscal year ended June 30, 2015, in the General Fund, the Camden Prep, Inc. had no capital assets.

Total General Fund depreciation expense for the year was \$-0-.

NOTES TO THE BASIC FINANCIAL STATEMENTS

1. <u>DESCRIPTION OF THE RENAISSANCE SCHOOL AND REPORTING ENTITY</u>

Camden Prep, Inc. (the "Renaissance School") was incorporated in the State of New Jersey as a non-forprofit corporation for the purpose of operating a public school under the Urban Hope Act which provides a process for authorized entities to operate and manage "Renaissance School Projects" as public schools. The Renaissance School's Board of Trustees (the Board) is responsible for the fiscal control of the Renaissance School. Under the existing the statutes, the Renaissance School's duties and powers include, but are not limited to the development and adoption of a school program; the establishment, organization and operation of schools; and the acquisition, maintenance and disposition of school property.

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements of the Renaissance School are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the Renaissance School. For the Renaissance School, this includes general operations, food service and student related activities of the Renaissance School.

The primary criterion for including activities within the Renaissance School's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is the degree of oversight responsibility maintained by the Renaissance School. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, and ability to significantly influence operations and accountability for fiscal matters. The combined financial statements include all funds of the Renaissance School over which the Board exercises operating control. Based on the aforementioned criteria, the Renaissance School has no component units to be included in the reporting entity. Further, the Renaissance School is not includable in any other reporting entity on the basis of such criteria.

The Camden Prep, Inc. Board of Trustees also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls.

Its mission is to establish a Renaissance school to serve as a neighborhood resource and as a model for other similar schools. The Camden Prep, Inc. is committed to achieving the New Jersey Core Curriculum Content Standards and producing high academic achievement by all students.

2. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

This summary of significant accounting policies of Camden Prep, Inc. is presented to assist in understanding the Renaissance School's financial statements and notes are a representation of the Renaissance School's management, who is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles in the United States as applied to governmental units and have been consistently applied in the preparation of these financial statements.

The financial statements of the Camden Prep, Inc. (the "Renaissance School") have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Governmental Accounting Standards Board publication, <u>Codification of Governmental Accounting and</u> <u>Financial Reporting Standards</u>, Section 2100, "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity.

The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility includes financial interdependency and a resulting financial benefit or burden relationship, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. In addition, certain legally separate, tax-exempt entities that meet specific criteria (i.e. benefit of economic resources, access/entitlement to economic resources and significances) should be included in the financial reporting entity. The combined financial statements include all funds of the school over which the Board exercises operating control. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the School is not includable in any other reporting entity on the basis of such criteria.

The governmental activities generally are financed through federal and state awards, taxes and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

A. <u>Basis of Presentation</u>

The Renaissance School's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements that provide a more detailed level of financial information.

2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)</u>

Renaissance School Government-wide Financial Statements

The statement of net position and the statement of activities display information about the Renaissance School as a whole. These statements include the financial activities of the Renaissance School, except for fiduciary funds.

The statement of net position presents the financial condition of the governmental and business-type activities of the Renaissance School at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the Renaissance School's governmental and business-type activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues of the Renaissance School, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the Renaissance School.

The governmental activities generally are financed through federal and state awards, taxes and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

Fund Financial Statements

Fund financial statements of the Renaissance School are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditure/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the Renaissance School. The New Jersey Department of Education (NJDOE) requires that all funds be reported as major, as it is considered important for public interest and to promote consistency among Renaissance Schools financial reporting in the State of New Jersey.

B Fund Accounting

The Renaissance School segregates transactions related to certain Renaissance School functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Renaissance School at a more detailed level.

2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)</u>

Governmental Funds

Governmental funds are those funds through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the Renaissance Schools' major governmental funds:

General Fund - The General Fund is the primary operating fund of the Renaissance School. It is used to account for all financial resources except those that are legally or administratively required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the Capital Outlay sub-fund.

As required by the New Jersey Department of Education, the Renaissance School included budgeted capital outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey aid and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of ground, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to current expense by board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major Capital Projects, Debt Service or the Enterprise Funds) and local appropriations that legally restricted to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election. As of June 30, 2015 there was no Capital Projects Fund.

2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)</u>

Proprietary Funds

The focus of Proprietary Funds' measurement is upon determination of net income, changes in net position, financial position and cash flows. The generally accepted accounting principles applicable are those to similar to business in the private sector. The following is a description of the Proprietary Funds of the Renaissance School:

Enterprise Funds - The Enterprise Fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the Renaissance School is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods and services to the students on a continuing basis be financed or recovered primarily through user charges; or where the Renaissance School has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriated for capital maintenance, public policy, management control, accountability or other purposes.

