(732) 695-7827 Fax: (732) 493-4515 kmandeville@moesc.org

December 4, 2015

Honorable President and Members of the Board of Directors M-OESC 900 Hope Road Tinton Falls, New Jersey 07712

Dear Board Members:

The Comprehensive Annual Financial Report (CAFR) of the M-OESC (Commission) for the fiscal year ended June 30, 2015, is hereby submitted. This CAFR includes the Commission's Basic Financial Statement prepared in accordance with Governmental Accounting Standards Board (GASB) Statement 34. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Directors (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the Commission. All disclosures necessary to enable the reader to gain an understanding of the Commission's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the Commission's organizational chart and a list of principal officials. The financial section includes the independent auditor's report, management's discussion and analysis, the basic financial statements and notes providing an overview of the Commission's financial position and operating results and other schedules. The statistical section includes selected financial information. The Commission is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act 1986 as amended in 2003 and the U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations", and the NJOMB Circular Letter 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid". Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable

laws and regulations and findings and recommendations, are included in the single audit section of this report.

<u>COMMISSION ORGANIZATION</u>: The Commission was established in 1979 pursuant to state law. All public school districts in Monmouth and Ocean Counties are members. Each district appoints a board member to sit on the Commission's Representative Assembly. The Representative Assembly is responsible for the adoption of the Commission's annual budget and the selection of a 15-person Board of Directors from among its membership. The Board of Directors functions in a manner similar to a Board of Education. An Executive Committee, comprised of the Board President, Vice President and one other member of the Board of Directors, is empowered to take action in place of the Board of Directors.

<u>REPORTING ENTITY AND ITS SERVICES</u>: The M-OESC is an independent reporting entity within the criteria adopted by the GASB as established by GASB Statement No. 14. All funds and account groups of the Commission are included in this report. The M-OESC and all its schools constitute the Commission's reporting entity.

The Commission provides a broad range of services and programs to school districts and students, primarily in Monmouth and Ocean Counties and is statewide with some of the services. Services include special education, alternative education, non-public instruction and services, home instruction, virtual instruction, Federal grant administration, transportation, cooperative purchasing, staff development and special projects.

ECONOMIC CONDITION AND OUTLOOK: The Monmouth-Ocean County area is experiencing a period of economic downturn, consistent with the national economy.

MAJOR INITIATIVES:

- MOESC continues to provide services for the Bayshore Jointure Commission through agreements for the administration and business operations as well as shared nursing services for the Jointure's Shore Center for Students with Autism program housed in the MOESC's 100 Tornillo Way, Tinton Falls building. In addition, the Jointure has lease agreement with MOESC to June 2018.
- 2. MOESC's New Jersey Virtual School™ continues to operate a GED program at the Monmouth County Correctional Institute and has graduated over 150 GED diploma students. The NJVS™ is experiencing a large increase in summer school enrollments and regular year enrollments.

3. During the 2014-2015 school year, in an effort to bring new business and offerings to our districts we have adopted more of a business model and MOESC has begun to serve as a broker/sales liaison in an enterprise relationship between corporations and our school districts.

INTERNAL ACCOUNTING CONTROLS: Management of the Commission is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the Commission are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that:

(1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of Federal and State financial assistance, the Commission also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs.

This internal control structure is also subject to periodic evaluation by Commission management.

As part of the Commission's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including the portion related to Federal and State financial assistance programs, as well as to determine that the Commission has complied with applicable laws and regulations.

BUDGETARY CONTROLS: In addition to internal accounting controls, the Commission maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Directors. Annual appropriated budgets are adopted for the general fund and the special revenue fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at fiscal year end.

ACCOUNTING SYSTEM AND REPORTS: The Commission's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards (GASB). The accounting system of the Commission is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.

CASH MANAGEMENT: The investment policy of the Commission is guided in large part by State statute as detailed in "Notes to the Financial Statements", Note 2. The Commission has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act. The Commission utilizes the New Jersey Cash Management Fund for all investments.

RISK MANAGEMENT: The Commission carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, fidelity bonds, and errors and omissions coverage.

OTHER INFORMATION:

A. **Independent Audit** – State statutes require an annual audit by independent certified public accountants or registered municipal accountants. Ms. Kathryn Perry, CPA of Jump, Perry and Company, LLP was selected as the Commission's auditor.

