November 24, 2015

Honorable President and Members of the Board of Education New Providence School District County of Union, New Jersey

Dear Board Members:

The comprehensive annual financial report of the New Providence School District (District) for the fiscal year ended June 30, 2015, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes under the new Governmental Accounting Standard Board Statement No. 34, the Report of Independent Accountants, the Management Discussion and Analysis, the basic financial statements, required supplementary information, and the combining and individual fund financial statements. The statistical sections include selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and the U.S. Office of Management and Budget Circular A-133, "Audits of State and Local Governments", and the New Jersey OMB's Circular 04-04 and/or 15-08, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid." Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1) REPORTING ENTITY AND ITS SERVICES: New Providence School District is an independent reporting entity within the criteria adopted by the GASB as established by GASB Pronouncement Number 14. All funds and account groups of the District are included in this report. The New Providence Board of Education and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre-K through 12. These include regular, vocational as well as special education for handicapped youngsters. The District completed the 2014-2015 fiscal year with an enrollment of 2342 students, which is 7 students more than the previous year's enrollment. The following details the changes in the student enrollment of the District over the last six years.

#### Average Daily Enrollment

School Year	Student Enrollment	Percent Chang
2010	2,194	-0.6%
2011	2,207	0.6%
2012	2,229	1.0%
2013	2,269	1.8%
2014	2,335	2.8%
2015	2,342	0.3%

2. ECONOMIC CONDITION AND OUTLOOK: The economic condition and outlook seems to be stable. State funding and support have increased slightly over last year. The District will address the funding issues and cap restrictions by making changes in order to continue to meet the needs of the students while addressing the tax impact to the community.

#### 3. MAJOR INITIATIVES:

#### High School

- New Curriculum:
  - •British Literature (Multi-Level)
  - •Discrete Math and Statistics
  - •Calculus
  - •AP Chemistry
  - •Honors Spanish
  - •Japanese / Sculpture I & II

#### Middle School

- On the News (Mod)
- Robotics (Mod)
- Reading Exploratory

#### Elementary Schools

- K-6 ESL
- Language Arts, Grades 3, 4, 6
- Additional Reading Specialists

#### District

- Continuation of district developed professional development
- Continuation of curriculum evaluation and review
- Continuation of character education initiatives
- Continuation of technology and technology curriculum integration
- Revision of 21st Century Resource Guide

4. INTERNAL ACCOUNTING CONTROLS: Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgements by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5) BUDGETARY CONTROLS: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount, as amended for the fiscal year, is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line-item basis. Open encumbrances at year-end are either cancelled or are included as reappropriation of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2015.

- **6) ACCOUNTING SYSTEM AND REPORTS:** The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statement", Note 1.
- 7) DEBT ADMINISTRATION:
  At June 30, 2015, the District's outstanding debt included \$10,015,000 of general obligation bonds. In 1999 and 2006, the district issued general obligation bonds. The proceeds of the bonds issued were placed in the District's capital projects fund for capital improvements to the District's buildings and grounds. These improvements include additions and various renovations at all three school locations. In 2008 and 2014, the 1999 and 2006 bonds were refunded and refinanced at a savings to the District.
- 8) CASH MANAGEMENT: The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 1. The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

9) RISK MANAGEMENT: The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

#### 10) OTHER INFORMATION:

A) Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Donohue, Gironda & Doria, CPA's, was recommended by the Board's Finance committee and approved by the Board. In addition to meeting the requirements of the Single Audit Act of 1984 and the related OMB Circular A-133 and New Jersey OMB's Circular 04-04. The auditor's report on the basic financial statements and fund statements is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

#### 11) ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the New Providence School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our office staff.

Respectfully submitted,

James E. Testa

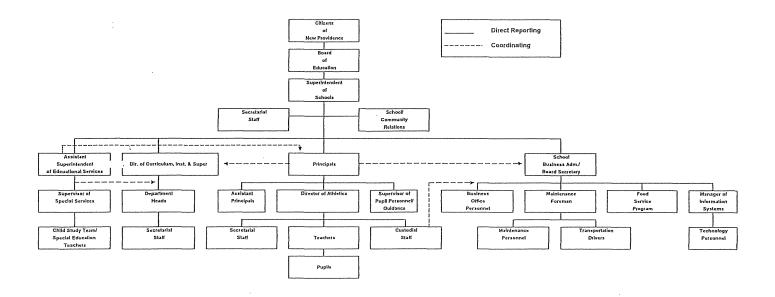

School Business Administrator/Board Secretary

David M. Miceli, Ed.D. Superintendent of Schools

#### **INDEPENDENT AUDITOR'S REPORT**

The Honorable President and Members of the Board of Education New Providence School District County of Union New Providence, New Jersey

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the New Providence School District, in the County of Union, State of New Jersey (the "Board"), as of and for the fiscal year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Board, as of June 30, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Emphasis of Matter**

Change in Accounting Policy

As discussed in Note 1 to the financial statements, in the fiscal year ended June 30, 2015, the District adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 68, Accounting and Financial Reporting for Pensions – An Amendment to GASB Statement No. 27, and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment of GASB Statement No. 68. Our opinion is not modified with respect to this matter.

#### **Other Matters**

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management Discussion and Analysis and Budgetary Comparison Information on pages 12 through 22 and 76 through 84 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of

management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Board's basic financial statements. The introductory section and other supplementary information such as, the combining and individual fund financial statements, long-term debt schedules and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and New Jersey OMB's Circular 04–04 and/or 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid* respectively, and are also not a required part of the basic financial statements.

The combining and individual fund financial statements, long-term debt schedules, and schedules of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements, long-term debt schedules, and schedules of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 24, 2015, on our consideration of the Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government\_Auditing Standards* in considering the Board's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION PART I

The discussion and analysis of the New Providence School District's financial performance provides an overall review of the New Providence School District's financial activities for the fiscal year ended June 30, 2015. The intent of this discussion and analysis is to look at the New Providence School District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the New Providence School District's financial performance.

#### Financial Highlights

Key financial highlights for fiscal year 2015 are as follows:

- Total net position is \$(1,072,032). Net position for governmental activities are \$(1,361,805). Net position of the business-type activity, which represents food service, are \$289,733. This reflects a decrease in net position in the amount of \$9,879,408, which is due to the implementation of GASB statement No. 68 (Accounting and Financial Reporting for Pension).
- General revenues accounted for \$38,979,368 in revenue or 96.3 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$1,492,814 or 3.7 percent to total revenues of \$40,472,182. General revenues including property taxes of \$33,676,936, were used to offset the net expenses after program revenues.
- The School District had \$41,063,318 in expenses; only \$1,492,814 of these expenses was offset by program specific charges for service, grants or contributions.
- The General Fund expenditures exceeded revenues and other financing sources of the School District by \$876,172. This was due to the recording of capital leases which the total value of the leases were recorded in the 2014/2015 school year as an expenditure. Revenue, in the amount of \$800,000, was reserved for tax relief in the 2015/2016 school year and \$168,945 will be reserved for tax relief in the 2016/2017 school year, as required by the State of New Jersey.

A review of the fiscal year 2014 financial highlights are as follows:

• Total net position is \$8,807,376. Net position for governmental activities are \$8,489,115. Net position of the business-type activity, which represents food service, are \$318,261. This reflects an increase in net position in the amount of \$79,259.

- General revenues accounted for \$37,335,740 in revenue or 95.7 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$1,666,942 or 4.3 percent to total revenues of \$39,002,682. General revenues of \$37,335,740, including property taxes of \$32,635,348, were used to offset the net expenses after program revenues.
- The School District had \$38,923,423 in expenses; only \$1,666,942 of these expenses was offset by program specific charges for service, grants or contributions.
- The General Fund expenditures exceeded revenues and other financing sources of the School District by \$330,685. The reason for this was due to recording of capital leases related to Apple. The total value of the leases were recorded in the 2013/2014 school year as an expenditure. Revenue, in the amount of \$977,000, was reversed for tax relief in the 2014/2015 school year and \$237,487 will be reserved for tax relief in the 2015/2016 school year, as required by the State of New Jersey.