All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities, whether current or non-current, associated with their activity are included on their balance sheets. Their reported fund equity (net total assets) is segregated into contributed capital and unreserved retained earnings, if applicable. Proprietary fund type operating statements present increases (revenue) and decreases (expenses) in net total assets.

Fiduciary Funds

Fiduciary or trust and Agency Funds are used to account for assets held by the Renaissance School in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds. This fund category includes:

Trust Funds - Expendable Trust Funds (unemployment compensation) are accounted for in essentially the same manner as the governmental funds. The unemployment compensation trust fund is used to account for contributions from employees and the employer (the Renaissance School) and interest earned on the balance as well as payments to the State for reimbursements of unemployment claims.

Agency Funds – Agency funds (Payroll, Health Benefits and Student Activity Fund) are used to account for the assets that the Renaissance School holds on behalf of others as their agent. Agency funds are custodial in nature and do not involved measurement of results of operations.

2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)</u>

C Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. *Basis of accounting* refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide statements of net position and the statement of activities, both governmental and business-like activities are presented using the economic resources measurement focus. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statement of these funds present increases (i.e., revenues and other financing sources), and decreases (i.e. Expenditures and other finances uses) during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All proprietary funds are accounted for on a flow economic resources measurement focus. With this measurement focus, the accounting adjectives are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flow. All assets and all liabilities, whether current or non-current, associated with their activities are included on the balance sheet. Fund equity (i.e., net total position) is classified as net position.

Basis of Accounting

In the government wide statement of net position and statements of activities, both governmental and business like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting revenues are recognized when earned and expenses are recognized when the liability, resulting from exchange and exchange like transactions, is incurred (i. e the exchange takes place).

In the fund financial statements, governmental fund and agency funds are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available. "Measurable" means the amount of the transaction can be determine and "available" means collectible with the current period or soon enough thereafter to be used to pay liabilities of the current period. State equalization monies are recognized as revenue during the period in which they are appropriated. A one-year availability period is used for revenue recognition for all other governmental funds revenues.

2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)</u>

D Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the general and special revenue fund. The budgets are submitted to the County Office and the Education Commissioner for approval. Budgets except for the special revenue fund which is prepared using a non-GAAP budgetary basis, are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. Transfers of appropriations may be made by Renaissance School Board resolution at any time during the fiscal year subject to the limitation of P.L. 2004 c73 (S1701). The Board of Trustees did not make any material supplemental budgetary appropriations during the fiscal year.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles, with the exception of the Special Revenue Fund as noted below.

Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental funds types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognized encumbrances as expenditures and also recognized the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow of the presentation of GAAP basis financial reports.

E Cash, Cash Equivalent and Investments

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investment with a maturity of three months or less at the time of purchases and are stated at cost plus accrued interest. US Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchases are stated at cost. All other investments are stated at fair value.

New Jersey Renaissance Schools are limited as to the types of the investments and types of financial institution they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investment that may be purchased by New Jersey Renaissance Schools.

2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)</u>

Additionally, the Renaissance School has adopted a cash management plan that requires it to deposit public fund in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from loss funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. established the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan Institutions, bank (both state and national banks) and saving bank the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposit of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

F Short-Term Interfund Receivables/Payables

On the fund financial statement, receivable and payables resulting from short-term (due within one year) interfund loans are classified as interfund Receivable/Payable. interfund balances within governmental activities and within business-type activities are eliminated on the Government Wide Statements of Net Position.

G Inventories and Prepaid Expenses

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund are recorded as expenditure during the year of purchase. Inventories in the proprietary funds are valued at cost, which approximates market, using the first-in-first-out (FIFO) method.

H Capital Assets

Capital assets, which include leasehold improvements, equipment, furniture & fixtures and vehicles are reported in the applicable governmental or business-type activities columns of the Government-wide financial statements. Capital assets are defined by the Renaissance School as assets with initial, individual cost of more than \$2,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or through estimation procedures performed by an independent appraisal company.

The cost of normal repairs and maintenance that do not add to the value of the asset or materially extend the assets lives are not capitalized. Donated capital assets are capitalized at estimated fair market value on the date donated.

2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)</u>

Depreciation of capital assets is computed and recorded by the straight-line method. The following estimated useful lives are used to compute depreciation:

I Compensated Absences

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on specific event that is outside the control of the Renaissance School and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on specific event that is outside the control of the Renaissance School and its employees, are accounted for in the period in winch such services are rendered or in which such events take place.

For governmental fund financial statements, the current portion of unpaid compensated absences is in the amount expected to be paid using expendable available resources. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated unpaid leave are paid. The noncurrent portion of the liability is not reported.

The entire sick leave and vacation leave liabilities are reported on the school-wide financial statements.

The Renaissance School had no compensated absences as of June 30, 2015.

J Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, the non-current portion of compensated absences and mortgage payable (if any) that will be paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are normally expected to be paid with expendable, available financial resources.

