INTRODUCTORY SECTION

Morris Plains School District

500 Speedwell Avenue Morris Plains, NJ 07950

November 20, 2015

The Honorable President and Members of the Board of Education Morris Plains Borough School District County of Morris, New Jersey

Dear Honorable President and Board Members:

The comprehensive annual financial report of the Morris Plains Borough School District for the fiscal year ended June 30, 2015, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (the "Board"). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the basic financial statements and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart, a roster of officials and a list of consultants and advisors. The financial section includes The Independent Auditors' Report, management's discussion and analysis, the basic financial statements and notes providing an overview of the financial position and operating results, and supplementary schedules providing detailed budgetary information. The statistical section includes selected economic and demographic information, financial trends, and the fiscal capacity of the District, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and New Jersey's OMB Circulars 04-04 and 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Information related to this single audit, including the auditors' reports on the internal control and compliance with applicable laws, regulations, contracts and grants along with findings and questioned costs, are included in the single audit section of this report.

1) REPORTING ENTITY AND ITS SERVICES:

The Morris Plains Borough School District is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board ("GASB") in codification section 2100. All funds of the District are included in this report. The Morris Plains Borough School District and its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre-K through 8 as well as special education for handicapped students. Additionally, the District provides for the education of regular and special education high school level students through a sending-receiving relationship with the Morris School District as well as transportation services or aid in lieu of transportation for all resident public and nonpublic students.

Phone: 973-538-1650 • Fax: 973-540-1983 • Web Site: www.morrisplainsschooldistrict.org *The Community of Caring*

The Honorable President and Members of the Board of Education Morris Plains Borough School District Page 2 November 20, 2015

2) ECONOMIC CONDITION AND OUTLOOK:

Morris Plains remains financially healthy. The District is currently carrying the maximum 2% unassigned budgetary basis fund balance to provide funding for the reduction in state aid, emergency funding, and to provide necessary reserves for future contingencies. In addition, the District has established tuition and maintenance reserves to help the District manage financially with the state restricted tax levy budget cap of 2%. A capital reserve for the local funding portion of future capital projects contained in the District's Long Range Facility Plan totals \$4,270,000. The Morris Plains community is experiencing the impact of the current economic condition in the United States. The District has worked very hard to minimize the tax impact to the community.

3) MAJOR INITIATIVES:

The Morris Plains School District offers a superior curricular and instructional program to its students. Our curriculum aligns with the New Jersey Core Curriculum Content Standards in all nine areas, and over the past year we have invested in program improvements to ensure that our students master the skills and content outlined in the New Jersey Core Curriculum Content Standards and the Common Core Standards. Below is a summary of the initiatives included in the subject areas:

Math:

Teachers are using GoMath and Big Ideas to assess student learning and target reteaching needs. In addition, teachers will be utilizing the web-based tool, Study Island, to reinforce skills, assign practice problems, integrate benchmark assessments, and analyze student performance data. Reaching the needs of all student learners continues to be a district-wide goal for mathematics. We continue to provide learning opportunities for accelerated students, and we utilize a part-time Basic Skills Math instructor to work with struggling learners, grades K-4. Also, we have enhanced the master schedule for math courses, moving to double periods of math for each student, K-8. We continue to utilize 21st Century tools and skills, such as Google Classroom and student responders, to monitor student progress. Lastly, we continue to provide professional learning experiences for our math instructors. A 2015 Summer Academy was designed for math teachers. Training focused on authentic-based learning experiences and assessments. Professional development, facilitated by The Madison Institute, has been planned throughout the 2015-2016 school year to further support the Summer Academy sessions.

Science:

For the 2015-2016 school year, the Morris Plains School District will implement a new Science Curriculum, which was revised and board approved in the spring of 2015. In addition, K-4 students will have access to Stem Kits, which are aligned to the new Science standards. The District has created and staffed a new STEM and Innovation Lab course for primary students, K-2. All students will cycle through this course. This is a pilot program, and it will be expanded to the middle school for the 2016-2017 school year. The Morris Plains School District will continue to work with The Madison Institute to train staff on integrating authentic-based learning experiences for their students. Lastly, the District has partnered with Discovery Education; equipping all students and staff with a digital textbook to support the new standards. The 1:1 Chromebook initiative for students, grades 3-8, will support this transition to digital text. Ongoing professional development, facilitated by Discovery Education, has been scheduled throughout the 2015-2016 school year.

The Honorable President and Members of the Board of Education Morris Plains Borough School District Page 3 November 20, 2015

3) MAJOR INITIATIVES: (Cont'd)

Language Arts:

Major district-wide initiatives in Language Arts include Writer's Workshop (K-8), Words Their Way (K-6), new text series (Grade 6), and the development of a Reading Task Force Committee designed to recommend a new reading program for the 2016-2017 school year. A 2015 Summer Teacher Academy was designed to further support our Language Arts teachers as we transition to these balanced literacy initiatives. Throughout the upcoming school year, the Language Arts teachers will work with Literacy Coaches. The coaches will provide support, guidance, and ongoing professional development around Writer's Workshop. In addition, Language Arts teachers will conduct site visits to schools across the county to further support their craft. The Morris Plains School District continues to focus on remedial support for struggling student learners. The District has a full-time Basic Skills Language Arts instructor for students, grades K-4. Lastly, a school-wide (One Book/One School) program will be implemented at the primary grades, K-2.

Social Studies:

For the 2015-2016 school year, the Morris Plains School Social Studies teachers will implement the new Social Studies curriculum, which was board approved in the spring of 2015. Units of study were shifted across grade levels to provide consistency with the Morris School District. Similar to Science, the Social Studies department has partnered with Discovery Education; equipping all students and staff with a digital textbook to support the new Social Studies standards. The 1:1 Chromebook initiative for students, grades 3-8, will support this transition to digital text. Ongoing professional development, facilitated by Discovery Education, has been scheduled throughout the 2015-2016 school year.

21st Century Life and Careers:

As a focus of our Professional Development Committee, 21st Century Life and Career skills will be used across the District. The District goals include 21st century skills. Teachers are required to observe colleagues, and develop professional development plans that promote 21st century learning. Additionally, the Media Curriculum was revised to reflect more project-based learning opportunities for students, utilizing multiple technology tools and resources.

Visual and Performing Arts

The District's visual and performing arts program has state of the art facilities and resources to support their curriculum. The District has increased related arts staff for the 2015-2016 school year. This increase has enhanced the related arts program across the District. Related arts courses will now run in cycles at the middle school. The cycles will run quarterly. In addition, the master schedule has been modified to allow for daily common planning time for all staff, K-8. This includes the related arts staff. A related arts team leader has been assigned, and was board approved, to facilitate the team meetings. Related arts resources support student application. This includes smartboards, 3D printers, iPads/Chromebooks, an auditorium, art and music rooms, etc. Additionally, the District works closely with the Home and School Association and the Education Foundation to provide assemblies and programs to support the visual and performing arts.

The Honorable President and Members of the Board of Education Morris Plains Borough School District Page 4 November 20, 2015

3) MAJOR INITIATIVES: (Cont'd)

Comprehensive Health and Physical Education:

The District recently reviewed and adopted the state's Model Curriculum for Health and Physical Education. Teachers continue to explore opportunities to infuse literacy and cross-curricular instruction to support the Health and Physical Education standards. Professional development and common planning opportunities support this collaboration.

World Language:

The World Language Schedules at Borough School have been modified to support World Language instruction from a c ertified staff member for all students, grades 3-8, Supplemental instructional resources have been purchased to support World Language instruction for primary students. This includes Mango, a web-based program that supports fluency and world cultures. The District has purchased headphones for all students, K-8. This technology tool will support fluency and comprehension.

Technology:

Morris Plains took tremendous strides in the area of technology during the summer of 2015. Every classroom and office space is now equipped with an access point. Every classroom has an interactive smartboard and a voice projection system. Additionally, 90 additional iPads have been purchased for primary classrooms, PreK-2. Every classroom in Mountain Way will have access to 10 iPads. At Borough School, over 290 Chromebooks were purchased to support a 1:1 program for students, grades 3-8. In addition to student devices, the Borough School is equipped with two computer labs. At Mountain Way, Chromebooks were purchased to support the new STEM and Innovation course. This course will replace the Computer course. The Morris Plains School District is a Google Apps for Education District. Technology integration is listed as both District and school goals. Teacher professional development plans include technology, as well. The District has created a three year technology plan that addresses instructional All staff at Borough School have been trained to utilize Google Classroom as a management/instructional tool. Additional IT support has been utilized throughout the summer to support the technology enhancements to our infrastructure, along with the increase in student devices. For the 2015-2016, all students will participate in the PARCC assessment at the same time. The District has turned to social media to push out information. Both schools, along with the District, maintain a Facebook page. In addition, for the 2015-2016 school year, the District transitioned to a new emergency alert system (Honeywell) and a new school management software program (Genesis). Genesis includes a parent portal, and houses digital forms and documents for parents. Lastly, in 2014-2015, the District created a new position. Technology and Enrichment Supervisor, to support the use of technology for staff and students. This position has been instrumental in our efforts to increase the use of technology throughout the District. The position serves as a coach for staff, supervises IT Coordinators, designs a budget to support technology, develops technology plans, leads professional development sessions, and models best practices. Professional development for the 2015-2016 school year has been designed to support our new digital programs and technology devices.

The Honorable President and Members of the Board of Education Morris Plains Borough School District Page 5
November 20, 2015

4) INTERNAL ACCOUNTING CONTROLS:

Management of the District is responsible for establishing and maintaining an internal control system designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control system is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state awards, the District also is responsible for ensuring that an adequate internal control system is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control system is also subject to periodic evaluation by the District's management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control system, including that portion related to major federal and state award programs, as well as to determine that the District has complied with applicable laws, regulations, contracts and agreements.

