INTRODUCTORY SECTION

BOARD OF EDUCATION

P.O. Box 147
Berkeley Heights, Union County
New Jersey 07922

November 15, 2016

Honorable President and Members of the Board of Education Berkeley Heights School District County of Union, New Jersey

Dear Board Members:

The comprehensive annual financial report of the Berkeley Heights School District for the fiscal year ended June 30, 2016, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Berkeley Heights Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the general purpose financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards; and New Jersey's OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of the report.

1) REPORTING ENTITY AND ITS SERVICES: The Berkeley Heights School District is an independent reporting entity within the criteria adopted by the GASB as established by NCGA Statement No. 3. All funds and account groups of the District are included in this report. The Berkeley Heights Board of Education and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre-K through 12. These services include regular as well as special education for handicapped students. The District completed the 2015-2016 fiscal year with an enrollment of 2,661 students, which is 49 students less than the previous year's enrollment. The average daily enrollment is a compilation of enrollment and attendance data for the entire year. The statistic is different than the enrollment figure for the end of the year which is the actual number of students enrolled. The following details the changes in the student average daily enrollment of the District over the last ten years.

AVERAGE DAILY ENROLLMENT

Fiscal	Student	Percent
Year	Enrollment	Change
2015-16	2,659	(.2%)
2014-15	2,666	(1.1%)
2013-14	2,696	(1.1%)
2012-13	2,725	(2.6%)
2011-12	2,797	(0.6%)
2010-11	2,815	(1.4%)
2009-10	2,854	0.7%
2008-09	2,832	0.2%

2) ECONOMIC CONDITION AND OUTLOOK

The town of Berkeley Heights is a suburban town situated approximately 30 miles west of New York City with easy access to major airports and highways. The town is 6.2 sq. miles and has a population of approximately 13,000 residents. Berkeley Heights is a stable, affluent municipality.

In Money magazine's 2013 Best Places to Live rankings, Berkeley Heights was ranked 6th in the nation, the highest among the three places in New Jersey included in the top 50 list. The magazine's 2007 list had the township ranked 45th out of a potential 2,800 places in the United States with populations above 7,500 and under 50,000.

Berkeley Heights has a total tax base of \$1,811,683,320 and the residential portion of the tax base is 77%. The residential base has remained constant over the past ten years while the commercial base has been affected by changes in the economy. The total equalized value has fluctuated over the past ten years and is slightly less than it was ten years ago.

3) MAJOR INITIATIVES

The community values education and the school district continues to evaluate its educational program and make improvements to the educational experience. The curriculum has been revised to reflect new state standards and to keep pace with community expectations regarding student achievement. Additional AP courses have been added to the high school schedule. The STEM curriculum has been expanded and opportunities for students to participate in STEM activities have increased. Each year the district upgrades aspects of its technology infrastructure and improves and increases it inventory of technology equipment.

The high school continues to be a high performing school with 95% of its graduates going on to higher education. Advanced placement courses are offered in 23 subject areas. The class of 2016 had 41 AP Scholars, 24 AP Scholars with Honors, 45 AP Scholars with Distinction, and 17 National Scholars. The average SAT score is 539 for reading, 563 for math and 539 for writing. The class of 2016 had 1 National Merit Scholar, 1 semi-finalist and 20 commended students.

The district continues to make upgrades to the school facilities. The district took advantage of the ROD grants offered by the NJSDA to make major improvements to the toilet rooms at three schools, and boiler replacement, roof repairs and exhaust fan replacement at the middle school. The state will reimburse the district for 40% of these building improvements.

4) INTERNAL ACCOUNT CONTROLS

Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the district are protected from loss, theft or misuse and to ensure that adequate account data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived: and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5) **BUDGETARY CONTROLS**:

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund and special revenue fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

Budget Analysis Reports are reviewed regularly to identify any anticipated deficits to any expense or revenue account. Transfers between accounts are approved at monthly meetings to ensure that accounts are not over-expended.

An Encumbrance account system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriation of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2016.

6) ACCOUNTING SYSTEMS AND REPORTS:

The District's account records reflect generally accepted accounting principles, as promulgated by the Governmental Account Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.

7) DEBT ADMINISTRATION:

Under provisions of New Jersey statutes, school districts may not incur indebtedness greater than 4% of the average equalized valuation of taxable property. At June 30, 2016, the District's outstanding debt issues are well below the legal debt margin. The District continues to be committed to providing the debt rating agencies and all other interested parties with annual audited financial statements and other pertinent credit information relevant tour outstanding securities.

9) CASH MANAGEMENT:

Bank balances are insured up to \$250,000 in the aggregate by the Federal Deposit Insurance Corporation for each bank. In addition, the State of New Jersey Unit Deposit Protection Act insures the remaining balance of funds on deposit in registered depositories.

The Berkeley Heights Board of Education maintains an on line computerized accounting system to record all financial transactions. During the fiscal year, financial reports are prepared monthly and are distributed to the Board of Education Members. The reports detail the monthly transaction and detail the appropriation balance.

10) RISK MANAGEMENT:

The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds. Recently coverage for cyber liability and pollution were added to our range of coverage.

11) OTHER INFORMATION:

a) Independent Audit - State statues require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Suplee, Clooney & Co., was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance") and New Jersey's OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid The auditor's report on the general purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

12) ACKNOWLEDGMENTS: We would like to express our appreciation to the members of the Berkeley Heights School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

Judith A Rattner

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Education Township of Berkeley Heights School District County of Union Berkeley Heights, New Jersey 07922

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Township of Berkeley Heights School District, County of Union, New Jersey as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, audit requirements prescribed by the Division of Finance, Department of Education, State of New Jersey and the provisions of State of New Jersey OMB Circular 15-08 "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid." Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

SUPLEE, CLOONEY & COMPANY

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Township of Berkeley Heights School District, County of Union, New Jersey as of June 30, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison information in Exhibit C-1 through C-3 and the schedules related to accounting and reporting for pensions in Exhibit L-1 through L-4 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information or provide any assurance.

SUPLEE, CLOONEY & COMPANY

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township of Berkeley Heights School District's basic financial statements. The accompanying supplementary information schedules such as the combining and individual fund financial statements and the Schedules of Expenditures of Federal Awards and State Financial Assistance, as listed in the table of contents, as required by New Jersey's OMB Circular 15-08, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid," and the State of New Jersey, Department of Education, Division of Finance, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplementary information schedules such as the combining and individual fund financial statements and the Schedules of Expenditures of Federal Awards and State Financial Assistance, as listed in the table of contents, as required by New Jersey's OMB Circular 15-08, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid," and by the State of New Jersey, Department of Education, Division of Finance is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The other information, such as the introductory and statistical sections, has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express on opinion or provide any assurance on it.

Prior Period Financial Statements

The financial statements of the Township of Berkeley Heights School District, County of Union, New Jersey as of June 30, 2015 were audited by other auditors whose report dated December 9, 2015 expressed an unmodified opinion on those statements.

SUPLEE, CLOONEY & COMPANY

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 15, 2016 on our consideration of the Township of Berkeley Heights School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Township of Berkeley Heights School District's internal control over financial reporting and compliance.

CERTIFIED PUBLIC ACCOUNTANTS

November 15, 2016

REQUIRED SUPPLEMENTARY INFORMATION – Part I

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2016 UNAUDITED

The discussion and analysis of the Township of Berkeley Heights School District's (the District) financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2016. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the District's financial performance.

Management's Discussion and Analysis (MD&A) is an element of Required Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34 – Basic Financial Statements-Management's Discussion and Analysis-for the State and Local Governments issued in June 1999. Certain comparative information between the current fiscal year (2015-2016) and the prior fiscal year (2014-2015) is required to be presented in the MD&A.

Financial Highlights

Key financial highlights for 2016 are as follows:

- The state continues to delay the final two state aid payments into the subsequent budget year. Therefore, the final two payments were not reflected on the GAAP basis financial statements for the 2015/2016 school year. The amount of the deferred state aid payments, which were received in July 2016, is \$108,835.
- General revenues accounted for \$41,245,603 or 65% of all revenues. Program specific revenues in the form of charges for services and operating/capital grants and contributions accounted for \$21,779,307 or 35% of all revenues.
- The District had \$61,769,234 in expenses that were adequately provided for by general revenues consisting primarily of state aid and property taxes.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2016 UNAUDITED

The Statement of Net Position and Statement of Activities provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other non-major funds presented in total in one column. In the case of the district, the General Fund is by far the most significant fund.

