Introductory Section

Millville Board of Education

110 N. Third Street
P.O. Box 5010
Millville, NJ 08332

December 11, 2015

Honorable President and
Members of the Board of Education
Millville School District
County of Cumberland, New Jersey

Dear Board Members:

The comprehensive annual financial report of the City of Millville School District for the year ended June 30, 2015, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: Introductory, Financial, Statistical and Single Audit. The Introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The Financial Section includes the Basic Financial Statements and Schedules, Management's Discussion and Analysis as well as the Auditor's Report thereon. The Statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and the U.S. Office of Management and Budget Circular A-133 Revised, "Audits of States, Local Governments, and Non-Profit Organizations" and the State OMB Circular 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid." Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the Single Audit section of this report.

1. REPORTING ENTITY AND ITS SERVICES:

The City of Millville School District is an independent reporting entity within the criteria adopted by the GASB as established by NCGA Statement No. 3. All funds of the District are included in this report. The City of Millville Board of Education and all its schools constitute the District's reporting entity. The District provides a full range of educational services appropriate to grade levels Pre-school through Grade 12. These include regular, vocational as well as special education for handicapped students.

The District completed the 2014-2015 year with an enrollment of 5,713 students, which is 69 students below the previous year's enrollment. The following details the changes in the student enrollment of the District over the last three years.

<u>Average Daily Enrollment</u>		
<u>Year</u>	<u>Student Enrollment</u>	<u>Percent Change</u>
2014-15	5,713	-1.19%
2013-14	5,782	-4.18%
2012-13	6,034	-0.56%

2. ECONOMIC CONDITION AND OUTLOOK:

The economy in New Jersey is just beginning to see an improvement but the local area is still struggling. The number of students has dropped again for the fifth year in a row suggesting that residents are moving to other areas in order to find employment. Based on past submissions to the City of Millville's Planning Board, there was the potential for approximately 3,000 new homes in the next ten to fifteen years. This increase in housing should result in an increase in students. This expansion is expected to continue when the economy improves which suggests that the Millville area will begin to grow again.

3. MAJOR INITIATIVES:

A passing score on the High School Proficiency Test (HSPA) is required for graduation. Scores on each section of the test (Reading, Mathematics, and Writing) range from 100-500, with a score of 300 needed to pass. The State of New Jersey is also initiating end of course assessments in the Core Content Areas.

Several curriculum initiatives have been implemented in the elementary and middle school levels. Envision Math is in its third year in the elementary schools and the middle school is in its second year using Pearson math. All school buildings have been focusing their rigor efforts through the use of Classroom Instruction That works. These efforts are monitored through the McRel Power Walkthrough System.

The District continues to focus its initiatives in order to improve student achievement. At the High School we are continuing block scheduling in an effort to continue focus on extended learning time. The middle school continues to offer double periods of language arts. All teachers have been trained on how to teach during extended learning time. Increased use of technology, such as Smart Boards, Smart Response Systems, Laptops and iPods during classroom instruction motivates students to learn.

All buildings have literacy coaches who will provide services to the classroom teachers. Special Education has expanded inclusion classes and has implemented a third Autism class. The district is looking into expanding the Infinite Campus student management system in order to provide teachers the opportunity to analyze data to make informed decisions about instruction for the classroom. Data analysis continues to be used in order to inform instruction. Various intervention programs have been used, especially in the elementary schools. These programs contain technology software and programs.

All curriculum has been revised during past summer months in accordance with the Common Core and professional development continues to be a top priority for the district. We offer many workshops to improve instruction. The AVID program continues to expand from grades six to twelve. Our Advance Placement program has also expanded.

4. INTERNAL ACCOUNTING CONTROLS:

Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP).

The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5. BUDGETARY CONTROLS:

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2015. An on-line requisition system has been established to ensure accuracy of account numbers and prevent encumbrances in accounts with insufficient funds.

6. ACCOUNTING SYSTEM AND REPORTS:

The District's accounting records reflect accounting principles generally accepted in the United States of America, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to the Financial Statements," Note 1.

7. FINANCIAL INFORMATION AT FISCAL YEAR END:

As demonstrated by the various statements and schedules included in the financial section of this report, the School District continues to meet its responsibility for sound financial management.

The School District continues to be classified as a former "Abbott" district. As such, over 60% of the district's funding comes from the State.

8. DEBT ADMINISTRATION:

At June 30, 2015, the District's outstanding debt issues included \$0 of general obligation bonds. The School District had no new bonding for the 2014-2015 school year.

9. CASH MANAGEMENT:

The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements," Note 2. The District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

10. RISK MANAGEMENT:

The Millville Board of Education carries various forms of insurance, included but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

11. OTHER INFORMATION:

A) Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Ford, Scott & Associates, L.L.C., CPAs, was selected by the Board of Education. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1984 and the related OMB Circular A-133 revised and state OMB Circular 04-04. The auditor's report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

12. ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the City of Millville School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

13. SERVICE EFFORTS AND ACCOMPLISHMENTS:

The School District continues to encourage the State Legislators to increase funding to the former Abbott districts. The district has seen little or no increase in State aid for several years resulting in cuts to staff and expenses. The district is currently working with the School Development Authority to address the need for a facility that will house all students in grades 9 thru 12. The current options are to make the current middle school a high school and the current high school a middle school with additions at both facilities. The other option is to add to the existing high school to accommodate all students in grades 9 thru 12. A new roof was completed on the Mt. Pleasant School and a partial roof replacement was completed at the Memorial High School. Many other health and safety projects were completed during the school year.

Respectfully submitted,

Bryce Kell

Independent Auditor's Report

The Honorable President and
Members of the Board of Education
City of Millville School District
County of Cumberland, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the City of Millville, New Jersey, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Millville Board of Education, in the County of Monmouth, New Jersey, as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *Required Supplementary Information* identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Millville Board of Education's basic financial statements. The combining and individual non-major fund financial statements and schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the schedule of state financial assistance as required by NJ OMB 04-04 and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements, schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the schedule of state financial assistance as required by NJ OMB 04-04 is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements, schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the schedule of state financial assistance as required by NJ OMB 04-04 is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2015 on our consideration of the City of Millville Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Millville Board of Education's internal control over financial reporting and compliance.

Required Supplementary Information – Part I

**MILLVILLE SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2015
UNAUDITED**

The discussion and analysis of Millville School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2015. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the School District's financial performance.

The Management's Discussion and Analysis (MD&A) is an element of Required Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34 - Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments issued in June 1999.

Financial Highlights

Key financial highlights for 2015 are as follows:

- In total, net position increased \$1,429,985.04 which represents a 5.2 percent increase from 2014.
- General revenues accounted for \$81,191,941.52 in revenue or 70 percent of all revenues. Program specific revenues in the form of charges for services and operating grants and contributions and capital grants accounted for \$34,369,099.61 or 30.0 percent of total revenues of \$115,561,041.13
- For governmental and business-type activities, cash and cash equivalents increased by \$339,087.69, receivables decreased by \$64,152.21, inventory decreased \$74,326.22, and net capital assets increased by \$999,782.64.
- The School District had \$114,131,056.09 in expenses; \$34,369,099.61 of these expenses was offset by program specific charges for services, grants or contributions. General revenues (primarily state aid) of \$81,191,941.52 were adequate to provide for these programs.
- Among governmental funds, the General Fund had \$96,702,820.60 in revenues and \$98,154,097.37 in expenditures. The General Fund's fund balance decreased \$271,131.43 over 2014.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Millville School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of net position and Statement of Activities provide information about the activities of the whole School district, presenting both an aggregate view of the School district's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School district's most significant funds with all other non-major funds presented in total in one column. In the case of Millville School District, the General Fund is by far the most significant fund.