#### **Using the Basic Financial Statements**

This annual report consists of financial statements and notes to those statements. This report is organized to show the reader the New Providence School District as a financial whole, or as an entire operating entity.

The statement of net position and statement of activities provide information about the activities of the whole New Providence School District, presenting both an aggregate view of the New Providence School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the New Providence School District's most significant funds. For the New Providence School District, the General Fund is the most significant fund.

#### Reporting the New Providence School District as a Whole

#### Statement of Net Position and Statement of Activities

While this report contains the large number of funds used by the New Providence School District to provide programs and activities, the view of the New Providence School District as a whole looks at all financial transactions and asks the question, "How did we do financially during the fiscal year 2015?" The statement of net position and the statement of activities answers this question. These statements include all assets and liabilities using the accrual basis of accounting which, takes into consideration all of the current year's revenues and expenses regardless of when cash was received or paid.

These two statements report the New Providence School District's net position and changes in those positions. This change in net position is important because it identifies whether the financial position of the New Providence School District has improved or diminished for the New Providence School District as a whole. The cause of this change may be the result of many factors, some financial, some not. Non-financial factors include the New Providence School District's property tax base, current property tax laws in New Jersey, facility conditions, required educational programs, contractual obligations and other factors.

In the statement of net position and the statement of activities, the New Providence School District is divided into two distinct kinds of activities:

Governmental Activities – Most of the New Providence School District's programs and services are reported here including instruction, support services, operation and maintenance of plant, pupil transportation, and extracurricular activities.

**Business-Type Activity** – This service is provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

#### Reporting the New Providence School District's Most Significant Funds

#### **Fund Financial Statements**

Fund financial reports provide detail information about the New Providence School District's major funds. The New Providence School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the New Providence School District's most significant funds. The New Providence School District's major governmental funds are the General Fund and Special Revenue Fund.

#### **Governmental Funds**

Most of the New Providence School District's activities are reported in governmental funds, which focus on how monies flow into and out of those funds and the balances left at fiscal year end for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the New Providence School District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs. The relationship, or differences, between governmental activities reported in the statement of net position and the statement of activities and the governmental funds is reconciled in the financial statements.

#### The New Providence School District

The perspective of the statement of net position is of the New Providence School District as a whole. Table 1 provides a summary of the New Providence School District's net position for 2015.

Total assets equal \$22,081,044. Total assets for Governmental Activities is \$21,741,054. Total assets for Business Type Activities is \$339,990. The totals for 2014 are presented for comparative purposes.

Net Position – end of the year	0(1,301,803)	289,773	\$(1,072,032)	<u>\$8,779,685</u>

The total decrease in Net Position for Governmental Activities, including a Prior Period Adjustment for Net Pension Liability of \$9,288,272 required under GASB 68, is \$9,850,920. The total decrease in Net Position for Business-Type Activities is \$28,488. The total decrease in Net Position, including the Prior Period Adjustment for Net Pension Liability, is \$9,879,408.

#### **Governmental Activities**

The statement of activities reflects the cost of program services and the charges for services, grants and contributions offsetting those services. Table 3a, for Governmental Activities, indicates the total cost of services and the percentage cost of services. It identifies the cost of these services supported by tax revenues and unrestricted state entitlements.

Table 3a. Governmental Activities

	Total Cost of Service 2014-2015	Percent of Total	Total Cost of Service 2013 - 2014	Percent of Total
Instruction	\$16,716,634	41.48%	\$16,289,989	42.72%
Support Services:				
Tuition, Students

Total Expenses	\$40,302,121	100.00%	\$38,126,467	100.00%

The Governmental Activities in the above schedule demonstrate that \$16,716,634 are identified as Instruction. Additionally, Tuition, Students and Instructional Staff Activities are \$6,002,367. Combined resources from Instruction, Tuition Students and Instructional Staff total \$22,719,001.

Pupil transportation costs reflect the cost for salaries, overtime, maintenance of fleet and contracted transportation services.

#### **Business-Type Activity**

Table 3b. Business Activities

Revenue	Total Cost of Service 2014-2015	Percent of Total	Total Cost of Service 2013-2014	Percent of Total
Charges for Services Operating Grants Total Revenue	\$732,136 573 <b>\$732,709</b>	99.92% 00.08% <b>100.00%</b>	\$688,532 108,584 <b>\$797,116</b>	86.38% 13.62% 100.00%
Function/Program Expense Food Service – Operating Total Expenses  Decrease in Net Position	\$\frac{\$761,197}{\$761,197}\$\$\$(28,488)\$\$\$	100.00% 100.00%	\$796,956 <b>\$796,956</b> \$160	100.00% 100.00%

The business-type activity of the New Providence School District is the food service operation. This program had revenues of \$732,709 and expenses of \$761,197 for fiscal year 2015. For fiscal year 2015 the food service operation realized a decrease in net position of \$28,488.

The Board of Education suggests efforts that continue to increase sales and reduce costs while offering a nutritious, healthy lunch menu. The New Providence Board of Education and school administrators are committed and have concentrated efforts to ensure that all students who are eligible for Free/Reduced lunch submit the proper forms for eligibility in a timely manner.

#### Sources of Revenue

The local tax revenue has been stable for several years. For all governmental activities, state revenues support approximately 12%. The community, as a whole, is 86.6% of the support and Federal revenue accounts for 1.4 % of the total cost of programs for New Providence School District students.

Table 4
Sources of Revenue

		Doules of 1	COVOITAG		
Fiscal Year	Local Tax	Other Local	State	Federal	
Ended June 30	<u>Levy</u>	Revenue	Revenue	Revenue	<u>Total</u>
2014	\$32,635,348	\$438,878	\$4,578,724	\$531,779	\$38,184,729
2015	\$33,676,936	\$344,638	\$4,988,395	\$543,879	\$39,553,848

The total 2015 revenue from all sources is \$39,553,848.

#### The School District's Funds

Information about the School District's major funds starts on page 23. These funds are accounted for using the modified accrual basis of accounting. All Governmental funds had total revenues of \$39,553,848 and expenditures of \$40,654,890.

#### **General Fund Budgeting Highlights**

The School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During the course of the fiscal 2015 year, the School District amended its General Fund budget as needed. The School District uses a program based budgeting model and the budgeting systems are designed to tightly control total program budgets but provide flexibility for program management.

A transfer of funds were needed to support special education tuitions, transportation, related services, legal costs and utilities.

For the General Fund, budget basis revenue was \$37,450,693, compared to the final budgeted estimates of \$33,846,925. This difference was primarily due to the State's On-Behalf TPAF Pension Contributions, the State's Reimbursed TPAF Social Security Contributions and additional extraordinary aid, which are non budgeted income and expense items.

#### **Capital Assets and Debt Administration**

#### **Capital Assets**

At the end of fiscal year 2015, the New Providence School District has \$16,828,942 at cost invested in capital assets, for governmental activities. This amount represents a net decrease of \$990,412 over last year, which is primarily due to depreciation of assets. More detailed information about the Board's capital assets and depreciation is presented in Note 4 to the financial statements.

#### Debt

At June 30, 2015, the New Providence School District had no long-term debt payable from proprietary fund resources. Long-term liabilities include debt service, compensated absences and capital lease obligations. More detailed information about the Board's long-term liabilities is presented in Note 5 to the financial statements.