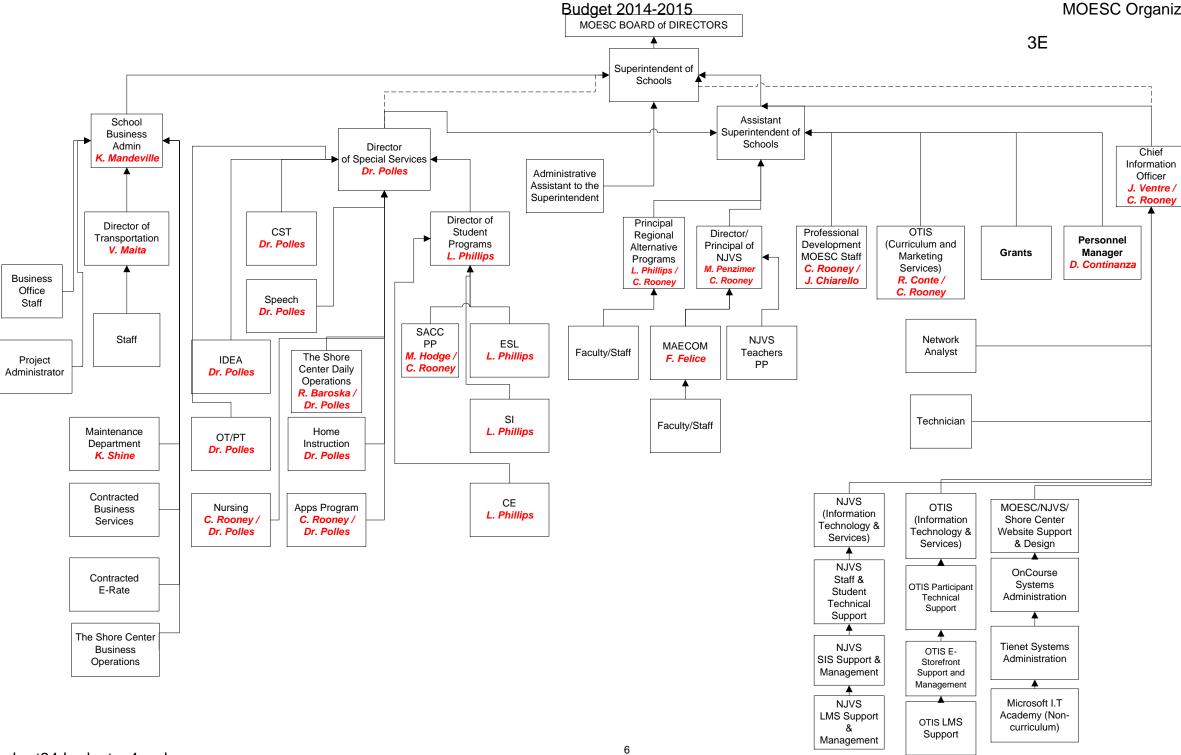

In addition to meeting the requirements set forth in State statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1996 and the related OMB Circular A-133 and State Treasury Circular Letter 04-04. The auditor's report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

ACKNOWLEDGMENTS: We would like to express our appreciation to the members of the M-OESC Board of Directors and Representative Assembly for their concern in providing fiscal accountability to the members of the Commission and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

Christopher Rooney Superintendent Kathleen Mandeville Board Secretary/School Business Administrator

INDEPENDENT AUDITORS' REPORT

Honorable President and Members of the Board of Education Monmouth-Ocean Educational Services Commission: County of Monmouth Tinton Falls, New Jersey

Report of the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Monmouth-Ocean Educational Services Commission in the County of Monmouth, State of New Jersey, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the School District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

BRICK OFFICE: 1845 HIGHWAY 88 EAST · BRICK, NJ · 08724 · PHONE (732) 840-1600 · FAX (732) 840-8349

MANAHAWKIN OFFICE: 21 JENNINGS ROAD · MANAHAWKIN, NJ · 08050 · PHONE (609) 978-9500 · FAX (609) 978-9515

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Monmouth-Ocean Educational Services Commission in the County of Monmouth, State of New Jersey as of June 30, 2015 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Monmouth-Ocean Educational Services Commission's basic financial statements. The introductory section, combining fund financial statements and schedules and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and New Jersey OMB's Circular 04-04 and/or 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, OMB Circular A-133, and New Jersey OMB Circular 04-04 and/or 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, and are not a required part of the basic financial statements.

The combining fund financial statements and schedules and the schedule of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial statements and schedules and the schedule of expenditures of federal and state awards are fairly stated, in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 25, 2015 on our consideration of the Monmouth-Ocean Educational Services Commission in the County of Monmouth, State of New Jersey internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Monmouth-Ocean Educational Services Commission in the County of Monmouth, State of New Jersey internal control over financial reporting and compliance.

Respectfully Submitted

REQUIRED SUPPLEMENTARY INFORMATION - PART I

Monmouth-Ocean Educational Services Commission

Management's Discussion and Analysis

For the Fiscal Year Ended June 30, 2015

Unaudited

The discussion and analysis of Monmouth-Ocean Educational Services Commission's financial performance provides an overall review of the Commission's financial activities for the fiscal year ended June 30, 2015. The intent of this discussion and analysis is to look at the Commission's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the Commission's financial performance.

The Management's Discussion and Analysis (MD&A) is an element of the Required Supplementary Information Section specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34- Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments issued in June 1999. Certain comparative information between the current year (2014-2015) and the prior year (2013-2014) is required to be presented in the MD&A.

Financial Highlights

Key financial highlights for 2015 are as follows:

In total, net position totaled \$2,236,326, which represents a (72.71) percent increase from 2014.

General revenues accounted for \$5,195,922 in revenue or 10.67 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$43,508,637 or 89.33 percent of total revenues of \$48,704,559.

Total assets decreased by \$1,097,780 as cash and cash equivalents decreased by \$(758,201), receivables increased by \$905,483 and capital assets increased by \$(98,456).

The Commission had \$47,463,515 in expenses; only \$43,508,637 of these expenses were offset by program specific charges for services, grants or contributions. General revenues (primarily transportation) of \$5,195,922 were adequate to provide for these programs.

Among major funds, the General Fund had \$44,963,362 in revenues and \$44,208,364 in expenditures and transfers. The General Fund's balance decrease \$999,262 over 2014. The General Fund's balance is \$5,556,718.

Using this Comprehensive Annual Financial Report (CAFR)

The annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Monmouth-Ocean Educational Services Commission as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the Commission, presenting both an aggregate view of the Commission's finances and longer-term view of those finances. Fund financial statements provide the next level of detail. For government funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the Commission's most significant funds with all other non-major funds presented in total in one column. In the case of Monmouth-Ocean Educational Services Commission, the General Fund is by far the most significant.

Reporting the Commission as a Whole

Statement of Net Position and the Statement of Activities

This document contains all funds used by the Commission to provide programs and activities viewing the Commission as a whole and reports the culmination of all financial transactions. The report answers the question "How We Did Financially During Fiscal Year 2015." The Statement of Net Position and the Statement of Activities provides the summary. The statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account, all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the Commission's net position and changes in those assets. This change in net position is important because reports whether the Commission's financial position has improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include the School Commission's participating districts, current laws in restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the Commission is divided into two kinds of activities:

Governmental Activities - All of the Commission's programs and services are reported here including, instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.

Business-Type Activities - This service is provided on a charge for goods or services basis to recover all the expense of the goods or services provided. The Contracted Enterprise Fund are reported as business activity.

Reporting the Commission's Most Significant Funds

Fund Financial Statement

Fund financial reports provide detailed information about the Commission's funds. The Commission uses many funds to account for a multitude of financial transactions. The Commission's governmental funds are the General Fund and Special Revenue Fund.

Governmental Funds

The Commission's activities are reported in governmental funds, which focus on how money flows into and out of the funds and balances left at year-end available for spending in the future years. These funds are reported using a modified accrual accounting method which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Commission's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Enterprise Fund

The Enterprise Fund uses the same basis of accounting as business-type activities.