**MILLVILLE SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2015
UNAUDITED (CONTINUED)**

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District, as a whole looks at all financial transactions and ask the question, "How did we do financially during 2015?" The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net position and changes in those assets. This change in net position is important because it tells the reader that, for the school district as a whole, the financial position of the School district have improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District is divided into two distinct kinds of activities:

- Governmental Activities - All of the School District's programs and services are reported here including instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- Business-Type Activity - This service is provided on a charge for goods or services basis to recover all the expenses of the goods or services provided. The Food Service, Latchkey and Wraparound enterprise funds are reported as a business activity.

Reporting the School District's Most Significant Funds

Fund Financial Statements

Fund financial reports provide detailed information about the School District's funds. The School District uses many funds to account for a multitude of financial transactions. The School District's governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund, and Debt Service Fund.

Governmental Funds

The School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School district's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of net position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

**MILLVILLE SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2015
UNAUDITED (CONTINUED)**

Reporting the School District's Most Significant Funds (Continued)

Enterprise Fund

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the District-wide and fund financial statements. The Notes to the Financial Statements can be found on pages 32 to 60 of this report.

The School District as a Whole

Recall that the Statement of net position provides the perspective of the School District as a whole. Net position may serve over time as a useful indicator of a government's financial position.

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

Table 1 provides a summary of the School District's net position for 2015. In accordance with GASB Statements 34, net asset comparisons of fiscal year 2015 to fiscal year 2014 are presented as follow:

**Table 1
Net Position**

	<u>2015</u>	<u>2014</u>
Assets		
Current and Other Assets	\$ 11,087,532.52	\$ 8,268,501.15

Governmental Activities

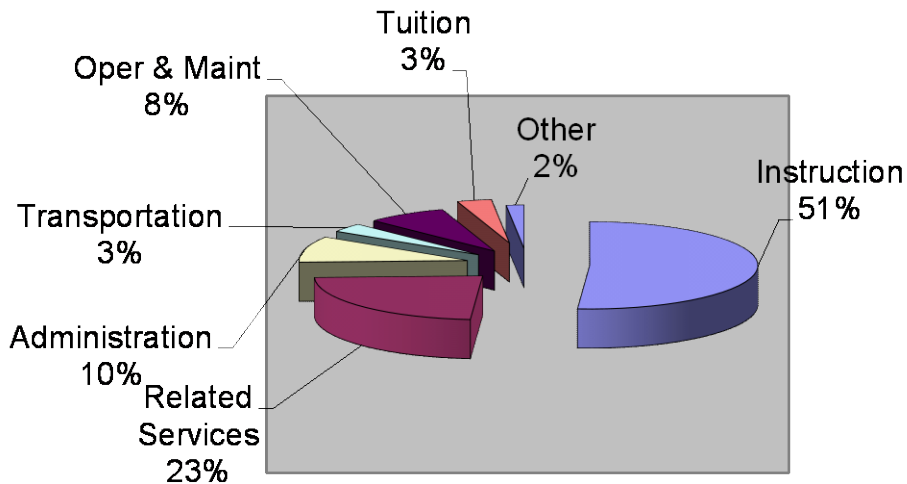

Property taxes made up 10 percent of revenues for governmental activities for the Millville School District for year 2015. The District's total revenues were \$111,689,527.15 for the year ended June 30, 2015. Federal, state, and local aid accounted for 83 percent of revenue.

Sources of Revenue for 2015

The total cost of all program and services was \$110,334,038.80. Instruction comprises 51 percent of District expenses.

Expenses for 2015

**MILLVILLE SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2015
UNAUDITED (CONTINUED)**

Business-Type Activities

Revenues for the District's business-type activities (Food Service, Latchkey, and Wraparound programs) were comprised of charges for services and federal and state reimbursements.

- Food service expenses exceeded revenues, excluding interest and District contributions, if any, by \$8,351.20. Latchkey revenues exceeded expenses by \$64,795.67. Wraparound Program revenues exceeded expenses by \$17,724.88.
- Charges for food services represent \$785,420.41 of revenue. This represents amounts paid by patrons for daily food service. Latchkey and Wraparound charges were \$338,598.54 and \$151,815.73 representing fees collected by the respective programs.
- Food Service federal and state reimbursements for meals, including payments for free and reduced lunches, breakfasts and snack programs, and donated commodities were \$2,528,118.65. Wraparound state subsidies amounted to \$67,233.31.

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions.

Total Expenses	<u>\$ 110,334,038.80</u>	<u>\$ 79,836,125.83</u>	<u>\$ 117,269,236.46</u>	<u>\$ 86,361,868.93</u>

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration, and business include expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities involve keeping the school grounds, buildings, and equipment in an effective working condition.

**MILLVILLE SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2015
UNAUDITED (CONTINUED)**

Governmental Activities (Continued)

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by State law.

Interest on debt involves the transactions associated with the payment of interest and other related charges to debt of the School District.

The School District's Funds

All governmental funds (i.e., general fund, special revenue fund, capital projects and debt service fund presented in the fund-based statements) are accounted for using the modified accrual basis of accounting. Total revenues amounted to \$111,689,527.15 and expenditures were \$111,072,579.71. The net change in fund balance for the year was an increase of \$616,947.44.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds for the year ended June 30, 2015, and the amount and percentage of increases and decreases in relation to prior year revenues.

Revenue	Amount	Percent of Total	Increase (Decrease) from 2014	Percent of Increase (Decrease)
Local Sources	\$ 19,292,879.41	18%	\$ (391,555.71)	-2%
State Sources	4,878,093.56	4%	(81,092,266.39)	-94%
Federal Sources	87,518,554.18	78%	82,408,375.65	1613%
Total	<u>\$ 111,689,527.15</u>	100%	<u>\$ 924,553.55</u>	1%

Local sources increased from the prior year due primarily to an increase in the tax levy and miscellaneous revenue from the sale of SREC's from the solar panels. State sources were flat from the prior year because the State did not increase aide. Federal sources increased IDEA and NCLB funding issues.

The following schedule represents a summary of general fund, special revenue fund, capital and debt service fund expenditures for the year ended June 30, 2015, and the percentage of increases and decreases in relation to prior year amounts.

Expenditures	Amount	Percent of Total	Increase (Decrease) from 2014	Percent of Increase (Decrease)
Current expense:				
Instruction	\$ 38,492,403.89	34.66%	\$ (665,047.85)	-1.70%
Support Services	68,681,742.51	61.84%	(300,928.47)	-0.44%
Capital Outlay	2,016,660.43	1.82%	597,088.67	42.06%
Special & Charter Schools	1,881,772.88	1.69%	175,497.05	10.29%
Debt Service	-	0.00%	(132,128.25)	40.59%
Total	<u>\$ 111,072,579.71</u>	100.00%	<u>\$ (325,518.85)</u>	-0.29%

**MILLVILLE SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2015
UNAUDITED (CONTINUED)**

The School District's Funds (Continued)

Changes in expenditures were the results of varying factors. Current expense increased due to standard employee compensation increases, increased health benefits and utility costs offset by tuition decreases. Also, the reimbursed TPAF pension and social security expenditures, although offset by revenue, decreased.

General Fund Budgeting Highlights

The School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

Over the course of the year, the District revised the annual operating budget several times. Revisions in the budget were made to recognize revenues that were not anticipated and to prevent over-expenditures in specific line item accounts. Several of these revisions bear notation:

- The District's miscellaneous revenue increased due to the sale of solar SREC's which totaled approximately \$200,000.
- Expenditures for tuition & transportation to Private Schools for the Disabled were less than the original amount budgeted. The District used some of the tuition and transportation variance to establish two additional autistic classes for special education students within our district. The district also purchased over three hundred desktop and laptop computers to replace our aging inventory and to allow all teachers a laptop for instructional purposes. The additional computers will make the district ready for the new PARCC testing of our students.

Capital Assets

At the end of the year 2015, the School District had \$72,479,291.42 invested in land, building, furniture and equipment, and vehicles, net of depreciation. Table 4 shows year 2015 balances compared to 2014.

