"It Takes A Whole Village To Raise A Child"

December 17, 2015

Commissioner David C. Hespe New Jersey Department of Education 100 Riverview Executive Plaza CN – 500 Trenton, New Jersey 08625-0500

Dear Commissioner Hespe:

We hereby submit the Comprehensive Annual Financial Report of the Marion P. Thomas Charter Schools (the "Charter School") for the fiscal year ended June 30, 2015. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Charter School. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to fairly present the financial position and result of operations of the various funds and account groups of the Charter School. All disclosures necessary to enable the reader to gain an understanding of the Charter School's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the Charter School's organizational chart and a list of principal officials. The financial section includes the basic financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis.

The Charter School is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996 and the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations,* and the New Jersey Treasury OMB Circular Letter 04-04 OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid Payments.* Information related to this single audit, including the auditors' report on internal control and compliance with applicable *laws and regulations* and findings and recommendations are included in the single audit section of this report.

1) <u>REPORTING ENTITY AND ITS SERVICES</u>

The Marion P. Thomas Charter Schools (the "Charter School") is an independent reporting entity within the criteria adopted by the Government Standards Board (GASB) as established by GASB Statement No. 14. All funds and account groups of the Charter School are included in this report.

1) <u>REPORTING ENTITY AND ITS SERVICES</u> - CONTINUED

The Charter School provides a full range of educational services appropriate to grade levels Pre-K through 12. This includes regular student enrollment. We will accept special education and handicapped children by law if application is made to Charter School as required by law. The Charter School completed the fiscal year 2014-2015 with an average daily enrollment of 1,290 students, which are 542 students above the previous year's enrollment. The increase in enrollment included enrolled students of Visions Academy Charter High School, which reported an average daily enrollment of 405 students at the end of fiscal year 2013-2014 before the merger with the Charter School on July 1, 2014. The following details the changes in student enrollment of the school over the last ten years.

Average Daily Enrollment	Percent Change
1,290	72.5%
748	7.8%
694	5.5%
658	14.8%
573	12.4%
510	9.0%
468	32.2%
354	-0.8%
357	5.3%
339	13.0%
	Daily Enrollment 1,290 748 694 658 573 510 468 354 357

Student Enrollment

2) ECONOMIC CONDITION AND OUTLOOK

The Charter School is located in the City of Newark (the "City" or "Newark"), which is the largest city in the state. The City serves as the county seat for Essex County, with County, State, Federal Courts and governmental offices attracting a large number of law firms to the central business district.

Newark is a transportation center serviced by Interstate Highway system, NJ Transit, Amtrak Rail Links, and Newark International Airport, as well as container and cargo facilities at Port Newark-Elizabeth.

It is the insurance, finance and banking capital of the State. Headquartered in Newark are a number of large financial institutions including the Prudential Insurance Company, and Blue Cross Blue Shield of New Jersey, as well as the State's largest public utility, Public Service Electric and Gas Company.

2) <u>ECONOMIC CONDITION AND OUTLOOK</u> – CONTINUED

Newark is the site of the New Jersey Institute of Technology, the Newark campus of Rutgers University, Seton Hall Law School and Essex County College. Covering over 320 acres, these colleges serve a population of 45,000 students and faculty.

Like other urban areas, Newark has experienced a decline in its manufacturing base. This phenomenon has caused significant unemployment and underemployment amongst its indigenous working class population. Although Newark has experienced growth in its service sector, this has not had substantial impact on the City's employment rate.

The City of Newark is obliged to perform a revaluation of property holdings. Among the concerns voiced in conjunction with this change is the potential effect of any redistribution of property tax burden on economic activity and on the ability of local government to maintain and improve services including its tax contribution for public school purposes.

The City has experienced a surge of large-scale economic development projects initiated by the private sector over the last decade. The increasing number of businesses relocating to the area is expected to result in an increase in employment level, which could result in an increased tax base, both residential and industrial, and an increase in annual daily enrollment. The period of economic development and expansion is expected to continue which suggests that the Charter School will continue to prosper.

3) MAJOR INITIATIVES

In 2014-2015, the Charter School had the following major initiatives in order for our village to continue to achieve high levels of excellence:

A. Are you PARCC ready?

The Charter School scheduled activities for all stakeholders in their PARCC readiness plan.

A movie night was held for parents to provide background information and a better understanding of what the test entailed and how they could be partners for success. Mock tests were conducted to ensure that the proper technology was in place. Teachers were required to take their grade level test to gain a better understanding of the test. A pilot group of students attended a Saturday Academy program to prepare for the test.

- B. Instructional professional development was focused on data and intervention program implementation training. A new portfolio of intervention and progress monitoring programs were adopted.
- C. A new science program was adopted. LabAids for grades 6-12 and Foss for grades K-5.

3) MAJOR INITIATIVES – CONTINUED

- D. The Sussex Ave. campus project was completed by the Friends to be leased to MPTCS. It is a 73,000 sq. ft. facility to serve as the high school campus scheduled to open in September 2015.
- E. The Board began to review the travel policies relative to e-commerce restraints for doing business with travel entities such as airlines and pre-payment services requiring credit card payments
- F. The Board began the review of real estate management services with service providers.
- G. The Board received a grant to review and revise by-laws and interaction with community and related partners.
- H. The Board sought counsel in the development of a capital fund as recommended in the audit for real estate projects.

Critical Policies

The by-laws were reviewed and revised to reflect the growth of the organization, new initiatives, and changes in the state regulations and codes.

4) INTERNAL ACCOUNTING CONTROLS

Management of the Charter School is responsible for establishing and maintaining internal control designed to ensure the assets of the Charter School are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP). Internal control is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the Charter School is responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws and regulations related to those programs. Internal control is also subject to periodic evaluation by the Charter School's Board of Trustees.

As part of the Charter School's single audit described earlier, tests are made to determine the adequacy of internal controls, including that portion related to federal and state financial assistance programs, as well as to determine that the Charter School has complied with applicable laws and regulations.

5) **BUDGETARY CONTROLS**

In addition to internal accounting controls, the Charter School maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the General Fund and Special Revenue Fund. The final budget amount, as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year end are either canceled or are included as re-appropriations of fund balance in the subsequent year. A reservation of fund balance in the total amount \$894,209 was made at June 30, 2015.

6) ACCOUNTING SYSTEM AND REPORT

The Charter School's accounting records reflect generally accepted accounting principles (GAAP), as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the Charter School is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.

7) FINANCIAL STATEMENT INFORMATION AT FISCAL YEAR-END

As demonstrated by the various statements and schedules included in the financial section of this report, the Charter School continues to meet its responsibility for sound financial management. The following schedule presents a summary of the General Fund and Special Revenue Fund revenues and expenditures for the fiscal years ended June 30, 2015 and 2014, and the amount of increases or decreases in relation to prior year's revenues and expenditures:

						Increase		
Revenues		2015		2014	(Decrease)		% Change	
Local sources	\$	2,663,759	\$	1,593,041	\$	1,070,718	67.2%	
State sources		19,005,460		10,580,616		8,424,844	79.6%	
Federal sources		820,576		640,672		179,904	28.1%	
	\$	22,489,795	\$	12,814,329	\$	9,675,466	75.5%	
Expenditures								
Instruction	\$	8,341,687	\$	4,578,881	\$	3,762,806	82.2%	
Administrative		5,058,546		3,544,509		1,514,037	42.7%	
Support		5,730,382		2,939,336		2,791,046	95.0%	
Capital Outlay		28,268		78,000		(49,732)	0.0%	
TPAF Social Security		347,220		212,965		134,255	63.0%	
TPAF on-behalf payments		616,639		344,704	_	271,935	78.9%	
Total	\$	20,122,742	\$	11,698,395	\$	8,424,347	72.0%	

8) CASH MANAGEMENT

The investment policy of the Charter School is guided in large part by State Statute as detailed in "Notes to the Financial Statements". The Charter School has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provision of the Governmental Unit Deposit Protection Act ("GUDPA").

GUDPA was enacted in 1970 to protect Governmental Units from loss of funds on deposits with a failed banking institution in New Jersey. It requires governmental units to deposit public funds in public depositories located in New Jersey, where the funds are secured in accordance with the GUDPA Act.

9) RISK MANAGEMENT

The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, fidelity bonds and worker's compensation (see J-20).

10) BUDGETARY CONCERNS AND FUND RAISING

Every year the Charter School faces several concerns one of which is budgetary/ financial. Over the years, the Charter School has alleviated its budgetary/ financial concerns by engaging in various forms of fund raising. In the ensuing year 2015-2016, the Board of Trustees has laid out a very aggressive plan to raise more funds for the Charter School, and has applied for an enrollment expansion that will not raise its facility costs. It is expected that the success of the plan and its goal of enrollment expansion will go a long way towards sustainability and budgetary concerns in the future.