2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)</u>

K Deferred Revenue

Deferred Revenue represents funds which have been received but not yet earned.

There is no deferred revenue in the general fund.

L Fund Balance and Equity

In February 2009, the GASB issued GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions ("GASB 54"). GASB 54 is effective for periods beginning after June 15, 2010 and establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which government is bound to observe constraints imposed upon the use of resources reported in governmental funds. Under GASB 54, fund balances in the governmental funds financial statements are reported under the modified accrual basis of accounting and classified into the following five categories, as defined below:

- 1. Nonspendable includes amounts that cannot be spent because they either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Assets included in this fund balance category include prepaid assets, inventories, long-term receivables, and corpus of any permanent funds.
- 2. Restricted includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
- 3. Committed includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority.
- 4. Assigned amounts intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed.
- 5. Unassigned includes all spendable amounts not contained in the other classifications.

When both restricted and unrestricted resources are available for use, it is the Renaissance School's policy to use restricted resources first, then unrestricted resources as they are needed. For the unrestricted fund balance, the Renaissance School first spends committed funds, then assigned funds, and finally, unassigned funds.

2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)</u>

M Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the recorded amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

N On-Behalf Payments

Revenues and expenditures of the General Fund include payments made by the State of New Jersey for Pension and social security contributions for certified teacher members of the New Jersey Teachers Pension and Annuity Fund. The amounts are not required to be included in the Renaissance School's annual budget.

O Net Position

The Camden Prep, Inc. implemented GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources and Net Position*, during the current fiscal year. This statement defines net position as the residual of all other elements presented in a statement of financial position. It is the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources. This Statement provides guidance for reporting net position within a framework that includes deferred outflows of resources and deferred inflows of resources, in addition to assets and liabilities.

The Camden Prep, Inc. implemented GASB No. 65, *Items Previously Reported as Assets and Liabilities*, during the current fiscal year. This statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

A deferred outflow of resources is a consumption of net position by the Camden Prep, Inc. that is applicable to a future reporting period. A deferred inflow of resources is an acquisition of net position by the Camden Prep, Inc. that is applicable to a future reporting period. The Camden Prep, Inc. did not have any deferred inflows or outflows of resources at June 30, 2015.

2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)</u>

Net position is displayed in three components - net investment in capital assets; restricted and unrestricted.

The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also would be included in this component of net position.

The restricted component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

3 <u>DEPOSITS AND INVESTMENTS</u>

New Jersey statutes require that Renaissance Schools deposit public funds in public depositories located in New Jersey that are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. Renaissance schools are also permitted to deposit public funds in the State of New Jersey Cash Management Fund (NJCMF), the New Jersey Arbitrage Rebate Management Fund (NJARM) and the M.B.I.A Class.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows: The market value of the collateral must equal at least 5% of the average daily balance of collected funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%. All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

3 <u>DEPOSITS AND INVESTMENTS (continued)</u>

The Renaissance School's cash and cash equivalents are classified below to inform financial statement users about the extent to which the Renaissance School's deposits and investments are exposed to custodial credit risk. As of June 30, 2015, the Renaissance School's carrying amount of deposits and investments are as follows:

	General Fund	Special Revenue	Enterprise Funds	Agency	Total
Operating A/C	\$822,721	(\$68,681)	(\$-0-)	\$15,126	\$769,166

Operating cash accounts are held in the Renaissance School's name by one banking institution. At June 30, 2015, the Renaissance School's bank balance was \$769,166.

Of the bank balance, \$250,000 of the Renaissance School's cash deposits on June 30, 2015 were secured by federal deposit insurance and \$519,166 was covered by a collateral pool maintained by the bank as required by New Jersey statutes in accordance with the New Jersey Governmental Unit Deposit protection Act ("GUDPA").

GASB Statement No. 40 requires that the Renaissance School disclose whether its deposits are exposed to custodial risk (risk that in the event of failure of the counterparty, the Renaissance School would not be able to recover the value of its deposit or investment). In general deposits are considered to be exposed to custodial risk by three categories described below:

Category 1

Insured or collateralized with securities held by the Renaissance School or by its agent in the Renaissance School's name.

Category 2

Collateralized with securities held by the pledging public depository's trust department or agent in the Renaissance School's name.

Category 3

Uncollateralized, including any deposits that are collateralized with securities held by the pledging public depository, or by its trust department or agent, but not in the Renaissance School's name.

The Renaissance School does not have a policy for the management of the custodial risk, other than depositing all of its funds in banks covered by GUDPA.

3 <u>DEPOSITS AND INVESTMENTS (continued)</u>

Investments

New Jersey statutes permit the Renaissance School to purchase the following types of securities:

- 1. Bonds or other obligations of the United States or obligations guaranteed by the United States.
- 2. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal national Mortgage Agency or of any United States Bank for Cooperatives which have a maturity date not greater than twelve months from the date of purchase.
- 3. Bonds or other obligations of the Renaissance School.
- 4. New Jersey Cash Management Fund, New Jersey Arbitrage Rebate Management Fund and MBIA CLASS.