**Table 4
Capital Assets (Net of Depreciation) at June 30,**

	2015		2014
Land and Site Improvements	\$ 10,989,652.03	\$	10,489,926.85
Building and Building Improvements	56,728,095.31		57,389,681.83
Machinery and Equipment	4,761,544.08		3,736,710.72
Total	\$ 72,479,291.42	\$	71,616,319.40

Overall capital assets increased \$862,972.02 from fiscal year 2014 to fiscal year 2015. The increase and change in capital assets is due from several factors including re-classing items from equipment to improvements and adjusting useful lives and building depreciation expense, which exceeded capital outlay additions. For more detailed information, please refer to the Notes to the Financial Statements.

FOR THE YEAR ENDED JUNE 30, 2015
UNAUDITED (CONTINUED)**

Debt Administration

At June 30, 2015, the School District had \$11,442,084.65 of outstanding obligations. Of this amount, \$5,263,900.48 is for compensated absences, \$6,178,184.17 is for capital leases and \$0.00 of serial bonds for school construction.

For the Future

The Millville School District is in good financial condition presently. The School District is proud of its community support of the public schools. A major concern is the overcrowding at the high school. We are currently working with the SDA to construct or renovate a facility that will house all students from grades 9 to 12. When the community recovers from the recent recession, our need for facilities will become our primary focus. Since State funding increases are questionable from year to year, the District has established a maintenance reserve to help protect the District in the event of reduced State funding.

In conclusion, Millville School District has committed itself to financial excellence for many years. In addition, the School District's system for financial planning, budgeting, and internal financial controls are well regarded. The School District plans to continue its sound fiscal management to meet the challenge of the future.

Contacting the School District's Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional information, contact Mr. Bryce Kell, School Business Administrator/Board Secretary at the Culver Center, 110 N. Third Street, P.O. Box. 5010, Millville, New Jersey 08332, or e-mail at bryce.kell@millvillenj.gov.

 Reconciliation of the Statement of Revenues, Expenditures,
 and Changes in Fund Balances of Governmental Funds
 to the Statement of Activities
 For the Fiscal Year Ended June 30, 2015

Total Net Change in Fund Balances - Governmental Funds	\$	616,947.44
<p>Amounts reported for governmental activities in the statement of activities (A-2) are different because:</p> <p>Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the period.</p>		
Depreciation Expense	\$	(5,186,927.75)
Capital Outlays		<u>6,120,723.02</u>
		933,795.27
<p>Repayment of long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position and is not reported in the statement of activities.</p>		
Repayment of Debt		<u>462,350.08</u>
		462,350.08
<p>District pension contributions - PERS</p>		
Cost of benefits earned net of employee contributions		<u>1,503,650</u> <u>(1,763,421)</u>
		(259,771)
<p>In the statement of activities, interest on long-term debt is accrued, regardless of when due. In the governmental funds, interest is reported when due. The decreased change in accrued interest is an addition, while an increased change is a deduction.</p>		
		(62,662.96)
<p>Inventory purchases are reported in governmental funds as expenditures. However, in the statement of activities, the purchase of inventory is recorded as an asset (+) and expensed as it is consumed (-).</p>		
		(78,562.66)
<p>In the statement of activities, certain operating expenses, e.g., compensated absences (vacations and sick pay) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).</p>

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of the Reporting Entity - The Millville Board of Education (hereafter referred to as the "School District") is a Type II district located in the County of Cumberland, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The Board is comprised of nine members elected to three-year terms. These terms are staggered so that three member's terms expire each year. The purpose of the School District is to educate students in grades preschool through twelfth at the School District's ten schools. The School District has an approximate enrollment at June 30, 2015 of 5,713.

The primary criterion for including activities within the School District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is the degree of oversight responsibility maintained by the School District. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The combined financial statements include all funds of the School District over which the Board exercises operating control. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the School District is not includable in any other reporting entity on the basis of such criteria.

Basis of Presentation - The financial statements of the School District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School District also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, to its governmental and business-type activities and to its proprietary funds, provided they do not conflict with or contradict GASB pronouncements. The more significant of the School District's accounting policies are described in this Note.

The School District's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements, which provide a more detailed level of financial information.

District-Wide Financial Statements - The Statement of Net Position and the Statement of Activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the School District that are governmental and those that are considered business type activities. The Statement of Net Position presents the financial condition of the governmental and business-type activities of the School District at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities and for the business-type activities of the School District. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function. The School District does allocate indirect expenses to functions in the Statement of Activities.

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

District-Wide Financial Statements (Continued) - Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues, which are not classified as program revenues, are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the School District.

Fund Financial Statements - During the year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a single column. The fiduciary fund is reported by type. The School District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

Governmental Funds - Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the School District's major governmental funds:

General Fund - The General Fund is the general operating fund of the Board of Education. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment classified in the Capital Outlay sub-fund.

As required by the New Jersey State Department of Education, the School District includes budgeted Capital Outlay in this fund. Accounting principles generally accepted in the United States of America as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey aid, district taxes, and appropriated fund balance. Expenditures are those which result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenues from the State and Federal Government, other than major capital projects, debt service, or the enterprise funds, and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by Proprietary Funds. The financial resources are derived from New Jersey Economic Development Authority grants, temporary notes, or serial bonds which are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Funds (Continued)

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

Permanent Fund - The Permanent Fund is used to account for resources that are legally restricted to the extent that only earnings and not principal may be used for purposes that support the School District's programs, that is, for the benefit of the School District or its students. Currently, the School District does not maintain any such non-expendable funds.

Proprietary Funds - Proprietary funds are used to account for the School District's ongoing activities, which are similar to those found in the private sector.

Enterprise Funds - The Enterprise Funds are used to account for operations:

1. That are financed and operated in a manner similar to private business enterprises -- where the intent of the Board is that the costs (expenses, including depreciation) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges; or
2. Where the Board has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

The School District's Enterprise Funds are:

Food Service Fund - This fund accounts for the financial transactions related to the food service operations of the School District.

Latchkey Program Fund - This fund accounts for financial activity related to providing day care services for school-aged students after school.

Wraparound Program Fund - This fund accounts for financial activity related to the preschool program operated by the Child Family Center.

All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities, whether current or noncurrent, associated with their activity are included on their statement of financial position. Their reported net position is segregated into investment in capital assets, net of related debt, and unrestricted net assets, if applicable. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net position.

Depreciation of all exhaustive fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Equipment	12 - 15 years
Light Trucks and Vehicle	4 Years
Heavy Trucks and Vehicle	6 Years

(CONTINUED)**

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fiduciary Funds - Fiduciary Fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. Agency funds are used to account for assets held by the Board in a trustee capacity or as an agent for individuals, private organizations, other governments, and/ or other funds. They are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The School District has four fiduciary funds; an unemployment compensation trust fund, a private-purpose scholarship fund, a student activity fund, and payroll fund.

Measurement Focus

The district-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the School District are included on the Statement of Net Position.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Revenue from federal, state and other grants designated for payment of specific school district expenditures is recognized when the related expenditures are incurred; accordingly, when such funds are received, they are recorded as deferred revenues until earned. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues -- Exchange and Non-Exchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within thirty days of year-end.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. Property taxes are susceptible to accrual, as under New Jersey State Statute, a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The School District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year since the revenue is both measurable and available. The School District is entitled to receive moneys under the established payment schedule and the unpaid amount is considered to be an "accounts receivable". With the exception of the restricted formula aids recorded in the special revenue fund, revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (Continued)

Revenues -- Exchange and Non-Exchange Transactions (Continued) - Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the School District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. The restricted formula aids (i.e. E.C.P.A, and Instructional Supplement Program Aid) are recorded in the special revenue fund in accordance with the Audit Program promulgated by the N.J. Department of Education which requires that these grants be realized in an amount equal to program expenditures.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: tuition, grants, fees, and rentals.

