SCHOOL PURCHASING PROGRAMS

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-1, et seq. states:

"a. When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$26,000, the contract may be awarded by a purchasing agent when so authorized by resolution of the board of education without public advertising for bids and bidding therefor, except that the board of education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b of section 9 of P.L. 1971 c. 198 (C.40A:11-9) the board of education may establish that the bid threshold may be up to \$36,000.00. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Commencing in the fifth year after the year in which P.L. 1999 c. 440 takes effect, and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the board of education is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.A. 18A:18A-2 and shall round the adjustment to the nearest \$1,000.00. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of every year in which it is made. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to paragraph (1) of subsection a. of N.J.S.A. 18A:18A-5 may be awarded for a period not exceeding 12 consecutive months."

<u>N.J.S.A.18A:18A-4</u> states, "Every contract for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the board of education to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this chapter or specifically by any other law."

The board of education may, by resolution approve by the majority of the board of education and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the board of education finds that it has had negative prior experience with the bidder."

Effective January 1, 2010, the bid threshold in accordance with N.J.S.A. 18A:18A-3(a) and (c) is \$26,000.00. In accordance with N.J.S.A. 40A:11-9 (b) the bid threshold for all purchases made by the District's qualified purchasing agent is \$36,000.00. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18:39-3 is currently \$18,300.00.

SCHOOL PURCHASING PROGRAMS (CONTINUED) Contracts and Agreements Requiring Advertisement for Bids (Continued)

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies; the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provisions of <u>N.J.S.A.18A:18A-4</u>.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per <u>N.J.S.A.18A:18A-5</u>. Our review of controls over professional contracts revealed the following:

2015-08 Finding: Our audit of purchasing procedures revealed, based on the sample tested, there is no evidence on file of professional service contracts being publicly advertised subsequent to the contract being approved, in accordance with NJSA 18A:18A-5a(1).

<u>2015-08 Recommendation</u>: All professional services contracts awarded be advertised as required by in accordance with NJSA 18A:18A-5a(1).

The system of records did not provide for an accumulation of purchases for which the School Board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

FOOD SERVICE FUND

The financial transactions and statistical records of the School Food Services were maintained in satisfactory condition. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

The number of meals claimed for reimbursement was verified against sales and meal count records. As part of the claims review process the edit check worksheet was completed. Reimbursement vouchers were timely filed, and meals claimed agreed with meal count records.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served did not exceed the number of valid applications on file, times the number of operating days, on a school by school basis. The free and reduced priced meal policy is uniformly administered throughout the School system. The required verification procedures for free and reduced price applications was completed and available for review.

FOOD SERVICE FUND (Continued)

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The District is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34 and 19-1 through 19-4.1. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

Cash receipts and bank records were reviewed for timely deposit.

National Food Distribution Commodities were received and an inventory was maintained on a first-in, first-out basis.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G.

STUDENT BODY ACTIVITIES

Our review of the student activity funds disclosed the following findings:

2015-09 Finding: Our examination of the District's student activity funds revealed that bank reconciliations are not being properly prepared each month. Also, an analysis of the balance of each account's activity, club, & class sub-accounts is not being maintained. There were also instances of checks being signed by personnel not authorized by district policy.

2015-09 Recommendation: That accurate monthly bank reconciliations be prepared and an ongoing analysis of the balances be maintained for each student activity account, and that all checks be signed by only authorized personnel in accordance with district policies.

APPLICATION FOR STATE SCHOOL AID

We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district work papers with minor exceptions. The information that was included on the workpapers was verified without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained work papers on the prescribed state forms or their equivalent.

The district has adequate written procedures for the recording of student enrollment data.

The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.