5) BUDGETARY CONTROLS:

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by a vote of the Board of Education. Annual appropriated budgets are adopted for the general fund and the special revenue fund and the debt service fund. Project length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as fund balance restrictions, commitments and assignments at June 30, 2015.

6) ACCOUNTING SYSTEM AND REPORTS:

The District's accounting records reflect generally accepted accounting principles, as promulgated by the GASB. The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to the Basic Financial Statements", Note 1.

7) CASH MANAGEMENT:

The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Basic Financial Statements", Note 3. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

The Honorable President and Members of the Board of Education Morris Plains Borough School District Page 6 November 20, 2015

8) RISK MANAGEMENT: The Board carries various forms of insurance, including, but not limited to, general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds. The Morris Essex Insurance Group (MEIG) oversees risk management for Workers' Compensation Insurance. A Schedule of Insurance Coverage is found on Exhibit J-20.

9) OTHER INFORMATION:

Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Nisivoccia LLP, CPAs, was selected by the Board of Education at its last organization meeting. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act Amendments of 1996 and the related Federal OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and New Jersey's OMB Circulars 04-04 and 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. The auditor's report on the basic financial statements and specific required supplementary information is included in the financial section of this report. The auditors' reports related specifically to the single audit and Government Auditing Standards are included in the single audit section of this report.

10) ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Morris Plains Borough School District for their concern in providing fiscal accountability to the citizens and taxpayers of the school District and thereby contributing their full support to the development and maintenance of our financial operation.

Respectfully submitted,

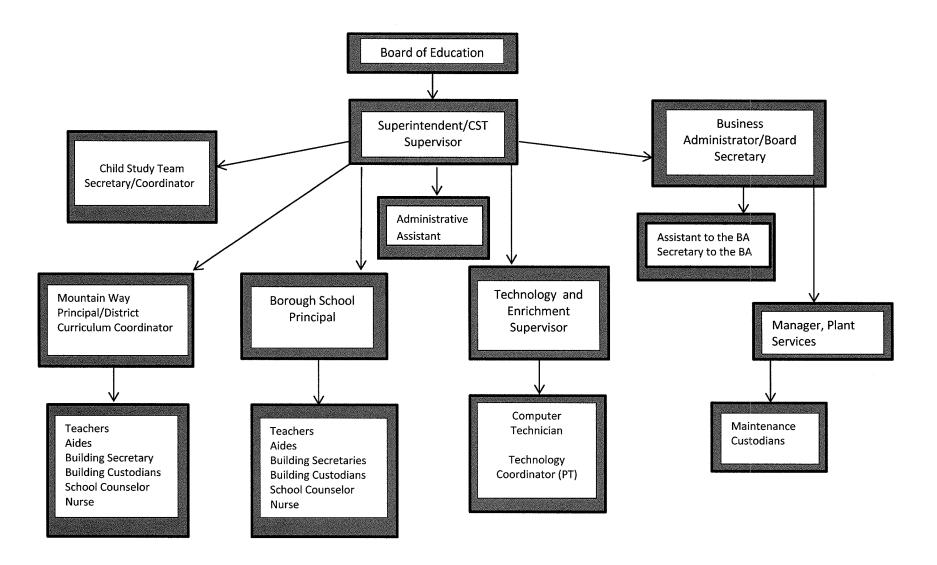

Mr. Mark Maire

Superintendent

Independent Auditors' Report

The Honorable President and Members of the Board of Education Morris Plains Borough School District County of Morris, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Morris Plains Borough School District (the "District") in the County of Morris as of and for the fiscal year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

The Honorable President and Members of the Board of Education Morris Plains Borough School District Page 2

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Morris Plains Borough School District, in the County of Morris, as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 18 to the basic financial statements, the District implemented Governmental Accounting Standards Board ("GASB") Statement No. 68, Accounting and Financial Reporting for Pensions – An Amendment to GASB Statement No. 27, and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68 during the fiscal year ended June 30, 2015. Our opinions are not modified with respect to this matter. The implementation resulted in the restatement of certain balances on the Statement of Net Position and the ending balance for Net Position for the Governmental Activities as of June 30, 2014 as detailed in Note 18 to the basic financial statements.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, which follows this report, the required supplementary information pension schedules and the budgetary comparison information in Exhibits C-1 through C-3 and I-3 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information such as the combining and individual non-major fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal and state awards, as required by the U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and New Jersey's OMB Circulars 04-04 and 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, are also presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Honorable President and Members of the Board of Education Morris Plains Borough School District Page 3

The accompanying supplementary schedules such as the combining and individual non-major fund financial statements and the schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary schedules and the schedules of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The accompanying other information such as the introductory and statistical sections has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 20, 2015 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Morris Plains Borough School District's annual financial report presents its discussion and analysis of the District's financial performance during the fiscal year ending June 30, 2015. Please read it in conjunction with the transmittal letter at the front of this report and the District's financial statements, which immediately follow this section.

Financial Highlights

- The District's financial status is increased \$717,929 on a district-wide basis.
- Overall revenue was \$18.18 million.
- Total expenses were \$17.46 million.
- Enrollment in the District has been declining for the last several years causing cost per pupil to increase.

Overview of the Financial Statements

This annual report consists of three parts: management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *District-wide financial statements* that provide both *short-term* and *long-term* information about the District's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the District, reporting the District's operations in *more* detail than the District-wide statements.
- The governmental funds statements tell how basic services such as regular and special education were financed in the short-term as well as what remains for future spending.
- *Proprietary funds* statements offer *short* and *long-term* financial information about the activities the District operates like a business, such as food services.
- Fiduciary funds statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the District's budget for the year. Figure A-1 shows how the various parts of this annual report are arranged and related to one another.

Figure A-1
Organization of Morris Plains Borough School District's Financial Report

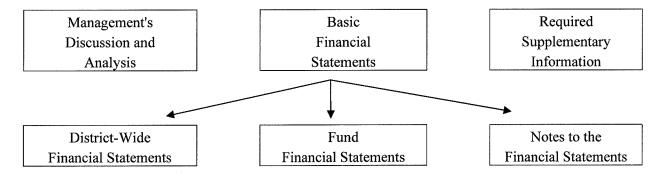

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights that structure and contents of each of the statements.

Figure A-2

Major Features of the District-Wide and Fund Financial Statements

		Fu	Fund Financial Statements						
	District-Wide Statements	Governmental Funds	Proprietary Funds	Fiduciary Funds					
Scope	Entire District (except fiduciary funds)	The activities of the District that are not proprietary or fiduciary, such as special education and building maintenance	Activities the District operates similar to private businesses: food services	Instances in which the District administers resources on behalf of someone else, such as scholarship programs and student activities					
Required Financial Statements	 Statement of net position Statement of activities 	 Balance sheet Statement of revenue, expenditures, and changes in fund balances 	 Statement of net position Statement of revenue, expenses, and changes in net position Statement of cash flows 	 Statement of fiduciary net position Statement of changes in fiduciary net position 					
Accounting Basis and Measurement Focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus					
Type of Asset/Liability Information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, short-term and long-term	All assets and liabilities, both short-term and long-term; funds do not currently contain capital assets, although they can					
Type of Inflow/Outflow Information	All revenue and expenses during the year, regardless of when cash is received or paid	Revenue for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable	All revenue and expenses during the year, regardless of when cash is received or paid	All additions and deductions during the year, regardless of when cash is received or paid					

District-wide Statements

The District-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the District's assets, deferred inflows and outflows, and liabilities. All of the current year's revenue and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two District-wide statements report the District's *net position* and how they have changed. Net position – the difference between the District's assets, deferred inflows and outflows, and liabilities – is one way to measure the District's financial health or *position*.

- Over time, increases or decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the District's overall health, you need to consider additional nonfinancial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

In the District-wide financial statements, the District's activities are divided into two categories:

- Governmental activities: Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property taxes and state formula aid finance most of these activities.
- Business-type activities: The District charges fees to help it cover the costs of certain services it provides. The District's food service is included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by state law and by bond covenants.
- The District establishes other funds to control and manage money for particular purposes (such as repaying its long-term debts) or to show that is it properly using certain revenue (such as federal grants).

The District has three kinds of funds:

- Governmental funds: Most of the District's basic services are included in governmental funds, which generally focus on {1} how cash and other financial assets that can readily be converted to cash flow in and out, and {2} the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the District-wide statements, additional information at the bottom of the governmental funds statements explains the relationship (or difference) between them.
- Proprietary funds: Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the District-wide statements. The District's enterprise funds (one type of proprietary fund) are the same as its business-type activities but provide more detail and additional information, such as cash flows. The District uses internal service funds (the other kind of proprietary fund) to report activities that provide supplies and services for its other programs and activities. The District currently does not maintain any internal service funds.

• Fiduciary funds: The District is the trustee, or fiduciary, for assets that belong to others, such as scholarship funds and the student activities funds. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the District-wide financial statements because it cannot use these assets to finance its operations.

Notes to the Basic Financial Statements: Provide additional information essential to a full understanding of the District-wide and fund financial statements.

Financial Analysis of the District as a Whole

Net Position. The District's combined net position increased \$717,929. Net position from governmental activities increased by \$723,784 combined with a decrease in net position from business-type activities of \$5,855. Net investment in capital assets increased by \$387,537, restricted net position increased by \$713,347 and unrestricted net position decreased by \$382,955.

Revenue Sources. The District's total revenue for the school year was \$18,181,693, (See Figure A-4). Property taxes accounted for most of the District's revenue, with local taxes accounting of \$14,988,301 of the total, or 82.44 percent. (See Figure A-5). Approximately 15.89 percent came from state and federal aid and the remainder from miscellaneous sources.