Expenses / Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred. The fair value of donated commodities used during the year is reported in the operating statement as an expense. Unused donated commodities are reported as deferred revenue. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Budgets / Budgetary Control - Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office and are voted upon at the annual school election. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23-2.2(g)1. Transfers of appropriations may be made by School Board resolution at any time during the fiscal year.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the budgetary basis. The budgetary basis differs from GAAP in that the budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The budget, as detailed on Exhibit C-1, Exhibit C-2, and Exhibit I-3, includes all amendments to the adopted budget, if any.

Exhibit C-3 presents a reconciliation of the general fund revenues and special revenue fund revenues and expenditures from the budgetary basis of accounting as presented in the General Fund Budgetary Comparison Schedule and the Special Revenue Fund Budgetary Comparison Schedule to the GAAP basis of accounting as presented in the Statement of Revenues, Expenditures and Changes in Fund Balances – Governmental Funds. Note that the District does not report encumbrances outstanding at year end as expenditures in the general fund since the general fund budget follows modified accrual basis with the exception of the revenue recognition policy for the last state aid payment.

NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Encumbrances - Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the School District has received advances are reflected in the balance sheet as deferred revenues at fiscal year end. The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

Cash, Cash Equivalents and Investments - Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. N.J.S.A. 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act. The Act was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in the State of New Jersey or state or federally chartered banks, savings banks or associations located in another state with a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

Tuition Receivable - Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs are determined.

Tuition Payable - Tuition charges for the fiscal years ended June 30, 2015 and 2014 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined.

Inventories and Prepaid Expenses - Inventories are valued at cost, which approximates market. The costs are determined on a first-in, first-out method.

The cost of inventories in governmental fund types is recorded as expenditures when purchased rather than when consumed.

Inventories recorded on the government-wide financial statements and in the proprietary fund types are recorded as expenditures when consumed rather than when purchased.

Prepaid expenses recorded in the governmental fund types, which benefit future periods, are recorded as an expenditure during the year of purchase. Prepaid expenses recorded on the government-wide financial statements and in the proprietary fund types represent payments made to vendors for services that will benefit periods beyond June 30, 2015.

**MILLVILLE BOARD OF EDUCATION
 NOTES TO BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2015
 (CONTINUED)**

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Short-Term Interfund Receivables / Payables - Short-Term interfund receivables / payables represent amounts that are owed, other than charges for goods or services rendered to / from a particular fund in the School District and that are due within one year. These amounts are eliminated in the governmental and business-type columns of the Statement of Net Assets, except for the net residual amounts due between governmental and business-type activities, which are presented as Interfunds Receivable and / or Interfunds Payable.

Capital Assets - General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide Statement of Net Position but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide Statement of Net Position and the Proprietary Fund Statement of Net Position.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market value as of the date received. The School District maintains a capitalization threshold of \$2,000.00. The School District does not possess any infrastructure. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. All reported capital assets except land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets.

Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities</u>	<u>Business-Type Activities</u>
Buildings & Improvements	10-50 Years	N/A
Furniture & Equipment	5-20 Years	12 Years
Vehicles	5-10 Years	4-6 Years

Accrued Salaries and Wages - Certain School District employees, who provide services to the School District over the ten-month academic year, have the option to have their salaries evenly disbursed during the entire twelve-month year. New Jersey statutes require that these earned but undisbursed amounts be retained in a separate bank account. As of June 30, 2015, the amounts earned by these employees were disbursed to the employees' own individual credit union accounts.

Compensated Absences - Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the School District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the School District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

The entire compensated absence liability is reported on the government-wide financial statements.

For governmental funds, the current portion of unpaid compensated absences is the amount that is normally expected to be paid with expendable available financial resources. In proprietary funds, the entire amount of compensated absences is recorded as a fund liability.

Unearned Revenue - Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accrued Liabilities and Long-Term Obligations - All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments, compensated absences, special termination benefits and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are normally expected to be paid with expendable available financial resources. Bonds are recognized as a liability on the fund financial statements when due.

Net Position - Net position represent the difference between assets and liabilities. Net investment in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net Position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The School District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted components of net position are available.

Fund Balance Reserves - In accordance with Governmental Accounting Standards Board Statement 54, Fund Balance Reporting and Governmental Fund Type Definitions, the District classified governmental fund balances as follows;

- Non-spendable – Includes fund balance amounts that cannot be spent either because it is not spendable in form or because of legal or contractual restraints.
- Restricted - Includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- Committed – Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year end. Commitments may be modified or rescinded only through resolutions approved by the Board of Education.
- Assigned – Includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund Balance may be assigned by the Board of Education, Superintendent or Business Administrator.
- Unassigned – includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the General Fund. The District reports all amounts that meet the unrestricted General Fund Balance Policy described below as unassigned:

The details of the fund balances are included in the Governmental Funds Balance Sheet. When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balance are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Operating Revenues and Expenses - Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the School District, these revenues are sales for food service and tuition for the latchkey program. Operating expenses are necessary costs incurred to provide the goods or services that are the primary activity of the fund.

Interfund Activity - Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures / expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources / uses in governmental funds and after non-operating revenues / expenses in proprietary funds. Reimbursements from funds responsible for particular expenditures / expenses to the funds that initially paid for them are not presented on the financial statements.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Pensions - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers Pension and Annuity Fund (TPAF) and Public Employee Retirement System (PERS) and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the TPAF and PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Recent Accounting Pronouncements

In February 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 72, "Fair Value Measurement and Application". This statement is effective for fiscal periods beginning after June 15, 2015, will not have any effect on the District's financial reporting.

In June 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 73, "Accounting and Financial Reporting for Pensions and Related Assets That Are Not Within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68". This statement is effective for fiscal periods beginning after June 30, 2016, will not have any effect on the District's financial reporting.

In June 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 74, "Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans". This statement is effective for fiscal periods beginning after June 30, 2016 and establishes new accounting and financial reporting requirements for OPEB plans. It is anticipated that this statement will not have any effect on the District's financial reporting.

In June 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". This statement is effective for fiscal periods beginning after June 30, 2017. Although not determinable, the impact of this statement on the net position of the entity is anticipated to be significant.

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

Note 2: CASH AND CASH EQUIVALENTS

Custodial Credit Risk – Custodial credit risk is the risk that, in the event of a bank failure, the School District's deposits may not be returned to it. Although the School District does not have a formal policy regarding custodial credit risk as described in Note 1, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act. As of June 30, 2015, the carrying amount of the District's total deposits was \$4,902,267.34 and the bank balance was \$8,275,438.61. Of the bank balance, \$507,229.29 was insured with Federal Deposit Insurance and \$859,077.26 was exposed to custodial credit risk.

Note 3: INVESTMENTS

Custodial Credit Risk – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the School District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the School District, and are held by either the counterparty or the counterparty's trust department or agent but not in the School District's name. As of June 30, 2015, the carrying amount of the District's total investments was \$621,063.42 and the bank balance was \$621,063.42. Of the bank balance, \$250,000 was insured with Federal Deposit Insurance and \$39,865.52 was exposed to custodial credit risk.

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The School District does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk – Credit risk is the risk that an issuer or counterparty to an investment will not fulfill its obligations. N.J.S.A. 18A:20-37 limits the investments that the School District may purchase such as Treasury securities in order to limit the exposure of governmental units to credit risk. The School District has no investment policy that would further limit its investment choices.

Concentration of Credit Risk – The School District does not place a limit on the amount that may be invested in any one issuer. Mutual funds, however, are not categorized as to credit risk because they are not evidenced by securities that exist in physical or book entry form.

As of June 30, 2015, the School District had the following investments and maturities.

<u>Investment</u>	<u>Maturities</u>	<u>Credit Rating</u>	<u>Fair Value</u>
Putnam US Government Income Trust *	n/a	n/a	\$ 39,865.52
Newfield National CD	1 year		<u>581,197.90</u>
* mutual funds			<u>\$ 621,063.42</u>

Note 4: TRANSFERS TO CAPITAL OUTLAY

During the fiscal year ending June 30, 2015, the School District transferred \$400,000 to capital outlay accounts. These transfers were approved by the County Superintendent pursuant to N.J.A.C. 6A:23A-2.3(g).