11) OTHER INFORMATION

Independent Audit

State statute requires an annual audit by independent certified public accountants or registered municipal accountants. The Charter School appointed the accounting firm of Galleros Koh LLP. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act Amendment of 1996 and the related New Jersey OMB Letter Circular Letter 04-04.

The auditors' report on the basic financial statements, combining and individual fund statements, and schedules are included in the financial section of this report. The auditors reports related specifically to the single audit are included in the single audit section of this report.

12) ACKNOWLEDGMENTS

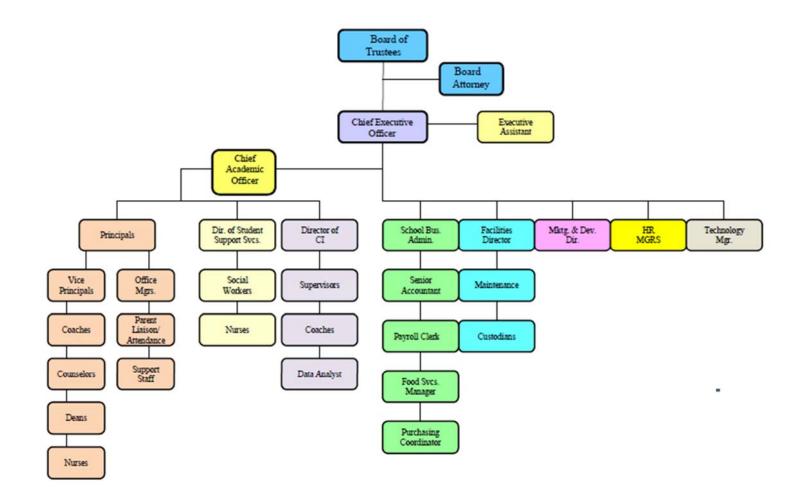

We would like to express our appreciation to the members of the Marion P. Thomas Charter Schools Board of Trustees for their concern in providing fiscal accountability to the citizens and taxpayers of the Newark Public School District and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial, accounting and administrative staff.

Respectfully submitted,

tow h

Karen Young-Thomas, Ed.D Chief Executive Officer and Superintendent of Schools

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

The Honorable President and Members of the Board of Trustees Marion P. Thomas Charter Schools Essex County, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Marion P. Thomas Charter Schools (the Charter School), in the County of Essex, State of New Jersey, as of and for the fiscal year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing as opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

www.gkllp-cpa.com

INDEPENDENT AUDITORS' REPORT - CONTINUED

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Marion P. Thomas Charter Schools, in the County of Essex, State of New Jersey as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

We draw attention to Notes 2 and 7 in the notes to the financial statements which disclose the effects of the Charter School's adoption of the provisions of Government Accounting Standards Board (GASB) Statement Nos. 68, *Accounting and Financial Reporting for Pensions*, and 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 14 through 21, Budgetary Comparison Information on pages 62 through 65, and information related to Accounting and Reporting for Pensions on pages 66 through 68 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise the Charter School's basic financial statements. The accompanying introductory section and statistical information are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such other information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

INDEPENDENT AUDITORS' REPORT - CONTINUED

The accompanying combining and individual fund financial statements are also presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying schedules of expenditures of federal awards and state financial assistance (Schedules) are also presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and New Jersey OMB's Letter Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid* respectively, and are not also a required part of the basic financial statements.

The combining and individual fund financial statements and Schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements, and the Schedules are fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 17, 2015 on our consideration of the Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Charter School's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION PART I

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED

The Management's Discussion and Analysis (MD&A) provides an analysis of the Charter School's overall financial position and results of operations.

Introduction

This section of the Marion P. Thomas Charter Schools' (the "Charter School") annual financial report presents our discussion and analysis of the Charter School's financial performance and provides an overview of the Charter School's financial activities for the fiscal year ended June 30, 2015. It should be read in conjunction with the transmittal letter at the front of this report and the Charter School's financial statements, which follow this section.

The Management's Discussion and Analysis (MD&A) is an element of the reporting Model adopted by the Governmental Accounting Standards Board (GASB).

For the year ended June 30, 2015, the Charter School implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. These statements seek to improve accounting and financial reporting by state and local governments for pensions by establishing standards for measuring and recognizing liabilities, deferred outflows/inflows of resources and expenses/expenditures. These statements also require the identification of the methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value and attribute that present value to periods of employee service.

Financial Highlights

Key financial highlights for the fiscal year 2015 are as follows:

On July 1, 2014, the Charter School and Visions Academy Charter High School (Visions Academy) completed a merger of their operations with the Charter School as the surviving entity. Both entities are charter schools serving the City of Newark. As a result, the combined organization has been renamed Marion P. Thomas Charter Schools, including the Marion P. Thomas Charter Elementary School for Pre-Kindergarten to 4th grade students, Marion P. Thomas Middle School for 5th through 8th grade students, and Visions Academy would become the Marion P. Thomas Charter High School. The new entity will provide a "crayons to college" educational experience allowing students to move seamlessly from Pre-Kindergarten through 12th grade.

At July 1, 2014, the major classes of assets, liabilities, and net position of MPTCS and Visions Academy follow:

MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED

	MPTCS		Visions A	Academy	Combined			
		Business-		Business-		Business-		
	Governmental	Туре	Governmental	Туре	Governmental	Type Activities		
	Activities	Activities	Activities	Activities	Activities			
Assets								
Current Assets	\$ 6,785,669	\$ 116,910	\$ 3,153,304	\$ 32,007	\$ 9,938,973	\$ 148,917		
Capital Assets, net	356,825		283,024		639,849			
Total Assets	7,142,494	116,910	3,436,328	32,007	10,578,822	148,917		
Liabilities								
Current Liabilities	172,235	382,779	716,034	21,435	888,269	404,214		
Long-Term Liabilites	5,376,728				5,376,728			
Total Liabilities	5,548,963	382,779	716,034	21,435	6,264,997	404,214		
Net Position								
Invested in Capital Assets								
(net of related debt)	356,825	-	283,024	-	639,849	-		
Restricted for Food Service	423,703	-	-	-	423,703	-		
Unrestricted	1,663,742	(265,869)	2,437,270	10,572	4,101,012	(255,297)		
Total Net Position	\$ 2,444,270	\$ (265,869)	\$ 2,720,294	\$ 10,572	\$ 5,164,564	\$ (255,297)		

 In total, the net position decreased from the combined amount of \$4,599,900 to \$2,289,906. This significant decrease is the result of a Cumulative Effect of Change in Accounting Principle that caused a restatement of the prior year Net Position (Beginning of the Fiscal Year) by (\$4,056,620) offset by a positive change in net position for the year ended June 30, 2015 of \$1,746,626. GASB Statement Nos. 68 and 71 require the Charter School to record and report the cost of employees' pensions and its proportionate share of the net pension liabilities by June 30, 2015.

The net position of governmental activities increased by \$1,965,839 and the net position of business-type activities, which represent food service and after care operations, decreased by \$219,213 from fiscal year 2014.

- General revenues accounted for \$19.8 million in revenue or 84% of total revenues of \$23.4 million. Program specific revenues, in the form of charges for services, grants, and contributions accounted for \$3.6 million or 16% of total revenues.
- The Charter School had \$20.8 million in expenses related to governmental activities; \$3.05 million of these expenses were offset by operating grants and contributions. General revenues (primarily Local, Federal and State Aid) of \$19.8 million were adequate to provide for the balance of these programs. The General Fund reported fund balances at June 30, 2015 of \$6,724,939 million of which \$5,830,730 is unassigned.

MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED

Basic Financial Statements

This annual report consists of a series of basic financial statements, required supplementary information, other supplementary information and notes to those statements and information. The report is organized so the reader can understand the Marion P. Thomas Charter Schools as a financial whole, or as an entire operating entity. The first two basic financial Statements, the statement of net position and the statement of activities, are governmental- wide financial statements and provide overall information about the activities of the entire Charter School, presenting both an aggregate view of the Charter School's finances and a long-term view of those finances.

Fund Financial Statements

The remaining basic financial statements are fund financial statements that focus on the individual parts of the government, reporting the Charter School's operation in more detail than the government-wide statements. The fund financial statements also look at the Charter School's most significant funds with all other non-major funds presented in total in a single column. For the Marion P. Thomas Charter Schools, the General Fund is the most significant fund.

The governmental funds statements tell how general government services were financed in the short-term as well as what remains for future spending.

Proprietary fund statements offer short and long-term financial information about the activities; the government operates like a business, such as food service.

Fiduciary fund statements provide information about financial relationship in which the Charter School acts solely as a trustee or agent for the benefits of other, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of Required Supplementary Information that further explains and supports the information in the financial statements.

Reporting the Charter School as a Whole

Statement of Net Position and Statement of Activities

While this report contains the funds used by the Charter School to provide programs and activities, the view of the Charter School as a whole looks at all financial transactions and asks the question, "how did we do financially during fiscal year 2015?" The Statement of Net Position and the Statement of Activities answer this question.

MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED

These statements include all the Charter School's assets and liabilities using the accrual basis of accounting similar to the accounting system used by most private sector companies. These bases of accounting takes into account all of the current year's revenues and expenses regardless of when cash was received or paid. These two statements report the Charter School's net position and changes in those assets. This change in net position is important because it identifies whether the financial position of the Charter School has improved or diminished for the Charter School as a whole. This change is the result of many factors some financial, some not. Financial factors represent increases in federal and state funding that resulted from the increase in enrollment noted for the fiscal year ended June 30, 2015. These factors are presented in our discussions on the Charter School as a whole. Non-financial factors include the property tax base of the School District where the Charter School is located, current educational funding laws in New Jersey, facilities conditions, required educational programs, and other factors. In the Statements of Net Position and the Statements of Activities, the Charter School is divided into two distinct kinds of activities:

Governmental Activities – Most of the Charter School's programs and services are reported here including instructional, extracurricular activities, curriculum, staff development, special education and other support services, operation and maintenance of plant, pupil transportation, health services and general administration.

Business-Type Activity – Services are provided on a charge for goods or services or reimbursement basis to recover the expenses of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

Reporting the School Charter School's Most Significant Funds

Fund Financial Statements

Fund financial reports provide detailed information about the Charter School's major funds, not the Charter School as a whole. Funds are accounting devices that the Charter School uses to keep track of a multitude of financial transactions. The Charter School's only major governmental fund is the General Fund.

Governmental Funds

Most of the Charter School's activities are reported in governmental funds, which focus on how monies flow into and out of those funds and the balances left at fiscal year-end for spending in future periods. These funds are reported using an accounting method called modified accrual accounting which measures cash and all other financial assets that can readily be converted to

The governmental fund statement provides a detailed short-term view of the Charter School's general government operations and the basic services it provides.

MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED

Governmental fund information helps determine whether there are sufficient financial resources that can be spent in the near future to finance educational programs. The relationship, or differences, between governmental activities reported in the Statement of Net Position and the Statement of Activities and the governmental funds are reconciled in the financial statements.

Enterprise Fund

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

The Charter School as a Whole

The perspective of the Statement of Net Position is of the Charter School as a whole. The table below provides a summary of the Charter School's net position at June 30, 2015.

The total net position of the Charter School have increased by \$1.7 million during the current fiscal year. The increase is due to increase in revenue compared to expenses. There was a much higher increase in revenues, mostly on operating grants and contributions, than the increase in operating expenditures.

Governmental Activities

The Statement of Activities reflects the cost of program services and the charges for services and operating grants and contributions offsetting those services. The table below, for government activities, indicates the total cost of services and the net cost of services. It identifies the cost of these services supported by unrestricted state entitlements for the fiscal year ended June 30, 2015.

MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED

	Total Cost of Services	Grants/ Contributions		Net Cost of Services
Instruction	\$ 11,211,304	\$	1,978,406	\$ (9,232,898)
Support Services:				
Administrative expenses	2,972,753		303,400	(2,669,353)
Other support services	6,566,535		766,051	(5,800,484)
Unallocated:				
Depreciation	95,819		-	(95,819)
Total Expenses	\$ 20,846,411	\$	3,047,857	\$ (17,798,554)

Business-Type Activity

The business-type activities of the Charter School are the food service operation and after care. These programs had revenues of \$678,940 and operating expenses of \$898,153 for fiscal year 2015. The Charter School continued in its effort to have food services be self-operating without assistance from the General Fund.

The Charter School's Funds

The Charter School's governmental funds are accounted for using the modified accrual basis of accounting. All governmental funds had revenues and other financing sources of \$22.49 million and expenditures and other financing uses of \$20.12 million.

General Fund Budgeting Highlights

The Charter School's budget is prepared according to New Jersey law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the general fund.

During the course of fiscal year 2015, the Charter School amended its General Fund budget as needed. The Charter School uses state-aid and other revenue-based budget. The budgeting systems are designed to tightly control total budget, but provide flexibility for Charter School management teams.

For the General Fund, final budgeted revenues and other financing sources were \$19.8 million which included a local tax levy of \$2.6 million. Expenditures and other financing uses were budgeted at \$19.65 million. The Charter School anticipated an increase in fund balance of \$114,909. Actual revenues were \$20.73 million and expenditures were \$18.36 million, increasing the fund balance by \$2.37 million.

MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED

The State of New Jersey reimbursed the Charter School \$347,220 during the year ended June 30, 2015 for the employer's share of social security contributions for TPAF members while onbehalf TPAF payments for pensions and post-retirement medical benefits were \$616,639. These unbudgeted amounts are included in both revenues and expenditures.

Capital Assets

At the end of fiscal year 2015, the Charter School had \$356,825 invested in capital assets all in governmental activities.

The table below reflects fiscal year 2015 balances:

			Bus	siness			
	Governmental Activities			ype ivities	Total		
Machinery and equipment Leasehold improvements	\$	769,776 607,562	\$	-	\$	769,776 607,562	
Total capital assets Less accumulated		1,377,338		-		1,377,338	
depreciation	\$	(1,020,513) 356,825	\$		\$	(1,020,513) 356,825	

Economic Factors and Next Year's Budget

The State of New Jersey continues to face serious budgetary constraints. These impacts the amount of state aid allocated to charter schools. This reality was taken into account when adopting the general fund budget for the fiscal year 2014-2015. Nothing was done to compromise the quality of the programs in place in our Charter School during the regular instructional day. The budget was prepared to ensure that all students have the textbooks, materials supplies, equipment and programs they need to meet New Jersey's Core Curriculum Content Standards.

Contacting the Charter School's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the Charter School's finances and to reflect the Charter School's accountability for the monies it receives. Questions about this report or additional financial information needs should be directed to:

Marion P. Thomas Charter Schools Business Office 125 Sussex Avenue Newark, New Jersey 07103

BASIC FINANCIAL STATEMENTS

CHARTER SCHOOL WIDE FINANCIAL STATEMENTS

This Statement of Net Position and the Statement of Activities display information about the Charter School as a whole. The Statement of Net Position presents the financial condition of the government and business-type activities of the Charter School at fiscal year-end. The Statement of Activities presents a comparison between direct expense and program revenues for each program or function of the Charter School's governmental and business-type activities.

MARION P. THOMAS CHARTER SCHOOLS (COUNTY OF ESSEX, NEW JERSEY)	
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES	
YEAR ENDED JUNE 30, 2015	
Total net change in fund balances - governmental funds (B-2)	\$ 2,367,053
Amounts reported for governmental activities in the Statement of Activities (A-2) are different because:	
Capital outlays are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeded capital outlays in the period. Additionally, in the Statement of Activities gains or (losses) are recognized upon disposition:	
Capital outlay	28,268
Depreciation expense	 <u>(95,819</u>) (67,551)
In the Statement of Activities, certain operating expensesare measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amounts exceeds the paid amount, the difference is a reduction in the reconciliation, when the paid amount, exceeds the earned amount the difference is an addition to the reconciliation	
Amount of compensated absences earned in excess of paid amount	(147,695)
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds.	
Pension costs	(185,968)

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2015

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of Marion P. Thomas Charter Schools (the "Charter School" or "MPTCS") is presented to assist in understanding the Charter School's financial statements and notes are representation of the Charter School's management, who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units and have been consistently applied in the preparation of these financial statements.

A. <u>Reporting Entity</u>:

The Charter School was incorporated in the State of New Jersey on March 13, 1997 as a non-for-profit corporation for the purpose of operating and maintaining a public school under a charter granted by the State of New Jersey, which promotes comprehensive educational reform by infusing innovation into the public education system. The Charter School is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code.

The Charter School is an instrument of the State of New Jersey, established to function as an educational institution. Its mission is to establish a character school to serve as a neighborhood resource and as a model for other similar schools. The Charter School is committed to achieving the New Jersey Core Curriculum Content Standards and producing high academic achievement by all students. The Charter School will integrate a holistic curriculum, utilize learner center techniques, family and caregiver centered approaches, comprehensive community involvement, cutting edge technology and an intimate nurturing environment that will enhance positive self-images.

B. Component Units

The primary criterion for including activities within the Charter School's reporting entity, as set forth in Section 2100 of the Government Auditing Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards, is the degree of oversight responsibility maintained by the Charter School management. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, and ability to significantly influence operations and accountability for fiscal matters. The combined financial statements include all funds and account groups of the Charter School. Based on the aforementioned criteria, the Charter School has no component units.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

C. Basis of Presentation

The financial statements of the Charter School have been prepared in conformity with GAAP as applied to governmental units. GASB is the accepted standardsetting body for establishing governmental accounting and financial reporting principles.