#### **Net Pension Liability**

The District has implemented GASB Statement No. 68 (Accounting and Financial Reporting for Pension) into the 2014/2015 CAFR Report. GASB No. 68 requires participating employers in pension plans to recognize their proportionate share of their collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources and collective pension expense excluding that attributable to employer-paid member contributions.

The information below was generated from the State of New Jersey (Department of Treasury) GASB No. 68 reports.

Adjustments have been made on the government-wide statement of activities to recognize prior year pension liability of \$9,288,272.

For the year ended June 30, 2015 the net pension liabilities for PERS and TPAF were as follows:

	PERS Propor	tionate Share	TPAF Propo	TPAF Proportionate Share		
	<u>Employer</u>	Nonemployer	<u>Employer</u>	Nonemployer		
Year Ending	School <u>District</u>	State of New <u>Jersey</u>	School <u>District</u>	State of New <u>Jersey</u>		
June 30, 2015	\$9,341,545	\$0	\$0	\$85,755,504		

The District recognized PERS employer pension expense of \$518,492. Also, the District reported deferred outflows of resources of \$952,238 and deferred inflows of resources of \$556,705. PERS pension deferred outflows of resources include changes in assumptions, changes in proportion and pension accounts payable. Deferred inflows of resources include the net differences between projected and actual investment earnings on pension plan investments. Lastly, the District recognized an on-behalf pension expense of \$4,614,451, which was offset by an on-behalf TPAF pension contribution for the same amount.

#### **Current Issues**

The New Providence School District has been and continues to utilize sound accounting practices. The New Providence School District has been fortunate in not having a substantial increase in pupil enrollment last year. The District continues to monitor and address current classroom needs.

Fortunately, the New Providence School District has entered this period of time with a strong and prudent budget. The District has carefully monitored its needs in both the short and long term. Per pupil costs remain below the state average and capital costs have addressed the District's needs for at least the next two years. If the economy becomes unstable and support from the State falls, the Administration and Board of Education will address the challenges and make changes in order to continue to meet the needs of the students and community.

#### Contacting the New Providence School District's Financial Management

The Management Discussion and Analysis of this financial report is designed to provide citizens, taxpayers and investors with a snapshot of the New Providence School District's finances. Also, to reflect the New Providence School District's accountability for the monies it receives. Questions about this report or additional financial information needs should be directed to James Testa; School Business Administrator/Board Secretary, New Providence School District, 356 Elkwood Avenue, New Providence, New Jersey 07974.

NOTES TO FINANCIAL STATEMENTS

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Board of Education (Board) of New Providence School District (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

In its accounting and financial reporting, the District follows the pronouncements of the Governmental Accounting Standards Board (GASB) and the pronouncements of the Financial Accounting Standards Board (FASB) and its predecessor organizations issued on or before November 30, 1989, unless they conflict with or contradict GASB pronouncements.

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, *Basic Financial Statements - and Management's Discussion and analysis - for State and Local Governments*. Certain of the significant changes in the Statement include the following:

- The financial statements include:
  - ·· A Management Discussion and Analysis (MD&A) section providing an analysis of the Board's overall financial position and results of operations.
  - · Financial statements prepared using full accrual accounting for all of the Board's activities.
- A change in the fund financial statements to focus on the major funds.

These and other changes are reflected in the accompanying financial statements (including notes to financial statements). The Board has elected to implement the general provisions of the Statement in the current year.

The more significant of the Board's accounting policies are described below.

## NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### A. Reporting Entity:

The New Providence School District is a Type II district located in the County of Union, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The Board is comprised of seven members elected to three-year terms. The purpose of the District is to educate students in grades K-12. The New Providence School District had an enrollment at June 30, 2015, of 2,386 students.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB <u>Codification of Governmental Accounting and Financial Reporting Standards</u>, is whether:

- the organization is legally separate (can sue or be sued in their own name)
- the District holds the corporate powers of the organization
- the District appoints a voting majority of the organization's Board
- the District is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the District
- there is a fiscal dependency by the organization on the District

Based on the aforementioned criteria, the District has no component units.

## B. Basic Financial Statements - District - Wide Statements:

The Board's basic financial statements include both district-wide (reporting the Board as a whole) and fund financial statements (reporting the Board's major funds). Both the district-wide and fund financial statements categorize primary activities as either governmental or business type. The Board's general operating services, special revenue, capital projects and debt service are classified as governmental activities. The Board's food service is classified as a business-type activity.

The Statement of Net Position and Statement of Activities display information about the reporting district as a whole. They include all funds of the reporting entity except for fiduciary funds.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## B. Basic Financial Statements - District - Wide Statements (Continued):

In the district-wide Statement of Net Position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, (b) and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Board's net position is reported in three parts - invested in capital assets, net of related debt; restricted net position; and unrestricted net position. The Board first utilizes restricted resources to finance qualifying activities.

The district-wide Statement of Activities reports both the gross and net cost of each of the Board's functions and business-type activities. The functions are also supported by general government revenues (property and certain intergovernmental revenues). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property taxes, intergovernmental revenues, interest income, etc.)

The district-wide focus is more on the sustainability of the Board as an entity and the change in the Board's net position resulting from the current year's activities.

## C. Basic Financial Statements - Fund Financial Statements:

The financial transactions of the Board are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

## NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### C. Basic Financial Statements - Fund Financial Statements (Continued):

The following fund types are used by the Board:

## 1. GOVERNMENTAL FUNDS

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Board:

<u>General Fund</u> - The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the Capital Outlay sub fund.

As required by the New Jersey State Department of Education, the District includes budgeted Capital Outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance Capital Outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted Capital Outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by Board resolution.

<u>Special Revenue Fund</u> - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## C. Basic Financial Statements - Fund Financial Statements (Continued):

## 1. GOVERNMENTAL FUNDS (Continued)

<u>Capital Projects Fund</u> - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

<u>Debt Service Fund</u> - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

## 2. PROPRIETARY FUNDS

The focus of Proprietary Fund measurement is upon determination of operating income, changes in net position, financial position and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the Proprietary Funds of the District:

Enterprise Funds - The Enterprise Funds are utilized to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the District is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges; or, where the District has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The District's Enterprise Fund is comprised of the Food Service Fund.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## C. Basic Financial Statements - Fund Financial Statements (Continued):

## 2. PROPRIETARY FUNDS (Continued)

All Proprietary Funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities, whether current or non-current, associated with their activity are included on their balance sheets. Their reported net position (net total position) is segregated into invested in capital assets, net of related debt, restricted for capital projects or unrestricted, if applicable. Proprietary Fund type operating statements present increases (revenues) and decreases (expenses) in net total position.

Depreciation of all exhaustive fixed assets used by Proprietary Funds is charged as an expense against their operations. Accumulated depreciation is reported on Proprietary Funds balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method.

The estimated useful lives are as follows:

Food Service Fund:

Equipment

10 Years

## 3. FIDUCIARY FUNDS

Fiduciary Funds are used to report assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds and therefore are not available to support district programs. The reporting focus is on net position and changes in net position and are reported using accounting principles similar to proprietary funds.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## C. Basic Financial Statements - Fund Financial Statements (Continued):

#### 3. FIDUCIARY FUNDS (Continued)

**Expendable Trust Funds** - An Expendable Trust Fund is accounted for in essentially the same manner as the Governmental Fund types, using the same measurement focus and basis of accounting. Expendable Trust Funds account for assets where both the principal and interest may be spent. Expendable Trust Funds consist of the Unemployment Compensation Insurance Trust Fund.

<u>Private Purpose Scholarship Funds</u> - A Trust Fund is used to account for assets held under the terms of a formal trust agreement. The District maintains nine separate scholarship funds.