As of June 30, 2015, the Renaissance School did not hold any investments.

4. <u>RENTAL EXPENSE</u>

The school leases its premises under the terms of non-cancelable lease. Rent expense for the year ended June 30, 2015 amounted to \$159,397.

The renewal of leases after June 30, 2015 are currently being determined.

5. <u>RELATED PARTY AND MANAGEMENT AGREEMENT</u>

Uncommon Schools Inc. (USI), a nonprofit renaissance management organization, provided management services in the amount of \$107,586 to the school during the school year. In the opinion of management, the payments approximate the market.

6. <u>PENSION PLANS</u>

<u>Description of Plans</u> - All required employees of the Charter School are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate.

6. <u>PENSION PLANS (continued)</u>

The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pension and Benefits, PO Box 295, Trenton, New Jersey, 08625 or on the internet at http://www.state.nj .us/treasury/pensions/annrpts.shtrnl.

<u>Teachers' Pension and Annuity Fund (TPAF)</u> - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple employer plan with a special funding situation, as under current statute, 100% of employer contributions are made by the State of New Jersey on behalf of the Charter School and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

<u>Summary of Significant Accounting Policies</u> - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers Pension and Annuity Fund (TPAF) and additions to/deductions from the TPAF's fiduciary net position have been determined on the same basis as they are reported by the TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The employer contributions for the Charter Schools are legally required to be funded by the State in accordance with N.J.S.A 18:66-33. Therefore, the Charter School (employer) is considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the Charter School (employer) does not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the Charter School. However, the state's portion of the net pension liability that was associated with the Charter School was \$-0-measured on June 30, 2014 and \$-0- as measured on June 30, 2013.

6. <u>PENSION PLANS (continued)</u>

For the year ended June 30, 2015, the Charter School recognized pension expense of \$-0- and revenue of \$-0- for support provided by the State. The measurement period for the pension expense and revenue reported in the Charter School's financial statements (A-2) at June 30, 2015 is based upon changes in the collective net pension liability with a measurement period of June 30, 2013 through June 30, 2014. Accordingly, the pension expense and the related revenue associated with the support provided by the State is based upon the changes in the collective net pension liability between July 1, 2013 and June 30, 2014.

Although the Charter School does not report net pension liability or deferred outflows or inflows related to the TPAF, the following schedule. illustrates the collective net pension liability and deferred items and the State's portion of the net pension liability associated with the Charter School. The collective amounts are the total of all New Jersey local governments participating in the TPAF plan.

	<u>6/30/2013</u>	6/30/2014
Collective deferred outflows of resources		\$2,306,623,861
Collective deferred inflows of resources		\$1,763,205,593
Collective net pension liability (Nonemployer- State of New Jersey)	\$50,539,213,484	\$53,446,745,367
State's portion of the net pension liability that was associated with the Charter School as a percentage of the collective net pension liability	-0-%	-0-%
of the concerve net pension indonity	-0-70	-0-70

Actuarial assumptions - The total pension liability for the June 30, 2014 measurement date was determined by an actuarial valuation as of July 1, 2013, which was rolled forward to June 30, 2014. The total pension liability for the June 30, 2013 measurement date was determined by an actuarial valuation as of July 1, 2013. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation:	2.5%
Salary Increases:	Varies based on experience
Investment Rate of Return:	7.90%

Mortality rates were based on the RP-2000 Health Annuitant Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA. Pre-retirement mortality improvements for active members are projected using Scale AA from the base year of 2000 until the valuation date plus 15 years to account for future mortality improvement. Post-retirement mortality improvements for non-disabled annuitants are projected using Scale AA from the base year of 2000 for males and 2003 for females until the valuation date plus 7 years to account for future mortality improvement. The actuarial assumptions used in the July 1, 2013 valuation were based on the results of an actuarial experience study for the period July 1, 2009 to June 30, 2012.

6. <u>PENSION PLANS (continued)</u>

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2014 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	6.00%	0.50%
Core Fixed Income	0.00%	2.19%
Core Bonds	1.00%	1.38%
Short-Term Bonds	0.00%	1.00%
Intermediate-Term Bonds	11.20%	2.60%
Long-Term Bonds	0.00%	3.23%
Mortgages	2.50%	2.84%
High Yield Bonds	5.50%	4.15%
Non-US Fixed Income	0.00%	1.41%
Inflation-Indexed Bonds	2.50%	1.30%
Broad US Equities	25.90%	5.88%
Large Cap US Equities	0.00%	5.62%
Mid Cap US Equities	0.00%	6.39%
Small Cap US Equities	0.00%	7.39%
Developed Foreign Equities	12.70%	6.05%
Emerging Market Equities	6.50%	8.90%
Private Equity	8.25%	9.15%
Hedge Funds/Absolute Return	12.25%	3.85%
Real Estate (Property)	3.20%	4.43%
Real Estate (REITS)	0.00%	5.58%
Commodities	2.50%	3.60%
Long Credit Bonds	0.00%	3.74%