The Charter School also applies Financial Accounting Standards Board (FASB) pronouncements issued on or before November 30, 1989, to its governmental and business-type activities and to its enterprise fund unless they conflict with or contradict GASB pronouncements. The Charter School conforms to the requirements of GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. Certain of the significant changes in the financial statements include the following:

The financial statements include:

- A Management's Discussion and Analysis (MD&A) section providing an analysis of the Charter School's overall financial position and results of operations.
- ii) Financial statements prepared using full accrual accounting for all of the Charter School's activities.
- iii) A change in the fund financial statements to focus on the major funds.

These and other changes are reflected in the accompanying financial statements (including notes to financial statements).

D. Basic Financial Statements

The Charter School's basic financial statements consist of Charter School or government-wide statements, including a statement of net position and a statement of activities, and fund financial statements that provide a more detailed level of financial information.

Government-wide Financial Statements

The statement of net position and the statement of activities display information about the Charter School as a whole. These statements include the financial activities of the Charter School, except for fiduciary funds.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

D. <u>Basic Financial Statements</u> - Continued

The statement of net position presents the financial condition of the governmental and business-type activities of the Charter School at fiscal year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the Charter School's governmental and business-type activities. The governmental activities generally are financed through federal and state awards, taxes and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

Fund Financial Statements

Fund financial statements of the Charter School are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditure/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the Charter School.

The Charter School segregates transactions related to certain Charter School functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Charter School at a more detailed level.

E. Governmental Funds

General Fund - The General Fund is the primary operating fund of the Charter School and is always classified as a major fund. It is used to account for all financial resources except those that are legally or administratively required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the Capital Outlay sub-fund.

 As required by the New Jersey Department of Education, the Charter School included budgeted capital outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

E. <u>Governmental Funds</u> - Continued

2) Resources for budgeted capital outlay purposes are normally derived from State of New Jersey aid and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of ground, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to current expense by board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major Capital Projects, Debt Service or the Enterprise Funds) and local appropriations that legally restricted to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election. As of June 30, 2015 there was no Capital Projects Fund.

Debt Service Fund -The Debt Service Fund is used to account for the accumulation of resources for, and the payment of principal and interest on, bonds issued to finance major property acquisitions, construction, and improvement programs. As of June 30, 2015 there was no debt service fund.

F. Proprietary Funds

The focus of Proprietary Funds' measurement is upon determination of net income, changes in net position, financial position and cash flows. The generally accepted accounting principles applicable are those to similar to business in the private sector. The following is a description of the Proprietary Funds of the Charter School:

Enterprise Funds:

The Enterprise Fund are utilized to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the Charter School is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods and services to the students on a continuing basis be financed or recovered primarily through user charges; or where the Charter School has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriated for capital maintenance, public policy, management control, accountability or other purposes.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

F. <u>Proprietary Funds</u> - Continued

All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities, whether current or noncurrent, associated with their activity are included on their balance sheets. Their reported fund equity (net total assets) is segregated into contributed capital and unreserved retained earnings, if applicable. Proprietary fund type operating statements present increases (revenue) and decreases (expenses) in net total assets.

Internal Service (Self-Insurance) Fund:

The Self-Insurance Fund is used to cover the self-insured limits of the various insurance policies for all funds. Charter School does not use self-insurance fund.

G. Fiduciary Funds

Fiduciary or trust and Agency Funds are used to account for assets held by the Charter School in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds. This fund category includes:

Expendable Trust Funds - Expendable Trust Funds are accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. Expendable Trust Funds account for assets where both the principal and interest may be spent.

Nonexpendable Trust Funds - Nonexpendable Trust Funds are used to account for assets held under the terms of a formal trust agreement, whereby the Charter School is under obligations to maintain the trust principal.

Agency Funds – Agency funds are used to account for the assets that the Charter School holds on behalf of others as their agent. Agency funds are custodial in nature and do not involved measurement of results of operations. Agency funds include payroll and student activities funds.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

H. Measurement Focus and Basis of Accounting

Measurement Focus – Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied. On the government-wide statements of net position and the statement of activities, both governmental and business-like activities are presented using the economic resources measurement focus. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statement of these funds present increases (i.e., revenues and other financing sources), and decreases (i.e. Expenditures and other finances uses) during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All proprietary funds are accounted for on a flow economic resources measurement focus. With this measurement focus, the accounting adjectives are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flow. All assets and all liabilities, whether current or noncurrent, associated with their activities are included on the statement of financial position. Fund equity (i.e., net total assets) is classified as net position.

Basis of Accounting - In the government-wide statement of net position and statements of activities, both governmental and business-like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized when the liability, resulting from exchange and exchange like transactions, is incurred (i. e. the exchange takes place).

In the fund financial statements, governmental fund and agency funds are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available.

"Measurable" means the amount of the transaction can be determined and "available" means collectible with the current period or soon enough thereafter to be used to pay liabilities of the current period. State equalization monies are recognized as revenue during the period in which they are appropriated. A one-year availability period is used for revenue recognition for all other governmental fund revenues.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

I. Budgets/Budgetary Control

Annual appropriated budgets are prepared prior to July 1, for the General Fund. The budget is prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A. 2(m)1. All budget amendments must be approved by the State Department of Education. Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles, with the exception of the Special Revenue Fund as noted below.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the Special Revenue Fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of Special Revenue Fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognized encumbrances as expenditures and also recognized the related revenue, whereas the GAAP basis do not. Sufficient supplemental records are maintained to allow of the presentation of GAAP basis financial report. As presented in the Statement of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual – General, Special Revenue Fund and Debt Service Funds to the GAAP basis of accounting as presented in the Statements of Revenue, Expenditures and Changes in Fund Balances – Governmental Funds.

J. Deposits, Investments and Risk Disclosure

Cash and equivalents include petty cash, funds deposited in demand deposit accounts, time deposit accounts and certificates of deposit with original maturities of less than three months.

New Jersey Charter Schools are limited as to the types of the investments and types of financial institution they may invest in, New Jersey statute 18A:20-37 provides a list of permissible investment that may be purchased by New Jersey Charter Schools. These investments are to be recorded at fair value and will be subject to risk categorization.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

J. Deposits, Investments and Risk Disclosure - Continued

Additionally, the Charter School has adopted a cash management plan that requires it to deposit public fund in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from loss funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. established the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with GUDPA. Public depositories include Savings and Loan Institutions, bank (both state and national banks) and saving bank the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposit of Governmental Units, if a public depositories, is available to pay the full amount of their deposits to the Governmental Units.

Custodial credit risk is the risk that in the event of a bank failure, the Charter School's deposits may not be returned to it. GASB Statement No. 40 directs that deposits be disclosed as exposed to custodial credit risk if they are not covered by depository insurance and the deposits are either uncollateralized, collateralized by securities held by the pledging financial institution or collateralized by securities held by the pledging financial institution's trust department but not in the Charter School's name. The Charter School's aggregate bank balances were not exposed to custodial credit risk at June 30, 2015.

K. Prepaid Expenses

Prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund are recorded as expenditure during the year of purchase.

Prepaid expenses in the Enterprise Fund represent payments made to vendors for services that will benefit periods beyond June 30, 2015.

L. Interfund Assets/Liabilities

On the fund financial statements, receivables and payables resulting from shortterm Interfund loans are classified as Interfund Receivable/Payable. Interfund balances within governmental activities and within business-type activities are eliminated on the government-wide Statements of Net Position.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

M. Fixed Assets

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of the Charter School as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation based for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement cost.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation bases for proprietary fund capital assets are the same as those used for the governmental fund capital assets.

Donated capital assets are capitalized at estimated fair market value on the date donated. Depreciation of capital assets is computed and recorded by the straightline method. Estimated useful lives of the various classes of the depreciable capital assets are as follows:

Description	Estimated lives
Land Improvements	15 years
Building and Buildings Improvements	15 years
Furniture and Equipment	5 years

N. Compensated Absences

The Charter School accounts for compensated absences (e.g., unused vacation, sick leave) as directed by GASB Statement No. 16, "Accounting for Compensated Absences." A liability for compensated absences that are attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued is accrued as employees earn the rights to the benefits.

Charter School employees are granted sick and vacation leave in varying amounts under the Charter School's personnel policies and according to negotiated contracts. In the event of termination, an employee is reimbursed for accumulated vacation and sick leave. Vacation days not used during the year may only be carried forward with approval from the Head of School.

In the charter school-wide Statement of Net Position, the liabilities whose average maturities are greater than one year should be reported in two components – the amount due within one year and the amount due in more than one year.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

N. <u>Compensated Absences</u> - Continued

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2015, there are no liabilities for compensated absences in the Food Service Fund.

O. <u>Net Pension Liability (Asset)</u>

The net pension liability (asset) represents the Charter School's proportionate share of the net pension liability (asset) of the New Jersey State Pension Employees' Retirement System and the New Jersey State Teachers' Pension and Annuity Fund System. The financial reporting of these amounts are presented in accordance with the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*.