Figure A-5
Sources of School District Revenue - Fiscal Year 2015

	Amount	Percentage
Sources of Income:		
State Formula Aid	\$ 433,325	2.38%
Property Taxes	14,988,301	82.44%

Charges for Services	168,326	0.93%
Other	135,104	0.74%
	\$ 18,181,693	100.00%

The total cost of all programs and services was \$17,463,764. The District's expenses are predominantly related to instructing, caring for (pupil services) and transporting students (81.80 percent). (See Figure A-6). The District's administrative and maintenance and operations costs accounted for 13.86 percent of total costs. It is important to remember that \$447,062 in depreciation is included in expenses for the year.

Governmental Activities

As discussed elsewhere in this commentary, the financial position of the District remains stable. Maintaining existing programs along with the provision of programs and services for students with special needs place great demands on the District's resources along with rising employee salary and benefits costs.

Careful management of expenses remains essential for the District to maintain its financial health. State aid is decreasing while costs continue to escalate.

Figure A-7 presents the cost of six major District activities: instruction, pupil and instructional services, administration and business, maintenance and operations, transportation, and other. The table also shows each activity's net cost (total cost less fees generated by the activities and intergovernmental aid provided for specific programs). The net cost shows the financial obligation placed on the District's taxpayers by each of these functions:

Figure A-7
Net Cost of Governmental Activities

	Total Costs of Services					Net Cost of Services			
		2014/15		2013/14		2014/15		2013/14	
Instruction	\$	7,357,708	\$	6,108,200	\$	5,089,056	\$	4,730,742	
Pupil and Instruction Services		6,194,583		6,151,584		6,120,879		6,087,777	
Administrative and Business		1,275,917		1,164,453		1,158,004		1,113,004	
Maintenance and Operations		1,143,834		1,148,966		1,143,834		1,148,966	
Transportation		733,951		747,381		691,893		706,253	
Other		629,219		685,372		629,219		685,372	
		17,335,212	\$	16,005,956	\$	14,832,885	\$	14,472,114	

- The cost of all governmental activities this year was \$17.33 million.
- Approximately \$14.98 million of the District's costs were financed by District taxpayers.
- The remainder of the funding came from federal and state grants and other miscellaneous revenue.

Business-Type Activities

Net position from the District's business-type activity decreased by \$5,855, (Refer to Figure A-4). Factors contributing to these results included:

• Food services expenditures exceeded revenues by \$5,855, accounting for all of the increase in the net position of the business-type activities. The decrease is primarily a result of decrease in student participation, and decrease in subsidies received from the federal and state governments.

Financial Analysis of the District's Funds

The District's financial position increased \$717,929. Revenues increased this year in part due to the addition of school choice aid, as well as an increase in miscellaneous revenue. Expenditures during the current year stayed relatively stable as a result of a decrease in tuition offsetting the increase in salaries and wages.

Another area that contributed to the increase was the district's investment in capital assets. The District purchased several new assets while continuing to depreciate existing assets, and pay down debt.

General Fund Budgetary Highlights

Over the course of the year, the District revised the annual operating budget several times. These budget amendments fall into two categories:

- Changes made within budgetary line items for changes in school-based needs for programs, supplies and equipment.
- Changes in budgetary line accounts to more accurately reflect current requirements.

• The change in Capital Assets is a result of the acquisition of assets in the amount of \$64,347 as well as construction in progress of \$330,100 offset by depreciation expense of \$447,062.

Long-term Debt

At year-end, the District had \$3,325,000 in general obligation bonds outstanding as shown in Figure A-9. (More detailed information about the District's long-term liabilities is presented in Note 7 to the basic financial statements.)

Figure A-9
Outstanding Long-Term Debt

Other Long Term Debt	50,006	48,333	3.35%
Total	\$ 5,938,510	\$ 6,189,135	-4.05%

* Restated

- The District continued to pay down its debt, retiring \$370,000 of outstanding bonds and \$70,152 of capital leases.
- Compensated absences payable increased by a net amount of \$1,673.
- Net Pension Liability increased by \$187,854.

Factors Bearing on the District's Future

Currently, the District is in good financial condition. Everyone associated with the Board of Education is grateful for the community support of the schools. However, due to an environment of decreasing state aid, there is an ever-increasing reliance on local property taxes to fund school district operations. A major concern is that an extraordinary financial burden is placed on taxpayers just to maintain appropriate class sizes and services.

Future finances will be challenged even further with the continued effect of legislation that impacts the financial operation of the School District. S1701, adopted by the State of New Jersey on June 17, 2004, forced the District to cut its allowable unassigned general fund balance to 2% of the District's total adjusted expenditures which leaves the District with very little protection in the event of unforeseen emergencies. This law also places limits on the District's ability to transfer funds into capital reserve for the construction and maintenance of school facilities, the ability to transfer available fund balance as needed and the ability to transfer available funds between appropriation accounts. Taking away the option of transferring available funds during the budget year severely impacts our ability to maintain and improve our facilities.

Contacting the District's Financial Management

This financial report is designed to provide the District's citizens, taxpayers, customers and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Board of Education Office at 500 Speedwell Avenue, Morris Plains, NJ 07950.

MORRIS PLAINS BOROUGH SCHOOL DISTRICT RECONCILIATION OF THE STATEMENT OF REVENUE, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

Total Net Change in Fund Balances - Governmental Funds (from Exhibit B-2)	\$ 355,758
Amounts Reported for Governmental Activities in the Statement of Activities (Exhibit A-2) are Different Because:	
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation differs from capital outlays in the period. Depreciation Expense \$ (442,396) Capital Outlays 394,447	(47,949)
Repayment of serial bonds is an expenditure in the Governmental Funds, but the repayment reduces	(47,545)
Long-Term Liabilities in the Statement of Net Position and is not reported in the Statement of Activities.	370,000
In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+)	(1,673)
Repayment of capital leases is an expenditures in the Governmental Funds, but the repayment reduces Long-Term Liabilities in the Statement of Net Position and is not reported in the Statement of Activities	70,152
The governmental funds report the effect of deferred interest costs relative to an advance refunding when debt is first issued whereas these amounts are deferred and amortized in the statement of activities. (-)	(15,840)
The net pension liability reported in the statement of activities does not require the use of current financial resources and is not reported as an expenditure in the Governmental Funds: Change in Net Pension Liability Deferred Outflows: Changes in Assumptions	(187,854) 78,374
Changes in Proportion	202,456
Deferred Inflows: Net Difference Between Projected and Actual Investment Earnings on Pension Plan Investments	(148,533)
The governmental funds report the effect of premiums when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. (+)	43,961
In the Statement of Activities, interest on long-term debt is accrued, regardless of when due. In the Governmental Funds, interest is reported when due. When accrued interest exceeds the interest paid, the difference is a reduction in the reconciliation (-); when the interest paid exceeds the accrued interest, the difference is an addition to the reconciliation (+).	 4,932
Change in Net Position - Governmental Activities (From Exhibit A-2)	\$ 723,784

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Board of Education (the "Board") of the Morris Plains Borough School District (the "District") have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

A. Reporting Entity:

The Board is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District.

Governmental Accounting Standards Board publication, <u>Codification of Governmental Accounting and Financial Reporting Standards</u>, Section 2100, "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility over agencies, boards and commissions by the primary government. The exercise of oversight responsibility includes financial interdependency and a resulting financial benefit or burden relationship, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. In addition, certain legally separate, tax-exempt entities that meet specific criteria (i.e. benefit of economic resources, access/entitlement to economic resources, and significances) should be included in the financial reporting entity. The combined financial statements include all funds of the District over which the Board exercises operating control. The operations of the District includes one elementary and one middle school located in the Borough of Morris Plains. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

B. Basis of Presentation:

District-Wide Financial Statements:

The statement of net position and the statement of activities present financial information about the District's governmental and business type activities. These statements include the financial activities of the overall District in its entirety, except those that are fiduciary. Eliminations have been made to minimize the double counting of internal transactions. These statements distinguish between the governmental and business type activities of the District. Governmental activities generally are financed through taxes, intergovernmental revenue and other nonexchange transactions. Business type activities are financed in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenue for business-type activities and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Indirect expenses are allocated to the functions using an appropriate allocation method or association with the specific function. Indirect expenses include health benefits, employer's share of payroll taxes, compensated absences and tuition reimbursements. Program revenue includes (a) charges paid by the recipients of goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

B. Basis of Presentation: (Cont'd)

Revenue that is not classified as program revenue, including all taxes, is presented as general revenue. The comparison of direct expenses in the program revenues identifies the extent to which each government function or business segment is self-financing or draws from the general revenues of the District.

Fund Financial Statements:

During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category - governmental, proprietary and fiduciary - are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

The District reports the following governmental funds:

<u>General Fund:</u> The General Fund is the general operating fund of the District and is used to account for and report all expendable financial resources not accounted for and reported in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment which are classified in the capital outlay subfund.

As required by the NJDOE, the District includes budgeted capital outlay in this fund. GAAP, as it pertains to governmental entities, states that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenue. Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to current expense by board resolution.

Special Revenue Fund: The Special Revenue Fund is used to account for and report the proceeds of specific revenue from sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. Thus, the Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Governments (other than major capital projects, debt service or the enterprise funds) and local appropriations that are legally restricted or committed to expenditures for specified purposes,

<u>Capital Projects Fund:</u> The Capital Projects Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election, funds appropriated from the General Fund, and from aid provided by the state to offset the cost of approved capital projects.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

B. Basis of Presentation: (Cont'd)

<u>Debt Service Fund</u>: The Debt Service Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

The District reports the following proprietary fund:

Enterprise (Food Service) Fund: The Enterprise Fund accounts for all revenue and expenses pertaining to the Board's cafeteria operations. The food service fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e., expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

Additionally, the District reports the following fund type:

<u>Fiduciary Funds:</u> The Fiduciary Funds are used to account for assets held by the District on behalf of others and includes the Unemployment Compensation Fund, Student Activities Fund and Payroll Agency Fund.