<u>Agency Funds</u> - Agency Funds are used to account for the assets that the District holds on behalf of others as their agent. Agency Funds are custodial in nature and do not involve measurement of results of operations. Agency Funds include payroll and student activities funds.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Non-major funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The Board considers all governmental and business-type activities to be major.

The Board's fiduciary funds are presented in the fiduciary fund financial statements by type. Since by definition these assets are being held for the benefit of a third party (other local governments, students, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the district-wide statements.

## NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## D. Basis of Measurement and Accounting Focus:

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

#### Measurement Focus

On the district-wide Statement of Net Position and the Statement of Activities, both governmental and business-like activities are presented using the economic resources measurement focus as defined in item b below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

- a. All fiduciary trust funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use net position as their measure of available spendable financial resources at the end of the period.
- b. The proprietary fund utilizes an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or non-current) associated with their activities are reported. Proprietary fund equity is classified as net position.
- c. Agency funds are not involved in the measurement of results of operation; therefore, measurement focus is not applicable to them.

## **Basis of Accounting**

In the district-wide Statement of Net Position and Statement of Activities, both governmental and business-like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## D. Basis of Measurement and Accounting Focus (Continued):

In the fund financial statements, governmental funds, fiduciary trust funds and agency funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for principal and interest on long-term debt which are reported when due.

Ad Valorem (Property) Taxes are susceptible to accrual and under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable."

All proprietary funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

## E. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office for approval and if approved, are then voted on by the Board at their monthly meeting after a budget hearing takes place. If the approved budget is over the allowable statutory 2% cap, then a portion of the budget will be voted on by the public. Budgets are prepared using the modified accrual basis of accounting, except for the Special Revenue Fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item units are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. Line-item transfers from an advertised appropriation account as defined under N.J.A.C. 6A:23A-2.3, which on a cumulative basis exceed ten percent of the amount included in the original budget, require county superintendent approval. Effective December 2004, line-item transfers to an advertised appropriation account identified as either general administration, school administration, central services and administrative information technology or other support services that, on a cumulative basis, exceed 10% of the amount included in the original budget require county superintendent approval.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## E. Budgets/Budgetary Control (Continued)

Pursuant to N.J.S.A. 18A:22-8 and N.J.A.C. 6A:23A-2.3 appropriation of surplus or other unbudgeted or under budgeted revenue is allowed only between April 1 and June 30 and requires Regional Assistant Commissioner Approval. Six revenue categories identified under N.J.A.C. 6A:23A-2.3(c)) are excluded from this requirement.

Prior to April 1, a school board may petition the Commissioner for appropriation of surplus or other unbudgeted or under budgeted revenue (except for those exempted under N.J.A.C. 6A:23A-2.3(c)) an "emergent circumstance." Such petition must be submitted by a two-thirds affirmative vote of the authorized membership of the Board and include the items listed and demonstrate the need pursuant to N.J.A.C. 6A:23A-2.3(b). During the fiscal year, the Board of Education did not make any supplemental budgetary appropriations.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For Governmental Funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the one or more June state aid payments for budgetary purposes only and the Special Revenue Fund as noted in Exhibit C-3. Encumbrance accounting is also employed as an extension of formal budgetary integration in the Governmental Fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the Special Revenue Fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

## NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## E. Budgets/Budgetary Control (Continued)

The following presents a reconciliation of the Special Revenue Funds from the budgetary basis of accounting as presented in the Budgetary Comparison Schedule - Special Revenue Fund to the GAAP basis of accounting as presented in the Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Funds.

Total Revenues (Budgetary Basis)		<u>4 - 2015</u> 617,871
Adjustments:		
Add: Prior Year Encumbrances		7,984
State Aid Payment Recognized		
for GAAP statements in the current		
year, previously recognized for		
budgetary purposes		0
Less: Current Year Encumbrances	(	9,078)
State Aid Payment Recognized		
for Budgetary Purposes not		
Recognized for GAAP Statements	(	0)
Total Revenues (GAAP Basis)	<u>\$</u>	<u>616,777</u>

## F. Encumbrances:

Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in Governmental Funds, other than the Special Revenue Fund, are reported as reservations of fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services. Open encumbrances in the Special Revenue Fund, for which the District has received advances, are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## G. Cash, Cash Equivalents and Investments:

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey School Districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey Statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey School Districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et.seq. establishes the requirements for the security of deposits of governmental units. The Statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include savings and loan institutions, banks (both state and national banks) and savings banks, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the governmental units.

#### H. Tuition Receivable:

Tuition charges were established by the Board of Education based on budgeted costs. The charges are subject to adjustment when the final costs have been determined.

#### I. Tuition Payable:

Tuition charges for the fiscal years 2014-2015 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## J. Inventories and Prepaid Expenses:

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the Enterprise Fund are recorded as an expenditure during the year of purchase.

Inventories in the Proprietary Funds are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. Prepaid expenses in the Enterprise Fund represent payments made to vendors for services that will benefit periods beyond June 30, 2015.

## K. Short-Term Interfund Receivables/Payables:

Short-term interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year. For the purpose of the Statement of Activities, all interfund transfers between individual governmental funds have been eliminated.

#### L. Fixed Assets:

The accounting treatment over property, plant, and equipment (fixed assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the district-wide or fund financial statements.

#### **District-Wide Statements**

In the district-wide financial statements, fixed assets are accounted for as capital assets. All fixed assets are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated fixed assets which are recorded at their estimated fair value at the date of donation. Estimated historical cost was used to value the majority of the assets acquired prior to June 30, 2002.

## NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### L. Fixed Assets (Continued):

Depreciation of all exhaustible fixed assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings50 yearsImprovements20 yearsMachinery and Equipment5 - 20 years

#### Fund Financial Statements

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets used in proprietary fund operations are accounted for the same as in the district-wide statements.

## M. Deferred Revenue:

Deferred revenue in the Special Revenue Fund represents cash that has been received but not yet earned.

## N. Long-Term Debt:

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the district-wide or fund financial statements.

All long-term debt to be paid from governmental and business-type resources are reported as liabilities in the district-wide statement. The long-term debt consists primarily of accrued compensated absences, serial general obligation bonds and obligations under capital leases.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The accounting for proprietary fund is the same in the fund statements as it is in the district-wide statements.

## NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### O. Pensions:

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense of the Public Employees Retirement System (PERS) have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

#### P. Deferred Outflows of Resources:

Decreases in net position that relate to future periods are reported as deferred outflows of resources in a separate section of the Statement of Net Position. The only deferred outflow of resources reported is for pension resources.

#### Q. Deferred Inflows of Resources:

Increases in net position that relate to future periods are reported as deferred inflows of resources in a separate section of the Statement of Net Position. Related revenues are not recognized until a future event occurs. The only deferred inflow of resources reported is for pension resources.

#### R. Equity Classifications:

#### **District-Wide Statements**

Equity is classified as net position and displayed in three components:

- a) Invested in capital assets, net of related debt Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b) Restricted net position Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c) Unrestricted net position All other net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## R. Equity Classifications (Continued):

#### Fund Statements

Government fund equity is classified as fund balance. Under GASB No. 54, fund balance is further categorized as restricted, committed, assigned, or unassigned fund balance. Restrictions are created to either (1) satisfy legal covenants that require a portion of the fund balance to be segregated or (2) identify the portion of the fund balance that is appropriated for future expenditures. The categories used are detailed below.

<u>Restricted – Excess Surplus – Designated for Subsequent Year's Tax Relief</u> – This reserve was created to represent the June 30, 2013 audited excess surplus that will be appropriated in the 2015-2016 original budget certified for taxes.

<u>Restricted – Reserve for Excess Surplus</u> – This reserve was created to represent the June 30, 2015 audited excess surplus that is required to be appropriated in the 2016-2017 original budget certified for taxes.

