Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator, the activities of the Board of Education and the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20, as reported in the district's Comprehensive Annual Financial Report (the "CAFR").

Official Bonds

Name	Position	Amount
Robert Wright	Board Secretary/School Business Administrator	\$225,000

There is a Public Employee Dishonesty Coverage with Selective Insurance Company of America covering all other employees with multiple coverage of \$100,000 per employee.

Tuition Charges

The Board is a member of Region II and all members have agreed that tuition adjustments will not be made between member districts for the actual certified tuition charges.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review did not reveal any material discrepancies with respect to signatures, certification or proper itemization.

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of payroll taxes were deposited in the Payroll Agency Account.

All payrolls tested were certified by the President of the Board, the Board Secretary/School Business Administrator and the Chief School Administrator.

Salary withholdings tested were promptly remitted to the proper agencies, including health benefit premium withholdings due to the General Fund.

Financial Planning, Accounting and Reporting (Continued)

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, for goods not yet received or services not yet rendered and it was determined that no blanket purchase orders were included in the balance of the reserves for encumbrances. Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered, as of June 30.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with <u>N.J.A.C.</u> 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample included administrative coding classifications to determine overall reliability and compliance with NJAC 6A:23A-8.3. As a result of the procedures performed, no additional procedures were deemed necessary to test the propriety of expenditure classifications.

Board Secretary's Records

The financial records, books of account and minutes maintained by the Board Secretary were in excellent condition.

Acknowledgment of the Board's receipt of the Board Secretary's and Treasurer's monthly financial reports were included in the minutes.

The prescribed contractual order system was followed.

Unemployment Compensation Insurance Trust Fund

The Board has adopted the direct reimbursement method and has established an Unemployment Compensation Insurance Trust Fund. The financial transactions of this fund are reported in the Fiduciary Funds.

Elementary and Secondary Education Act (E.S.E.A.)/Improving America's Schools Act (I.A.S.A.) as Reauthorized by the No Child Left Behind Act of 2001

The E.S.E.A./NCLB financial exhibits are contained within the Special Revenue section of the CAFR. This section of the CAFR documents the financial position pertaining to projects under Title II and Title III of the Elementary and Secondary Education Act as amended.

Our examination of the E.S.E.A./NCLB funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

Other Special Federal and/or State Projects

The district's Special Projects were approved as listed on Exhibits K-3 and K-4 located in the CAFR.

Financial Planning, Accounting and Reporting (Continued)

Other Special Federal and/or State Projects (Continued)

Our audit of the Federal and State funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

Non-Public State Aid

Project completion reports were prepared and transmitted to the Department of Education by the due date.

T.P.A.F. Reimbursements

Our audit procedures included a test of the semi-monthly reimbursement forms filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

There were no TPAF employees' base salaries paid from federal funds during the current fiscal year. Therefore, there were not reimbursement amounts due to the State at June 30, 2015.

Before/After School Child Care Program (EXTRAS)

The District provides a before and after school child care program for district students. The financial activities of the program are accounted for in the Enterprise Fund.

Cash receipt records and bank accounts were reviewed for timely deposit and proper fee charges.

Cash disbursement records had supporting documentation and reflected program related expenses.

Other Enterprise Funds

The District provided a SAT program, various summer sports and music programs and a laptop insurance program for District students. The financial activities of these programs are accounted for in Non-Major Enterprise Funds.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

Effective July 1, 2010 and thereafter the bid thresholds in accordance with N.J.S.A. 18A:18A-3 and 18A:39-3 (public school student transportation) are \$26,000 and \$18,300, respectively.

If the purchasing agent is qualified pursuant to subsection b of section 9 of P.L. 1971, c.198 (c.40A:11-9), the board of education may establish that the bid threshold may be up to \$36,000 in accordance with NJSA 18A:18A-2. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section. The Board has designated the Business Administrator as the qualified purchasing agent.

School Purchasing Programs (Continued)

Contracts and Agreements Requiring Advertisement for Bids (Continued).

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Board Attorney's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts, or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4, as amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per <u>N.J.S.A.</u> 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

Food Service Fund

The financial transactions and statistical records of the school food services were maintained in satisfactory condition. The financial accounts and eligibility applications were reviewed on a test-check basis.

The district utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with N.J.S.A. 18a:17-34, and 19-1 through 19.4.1. Provisions of the FSMC contract/addendum were reviewed. The FSMC contract includes an operating results provision which guarantees that the food service program will break even. The operating results provision has been met.

Cash receipts and bank records were reviewed for timely deposit.

Expenses were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenses for program related goods and services. The appropriate revenue and expense records were maintained in order to substantiate the non-profit status of the school food service.

Application for free and reduced price meals and free milks were reviewed for completeness and accuracy. The free and reduced price meals and free milk policy is uniformly administered throughout the school system. The required verification procedures for free and reduced price applications was completed and available for review.

Food Distribution Program commodities were received and a single inventory was maintained on a first-in, first-out basis.

Student Body Activities

The Board has a policy, which clearly establishes the regulations of student activity funds.

Cash receipts were promptly deposited for items reviewed.

Cash disbursements had proper supporting documentation.

Application for State School Aid

Audit procedures included a test of information reported in the October 15, 2014 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped related services and low-income. A review was performed of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers without exception. The information that was included on the workpapers was verified with immaterial exceptions noted. The results of these procedures are presented in the Schedule of Audited Enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2014-2015 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

Facilities and Capital Assets

The District had no active State School Development Authority (SDA) grant projects during the year

Suggestions to Management

- The District should transfer the balance in the LLD Program Internal Service Fund to the General Fund. No activity was noted in the current or prior year.
- The District perform the payroll check distribution verification during the 2015/2016 school year.

Follow-up on Prior Year Findings

In accordance with government auditing standards, our procedures included a review of all prior year recommendations.