Note 8: LONG-TERM OBLIGATIONS

During the fiscal year ended June 30, 2015, the following changes occurred in long-term obligations:

	Balance June 30, 2014	Issues or Additions	Payments or Expenditures	Balance June 30, 2015	Amounts Due Within One Year
Governmental Activities:					
Compensated Absences	\$ 4,875,937.86	\$ 343,647.05	\$ 87,039.24	\$ 5,132,545.67	\$
Capital Leases Payable	6,640,534.25		462,350.08	6,178,184.17	504,405.05
Bonds Payable	-		-	-	
	<u>\$ 11,516,472.11</u>	<u>\$ 343,647.05</u>	<u>\$ 549,389.32</u>	<u>\$ 11,310,729.84</u>	<u>\$ 504,405.05</u>
Business-Type Activities:					
Compensated Absences	\$ 136,876.66	\$ -	\$ 5,521.85	\$ 131,354.81	\$ -

Bonds Authorized But Not Issued - As of June 30, 2015, the Board had no authorized but not issued bonds.

Compensated Absences - Compensated absences will be paid from the fund from which the employees' salaries are paid.

Capital Leases

On August 10, 2011, the District entered into an Equipment Lease/Purchase Agreement with a national banking institution for the purpose of financing an Energy Savings Improvement Program ("ESIP"). The total cost of the project is \$7,665,724. The District will make annual principal payments beginning on September 15, 2012 and ending September 15, 2023. Semi-annual interest payments will also be made during that same period at an interest rate of 3.7%.

The following is a schedule of the future minimum lease payments under this capital lease and the net minimum lease payments at June 30, 2015:

Fiscal Year Ending June 30,	ESIP Amount
2016	723,666.37
2017	748,815.36
2018	750,216.37
2019	776,696.37
2020	804,251.37
2021-2024	<u>3,515,545.46</u>
Total minimum lease payments	7,319,191.30
Less amount representing interest	<u>1,141,007.13</u>
Present value of lease payments	<u>\$ 6,178,184.17</u>

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

Note 9: OPERATING LEASES

Lease Obligations - At June 30, 2015, the School District had operating lease agreements in effect for the following: copy machines.

The following is a schedule of the future minimum lease payments under these leases:

Fiscal Year Ending June 30,	Copy Machines
2016	211,514.16
2017	88,130.90
Total minimum lease payments	299,645.06

Rental payments under operating leases for the fiscal year ended June 30, 2015 were \$211,514.16.

Note 10: STATE AID NOTE PAYABLE

On June 22, 2015, the District borrowed \$3,670,000 because the last state aid payment was delayed by the State of New Jersey until July 2015. The note has an interest rate of 4.0% and is due on July 9, 2015 and was paid. The interest due on that date is paid by the State of New Jersey.

Note 11: PENSION PLANS

Description of Plans - All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pension and Benefits, PO Box 295, Trenton, New Jersey, 08625 or the reports can be accessed on the internet at <http://www.state.nj.us/treasury/pensions/annrpts/achive.htm>.

Teachers' Pension and Annuity Fund (TPAF)

The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS)

The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

Note 11 – PENSION PLANS – (CONTINUED)

Defined Contribution Retirement Program (DCRP)

The Defined Contribution Retirement Program (DCRP) was established as of July 1, 2007 under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et seq.). The DCRP is a cost-sharing multiple-employer defined contribution pension fund. The DCRP provides eligible members, and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N. J.S.A. 43:15C-1 et. seq.

The contribution requirements of plan members are determined by state statute. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. The State Treasurer has the right under current law to make temporary reductions in member rates based on the existence of surplus plan assets in the retirement system; however statute also requires the return to the normal rate when such surplus pension assets no longer exist. In addition to the employee contributions, the School District's contribution amounts for each pay period are required to be transmitted to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period. The School District has fifty-one employees enrolled in the Defined Contribution Retirement Program (DCRP) during the fiscal year ended June 30, 2015.

Funding Policy

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 6.5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The current TPAF rate is 6.5% and the PERS rate is 10.5% of covered payroll. The School District's contributions to TPAF for normal and post-retirement benefits for the years ending June 30, 2015, 2014, and 2013 were \$5,697,061, \$4,671,640, and \$5,760,557 respectively, and paid by the State of New Jersey on behalf of the board, equal to the required contributions for each year. The Board's contributions to PERS for each of the years ended June 30, 2015, 2014, and 2013 were \$1,510,061, \$1,327,428, and \$1,322,396, respectively, equal to the required contributions each year.

During the years ended June 30, 2015, 2014, and 2013, the State of New Jersey contributed \$5,697,061, \$4,671,640, and \$5,760,557, respectively, to the TPAF for post-retirement benefits and contributory insurance on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66, the State of New Jersey reimbursed the District \$2,983,868.17 during the year ended June 30, 2015 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the financial statements, and the combining and individual fund statements and schedules as a revenue and expenditure in accordance with GASB Statement No. 24.

Vesting and Benefit Provisions - The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System. Members are always fully vested for their own contributions and, after three

Note 11 – PENSION PLANS – (CONTINUED)

years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Significant Legislation

Chapter 78, P.L. 2011, effective June 28, 2011 made various changes to the manner in which the Public Employees' Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS) operate and to the benefit provisions of those systems.

Chapter 78's provisions impacting employee pension and health benefits include:

- New members of the PERS hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of $\frac{1}{4}$ of 1% for each month that the member is under age 65.
- The eligibility age to qualify for a service retirement in the PERS is increased from age 63 to 65 for Tier 5 members.
- The annual benefit under special retirement for new PFRS members enrolled after June 28, 2011 (Tier 3 members), will be 60% instead of 65% of the member's final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years.
- Increases in active member contribution rates. PERS active member rates increase from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years; PFRS active member rate increase from 8.5% to 10%. For fiscal year 2012, the member contribution rates increased in October 2011. The phase-in of the additional incremental member contribution rates for PERS members will take place in July of each subsequent fiscal year.
- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law.
- New employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary.
- In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

Chapter 1, P.L. 2010, effective May 21, 2010, made a number of changes to the State-administered retirement systems concerning eligibility, the retirement allowance formula, the definition of compensation, the positions eligible for service credit, the non-forfeitable right to a pension, the prosecutor's part of the PERS, special retirement under the PFRS, and employer contributions to the retirement systems.

Also, Chapter 1, P.L. 2010 changed the membership eligibility criteria for new members of PERS from the amount of annual compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of PERS to $\frac{1}{60}$ th from $\frac{1}{55}$ th, and it provided that new members of PERS have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of PERS will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. For new members of the PFRS, the law capped the maximum compensation that can be used to calculate a pension from these plans at the annual wage contribution base for social security, and requires the pension to be calculated using a three year average annual compensation instead of the last year's salary. This law also closed the Prosecutors Part of the PERS to new members and repealed the

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

law for new members that provided a non-forfeitable right to receive a pension based on the laws of the retirement system in place at the time 5 years of pension service credit is attained. The law also requires

Note 11 – PENSION PLANS – (CONTINUED)

the State to make its full pension contribution, defined a 1/7th of the required amount, beginning in fiscal years 2012.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of the PERS with disability insurance coverage similar to that provided by the State to individuals enrolled in the State’s Defined Contribution Retirement Program.

Chapter 92, P.L. 2007 implemented certain recommendations contained in the December 1, 2006 report of the Joint Legislative Committee on Public Employee Benefits Reform; established a DCRP for elected and certain appointed officials, effective July 1, 2007; the new pension loan interest rate became 4.69% per year, and an \$8.00 processing fee per loan was charged, effective January 1, 2008. The legislation also removed language from existing law that permits the State Treasurer to reduce employer pension contributions needed to fund the Funds and Systems when excess assets are available.