Reporting the District as a Whole

Statement of Net Assets and the Statement of Activities

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2016?" The Statement of Net Position and the Statement of Activities answers this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting takes into account, all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the District's net position and changes in those assets. This change in net assets is important because it tells the reader that, for the school district as a whole, the financial position of the District has improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the District is divided into two distinct kinds of activities:

- Government Activities All of the District's programs and services are reported here including instruction, support services, operation and maintenance of plant facilities, student transportation and extracurricular activities.
- Business-Type Activities This service is provided on a charge for goods or services basis to recover all the expenses of the goods or services provided. The Food Service program is reported a business activity.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2016 UNAUDITED

Reporting the District's Most Significant Funds

Fund Financial Statements

Fund Financial reports provide detailed information about the District's funds. The District uses many funds to account for a multitude of financial transactions. The District's governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund

Governmental Funds

The District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Enterprise Fund

The enterprise fund uses the same basis of accounting as business-type activities. These statements closely resemble financial statements of a private sector business entity.

The School District as a Whole

Recall that the Statement of Net Assets provides the perspective of the District as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2016 UNAUDITED

Table 1 provides a comparative summary of the District's net assets for 2016 and 2015.

Table 1 Net Assets

	2040	(As restated)
	<u>2016</u>	<u>2015</u>
Assets	00 744 045 44	
Current and Other Assets	\$8,714,245.11	\$5,862,990.00
Capital Assets	60,839,348.32	60,988,369.00
Total Assets	69,553,593.43	66,851,359.00
Deferred Outflows:		
Related to Pensions	3,096,472.00	431,162.00
	3,096,472.00	431,162.00
Liabilities		
Other Liabilities	4,658,114.43	1,962,566.00
Long-Term Liabilities	34,246,531.93	32,363,750.00
Total Liabilities	38,904,646.36	, 34,326,316.00
Deferred Inflows:		
Related to Pensions	304,675.00	770,752.00
Net Position		
Net Investment in Capital Assets	43,937,067.97	41,730,079.00
Restricted	2,511,511.32	3,025,633.00
Unrestricted(Deficit)	(13,007,835.22)	(12,570,259.00)
Total Net Position	\$33,440,744.07	\$32,185,453.00
	Window http://www.indows.com/	C

The District's combined net position was \$33,440,744.07 on June 30, 2016. The District's investment in capital assets is shown net of any related debt used to acquire those assets.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2016 UNAUDITED

Table 2 shows changes in net assets for fiscal years 2016 and 2015.

Table 2 Changes in Net Assets

		(As restated)
	<u>2016</u>	<u>2015</u>
Revenues		
Program Revenues:		
Charges for Services	\$6,895,202.22	\$5,822,126.00

Other	1,795,967.82	13,895,262.00
Total Expenses	61,769,234.40	53,021,308.00
Increase/ (Decrease) in Net Position	\$1,255,675.72	(\$568,927.00)

Both revenues and expenses increased mainly as a result of the district recognizing a larger onbehalf TPAF contribution as a revenue and as an expense based upon the State's Actuarial report

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2016 UNAUDITED

Government Activities

The nature of funding public education primarily through property taxes in New Jersey creates the legal requirements to annually seek voter approval for the School District budget. Property taxes made up 65 percent of revenues for governmental activities in the District. There was a \$1,131,098 increase in property taxes or 2.90 percent from the prior year. The District's total revenues were \$62,007,540 for the year ended June 30, 2016.

Instruction comprises 63 percent of district expenses. Support services make up 34 percent of the district expenses and other services and expenses make up 3 percent.

Business-Type Activities

Revenues for the District's business-type activities were comprised of charges for services and operating grants and contributions in the food service program. The Board of Education continues to work to increase sales in the program and reduce operating costs. The Board has opted out of the State sponsored Child Nutrition Program which limits the price of lunches and restricts types and sizes of offerings. The cafeterias located in each school building offer flexibility in food selection, menu offerings and pricing that meets the needs of the students. The following are some of our major business type activity results.

- Business type expenses exceeded revenues by \$38,104.
- Revenues consist of \$990,352 in operating revenue from charges for services and \$27,017 in non-operating revenue from other sources.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2016 UNAUDITED

Table 3 shows the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

Table 3 Net Cost of Services

		(As restated)		(As restated)
	Total Cost of	Total Cost of	Net Cost of	Net Cost of
	Services 2016	Services 2015	Services 2016	Services 2015
Instruction	\$38,484,218.08	24,494,347.00	\$21,355,648.29	22,029,559.00
Support Services:

Student Transportation	1,856,028.85	1,679,481.00	1,653,118.34	1,679,481.00
Other	1,753,824.94	2,038,526.00	705,024.29	2,038,526.00
Business-Type Activities	978,879.60	900,400.00	(11,472.23)	14,531.00
Total Net Cost of Services	\$61,727,091.52	\$43,164,572.00	\$38,899,853.99	\$39,708,218.00

Instruction expenses include activities directly dealing with the teaching of students and the interaction between teacher and student, including extracurricular activities. Tuition paid to other schools for regular and special education students is also included here.

Students and instruction related include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration, and central services include expenses associated with administrative and financial management of the District.

Operation and maintenance of facilities involve keeping the school grounds, buildings and equipment in an effective operating condition.

Student transportation includes activities with the conveyance of special education students to and from school, school activities and athletic events, as provided by state law.

"Other" includes unallocated depreciation and interest on long term debt.

Business-Type activities include activities in the food service program.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2016 UNAUDITED

The School District's Funds

All governmental funds (i.e., general fund, special revenue fund, capital projects fund, and debt service fund presented in the fund-based statements) are accounted for using the modified accrual basis of accounting. Total revenues amounted to \$43,106,389 and expenditures were \$42,382,285.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management, which required significant budget adjustments to contend with state aid reductions. The following schedules, which do not include the Capital Project Fund's activity, present a summary of the revenues of the governmental funds for the fiscal year ended June 30, 2016, and the amount and percentage of increase or decrease in relation to prior year revenues.

			Increase(Decrease)	Percent Increase
Revenues	<u>Amount</u>	Percent of Total	from FY 2015	(Decrease)
Local Sources	\$46,477,479.64	83.87%	\$1,668,789.64	5.88%
State Sources	8,248,467.56	14.88%	1,301,611.56	5.14%
Federal Sources	691,152.73	1.25%	120,667.73	8.16%
Total	\$55,417,099.93	100.00%	\$3,091,068.93	5.60%

The following schedule represents a summary of general fund, special revenue fund, and debt service fund expenditures for the fiscal year ended June 30, 2016, and the percentage of increases and decreases in relation to prior year amounts.

Expenditures	Amount	Percent of Total	Increase(Decrease) from FY 2015	Percent Increase (Decrease)
Current:				
Instruction	\$22,644,935.34	41.12%	\$162,347.34	0.71%
Support Services	28,540,892.56	51.83%	863,181.56	2.94%
Capital Outlay	1,590,526.51	2.89%	445,349.51	21.88%
Debt Service	2,294,612.50	4.17%	1,548,352.50	40.29%
Total	\$55,070,966.91	100.00%	\$3,019,230.91	5.61%

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2016 UNAUDITED

General Fund Budgeting Highlights

The District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

Over the course of the year, the Board of Education, when appropriate, approved budget transfers to keep accounts in balance. Transfers to the budget were made to accurately reflect expenditures according to state guidelines and prevent over-expenditures in specific line item accounts. These revisions bear notation:

• TPAF, which is the State's contribution to the pension fund, post-retirement benefits and the employer's share of FICA costs, is neither a revenue or expenditure item in the budget; however, the School District is required to present this information in the revenue and expenditure sections of the report.

Debt Administration

At June 30, 2016, the District had \$34,246,532 of outstanding long-term liabilities. Of this amount, \$1,881,149 is for compensated absences; \$1,604,280 for capital leases, \$14,651,103 of net pension liability and \$16,110,000 of serial bonds for school construction.

Capital Assets

At the end of the fiscal year 2016, the District had a net of \$43,937,068 invested in land, building and building improvements, and machinery and equipment. Table 4 shows fiscal year 2016 balances compared to 2015.