P. <u>Deferred Revenue</u>

Deferred revenue in special revenue fund represent cash that has been received but not yet earned.

Q. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements. All payable, accrued liabilities, and long-term obligations payable from the enterprises fund are reported and the enterprises fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from currents financial resources are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payments during the current year.

R. Fund Balance and Equity

Generally, fund balance represents the difference between current assets and current liabilities. In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the Charter School is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Under this standard, the fund balance classifications are as follows:

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

R. Fund Balance and Equity - Continued

Nonspendable fund balance includes amounts that cannot be spent because they are either not in spendable form (inventories, prepaid amounts, long-term receivables) or they are legally or contractually required to be maintained intact (the corpus of a permanent fund).

Restricted fund balance is to be reported when constraints placed on the use of the resources are imposed by grantors, contributors, laws or regulations of other governments or imposed by law through enabling legislation. Enabling legislation includes a legally enforceable requirement that these resources be used only for the specific purposes as provided in the legislation. This fund balance classification will be used to report funds that are restricted for debt service obligations and for other items contained in General Municipal Law or Education Law.

Committed fund balance will be reported for amounts that can only be used for specific purposes pursuant to formal action of the entity's highest level of decision making authority. These funds may only be used for the purpose specified unless the entity removes or changes the purpose by taking the same action that was used to establish the commitment. This classification includes certain designations established and approved by the entity's governing board.

Assigned fund balance, in the General Fund, will represent amounts constrained either by the entity's highest level of decision-making authority or a person with delegated authority from the governing board to assign amounts for a specific intended purpose. An assignment cannot result in a deficit in the unassigned fund balance in the General Fund. This classification will include amounts designated for balancing the subsequent year's budget and encumbrances. Assigned fund balance in all other governmental funds represents any positive remaining amount after classifying nonspendable, restricted or committed fund balance amounts.

Unassigned fund balance, in the General Fund, represents amounts not classified as nonspendable, restricted, committed or assigned. The General Fund is the only fund that would report a positive amount in unassigned fund balance. For all governmental funds other than the General Fund, unassigned fund balance would necessarily be negative, since the fund's liabilities, together with amounts already classified as nonspendable, restricted and committed would exceed the fund's assets.

When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the Charter School's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the Charter School's policy to use fund balance in the following order: committed, assigned, and unassigned.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

S. <u>Net Position</u>

Net Position on the Statement of Net Position include the following:

Investments in Capital Assets, net of Related Debt - the component of net asset there reports the differences between capital assets less both the accumulated depreciation and the outstanding balance of debt, excluding unexpended proceeds, that is directly attributed to the acquisition, construction or improvement of those assets.

Restricted for Specific Purposes - the component of net position that reports the difference between assets and liabilities of the certain programs that consist of assets with constraints placed on their use by either external parties and /or enabling legislation.

Restricted for Debt Service - the component of net position that reports the difference between assets and liabilities of the Debt Service Fund that consists of assets with constraints placed on their use by creditors.

Unrestricted - the difference between the assets and liabilities that is not reported in Net Position Invested in Capital Assets, net of Related Debt, Net Assets Restricted for Specific Purposes or Net Position Restricted for Debt Services.

T. <u>Contributed Capital</u>

Contributed capital represents the amount of fund capital contributed to the proprietary funds from other funds.

U. Interfund Transactions

Interfund transfers are defined as the flow of assets, such as cash or goods, without equivalent flows of assets in return. Interfund borrowings are reflected as "Due from/to Other Funds" on the accompanying financial statements. All other interfund transfers are reported as operating transfers.

V. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the recorded amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

W. Accounting for Uncertainty of Income Taxes

The Charter School recognizes the effect of income tax positions only of those positions are more likely than not of being sustained. Management has determined that the Charter School had no uncertain tax positions that would require financial statement recognition. The Charter School is no longer subject to audits by the applicable taxing jurisdictions for tax periods prior to 2012.

X. <u>On-Behalf Payments</u>

Revenues and expenditures of the General Fund include payment made by the State of New Jersey for Pension and Social Security contributions for certified teacher members of the New Jersey Teachers Pension and Annuity Fund, and for post-retirement medical benefits of members. The amounts are not required to be included in the Charter School's annual budget.

Y. Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is December 17, 2015.

NOTE 2 APPLICATION OF NEW ACCOUNTING STANDARDS

For the year ended June 30, 2015, the Charter School implemented GASB Statement No. 68, Accounting and Financial Reporting for Pensions, and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date. These statements seek to improve accounting and financial reporting by state and local governments for pensions by establishing standards for measuring and recoanizina liabilities. deferred outflows/inflows of resources and expenses/expenditures. These statements also require the identification of the methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value and attribute that present value to periods of employee service.

Prior Period Adjustment

As a result of adopting these new standards, the charter school-wide financial statements reflected a cumulative effect for the change in accounting principle of \$4,056,620 to recognize the net pension liability which caused a restatement decreasing the net position at July 1, 2014 by the same amount.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 3 CASH AND CASH EQUIVALENTS

As of June 30, 2015, the Charter School's deposits are summarized as follows:

	General	Er	nterprise	Trust	and Agenc	У
	Fund		Fund		Funds	Total
Operating account Interest-bearing account	\$5,605,957 41,969	\$	63,066 -	\$	944,284 -	\$6,613,307 41,969
Total	\$5,647,926	\$	63,066	\$	944,284	\$6,655,276

NOTE 4 CAPITAL ASSETS

As required under accounting standards discussed in Note 2, the Charter School performed a thorough review of the inventory records of all its fixed assets. The valuation bases for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement cost have been used. The review of inventory records of all the Charter School's capital assets was completed during the fiscal year ended June 30, 2015, deletions, if any, have been accounted for in the Charter School's beginning balances; the table below illustrates the net of additions and deletions for the current year.

Capital assets activities for the year ended June 30, 2015 are as follows:

Governmental Activities	Beginning	Net Additions	Ending
	Balance	(Deletions)	Balance
Capital assets being depreciated:			
Machinery and equipment	\$ 769,776	\$-	\$ 769,776
Leasehold improvements	579,294		607,562
Total	1,349,070	28,268	1,377,338
Less accumulated depreciation	(924,694)	(95,819)	<u>(1,020,513</u>)
Capital assets, net <u>Business-Type Activities</u>	424,376	(67,551) 	356,825
Capital assets, net	\$ 424,376	<u>\$ (67,551</u>)	<u>\$ 356,825</u>

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 5 NONCURRENT LIABILITIES

During the fiscal year ended June 30, 2015, long-term liabilities reported in the *Statement of Net Position* are as follows:

Noncurrent Liabilities	re	lance, as eported e 30, 2014	of A	nulative Effect Change in Accounting Principle	r	lance, as restated ne 30, 2014	A	Additions	 Retired	 alance at ne 30, 2015	 ie within ne Year
Compensated absences Net pension liability	\$	135,706 -	\$	- 4,056,620	\$	135,706 4,056,620	\$	188,219 1,036,707	\$ 40,524	\$ 283,401 5,093,327	\$ 40,524 223,400
	\$	135,706	\$	4,056,620	\$	4,192,326	\$	1,224,926	\$ 40,524	\$ 5,376,728	\$ 263,924

net pension liability classified as due within one year amounting to \$223,400 represents pension contributions for fiscal year 2015 due and payable on April 1, 2016.

NOTE 6 <u>NET POSITION</u>

As of June 30, 2015, governmental activities net position consisted of the following components:

INVESTMENT IN CAPITAL ASSETS, NET OF RELATED DEBT	
Capital assets, net	\$ 356,825
Less: long-term obligations	 -
	356,825
RESTRICTED	
Restricted for Food Service	423,703
UNRESTRICTED	
Net assets not restricted above	1,775,247
NET ASSETS	\$ 2,555,775

Business-type activities net position did not have any capital assets or restrictions.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 7 PENSIONS PLANS

A. <u>Description of Plans</u>

All eligible employees of the Charter School are covered by either the Public Employee's Retirement System (PERS) or the Teacher's Pension and Annuity Fund (TPAF) which have been established by state statute and are administered by the New Jersey Division of Pension and Benefit (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the PERS and the TPAF. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

i. Public Employees' Retirement System (PERS)

The Public Employees' Retirement Systems (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to substantially all full time employees of the State or any county municipality, Charter School, or public agency provided the employee is not a member of another state-administered retirement system. The PERS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full time employees of the State of New Jersey or any county, municipality, Charter School, or public agency, provided the employee is not required to be a member of another state administered retirement system or other state or local jurisdiction.

ii. Teachers Pension and Annuity Fund (TPAF)

The TPAF was established in January 1, 1995, under the provisions of N.J.S.A. 18A:66 to provide coverage including post-retirement health care to substantially all full time certified teachers or professional staff of the public school systems in the State. The TPAF is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the Charter School and the systems other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 7 <u>PENSIONS PLANS</u> - CONTINUED

B. Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A 43:15a and 4303B and N.J.S.A. 18A: for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 55 and are generally determine to be 1/55 of the final average salary for each year of service credit as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age.