<u>Restricted – Capital Reserve</u> – This reserve was created by the District to fund future capital expenditures (See Note 3).

<u>Committed - Year-End Encumbrances</u> — This reserve was created to represent encumbrances outstanding at the end of the year based on purchase orders and contracts awarded for which the goods or services have not yet been received at June 30.

<u>Assigned - Designated for Subsequent Year's Tax Relief</u> – This reserve was created to reflect management's intended use of fund balance in the subsequent year's budget certified for taxes.

*Unassigned* – This classification is used for all other fund balance.

Proprietary fund equity is classified the same as in the district-wide statements.

#### S. Operating and Non-operating Revenue:

Operating revenues for proprietary funds are those that result from providing services and producing and delivering goods and/or services. It also includes all revenue not related to capital and related financing, non-capital financing, or investing activities. Non-operating revenues include reimbursements by the State for school breakfast, lunch and food distribution programs.

## NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## T. Expenditures/Expenses:

In the district-wide financial statements, expenses are classified by function for both governmental and business-type activities.

In the fund financial statements, expenditures are classified as follows:

Governmental Funds - By Character:

Current (further classified by function)

Debt Service

Capital Outlay

Proprietary Fund - By Operating and Non-operating

In the fund financial statements, governmental funds report expenditures of financial resources. Proprietary funds report expenses relating to use of economic resources.

## NOTE 2. CASH AND CASH EQUIVALENTS AND DEPOSITS

It is the District's policy to only deposit and invest funds with financial institutions located in the State of New Jersey which are insured as a part of the Governmental Unit Deposit Protection Act (GUDPA).

Custodial credit risk is the risk that, in the event of a bank failure, the District will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are:

- a. Uncollateralized
- b. Collateralized with securities held by the pledging financial institution
- c. Collateralized with securities held by the pledging financial institution's trust department or agent but not in the District's name.

## NOTE 2. CASH AND CASH EQUIVALENTS AND DEPOSITS (Continued)

As of June 30, 2015, the District's cash and cash equivalents are summarized as follows:

Category	<b>Amount</b>
Insured - FDIC Insured - GUDPA	\$ 250,000 3,624,445 \$ 3,874,445
Reconciliation to District-Wide Statement of	
Net Position:	
Unrestricted Cash	\$ 3,127,413
Restricted Cash	-0-
Restricted Cash - Capital Reserve Account	93
Fiduciary Funds (Not Included in	
District-Wide Statement)	746,939
	<u>\$ 3,874,445</u>

As of June 30, 2015, the District's deposits are summarized as follows:

<b>Type</b>	Carrying <u>Amount</u>	Market <u>Value</u>
Minimum Premium Insurance Deposit	<u>\$1,516,419</u>	<u>\$1,516,419</u>

This deposit secures the accrued liability for insurance claims. The deposits recorded in the district-wide financial statements have been recorded at the carrying amount.

## **NOTE 3. CAPITAL RESERVE ACCOUNT**

A capital reserve account was established by the New Providence Board of Education from the proceeds of a building sale for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

## NOTE 3. CAPITAL RESERVE ACCOUNT (Continued)

Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP) and updated annually in the Quality Assurance Annual Report (QAAR). Upon submission of the LRFP to the department, a District may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6:23A-5.1(d)7, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2014 to June 30, 2015 fiscal year is as follow:

Beginning Balance, July 1, 2014	\$ 93
Interest Earnings	-0-
Deposits	-0-
Withdrawals	 -0-
Ending Balance, June 30, 2015	\$ 93

## NOTE 4. CAPITAL ASSETS AND DEPRECIATION

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of the Board as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets are the same as those used for the general capital assets.

Donated capital assets are capitalized at estimated fair market value on the date donated.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 50 years; improvements, 20 years; equipment, 3 to 20 years.

## NOTE 4. CAPITAL ASSETS AND DEPRECIATION (Continued)

Capital asset activity for the year ended June 30, 2015, was as follows:

ouprous discountries and j	Balance at July 1, 2014	Adjustments	Additions	<u>Disposals</u>	Balance at June 30, 2015

## A. Bonds Payable:

Bonds are authorized in accordance with State law by the voters of the District through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the District are general obligation bonds.

## **NOTE 5. LONG-TERM DEBT (Continued)**

## A. Bonds Payable (Continued):

The Series 2006 Bonds maturing on and after August 15, 2017 are redeemable at the option of the Board of Education in whole or in part on any date on or after August 15, 2016 upon notice as required herein at par, plus in each case unpaid accrued interest to the date fixed for redemption, if any.

Principal and interest due on serial bonds outstanding is as follows:

	School	School Bonds		
Year Ending	Serie	Series 2006		
_ June 30,	<u>Principal</u>	<u>Interest</u>		
2016	\$ 510,000	277,638		
2017	530,000	256,317		
	\$1,040,000	\$533,955		

On September 17, 2014, the Board issued \$7,615,000 of Refunding School Bonds, Series 2014. The proceeds from the sale of the Bonds were used to advance refund a portion of the outstanding callable principal amount of the originally issued \$10,375,000 School Bonds, Series 2006 that mature on August 15, 2017 through and including August 15, 2025, in the total amount of \$5,965,000 at a redemption price of 100%.

## NOTE 5. LONG-TERM DEBT (Continued)

## A. Bonds Payable (Continued):

The Series 2006 2<sup>nd</sup> Series Bonds maturing on and after August 15, 2018 are redeemable at the option of the Board of Education in whole or in part on any date on or after August 15, 2017 upon notice as required herein at par, plus in each case unpaid accrued interest to the date fixed for redemption, if any.

Principal and interest due on serial bonds outstanding is as follows:

	School Bonds		
Year Ending	Series 2006 2nd Series		
June 30,	<u>Principal</u>	<u>Interest</u>	
2016	\$ 160,000	89,600

2023	930,000	111,250		
2024	935,000	78,625		
2025	920,000	50,800		
2026	925,000	18,500		
	\$7,615,000	\$1,853,800		

#### **NOTE 5. LONG-TERM DEBT (Continued)**

#### **B.** Capital Leases Payable:

The District is leasing computer and copier equipment totaling \$373,363 under capital leases. All capital leases are for terms of three or four years. The following is a schedule of the future minimum lease payments under these capital leases, and the present value of the net minimum lease payments at June 30, 2015.

Year	<b>Amount</b>
2016 2017 2018	\$112,731 77,186 40,308
Total Minimum Lease Payments	\$230,225
Less: Amount Representing Interest	1,729
Present Value of Net Minimum Lease Payments	<u>\$228,496</u>

#### **NOTE 6. PENSION PLANS**

#### A. Description of Plans:

All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625.

#### **NOTE 6. PENSION PLANS (Continued)**

#### B. Teachers' Pension and Annuity Fund (TPAF):

The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, by which the State of New Jersey is responsible to fund 100% of the employer contributions, excluding any local employer retirement incentive (ERI) contributions. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

#### C. Public Employees' Retirement System (PERS):

The Public Employees' Retirement System was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

#### D. Defined Contribution Retirement Program (DCRP):

The Defined Contribution Retirement Program ("DCRP") is a single-employer defined contribution pension fund which was established on July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et. Seq.), and expanded under the provisions of Chapter 89, P.L. 2008 and Chapter 1, P.L. 2010. The Defined Contribution Retirement Program Board oversees the DCRP, which is administered for the Division of Pensions and Benefits by Prudential Financial. The DCRP provides eligible members, and their beneficiaries, with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N.J.S.A. 43:15C-1 et.seq.