Discount rate - The discount rate used to measure the State's total pension liability was 4.68% and 4.95% as of June 30, 2014 and 2013, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 4.29% and 4.63% as of June 30, 2014 and 2013, respectively, based on the Bond Buyer GO 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

6. <u>PENSION PLANS (continued)</u>

The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers (State of New Jersey) will be made based on the average of the last five years. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2027. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2027, and the municipal bond rate was applied to projected benefit pay.

Sensitivity of the Charter School's proportionate share of the net pension liability to changes in the discount rate. Since the Charter School has no proportionate share of the net pension liability because of the special funding situation, the Charter School would not be sensitive to any changes in the discount rate. Detailed information about the pension plan's sensitivity of the collective net pension liability to changes in the discount rate is available in the separately issued State of New Jersey Divisions of Pensions and Benefits financial report at http://www.nj.gov/treasury/pensions/pdf/financial/gasb68-tpafl5.pdf

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Divisions of Pensions and Benefits financial report at <u>http://www.nj.gov/treasury/pensions/financial-rprts-home.shtml</u>

<u>Public Employees' Retirement System (PERS)</u> - The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state administered retirement system or other state or local jurisdiction.

Summary of Significant Accounting Policies - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the PERS and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred inflows of Resources Related to Pensions

6. <u>PENSION PLANS (continued)</u>

At June 30, 2015, the Charter School a liability of \$-0- for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2014, and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2013, which was rolled forward to June 30, 2014. The total pension liability for the June 30, 2013 measurement date was determined by an actuarial valuation as of July 1, 2013. The Charter School's proportion of the net pension liability is based on the ratio of the contributions as an individual employer to total contributions to the PERS during the years ended June 30, 2014 and 2013. At June 30, 2014, the Charter School's proportion was -0-%, which was a decrease of -0-% from its proportion measured as of June 30, 2013.

For the year ended June 30, 2015, the Charter School recognized pension expense of \$-0-. At June 30, 2015, the Charter School reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources.

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience		
Changes of assumptions	\$-0-	\$-0-
Net difference between projected and actual earnings on pension plan investments	-0-	-0-
Changes in proportion and differences between Charter School contributions and proportionate share of contributions	-0-	-0-
Charter School contributions subsequent to the measurement date.	-0-	-0-
Total	\$-0-	\$-0-

\$-0- reported as deferred outflows of resources related to pensions resulting from the Charter School contributions subsequent to the measurement date (i.e. for the school year ending June 30, 2015, the plan measurement date is June 30, 2014) will be recognized as a reduction of the net pension liability measured as of June 30, 2015. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

6. <u>PENSION PLANS (continued)</u>

	Year Ended June 30:
2015	
2016	
2017	
2018	
2019	
Thereafter	
Total:	\$

	6/30/13	6/30/14
Collective deferred outflows of resources	-	\$952,194,675
Collective deferred inflows of resources	-	\$1,479,224,662
Collective net pension liability (Non State- Local Group)	\$19,111,986,911	\$18,722,735,003
Charter schools proportion of net pension liability		
Charter School proportion percentage	%	%

Actuarial assumptions. The total pension liability in the July l, 2013 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.01%
Salary Increases:	
2012-2012	2.15%-4.40% based on
	age
Thereafter	3.15%-5.40% based on
	age
Investment Rate of Return	7.90%

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) with adjustments for mortality improvements from the base year of 2012 Based on Projection Scale AA.

The actuarial assumptions used in the July l, 2013 valuation were based on the results of an actuarial experience study for the period July l, 2008 to June 30, 2011.

6. **PENSION PLANS (continued)**

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2014 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	6.00%	0.80%
Core Bonds	1.00%	2.49%
Intermediate-Term Bonds	11.20%	2.26%
Mortgages	2.50%	2.17%
High Yield Bonds	5.50%	4.82%
Inflation-Indexed Bonds	2.50%	3.51%
Broad US Equities	25.90%	8.22%
Developed Foreign Equities	12.70%	8.12%
Emerging Market Equities	6.50%	9.91%
Private Equity	8.25%	13.02%
Hedge Funds/Absolute Return	12.25%	4.92%
Real Estate (Property)	3.20%	5.80%
Commodities	2.50%	5.35%

Discount rate. The discount rate used to measure the total pension liability was 5.39% and 5.55% as of June 30, 2014 and 2013, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 4.29% and 4.63% as of June 30, 2014 and 2013, respectively, based on the Bond Buyer GO 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions.

Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

6. <u>PENSION PLANS (continued)</u>

Sensitivity of the Charter School's proportionate share of the net pension liability to changes in the discount rate. The following presents the Charter School's proportionate share of the net pension liability measured as of June 30, 2014, calculated using the discount rate of 5.3 %, as well as what the Charter School's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (4.39%) or 1-percentage-point higher (6.39%) than the current rate:

	1% Decrease (4.39%)	Current Discount Rate (5.39%)	1% Increase (6.39%)
Charter School's proportionate share of the net pension liability	\$-0-	\$-0-	\$-0-

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Divisions of Pensions and Benefits financial report at <u>http://www.nj.gov/treasury/pensions/financial-rprts-home.shtml</u>.

The sensitivity analysis was based on the proportionate share of the Charter School's net pension liability at June 30, 2014. A sensitivity analysis specific to the Charter School's net pension liability was not provided by the pension system.

Defined Contribution Retirement Plan (DCRP) - The Defined Contribution Retirement Program (DCRP) was established as of July 1, 2007 under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et seq.). The DCRP is a cost-sharing multiple-employer defined contribution pension fund. The DCRP provides eligible members, and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N. J.S.A. 43:15C-1 et. seq.

The contribution requirements of plan members are determined by state statute. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. The State Treasurer has the right under current law to make temporary reductions in member rates based on the existence of surplus plan assets in the retirement system; however statute also requires the return to the normal rate when such surplus pension assets no longer exist.

PERS and TPAF Vesting and Benefit Provisions - The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.38, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined.

6. <u>PENSION PLANS (continued)</u>

Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years).

Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age.

The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

<u>Significant Legislation</u> - Chapter 78, P.L. 2011, effective June 28, 2011, made various changes to the manner in which the Public Employees' Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS) operate and to the benefit provisions of those systems.

Chapter 78's provisions impacting employee pension and health benefits include:

New members of the PERS hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of ¼ of 1% for each month that the member is under age 65. The eligibility age to qualify for a service retirement in the PERS is increased from age 63 to 65 for Tier 5 members. The annual benefit under special retirement for new PFRS members enrolled after June 28, 2011 (Tier 3 members), will be 60% instead of 65% of the member's final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Increases in active member contribution rates. PERS active member rate increase from 8.5% to 10%. For fiscal year 2012, the member contribution rates increased in October 2011. The phase-in of the additional incremental member contribution rates for PES members will take place in July of each subsequent fiscal year.

The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law. New employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary. In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

6. <u>PENSION PLANS (continued)</u>

<u>Contribution Requirements</u> - The contribution policy is set by N.J.S.A. 43: 15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 (PERS) and N.J.S.A. 18:66 (TPAF) requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 6.5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The current TPAF rate is 6.5% and the PERS rate is 6.5% of covered payroll

During the fiscal year ended June 30, 2015, the State of New Jersey did contribute \$-0- to the TPAF for post-retirement benefits on behalf of the Charter School. Also, in accordance with NJ.S.A. 18A:66-66 the State of New Jersey reimbursed the Charter School \$43,172 during the year ended June 30, 2015, for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. The PERS amounts have been included in the fund-based statements as pension expense and the TPAF on-behalf amounts have been included in fund-based statements as revenues and expenditures. The PERS and TPAF amounts have been modified and included in the Charter School's financial statements in accordance with GASB Statement No. 68.

8 <u>POST RETIREMENT BENEFITS</u>

P.L. 1987, c. 384 and P.L. 1990, c.6 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those state employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c 103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired state employees.

As of June 30, 2014, there were 103,432 retirees receiving post-retirement medical benefits and the State contributed \$1.04 billion on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical benefits changed from a prefunding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 1992, c.126 which provides employer paid health benefits to members of PERS, and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The state paid \$165.8 million toward Chapter 126 benefits for 18,122 eligible retired members in fiscal year 2014.

9 <u>COMPENSATED ABSENCES</u>

The Renaissance School accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

Renaissance School employees are granted varying amounts of vacation and sick leave in accordance with the Renaissance School's personnel policy. The Renaissance School's policy permits employees to accumulate unused sick and personal days and carry forward the full amount to subsequent years.

Upon termination or upon retirement, employees are currently not paid for accrued vacation or unused sick and personal days. The Board of the Renaissance School is currently reviewing the exiting compensated absences policies with the intent of addressing the issues of accumulation and payments upon termination.

As of June 30, 2015, Renaissance School-wide compensated absences amounted to \$-0-.

10 DEFERRED COMPENSATION

The Renaissance School offers its employees a deferred compensation plan created in accordance with the IRS code 403(b). The plan permits participants to defer a portion of their salaries until future years.

11 <u>ECONOMIC DEPENDENCY</u>

The Renaissance School receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if it were to occur, could have an effect on the Renaissance School's programs and activities.