Table 4
Capital Assets (Net of Depreciation)

	<u>2016</u>	<u>2015</u>	
Governmental Activities Capital Assets, Net:			
Land	\$14,043,000.00	\$14,043,000.00	
Land Improvements	502,031.70	396,455.90	
Building and Building Improvements	44,904,716.34	45,237,795.56	
Machinery and Equipment	1,351,854.28	1,311,117.35	
Total Governmental Activities Capital Assets, Net	60,801,602.32	60,988,368.81	
Business Type Activities Capital Assets, Net:			
Machinery and Equipment	37,746.00	48,895.00	
Total Business Type Activities Capital Assets, Net:	37,746.00	48,895.00	
Total Capital Assets, Net	\$60,839,348.32	\$61,037,263.81	

Overall net capital assets decreased by \$197,915 from fiscal year 2015 to fiscal year 2016.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2016 UNAUDITED

For the Future

The Berkeley Heights School District has been and continues to utilize sound accounting practices during a period of uncertainty in State funding. The state imposed cap on property tax increases of 2% has effected how the district budgets and plans for current and future expenses.

The audit for the 2015/2016 school year reflects the accounting requirements of GASB #68. The CAFR has been revised to account for the net pension liability, pension related deferred inflows/outflows and actual pension expense. The schedules summarizing this information are in the L section of the audit. This new information impacts the information shown in Table 2 - Change in Assets and the information presented in Schedule A.

Enrollment in the Berkeley Heights School District remained constant in the 2015/2016 school year. The special education enrollment has remained constant overall, but there has been a decrease in the number of students in out of district placements. Although enrollment has remained fairly constant, addressing new programs, changing testing platforms and classroom requirements continues to be a challenge in relation to available resources.

There is increased emphasis on improving student achievement and increasing the number of STEAM opportunities. The district continually evaluates it curriculum and has made changes to be upgrade the curriculum to meet the next generation science standards.

The PARCC test is administered on-line. This requirement has caused the district to upgrade the technology in the classroom and the technology infrastructure to support the additional devices used in the classroom. The district continues its implementation of a 1:1 iPad initiative and now all high school and middle school students have iPads. The district has added to the number of devices at the elementary schools.

The Berkeley Heights School District is committed to improving the school facilities and each year takes on various facilities maintenance projects. During the 2015/2016 school year the district used state funding to make roof repairs, replace exhaust fans and replace bathrooms at various schools. Additionally, classroom flooring was replaced, classroom and hallway ceilings were replaced and exterior improvements were undertaken, including concrete and paving repairs.

Fortunately, the Berkeley Heights School District has entered this period of time with a strong and prudent budget. We continually monitor costs and look for ways to do things more efficiently and look for opportunities to share services. As a way of addressing the budget constraints and a 2% tax levy increase, the district has entered into short term lease agreements for the purchase of technology, instructional, maintenance and transportation equipment.

Contacting the School District's Financial Management Office

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have any questions about this report or need additional information contact: Donna Felezzola, Business Administrator/Board Secretary, Berkeley Heights Board of Education, 345 Plainfield Avenue, Berkeley Heights, NJ 07922. Also, please visit our website to learn more about our School District.

BASIC FINANCIAL STATEMENTS

The basic financial statements provide a financial overview of the District's operations. These financial statements present the financial position and operating results of all funds as of June 30, 2016.

DISTRICT-WIDE FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities display information about the District. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the District.

TOWNSHIP OF BERKELEY HEIGHTS SCHOOL DISTRICT RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2016

Total net change in fund balances - governmental funds (from B-2)		Ŧ	\$	435,918.14
Amounts reported for governmental activities in the statement of activities (A-2) are different because:		·		
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period				
Depreciation expense Capital outlays Less: Capital outlays not capitalized	\$	(1,492,668.49) 1,590,526.51 (751,073.31)		(653,215.29)
Proceeds from debt issues are a financing source in governmental funds. They are not revenue in the statement of activities; issuing debt increases long-term liabilities in the statement of net position.				(033,213.29)
Capital lease proceeds				(158,928.00)
Repayment of long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position and is not reported in the statement of activities.				
Payment of capital lease principal Payment of bond principal	_	523,275.65 1,565,000.00		2,088,275.65
In the statement of activities, interest on long-term debt is accrued, regardless of when due. In governmental funds, interest is reported when due. The accrued interest is an increase in the reconciliation.				
Decrease in accrued interest payable				37,011.22
District pension contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension liability is measured a year before the District's report date. Pension expense, which is the change in the net pension liability adjusted for changes in deferred outflows and inflows of resources related to pensions, is reported in the Statement of Activities.				
District pension contributions Less: Pension expense	_	564,314.99 (1,075,892.00)	-	(511,577.01)
In the statement of activities, certain expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).				
Decrease in compensated absences payable				(20,298.58)
Change in net position of governmental activities			\$	1,217,186.13

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Berkeley Heights School District (the "District") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below:

Reporting Entity

The School District is a Type II District located in Union County, New Jersey. The School District is an instrumentality of the State of New Jersey, established to function as an educational institution. The Berkeley Heights School District is governed by a seven member board and one sending district member. A superintendent is appointed by the Board and is responsible for the administrative control of the District.

The primary criterion for including activities within the District's reporting entity, are set forth in Statement No. 39 of the Governmental Accounting Standards Board entitled "Determining Whether Certain Organizations are Component Units" (GASB 39) as codified in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards.

Organizations that are legally separate, tax-exempt entities and that meet *all* of the following criteria should be discretely presented as component units:

- 1. The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government.
- 2. The primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources of the organization.
- 3. The economic resources received or held by an *individual organization* that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government. The financial statements include all funds of the District over which the Board exercises operating control.

The operations of the District include kindergarten through high school education. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation

The District's basic financial statements consist of District-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

District-Wide Statements: The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish generally between the governmental and business-type activities of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of net position presents the financial condition of the governmental and business-type activities of the District at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirement of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the District.

Fund Financial Statements: During the fiscal year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements are presented for each fund category-governmental, proprietary, and fiduciary. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE as the oversight entity believes that the presentation of all funds as major is important for the public interest and to promote consistency among District financial reporting models.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Funds

General Fund The general fund is the general operating fund of the District and is used to account for all expendable financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non instructional equipment which are classified in the capital outlay sub-fund.

As required by the New Jersey Statement Department of Education, the District includes budgeted capital outlay in this fund. U.S. Generally Accepted Accounting Principles as they pertain to governmental entities state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues. Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes, and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to the current expense by Board resolution; in certain instances approval by the County Superintendent of Schools may also be required.

Special Revenue Fund The special revenue fund is used to account for the proceeds of specific revenue sources from State and Federal Government (other than those for major capital projects, debt service or proprietary funds) and local appropriations that are legally restricted to expenditures for specified purposes.

<u>Capital Projects Funds</u> The capital projects fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

<u>Debt Service Fund</u> The debt service fund is used to account for the accumulation of resources for, and the payment of principal and interest on debt issued to finance major property acquisition, construction and improvement programs.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Proprietary Funds

Enterprise Fund The enterprise fund accounts for all revenues and expenses pertaining to the District's Food Service program operations. These funds are utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (*i.e.* expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

Fiduciary Funds

Agency Funds The agency funds are used to account for assets held by the District on behalf of outside parties, including other governments, or on behalf of other funds within the District. The agency funds included are as follows:

<u>Payroll and Student Activities Funds</u> These are agency funds used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

<u>Unemployment Insurance Trust Funds</u> An expendable trust fund used to account for unemployment compensation claims as they arise.

<u>Scholarship Fund</u> - This expendable trust is used to account for donations received that are for student scholarships.

Basis of Accounting-Measurement Focus

Basis of accounting determines when transactions are recorded in the financial records and reported in the financial statements.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting-Measurement Focus (Continued)

District-Wide, Proprietary, and Fiduciary Fund Financial Statements. The District-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of unearned revenue, and in the presentation for expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available.

The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable". Revenue from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transactions can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds from the issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

All governmental and business type activities and enterprise funds of the District follow FASB Statements and Interpretations issued on or before November 30, 1989, Account Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office. In accordance with P.L. 2011, c. 202, which became effective January 17, 2012, the District elected to move the School Board election to the date of the November general election thereby eliminating the vote on the annual base budget unless required by the mandated State budget CAP. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23-2.2(f)1. Expenditures may not legally exceed budgeted appropriations at the line item level. All budget amendments and transfers must be approved by School Board resolution. Budget amendments during the year ended June 30, 2016 totaled \$273,,791.00, representing the use extraordinary aid.