NOTE 12: PUBLIC EMPLOYEES RETIREMENT SYSTEM

At June 30, 2015, the District reported a liability of \$34,149,603.00 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District’s proportion of the net pension liability was based on a projection of the District’s long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2014, the District’s proportion was 0.1823964468% which was an increase of 3.53% from its proportion measured as of June 30, 2013.

For the year ended June 30, 2015, the District recognized pension expense of \$1,763,421.00. At June 30, 2015, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expended and actual experience		
Changes of assumptions	\$ 2,078,569	
Net difference between projected and actual earnings on pension plan investments		2,035,131
Changes in proportion and differences between District contributions and proportionate share of contributions		-
District contributions subsequent to the measurement date	1,503,650	
Total	\$ 3,582,219	2,035,131

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

NOTE 12: PUBLIC EMPLOYEES RETIREMENT SYSTEM – (CONTINUED)

\$1,503,650.00 reported as deferred outflows of resources related to pensions resulting from school district contributions subsequent to the measurement date (June 30, 2014) will be recognized as a reduction of the net pension liability in the year ended June 30, 2015. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,		
2016	\$	(15,137)
2017	\$	(15,137)
2018	\$	(15,137)
2019	\$	(15,137)
2020	\$	11,881
Thereafter	\$	5,228
Total	\$	<u>(43,438)</u>

Actuarial Assumptions

The total pension liability for the June 30, 2014 measurement date was determined by an actuarial valuation of July 1, 2013, which was rolled forward to June 30, 2014. The total pension liability for the June 30, 2013 measurement date was determined by an actuarial valuation as of July 1, 2013. This actuarial valuation used the following assumptions, applied to all period in the measurement:

Inflation rate	3.01%
Salary increases:	
2012-2021	2.15% - 4.40% (based on age)
Thereafter	3.15% - 5.40% (based on age)
Investment rate of return:	7.90%

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) with adjustments for mortality improvements from the base year of 2012 based on Projections Scale AA.

The actuarial assumptions used in the July 1, 2013 valuation were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011.

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

NOTE 12: PUBLIC EMPLOYEES RETIREMENT SYSTEM – (CONTINUED)

In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2014 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	6.00%	0.80%
Core Bonds	1.00%	2.49%
Intermediate-Term Bonds	11.20%	2.26%
Mortgages	2.50%	2.17%
High Yield Bonds	5.50%	4.82%
Inflation-Indexed Bonds	2.50%	3.51%
Broad US Equities	25.90%	8.22%
Developed Foreign Equities	12.70%	8.12%
Emerging Market Equities	6.50%	9.91%
Private Equity	8.25%	13.02%
Hedge Funds/Absolute Return	12.25%	4.92%
Real Estate (Property)	3.20%	5.80%
Commodities	2.50%	5.35%

Discount Rate

The discount rate used to measure the total pension liability was 5.39% and 5.55% as of June 30, 2014 and 2013, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 4.29% and 4.63% as of June 30, 2014 and 2013, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate.

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

NOTE 12: PUBLIC EMPLOYEES RETIREMENT SYSTEM – (CONTINUED)

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 5.39%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (4.39%) or 1-percentage point higher (6.39%) than the current rate:

	1% Decrease (4.39%)	Current Discount Rate (5.39%)	1% Increase (6.39%)
District's proportionate share of the net pension liability	\$ 42,961,364	34,149,603	26,749,967

Pension plan fiduciary net position.

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

NOTE 13. TEACHERS PENSION AND ANNUITY FUND (TPAF)

At June 30, 2015, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$	-
State's proportionate share of the net position liability associated with the District		223,597,183
Total	\$	223,597,183

The net pension liability was measured as of June 30, 2014 and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. At June 30, 2014, the District's proportion was 0.00%, which was a decrease of 0.00% from its proportion measured as of June 30, 2013.

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

NOTE 13. TEACHERS PENSION AND ANNUITY FUND (TPAF) – (CONTINUED)

For the year ended June 30, 2015, the District recognized pension expense of \$12,031,628 and revenue of \$12,031,628 for support provided by the State. At June 30, 2015, the District reported deferred outflows of resources and deferred inflows of resources related to TPAF from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expensed and actual experience	\$ -	91,283
Changes of assumptions	9,584,189	
Net difference between projected and actual earnings on pension plan investments		7,234,964
Changes in proportion and differences between District contributions and proportionate share of contributions		373,393
District contributions subsequent to the measurement date	\$ 2,201,762	
Total	<u>\$ 11,785,951</u>	<u>7,699,640</u>

\$2,201,762.00 reported as deferred outflows of resources related to pensions resulting from district contributions subsequent to the measurement date (June 30, 2014) will be recognized as a reduction of the net pension liability in the year ended June 30, 2015. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	
2016	\$ (453,222)
2017	\$ (453,222)
2018	\$ (453,222)
2019	\$ (453,222)
2020	\$ 1,056,410
Thereafter	\$ 2,641,025
Total	<u>\$ 1,884,549</u>

Actuarial assumptions. The total pension liability in the June 30, 2014 actuarial valuation was determined using the following assumptions, applied to all period included in the measurement:

Inflation Rate	2.50%
Salary increases	
2012-2021	Varies based on experience
Thereafter	Varies based on experience

Mortality rates were based on the RP-2000 Health Annuity Mortality Table for Males or Females, as appropriate with adjustments for mortality improvements based on Scale AA from the base year of 2000 until the valuation date plus 15 years to account for future mortality improvement. Post-retirement mortality improvements for non-disabled annuitants are projected using Scale AA from the base year of 2000 for males and 2003 for females until the valuation date plus 7 years to account for future mortality improvement.

The actuarial assumptions used in the July 1, 2013 valuation were based on the results of an actuarial experience study for the period July 1, 2009 to June 30, 2012.

NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

NOTE 13. TEACHERS PENSION AND ANNUITY FUND (TPAF) – (CONTINUED)

In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2014 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return.
Cash	6.00%	0.50%
Core fixed Income	0.00%	2.19%
Core bonds	1.00%	1.38%
Short-term bonds	0.00%	1.00%
Intermediate-term bonds	11.20%	2.60%
Long-term bonds	0.00%	3.23%
Mortgages	2.50%	2.84%
High yield bonds	5.50%	4.15%
Non-US fixed income	0.00%	1.41%
Inflation-indexed bonds	2.50%	1.30%
Broad US equities	25.90%	5.88%
Large cap US equities	0.00%	5.62%
Mid cap US equities	0.00%	6.39%
Small cap US equities	0.00%	7.39%
Developed foreign equities	12.70%	6.05%
Emerging market equities	6.50%	8.90%
Private equity	8.25%	9.15%
Hedge funds/absolute return	12.25%	3.85%
Real estate (property)	3.20%	4.43%
Real estate (REITS)	0.00%	5.58%
Commodities	2.50%	3.60%
Long credit bonds	0.00%	3.74%

Discount rate. The discount rate used to measure the total pension liability was 4.68% and 4.95% as of June 30, 2014 and 2013, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 4.29% and 4.63% as of June 30, 2014 and 2013, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2027. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2027, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

(CONTINUED)**

NOTE 13. TEACHERS PENSION AND ANNUITY FUND (TPAF) – (CONTINUED)

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate.

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 4.68% as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (3.68%) or 1-percentage point higher (5.68%) than the current rate:

	1% Decrease (3.68%)	Current Discount Rate (4.68%)	1% Increase (5.68%)	
District's proportionate share of the net pension liability	\$ -	-	-	

Pension plan fiduciary net position.

Detailed information about the pension plan's fiduciary net position is available in the separately issued TPAF financial report.