C. Measurement Focus and Basis of Accounting

The district-wide financial statements and the proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Non-exchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenue is recognized when measurable and available. The District considers all revenue reported in the governmental funds to be available if the revenue is collected within sixty days after the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

It is the District's policy, that when an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, to apply restricted resources first followed by unrestricted resources. Similarly, within unrestricted fund balance, it is the District's policy to apply committed resources first followed by assigned resources and then unassigned resources when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

C. Measurement Focus and Basis of Accounting (Cont'd)

Under the terms of grant agreements, the District may fund certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenue. Therefore, when program expenses are incurred, both restricted and unrestricted net position may be available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, followed by general revenue.

D. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budget for the fiscal year ended June 30, 2015 was submitted to the County office and was approved by a vote of the Board of Education. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. All budget amendments/transfers must be made by School Board resolution. All budgetary amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budget during the year).

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles, with the exception of the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenue, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The General Fund budgetary revenue differs from GAAP revenue due to a difference in recognition of the last two state aid payments for the current year. Since the State is recording the last two state aid payments in the subsequent fiscal year, the District cannot recognize these payments on the GAAP financial statements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

E. Cash and Cash Equivalents and Investments:

Cash and cash equivalents include petty cash and cash in banks. Certificates of deposit with maturities of one year or less when purchased are stated at cost.

New Jersey school districts are limited as to type of investments and types of financial institutions they may invest in. New Jersey Statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts. Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value of at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all the other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

F. Interfund Transactions:

Transfers between governmental and business-type activities on the District-wide statements are reported in the same manner as general revenues. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in the enterprise funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

On fund financial statements, short-term interfund loans are classified as interfund receivables/payables. These amounts are eliminated in the statement of net position, except for amounts due between governmental and business-type activities, which are presented as internal balances.

G. Allowance for Uncollectible Accounts:

No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

H. Encumbrances:

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as restricted, committed, and/or assigned fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

H. Encumbrances: (Cont'd)

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as unearned revenue at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

I. Short-term Interfund Receivables/Payables:

Short-term interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

J. Inventories and Prepaid Expenses:

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund, are recorded as an expenditure during the year of purchase.

Enterprise fund inventories are valued at cost, which approximates market, using the first-in, first-out (FIFO) method. Prepaid expenses in the enterprise fund represent payments made to vendors for services that will benefit periods beyond June 30, 2015.

K. Capital Assets:

During the year ended June 30, 1994, the District established a formal system of accounting for its capital assets. Capital assets acquired or constructed subsequent to June 30, 1994, are recorded at historical cost including ancillary changes necessary to place the asset into service. Capital assets acquired or constructed prior to the establishment of the formal system are valued at cost based on historical records or through estimation procedures performed by an independent appraisal company. Land has been recorded at estimated historical cost. Donated capital assets are valued at their estimated fair market value on the date received. The cost of normal maintenance and repairs is not capitalized. The District does not possess any infrastructure. Capital assets have been reviewed for impairment.

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures in the governmental fund upon acquisition. Capital assets are not capitalized and related depreciation is not reported in the fund financial statements.

The capitalization threshold (the dollar value above which asset acquisitions are added to the capital asset accounts) is \$2,000. The depreciation method is straight-line. The estimated useful lives of capital assets reported in the district-wide statements and proprietary funds are as follows:

Estimated Hasful Life

MORRIS PLAINS BOROUGH SCHOOL DISTRICT NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2015 (Continued)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

K. Capital Assets: (Cont'd)

	Estimated Useful Life
Buildings	50 years
Site Improvements	20 years
Furniture and Equipment	10 to 15 years
Computer and Related Technology	5 years
Vehicles	8 years

L. Long Term Liabilities:

In the government-wide and enterprise fund statements of net position, long-term debt and other long-term obligations are reported as liabilities in the applicable government activities, business-type activities, or enterprise funds. Bond premiums and discounts are reported as deferred charges and amortized over the term of the related debt using the straight-line method of amortization. In the fund financial statements, governmental fund types recognize bond premiums as revenue in the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing uses.

M. Accrued Salaries and Wages:

The District allows certain employees who provide services over the ten-month academic year the option to have their salaries evenly distributed during the entire twelve-month year. As of June 30, 2015, the amount earned by these employees but not disbursed was \$193,571.

N. Compensated Absences:

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), *Accounting for Compensated Absences*. A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. In the event of termination, an employee is reimbursed for accumulated vacation. Sick leave benefits provide for ordinary sick pay and begin vesting with the employee after fifteen years of service.

In the district-wide *Statement of Net Position*, the liabilities whose average maturities are greater than one year should be reported in two components – the amount due within one year and the amount due in more than one year.

O. Unearned Revenue:

Unearned revenue in the special revenue fund represents cash which has been received but not yet earned. See Note 1(D) regarding the special revenue fund.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

P. Fund Balance Appropriated:

General Fund: Of the \$3,145,252 General Fund fund balance at June 30, 2015, \$148,444 is assigned for encumbrances and \$278,765 is assigned for subsequent year's expenditures. \$912,132 is restricted in the capital reserve account; \$25,000 has been restricted in the maintenance reserve account and \$300,000 is restricted in the tuition reserve. \$700,860 is restricted for current year excess surplus in accordance with N.J.S.A. 18A:7F-7, as amended by P.L. 2004, c.73 (S1701) and will be appropriated and included as anticipated revenue for the fiscal year ending June 30, 2017; \$533,684 is restricted as prior year excess surplus and has been appropriated and included as anticipated revenue for the fiscal year ended June 30, 2016, and \$246,367 is unassigned fund balance, which is \$67,914 less than the calculated maximum unassigned fund balance, on a GAAP basis, due to the final two state aid payments, which are not recognized until the fiscal year ended June 30, 2016.

<u>Capital Projects Fund:</u> Of the \$32,500 committed Capital Projects Fund fund balance at June 30, 2015, \$25,600 is for encumbrances.

<u>Calculation of Excess Surplus:</u> In accordance with N.J.S.A. 18A:7F-7, as amended by P.L. 2004, c.73 (S1701) the designation for Restricted Fund Balance-Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to restrict General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent year's budget. The District had excess surplus as noted above.

The District's unassigned fund balance in the General Fund is less on a GAAP basis than the budgetary basis by \$67,914, as reported in the fund statements (modified accrual basis). P.L. 2003, C.97 provides that in the event state school aid payments are not made until the following school budget year, districts must record the last state aid payments as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability. Since the State is recording the last two state aid payments in the subsequent fiscal year, the school district cannot recognize these state aid payments on the GAAP financial statements until the year the State records the payable. The excess surplus calculation is calculated using the fund balance reported on the Budgetary Comparison Schedule, including the final two state aid payments and not the fund balance reported on the fund statement which excludes the last two state aid payments.

Q. Deficit Net Position:

The District has a deficit in unrestricted net position of \$1,981,838 in governmental activities, which is primarily due to unrestricted fund balance of \$378,253, changes in assumptions of pensions of 78,374, changes in proportions of pensions of \$202,456; offset by net pension liability of \$2,492,388, and investment gains of pensions for \$148,533. This deficit does not indicate that the District is in financial difficulties and is a permitted practice under generally accepted accounting principles.

R. Net Position:

Net positions is the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

R. Net Position: (Cont'd)

A deferred outflow of resources is a consumption of net position by the District that is applicable to a future reporting period. A deferred inflow of resources is an acquisition of net position by the District that is applicable to a future reporting period. The District had deferred outflows of resources at June 30, 2015 for the deferred amount on refunding, changes in assumptions in pensions, and changes in proportions in pensions.

The District had deferred inflows of resources at June 30, 2015 and the net difference between projected and actual investment earnings on pension plan investments.

Net position is displayed in three components - net investment in capital assets; restricted and unrestricted.

The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also would be included in this component of net position.

The restricted component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

The unrestricted component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

S. Fund Balance Restrictions, Commitments and Assignments:

The restricted fund balance category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation. The committed fund balance classification includes amounts that can be used only for the specific purposes determined for a formal action of the District's highest level of decision-making authority. Amounts in the assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed. Unassigned fund balance is the residual classification for the District's General Fund and includes all spendable amounts not contained in the other classifications. In other funds, the unassigned classifications should be used only to report a deficit balance resulting from overspending for specific purposes for which amounts has been restricted, committed or assigned.

Fund balance restrictions have been established for excess surplus, a capital reserve, a tuition reserve, and a maintenance reserve.

The District Board of Education has the responsibility to formally commit resources for specific purposes through a motion or a resolution passed by a majority of the Members of the Board of Education at a public meeting of that governing body.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

S. Fund Balance Restrictions, Commitments and Assignments: (Cont'd)

The Board of Education must also utilize a formal motion or a resolution passed by a majority of the Members of the Board of Education at a public meeting of that governing body in order to remove or change the commitment of resources. The District has \$32,500 of committed resources in the Capital Projects Fund at June 30, 2015 which is \$173,479 less on the GAAP basis due to the recognition of SDA grants.

The assignment of resources is generally made by the District Board of Education through a motion or a resolution passed by a majority of the Members of the Board of Education. These resources are intended to be used for a specific purpose. The process is not as restrictive as the commitment of resources and the Board of Education may allow an official of the District to assign resources through policies adopted by the Board of Education. The District has assigned resources for year-end encumbrances and the amount designated for subsequent year's expenditures in the General Fund at June 30, 2015.

T. Revenue - Exchange and Nonexchange Transactions:

Revenue, resulting from exchange transactions in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means within sixty days of the fiscal year end.

Nonexchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized. Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year end: property taxes, interest and tuition.

U. Operating Revenue and Expenses:

Operating revenues are those revenues that are generated directly from the primary activity of the Enterprise Fund. For the School District, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the Enterprise Fund.