All budget amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year).

Appropriations, except remaining project appropriations, encumbrances, and unexpended grant appropriations, lapse at the end of each fiscal year. The capital projects fund presents the remaining project appropriations compared to current year expenditures. Formal budgetary integration into the accounting system is employed as a management control device during the fiscal year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles (GAAP) with the exception of the legally mandated (NJSA 18A:22-44.2) revenue recognition of deferred State Aid payments for budgetary purposes only and the accounting treatment of encumbrances in the special revenue fund as described below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognized encumbrances as expenditures and also recognizes the related revenues; whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial records.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Encumbrance Accounting

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditures of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as assigned fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue and capital project funds for which the District has received advances are reflected in the balance sheet as unearned revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

Interfunds

Interfund receivables and payables arise from transactions between particular funds and are considered short term in duration. The interfund transactions are recorded by all funds affected in the period in which the transactions are executed and are part of the district's available expendable resources.

Inventories and Prepaid Expenses

Inventories of materials and supplies held for consumption in the governmental funds are recorded as expenditures at the time of purchase and year end balances are not reported in the financial statements.

Inventories of food and/or supplies in the food service fund are recorded at cost on a first-in, first-out basis.

Prepaid expenses which benefit future periods, other than those recorded in the enterprise fund, are recorded as expenditures in the year of purchase.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

The District has an established formal system of accounting for its capital assets. Capital Assets used for governmental purposes, which include land, buildings and improvements and furniture and equipment, are only reported in the district-wide financial statements. The District generally defines capital assets as assets with an initial cost of \$2,000.00 or more and an estimated useful life in excess of one year. Purchased or constructed capital assets are reported at cost. Donated capital assets are valued at their acquisition value on the date received. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

In fiscal year 2016, the District implemented GASB 72 The objective of this Statement is to improve financial reporting by clarifying the definition of fair value for financial reporting purposes, establishing general principles for measuring fair value, providing additional fair value application guidance, and enhancing disclosures about fair value measurements. These improvements are based in part on the concepts and definitions established in Concepts Statement No. 6, Measurement of Elements of Financial Statements, and other relevant literature.

Capital assets are depreciated in the district-wide statements using the straight-line method over the following estimated useful lives:

	<u>Estimated</u>
School Buildings	40
Building Improvements	20
Electrical/Plumbing	30
Vehicles	8
Office and Computer Equipment	5-10
Instructional Equipment	10
Grounds Equipment	15

Compensated Absences

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences." A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy and/or collective bargaining unit contracts. Upon termination, employees are paid for accrued vacation. Sick leave benefits provide for ordinary sick pay and begin vesting with the employee after four years of service.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences (Continued)

The liability for compensated absences was accrued using the termination payment method, whereby the liability is calculated based on the amount of sick leave and vacation days that are expected to become eligible for payment upon termination. The District estimates its accrued compensated absences liability based on the accumulated sick and vacation days at the balance sheet date by those employees who are currently eligible to receive termination payments.

For the district-wide statements, the current portion is the amount estimated to be used in the following year. For the governmental funds in the fund financial statements, a liability is reported only for to the extent of the amount actually due at year end as a result of employee resignations/retirements. Compensated absences are a reconciling item between the fund level and district-wide presentations.

Fund Equity

Fund balance restrictions are used to indicate that portion of the fund balance that is not available for expenditures or is legally segregated for a specific future use. Designation of portions of the fund balances are established to indicate tentative plans for financial utilization in a future period. The unassigned fund balances represent the amount available for future budgetary operations.

Unassigned net position represents the remains of the District's equity in the cumulative earnings of the proprietary fund.

Unearned Revenue

Unearned revenue in the special revenue and capital projects funds represents funds which have been received but not yet earned. A corresponding accounts receivable has also been established for any open encumbrances at year end which is an allowable practice under generally accepted accounting principles.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the district-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Long term debt is recognized as a liability on the fund financial statements when due.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Position

GASB 63 provides guidance for reporting net position in the statement of financial position and related disclosures. Net Position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

Fund Balance

Under GASB 54, in the fund financial statements, governmental funds report the following classifications of fund balance:

Non-Spendable – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.

<u>Restricted</u> – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation. The District reports the Capital Reserve and Excess Surplus as Restricted Fund Balance.

<u>Committed</u> – includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to resolutions passed by the Board of Education, the District's highest level of decision making authority. Commitments may be modified or rescinded only through resolutions approved by the Board of Education.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance Reserves (Continued)

<u>Assigned</u> – includes amounts that the District intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Under the District's policy, amounts may be assigned by the Business Administrator. The District reports Year End Encumbrances as Assigned Fund Balance. The District reports amounts Designated for Subsequent Year's Expenditures as Committed Fund Balance.

<u>Unassigned</u> - is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balance are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

Revenues, Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, "available" means within sixty days of the fiscal year end.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenues Exchange and Non-Exchange Transactions (Continued)

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from property taxes is recognized in the period in which the income is earned. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at fiscal year-end: property taxes available as an advance, interest, and tuition.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the District, these revenues are sales and program fees in the Enterprise Funds. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the enterprise fund.

Allocation of Indirect Expenses

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of the program. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities.

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Extraordinary and Special Items

Extraordinary items are transactions or events that are unusual in nature and infrequent of occurrence. Special items are transactions or events that are within control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

Management Estimates

The preparation of financial statements in conformity with GAAP requires management to make assumptions that affect the amounts reported as revenue and expenditures/expenses during the reporting period. These estimates may differ from actual results.

Accounting and Financial Reporting for Pensions

In the district-wide financial statements for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the District's proportionate share of the New Jersey Public Employees Retirement System ("PERS") and the Teachers' Pension and Annuity Fund ("TPAF") and the additions to/deductions from these retirement systems' fiduciary net position have been determined on the same basis as they were reported by PERS and TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

In the governmental fund financial statements the year end net pension liability is not required to be reflected. Pension related revenues and expenditures are reflected based on amounts that are normally expected to be liquidated with available financial resources for required pension contributions. Expenditures for PERS are recognized based upon billings made by the State of New Jersey due April 1st of each fiscal year. TPAF contributions are paid on the District's behalf by the State of New Jersey. The governmental fund financial statements reflects both a revenue and expense for this pension contribution.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Currently, the District has one item that qualifies for reporting in this category, deferred amounts related to pensions.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Currently, the District has only one item that qualifies for reporting in this category, deferred amounts related to pensions.

NOTE 2: CASH, CASH EQUIVALENTS AND INVESTMENTS

Deposits

New Jersey statutes permit the deposit of public funds in public depositories which are located in New Jersey and which meet the requirements of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a savings bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statutes also require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. Each depository participating in the GUDPA system must pledge collateral equal to 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of 75% of its capital funds. No collateral is required for amounts covered by FDIC insurance. The collateral which may be pledged to support these deposits includes obligations of the State and federal governments, insured securities and other collateral approved by the Department. When the capital position of the depository deteriorates or the depository takes an unusually large amount of public deposits, the Department of Banking and Insurance requires additional collateral to be pledged. Under (GUDPA), if a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of the deposits to the governmental unit.

NOTE 2: CASH, CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

Deposits (Continued)

<u>Custodial Credit Risk - Deposits</u> - Custodial credit risk is the risk that in the event of a bank failure, the deposits may not be returned. The District does not have a specific deposit policy for custodial credit risk other than those policies that adhere to the requirements of statute. As of June 30, 2016, based upon the coverage provided by FDIC and NJGUDPA, \$-0- of cash equivalents was exposed to custodial credit risk. Of the \$7,941,338.08 cash and cash equivalents on deposit, \$552,902.61 was covered by Federal Depository Insurance, \$7,388,435.47 was covered under the provisions of NJGUDPA.