The PERS and TPAF provides for specified medical benefits for member who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the member's accounts.

C. Significant Legislation

Two pieces of legislation passed during fiscal year 2001 having significant impact on the benefit provisions under PERS and TPAF. Chapter 133, P.L.2001, increases retirement benefits for service, deferred and early retirements by changing the formula from 1/60 to 1/55 of final compensation for each year of service. The legislation also increases the retirement benefit for veteran member with 35 years or more of service and reduces age qualification from 60 to 55. The legislation further provides that existing retirees and beneficiaries would also receive a comparable percentage increase in their retirement allowance. The benefit enhancements are effective with the November 1, 2001 benefit checks. Chapter 120, P.L 2001, established an additional retirement option for plan members. Under the new option, a retiree's actuarially reduced allowance (to provide a benefit to the retiree's beneficiary upon the death of the retiree) would "pop-up" to the maximum retirement allowance if the beneficiary predeceases the retiree.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 7 PENSIONS PLANS - CONTINUED

C. Significant Legislation - Continued

Chapter 4, P.L 2001 provides increased benefit to certain members of PERS who retired prior to December 29, 1989 with at least 25 years of creditable service.

The maximum amount of the increase is 5 percent the retiree's final compensation. For those with 30 or more years of service, the total pension would increase from 65 to 71 percent of final compensation.

Due to the enactment of 1997 legislation, Chapter 114, P.L. 1997 and Chapter 115, P.L 1997, the State of New Jersey's portion of the unfunded accrued liability under each retirement system was eliminated. In addition, excess valuation assets were available to fund, in full or in part, the State of New Jersey's normal contribution from 1997 to 2001, excluding the contribution for post-retirement medical benefits in the PERS and TPAF.

D. <u>Contribution Requirement</u>

The contribution policy is set by laws of the State of New Jersey and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. PERS and TPAF provide for employee contributions of 4.5% and 3%, respectively of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both PERS and TPAF. The actuarially determined contribution includes funding for cost-of-living adjustment, noncontributory death benefits, and post-retirement medical premiums. Under current statute the Charter School is a non-contributing employer of the TPAF. The Charter School's contribution to PERS for the year ended June 30, 2015 was \$215,281.

In accordance with N.J.S.A 18A:66-66 the State of New Jersey reimbursed the Charter School \$347,220 during the year ended June 30, 2015 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. These amounts have been included in the basic financial statements.

NOTE 7 PENSIONS PLANS - CONTINUED

E. GASB Disclosures

i. Public Employees' Retirement System (PERS)

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the PERS and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

At June 30, 2015, the Charter School reported in the charter school-wide statement of net position a liability of \$4,869,927 for its proportionate share of the PERS net pension liability. The total pension liability for the June 30, 2014 measurement date as determined by an actuarial valuation as of July 1, 2013, which was rolled forward to June 30, 2014. The Charter School's proportionate share of the net pension liability was based on the ration of contributions as an individual employer to the total contributions to the PERS for the years ended June 30, 2014 and 2013. At June 30, 2014, the Charter School's proportionate share was 0.0260107656% which is an increase from the proportionate share of 0.000212255256% at June 30, 2013.

For the year ended June 30, 2015, the Charter School recognized pension expense of (\$37,432). At June 30, 2015, the Charter School reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

		rred Outflows Resources	 rred Inflows Resources
Changes of assumptions	\$	153,136	\$ -
Net difference between projected and actu	ıal		
earnings on pension plan investments		-	290,221

i. Public Employees' Retirement System (PERS) - continued

\$215,281 reported as deferred outflows of resources related to pensions resulting from charter school, contributions subsequent to the measurement date of June 30, 2015 will be recognized as a reduction of the net pension liability in the year ended June 30, 2015. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Year Ended June 30,		
2016	\$ 97,606		
2017	97,606		
2018	97,606		
2019	97,606		
2020	170,162		
Thereafter	74,871		

Actuarial assumptions. The total pension liability for the June 30, 2014 measurement date as determined by an actuarial valuation as of July 1, 2013, which was rolled forward to June 30, 2014. The total pension liability for the June 30, 2013 measurement was determined by an actuarial valuation as of July 1, 2013. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation	3.01 percent
Salary increases	
2012-2021	2.15 – 4.40% based on age
Thereafter	3.15 – 5.4% based on age
Investment rate of return	7.9%

Mortality rates were based on the RP-2000 Combined Mortality Tables (setback 1 year for females) with adjustments for mortality improvements from the base year of 2012 based on Projection Scale AA.

The actuarial assumptions used in the July 1, 2013 valuation were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011.

i. Public Employees' Retirement System (PERS) - continued

Long-term Expected Rate of Return. In accordance with the State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pension and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target assets allocation as of June 30, 2014 are summarized in the following table:

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
Cash	6.00%	0.80%
Core bonds	1.00%	2.49%
Intermediate-term bonds	11.20%	2.26%
Mortgages	2.50%	2.17%
High yield bonds	5.50%	4.82%
Inflation-indexed bonds	2.50%	3.51%
Broad US equitites	25.90%	8.22%
Developed foreign equities	12.70%	8.12%
Emerging market equities	6.50%	9.91%
Private equity	8.25%	13.02%
Hedge funds/absolute return	12.25%	4.92%
Real estate (property)	3.20%	5.80%
Commodities	2.50%	5.35%
Total	100.00%	<u>.</u>

Discount rate. The discount rate used to measure the total pension liability was 5.39% June 30, 2014. The single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9% and a municipal bond rate of 4.29% as of June 30, 2014, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 7 PENSIONS PLANS - CONTINUED

E. <u>GASB Disclosures</u> – Continued

i. Public Employees' Retirement System (PERS) - continued

plan members will be made at the current member contribution rates and that contribution from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the Charter School's Proportionate share of the net pension liability to changes in the discount rate. The following presents the Charter School's proportionate share of the net pension liability calculated using the discount rate as disclosed above, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentagepoint lower or 1-percentage-point higher than the current rate:

	1% Decrease (4.39%)			Current		1%
			Discount Rate (5.39%)			Increase (6.39%)
District's proportionate share of the net pension liability	\$	6,126,534	\$	4,869,927	\$	3,814,697

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

ii. Teachers Pension and Annuity Fund (TPAF)

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the TPAF and additions to/deductions from the TPAF's fiduciary net position have been determined on the same basis as they are reported by the TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 7 PENSIONS PLANS - CONTINUED

ii. Teachers Pension and Annuity Fund (TPAF) - continued

For the year ended June 30, 2015, the Charter School recognized pension expense and related revenue of \$1,160,771 in the school-wide financial statements for its proportionate share in the special funding support provided by the State for its TPAF members.

At June 30, 2015, the State's proportionate share of the net pension liability attributable to the Charter School amounted to \$21,571,899. The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2013, which was rolled forward to June 30, 2014.

The State's proportionate share of the net pension liability attributable to the Charter School was based on the ratio on the State's contribution as an employer and nonemployer towards the actuarially determined contribution amount adjusted by locations who participated in the State early retirement incentives to total contributions to TPAF during the years ended June 30, 2014 and 2013. At June 30, 2014 and 2013, the State's proportion of the net pension liability attributable to Charter School was 0.0403614824% and 0.0246221589%.

Actuarial Assumptions. The actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation	2.50 percent
Salary increases	
2012-2021	Varies based on experience
Thereafter	Varies based on experience
Investment rate of return	7.9%

Mortality were based on the R-2000 Health Annuitant Mortality Table for Males or Females, as appropriate, with adjustment for mortality improvements based on Scale AA, Pre-retirement mortality improvements for active members are projected using Scale AA from the base year of 2000 until the valuation date plus 15 years to account for future mortality improvement. Post-retirement mortality males and 2003 for females until the valuation date plus 7 years to account for future mortality improvement.

NOTE 8 POST-RETIREMENT BENEFITS

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required PERS and TPAF, respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c 103 amended the law to eliminate the funding of post-retirement medical benefits through the PERS and TPAF. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2015, there were 103,432 retirees receiving post-retirement medical benefits, and the State contributed \$1.04 billion on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical benefits to a pay-as-you-go basis beginning in Fiscal Year 1994.

The State is also responsible for the cost attributable to P.L. 1992, c.126, which provides employer paid health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$165.8 million toward Chapter 126 benefits for 18,122 eligible retired members in fiscal year 2014.

NOTE 9 DEFERRED COMPENSATION

The Charter School offered its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Service 403(b). The Plan is administered by AXA Equity, Inc. permits participants to defer apportion of their salary until future years. Amounts deferred under the plan are not available to employees until termination, death or unforeseeable emergency.

NOTE 10 RISK MANAGEMENT

The Charter School is exposed to various risks of loss relates to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

A. Property and Liability Insurance

The Charter School maintains commercial insurance coverage for property, liability and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section (Unaudited) of this Comprehensive Annual Financial Report (Schedule J-20).