The Commission as a Whole

The Statement of Net Position provides the financial perspective of the Commission as a whole. Table 1 provides a summary comparison of the School Commission's net position for 2014 and 2015.

	<u>2015</u>	<u>2014</u>
Assets:		
Cash and Cash Equivalents	\$ 551,846	\$ 4,100

Government Activities

The Commission's total revenues were \$44,963,362 for the year ended June 30, 2015. Federal, state and local grants accounted for another 94.66%.

The total cost of all programs and services was \$44,123,945. Instruction comprises 8.15% of the Commission's expenses.

Expenses for Fiscal Year 2015

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total costs of services and the net cost of services. The net cost shows the financial burden that was placed on the School Commission's taxpayers by each of these functions.

Interest and Fiscal Charges				
Total Expenses	\$ 44,123,94	5 \$ 5,248,672	\$ <u>46,054,338</u>	\$ 3,454,017

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration and business include expenses associated with administrative and financial supervision of the Commission.

Operation and maintenance of facilities activities involve keeping the school grounds, buildings, and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, to school curricular and athletic activities and field trips as provided by state law.

Other includes special schools and unallocated depreciation.

Business-Type Activities

Revenues for the Commission's business-type activities were comprised of charges for services. Revenues exceeded expenses by \$401,627. Charges for services represent \$4,615,448 of revenue. This represents the amount paid by member districts for charged services.

The Commission's Funds

Governmental funds (i.e., General fund and Special revenue fund presented in the fund-based statements) are accounted for using the modified accrual basis of accounting. All government funds had total revenues of \$44,963,362 and expenditures of \$44,208,364. The net positive (negative) change in fund balance for the year was most significant in the General Fund, a decrease of \$(754,998).

As demonstrated by the various statements and schedules included in the financial section of this report, the Commission continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds for the fiscal year ended June 30, 2015, and the amount and percentage of increase and increases in relation to prior-year revenues.

			<pre>Increase/ (Decrease)</pre>	Percent of

General Fund Budgeting Highlights

The Commission's budget is prepared according to New Jersey law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

The Commission, in accordance with regulations, approves budget transfers throughout the year to accurately reflect expenditures in accordance with state guidelines.

While the Commission final budget for the General Fund anticipated that revenues and expenditures would roughly equal, the actual results for the year show a \$(754,998) surplus.

Actual revenues were \$44,963,362. Actual expenditures and transfers were \$44,208,364.

Capital Assets

At the end of the fiscal year 2015, the School Commission had \$9,261,725 invested in land, buildings, and machinery and equipment.

 ${
m Table}$ 4 Capital Assets (Net of Depreciation) at June 30, 2015 and 2014

	<u>2015</u>	<u>2014</u>
Building and Improvements Machinery and Equipment	\$ 8,153,910 1,107,815	\$ 8,153,910 506,747
Total	\$ <u>9,261,725</u>	\$ <u>8,660,657</u>

Overall capital assets increased \$601,068 from fiscal year 2014 to 2015.

Contacting the School Commission's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the School Commission's finances and to show the 's accountability for the money it receives. If you have any questions about this report or need additional information, contact Christopher Rooney, Superintendent, Monmouth-Ocean Educational Services Commission, 900 Hope Road, Tinton Falls, NJ 07712. Notes to Financial Statements

For the Year Ended June 30, 2015

1. Summary of Significant Accounting Policies

The financial statements of the Board of Directors of the Monmouth-Ocean Educational Services Commission (Commission) have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

A. Reporting Entity

In June, 1979, the Monmouth-Ocean Educational Services Commission was established by local school districts in Monmouth County to administer, in a cooperative fashion, programs designated by the membership. During 1991/1992, the Commission admitted numerous Ocean County districts and changed its name to the Monmouth-Ocean Educational Services Commission (M-OESC).

The general purpose of the Commission is to provide services for the consortium of school districts comprising it that are more economically and efficiently provided on a collective basis. The Commission has been established pursuant to the laws of the State of New Jersey (NJSA 18A:6, et seq.).

The primary criterion for including activities within the Commission's reporting entity, as set forth in Section 2100 of the GASB <u>Codification of Governmental Accounting and Financial Reporting Standards</u>, is the degree of oversight responsibility maintained by the District. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The combined financial statements include all funds and account groups of the Commission over which the Board exercises operating control. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the Commission is not includable in any other reporting entity on the bass of such criteria.

B. Basis of Presentation, Basis of Accounting:

The Commission's basic financial statements consist of Commission-wide statements, including a Statement of Net Position and a Statement of Activities, and Fund Financial Statements which provide a more detailed level of financial information.

Notes to Financial Statements

For the Year Ended June 30, 2015

Summary of Significant Accounting Policies (Cont'd)

B. Basis of Presentation, Basis of Accounting (Cont'd)

Basis of Presentation

The Commission adopted the Governmental Accounting Standard requiring the reporting of deferred outflows, deferred inflows, and net position. The term Net Assets will no longer be used and will be replaced with Net Position. The Statement of Net Position includes the reporting of assets, deferred outflows, liabilities and deferred inflows. The deferred outflows are reported under assets and deferred inflows are reported under liabilities on the Statement of Net Position. Items previously classified as assets and liabilities but not meeting that definition have then been reviewed for categorization as deferred outflows or deferred inflows. Items not classified as either an asset, deferred outflow, liability or deferred inflow have been charged to the Statement of Revenues, Expenses, and Changes in Net Position in the current year.

GASB Implemented in the current Fiscal Year: In June, 2012, GASB issued Statement No. 68, Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27("GASB No. 68). The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. The requirements of this Statement will improve the decision-usefulness of information in employer and governmental nonemployer contributing entity financial reports and will enhance its value for assessing accountability and interperiod equity by requiring recognition of the entire net pension liability and a more comprehensive measure of The requirements of this Statement are effective for pension expense. financial statements for periods beginning after June 15, 2014.

<u>Commission-wide Statements</u>: The Statement of Net Position and the Statement of Activities display information about the Commission as a whole. These Statements include the financial activities of the overall Commission, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These Statements distinguish between the governmental and business-type activity of the Commission. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in a whole or in part by fees charged to external parties.