As of June 30, 2016, cash and cash equivalents of the District consisted of the following:

	Bank	Reconci	Reconciled	
Fund Type:	<u>Balance</u>	<u>Additions</u>	<u>Deletions</u>	Balance
			•	
Governmental	\$6,487,490.76	\$7.26	\$1,480,443.97	\$5,007,054.05
Proprietary	2,502.13	0.00	0.00	2,502.13
Fiduciary	1,451,345.19	22.09	57,410.45	1,393,956.83
	\$7,941,338.08	\$29.35	\$1,537,854.42	\$6,403,513.01

Investments

The types of investments which may be purchased by the District are strictly limited by the express authority of the N.J.S.A. 18A:20-37 Education, Administration of School Districts. Permitted investments include any of the following type of securities:

1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;

NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

Investments (Continued)

- 2. Government money market mutual funds which are purchased from an investment company or investment trust which is registered with the Securities and Exchange Commission under the "Investment Company Act of 1940," 15 U.S.C. 80a1 et seq., and operated in accordance with 17 C.F.R. § 270.2a7 and which portfolio is limited to U.S. Government securities that meet the definition of an eligible security pursuant to 17 C.F.R. § 270.2a7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 18A:20-37. These funds are also required to be rated by a nationally recognized statistical rating organization.
- 3. Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- 4. Bonds or other obligations of the Local Unit or bonds or other obligations of school districts of which the Local Unit is a part or within which the school district is located.
- 5. Bonds or other obligations, having a maturity date not more than 397 days from date of purchase, approved by the Division of Investment of the Department of Treasury for investment by School Districts;
- 6. Local government investment pools that are fully invested in U.S. Government securities that meet the definition of eligible security pursuant to 17 C.F.R. § 270a7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 18A:2037. This type of investment is also required to be rated in the highest category by a nationally recognized statistical rating organization.
- 7. Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 C. 52:18A-90.4); or

NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

Investments (Continued)

- 8. Agreements for the repurchase of fully collateralized securities if:
 - a. the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection;
 - b. the custody of collateral is transferred to a third party;
 - c. the maturity of the agreement is not more than 30 days;
 - d. the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 C. 17:1941); and
 - e. a master repurchase agreement providing for the custody and security of collateral is executed.

At June 30, 2016, the District had no outstanding investments that were not considered "cash equivalents".

Based upon the limitation set forth by New Jersey Statutes 18A:20-37 and its existing investment practices, the District is generally not exposed to credit risks, custodial credit risks, concentration of credit risks and interest rate risks for its investments, nor is it exposed to foreign currency risks for its deposits and investments.

NOTE 3: CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2016, was as follows:

	Beginning		Transfers/	Ending
	<u>Balance</u>	Additions	Deletions	Balance
Governmental Activities:				
Capital assets not being depreciated:				
Land	\$14,043,000.00			\$14,043,000.00
Total Capital Assets not				
being depreciated	14,043,000.00			14,043,000.00
			\$	
Land Improvements	2,804,851.00	158,265.00		2,963,116.00
Buildings & Building Improvements	64,715,549.00	840,645.00		65,556,194.00
Machinery & Equipment	3,755,375.00	306,992.00	4117	4,062,367.00

Total Depreciation	(36,959.00)	(11,149.00)		(48,108.00)
Total Proprietary Fund Activities	\$48,895.00	(\$11,149.00)		\$37,746.00

NOTE 3: CAPITAL ASSETS (CONTINUED)

Depreciation expense was charged to functional expenses areas of the District as follows:

п	netri	ICTIO	n.
ı	nstru	ましいし	11.

Regular	\$138,159.46
Support services:	
Student & instruction related services	1,093.66
Central Services/Technology	1,527.20
Plant operations and maintainance	37,830.35
Pupil transportation	43,323.25
Direct Expense of various functions	1,270,734.57

\$1,492,668.49

NOTE 4: LONG-TERM LIABILITIES

Bonds are issued by the District pursuant to the provisions of Title 18A, Education, of the New Jersey Statutes and are required to be approved by the voters of the municipality through referendum. The proceeds of bonds are recorded in the Capital Projects Fund and are restricted to the use for which they were approved in the bond referendum. All bonds are retired in annual installments within the statutory period of usefulness.

School Bonds issued by the District are entitled to and benefit from the provision of the New Jersey School Board Reserve Act P.L. 1980 c.72. Basically, funds are held by the State of New Jersey within its State Fund for the Support of Free Public Schools as a school bond reserve pledged by law to secure payment of principal and interest due on such bonds in the event of the inability of the issuer to make payments.

NOTE 4: LONG-TERM LIABILITIES (CONTINUED)

Debt Capacity

Under New Jersey Statutes the District may incur debt in an amount not to exceed 4% of the averaged equalized valuation basis of real property. For the fiscal year ended June 30, 2016, the District borrowing capacity under N.J.S. 18A:24-19 is as follows:

	Equalized
	Valuation of
<u>Year</u>	Real Property
2015	\$3,216,617,924
2014	3,127,988,857
2013	3,178,092,791
	\$9,522,699,572
Average equalized valuation	\$3,174,233,191
School borrowing margin	
(4% of \$3,174,233,191)	\$126,969,328
Net school debt as of June 30, 2016	16,110,000
School borrowing power available	\$110,859,328

NOTE 4: LONG-TERM LIABILITIES (CONTINUED)

The following is a summary of transactions that affect long-term liabilities for the year ended June 30, 2016:

	Balance,			Balance,	Due Within
	June 30, 2015	Additions	Reductions	June 30, 2016	One Year
Bonds Payable	\$17,675,000.00		(\$1,565,000.00)	\$16,110,000.00	\$375,000.00
Compensated Absence	1,860,850.00	20,298.58		1,881,148.58	
Net Pension Liability	11,512,344.00	3,138,759.00		14,651,103.00	
Capital Leases Payable	1,315,556.00	812,000.00	(523,275.65)	1,604,280.35	496,525.30
Tabel	#20 202 7F0 DA	¢2.074.0E7.E0	(#0 000 07E 0E)	#04 040 F04 00	CD74 FOF 20
Total	\$32,363,750.00	\$3,971,057.58	(\$2,088,275.65)	\$34,246,531.93	<u>\$871,525.30</u>

Debt Service Requirements

The annual requirements to amortize all debt outstanding as of June 30, 2016, including interest payments on issued debt, are as follows:

Fiscal Year			
<u>June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$1,585,000.00	\$664,400.00	\$2,249,400.00
2018	1,615,000.00	623,075.00	2,238,075.00
2019	1,635,000.00	575,225.00	2,210,225.00
2020	1,705,000.00	509,975.00	2,214,975.00
2021	1,760,000.00	426,650.00	2,186,650.00
2022-2026	7,810,000.00	1,089,850.00	8,899,850.00
	\$16,110,000.00	\$3,889,175.00	\$19,999,175.00

NOTE 4: LONG-TERM LIABILITIES (CONTINUED)

General obligation school and refunding bonds payable with their outstanding balances are comprised of the following individual issues:

<u>Issue</u>	Amount Outstanding June 30, 2016
\$4,005,000.00 in 2009 Refunding Bonds due in remaining annual installments of between \$375,000.00 and \$385,000.00 ending August, 2021 with interest between 4.000% to 5.000%	\$2,295,000.00
\$13,970,000.00 in 2014 Refunding Bonds due in remaining annual installments of between \$1,210,000.00 and \$1,500,000.00 ending November, 2026 with interest between 2.000% to 5.000%	13,815,000.00

\$16,110,000.00

Capital Leases Payable

The District is leasing technology infrastructure, buses and technology equipment under capital leases. The capital leases are for terms up to five years. The following is a schedule of the future minimum lease payments under the capital leases and the present value of the net minimum lease payments at June 30, 2016:

Fiscal Year Ended	
<u>June 30,</u>	<u>Amount</u>
2017	\$510,701.25
2018	510,701.25
2019	395,904.36
2020	162,186.35
2021	68,564.06
Total Minimum Lease Payments Less: Amount Representing	1,648,057.27
Interest	(43,776.92)
Present Value of Lease Payments	\$1,604,280.35

NOTE 5: PENSION PLANS

<u>Description of Plans</u> All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Teachers' Pension and Annuity Fund (TPAF) The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS) The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provision of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state administered retirement system or other state or local jurisdiction.

<u>Defined Contribution Retirement Program (DCRP)</u> The Defined Contribution Retirement Program (DCRP) was established under the provision of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 to provide coverage elected and certain appointed officials, effective July 1, 2007. Membership is mandatory for such individuals with vesting occurring after one year of membership.