V. Management Estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of revenue and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

W. Pensions:

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the State of New Jersey Public Employees' Retirement System (PERS) and the State of New Jersey Teachers' Pension and Annuity Fund (TPAF) and additions to/deductions from the PERS's and TPAF's net position have been determined on the same basis as they are reported by the PERS and the TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Pension Plan investments are reported at fair value.

NOTE 2. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN GOVERNMENTAL FUND STATEMENTS AND DISTRICT-WIDE STATEMENTS

Due to the differences in the measurement focus and basis of accounting used on the government fund statements and district-wide statements, certain financial transactions are treated differently. The basic financial statements contain a full reconciliation of these items.

NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents include petty cash, change funds, amounts in deposits, and short-term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The Board classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB Statement No. 40, Governmental Accounting Standards Board Deposit and Investment Risk Disclosures, requires disclosure of the level of custodial credit risk assumed by the District in its cash, cash equivalents, and investments, if those items are uninsured or unregistered. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned.

Interest Rate Risk – In accordance with its cash management plan, the District ensures that any deposit or investment matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk – The District limits its investments to those authorized in its cash management plan which are those permitted under state statute as detailed in the Investment section of this note.

Deposits:

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS (Cont'd)

Deposits: (Cont'd)

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Investments:

New Jersey statutes permit the Board to purchase the following types of securities:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- (2) Government money market mutual funds;
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- (4) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of the Treasury for investment by local units;
- (5) Local government investment pools;
- (6) Deposits with the State of New Jersey Cash Management Fund; or
- (7) Agreements for the repurchase of fully collateralized securities if:
 - (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) above;
 - (b) the custody of collateral is transferred to a third party;
 - (c) the maturity of the agreement is not more than 30 days;

NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS (Cont'd)

Investments: (Cont'd)

- (d) the underlying securities are purchased through a public depository as defined in statute; and
- (e) a master repurchase agreement providing for the custody and security of collateral is executed.

As of June 30, 2015, cash and cash equivalents of the District consisted of the following:

	Cash and	Restricted	Restricted Cash and Cash Equivalents				
	Cash	Capital	Maintenance		Tuition		
	Equivalents	Reserve	Reserve		Reserve	Total	
Checking & Savings Accounts	\$2,327,013	\$912,132	\$	25,000	\$300,000	\$3,564,145	
	\$2,327,013	\$912,132	\$	25,000	\$300,000	\$3,564,145	

During the period ended June 30, 2015, the District did not hold any investments. The carrying amount of the Board's cash and cash equivalents at June 30, 2015, was \$3,564,145 and the bank balance was \$4,124,638.

NOTE 4: TRANSFERS TO CAPITAL OUTLAY

During the year ended June 30, 2015, the District transferred \$46,939 to capital outlay accounts of which \$30,701 for equipment for which County Superintendent's approval in not required. The remaining \$16,238 was for facilities and was approved by the County Superintendent.

NOTE 5. CAPITAL ASSETS

Capital asset balances and activity for the year ended June 30, 2015 were as follows:

	Beginning Balance 6/30/2014	Increases	Adjustments/ Decreases	Balance 6/30/2015
Governmental Activities: Capital Assets not being Depreciated: Sites (Land) Construction in Progress	\$ 951,200	\$ 330,100		\$ 951,200 330,100

NOTE 6. CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the Morris Plains Borough School District in 1997, for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by Board resolution at year end of any unanticipated revenue or unexpended line item appropriations, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6:23A-5.1(d)7, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2014 to June 30, 2015 fiscal year is as follows:

Balance at June 30, 2014	\$ 434,632
Increased by Board Resolution June 30, 2015	500,000
	934,632
Budget Withdrawal	 (22,500)
Balance at June 30, 2015	 912,132

The balance in the capital reserve account at June 30, 2015 did not exceed the balance of local support costs of uncompleted capital projects in the District's approved Long Range Facilities Plan ("LRFP"). The withdrawal from the capital reserve was for use in a DOE approved facilities project consistent with the District's LRFP.

NOTE 7. LONG-TERM LIABILITIES:

During the fiscal year ended June 30, 2015, the following changes occurred in liabilities reported in the district-wide financial statements:

	(Restated) Balance 6/30/2014	Accrued	Retired	Balance 6/30/2015
Bonds Payable	\$ 3,695,000		\$ 370,000	\$ 3,325,000
Capital Leases Payable	141,268		70,152	71,116
Net Pension Liability	2,304,534	\$187,854		2,492,388
Compensated Absences Payable	48,333	1,673		50,006
	\$ 6,189,135	\$189,527	\$ 440,152	\$ 5,938,510

NOTE 7. LONG-TERM LIABILITIES (Cont'd)

A. Bonds Payable:

Bonds are authorized in accordance with State law by the voters of the municipality through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Board are general obligation bonds and will be retired through the Debt Service Fund.

On June 1, 2011 the District issued \$4,470,000 refunding bonds with interest rates ranging from 3.00-5.00% to refund \$4,713,000 of the \$7,533,000 school bonds dated 2/27/2003 with rates ranging from 3.20% to 4.30%. As a result of the advance refunding, the School District reduced it total debt service requirement by \$228,992, which resulted in an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$243,000, or a 5.156 % net present value savings.

The refunding bonds will mature on February 15, 2012 through February 15, 2023 and constitute an advanced refunding. The net proceeds from the issuance of the general obligation bonds were used to purchase U.S. government securities and those securities we deposited in an irrevocable trust with an escrow agent who paid the debt service requirements of the refunded bonds on February 15, 2013, which was the first optional redemption date. The refunding met the requirements of an in-substance debt defeasance and the school bonds were removed from the District's government—wide financial statements.

The District has bonds outstanding as of June 30, 2015 as follows:

Final		
Maturity Date	Interest Rate	Amount
2/15/2023	4.00-5.00%	\$ 3,325,000

Principal and interest due on serial bonds outstanding are as follows:

Fiscal Year Ending		Во	onds		
June 30,		Principal		Interest	Total
2016	\$	380,000	\$	158,550	\$ 538,550
2017		390,000		143,350	533,350
2018		400,000		127,750	527,750
2019		420,000		107,750	527,750
2020		425,000		86,750	511,750
2021-2023		1,310,000		132,250	 1,442,250
	<u>\$</u>	3,325,000		756,400	\$ 4,081,400

B. Bonds Authorized But Not Issued:

As of June 30, 2015, the Board has no bonds authorized but not issued.

NOTE 7. LONG-TERM LIABILITIES: (Cont'd)

C. Capital Leases Payable:

The District entered into a capital lease to purchase equipment in the fiscal year ended June 30, 2013. The capital lease is for a term of three years and will be retired through the General Fund. The following is a schedule of the future minimum lease payments under the capital lease, and the present value of the net minimum lease payments at June 30, 2015.

Fiscal Year		
Ending		
June 30,	A	Amount
2016	 \$	72,093
Less: Amount representing interest		(977)
Present Value of Minimum Lease Payments	\$	71,116

The current portion of capital leases payable at June 30, 2015 is \$71,116.

D. Net Pension Liability:

The Public Employees' Retirement System's (PERS) net pension liability of the governmental fund types is recorded in the current and long-term liabilities and will be liquidated by the General Fund. The current portion of the net pension liability at June 30, 2015 is \$-0- and the long-term portion is \$2,492,388. See Note 8 for further information on the PERS.

E. Compensated Absences Payable:

The liability for compensated absences of the governmental fund types is recorded as a long-term liability and will be liquidated through the General Fund. There is no current portion of the compensated absences balance of the governmental funds in the current year; therefore, the entire \$50,006 represents the long-term liability balance of compensated absences.

There is no liability for compensated absences in the District's Enterprise Funds.

NOTE 8. PENSION PLANS:

Substantially all of the Board's employees participate in one of the two contributory, defined benefit public employee retirement systems: the Teachers' Pension and Annuity Fund (TPAF) or the Public Employee's Retirement System (PERS) of New Jersey; or the Defined Contribution Retirement Program (DCRP).

A. Public Employees' Retirement System (PERS)

Plan Description

The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about the PERS, please refer to the Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions/annrpts.shtml.

NOTE 8. PENSION PLANS (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS. The following represents the membership tiers for PERS:

Tier	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28. 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 before age 62 with 25 or more years of service credit and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a members retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 50 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Contributions

The contribution policy for PERS is set by N.J.S.A. 15A and requires contributions by active members and contributing members. The local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets. District contributions to PERS amounted to \$109,743 for fiscal year 2015.

The employee contribution rate was 6.92% effective July 1, 2014. Subsequent increases after October 1, 2011 are being phased in over 7 years effective on each July 1st to bring the total pension contribution rate to 7.5% of base salary as of July 1, 2018.

NOTE 8. PENSION PLANS (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

At June 30, 2015, the District reported a liability of \$2,492,388 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2013 which was rolled forward to June 30, 2014. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2014, the District's proportion was 0.013%, which was an increase of 0.0012% from its proportion measured as of June 30, 2013.

For the fiscal year ended June 30, 2015, the District recognized pension expense of \$165,356. At June 30, 2015, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Ou	Deferred atflows of esources	In	Deferred aflows of desources
Changes in Assumptions	\$	78,374		
Changes in Proportion		202,456		
Net Difference Between Projected and Actual Investment Earnings on Pension Plan Investments			\$	148,533
	\$	280,830	\$	148,533

Amounts reported as deferred outflows of resources and deferred inflows of resources (excluding employer specific amounts including changes in proportion) related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30,	Total
2015	\$ (22,726)
2016	(22,726)
2017	(22,726)
2018	(22,726)
2019	14,407
Thereafter	6,338
	\$ (70,159)

NOTE 8. PENSION PLANS (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

Actuarial Assumptions

The total pension liability for the June 30, 2014 measurement date was determined by an actuarial valuation as of July 1, 2013 which was rolled forward to June 30, 2014. The total pension liability for the June 30, 2013 measurement date was determined by an actuarial valuation as of July 1, 2013. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

Inflation Rate

Salary Increases:

2012-2021 2.15 – 4.40% based on age Thereafter 3.15 – 5.40% based on age

3.01%

Investment Rate of Return 7.90%

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) with adjustments for mortality improvements from the base year of 2012 based on Projection Scale AA.