## **NOTE 6. PENSION PLANS (Continued) E. Vesting and Benefit Provisions:**

The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Service retirement benefits of 1/55th of the final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each service credit are available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62, and tier 5 before age 65 with 30 or more years of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for their respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

#### F. Contribution Requirements:

The contribution policy is set by N.J.S.A. 43:15A for PERS and N.J.S.A. 18:66 for TPAF, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years beginning in July 2012. The member contribution rate was 6.92% in fiscal year 2015. The phase-in of the additional incremental member contribution rate will take place in July of each subsequent fiscal year.

Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute, the District is a noncontributing employer of the TPAF.

P.L. 2010, c.1, effective May 21, 2010, required the State to resume making actuarially recommended contributions for the pension plans on a phased-in basis over a seven year period beginning in fiscal year 2012. For fiscal year 2015, the State's minimum required contribution was 4/7<sup>th</sup> of the full recommended amounts determined on the basis of the July 1, 2011 actuarial evaluation.

#### **NOTE 6. PENSION PLANS (Continued)**

#### F. Contribution Requirements (Continued):

During the year ended June 30, 2015 the District was required to contribute for PERS and the State of New Jersey was required to contribute for TPAF for normal pension contributions, non-contributory group life insurance (NCGI) and early retirement incentive (ERI) in the following amounts.

· <u>]</u>	PERS Contributed by the District			TPAF Paid on behalf of the District		
	Pension	I	ERI		Pension	ERI
\$	411,320	\$	-	\$	856,929	-

## G. PERS Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:

At June 30, 2015 the Districts net pension liability for PERS was \$9,341,545.

The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2014, Districts PERS proportion was 0.0499%, which was an increase of 0.0013% from its proportion measured as of June 30, 2013.

For the year ended June 30, 2015, the District recognized PERS pension expense of \$518,492. At June 30, 2015, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

#### **NOTE 6. PENSION PLANS (Continued)**

## G. PERS Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued):

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and accrual experience	\$	-	\$	-
Changes in assumptions		293,748		_
Net differences between projected and actual investment				
earnings on pension plan investments				556,705
Changes in proportion		209,058		-
District contributions subsequent to				
measurement date		449,432	-	
Total	\$	952,238	\$	556,705

\$449,432 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year	
Ending	
June 30, 2015	\$ (46,748)
June 30, 2016	(46,748)
June 30, 2017	(46,748)
June 30, 2018	(46,748)
June 30, 2019	(46,748)
Thereafter	179,841
	\$ (53,899)

#### **NOTE 6. PENSION PLANS (Continued)**

## G. PERS Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued):

#### Actuarial Assumptions

The total pension liability for the June 30, 2014 measurement date was determined by an actuarial valuation as of July 1, 2013, which was rolled forward to June 30, 2014. The total pension liability for the June 30, 2013 measurement date was determined by an actuarial valuation as of July 1, 2013. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate	3.01%
Salary increases: 2012-2021	2.15 – 4.40%
Thereafter	3.15 - 5.40%

Based on age

Investment rate of return 7.90%

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) with adjustments for mortality improvements from the base year of 2012 based on Projections Scale AA. The actuarial assumptions used in the July 1, 2013 valuation were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011.

#### Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2014 are summarized in the following table:

#### **NOTE 6. PENSION PLANS (Continued)**

## G. PERS Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued):

		Long-Term
		Expected Real
	Target	Rate of
Asset Class	_Allocation_	Return
Cash	6.00%	0.80%
Core Bonds	1.00%	2.49%
Intermediate-Term Bonds	11.20%	2.26%
Mortgages	2.50%	2.17%
High Yield Bonds	5.50%	4.82%
Inflation-Indexed Bonds	2.50%	3.51%
Broad US Equities	25.90%	8.22%
Developed Foreign Equities	12.70%	8.12%
Emerging Market Equities	6.50%	9.91%
Private Equity	8.25%	13.02%
Hedge Funds / Absolute Return	12.25%	4.92%
Real Estate (Property)	3.20%	5.80%
Commodities	2.50%	5.35%

#### Discount Rate

The discount rate used to measure the total pension liability was 5.39% and 5.55% as of June 30, 2014 and 2013, respectively. This single blend discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 4.29% and 4.63% as of June 30, 2014 and 2013, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

#### **NOTE 6. PENSION PLANS (Continued)**

## G. PERS Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued):

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate.

The following presents the District's proportionate share of the net pension liability as of June 30, 2014, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1% lower or 1% higher than the current rate:

	1%		Current		1%
	 Decrease (4.39%)	Di	scount Rate (5.39%)	***************************************	Increase (6.39%)
District's proportionate share of					
PERS net pension liability	\$ 11,751,982	\$	9,341,545	\$	7,317,392

#### Pension Plan fiduciary net position

Detailed information about the pension plans' fiduciary net position are available in the separately issued financial reports. These reports may be accessed via the New Jersey Division of Pension and Benefits website at www.state.nj.us/treasury/pensions.

#### Payable to the pension plan

At June 30, 2015 the District reported accounts payable to the PERS of \$449,432 for the required actuarially determined contribution to PERS for the year ended June 30, 2015.

## H. TPAF Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:

At June 30, 2015 the State's net pension liability for TPAF associated with the District was \$85,755,504. For the year ended June 30, 2015, the District recognized an on-behalf TPAF pension expense of \$4,614,451, offset by an on-behalf TPAF pension contribution for the same amount.

#### **NOTE 6. PENSION PLANS (Continued)**

## H. TPAF Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued):

The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2014, Districts TPAF proportion was 0.1605%, which was a decrease of 0.0012% from its proportion measured as of June 30, 2013.

#### **Actuarial Assumptions**

The total TPAF pension liability for the June 30, 2014 measurement date was determined by an actuarial valuation as of July 1, 2013, which was rolled forward to June 30, 2014. The total TPAF pension liability for the June 30, 2013 measurement date was determined by an actuarial valuation as of July 1, 2013. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate 2.50%

Salary increases: Varies based 2012-2021 on experience

Thereafter Varies based on experience

Investment rate of return 7.90%

Mortality rates were based on the RP-2000 Combined Healthy Annuitant Mortality Table for males and females, as appropriate, with adjustments for mortality improvements based on Scale AA. Preretirement mortality improvements for active members are projected using Scale AA from base year of 2000 until valuation date plus 15 years to account for future mortality improvement. Post-retirement mortality improvements for non-disabled annuitants are projected using Scale AA from the base year of 2000 for males and 2003 for females until the valuation date plus 7 years to account for future mortality improvement.

The actuarial assumptions used in the July 1, 2013 valuation were based on the results of an actuarial experience study for the period July 1, 2009 to June 30, 2012.

#### **NOTE 6. PENSION PLANS (Continued)**

## H. TPAF Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued):

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2014 are summarized in the following table:

		Long-Term
		Expected Real
	Target	Rate of
Asset Class	Allocation	Return
Cash	6.00%	0.50%
Core Fixed Income	0.00%	2.19%
Core Bonds	1.00%	1.38%

Long Credit Bonds	0.00%	3.74%

#### **NOTE 6. PENSION PLANS (Continued)**

## H. TPAF Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued):

Discount Rate

The discount rate used to measure the total pension liability for TPAF was 4.68% and 4.95% as of June 30, 2014 and 2013, respectively. This single blend discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 4.29% and 4.63% as of June 30, 2014 and 2013, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2027. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2027, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

#### Pension Plan fiduciary net position

Detailed information about the pension plans' fiduciary net position are available in the separately issued financial reports. These reports may be accessed via the New Jersey Division of Pension and Benefits website at www.state.nj.us/treasury/pensions.

#### I. Reimbursed TPAF Social Security Contributions:

In accordance with N.J.S.A. 18A:66-66, the State of New Jersey reimbursed the District during the year ended June 30, 2015, for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the basic financial statements, and the supplementary information schedules as a revenue and expenditure in accordance with GASB 27.