NOTE 5: PENSION PLANS (CONTINUED)

Significant Legislation

Effective June 28, 2011, P.L. 2011, c. 78 enacted certain changes in the operations and benefit provisions of the TPAF and the PERS systems.

Pension Plan Design Changes

Effective June 28, 2011, P.L. 2011, c. 78, new members of TPAF and PERS, hired on or after June 28, 2011, will need 30 years of creditable service and have attained the age of 65 for receipt of the early retirement benefit without a reduction of 1/4 of 1% for each month that the member is under age 65. New members will be eligible for a service retirement benefit at age 65.

Funding Changes

Under the new legislation, the methodology for calculating the unfunded accrued liability payment portion of the employer's annual pension contribution to the PERS, and TPAF. The unfunded actuarial accrued liability (UAAL) will be amortized for each plan over an open-ended 30 year period and paid in level dollars. Beginning with the July 1, 2019 actuarial valuation (July 1, 2018 for PFRS), the UAAL will be amortized over a closed 30 year period until the remaining period reaches 20, when the amortization period will revert to an open-ended 20 year period.

COLA Suspension

The payment of automatic cost-of-living adjustment to current and future retirees and beneficiaries are suspended until reactivated as permitted by this law.

<u>Vesting and Benefit Provisions</u> The vesting and benefit provisions of PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after ten years of service, except for post-retirement healthcare benefits that vest after 25 years of service.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

NOTE 5: PENSION PLANS (CONTINUED)

Contribution Requirements

The contribution policy is set by N.J.S.A. 43:15A and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation.

Effective June 28, 2011, P.L. 2011, c. 78 provides for an increase in the employee contribution rates: from 5.5% to 6.5% plus an additional 1% phased-in over 7 years beginning in the first year, meaning after 12 months, after the law's effective date for TPAF and PERS.

Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of TPAF (i.e. the State of New Jersey makes the employer contribution on-behalf of public school districts).

Three Year Trend Information for PERS

	Annual	Percentage	
Year Ended	Pension Cost	of APC	Net Pension
June 30,	(APC)	Contributed	Obligation
2016	\$561,120.00	100%	\$561,120.00
2015	506,903.00	100%	506,903.00
2014	467,256.00	100%	467,256.00

During the fiscal year ended June 30, 2016, 2015 and 2014, the State of New Jersey contributed \$1,706,946.00, \$1,099,012.00 and \$822,349.00, respectively to the TPAF pension system on-behalf of the District.

Also, in accordance with N.J.S.A. 18A:66-66 during the years ended June 30, 2016, 2015 and 2014, the State of New Jersey reimbursed the District \$1,676,156.51, \$1,626,903.00 and \$1,652,187.00 respectively for the employer's share of social security contributions for TPAF members, as calculated on their base salaries.

NOTE 6: ACCOUNTING AND FINANCIAL REPORTING FOR PENSION - GASB 68

Public Employees Retirement System (PERS)

At June 30, 2016, the District reported a liability of \$14,651,103.00 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014 which was rolled forward to June 30, 2015. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. At June 30, 2015, the District's proportion was 0.0652668655 percent, which was a decrease of 0.0037782837 percent from its proportion measured as of June 30, 2014.

For the year ended June 30, 2016, the District recognized pension expense of \$511,577.01 At June 30, 2016, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Inflow of Resources	Deferred Outflow of Resources
Differences between expected and actual experience		\$349,524.00
Changes of assumptions		1,573,411.00
Net difference between projected and actual earnings on pension plan investments	\$235,562.00	
Changes in proportion and differences between District contributions and proportionate share of contributions	69,113.00	600,159.00
District contributions subsequent to the measurement date		573,378.00
	\$304,675.00	\$3,096,472.00

NOTE 6: <u>ACCOUNTING AND FINANCIAL REPORTING FOR PENSION - GASB 68</u> (Continued)

Public Employees Retirement System (PERS) (Continued)

The \$3,096,472.00 reported as deferred outflows of resources related to pensions resulting from school district contributions subsequent to the measurement date (i.e. for the school year ending June 30, 2016, the plan measurement date is June 30, 2015) will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended	
<u>June 30</u>	<u>Amount</u>
2016	\$417,319.00
2017	417,319.00
2018	417,319.00
2019	588,837.00
2020	377,625.00

Actuarial Assumptions

The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014, which rolled forward to June 30, 2015. This actuarial valuation used the following assumptions, applied to all periods in the measurement.

Inflation	3.04 Percent
Salary Increases	
2012-2021	2.15-4.40 Percent (based on age)
Thereafter	3.15-5.40 Percent (based on age)

Investment Rate of Return 7.90 Percent

The actuarial assumptions used in the June 30, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

NOTE 6: ACCOUNTING AND FINANCIAL REPORTING FOR PENSION - GASB 68 (CONTINUED)

Public Employees Retirement System (PERS) (Continued)

Actuarial Assumptions (Continued)

Mortality Rates

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback one year for males and females) for service retirement and beneficiaries of former members with adjustments for mortality improvements from the base year of 2012 based on Projection Scale AA. The RP-2000 Disabled Mortality Tables (setback 3 years for males and setback one year for females) are used to value disabled retirees.

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.90% at June 30, 2015) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2015 are summarized in the following table:

NOTE 6: ACCOUNTING AND FINANCIAL REPORTING FOR PENSION - GASB 68 (CONTINUED)

Public Employees Retirement System (PERS) (Continued)

Long-Term Rate of Return (Continued)

		Long-Term
	Target	Expected Real

	100.00%	

Discount Rate

The discount rate used to measure the total pension liability was 4.90% and 5.39% as of June 30, 2015 and 2014, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 3.80% and 4.29% as of June 30, 2015 and 2014, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

NOTE 6: ACCOUNTING AND FINANCIAL REPORTING FOR PENSION - GASB 68 (CONTINUED)

Public Employees Retirement System (PERS) (Continued)

Sensitivity of the collective net pension liability to changes in the discount rate.

The following presents the collective net pension liability of the participating employers as of June 30, 2015 respectively, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1- percentage-point higher than the current rate:

_	June 30, 2015				
	1%	At Current	1%		
	Decrease	Discount Rate	Increase		
•	<u>3.90%</u>	4.90%	<u>5.90%</u>		
District's proportionate share	•				
of the pension liability	18,209,529.00	14,651,103.00	11,667,745.00		

Pension Plan Fiduciary Net Position.

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Public Employees Retirement System (PERS). The report may be obtained at State of New Jersey Division of Pensions and Benefits P.O. Box 295 Trenton, New Jersey 08625-0295 http://www.state.nj.us/treasury/pensions.

Teachers Pensions and Annuity Fund (TPAF)

The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the net pension liability that is associated with the local participating employer.

NOTE 6: ACCOUNTING AND FINANCIAL REPORTING FOR PENSION - GASB 68 (CONTINUED)

Teachers Pensions and Annuity Fund (TPAF) (Continued)

The portion of the TPAF Net Pension Liability that was associated with the District recognized at June 30, 2016 was as follows:

Net Pension Liability:

Districts proportionate share State's proportionate share associated with the District -0-

\$137,726,062

\$137,726,062

The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2014. The net pension liability associated with the District was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. At June 30, 2015, the proportion of the TPAF net pension liability associated with the District was .2179062605% which was an increase of .0063582399 percent from its proportion measured as of June 30, 2014.

For the year ended June 30, 2016, the District recognized on-behalf pension expense and revenue of \$8,409,416.00 for contributions provided by the State.

Actuarial Assumptions

The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014, which was rolled forward to June 30, 2015. The total pension liability for the June 30, 2014 measurement date was determined by an actuarial valuation as of July 1, 2014. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate

2.50%

Salary increases:

2012-2021

Varies based on experience

Thereafter

Varies based on experience

Investment rate of return

7.90%

NOTE 6: ACCOUNTING AND FINANCIAL REPORTING FOR PENSION - GASB 68 (CONTINUED)

Teachers Pensions and Annuity Fund (TPAF) (Continued)

Mortality rates

Mortality rates were based on the RP-2000 Health Annuitant Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA. Pre-retirement mortality improvements for active members are projected using Scale AA from the base year of 2000 until the valuation date plus 15 years to account for future mortality improvement. Post-retirement mortality improvements for non-disabled annuitants are projected using Scale AA from the base year of 2000 for males and 2003 for females until the valuation date plus 7 years to account for future mortality improvement. The actuarial assumptions used in the July 1, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2009 to June 30, 2012.