The Statement of Net Position presents the financial condition of the governmental and business-type activity of the Commission at fiscal year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for the business-type activity of the Commission and for each function of the Commission's governmental activities.

Notes to Financial Statements

For the Year Ended June 30, 2015

Summary of Significant Accounting Policies (Cont'd)

B. Basis of Presentation, Basis of Accounting (Cont'd)

Basis of Presentation (Cont'd)

Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the Commission.

Fund Financial Statements: During the fiscal year, the Commission segregates transactions related to certain Commission functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The Fund Financial Statements provide information about the Commission's funds, including its fiduciary funds. Separate statements for each Fund category - governmental, proprietary, and fiduciary - are presented. The New Jersey Department of Education ("NJDOE") has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted is GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among Commission financial reporting models.

The Commission reports the following governmental funds:

General Fund - The General Fund is the general operating fund of the Commission and is used to account for all financial resources except those required to be accounted for in another fund.

As required by the NJDOE, the District includes budgeted capital outlay in this Fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, District taxes and appropriated Fund Balance. Expenditures are those that result in the acquisition of or additions to Fixed Assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by Board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for all proceeds of specific revenue from State and Federal Government, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Notes to Financial Statements

For the Year Ended June 30, 2015

Summary of Significant Accounting Policies (Cont'd)

B. Basis of Presentation, Basis of Accounting (Cont'd)

Basis of Presentation (Cont'd)

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds).

The Commission reports the following proprietary funds:

Enterprise Fund - The Enterprise Funds are utilized to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the Commission is that the costs (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges; or, where the Commission has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Additionally, the Commission reports the following fund type:

Fiduciary Funds - The Fiduciary Funds are used to account for assets held by the Commission on behalf of others and includes the Payroll Agency Fund and Unemployment Compensation Insurance Trust Fund.

Notes to Financial Statements

For the Year Ended June 30, 2015

Summary of Significant Accounting Policies (Cont'd)

B. Basis of Presentation, Basis of Accounting (Cont'd)

Basis of Accounting

Basis of Accounting determines when transactions are recorded in the financial records and reported on the financial statements.

Commission-Wide, Proprietary, and Fiduciary Fund Financial Statements: Commission-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the Enterprise Fund and Fiduciary Funds use the accrual basis of accounting. Differences in the accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as, under New Jersey State Statute, a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "Accounts Receivable". Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental Funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds if general long-term debt and acquisitions under capital releases are reported as other financing sources.

All governmental and business-type activities and Enterprise Funds of the Commission follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

Notes to Financial Statements

For the Year Ended June 30, 2015

Summary of Significant Accounting Policies (Cont'd)

C. Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the General, Special Revenue, and Debt Service Funds. The budgets are submitted to the County Office and are not voted upon in the annual school election. Budgets are prepared using the modified accrual basis of accounting, except for Special Revenue Fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C 6:20-2A.2(m)1. All budget amendments/transfers must be approved by Board resolution. All budget amounts presented in the accompanying supplementary information reflect the original budget and the amended budget which have been adjusted for legally-authorized revisions of the annual budgets during the year.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the Special Revenue Fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund-types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the Special Revenue Fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports. At June 30, 2015, there was a reconciling difference of \$131,271 between the budgetary basis and GAAP basis in the General Fund and of \$- in the Special Revenue Fund.

Exhibit C-3 presents a reconciliation of the General Fund revenues and Special Revenue Fund revenues and expenditures from the budgetary basis of accounting as presented in the Budgetary Comparison Schedules - General and Special Revenue Funds to the GAAP basis of accounting as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Fund Types. Note that the Commission does not report encumbrances outstanding at year-end as expenditures in the General Fund since the General Fund budget follows modified accrual basis with the exception of the revenue recognition policy for the last state aid payment.

Notes to Financial Statements

For the Year Ended June 30, 2015

1. Summary of Significant Accounting Policies (Cont'd)

D. Encumbrance Accounting

Under Encumbrance Accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve and portion of the applicable appropriation. Open encumbrances in governmental funds other than the Special Revenue Fund are reported as reservations of fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the Special Revenue Fund, for which the Commission has received advances are reflected in the Balance Sheet as deferred revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year-end.

E. Assets, Liabilities, and Equity

Interfund Transactions

Transfers between Governmental and Business-Type activities on the Commissionwide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as Interfund transfers. Interfund transfers are reported as other financing sources/uses in Governmental Funds and after non-operating revenues/expenses to the funds that initially paid for them are not presented on the financial statements.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represent a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time.

Notes to Financial Statements

For the Year Ended June 30, 2015

Summary of Significant Accounting Policies (Cont'd)

E. Assets, Liabilities, and Equity (Cont'd)

Capital Assets

The Commission has an established formal system of accounting for its Capital Assets. Purchased or constructed Capital Assets are reported at cost. Donated Capital Assets are valued at their estimated fair market value on the date received. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. The Commission does not possess any infrastructure.

All reported Capital Assets except for Land and Construction in Progress are depreciated. Depreciation is computed using the straight-line method over the following estimated useful lives:

Asset Class	Estimated <u>Useful Lives</u>
Buildings	50 years
Building improvements	20 years
Vehicles	10 years
Office and computer equipment	5-10 years
Instructional equipment	10 years

Compensated Absences

Commission employees are granted vacation and sick leave in varying amounts under the Commission's personnel policies. In the event of termination an employee is reimbursed for accumulated vacation. Sick leave benefits provide for ordinary sick pay. A liability for Compensated Absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and the employee is accrued as the employees earn the rights to the benefits.

The liability for compensated absences was accrued using the termination payment method, whereby the liability is calculated based on the amount of sick leave that is expected to become eligible for payment upon termination. The Commission estimates its accrued compensated absences liability based on accumulated sick and vacation days at the balance sheet date by those employees who are currently eligible to receive termination payments.

In the Commission-wide Statement of Net Position, the liabilities whose average maturities are greater than one year should be reported in two components - the amount due within one year and the amount due in more than one year.

The liability for vested compensated absences of the proprietary fund-types is recorded within those funds as the benefits accrue to employees.