#### NOTE 7. POST-RETIREMENT BENEFITS

Public Laws 1987, c. 384 and Public Laws 1990, c.6 required TPAF and PERS, respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. Public Law 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2014, there were 103,432 retirees receiving post-retirement medical benefits, and the State contributed \$1.04 billion on their behalf. The cost of these benefits is funded through contributions by the State in accordance with, P.L. 1994, c.62. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 1992 c. 126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$165.8 million toward Chapter 126 benefits for 18,122 eligible retired members in Fiscal Year 2014.

#### NOTE 8. OTHER POST-RETIREMENT BENEFITS

The District participates in the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP.

The State Health Benefits Commission is the executive body established by stature to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at www.state.nj.us/treasury/pensions/gasb-43-sept2008.pdf.

#### **NOTE 8. OTHER POST-RETIREMENT BENEFITS (Continued)**

The State sets the contribution rate based on a pay as you go basis and not on the *annual required* contribution of the employers (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The State's contributions to the State Health Benefits Program Fund for TPAF retirees' postretirement benefits on behalf of the School District for the year ended June 30, 2015, was \$1,360,375, which equaled the required contributions for each year. The State's contributions to the State Health Benefits Program Fund for PERS retirees' post-retirement benefits on behalf of the School District was not determined or made available by the State of New Jersey.

Chapter 78, P.L. 2011, effective October 2011, established new employee contribution requirements towards the cost of employer provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary. For those employed on or after June 28, 2011, the 4-year phase-in does not apply and contributions based on the full percentage rate of contribution are required.

Under Chapter 78 certain future retirees eligible for employer-paid health care coverage at retirement will also be required to pay a percentage of the cost of their medical coverage determined on the basis of their annual retirement benefit.

#### Funded Status and Funding Progress

As of June 30, 2014, the most recent actuarial valuation date, the State had a \$16.4 billion unfunded actuarial accrued liability for other postemployment benefits (OPEB) for local and \$40.6 billion for educational employees and retirees that become the obligation of the State of New Jersey upon retirement.

The funded status and funding progress of the OPEB is based on actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events in the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events. Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the OPEB in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at the point in time. The projection of benefits for financial

#### **NOTE 8. OTHER POST-RETIREMENT BENEFITS (Continued)**

reporting purposes does not explicitly incorporate the potential effects of legal contractual funding limitations on the pattern of cost sharing between the employer and members in the future.

Actuarial Methods and Assumptions

In the June 30, 2014, actuarial valuation, the projected unit credit was used as the actuarial cost method, and the market value was used as asset valuation method for the OPEB. The actuarial assumptions included 4.50% for investment rate of return for the OPEB.

#### **NOTE 9. COMPENSATED ABSENCES**

The District accounts for compensated absences (e.g., sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees who are employed for ten months are entitled to a maximum of 15 paid sick leave days per fiscal school year. District employees who are employed for twelve months are entitled to a maximum of 17 paid sick leave days per fiscal school year. A maximum of 15 unused sick leave days may be accumulated and carried forward to the subsequent years. Upon retirement, not including deferred retirement, the District shall pay the employee for unused sick leave in accordance with the Districts' agreements with the various employee unions. Vacation days not used during the year may only be carried forward with approval from the Superintendent.

In the District-Wide Statement of Net Position, the liability for vested compensated absences of the governmental fund types is recorded in long-term liabilities. The current portion of the compensated absences balance of the governmental funds is not considered material to the applicable funds total liabilities, and therefore is not shown separately from the long-term liability balance of compensated absences.

#### NOTE 10. DEFERRED COMPENSATION

The Board offers its employees a choice of various deferred compensation plans created in accordance with Internal Revenue Code Section 403(b) and Section 457. The plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

Lincoln Investment Planning AIG Retirement The Legend Group Fidelity Investments MetLife

#### **NOTE 11. RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disaster.

#### A. Property and Liability Insurance:

The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

#### **B. New Jersey Unemployment Compensation Insurance:**

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of district contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's Expendable Trust Fund for the current and previous two years:

#### **NOTE 11. RISK MANAGEMENT (Continued)**

Fiscal Year	District Contributions	Employee Contributions	Interest Earned	Amount <u>Reimbursed</u>	Ending Balance
2014-2015	\$ -	\$31,068	\$ 698	\$ 15,718	\$287,816
2013-2014	-	34,876	669	23,590	271,768
2012-2013	-	28,507	2,408	15,447	259,813

#### NOTE 12. INTERFUND RECEIVABLES AND PAYABLES

There were no interfund balances remaining on the balance sheet at June 30, 2015. There were no significant interfund transfers during the year ended June 30, 2015.

#### **NOTE 13. INVENTORY**

Inventory in the Food Service Fund at June 30, 2015, consisted of the following:

Food	\$	3,808
Supplies	-	2,059
	\$	5,867

#### NOTE 14. FUND BALANCE APPROPRIATED

Of the \$2,049,802 General Fund fund balance as reported in the fund statements at June 30, 2015, \$406,432 is restricted as excess surplus in accordance with N.J.S.A. 18A:7F-7; (\$237,487 of the total restricted excess surplus has been appropriated and included as anticipated revenue for the year ended June 30, 2016); \$93 has been restricted in the Capital Reserve Account; \$382,128 is committed for year-end encumbrances; \$562,513 is assigned and designated for subsequent year's tax relief; and \$698,636 is unassigned.

#### **NOTE 15. CALCULATION OF EXCESS SURPLUS**

The designation for Restricted Fund Balance – Reserve for excess surplus is a required calculation pursuant to N.J,S.A 18A:7F-7, as amended. New Jersey School Districts are required to reserve General Fund fund balance at the fiscal year end of June 30, if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The Reserve for excess surplus for the year ended June 30, 2015 is \$168,945. This amount will be reserved for tax relief in the 2017 school year.

#### NOTE 16. CONTINGENT LIABILITIES

The Board is not involved in any claims or lawsuits incidental to its operations. In the opinion of the administration and legal counsel, there are no other matters which will have a material adverse effect on the financial position of the District.

#### NOTE 17. PRIOR PERIOD ADJUSTMENT

The District made a prior period adjustment in the District-Wide Financial Statements to record the net pension liability as of June 30, 2014 as a result of implementing Governmental Accounting Standards Board ("GASB") Statement No. 68, Accounting and Financial Reporting for Pensions – An Amendment to GASB Statement No. 27, and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment of GASB Statement No. 68. The amount of this adjustment was \$9,288,272.

#### NEW PROVIDENCE SCHOOL DISTRICT

# Required Supplementary Information Budgetary Comparison Schedule Note to RSI for the Fiscal Year ended June 30, 2015

### Note A - Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

			General Fund			Special Revenue Fund
Sources /Inflows of resources  Actual amounts (budgetary basis) "revenue" from the budgetary comparison schedule	[C-1]	\$	37,450,693	[C-2]	\$	617,871
Difference - budget to GAAP:						
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related						
revenue is recognized						(1,094)
State aid payment recognized for GAAP statements in the current year, previously recognized for budgetary purposes.			86,277			
State Aid Payment recognized for budgetary purposes, not recognized for GAAP statements			(90,837)		-	
Total revenues as reported on the statement of revenues, expenditures and changes in fund balances - governmental funds	[B-2]	\$ <u>_</u>	37,446,133	[B-2]	<b>\$</b> =	616,777
Uses/Outflows of resources						
Actual amounts (budgetary basis) "total outflows" from the						
budgetary comparison schedule	[C-1]	\$	38,592,597	[C-2]	\$	617,871
Difference - budget to GAAP: Encumbrances for supplies and equipment ordered but not received						
are reported in the year the order is placed for budgetary purposes, but in the year the supplies are received for financial reporting purposes.					_	(1,094)
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds	[B-2]	\$_	38,592,597	[B-2]	\$_	616,777

Plan fiduciary net position as a percentage of the total pension liability		33.64%		33.76%

#### NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION

## Required Supplementary Information Notes to the Required Supplementary Information for the Fiscal Year ended June 30, 2015 and June 30, 2014

Changes in benefit terms: None

Changes in assumptions: The discount rate changed from the rate as of June 30, 2013 to the rate as of June 30, 2014, in accordance with GASB Statement No. 68

Method and assumptions used in calculations of employer's actuarially determined contributions: The actuarially determined contributions are calculated as of July 1 preceding the fiscal year in which the contributions are reported. Unless otherwise noted above, the following actuarial methods and assumptions were used to determine rates in the schedule of employer contributions.