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.90% at June 30, 2015) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major class. The ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Bets estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2015 are summarized in the following table:

NOTE 6: ACCOUNTING AND FINANCIAL REPORTING FOR PENSION - GASB 68 (CONTINUED)

Teachers Pensions and Annuity Fund (TPAF) (Continued)

Actuarial Assumptions (Continued)

Discount Rate

The discount rate used to measure the total pension liability was 4.13% and 4.68% as of June 30, 2015 and 2014, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 3.80% and 4.29% as of June 30, 2015 and 2014, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2027. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2027, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

Because the District's proportionate share of the net pension liability is zero, consideration of potential changes in the discount rate is not applicable to the District.

Pension Plan Fiduciary Net Position.

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Teachers Public and Annuity Fund (TPAF). The report may be obtained at State of New Jersey Division of Pensions and Benefits P.O. Box 295 Trenton, New Jersey 08625-0295 http://www.state.nj.us/treasury/pensions.

Township of Berkeley Heights School District Notes to the Financial Statements For the Fiscal Year Ending June 30, 2016

NOTE 7: OTHER POST-RETIREMENT BENEFITS

For eligible retired employees, the School District participates in the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 *et seq.*, to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295.

P.L. 1987, c. 384 and P.L. 1990, c.6 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those state employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired state employees and retired educational employees. As of June 30, 2015 there were 107,314 retirees eligible for post-retirement medical benefits and the State contributed \$1.25 billion on their behalf. The cost of these benefits is funded through contributions by the state in accordance with P.L. 1994, c.62. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

The state is also responsible for the cost attributable to P.L. 1992 c. 126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The state paid \$214.1 million toward Chapter 126 benefits for 19,056 eligible retired members in Fiscal Year 2015.

Township of Berkeley Heights School District Notes to the Financial Statements For the Fiscal Year Ending June 30, 2016

NOTE 7: OTHER POST-RETIREMENT BENEFITS (CONTINUED)

The State will set the contribution rate based on the annual required contribution of the employers (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The State's contributions to the State Health Benefits Program Fund for TPAF retirees' post-retirement benefits on behalf of the School for the years ended June 30, 2016, 2015 and 2014 were, \$2,133,747.00, \$1,870,204.00 and \$1,467,357.00 respectively, which equaled the required contributions for each year. The State's contributions to the State Health Benefits Program Fund for PERS retirees' post-retirement benefits on behalf of the School was not determined or made available by the State of New Jersey.

NOTE 8: LITIGATION

The District's counsel advises that there is no litigation, pending litigation, claims, contingent liabilities, unasserted claims or assessments or statutory violations which involve the School District and which might materially affect the District's financial position.

NOTE 9: CONTINGENCIES

The District receives financial assistance from the State of New Jersey and the U.S. Government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of the funds for eligible purposes. The State and Federal grants received and expended in the 2015-2016 fiscal year were subject to the U.S. OMB Uniform Guidance and New Jersey OMB Circular 15-08 which mandates that grant revenues and expenditures be audited in conjunction with the District's annual audit if expenditures for federal or state programs exceed \$750,000. Findings and questioned costs, if any, relative to federal and state financial assistance programs are discussed in the Single Audit Section, Schedule of Findings and Questioned Costs. In addition, all grants and cost reimbursements are subject to financial and compliance audits by the grantors. The District's management does not believe any such audit would result in material amounts of disallowed costs.

NOTE 10: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

<u>Property and Liability Insurance</u> The District maintains insurance coverage covering each of those risks of loss. The administration believes such coverage is sufficient to preclude any significant uninsured losses to the District. Settled claims have not exceeded the insurance coverage in any of the past three fiscal years.

New Jersey Unemployment Compensation Insurance The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's fiduciary trust fund for the current and previous two years:

Year Ended	Employer	Employee	Amount	Ending
<u>June 30,</u>	Contributions	Contributions	Reimbursed	Balance
2016	-0-	\$45,899.90	\$30,387.49	\$300,555.41
2015	. 33,545.00	44,032.00	33,542.00	285,043.00
2014	36,552.00	42,994.00	41,691.00	241,008.00

Health and Prescription Drug Insurance The District has entered into an agreement with Cigna Insurance Company for a Minimum Premium funded medical and prescription drug program. The agreement is administered by Centric Benefits Consulting. At June 30, 2016 total unpaid claims, including an estimate of claims that have been incurred but not yet reported (IBNR) to the administrative agent, totaled \$1,494,102.00.

NOTE 10: RISK MANAGEMENT (CONTINUED)

The estimates are developed based on reports prepared by the administrative agent. For the year ended June 30, 2016 changes in the liability reported in the General (Educational) Fund for unpaid claims are summarized below:

	Year Ended June 30, 2016
Accrued Liability for Claims-Beginning Balance	\$1,414,109.11
Premiums Incurred 'Claims (including IBNR) and Administrative Expenses	5,226,188.00 (5,146,195.11)
Accrued Liability for Claims-Ending Balance	\$1,494,102.00

NOTE 11: COMPENSATED ABSENCES

The District accounts for compensated absences (e.g. unused vacation and sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the amount to subsequent years. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with the Districts agreements with the various employee unions.

The liability for vested compensated absences of the governmental fund types are recorded in the district - wide statement of net position. As of June 30, 2016, a liability existed for compensated absences for governmental fund-types in the district-wide Statement of Net Position of \$1,881,148.58.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2016 no liability existed for compensated absences in the proprietary funds.

For additional descriptive information see Note 1, Summary of Significant Accounting Policies.

NOTE 12: FUND BALANCE APPROPRIATED

General Fund Of the \$4,073,942.95 in General Fund Balance at June 30, 2016, \$202,182.56 has been assigned for encumbrances; \$1,468,156.13 is restricted for excess surplus in accordance with N.J.S.A. 18A:7F7 of which \$833,018.00 of the total restricted for excess surplus has been appropriated in the budget for the fiscal year ended June 30, 2017; \$1,309,477.03 has been restricted for Capital Reserve and \$1,094,127.23 is unassigned.

NOTE 13: CALCULATION OF EXCESS SURPLUS (BUDGETARY BASIS)

In accordance with N.J.S.A.18A:7F-7, as amended by P.L. 2004,c.73 (S1701), the Restricted Fund Balance - Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. Based on this calculation, the District has \$635,138.13 excess fund balance resulting from the year ended June 30, 2016.

NOTE 14: INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheet at June 30, 2016:

<u>Fund</u>	<u>Receivable</u>	<u>Payable</u>
General Fund Enterprise Funds	\$15,119.45	\$15,119.45
	\$15,119.45	\$15,119.45

All balances resulted from the time lag between the dates that short-term loans were disbursed and payments between funds were received.

NOTE 15: CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the District for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Township of Berkeley Heights School District Notes to the Financial Statements For the Fiscal Year Ending June 30, 2016

NOTE 15: CAPITAL RESERVE ACCOUNT (CONTINUED)

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the Department of Education, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by Board resolution at year end (June 1 to June 30) of any unanticipated revenue or unexpended line item appropriations, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained by either a separate proposal at budget time or by a special question at one of the four special election dates authorized by N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve during the year ended June 30, 2016, is as follows:

Balance, July 1, 2015

\$1,106,279.00

Interest Earnings

\$3,198.03

Deposits:

Board Resolution

200,000.00

203,198.03

Balance, June 30, 2016

\$1,309,477.03

NOTE 16: <u>INVENTORY</u>

Inventory in the Food Service Fund at June 30, 2016 consisted of the following:

Food and Supplies

\$10,431.57

NOTE 17: DEFERRED COMPENSATION

The District offers its employees a choice of the deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death, or unforeseeable emergency. Since the District does not have any property or rights to the plan assets and no fiduciary relationship exists between the District and the deferred compensation plan, the plan assets are not included in the District's financial statements as of June 30, 2016.