Notes to Financial Statements

For the Year Ended June 30, 2015

Summary of Significant Accounting Policies (Cont'd)

E. Assets, Liabilities, and Equity (Cont'd)

Unearned/Deferred Revenue

Unearned/deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlement received before the eligibility requirements are met are also recorded as Unearned/deferred Revenue.

Accrued Liabilities and Long-Term Obligations

All Payables, Accrued Liabilities, and Long-Term Obligations are reported on the Commission-wide financial statements. In general, governmental fund payables are accrued liabilities that, once incurred are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, contractually-required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year.

Net Position

Net Position represents the difference between assets and liabilities. Net Position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net Position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Commission or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The Commission's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted Net Position are available.

Fund Balance Reserves

The Commission reserves those portions of Fund Balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation in future periods. A Fund Balance Reserve has not been established for encumbrances, maintenance, capital and subsequent year's expenditures.

Notes to Financial Statements

For the Year Ended June 30, 2015

Summary of Significant Accounting Policies (Cont'd)

E. Assets, Liabilities, and Equity (Cont'd)

Revenues - Exchange and Nonexchange Transactions

Revenue resulting from Exchange Transactions, in which each party gives and receives essentially equal value, is recorded on the actual accrual basis when the Exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Commission available means within sixty days of the fiscal year-end.

Nonexchange Transactions, in which the Commission receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the period in which the income is earned. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the Commission must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the Commission on a reimbursement basis. On the modified accrual basis, revenue from Nonexchange Transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest, and tuition.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the Enterprise Fund. For the Commission, these revenues are sales for food service, before and after care program and supplemental services. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the Enterprise Fund.

Notes to Financial Statements

For the Year Ended June 30, 2015

Summary of Significant Accounting Policies (Cont'd)

E. Assets, Liabilities, and Equity (Cont'd)

Allocation of Indirect Expenses

The Commission reports all Direct Expenses by function in the Statement of Activities. Direct Expenses are those that are clearly identifiable with a function. Indirect Expenses are allocated to functions but are reported separately in the Statement of Activities. Employee Benefits, including the employer's share of Social Security, workers compensation, and medical and dental benefits were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the Indirect Expense column of the Statement of Activities. Depreciation expense that could not be attributable to a specific function is considered an Indirect Expense and is reported separately in the Statement of Activities. Interest on long-term debt is considered an Indirect Expense and is reported separately on the Statement of Activities.

Extraordinary and Special Items

Extraordinary Items are transactions or events that are unusual in nature and infrequent in occurrence. Special Items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

2. Deposits and Investments

The Commission considers petty cash, change funds, cash in banks, certificates of deposit and deposits with the New Jersey Cash Management Fund as Cash and Cash Equivalents.

Notes to Financial Statements

For the Year Ended June 30, 2015

Deposits and Investments (Cont'd)

<u>Deposits</u>

The Commission's deposits are insured through the Federal Deposit Insurance Corporation ("FDIC") or New Jersey's Governmental Unit Deposit Protection Act. The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to maintain additional collateral in the amount of 5% of the average public deposits and to deposit these amounts with the Federal Reserve Bank for all deposits not covered by the FDIC.

Туре	Carrying Value
Deposits Demand Deposits	<u>\$ (711,172)</u>
Total Deposits	<u>\$ (711,172)</u>

The District's Cash & Cash Equivalents are Reported as Follows:

Governmental Activities	\$ (517 , 489)
Business-Type Activities	(662,306)
Fiduciary Funds	 468,623
Cash & Cash Equivalents	\$ (711,172)

Custodial Credit Risk Related to Deposits

Total

Custodial Credit Risk is the risk that, in the event of a bank failure, the Board's deposit might not be recovered. Although the Board does not have a formal policy regarding custodial credit risk, NJSA 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of GUDPA. Under the Act, the first \$ 250,000 of governmental deposits in each insured depository is protected by FDIC. Public funds owned by the Board in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, bail funds, or funds that may pass to the Board relative to the happening of a future condition. Such funds are shown as Uninsured and Uncollateralized in the schedule below.

At June 30, 2015, the Board's bank balances of \$5,701,532 were exposed to Custodial Credit Risk as follows:

	2015
FDIC Insured	\$ 250,000
GUDPA Protected	 5,451,532
	\$ 5,701,532

Notes to Financial Statements

For the Year Ended June 30, 2015

Deposits and Investments (Cont'd)

Investments

The Board is permitted to invest public funds in accordance with the types of securities authorized by N.J.S.A. 18A:20-37. Examples of the allowable investments are bonds or other obligations of the United States or obligations guaranteed by the United States of America, Government Money Market Mutual Funds, bonds or other obligations of the school district or bonds or other obligations of the local unit or units within which the school district is located, Local Government investment pools, and agreements or the repurchase of fully-collateralized securities, if transacted in accordance with the above statute.

As of June 30, 2015, the Board had no investments.

Credit Risk

State law limits investments as noted above (N.J.S.A. 18A:20-37). The District has an investment policy that further limits its investment choices.

3. Receivables

Receivables at June 30, 2015, consisted of state aid, accrued interest, interfund, intergovernmental, and other. All Receivables are considered collectible in full. A summary of the principal items of intergovernmental receivable follows:

	Fund I	cnmental Financial <u>cements</u>	F	crict-Wide inancial <u>atements</u>

5. Capital Assets (Cont'd)

The NJ State Department of Education has set the capitalization threshold used in the State of New Jersey at \$2,000.

Depreciation expense was charged to functions as follows:

Operations and maintenance \$__699,524

Total \$__699,524

6. Operating Leases

Operating lease receivable:

The Commission has entered into a lease agreement to lease building space to the Bayshore Jointure Commission. The lease term is for five years and expires on June 30, 2018. Basic monthly rent is \$22,051 for the remaining life of the lease. Total rental income for the fiscal year ended June 30, 2015 was \$264,615.