Contributions: Contributions reported on Exhibit L-2 represent actual contributions by the District including contributions to the Non-Contributory Group Insurance Premium Fund

	PERS	TPAF
Actuarial cost method	Entry Age Normal	Entry Age Normal
Amortization method	Level Dollar, open	Level Dollar, open
Remaining amortization period	30 years	30 years
Asset valuation method	Five-year average of market values	20% of the difference between the expected Actuarial Value and market value is recognized each year
Inflation	3.01%	2.50%
Projected salary increase 2012-2021 Thereafter	2.15 - 4.40% based on age 3.15 - 5.40%	Varies based on experience  Varies based on
Projected COLAs	based on age N/A*	experience N/A*
Investment rate of return	7.90%	7.90%

Pursuant to the provisions of Chapter 78, P.L. 2011, cost of living adjustment (COLA) increases were suspended for all current and future retirees of all retirment systems.

#### Note:

NJSA 18A:7F-5d limits the amount that the district can submit for a general fund tax levy. The levy when added to other components of the district's net budget may not exceed the prebudget year net budget by more than the spending growth limitation calculation.

- a The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the net valuation taxable.
- $\boldsymbol{b}\,$  Rates for debt service are based on each year's requirements.

#### New Providence School District Ratios of Overlapping Governmental Activities Debt As of June 30, 2015 Unaudited

<u>Governmental Unit</u>	Debt Outstanding	Estimated Percentage Applicable <sup>a</sup>	Estimated Share of Overlapping Debt
Debt repaid with property taxes  New Providence Borough	17,899,151	100%	17,899,151
Other debt Union County	584,277,146	3.749%	21,903,732
Subtotal, overlapping debt			39,802,883
New Providence School District Direct Debt	10,015,000	100%	10,015,000
Total direct and overlapping debt			\$ 49,817,883

Sources: Finance Officer, Union County Finance Office

and Utility Authorities

Note:

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District.

This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of New Providence. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

Equalized valuation basis

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable President and Members of the Board of Education New Providence School District County of Union New Providence, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the New Providence School District, in the County of Union, State of New Jersey, (the "Board") as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements and have issued our report thereon dated November 24, 2015.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Board's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Board's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

#### Purpose of this Report

This purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide and opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**EXHIBIT K-2** 

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 04-04 AND/OR 15-08

The Honorable President and Members of the Board of Education New Providence School District County of Union New Providence, New Jersey

#### Report on Compliance for Each Major Federal and State Program

We have audited the Board of Education of the New Providence School District, in the County of Union, State of New Jersey's (the "Board") compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement and the New Jersey State Aid/Grant Compliance Supplement that could have a direct and material effect on each of the Board's major federal and state programs for the year ended June 30, 2015. The Board's major federal and state programs are identified in the Summary of Auditor's Results Section of the accompanying Schedule of Findings and Questioned Costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Board's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government* 

Auditing Standards, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations; and New Jersey OMB's Circular 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, OMB Circular A-133 and New Jersey OMB's Circular 04-04 and/or 15-08, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Board's compliance.

#### Opinion on Each Major Federal and State Program

In our opinion, the Board complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2015.

#### **Report on Internal Control Over Compliance**

Management of the Board is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Board's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and New Jersey OMB's Circular 04-04 and/or 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and New Jersey OMB's Circular 04-04 and/or 15-08. Accordingly, this report is not suitable for any other purpose.

#### NEW PROVIDENCE SCHOOL DISTRICT NOTES TO THE SCHEDULES OF EXPENDITURES OF AWARDS AND FINANCIAL ASSISTANCE FOR THE FISCAL YEAR ENDED JUNE 30, 2015

#### **NOTE 1 - GENERAL**

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance include federal and state award activity of the Board of Education of the New Providence School District. The Board of Education is defined in Note 1 (A) to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies, are included on the Schedule of Expenditures of Federal Awards and State Financial Assistance.

#### **NOTE 2 - BASIS OF ACCOUNTING**

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the Food Service Fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

#### NOTE 3 - RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more June state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-4.2.

#### NEW PROVIDENCE SCHOOL DISTRICT NOTES TO THE SCHEDULES OF EXPENDITURES OF AWARDS AND FINANCIAL ASSISTANCE FOR THE FISCAL YEAR ENDED JUNE 30, 2015

### NOTE 3 - RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (Continued)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is (\$4,560) for the general fund and (\$1,094) for the special revenue fund. See Exhibit C-3 for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$	\$4,617,599	\$4,617,599
Special Revenue Fund	543,879	77,496	621,375
Capital Projects			
Debt Service Fund		292,300	292,300
Food Service Fund	****		
Total Awards and			
Financial Assistance	<u>\$543,879</u>	<u>\$4,987,395</u>	<u>\$5,531,274</u>

#### NOTE 4 - RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

#### **NOTE 5 - OTHER**

The amount reported as TPAF Pension Contributions represents the amount paid by the State on behalf of the district for the year ended June 30, 2015. TPAF Social Security Contributions represent the amount reimbursed by the State for the employer's share of Social Security Contributions for TPAF members for the year ended June 30, 2015.

#### NEW PROVIDENCE SCHOOL DISTRICT NOTES TO THE SCHEDULES OF EXPENDITURES OF AWARDS AND FINANCIAL ASSISTANCE FOR THE FISCAL YEAR ENDED JUNE 30, 2015

#### NOTE 6 – SCHOOL WIDE PROGRAM FUNDS

Schoolwide programs are not separate Federal programs as defined in OMB Circular A-133; amounts used in schoolwide programs are included in the total expenditures of the program contributing the funds in the Schedule of Expenditures of Federal Awards. The following funds by program are included in schoolwide programs in the district.

Program		<u>Total</u>
Title I, Part A: Grants to Local Education Agencies Title II, Part A: Improving Teacher Quality State Grants Title III, English Language Acquisition	\$	26,347 40,746 3
Total	<u>\$</u>	67,096

#### Section I - Summary of Auditors' Results

#### **Financial Statements**

Type of auditor's report issued:		<u>Unmodified</u>
Internal control over financial reporting:		
1) Material weakness(es) identified?	yes	_X_no
2) Significant deficiencies identified?	yes	X none reported
Non-compliance material to basic financial statements noted?	yes	_X_no
Federal Awards		
Internal control over major programs:		
1) Material weakness(es) identified?	yes	_X_no
2) Significant deficiencies identified	yes	X none reported
Type of auditor's report issued on compliance for major programs:		Unmodified
Any audit findings disclosed that are required to be reported in accordance with section .510(a) of Circular A-133?	yes	X no
Identification of major programs:		
CFDA Number(s)	Name of Federal Program or	Cluster
84.027	Special Education Cluster (IDEA)	
Dollar threshold used to distinguish between type A and type B programs:		\$300,000
Auditee qualified as low-risk auditee?	X yes	no

Section I - Summary of Auditors' Results (Continued)

#### State Awards

Dollar threshold used to distinguish between type A and type B programs:	\$300,000	
Auditee qualified as low-risk auditee?	X yesno