12 <u>CONTINGENT LIABILITIES</u>

The Renaissance School participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government.

If expenditures are disallowed due to noncompliance with grant program regulations, the Renaissance School may be required to reimburse the grantor government. As of June 30, 2015, significant amounts of grant expenditures have not been audited by the various grantor agencies but the Renaissance School believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the Renaissance School.

The Renaissance School's attorney's letter advises that there is no litigation, pending litigation claims, contingent liabilities, unasserted claims for assessments or statutory violations which involved the Renaissance School and which might materially affect the Renaissance School's financial position.

13 <u>RISK MANAGEMENT</u>

The Renaissance School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The Renaissance School maintains commercial insurance coverage for property, liability and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section (UNAUDITED) of this Comprehensive Annual Financial Report.

14 <u>RECEIVABLES</u>

Receivables as of June 30, 2015 consisted of accounts, intergovernmental, grants and miscellaneous. All receivables are considered collectible in full. A summary of the principal items of intergovernmental receivables are as follows:

	<u>General</u>	Special <u>Revenue</u>	Food <u>Service</u>	<u>Total</u>
Receivables:				
Accounts	<u>\$34,980</u>	<u>\$68,681</u>	<u>\$0</u>	<u>\$103,661</u>
Gross Receivables	<u>\$34,980</u>	<u>\$68,681</u>	<u>\$0</u>	<u>\$103,661</u>

15. <u>SUBSEQUENT EVENTS</u>

The school has evaluated subsequent events occurring after the balance sheet through the date of October 2, 2015, which is the date the financial statements were available to be issued. Based on this evaluation, the school has determined no subsequent events require disclosure in the financial statements.

16. <u>RETROACTIVE RESTATEMENT OF NET POSITION</u>

Restatement of Prior Period

The Charter School adopted GASB No. 68 - Accounting and Financial Reporting for Pensions - An amendment of GASB No. 27 during the 2015 fiscal year as required by the pronouncement. The pronouncement requires the Charter School to record its proportional share of the State of New Jersey's net pension liability on the face of its financial statements as of June 30, 2015 and to record related pension expense in accordance with the pronouncement. In order to correctly reflect pension expense in accordance with GASB No. 68, the beginning Net Position of the Charter School was adjusted to reflect the beginning balance of the net pension liability. Since the measurement date of the net pension liability is June 30, 2014 (as described in the Notes to the Financial Statements), the restatement adjustments to Net Position relate to the *beginning* net pension liability measured as of June 30, 2013. Also, in accordance with GASB No. 71 - Pension Transition for Contributions Made Subsequent to the Measurement Date, The Charter School restated its Net Position for pension contributions made after the beginning net pension liability measurement date of June 30, 2013 (deferred outflows).

16. <u>RETROACTIVE RESTATEMENT OF NET POSITION (continued)</u>

Restatement of Prior Period (continued)

Governmental Activities Net Position

Net Position (per A-1), June 30,2014	\$-0-
Restatement of Net Pension Liability	
Restatement of Deferred Outflows-Pension	
Net Position (per A-1), June 30, 2014, as Restated	\$-0-

17. <u>RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS</u>

Explanation of Certain Differences Between the Governmental Fund Balance Sheet (B-1) and the Government-wide Statement of Net Position (A-1).

The governmental fund balance sheet includes reconciliation between fund balance - total governmental funds and net position - governmental activities as reported in the Government-wide statement of net position. One element of that reconciliation explains that long-term liabilities, including deferred pension liability are not due and payable in the current period and therefore are not reported in the funds. The reconciliation is as follows:

Fund balance per B-1	\$205,876
Cost of capital assets net accumulated depreciation	
Pension deferred outflows	
Pension deferred inflows	
Deferred pension liability as of June 30, 2015	
Net position (per A-1) as of June 30, 2015	\$205,876

**NOTE: TPAF is a special funding situation as defined by GASB Statement No. 68 in which the State of New Jersey is 100% responsible for contributions to the plan. Since the charter school (employer) does not contribute directly to the plan there is no net pension liability to report in the financial statements of the charter school.

CAMDEN PREP, INC. NOTES TO REQUIRED SUPPLEMENTARY INFORMATION PENSION SCHEDULES FOR THE FISCAL YEAR ENDED JUNE 30, 2015

Public Employees' Retirement System (PERS)

Changes of benefit terms. The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

Changes of assumptions. Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) with adjustments for mortality improvements from the base year of 2012 Based on Projection Scale AA.

Teachers' Pension and Annuity Fund (TPAF)

Changes of benefit terms. The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Changes of assumptions. Mortality rates were based on the RP-2000 Health Annuitant Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA. Preretirement mortality improvements for active members are projected using Scale AA from the base year of 2000 until the valuation date plus 15 years to account for future mortality improvement. Post-retirement mortality improvements for non-disabled annuitants are projected using Scale AA from the base year of 2000 for males and 2003 for females until the valuation date plus 7 years to account for future mortality improvement.