Note 14: POSTEMPLOYMENT BENEFITS

The School District contributes to the New Jersey State Health Benefits Program ("the SHBP"), a cost sharing multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP provides medical, prescription drug, mental health/substance abuse and Medicare Part B reimbursement to retirees and their covered dependents. The State Health Benefits Program is found in the New Jersey Statutes Annotated, Title 52, Article 17.25 et seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. The Division of Pension and Benefits issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required TPAF and PERS, respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, C. 103 amended the law to eliminate the funding and payment of post-retirement medical benefits for retired state employees through TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired state employees and retired educational employees. As of June 30, 2014, there were 103,432 retirees receiving post-retirement medical benefits, and the State contributed \$1.07 billion on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical benefits changed from a pre-funding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 1992 c. 126 which provides employer paid health benefits to members of PERS and the Alternative Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$165.8 million toward Chapter 126 benefits for 18,122 eligible retired members in Fiscal Year 2014.

Note 15: RISK MANAGEMENT

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The School District maintains commercial insurance coverage for property, liability, and surety bonds.

New Jersey Unemployment Compensation Insurance - The School District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the School District is required to reimburse the New Jersey Unemployment Trust fund for benefits paid to its former employees and charged to its account with the State. The School District is billed quarterly for amounts due to the State.

The following is a summary of School District contributions, reimbursements to the State for benefits paid and the ending balance of the School District's expendable trust fund for the current and previous two years:

Fiscal Year	Contributions	Amount Reimbursed	Ending Balance
2014-2015	\$ 189,444.59	\$ 186,540.95	\$ 826,532.31
2013-2014	203,507.69	139,812.73	823,628.67
2012-2013	267,071.48	177,050.05	759,933.71

Note 16: DEFERRED COMPENSATION

The School District offers its employees a choice of thirteen deferred compensation plans created in accordance with Internal Revenue Code Sections 403(b) and 457. The plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death, or unforeseeable emergency. The plan administrators are as follows:

The Vanguard Fiduciary Trust Company
American Express Financial Advisors, Inc.
Lincoln Investment Planning, Inc.
Equitable
ING
Legend Employee Benefit

The Travelers
Dean Witter Trust Company
Prudential Retirement Services
Supplemental Annuity Collective Trust of NJ
American General Life Insurance Company

Note 17: COMPENSATED ABSENCES

The School District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

Note 17: COMPENSATED ABSENCES (CONTINUED)

School District employees, who are employed as permanent employees, are entitled to the following sick leave days per fiscal school year per their contract for the 2012-2015 school year:

<u>Employee Type</u>	<u>Yearly Allocations</u>	<u>Accumulative Days</u>
Teachers	15 days with full pay	12 days unused accumulative
Support Staff and Confidential Secretary	1 working day per month or 12 days (10-month employees) and 15 days (12-month employees)	Unlimited accumulative days
Cafeteria (20 hrs/week)	12 pro-rated days per year	Unlimited accumulative days
Administrative and Support Supervisors	12-month - 18 days at full pay 10-month - 15 days at full pay	15 days accumulative 12 days accumulative
Maintenance	15 days with full pay	Unlimited accumulative days
Superintendent	18 days with full pay	Unlimited accumulative days
Assistant Superintendent, Director	18 days with full pay	16 days unused accumulative

Unused sick leave may be accumulated and carried forward as listed above. All School District employees are entitled to personal days that cannot be carried over if unused. The number of personal days varies with each group. Benefits paid in any future year will be calculated according to formulas outlined in the School Districts' agreements with the various employee unions and included in the current years' budget.

The liability for vested compensated absences is recorded within those funds as the benefits accrue to employees. As of June 30, 2015, the liability for compensated absences in the governmental and proprietary fund types was \$5,132,545.67 and \$131,354.81 respectively.

Note 18: INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances were recorded on the various balance sheets as of June 30, 2015:

<u>Fund</u>	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
General Fund	\$ 1,268,028.22	\$
Special Revenue Fund		1,106,855.30
Food Service Fund		131,919.85
Latchkey Fund		17,600.68
Wrap Around Fund		11,652.39
Total	\$ <u>1,268,028.22</u>	\$ <u>1,268,028.22</u>

The interfund receivable of the General Fund resulted from the payment of bills on-behalf of the Enterprise and Proprietary Funds. All interfund balances above are expected to be repaid during the fiscal year ending June 30, 2015.

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

Note 19: CONTINGENT LIABILITIES

Federal and State Grants

The District participates in a number of federal and state grant programs. The grant programs are subject to program compliance audits by the grantors or their representatives. The District is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance would result in the disallowance of program expenditures.

Note 20: FUND BALANCE APPROPRIATED

Restrictions of funds balances of governmental funds are established to either (1) satisfy legal covenants that require a portion of the fund balance to be segregated or (2) identify the portion of the fund balance that is not appropriate for future expenditures.

The District uses restricted/committed amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the District does not have a formal fund balance spending policy therefore the default spending order requires committed, assigned and then unassigned to be used be spent first when expenditures are made.

The District follows the State of New Jersey's minimum fund balance policy for New Jersey Regular Public School Districts (N.J.S.A. 18A:7F-7). Pursuant to that policy, an undesignated fund balance of 2% of the general fund budget or \$250,000, whichever is greater may be maintained.

The District's major sources of special revenue funds is federal grant funding for the No Child Left Behind (NCLB) program and federal grants for special education.

Specific classifications of fund balance are summarized below:

Non-Spendable Fund Balance – The District had no non-spendable fund balance at June 30, 2015.

Restricted Fund Balance

Excess Surplus - In accordance with N.J.S.A. 18A7F-7, as amended, the designation of restricted fund balance – excess surplus is the result of a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to restrict general fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent year's budget. The excess fund balance at June 30, 2015 is \$991,122.11; \$0 of this restricted amount has been designated for utilization in the 2015-16 budget and \$991,122.11 is required to be utilized in the 2016-17 budget.

Committed Fund Balance

Capital Reserve – The balance of the district's capital reserve at June 30, 2015 was \$1.

Maintenance Reserve Account – Of the \$1,686,560.13 balance in the maintenance reserve account at June 30, 2015, \$800,000 has been designated for utilization in the 2015-16 budget. These funds are restricted for the required maintenance of school facilities in accordance with the Educational Facilities Construction and Financing Act (EFCFA) (N.J.S.A. 18A:7G-9) as amended by P.L. 2004, c. 73 (S1701).

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

Note 20: FUND BALANCE APPROPRIATED (CONTINUED)

Assigned Fund Balance – At June 30, 2015, the Board of Education has no assigned fund balance at the end of the year after adjusting for \$82,537.38 in Reserve for Encumbrances and \$2,300,000.00, which was included as anticipated revenue for the year ending June 30, 2016 but not reflected as assigned on the balance sheet since unassigned fund balance is negative.

Unassigned Fund Balance – At June 30, 2015, the District has \$(2,378,345.56) of unassigned fund balance deficit in the general fund, after adjusting for the encumbrance and fund balance appropriated amounts of \$82,537.38 and \$2,300,000.00 respectively. The deficit is due to the District not recognizing the final state aid payment on the GAAP basis.

Note 21: CALCULATION OF EXCESS SURPLUS

In accordance with N.J.S.A. 18A:7F-7, the designation for Reserved Fund Balance - Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount of budgeted fund balance in their subsequent years' budget. There is \$991,122.11 in excess fund balance at June 30, 2015.

Note 22: LITIGATION

The Board is involved in several claims and lawsuits incidental to its operations. In the opinion of the administration and legal counsel, the ultimate resolution of these matters will not have a material adverse effect on the financial position of the District.

Note 23: ECONOMIC DEPENDENCY

The District receives support from federal government and from the state government through local school districts. A significant reduction in the level of support, if this were to occur, would have an effect on the District's programs and activities.