Township of Berkeley Heights School District Notes to the Financial Statements For the Fiscal Year Ending June 30, 2016

NOTE 18: OPERATING LEASES

The District has commitments to lease copying, computer and postage equipment under operating leases which expire in June 2021. The operating lease payments made during the year ended June 30, 2016 were \$41,106.00. Future minimum lease payments are as follows:

Fiscal Year Ended	
<u>June 30,</u>	<u>Amount</u>
2017	\$2,148.00
2018	2,148.00
2019	2,148.00
2020	2,148.00
2021	1,611.00
Total Future Minimum	
Lease Payments	\$10,203.00

NOTE 19: PRIOR PERIOD ADJUSTMENTS

The adjustments below were reflected against the beginning Net Position balance on the District Wide Statements and the beginning Fund Balance of the General Fund on the Governmental Funds as follows:

	Governmental
	<u>Activities</u>
Net Position as Reported 06/30/15	\$31,785,024.00
Adjustments:	
Cancel Accounts Receivable	(155,774.27)
Cash with Fiscal Agents-Lease Agreement	625,376.61
Pension Expense	(69,172.99)
Net Position as Restated 06/30/15	\$32,185,453.35
	Governmental Funds
	General Fund
Fund Balance as Reported 06/30/15	\$3,715,503.12
Adjustments:	
Cancel Accounts Receivable	(155,774.27)
Fund Balance as Restated 06/30/15	\$3,559,728.85

NOTE 20: SUBSEQUENT EVENTS

The District has evaluated subsequent events occurring after the financial statement date through November 15, 2016, which is the date the financial statements were available to be issued. The District has determined that there are no material subsequent events needed to be disclosed.

Note A - Explanation of difference between budgetary inflows and outflows and GAAP revenues and expenditures		. *
	GENERAL FUND	SPECIAL REVENUE FUND
Sources/inflows of resources		
Actual amounts (budgetary basis) "revenue" from the budgetary comparison schedule	\$ 51,843,051.72	\$ 707,049.59
Difference - budget to GAAP:		
State aid payment recognized for GAAP statements in the current year, previously it was recognized for budgetary purposes.	412,086.00	
The last state aid payment is recognized as revenue for budgetary purposes and differs from GAAP which does not recognize this revenue until the subsequent year when the State recognizes the related expense (GASB 33)	(108,835.00)	
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.		
Adjust for encumbrances: Add prior year encumbrances Less current year encumbrances		450.00 (13,322.38)
Total revenues as reported on the statement of revenues, expenditures and changes in fund balances - governmental funds.	\$ 52,146,302.72	\$ 694,177.21
Uses/outflows of resources		
Actual amounts (budgetary basis) "total expenditures" from the budgetary comparison schedule	\$	\$ 707,049.59
Difference - budget to GAAP:		
Adjust for encumbrances: Add prior year encumbrances Less prior year encumbrances canceled		450.00
Less current year encumbrances		(13,322.38)
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balance - governmental funds	\$	\$ 694,177.21

PROPRIETARY FUND DETAIL STATEMENTS

Proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the district's board is that the costs of providing goods or services be financed through user charges.

FOOD SERVICES FUND:

This fund provides for the operation of food services

within the school district.

FIDUCIARY FUNDS DETAIL STATEMENTS

Fiduciary funds are used to account for assets when a school district is functioning either as a trustee or as an agent for another party.

Unemployment Compensation Insurance Trust Fund:

This trust fund is used to account for board contributions which are utilized to pay

unemployment compensation claims as they arise.

Student Activity Fund: This agency fund is used to account for student funds held at the schools.

Payroll Agency Fund: This agency fund is used to account for the payroll transactions of the school district.

Scholarship Trust Fund: This trust fund is used to account for assets held by the district for grants to students

where there are no restrictions regarding the use of principal and interest.

Note:

NJSA 18A:7F-5d limits the amount that the district can submit for a general fund tax levy . The levy when added to other components of the district's net budget may not exceed the prebudget year net budget by more than the spending growth limitation calculated as follows: the prebudget year net budget increased by the cost of living or 2.5 percent, whichever is greater, plus any appending growth adjustments.

- **a** The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the net valuation taxable
- **b** Rates for debt service are based on each year's requirements.

TOWNSHIP OF BERKELEY HEIGHTS SCHOOL DISTRICT RATIOS OF OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT AS OF DECEMBER 31, 2015 UNAUDITED

Governmental Unit	Debt Outstanding	Estimated Percentage Applicable ^a	Estimated Share of Overlapping Debt
Debt repaid with property taxes Berkeley Heights Township	\$21,530,538.82	100.00%	\$ 21,530,539
Other debt Union County	569,248,112.00	4.90%	27,893,157
Subtotal, overlapping debt			49,423,696
Berkeley Heights School District Direct Debt	17,310,000.00		17,310,000
Total direct and overlapping debt			\$ 66,733,696

Sources: Township Chief Financial Officer and County Treasurer's Office

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Berkeley Heights. This process recognizes that, when considering the District's ability to issue and repay long-ter

businesses of Berkeley Heights. This process recognizes that, when considering the District's ability to issue and repay long-ter the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF BASIC FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable President and Members of the Board of Education Township of Berkeley Heights School District County of Union Berkeley Heights, New Jersey 07677

We have audited, in accordance with the auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Township of Berkeley Heights School District (the "District") as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's financial statements, and have issued our report thereon dated November 15, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township of Berkeley Heights School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

SUPLEE, CLOONEY & COMPANY

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However we noted a immaterial instances of noncompliance that we have reported to the Board of Education of the Township of Berkeley Heights School District in a separate Auditor's Management Report on Administrative Findings – Financial and Compliance dated November 15, 2016.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
WITH REQUIREMENTS APPLICABLE TO EACH MAJOR
STATE FINANCIAL ASSISTANCE PROGRAMS AND ON
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE
WITH NEW JERSEY OMB CIRCULAR 15-08

Honorable President and Members of the Board of Education Township of Berkeley Heights School District County of Union Berkeley Heights, New Jersey 07677

Report on Compliance for Each Major State Program

We have audited the Township of Berkeley Heights School District's compliance with the types of compliance requirements described in the New Jersey *OMB State Grant Compliance Supplement* that could have a direct and material effect on each of the Township of Berkeley Heights School District's major state programs for the year ended June 30, 2016. The District's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Township of Berkeley Heights School District's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and New Jersey *OMB 15-08*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Township of Berkeley Heights School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the Township of Berkeley Heights School District's compliance.

SUPLEE, CLOONEY & COMPANY

Opinion on Each Major State Program

In our opinion, the Township of Berkeley Heights School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of the Township of Berkeley Heights School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Township of Berkeley Heights School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with New Jersey *OMB 15-08*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Township of Berkeley Heights School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of State of New Jersey *OMB 15-08*. Accordingly, this report is not suitable for any other purpose.

Township of Berkeley Heights School District Notes to the Schedules of Expenditures of Federal Awards and State Financial Assistance Year Ended June 30, 2016

NOTE 1: GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state activity of the Board of Education, Berkeley Heights School District. The Board of Education is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from the federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financials assistance.

NOTE 2: BASIS OF ACCOUNTING

The accompanying schedules of expenditures of federal awards and state financial assistance are presented on the budgetary basis of accounting with the exceptions of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 of the District's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Uniform Guidance, Audits of States, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. The District has elected not to use the 10 percent *de minimis* indirect cost rate as allowed under the Uniform Guidance.

NOTE 3: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedule (RSI) are presented for the general fund and special revenue fund to demonstrate finance-regulated legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The General fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the deferred state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP accounting purposes, those payments are not recognized until the subsequent budget year due to the state deferral and recording of the state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenue, whereas GAAP basis does not. The special revenue fund also recognizes the deferred state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

Township of Berkeley Heights School District Notes to the Schedules of Expenditures of Federal Awards and State Financial Assistance Year Ended June 30, 2016

NOTE 3: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (CONTINUED)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$303,251.00 for the general fund. The net adjustment to reconcile from the budgetary basis to the GAAP basis is (\$12,872.38) for the special revenue fund. See the notes to the required supplementary information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Federal awards and state financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund		\$7,366,077.31	\$7,366,077.31
Special Revenue Fund	\$691,152.73	1,317.25	692,469.98
Capital Projects Fund		288,242.00	288,242.00
Debt Service Fund		592,831.00	592,831.00
Total Awards &			
Financial Assistance	\$691,152.73	\$8,248,467.56	\$8,939,620.29

NOTE 4: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5: OTHER

The amount reported as TPAF pension contributions represents the amount paid by the state on behalf of the district for the year ended June 30, 2016. TPAF Social Security contributions represent the amount reimbursed by the state for the employer's share of Social Security contributions for TPAF members for the year ended June 30, 2016.