SPECIAL REVENUE FUND

Special Revenue Funds are used to account for the proceeds of special revenue resources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specific purposes.

PROPRIETARY FUNDS

ENTERPRISE FUND

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the cost of providing goods and services be financed through user charges or where the board has decided that periodical determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Food Service Fund - The fund provides for the operation of food services in all schools.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable President and Members of the Board of Trustees Camden Prep, Inc. County of Camden Camden, New Jersey

I have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States *and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey*, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Camden Prep, Inc. ("the Renaissance School"), in the County of Camden, State of New Jersey, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Renaissance School's basic financial statements, and have issued my report thereon, dated October 2, 2015.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Renaissance School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Renaissance School's internal control. Accordingly, I do not express an opinion on the effectiveness of the Renaissance School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Renaissance School's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.*

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Renaissance School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey* in considering the Renaissance School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR FEDERAL AND STATE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR NJOMB 15-08

The Honorable President and Members of the Board of Trustees Camden Prep, Inc. County of Camden Camden, New Jersey

Compliance

I have audited the Camden Prep, Inc., in the County of Camden, State of New Jersey's ("the Renaissance School") with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the Renaissance School's major federal and state programs for the year ended June 30, 2015. The Renaissance School's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditors' Responsibility

My responsibility is to express an opinion on compliance for each of the Renaissance School's major federal and state programs based on my audit of the types of compliance requirements referred to above. I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; *audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey;* OMB Circular A-133, *Audits of States, Local Governments, and Non-profit Organizations*; and State of New Jersey Department of Treasury Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.*

Those standards, OMB Circular A-133 and State of New Jersey Department of Treasury Circular 15-08-OMB require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Renaissance School's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances.

I believe that my audit provides a reasonable basis for my opinion on compliance for each major federal and state program. However, my audit does not provide a legal determination of the Renaissance School's compliance.

Opinion on Each Major Federal and State Program

In my opinion, the Renaissance School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state program for the year ended June 30, 2015.

Report on Internal Control over Compliance

Management of the Renaissance School is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing my audit of compliance, I considered the Renaissance School's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and State of New Jersey Department of Treasury Circular 15-08-OMB, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of the Renaissance School's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency or a combination of deficiencies, in internal control of deficiencies, in internal control over compliance that a type of compliance with a type of compliance that a type of compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance to the type of compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of my testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and State of New Jersey Department of Treasury Circular 15-08-OMB. Accordingly, this report is not suitable for any other purpose.

CAMDEN PREP, INC. NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE ASSISTANCE FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1. <u>GENERAL</u>

The accompanying schedules present the activity of all federal and state assistance programs of the Board of Trustees of the Camden Prep, Inc. The Board of Trustees is defined in the Notes to the school's basic financial statements. All federal and state assistance received directly from federal and state agencies, as well as federal assistance and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented using the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These basis of accounting are described in Note 1 to the school's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and NJOMB Circular 15-08. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3. <u>RELATIONSHIP TO BASIC FINANCIAL STATEMENTS</u>

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting revenue is not recognized until the subsequent year or expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis. The special revenue fund is presented in the accompanying schedules on the grant account budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The net adjustment to reconcile from the budgetary basis to GAAP basis is \$-0-. See Note 1 for a reconciliation of the budgetary basis to the GAAP basis of accounting for the special revenue fund. Awards and financial assistance revenues are reported in the school's basic financial statements on a GAAP basis as follows:

CAMDEN PREP, INC. NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE ASSISTANCE FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 3. <u>RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (continued)</u>

GAAP basis is \$-0-. See Note 1 for a reconciliation of the budgetary basis to the GAAP basis of accounting for the special revenue fund. Awards and financial assistance revenues are reported in the school's basic financial statements on a GAAP basis as follows:

	Federal	State	Total
General Fund	\$	\$1,036,667	\$1,036,667
Special Revenue Fund	82,365		82,365
Total Awards and Financial Assistance	\$82,365	\$1,036,667	\$1,119,032

NOTE 4. <u>RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS</u>

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5. OTHER

The amount paid as TPAF Pension and Medical Contributions represents the state on behalf of the Renaissance School for the year ended June 30, 2015 was \$-0-. TPAF Social Security Contributions represents the amount of \$43,172 reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2015.

NOTE 6. ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT

On-behalf State Programs for TPAF Pension and Post-Retirement Medical Benefits Contributions are not subject to a State single audit and, therefore, are excluded from major program determination. The Schedule of State Financial Assistance provides a reconciliation of State financial assistance reported in the schools basic financial statements and the amount subject to State single audit and major program determination.