Note 24: MAINTENANCE RESERVE ACCOUNT

A maintenance reserve account was established by the Millville Board of Education by inclusion of \$100,000, June 2008 for the accumulation of funds for use as required maintenance expenditures in subsequent fiscal years. The maintenance reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

The activity of the Maintenance reserve for the July 1, 2014 to June 30, 2015 fiscal year is as follows:

Beginning balance, July 1, 2014	\$2,086,560
Interest earnings	
Deposits	400,000
Withdrawals:	800,000
Board resolution: / /	
Board resolution	
Total Withdrawals	<u> </u>
Ending balance, June 30, 2015	<u><u>\$1,686,560</u></u>

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

Note 25: CAPITAL RESERVE ACCOUNT

On June 2, 2014, the District approved the establishment of a Capital Reserve in accordance with NJAC 6A:23A-14.1 by inclusion of \$1.00 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by Board resolution at year-end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A District may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to *N.J.S.A. 19:60-2*. Pursuant to *N.J.A.C. 6:23A-14.1(g)*, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2014 to June 30, 2015 fiscal year is as follows:

Beginning balance, July 1, 2014	\$1
Interest earnings	
Deposits	
Withdrawals:	
Board resolution: / /	
Board resolution	
Total Withdrawals	
Ending balance, June 30, 2015	\$1

Note 26: COMMITMENTS

The District does not have an encumbrance policy for the fiscal year end to determine significant encumbrances. All encumbrances are classified as either Assigned Fund Balance in the General Fund or Committed Fund Balance in the Capital Projects Fund. Significant encumbrances at June 30th are as follows:

Fund	Amount
General Fund Encumbered Orders	\$ 82,537.38
	\$ 82,537.38

**MILLVILLE BOARD OF EDUCATION
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015
(CONTINUED)**

NOTE 27: RESTATEMENT OF PRIOR YEAR BALANCES

Net position has been restated as required by the implementation of GASB 68, as discussed in notes 12 and 13 above.

Beginning net position as previously reported at June 30, 2014	\$ 60,124,175.08
Prior period adjustment - Implementation GASB 68	
Net pension liability (measurement date)	
Deferred outflows - District's contributions made during fiscal year 2014	<u>(32,342,744.00)</u>
Total prior period adjustment	<u>(32,342,744.00)</u>
Net position as restated, July 1, 2014	<u><u>\$ 27,781,431.08</u></u>

Note 28: SUBSEQUENT EVENTS

Management has reviewed and evaluated all events and transactions that occurred from June 30, 2015 through December 11, 2015, the date that the financial statements were available to be issued for possible disclosure and recognition in the financial statements, and no items have come to the attention of the District that would require disclosure.

PROPRIETARY FUND DETAIL STATEMENTS

Proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the district's board is that the costs of providing goods or services be financed through user charges.

Food Service Fund - This fund provides for the operation of food services in all schools within the school district.

Latchkey Program – This program provides day care services for school-aged students after school.

Wraparound Program – This program provides day care services for preschool-aged students before after school.

FIDUCIARY FUNDS DETAIL STATEMENTS

Fiduciary Funds are used to account for funds received by the school district for a specific purpose.

Scholarship Trust Fund - This is an expendable trust fund used to account for assets held by the district for grants to students where there are no restrictions regarding the use of principal and income.

Unemployment Compensation Fund - This Trust Fund is an expendable trust fund and limits expenses set aside for this purpose in current and prior budgets and contributions from employee withholding in prior years.

Agency funds are used to account for assets held by the school district as an agent for individuals, private organizations, other governments and/or other funds.

Student Activity Fund - This agency fund is used to account for student funds held at the schools.

Payroll Fund - This agency fund is used to account for the payroll transactions of the school district.

K-1 INDEPENDENT AUDITOR'S REPORT

Honorable President and
Members of the Board of Education
City of Millville School District
County of Cumberland, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business type activities, each major fund, and the aggregate remaining fund information of the Millville School District, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements, and have issued our report thereon dated December 11, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Millville School District's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Millville School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Millville School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Millville School District's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of basic financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements prescribed by the Division of Finance, Department of Education, and State of New Jersey. We noted certain other matters that we have reported to the Board of Education of the Millville School District in the separate *Auditors' Management Report on Administrative Findings - Financial, Compliance and Performance* dated December 11, 2015.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

K-2 INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of Board of Education
City of Millville School District
County of Cumberland,
Millville, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the City of Millville School District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the New Jersey *OMB State Grant Compliance Supplement* that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2015. The City of Millville Board of Education's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Millville School District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and New Jersey OMB 04-04. Those standards, OMB Circular A-133 and NJ OMB 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the City of Millville School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the City of Millville School District's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the Millville School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal and state programs identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2015.

Report on Internal Control Over Compliance

Management of the City of Millville School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Millville School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and NJ OMB 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Millville School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

The accompanying Notes to Schedules of Expenditures of Awards and Financial Assistance are an integral part of this schedule.

**MILLVILLE BOARD OF EDUCATION
NOTES TO THE SCHEDULES OF EXPENDITURES OF
FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
JUNE 30, 2015**

NOTE 1. GENERAL

The accompanying schedules of financial assistance present the activity of all federal and state financial assistance programs of the Millville Board of Education. The Board of Education is defined in Note 1(A) to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal and state financial assistance passed through other government agencies, is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of financial assistance are presented using the modified accrual basis of accounting with the exception of programs recorded in the food services fund, which are presented using the accrual basis of accounting, and those recorded in the special revenue fund, which are presented using the budgetary basis of accounting. These bases of accounting are described in Notes 1(C) and 1(D) to the Board's basic financial statements.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

Amounts reported in the accompanying schedules agree with amounts reported in the Board's basic financial statements. The basic financial statements present the General Fund and Special Revenue Fund on the GAAP basis. The Special Revenue Fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$0 as it relates to encumbrances. See the Note to the Required Supplementary Information/Budget to GAAP Reconciliation (Exhibit C-3) for a reconciliation of the budgetary basis to the GAAP basis of accounting for the General Fund and the Special Revenue Fund as it relates to the final state aid payment.

Federal and state award revenues, including those contributed to School Based Budgets, are reported in the Board's basic financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>TPAF Pension</u>	<u>Total</u>
General Fund	\$ 516,256.64	\$ 77,029,356.18	\$ (5,697,061.00)	\$ 71,848,551.82
Special Revenue Fund	4,361,836.92	9,934,728.00		14,296,564.92
Capital Projects Fund		554,470.00		554,470.00
Food Service Fund	<u>2,491,496.15</u>	<u>36,622.50</u>		<u>2,528,118.65</u>
Total Financial Award Revenues	<u>\$ 7,369,589.71</u>	<u>\$ 87,555,176.68</u>	<u>\$ (5,697,061.00)</u>	<u>\$ 89,227,705.39</u>

The On-Behalf Pension Contributions made for the district by the State of New Jersey are recognized as revenue in the basic financial statements, but are not considered in the major program determination.

**MILLVILLE BOARD OF EDUCATION
 NOTES TO THE SCHEDULES OF EXPENDITURES OF
 FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
 JUNE 30, 2015
 (CONTINUED)**

NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5. OTHER

Revenues and expenditures under the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as TPAF Pension Contributions represents the amounts paid by the state on behalf of the district for the year ended June 30, 2015. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2015.

NOTE 6. ADJUSTMENTS

Adjustments were made to various Federal and State grants due to the cancellation of both encumbrance payable and both accounts receivable and payable from the previous year or a reduction of state aid.

NOTE 7. SCHOOLWIDE PROGRAM FUNDS

School wide programs are not Federal programs as defined in OMB Circular A-133; amounts used in school wide programs are included in the total expenditures of the program contributing the funds in the Schedule of Expenditure of Federal Awards. The following funds by program are included in school wide programs in the school district.

Program	<u>Total</u>
Title 1, Part A: Improving Basic Programs	\$ <u>1,180,145.34</u>
Total Financial Award Revenues	\$ <u><u>1,180,145.34</u></u>

NOTE 8. SUB-RECIPIENTS

Of the State expenditures presented in Schedule B, the District provided state awards to sub recipients as follows:

<u>Program</u>	<u>Account Number</u>	<u>Amount Provided to Recipients</u>
Preschool Education	495-034-5120-086	\$ <u><u>1,056,685.17</u></u>