Future minimum lease receipts are as follows:

2016 2017	\$	264,615 264,615
2018		264,615
	Ś	793.845

Operating lease payable:

The Commission entered into a lease agreement to lease a copier from Atlantic, Tomorrows Office through a state contract. The lease term is for 60 months and expires on January 28, 2019. Monthly payments equal \$742 inclusive of interest at a 5.934%. Future minimum rentals under this lease are:

2016		\$ 8 , 907
2017		8 , 907
2018		8 , 907
2019		 5 , 196
		31,917
Less:	interest	 (3,089)
		\$ 28,828

8. Pension Plans

Description of Plans

All required employees of the District are covered by either the Public Employees' Retirement System ("PERS"), the Teachers' Pension and Annuity Fund ("TPAF") or the Defined Contribution Retirement Program (DCRP) which have been established by State statute and are administered by the New Jersey Division of Pension and Benefits ("Division"). Each plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes the financial statements and required supplementary information. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625.

Teachers' Pension and Annuity Fund ("TPAF")

The Teachers' Pension and Annuity Fund was established as of January 1, 1955 under the provision of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The TPAF is considered a cost-sharing multiple-employer plan with a special funding situation as, under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the System's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are classified, professional, and certified.

For the year ended June 30, 2015, the District recognized pension expense of \$131,271\$ and revenue of <math>\$131,271\$ for support provided by the State on the fund financials. These amounts are not included in the district-wide financials as required by GASB 68.

Notes to Financial Statements

For the Year Ended June 30, 2015

8. Pension Plans (Cont'd)

Teachers' Pension and Annuity Fund ("TPAF") (Cont'd)

At June 30, 2015, the District has no deferred outflow, deferred inflows or pension liability for the TPAF plan as all future costs are to be incurred by the State of New Jersey. As detailed in GASB 68 the District's proportionate share of the deferred outflows of resources and deferred inflows of resources and pension liability is required to be disclosed. These items are not included on the district-wide financials. The District's proportionate share is 0.6214977599% of the total plan. The information below was provided from the State of New Jersey June 30, 2014 audit of the TPAF fund and has been adjusted to the District's proportionate share:

	Deferred Outflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>
Differences between expected and actual experience	\$ -	\$ 6,771
Changes of assumptions	710,884	-
Net difference between projected and actual earnings on pension plan investments	-	536,636
Changes in proportion and differences between District contributions and proportionate share of contributions	-	25 , 859
District contributions subsequent to the measurement date		
Total	\$ 710,884	\$ 569,266

The District's proportionate share of the pension liability at June 30, 2014 as it relates to the District is \$16,584,787.

The District's proportionate share of other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense by the State of New Jersey as follows:

Year ended June 3	0:
2015 \$	(40,553)
2016	(40,553)
2017	(40,553)
2018	(40,553)
2019	94 , 525
Thereafter	236,313
Total	168,626

Notes to Financial Statements

For the Year Ended June 30, 2015

8. Pension Plans (Cont'd)

Public Employees' Retirement System ("PERS")

The Public Employees' Retirement System was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another State-administered retirement system or other state or local jurisdiction.

For the year ended June 30, 2015, the District recognized pension expense of \$401,138. As detailed in GASB 68 the District's proportionate share of the deferred outflows of resources and deferred inflows of resources and pension liability is required to be disclosed and recorded. These items are included on the district-wide financials. The District's proportionate share is 0.0357465012% of the total plan. The information below was provided from the State of New Jersey June 30, 2014 audit of the PERS fund and has been adjusted to the District's proportionate share. At June 30, 2015, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>
Differences between expected and actual experience	\$ - \$	-
Changes of assumptions	210,455	-
Net difference between projected and actual earnings on pension plan investments	-	398,850
Changes in proportion and differences between District contributions and proportionate share of contributions	-	-
District contributions subsequent to the measurement date		
Total	\$ 210,455	398,850

Notes to Financial Statements

For the Year Ended June 30, 2015

Pension Plans (Cont'd)

Public Employees' Retirement System ("PERS") (Cont'd)

The District's proportionate share of the pension liability at June 30, 2014 as it relates to the District is \$6,692,723 and has been recorded on the district-wide financials. The current portion due in April 2016 for the June 30, 2015 liability is \$401,138 and has been included on the district-wide financials. The total PERS pension liability at June 30, 2015 is \$7,093,861.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended	June 3	30:
2015	\$	(61,026)
2016		(61,026)
2017		(61,026)
2018		(61,026)
2019		38 , 687
Thereafter		17,022
Total		(188,395)

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2014 are summarized in the following table:

	Manach		Long-Term Expected Real Rate of
Asset Class	Target Allocation		Rate of Return
Cash	6.00	용	0.80 %
Core Bonds	1.00	용	2.49 %
Intermediate-Term Bonds	11.20	왕	2.26 %
Mortgages	2.50	왕	2.17 %
High Yield Bonds	5.50	용	4.82 %
Inflation-Indexed Bonds	2.50	용	3.51 %
Broad US Equities	25.90	왕	8.22 %
Developed Foreign Equities	12.70	용	8.12 %

Commodities	2.50	용	5.35 %

Notes to Financial Statements

For the Year Ended June 30, 2015

Pension Plans (Cont'd)

Discount Rate

The discount rate used to measure the total pension liability was 5.39% and 5.55% as of June 30, 2014 and 2013, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 4.29% and 4.63% as of June 30, 2014 and 2013, respectively, based on Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability of the participating employers as of June 30, 2014 and 2013 respectively, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	1%	Current	1%	
	Decrease	Discount Rate	Increase	
	(4.39 %)	(5.39 %)	(6.39 %)	
District's proportionate share of				
the net pension liability	8,419,673	6,692,723	5,242,524	

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

Pension Plans (Cont'd)

Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by the N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:66 for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years or service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Contribution Requirements

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 6.78% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution included funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

During the year ended June 30, 2015, the State of New Jersey contributed \$243,719 to the TPAF for NCGI premiums and \$153,523 for post-retirement medical benefits on behalf of the District. Also, in accordance with N.J.S.A 18A: 66-66, the State of New Jersey reimbursed the District \$174,647 during the year ended June 30, 2015 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. This amount has been included in the general purpose financial statements, and the combining and individual fund and account group statements and schedules as a revenues and expenditures in accordance with Governmental Accounting Standards.