The actuarial assumptions used in the July 1, 2013 valuation were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011.

Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the Board of Trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in PERS' target asset allocation as of June 30, 2014 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	6.00%	0.80%
Core Bonds	1.00%	2.49%
Intermediate-Term Bonds	11.20%	2.26%
Mortgages	2.50%	2.17%
High Yield Bonds	5.50%	4.82%
Inflation-Indexed Bonds	2.50%	3.51%
Broad U.S. Equities	25.90%	8.22%
Developed Foreign Equities	12.70%	8.12%
Emerging Market Equities	6.50%	9.91%
Private Equity	8.25%	13.02%
Hedge Funds/Absolute Return	12.25%	4.92%
Real Estate (Property)	3.20%	5.80%
Commodities	2.50%	5.35%

NOTE 8. PENSION PLANS (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

Discount Rate

The discount rate used to measure the total pension liability was 5.39% as of June 30, 2014. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9% and a municipal bond rate of 4.29% as of June 30, 2014 based on the Bond Buyer Go 20 Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based upon the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033. Therefore, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the collective net pension liability as of June 30, 2014 calculated using the discount rate as disclosed below, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

Fiscal Year Ended Ju	ine 30, 2014		
	1%	Current	1%
	Decrease	Discount Rate	Increase
	(4.39%)	(5.39%)	(6.39%)
District's proportionate share of the Net Pension Liability	\$ 3,135,510	\$ 2,492,388	\$ 1,952,330

Pension plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial statements.

B. Teachers' Pension and Annuity Fund (TPAF)

Plan Description

The State of New Jersey, Teachers' Pension and Annuity Fund (TPAF), is a cost-sharing multiple-employer defined benefit pension plan with a special funding situation, by which the State of New Jersey (the State) is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. The TPAF is administered by the State of New Jersey Division of Pensions and Benefits (the Division). For additional information about the TPAF, please refer to the Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions/annrpts.shtml.

NOTE 8. PENSION PLANS (Cont'd)

B. Teachers' Pension and Annuity Fund (TPAF) (Cont'd)

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts. The following represents the membership tiers for TPAF:

Tier	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28. 2011
5	Members who were eligible to enroll on or after June 28, 2011

Contributions

The contribution policy for TPAF is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing members. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount which included the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2014, the State's pension contribution was less than the actuarially determined amount.

The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A. 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers, such as the District. This note discloses the portion of the District's total proportionate share of the net pension liability that is associated with the District. During the fiscal year ended 2015, the State of New Jersey contributed \$208,612 to the TPAF for normal pension benefits on behalf of the District, which is less than the contractually required contribution of \$1,065,506.

The employee contribution rate was 6.92% effective July 1, 2014. Subsequent increases after October 1, 2011 are being phased in over 7 years effective on each July 1st to bring the total pension contribution rate to 7.5% of base salary as of July 1, 2018.

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

At June 30, 2015, the State's proportionate share of the net pension liability associated with the District was \$19,801,491. The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2013 which was rolled forward to June 30, 2014.

NOTE 8. PENSION PLANS (Cont'd)

B. Teachers' Pension and Annuity Fund (TPAF) (Cont'd)

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd)</u>

The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2014, the District's proportion was 0.037%, which was a decrease of 0.003% from its proportion measured as of June 30, 2013.

State's Proportionate Share of the Net Pension Liability Associated	
with the District	 19,801,491
Total	\$ 19,801,491

For the fiscal year ended June 30, 2014, the State recognized pension expense on behalf of the District in the amount of \$1,065,506 and the District recognized pension expense and revenue for that same amount in the fiscal year ended June 30, 2015 financial statements.

The State reported collective deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	
Changes in Assumptions	\$ 2,306,623,861		
Difference Between Expected and Actual Experience		\$ 21,969,019	
Net Difference Between Projected and Actual Investment Earnings on Pension Plan Investments		1,741,236,574	
	\$ 2,306,623,861	\$ 1,763,205,593	

The \$2,306,623,861 reported as deferred outflows of resources related to pensions resulting from changes in assumptions will be amortized over a period of 8.5 years. The \$21,969,019 reported as deferred outflows of resources related to pensions resulting from differences between expected and actual experience will be amortized over a period of 8.5 years. The \$1,741,236,574 reported as a deferred inflow of resources resulting from the difference between projected and actual investment earnings on pension plan investments will be amortized over 5 years.

NOTE 8. PENSION PLANS (Cont'd)

B. Teachers' Pension and Annuity Fund (TPAF) (Cont'd)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd)

Fiscal Year Ending June 30,	Total	Total	
2015	\$ (130,688,49	 98)	
2016	(130,688,49	98)	
2017	(130,688,49	98)	
2018	(130,688,49	96)	
2019	304,620,64	46 [°]	
Thereafter	761,551,6	12	
	\$ 543,418,26	68	

Actuarial Assumptions

The total pension liability for the June 30, 2014 measurement date was determined by an actuarial valuation as of July 1, 2013 which was rolled forward to June 30, 2014. The total pension liability for the June 30, 2013 measurement date was determined by an actuarial valuation as of July 1, 2013. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

Inflation Rate 2.50%

Salary Increases:

2012-2021 Varies based on experience Varies based on experience

Investment Rate of Return 7.90%

Mortality rates were based on the RP-2000 Health Annuitant Mortality Tables for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA. Pre-retirement mortality improvements for active members are projected using Scale AA from the base year of 2000 until the valuation date plus 15 years to account for future mortality improvement. Post-retirement mortality improvements for non-disabled annuitants are projected using Scale AA from the base year of 2000 for males and 2003 for females until the valuation date plus 7 years to account for future mortality improvement.

The actuarial assumptions used in the July 1, 2013 valuation were based on the results of an actuarial experience study for the period July 1, 2009 to June 30, 2012.

Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the Board of Trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2014 is summarized in the following table:

NOTE 8. PENSION PLANS (Cont'd)

B. Teachers' Pension and Annuity Fund (TPAF) (Cont'd)

Long Term Expected Rate of Return (Cont'd)

		Long-Term
		Expected Real
	Target	Rate of
Asset Class	Allocation	Return
Cash	6.00%	0.50%

Real Estate (REITS)	0.00%	5.58%
Commodities	2.50%	3.60%
Long Credit Bonds	0.00%	3.74%

Discount Rate – TPAF

The discount rate used to measure the total pension liability was 4.68% as of June 30, 2014. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9% and a municipal bond rate of 4.29% as of June 30, 2014 based on the Bond Buyer Go 20 Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based upon the average of the last five years. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2027. Therefore, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through 2027, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

NOTE 8. PENSION PLANS (Cont'd)

B. Teachers' Pension and Annuity Fund (TPAF) (Cont'd)

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the State as of June 30, 2014 calculated using the discount rate as disclosed above, as well as what the State's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

Fiscal Year Ended June 30, 2014			
	1%	Current	1%
	Decrease	Discount Rate	Increase
	(3.68%)	(4.68%)	(5.68%)
Total Net Pension Liability	\$ 64,722,984,539	\$53,813,067,539	\$44,738,870,539

Pension Plan Fiduciary Net Position

Detailed information about the TPAF's fiduciary net position is available in the separately issued TPAF financial statements.

C. Defined Contribution Retirement Program (DCRP)

Prudential Financial jointly administers the DCRP investments with the NJ Division of Pensions and Benefits. If an employee is ineligible to enroll in the PERS or TPAF, the employee may be eligible to enroll in the DCRP. DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting is immediate upon enrollment for members of the DCRP.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the DCRP. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625-0295.

Employers are required to contribute at an actuarially determined rate. Employee contributions are based on percentages of 5.50% for DCRP of employees' annual compensation, as defined. The DCRP was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008. Employee contributions for DCRP are matched by a 3% employer contribution.

For DCRP, the District recognized pension expense of \$9,161 for the fiscal year ended June 30, 2015. Employee contributions to DCRP amounted to \$16,796 for the fiscal year ended June 30, 2015.

NOTE 9. MAINTENANCE RESERVE ACCOUNT

A maintenance reserve account in the amount of \$75,000 was established by the Morris Plains Borough School District by board resolution on June 7, 2011. The funds for the establishment of this reserve were withdrawn from unassigned general fund balance. These funds are restricted to be used for specific activities necessary for the purpose of keeping a school facility open and safe for use or in its original condition, and for keeping its constituent buildings systems fully and efficiently functional and for keeping their warranties valid but cannot be used for routine or capital maintenance. The purpose of the reserve is to provide funds for anticipated expenditures required to maintain a building.

Pursuant to N.J.A.C. 6A:26A-4.2 funds may be deposited into the maintenance reserve account at any time by board resolution to meet the required maintenance of the district by transferring unassigned general fund balance or by transferring excess, unassigned general fund balance that is anticipated to be deposited during the current year in the advertised recapitulation of balances of the subsequent year's budget that is certified for taxes. Funds may be withdrawn from the maintenance reserve account and appropriated into the required maintenance account lines at budget time or any time during the year by board resolution for use on required maintenance activities by school facility as reported in the comprehensive maintenance plan. Funds withdrawn from the maintenance reserve account are restricted to required maintenance appropriations and may not be transferred to any other line-item account. In any year that maintenance reserve account funds are withdrawn, unexpended required maintenance appropriations, up to the amount of maintenance reserve account funds withdrawn, shall be restored to the maintenance reserve account at year-end. At no time, shall the maintenance reserve account have a balance that exceeds four percent of the replacement cost of the current year of the district's school facilities. If the account exceeds this maximum amount at June 30, the excess shall be restricted and designated in the subsequent year's budget. The maintenance reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

The following is an analysis of activity of the maintenance reserve account:

Balance at June 30, 2014	\$ 25,000
Balance at June 30, 2015	\$ 25,000

NOTE 10. POST-RETIREMENT BENEFITS

P.L. 1987, C.384 and P.L. 1990, C.6 required TPAF and PERS, respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. Chapter 103 of Public Law amended the law to eliminate the funding of post-retirement medical benefits through TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2014, there were 103,432 retirees receiving post-retirement medical benefits, and the State contributed \$1.04 billion on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical premiums changed from a prefunding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 1992 c. 126, which provides employer paid benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$165.8 million toward Chapter 126 benefits for 18,122 eligible retired members in Fiscal Year 2014.