NOTE 12 CONTINGENCIES

State and Federal Aid Receipts

State and Federal awards are generally subject to review by the responsible governmental agencies for compliance with the agencies regulations governing the aid. In the opinion of the Charter School's management and legal counsel, any potential adjustments to the Federal or State aid recorded by the Charter School through June 30, 2015, resulting from a review by a responsible government agency will not have a material effect on the Charter School financial statements at June 30, 2015.

NOTE 13 RELATED PARTY TRANSACTIONS

The Friends of Marion P. Thomas Charter School (The Friends) is an affiliate organization related to the Charter School. It is a not-for-profit organization incorporated on September 23, 2004 under the laws of the State of New Jersey, to become the Fundraising arm of the Charter School with the intent of making both restricted and unrestricted contributions to the Charter School from time to time. The Friends made no unrestricted contributions during 2015.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 13 RELATED PARTY TRANSACTIONS - CONTINUED

The Friends was also organized to own and manage (through its subsidiary, the REAL Friends) the facilities located at 370-380 South 7th Street, Newark, New Jersey, occupied by the Charter School under three operating leases that requires total monthly rental payment of \$208,132.

NOTE 14 BUSINESS COMBINATION

On July 1, 2014, the Charter School and Visions Academy Charter High School (Visions Academy) completed a merger of their operations with the Charter School as the surviving entity. Both entities are charter schools serving the City of Newark. As a result, the combined organization has been renamed Marion P. Thomas Charter Schools, including the Marion P. Thomas Charter Elementary School for Pre-Kindergarten to 4th grade students, Marion P. Thomas Middle School for 5th through 8th grade students, and Visions Academy would become the Marion P. Thomas Charter High School. The new entity will provide a "crayons to college" educational experience allowing students to move seamlessly from Pre-Kindergarten through 12th grade.

At July 1, 2014, the major classes of assets, liabilities, and net position of MPTCS and
Visions Academy follow:

EXHIBIT C-3

MARION P. THOMAS CHARTER SCHOOLS (COUNTY OF ESSEX, NEW JERSEY)

REQUIRED SUPPLEMENTARY INFORMATION BUDGETARY GAAP RECONCILIATION NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

YEAR ENDED JUNE 30, 2015

Note A - Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

		 General Fund		Special Revenue Fund
Sources/inflows of resources				
Actual amounts (budgetary basis) "revenue" from the budgetary comparison schedule:	[C-1]	\$ 20,728,252	[C-2]	858,245
Difference - budget to GAAP: Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.		-		-
Last State aid payment recognized for budgetary purposes only.		-		-
General Fund contribution to Early Childhood Program Aid.		 		<u> </u>
Total revenues as reported on the statement of revenues, expenditures and changes in fund balances - governmental funds	[B-2]	 20,728,252	[B-2]	858,245
Uses/outflows of resources				
Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule	[C-1]	18,361,199	[C-2]	858,245
Differences - budget to GAAP Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for budgetary purposes, but in the year the supplies are received for financial reporting purposes.		-		-
Transfers to and from other funds are presented as outflows of budgetary resources but are not expenditures for financial reporting purposes. Net transfer (outflows) to general fund		 <u> </u>		<u>-</u>
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds	[B-2]	\$ 18,361,199	[B-2]	<u>\$858,245</u>

Note A -The general fund budget basis of the use/outflow of resources is GAAP, therefore no reconciliation is required.

Contributions as a percentage of covered-employee payroll		10.80%				

Note - The amounts presented for each fiscal year were determined as of June 30 measurement date of the prior fiscal year.

(1) The Charter School implemented GASB 68, *Accounting and Financial Reporting for Pension* in fiscal year 2015. No data is available prior to fiscal year 2015.

REQUIRED SUPPLEMENTARY INFORMATION SCHEDULE OF CHARTER SCHOOL'S PROPORTIONATE SHARE OF THE NET PENSION LIABILITY - TPAF

LAST TEN FISCAL YEARS (1)

		2015
Charter School's proportion of the net pension liability (asset)	I	0.0403614824%
State proportionate share of net pension liability attributable to the Charter School	\$	21,571,899
Charter School's covered-employee payroll	\$	5,397,350
Charter School's proportionate share of the net pension liability (asset) as a percentage of its covered-employee payroll		399.68%
Plan fiduciary net position as a percentage of the total pension liability		33.64%

Note - The amounts presented for each fiscal year were determined as of June 30 measurement date of the prior fiscal year.

(1) The Charter School implemented GASB 68, *Accounting and Financial Reporting for Pension* in fiscal year 2015. No data is available prior to fiscal year 2015.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION

PART III

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION – PART III YEAR ENDED JUNE 30, 2015

Public Employees Retirement System (PERS)

Change in benefit terms. There is no change in the benefit terms.

Change in assumptions. The calculation of the discount rate used to measure the total pension liability is dependent upon the long-term expected rate of return, and the municipal bond index rate. There was a change in the municipal bond index rate from the prior measurement date (4.63%) to the current measurement date (4.29%), resulting in a change in the discount rate from 5.55% to 5.39%. This change in the discount rate is considered to be a change in actuarial assumptions under GASBS No. 68.

Teachers Pension and Annuity Fund (TPAF)

Change in benefit terms. There is no change in the benefit terms.

Change in assumptions. The calculation of the discount rate used to measure the total pension liability is dependent upon the long-term expected rate of return, and the municipal bond index rate. There was a change in the municipal bond index rate from the prior measurement date (4.63%) to the current measurement date (4.29%), resulting in a change in the discount rate from 4.95% to 4.68%. This change in the discount rate is considered to be a change in actuarial assumptions under GASBS No. 68.

CAPITAL PROJECTS FUND

The capital projects fund is used to account for the acquisition and construction of major capital facilities and equipment purchases other than those financed by propriety funds.

At June 30, 2015, there was no capital project fund.

ENTERPRISE FUNDS

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the Charter School is that the costs of providing goods and services be financed through user charges. The Charter School has the Food Service and After Care in its Enterprise Fund to account for the operation of food services and after care.

FIDUCIARY FUNDS

Trust funds are used to account for gifts and bequests to the Charter School for specific purposes.

Unemployment Compensation Insurance Trust Fund is an expendable trust fund used to account for unemployment transactions of the Charter School.

At June 30, 2015 there was no non-expandable trust fund utilized by the Charter School.

Agency funds are used to account for assets held by the Charter School as an agent for individuals, private organizations, governmental and/or other funds.

Payroll Fund - This agency fund is used to account for the payroll transactions of the Charter School.

LONG-TERM DEBT

The long-term debt is used to record the outstanding principal balances of the long term liabilities of the charter school. This includes the outstanding principal balance on capital lease, the accrued liability for insurance claims and the liability for compensated absences and the outstanding principal balance on certificates of participation outstanding or mortgage note payable. The Charter School has no long-term debts.

STATISTICAL SECTION

Unless otherwise noted, the information in these Schedules is derived from the Comprehensive Annual Financial Reports (CAFR) for the relevant year.

INTRODUCTION TO THE STATISTICAL SECTION

<u>Contents</u>		<u>Page</u>
Financial Trends	These schedules contain trend information to help the reader understand how the district's financial performance and well being have changed over time.	80
Revenue Capacity		
	These schedules contain information to help the reader assess the district's most significant local revenue source, the property tax.	N/A
Debt Capacity		N/A
	These schedules present information to help the reader assess the affordability of the district's current levels of outstanding debt and the district's ability to issue additional debt in the future.	
Demographic and Ec	onomic Information	86
	These schedules offer demographic and economic indicators to help the reader understand the environment within which the district's financial activities take place.	
Operating Information	n	88
	These schedules contain service and infrastructure data to help the reader understand how the information in the district's financial report relates to the services the district provides and the activities it performs.	
Sources:	Schedules are derived from the comprehensive annual financial reports (CAFR) for the relevant year. The charter school implemented GASB Statement 34 in the fiscal year ending June 30, 2004; schedules presenting charter-wide information include information beginning in that year.