Defined Contribution Retirement Plan (DCRP)

The Defined Contribution Retirement Plan is a cost-sharing multiple-employer defined contribution pension plan which was established on July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (N.J.S.A.43:15C-1 et. seq), and expanded under the provisions of Chapter 89, P.L. 2008 and Chapter 1, P.L. 2010. The Defined Contribution Retirement Program Board oversees the DCRP, which is administered for the Divisions of Pensions and Benefits by Prudential Financial. The DCRP provides eligible members, and their beneficiaries, with tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N.J.S.A.43:15C-1 et. seq.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the School District's contribution amounts for each pay period are transmitted to Prudential not later than the fifth business day after the date on which the employee is paid for that pay period.

The District's contributions to the DCRP for June 30, 2015 were \$19,887. There was no liability for unpaid contributions at June 30, 2015.

Related Party Investments — The Division of Pensions and Benefits does not invest in securities issued by the School District.

9. Post-Retirement Benefits

Legislation enacted during 1991 provides early retirement incentives for certain member of TPAF and PERS who met certain age and service requirements and who applied for retirement between certain dates in the 1992 fiscal year. The early retirement incentives included: (a) an additional five years of service credit for employees at least age 50 with a minimum of 25 years service; (b) free health benefits for employees at least 60 years old with at least 20 years of service; and (c) an additional \$500 per month for two years for employees at least age 60 with 10 but less than 20 years of service. The District will assume the increased cost for the early retirement as it affects their district.

Notes to Financial Statements

For the Year Ended June 30, 2015

Post-Retirement Benefits (Cont'd)

P.L. 1987, c 384 and P.L. 1990, c.6 required Teachers' Pensions and Annuity Fund ("TPAF") and the Public Employees' Retirement System ("PERS"), respectively, to fund post-retirement medical benefits for those state employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired state employees and retired educational employees. As of June 30, 2014, there were 103,432 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical premiums changed from a prefunding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost of attributable to P.L. 1992 c. 126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$165.8 million toward Chapter 126 benefits for 18,122 eligible retired members in fiscal year 2014.

10. Deferred Compensation

The Commission offers its employees a choice of Deferred Compensation Plans created in accordance with Internal Revenue Code Section 403(b). The Plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the Plans are not available to employees until termination, retirement, death or unforeseeable emergency. The Plan administrators are as follows:

Lincoln Financial Advisors VALIC

Lincoln Investment Planning Axa Equitable

11. Risk Management

The Commission is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omission; injuries to employees; and natural disasters.

Property and Liability Insurance - The Commission maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

New Jersey Unemployment Compensation Insurance - The Commission has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Commission is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Commission is billed quarterly for amounts due to the State. The table below is a summary of the District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the Commission's expendable trust fund for the current and the previous two years.

Notes to Financial Statements

For the Year Ended June 30, 2015

11. Risk Management (continued)

Winnel Wass		ission		nployee		Amount	Ending
<u>Fiscal Year</u>	Contr.	<u>ibutions</u>	Cont	<u>ributions</u>	<u>ke</u>	<u>imbursed</u>	<u>Balance</u>
2014 / 2015	\$	1	\$	-	\$	-	\$ 1,833
2013 / 2014		55 , 049		28,405		(83,453)	1,832
2012 / 2013		116,982		23 , 795		(140,776)	1,831

12. Contingent Liabilities

Grant Programs

The Commission participates in federally-assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The District is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

The Commission is also involved in several claims and lawsuits incidental to its operations. In the opinion of the administration and legal counsel, the ultimate resolution of these matters will not have a material adverse effect on the financial position of the Board.

13. Foundation

A charitable Foundation has been established for the benefit of the Commission. Since this Foundation operates under an independent Board of Trustees and independent management, the financial statements of the Foundation are not included in the accompanying financial statements. As of June 30, 2015, the Commission estimated that the Foundation had net assets of approximately \$17,000. Revenue and support received by the Foundation, and not reflected in the financial statements of the Commission, aggregated \$47,000 in the year ended December 31, 2014.

14. Fund Balance Appropriated

General Fund (Exhibit B-1) - Of the \$2,917,389 General Fund balance at June 30, 2015, nothing is reserved.

15. Related Party

The Commission entered into multiple shared service agreements with the Bayshore Jointure Commission during the year ended June 30, 2015 and is renewable on an annual basis. The following are the services provided and the amounts charged for each during the fiscal year.

Business & Administrative Services	(MOESC provides)	\$ 27 , 580
Nursing (Bayshore provides)		10,200

Notes to Financial Statements

For the Year Ended June 30, 2015

16. Uncertain Tax Positions

The school district had no unrecognized tax benefits at June 30, 2015. The school district files tax returns in the U.S. federal jurisdiction and New Jersey. The school district has no open year prior to June 30, 2012.

17. Subsequent Events

Management has evaluated subsequent events through November 25, 2015, the date the financial statements were available to be issued.

18. Prior Period Adjustment

The implementation of GASB 68 resulted in recording the Deferred Outflows, Deferred Inflows and Pension liability on the June 30, 2015 district-wide financials. The balances at June 30, 2014 have been recorded into the beginning net position (A-1) for a total adjustment of \$7,198,709. This net recording into the net position created non-comparability in the MD&A and has been acknowledged and allowed by the GASB.

REQUIRED SUPPLEMENTARY INFORMATION - PART III

Monmouth-Ocean Educational Services Commission Required Supplementary Information Schedule of the District's Proportionate Share of Net Pension Liability-PERS For the Fiscal Year Ended June 30, 2015

Last 10 Fiscal Years*

	2015
District's proportion of the net pension liability	0.0357465012%
District's proportionate share of the net pension liability	\$ 7,093,861
District's covered-employee payroll	3,167,776
District's proportionate share of the net pension liability as a percentage of its covered employee payroll	44.66%
Plan fiduciary net position as a percentage of the total pension liability	67.89%

The amounts presented were determined as of the fiscal year-end that occurred one year before the District's fiscal year end.

^{*} The schedule is presented to illustrate the requirements to show information for 10 years. However, until a full 10-year trend i governments should present information for those years for which information is available.