The State's on behalf Post Retirement Medical Contributions to TPAF for the District amounted to \$331,173, \$256,983, and \$289,170, for 2015, 2014, and 2013, respectively.

NOTE 11. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets, errors and omissions; injuries to employees; and natural disasters. The District obtains its health benefit coverage through Horizon Blue Cross Blue Shield.

Property and Liability Insurance

The District insures property and liability through purchased insurance policies with the exception of workers' compensation coverage. The District is a member of the Morris Essex Insurance Group (the "Group"). The Group provides its members with workers' compensation coverage. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

The Group is a risk-sharing public entity risk pool that is an insured and self-administered group of school districts established for the purpose of providing low-cost insurance for its respective members in order to keep local property taxes to a minimum. Each member appoints an official to represent their respective entity for the purpose of creating a governing body from which officers for the Group are elected.

As a member of this Group, the District could be subject to supplemental assessments in the event of deficiencies. If the assets of the Group were to be exhausted, members would become responsible for their respective shares of the Group's liabilities. The Group can declare and distribute dividends to members upon approval of the State of New Jersey Department of Banking and Insurance. These distributions are divided among the members in the same ratio as their individual assessment related to the total assessment of the membership body.

The June 30, 2015 audit report for the Group is not available as of the date of this report. Selected, summarized financial information for the Group as of June 30, 2014 is as follows:

	orris Essex rance Group
Total Assets	\$ 8,623,310
Net Position	\$ 5,409,944
Total Revenue	\$ 3,086,254
Total Expenses	\$ 1,290,579
Change in Net Position	\$ 1,061,855
Net Position Distribution to Participating Members	\$ 733,820

Financial statements for the Group are available at the Group's Executive Director's Office:

The Burton Agency 44 Bergen Street PO Box 270 Westwood, New Jersey 07675 (201) 664-0310

NOTE 11. RISK MANAGEMENT (Cont'd)

New Jersey Unemployment Compensation Insurance

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State.

The following is a summary of District contributions, employee contributions, interest earnings, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current and previous two years:

Fiscal Year	_	District tributions	mployee atributions	 terest arned	Amount imbursed	Ending Balance
2012-2013	\$	40,000	\$ 9,176	\$ 192	\$ 19,696	\$ 115,680
2013-2014		40,000	49,316	315	21,601	183,710
2014-2015		40,000	10,157	410	9,304	224,973

NOTE 12. INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheet at June 30, 2015.

Fund	nterfund ceivable	Interfund Payable		
General Fund	\$ 49,247	\$	6,168	
Special Revenue Fund			37,001	
Capital Projects Fund			546	
Proprietary Fund	6,168			
Fiduciary Funds	 39,277		50,977	
	\$ 94,692	_\$	94,692	

The interfund receivable in the General Fund and interfund payable in the Capital Projects Fund represents prior years interest received that will be transferred back during fiscal year 2016. The interfund between the General Fund and the Fiduciary Funds represents payments made on behalf of the Fiduciary Funds. The interfund receivable and payable in the Fiduciary Funds represent employee contributions to the State Unemployment account that are currently held in the Payroll Agency Account. The interfund between the General Fund and the Special Revenue Fund represents cash advanced to the Special Revenue Fund due to the delay between the request and receipt of reimbursements on federal grants. The interfund between the General Fund and the Proprietary Fund represents subsidized reimbursements received in the General Fund not yet turned over to the Food Service Fund.

NOTE 13. DEFERRED COMPENSATION

The Board offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

Equitable Oppenheimer Lincoln National Insurance

Franklin Templeton

Lincoln Financial Group

NOTE 14. TAX CALENDAR

Property taxes are levied as of January 1 on property values assessed as of the previous calendar year. The tax levy is divided into two billings. The first billing is an estimate of the current year's levy based on the prior year's taxes. The second billing reflects adjustments to the current year's actual levy. The final tax bill is usually mailed on or before June 14th, along with the first half estimated tax bills for the subsequent year. The first half estimated taxes are divided into two due dates, February 1 and May 1. The final tax bills are also divided into two due dates, August 1 and November 1. A ten-day grace period is usually granted before the taxes are considered delinquent and there is an imposition of interest charges. A penalty may be assessed for any unpaid taxes in excess of \$10,000 at December 31 of the current year. Unpaid taxes of the current and prior year may be placed in lien at a tax sale held after December 10.

Taxes are collected by the constituent municipality and are remitted to the local school district on a predetermined, agreed-upon schedule.

NOTE 15. ECONOMIC DEPENDENCY

The Board of Education receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Board of Education's programs and activities.

NOTE 16. CONTINGENT LIABILITIES

Litigation

The District is periodically involved in other pending lawsuits. The District estimates that the potential claims against it resulting from such other litigation and not covered by insurance would not materially affect the financial position of the District.

Grant Programs

The school district participates in state and federally assisted grant programs. The programs are subject to program compliance audits by grantors or their representatives. The school district is potentially liable for expenditures which may be disallowed pursuant to terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

Arbitrage

The District is not subject to liability for arbitrage payable to the federal government relative to its \$4,470,000 Refunding Bonds dated June 1, 2011 as the District is considered a small issuer with debt under \$15,000,000.

NOTE 16. CONTINGENT LIABILITIES (Cont'd)

Encumbrances

At June 30, 2015, there were encumbrances as detailed below in the governmental funds. All of the governmental funds are considered to be major funds:

(General Fund	•	Revenue	Capit	al Projects Fund	Gov	Total vernmental Funds
\$	148,444_	\$	107	\$	25,600		174,151

On the District's Governmental Funds Balance Sheet as of June 30, 2015, \$-0- is assigned for year-end encumbrances in the Special Revenue Fund. On the GAAP basis, actual encumbrances of \$107 are not recognized until paid and are reflected as either a reduction in grants receivable or an increase in unearned revenue in the Special Revenue Fund. Also, year-end encumbrances in the Capital Projects Fund are included in committed fund balance on the GAAP basis.

NOTE 17. TUITION RESERVE ACCOUNT

A tuition reserve account may be established in accordance with N.J.A.C. 6A:23-3.1(f) for tuition between two Boards of Education that are in a formal sending/receiving relationship. The maximum amount that may be restricted at year end is 10% of the estimated contract year. Upon certification of tuition rates in the second year following the contract year, full appropriation of the applicable year's reserve must be liquidated and any remaining balance related to that year must be restricted and budgeted for tax relief.

The District established a \$300,000 tuition reserve during 2013/2014 which will be used to pay for any tuition adjustments for the fiscal year ending June 30, 2016.

NOTE 18. PRIOR PERIOD ADJUSTMENTS

The District made a prior year adjustment in the District Wide Financial Statements to record the net pension liability as of June 30, 2014 as a result of implementing Governmental Accounting Standards Board ("GASB") Statement No. 68, Accounting and Financial Reporting for Pensions – An Amendment to GASB Statement No. 27, and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68.

MORRIS PLAINS BOROUGH SCHOOL DISTRICT REQUIRED SUPPLEMENTARY INFORMATION BUDGETARY COMPARISON SCHEDULE NOTE TO RSI FOR THE FISCAL YEAR ENDED JUNE 30, 2015 UNAUDITED

Note A - Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

	General Fund	Special Revenue Fund		
Sources/Inflows of Resources:				
Actual Amounts (Budgetary Basis) "Revenue" from the Budgetary Comparison Schedule	\$16,459,482	\$	198,907	
Differences - Budget to GAAP:				
Budgetary Basis Recognizes Encumbrances as Expenditures and Revenue, whereas				
the GAAP Basis does not			(107)	
Prior Year State Aid Payment Recognized for GAAP Statements	68,384			
Current Year State Aid Payments Recognized for Budgetary Purposes, not				
Recognized for GAAP Statements	(67,914)			
Total Revenues as Reported on the Statement of Revenues, Expenditures and				
and Changes in Fund Balances - Governmental Funds.	\$16,459,952	\$	198,800	
Uses/Outflows of Resources:				
Actual Amounts (Budgetary Basis) "Total Outflows" from the Budgetary Comparison Schedule	\$15,774,094	\$	198,907	
Differences - Budget to GAAP:				
Budgetary Basis Recognizes Encumbrances as Expenditures and Revenue, whereas				
the GAAP Basis does not			(107)	
Total Expenditures as Reported on the Statement of Revenue,				
Expenditures, and Changes in Fund Balances - Governmental Funds	\$15,774,094	\$	198,800	

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budget for the fiscal year ended June 30, 2015 was submitted to the County office and was approved by a vote of the Board of Education. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)l. Appropriations may be made by School Board resolution at any time during the fiscal year. All budgetary amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year).

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles, with the exception of the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenue, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The General Fund budgetary revenue differs from the GAAP revenue due to a difference in recognition of the last two state aid payments for the current year. Since the State is recording the last two state aid payments in the subsequent fiscal year, the District cannot recognize these payments on the GAAP financial statements.

STATISTICAL SECTION

STATISTICAL SECTION UNAUDITED

This part of the School's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the School's overall financial health.

