ADMINISTRATIVE FINDINGS - FINANCIAL, COMPLIANCE AND PERFORMANCE

Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator and Treasurer of School Monies, the activities of the Board of Trustees, the records of the Student Activity Fund, Food Service Fund and Special Revenue Fund under the auspices of the Board of Trustees.

Administrative Practices and Procedures

Insurance

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule, contained in the district's **CAFR**

Official's Bonds

<u>Name</u>	<u>Position</u>	<u>Amount</u>
Richelle H. Baughn	Business Administrator/Board Secretary	\$ 50,000
Jeannie Scott	Treasurer of School Monies	475,000

There is a Public Employees' Faithful Performance Blanket Position Bond covering all other employees with multiple coverage of \$100,000.

The Treasurer of School Monies is to be bonded in accordance with provisions of Title 18A:17-32 within the minimum limits of the schedule promulgated by the State Board of Trustees.

Tuition Charges

A review of the financial statements indicated that the charter school charged no tuition for any student attending the charter school. In addition, there were no proceeds for a before/after school program to be accounted for in the Enterprise Fund.

District Internal Control Policies

District boards of education and administration are responsible for developing internal controls policies and procedures and maintaining a strong internal control environment. NJAC 6A:23A-6.4 requires that the district's internal control policies include specific requirements at NJAC 6A:23A-6.5 through 6.13. All Internal Control Policies were found in accordance with NJAC 6A:23A-6.5 through 6.13.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

Financial Planning, Accounting and Reporting (Continued)

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account. Payrolls were delivered to the treasurer of school moneys with a warrant made to her order for the full amount of each payroll.

All payrolls were approved by the Chief School Administrator and were certified by the President of the Board and the School Business Administrator/Board Secretary.

Salary withholdings were generally remitted to the proper agencies, including health benefits premium withholdings due to the general fund. The District was also in compliance with provisions covering the flexible spending accounts.

Payrolls were delivered to the secretary of the board who then deposited warrants in separate bank accounts for net payroll and withholdings.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, 2015 for proper classification of orders as reserve for encumbrances or accounts payable. This was accomplished by reviewing open purchase orders to determine whether goods were received or services were rendered by of June 30, 2015 and that no blanket purchase orders were included.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with **N.J.A.C.** 6A:23A-16.2(f) and line item details as described in the Budget Summary Key as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. With the exception of one isolated posting error, the result of our procedures performed determined that no transaction error rate was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

- A. *General Classification Findings – None***
- B. *Administrative Classification Findings – None***

Financial Planning, Accounting and Reporting (Continued)

Monthly financial certificates of the Board Secretary and Board of Trustee's for positive line item account status certifications (**N.J.A.C. 6:2-2.13**) were performed. Budgetary line item account transfers were approved monthly to cover any anticipated deficits.

Purchase orders were charged to the appropriate line item accounts in accordance with the prescribed **Uniform Minimum Chart of Accounts for New Jersey Public Charter Schools**.

Certification of Income Tax Compliance

The required certification (E-CERT1) of compliance with requirements for income tax on compensation of administrators (Superintendent and Business Administrator) to the N.J. Department of Treasury appeared to be filed by the March 15 due date.

Elementary and Secondary Education Act (E.S.E.A.)/Improving America's Schools Act (IASA) as reauthorized by the No Child Left Behind Act of 2001

The E.S.E.A./NCLB financial exhibits are contained within the Special Revenue Section of the **CAFR**. This section of the **CAFR** documents the financial position pertaining to the projects under Titles I of the Elementary and Secondary Education Act as amended and reauthorized.

Our audit of E.S.E.A. funds, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The study of compliance for E.S.E.A. indicated no areas of noncompliance and/or questionable costs, with the exception of the following:

Elementary and Secondary Education Act (E.S.E.A.)/Improving America's Schools Act (IASA) as reauthorized by the No Child Left Behind Act of 2001 (Continued)

Finding 2015-1

The General Ledger in the Special Revenue Fund was not sufficiently analyzed, in order to adjust the accounts receivable for the Title I program.

Recommendation

As part of the year end close out procedures, an additional review of the Title I Federal award receivable should be conducted, in order to provide complete and accurate balances for the District's financial statements.

Other Special Federal and/or State Projects

The charter school's Special Projects were approved as listed on Schedule A and Schedule B located in the **CAFR**.

Our audit of federal and state funds, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The study of compliance for special projects indicated no areas of noncompliance.

The financial exhibits are contained within the Special Revenue Section of the **CAFR**. This section of the **CAFR** documents the financial position pertaining to the aforementioned special projects.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for charter school employees who are members of the Teachers Pension and Annuity Fund.

TPAF Reimbursement to the State for Federal Salary Expenditures

The reimbursement to the State for the amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the charter school to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the charter school for those employees whose salaries are identified as being paid from federal funds was made subsequent to the end of the 60 day grant liquidation period, but prior to the 90 days required by *N.J.S.A. 18A:66-90*. Accordingly, the expenditure was made in accordance with State law (90 days) and properly reported as obligated and not expended and as an unliquidated balance in the current year's Final Report(s) for all federal awards.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-1 et seq. (Public School Contracts Law), the associated rules and related information on the statute, and school contracts in general are available on the website: http://www.state.nj.us/dca/divisions/dlgs/programs/ps_contracts.html.