Monmouth-Ocean Educational Services Commission Required Supplementary Information Schedule of the District Contributions-PERS For the Fiscal Year Ended June 30, 2015

Last 10 Fiscal Years*

	2015
Contractually required contributions	\$ 249,689
Contributions in relation to the contractually required contribution	337,605
Contribution deficiency (excess)	\$ (87,916)
District's covered-employee payroll	\$ 3,167,776
Contributions as a percentage of covered-employee payroll	7.88%

^{*} The schedule is presented to illustrate the requirements to show information for 10 years. However, until a full 10-year trend is comp governments should present information for those years for which information is available.

Monmouth-Ocean Educational Services Commission Required Supplementary Information Schedule of the District's Proportionate Share of Net Pension Liability-TPAF For the Fiscal Year Ended June 30, 2015

Last 10 Fiscal Years*

	2015
District's proportion of the net pension liability	0.0310304894%
District's proportionate share of the net pension liability	\$ 16,584,787
District's covered-employee payroll	3,201,923
District's proportionate share of the net pension liability as a percentage of its covered employee payroll	19.31%
Plan fiduciary net position as a percentage of the total pension liability	33.64%

The District has a special funding situation as is not required to make any payments for this liability therefore it is not recorded

The amounts presented were determined as of the fiscal year-end that occurred one year before the District's fiscal year end.

^{*} The schedule is presented to illustrate the requirements to show information for 10 years. However, until a full 10-year trend is governments should present information for those years for which information is available.

Notes to Required Supplementary Information - Part III

For the Year Ended June 30, 2015

The total pension liability for the June 30, 2014 measurement date was determined by an actuarial valuation as of July 1, 2013, which was rolled forward to June 30, 2014. The total pension liability for the June 30, 2013 measurement date was determined by an actuarial valuation as of July 1, 2013. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate	3.01 %
Salary increases: 2012-2021	2.15 - 4.40 % based on age
Thereafter	3.15 - 5.40 % based on age
Investment rate of return	7.90 %

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) with adjustments for mortality improvements from the base year of 2012 based on Projection Scale AA.

The actuarial assumptions used in the July 1, 2013 valuation were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable President and Members of the Board of Education Monmouth-Ocean Educational Services Commission County of Monmouth Tinton Falls, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Monmouth-Ocean Educational Services Commission in the County of Monmouth, State of New Jersey, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Monmouth-Ocean Educational Services Commission basic financial statements, and have issued our report thereon dated November 25, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Monmouth-Ocean Educational Services Commission in the County of Monmouth, State of New Jersey's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Monmouth-Ocean Educational Services Commission in the County of Monmouth, State of New Jersey's internal control. Accordingly, we do not express an opinion on the effectiveness of the Monmouth-Ocean Educational Services Commission internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

BRICK OFFICE: 1845 HIGHWAY 88 EAST · BRICK, NJ · 08724 · PHONE (732) 840-1600 · FAX (732) 840-8349

MANAHAWKIN OFFICE: 21 JENNINGS ROAD · MANAHAWKIN, NJ · 08050 · PHONE (609) 978-9500 · FAX (609) 978-9515

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Monmouth-Ocean Educational Services Commission financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey in considering the School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 04-04 AND/OR 15-08

Honorable President and Members of the Board of Education Monmouth-Ocean Educational Services Commission County of Monmouth Tinton Falls, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited Monmouth-Ocean Educational Services Commission's compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement and the New Jersey OMB Circular 04-04 and/or 15-08 that could have a direct and material effect on each of Monmouth-Ocean Educational Services Commission's major federal programs for the year ended June 30, 2015. Monmouth-Ocean Educational Services Commission's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Monmouth-Ocean Educational Services Commission's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 and the New Jersey OMB Circular 04-04 and/or 15-08 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about Monmouth-Ocean Educational Services Commission's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of Monmouth-Ocean Educational Services Commission's compliance.

BRICK OFFICE: 1845 HIGHWAY 88 EAST · BRICK, NJ · 08724 · PHONE (732) 840-1600 · FAX (732) 840-8349

MANAHAWKIN OFFICE: 21 JENNINGS ROAD · MANAHAWKIN, NJ · 08050 · PHONE (609) 978-9500 · FAX (609) 978-9515

Opinion on Each Major Federal and State Program

In our opinion, Monmouth-Ocean Educational Services Commission complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2015.

Report on Internal Control Over Compliance

Management of Monmouth-Ocean Educational Services Commission is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Monmouth-Ocean Educational Services Commission's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state programs to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the New Jersey OMB 04-04 and/or 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Monmouth-Ocean Educational Services Commission's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and New Jersey State OMB Circular 04-04 and/or 15-08. Accordingly, this report is not suitable for any other purpose.

See accompanying notes to schedules of expenditures.

Notes to Schedules of Awards and Financial Assistance

June 30, 2015

1. General

The accompanying schedules of expenditures of award present the activity of all federal and state awards of the Monmouth-Ocean Educational Services Commission. The Commission is defined in Note 1(A) to the Commission's general purpose financial statements. All federal and state awards received directly from federal and state agencies, as well as federal and state awards passed through other government agencies are included on the schedules of expenditures of federal and state awards.

2. Basis of Accounting

The accompanying schedules of expenditures of federal and state awards are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements.

3. Relationship to Basic Financial Statements

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the last state aid payment in the current budget year, which is mandated pursuant to P.L. 2003, c.97.(A3521). For GAAP purposes that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

Notes to Schedules of Awards and Financial Assistance (continued)

June 30, 2015

3. Relationship to General Purpose Financial Statements (continued)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$0 for the general fund, \$0 for the special revenue fund and \$(32,341) for the food service fund. See Exhibit C-3 for a reconciliation of the budgetary basis to the GAAP basis of accounting for the general and special revenue fund. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented below:

General Fund	<u>Federal</u> \$ -	<u>State</u> 571,889	<u>Less TPAF</u> (397,242)	<u>Total</u> 174 , 647
Special Revenue Fund	-	-	-	-
Debt Service Fund	_	-	-	-
Food Service Fund	17,696	220		17,916
Total awards and financial assistance	\$ <u>17,696</u>	572,109	(397,242)	192,563

4. Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

5. Other

The amount reported as TPAF Pension Contributions represents the amount paid by the state on behalf of the district for the year ended June 30, 2015. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2015.