Contents

- CANCELAND	<u>Exhibit</u>
Financial Trends	
These schedules contain trend information to help the reader understand how	
the School's financial performance and well-being have changed over time.	J-1 thru J-5
Revenue Capacity	
These schedules contain information to help the reader assess the factors	
affecting the School's ability to generate its property taxes.	J-6 thru J-9
Debt Capacity	
These schedules present information to help the reader assess the affordability	
of the School's current levels of outstanding debt and the School's ability	
to issue additional debt in the future.	J-10 thru J-13
Demographic and Economic Information	
These schedules offer demographic and economic indicators to help the reader	
understand the environment within which the School's financial activities take	
place and to help make comparisons over time and with other governments.	J-14 thru J-15
Operating Information	
These schedules contain information about the School's operations and	
resources to help the reader understand how the School's financial information	
relates to the services the School provides and the activities it performs.	J-16 thru J-20

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial report for the relevant year.

MORRIS PLAINS BOROUGH SCHOOL DISTRICT RATIOS OF OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT AS OF DECEMBER 31, 2014 UNAUDITED

Governmental Unit	Debt Outstanding	Estimated Percentage Applicable ^a		Estimated Share of verlapping Debt
Debt Repaid With Property Taxes:				
Borough of Morris Plains	\$ 9,706,569	100.00%	\$	9,706,569
Morris County General Obligation Debt	235,116,781	1.71% ^a		4,010,419
Subtotal, Overlapping Debt				13,716,987
Morris Plains School District Direct Debt			Who are	3,695,000
Total Direct And Overlapping Debt			\$	17,411,987

Note:

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that that is borne by the residents and businesses of Morris Plains Borough. This process recognizes that, when considering the District's ability to issue and repay long-term, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping unit.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable equalized property values. Applicable percentages were estimated by determining the portion of Morris Plains taxable equalized property values. Applicable percentages were estimated by determining the portion of Morris Plains Borough's equalized property value that is within the Morris County boundaries and dividing it by Morris County's total equalized property value.

Sources:

Assessed value data used to estimate applicable percentages provided by the Morris County Board of Taxation; debt outstanding data provided by each governmental unit.

SINGLE AUDIT SECTION

Mount Arlington Corporate Center 200 Valley Road, Suite 300 Mt. Arlington, NJ 07856 973-328-1825 | 973-328-0507 Fax Lawrence Business Center 11 Lawrence Road Newton, NJ 07860 973-383-6699 | 973-383-6555 Fax

Report on Internal Control over Financial Reporting and on Compliance and
Other Matters Based on an Audit of Financial Statements Performed in Accordance with

Government Auditing Standards

Independent Auditors' Report

The Honorable President and Members of the Board of Education Morris Plains Borough School District County of Morris, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey (the "Department"), the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Morris Plains Borough School District, in the County of Morris (the "District") as of and for the fiscal year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 20, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The Honorable President and Members of the Board of Education Morris Plains Borough School District Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance For Each Major State Program;
Report on Internal Control Over Compliance Required by OMB Circular A-133
and New Jersey OMB's Circulars 04-04 and 15-08

Independent Auditors' Report

The Honorable President and Members of the Board of Education Morris Plains Borough School District County of Morris, New Jersey

Report on Compliance for Each Major State Program

We have audited the Morris Plains Borough School District (the "District's") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the *New Jersey State Aid/ Grant Compliance Supplement* that could have a direct and material effect on each of the District's major state programs for the fiscal year ended June 30, 2015. The District's major state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and New Jersey's OMB Circulars 04-04 and 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid.* Those standards, OMB Circular A-133 and New Jersey's OMB Circulars 04-04 and 15-08 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major State Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the fiscal year ended June 30, 2015.

The Honorable President and Members of the Board of Education Morris Plains Borough School District Page 2

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and NJOMB 04-04 and 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 or NJOMB 04-04 and 15-08. Accordingly, this report is not suitable for any other purpose.

MORRIS PLAINS BOROUGH SCHOOL DISTRICT NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1. BASIS OF PRESENTATION

The accompanying schedules of expenditures of federal and state awards includes the federal and state grant activity of the Board of Education, Morris Plains School District under programs of the federal and state governments for the fiscal year ended June 30, 2015. The information in these schedules is presented in accordance with the Federal Office of Management and Budget (OMB), Audits of States, Local Governments and Non-Profit Organizations and New Jersey's OMB Circulars 04-04 and 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Because the schedules present only a selected portion of the operations of the District, they are not intended to and do not present the financial position, changes in net position or cash flows of the District.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the accompanying schedules of expenditures of federal and state awards are reported on the budgetary basis of accounting with the exception of programs recorded in the Food Service Fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements. Therefore, some amounts presented in these schedules may differ from amounts presented in, or used in the preparation of, the basic financial statements. Such expenditures are recognized following the cost principles contained in federal OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governmental Units*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through identifying numbers are presented where available.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last two state aid payments for the prior year and for the last two payments of the current budget year, which is mandated pursuant to P.L. 2003, C.97. For GAAP purposes, the current year payments are not recognized until the subsequent budget year due to the state deferral and recording of the last two state aid payments in the subsequent year and the final two state aid payments for the prior year which are recognized in the current year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenue, whereas the GAAP basis does not. Grant revenue in the capital projects fund is recognized on the budgetary basis in the fiscal year of the award but in not recognized on the GAAP basis until expended and submitted for reimbursement.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$470 for the general fund, (\$107) for the special revenue fund (of which \$107 is for local assistance and is not included in the table on the next page) and (\$173,479) for the Capital Projects Fund. See Note 1D for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general, special revenue and capital projects funds. The schedule of expenditures of state awards does not include the TPAF Pension Contributions and Post-Retirement Medical contributions paid by the State on behalf of the District of \$208,612 and \$331,173, respectively. Awards and financial assistance revenue are reported on the Board's basic financial statements on a GAAP basis as presented on the following page.

MORRIS PLAINS BOROUGH SCHOOL DISTRICT NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS FOR THE FISCAL YEAR ENDED JUNE 30, 2015 (Continued)

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (Cont'd)

	 Federal		State	Total		
General Fund Special Revenue Fund Food Service Fund	\$ 168,020 26,865	\$	1,806,254 1.149	\$	1,806,254 168,020 28,014	
1 ood Service 1 und	 194,885	\$	1,807,403	\$	2,002,288	

NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5. FEDERAL AND STATE LOANS OUTSTANDING

Morris Plains Borough School District had no loan balances outstanding at June 30, 2015.

NOTE 6. OTHER

TPAF Social Security contributions represent the amount reimbursed by the State for the employers' share of social security contributions for TPAF members for the fiscal year ended June 30, 2015. Revenue and expenditures reported under the Federal Food Distribution Program represent current year value received and current year distributions, respectively.

NOTE 7. NJ SCHOOLS DEVELOPMENT AUTHORITY (SDA) GRANTS

The District has active grants awarded in the amount of \$173,479 from the School Development Authority (SDA) under the Educational Facilities Construction and Financing Act. As of June 30, 2015, \$-0- has been expended and submitted for reimbursement and \$-0- has been drawn down and received.

MORRIS PLAINS BOROUGH SCHOOL DISTRICT SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2015

Summary of Auditors' Results:

- The Independent Auditors' Report expresses an unmodified opinion on the financial statements of the District.
- There were no material weaknesses or significant deficiencies disclosed during the audit of the financial statements as reported in the *Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards*.
- No instances of noncompliance material to the financial statements of the District which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
- There were no material weaknesses or significant deficiencies in internal control over major state programs disclosed during the audit as reported in the *Independent Auditors' Report on Compliance For Each Major State Program; Report on Internal Control Over Compliance Required by OMB Circular A-133 and New Jersey's OMB Circulars 04-04 and 15-08.*
- The auditor's report on compliance for the major state programs for the District expresses an unmodified opinion on all major state programs.
- The audit did not disclose any audit findings which are required to be reported in accordance with New Jersey's OMB Circulars 04-04 and 15-08 or Section 510(a) of Federal OMB Circular A-133.
- The District was not subject to the single audit provisions of Federal OMB Circular A-133 for fiscal year end June 30, 2015 as federal grant expenditures were less than the single audit threshold of \$500,000 identified in the Circular.
- The District's programs tested as major state programs for the current fiscal year consisted of the following state aid:

	State		Award	Budgetary Expenditures		
	Grant Number	Grant Period				
State:						
General State Aid						
Special Education Aid	15-495-034-5120-089	7/1/14-6/30/15	\$	504,750	\$	504,750
Security Aid	15-495-034-5120-084	7/1/14-6/30/15		13,211		13,211
School Choice Aid	15-495-034-5120-068	7/1/14-6/30/15		189,252		189,252
PARCC Readiness Aid	15-495-034-5120-098	7/1/14-6/30/15		8,530		8,530
Per Pupil Growth Aid	15-495-034-5120-097	7/1/14-6/30/15		8,530		8,530

- The threshold used for distinguishing between State Type A and Type B programs was \$300,000.
- The District was determined to be a "low-risk" auditee for state programs.

Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally Accepted Government Auditing Standards:

- The audit did not disclose any findings required to be reported under Generally Accepted Government Auditing Standards.

Findings and Questioned Costs for Federal Awards:

- Not Applicable since federal expenditures were below the single audit threshold.

MORRIS PLAINS BOROUGH SCHOOL DISTRICT SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2015

Findings and Questioned Costs for State Awards:

- The audit did not disclose any findings or questioned costs for state awards as defined in section 510(a) of the federal circular and New Jersey's OMB Circulars 04-04 and 15-08.

MORRIS PLAINS BOROUGH SCHOOL DISTRICT SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE FISCAL YEAR ENDED JUNE 30, 2015

Status of Prior Year Findings:

There were no prior year audit findings.