The current statute is posted on the New Jersey Legislature website at: http://lis.njleg.state.nj.us/cgi-bin/om_isapi.dll?clientID=1319801&depth=2&expandheadings=off&headingswithhits=on&infobase=statutes.nfo&softpage=TOC_Frame_pg42

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$36,000 (with a Qualified Purchasing Agent) and \$26,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$18,300 for 2014-15.

The Charter School has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Based on the results of our examination, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provisions of N.J.S.A. 18A:18A-4, amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per **N.J.S.A. 18A:18A-5**.

The system of records did not provide for an accumulation of purchases for which the charter school used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977; therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal, however, that items were purchased from vendors approved for state contract.

The review of contracts and agreements did not disclose any areas of statutory noncompliance.

Although a particular contract is exempt from the formal requirements of public advertising and competitive bidding, N.J.S.A. 18A:18A-37 requires that quotations be obtained, whenever practical, for any contract under the statutory bid threshold but 15 percent or more of the amount, except for contracts for professional services. All contracts and agreements, which are subject to quotations, shall be awarded on the basis of the lowest responsible quotation received, which is most advantageous to the Board of Trustees, price and other factors considered. Our examination indicated that the Board of Trustees complied with these provisions.

School Food Service

The financial transactions and statistical records of the School Food Service Fund were maintained in satisfactory condition. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis. The meal service was operated on a satellite basis, whereby costs as submitted by the food service management company were allocated between the Camden's Promise Charter School, Camden's Pride Charter School and the Camden Academy Charter High School. Camden's Promise Charter School is the lead school in maintaining expenditure records and filing for federal and state reimbursements

The number of meals claimed for reimbursement was verified against sales and meal count records. As part of the claims review process, the edit check worksheet was completed. Reimbursement vouchers appeared to be filed in a timely manner.

Applications for free and reduced price meals and free milks were reviewed for completeness and accuracy. The number of free and reduced price meals and free milks claimed as served for the entire school year was compared to the number of valid applications and/or to the list of directly certified students on file, times the number of operating days, on a school by school basis. The free and reduced price meal and free milk policy is uniformly administered throughout the school system which has only one site and found to be in compliance with all counting and claiming requirements. The required verification procedures for free and reduced price applications were completed and available for review.

Food service employees are provided by the outside food service management company and, therefore, no time sheets are required by the Board of Trustees.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used by an outside food service management company which provides all necessary food and materials needed to serve the daily meals.

The cash disbursements records reflected expenditures for program related goods and services. The charter school utilizes a food service management company, which is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-4.1. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service. Net cash resources did not exceed three months average expenditures. The food service operations are maintained as a shared service by Camden's Promise Charter School and therefore, provisions of an FSMC contract/addendum were not applicable.

Food Distribution Program commodities allocated to the Camden's Pride Charter School, Inc. was received and a single inventory was maintained by the food service management company on a first in, first out basis.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the CAFR.

School Food Service (Continued)

The charter school food service management company is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-4.1. Provisions of the FSMC contract /addendum were reviewed and audited. The FSMC contract includes an operating results provision which guarantees that the food service program shall receive an annual financial return of \$70,000 for the 2014-2015 school year. If the annual financial return for the food service program falls short of the aforementioned amount, the FSMC shall pay the difference to the District in an amount not to exceed One Hundred percent of the annual Management Fee. The FSMC reserves the right to recover any such reimbursement made during the current contract year from that year's Surplus on a monthly basis. This operating results provision has been met.

In accordance with AICPA Statement on Auditing Standards (SAS) #70, as amended by SAS # 88 and SSAE No.16, a report on the Food Service Management Company's control structure, policies and procedures was received. This audit was performed by an independent audit firm.

The board is currently evaluating any food service enhancements or additions that will benefit the students in the future.

Student Body Activities

The Board has a policy, which clearly established the regulation of student activity funds. A monthly report of student activity funds is being submitted to the Board.

Monthly bank reconciliations of the Student Activity Fund account were properly prepared and available for audit.

Enrollment counts and submission to the Department

Our audit procedures included a test of information reported on October 15 and the last day of school for on-roll, special education, bilingual and low income. The details of our test results are included in this report in the *Schedule of Audited Enrollments*. We also performed a review of the School's procedures related to its completion.

Internal controls as they relate to the collection and submission of enrollment counts were documented and deemed sufficient.

Facilities and Capital Assets

Our procedures included a review of the EDA grant agreements, if any, for consistency with recording EDA revenue, transfer of local funds from the general fund or from the capital reserve account, and awarding of contracts for eligible facilities construction.

There were no EDA grant agreements for the fiscal year ending June 30, 2015.

On February 6, 2015, Serial Bonds were issued by the CCIA on behalf of the Camden's Charter School Network, with a portion of the funds utilized to refund the balance of debt on the building transferred from Camden's Pride Charter School.

Follow-up on Prior Years' Findings

In accordance with Government Auditing Standards, which are applicable to NJ Charter Schools, our procedures are to include a review of all prior year audit recommendations to determine that corrective action has been taken on all prior year audit findings. The one prior year audit finding was resolved.

Acknowledgment

We received the complete cooperation of all the officials of the school district, and we greatly appreciate the courtesies extended to the members of the audit team.