SINGLE AUDIT SECTION

EXHIBIT K-1

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable President and Members of the Board of Trustees Marion P. Thomas Charter Schools Essex County, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Marion P. Thomas Charter Schools (the Charter School), in the County of Essex, State of New Jersey, as of and for the fiscal year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements, and have issued our report thereon dated December 17, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS - CONTINUED

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weak-nesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Charter School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

However, we noted certain matters that we have reported to the Board of Trustees of the Marion P. Thomas Charter Schools in the County of Essex, New Jersey in a separate *Auditor's Management Report on Administrative Findings - Financial, Compliance and Performance,* dated December 17, 2015.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Charter School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

EXHIBIT K-2

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR MAJOR FEDERAL AND STATE PROGRAMS AND ON INTERNAL CONTROL OVER COMPLIANCE AS REQUIRED BY OMB CIRCULAR A-133 AND NEW JERSEY OMB LETTER CIRCULAR 04-04

The Honorable President and Members of the Board of Trustees Marion P. Thomas Charter Schools Essex County, New Jersey

Report on Compliance for Each Major Federal and State Programs

We have audited the Marion P. Thomas Charter Schools (the Charter School) in the County of Essex, State of New Jersey compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the *New Jersey State Aid Grant Compliance Supplement* that could have a direct and material effect on each of the Charter School's major federal and state programs for the fiscal year ended June 30, 2015. The Charter School's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Charter School's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey; OMB Circular A-133 *Audits of States, Local Governments, and Non-Profit Organizations*; and New Jersey OMB Letter Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Those standards, OMB Circular A-133 and New Jersey OMB Letter Circular 04-04, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Charter School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

www.gkllp-cpa.com

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR MAJOR FEDERAL AND STATE PROGRAMS AND ON INTERNAL CONTROL OVER COMPLIANCE AS REQUIRED BY OMB CIRCULAR A-133 AND NEW JERSEY OMB LETTER CIRCULAR 04-04

We believe that our audit provides a reasonable basis for our opinion. However, our audit does not provide a legal determination of the Charter School's compliance on compliance for each major federal and state programs.

Opinions on Each Major Federal and State Programs

In our opinion, the Marion P. Thomas Charter Schools Board of Trustees, in the County of Essex, State of New Jersey, complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2015.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 and NJ OMB Letter Circular 04-04, and which are described in the accompanying schedule of findings and questioned costs as items 2015-001 and 2015-002. Our opinion on each major federal program and state financial assistance is not modified with respect to these matters.

Report on Internal Control Over Compliance

Management of the Charter School is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Charter School's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state programs to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and New Jersey OMB Letter Circular 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Charter School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiencies, in internal control over compliance is a deficiency or a timely basis. A *significant deficiency in internal control over compliance* is a deficiencies, in internal control over compliance is a deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR MAJOR FEDERAL AND STATE PROGRAMS AND ON INTERNAL CONTROL OVER COMPLIANCE AS REQUIRED BY OMB CIRCULAR A-133 AND NEW JERSEY OMB LETTER CIRCULAR 04-04

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and NJ OMB Letter Circular 04-04. Accordingly, this report is not suitable for any other purpose.

NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

FOR THE ENDED JUNE 30, 2015

NOTE 1 <u>GENERAL</u>

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state activity of the Charter School. The Charter School is defined in Note 1 to the Charter School's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of federal awards and state financial assistance.

NOTE 2 BASIS OF ACCOUNTING

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance (the "Schedules") are presented using the budgetary basis of accounting with the exception of those recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Charter School's basic financial statements. The information in these schedules are presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations and* New Jersey OMB Letter Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid.* Therefore, some amounts presented in these Schedules may differ from amounts presented in, or used in the preparation of the basic financial statements.

NOTE 3 RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

Amounts reported in the accompanying Schedules agree with the amounts reported in the Charter School's basic financial statements. The basic financial statements present the special revenue fund on both accounting principles generally accepted in the United States of America (GAAP) and budgetary basis. The special revenue fund is presented in the accompanying Schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. See Exhibit C-3 for a reconciliation of the budgetary basis to the GAAP basis of accounting for the special revenue fund. Awards and financial assistance revenues are reported in the Charter School's basic financial statements on a GAAP basis as follows:

NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE - CONTINUED

NOTE 3 RELATIONSHIP TO BASIC FINANCIAL STATEMENTS - CONTINUED

	Federal	State	Total	
General Fund	\$-	\$17,138,303	\$17,138,303	
Special Revenue Fund	820,576	903,298	1,723,874	
Enterprise Fund	571,226	6,924	578,150	
Total	\$1,391,802	\$18,048,525	\$19,440,327	

NOTE 4 RELATIONSHIP TO STATE FINANCIAL REPORTS

Amounts reported in the accompanying Schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5 ON-BEHALF PAYMENTS

Teacher's Pension and Annuity Fund (TPAF) Social Security Contributions represents reimbursements in the amount of \$347,220 by the State for the employer's share of social security contributions for TPAF members for the year ended June 30, 2015. The State had also made on-behalf TPAF payments for post-retirement medical benefits in the amount of \$616,639.

NOTE 6 NON-CASH ASSISTANCE

The Charter School is the recipient of a Federal Award that does not result in cash receipts or disbursements. The Charter School was granted \$26,673 of commodities under the National School Lunch Program (CFDA 10.555)

SECTION II - FINANCIAL STATEMENT FINDINGS

None noted.

SECTION III FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

FEDERAL AWARDS

Finding 2015-001 Title I Time and Activity Report

CDFA #84.010 - Title I Grants to Local Educational Agencies

Criteria

An employee who works, in whole or in part, on a Federal program or cost objective must document time and effort. An employee who works solely on a single cost objective (e.g., a single Federal program) must furnish a semi-annual certification that he/she has been engaged solely in activities that support the single cost objective. The certification must be signed by the employee or a supervisory official having first-hand knowledge of the work performed by the employee in accordance with OMB Circular A-87, Attachment B, and paragraph 8.h.(3). The payroll expense recorded in the books should represent the approved time and activity report.

Condition

During our review of the time and activity reports of some Title I funded personnel which demonstrate the percentage of time chargeable to the federal program, we noted that the activity report percentages did not support the allocation of salary charges in the Special Revenue Fund payroll expense accounts.

Questioned Cost

Cannot be determined.

Context

Four payroll transactions out of 25 sampled transactions.

Cause

Procedures to monitor the submission of time and effort documentation were not adhered to Consistently

SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED

SECTION III FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

Finding 2015-001 Title I Time and Activity Report - Continued

CDFA #84.010 - Title I Grants to Local Educational Agencies

Effect

Allocation of salaries among programs may not be equitable.

Recommendation

The Charter School should ensure that recording of Title I salaries are in accordance with the approved time and activity reports.

View of Responsible Official and Planned Corrective Action

Management will properly educate staff on the portion of salary being charged to grants to insure it reflects the percentage on the time sheet submitted to the Business Office at regular interval.

Federal Awards and State Financial Assistance

Finding 2015-002 Lunch Applications

CFDA #10.553, 10.556 – Child Nutrition Cluster State Program #15-495-034-5120-078 – Equalization Aid

Criteria

"Eligibility for Free or Reduced Price Meals or Free Milk (1) General Rule: Annual Certification – A child's eligibility for free or reduced price meals under a Child Nutrition Cluster program may be established by the submission of an annual application or statement which furnishes such information as family income and family size. Local educational agencies (LEAs), institutions, and sponsors determine eligibility by comparing the data reported by the child's household to published income eligibility guidelines.

Condition

In our review of free and reduced lunch applications, we noted students that were placed in incorrect food program categories based on application information on file.

Questioned Cost

Cannot be determined.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED

SECTION III FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

Finding 2015-002 Lunch Applications - continued

Context

In our review of 1,200 student applications in conjunction with state enrollment procedures, we found the following exceptions:

- 23 students were classified as "free" but should have been classified under "reduced" or "denied".
- 192 students with "denied" application should have been classified under "free"
- 12 students with "denied" application should have been classified under "reduced"
- 23 students with "reduced" application should have been classified under "free."

Cause

Procedures to review student application and meals classification were not adhered to consistently. CHE and Real Time System information not reconciled.

Effect

Federal and state meals reimbursements may not be accurate.

Recommendation

We recommend that free and reduced applications and entries in the Charter Enrollment System should be reviewed by the Charter School personnel to ensure proper classification of applications into the categories of free, reduced, or paid.

View of Responsible Official and Planned Corrective Action

Some of the errors noted arose from Parents that submitted their lunch application after the due date which might be different from the data on their children already in REAL Time software that manages Food service of the School. However, the School is unable to update the data in Charter School Enrolment System (CHE) for any changes because the system had closed. Management has put in place a process that would insure prompt update of student's lunch application as status changes in REAL Time and subsequently CHE when it reopens. However, the basis of reimbursement for meals served was on the data in updated REAL Time System and not the CHE System.

MPTCS will conduct more regular reconciliation of the School attendance record and the CHE system to ensure accuracy of the demographic of the students and their special needs Status in the CHE.

SUMMARY SCHEDULE OF PRIOR-YEAR AUDIT FINDINGS AND QUESTIONED COSTS AS PREPARED BY MANAGEMENT

FISCAL YEAR ENDED JUNE 30, 2015

Finding 2014-01 Lunch Applications

In our review of free and reduced lunch applications, we noted applications that were placed in incorrect categories.

- a. 2 students were classified as "free" should have been classified under "reduced".
- b. 128 student with "denied" application should have been classified under "free"
- c. 13 students with "denied" application should have been classified under "reduced"

Status: The condition still exists. See similar finding 2015-002.
