Honorable President and Members of the Board of Education Borough of Merchantville School District County of Camden, New Jersey

Dear Honorable President and Members of the Board:

The Comprehensive Annual Financial Report of the Borough of Merchantville School District (District) for the fiscal year ended June 30, 2016, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the basic financial statements and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four sections: introductory, financial, statistical, and single audit. The introductory section includes this transmittal letter, the District's organizational chart, and a list of principal officials. The financial section includes the Management's Discussion and Analysis, the basic financial statements, schedules, and notes as well as the auditors' report thereon. The statistical section includes selected financial and demographic information, financial trends, and the fiscal capacity of the District generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the State of New Jersey Circular 15-08 OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid.* Information related to this single audit, including the auditors' report on the internal control and compliance with applicable laws, regulations, contracts and grants, along with findings and questioned costs, are included in the single audit section of this report.

1. REPORTING ENTITY AND ITS SERVICES:

The Borough of Merchantville School District (District) is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board (GASB) as established by Statement No. 14. All funds of the District are included in this report. The Borough of Merchantville Board of Education and all its schools constitute the District's reporting entity.

2. ECONOMIC CONDITION AND OUTLOOK:

Merchantville Borough is not experiencing any measurable growth in development or expansion.

The District provides a full range of educational services appropriate to grade levels K through 8. These include regular as well as special education for handicapped students. The District completed the 2015-2016 fiscal year with a June enrollment of 371 students. The following details the changes in the student enrollment of the District over the last ten years:

Average Daily Enrollment					
Fiscal Year	Student Enrollment	Percent <u>Change</u>			
2015-16	371.0	2.62%			
2014-15	381.0	0.27%			
2013-14	380.0	1.33%			
2012-13	375.0	6.23%			
2011-12	353.0	9.29%			
2010-11	323.0	(7.45%)			
2009-10	349.0	(1.43%)			
2008-09	354.0	(0.28%)			
2007-08	355.0	(2.95%)			
2006-07	365.4	3.57%			
2005-06	352.8	(4.67%)			

3. INTERNAL ACCOUNTING CONTROLS:

Management of the District is responsible for establishing and maintaining an internal control process designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control process is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal awards and state financial assistance, the District is also responsible for ensuring that an adequate internal control process is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control process is also subject to periodic evaluation by the District's management.

As a part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control process, including that portion related to federal awards and state financial assistance programs, as well as to determine that the District has complied with applicable laws, regulations, contracts and grants.

4. BUDGETARY CONTROLS:

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the General Fund, the Special Revenue Fund, and the Debt Service Fund. Project-length budgets are approved for the capital improvements accounted for in the Capital Projects Fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at fiscal year-end.

5. ACCOUNTING SYSTEM AND REPORTS:

The District's accounting records reflect U.S. generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to the Financial Statements," Note 1.

6. FINANCIAL INFORMATION AT FISCAL YEAR-END:

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedule presents a summary of the General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund revenues for the fiscal year ended June 30, 2016, and the amount and percentage of changes in relation to prior year revenues:

Revenue	Amount	Percent of Total	Increase (Decrease) from 2015
Local sources State sources Federal sources	\$ 4,896,643 3,272,279 230,681	58.30% 38.96% <u>2.75</u> %	\$ 300,872 85,612 (24,858)
	\$ 8,399,603	100.00%	\$ 361,626

The increases in revenue from local sources is attributable to an increase in the Local Tax Levy in the amount of \$310,383, an increase of other governmental revenues of \$415, a decrease in miscellaneous revenues of \$4,367, an increase in tuition revenue of \$2,696 and a decrease of \$8,255 in the Debt Service Fund.

The increases in state sources are due to an increase in School Choice Aid of \$26,356, increase in other aid including TPAF contributions of \$79,808, and a decrease in Special Revenue Fund state sources of \$20,552.

The decrease in federal sources is due to a decrease of \$24,858 in federal awards in the Special Revenue Fund.

6. FINANCIAL INFORMATION AT FISCAL YEAR-END (Continued):

The following schedule presents a summary of General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund expenditures for the fiscal year ended June 30, 2016, and the percentage of increases and decreases in relation to prior year amounts.

<u>Expenditures</u>	Amount	Percent of Total	Increase (Decrease) from 2015
Current expenses			
Instruction	\$ 3,194,000	31.62%	\$ 633,475
Undistributed expenditures	4,565,712	45.20%	(589,005)
Capital outlay	2,072,946	20.52%	1,951,559
Debt service			
Principal	250,000	2.47%	_
Interest	18,750	0.19%	(8,750)
Total	\$ 10,101,408	100.00%	\$ 1,987,279

The increases in instruction and decreases in undistributed expenditures are attributable to various differences in General and Special Revenue budgets, particularly in instructional expenditures and support services relating to salaries and benefits and maintenance costs.

Capital outlay expenditures represent costs associated with renovations and upgrades to windows, brick pointing, bathrooms, and auditorium.

The change in debt service expenditures is the result of the scheduled principal and interest payment amounts on the outstanding debt principal.

7. DEBT ADMINISTRATION:

As of June 30, 2016, the balance of outstanding bonds was \$1,876,000.

8. CASH MANAGEMENT:

The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements," Note 2. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

9. RISK MANAGEMENT:

The Board carries various forms of insurance, including but not limited to, general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, cyber liability, and fidelity bonds.

10. INDEPENDENT AUDIT:

State statutes require an annual audit by independent certified public accountants or registered municipal accountants. Frances Sperling Feldbaum, CPA of the accounting firm St. Clair CPAs, P.C., was selected by the Board's Audit Committee. In addition to meeting the requirements set forth in state statutes, the audit was also designed to meet the requirements of the Uniform Guidance and the State of New Jersey Circular 15-08 OMB Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid. The auditors' report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditors' reports related specifically to the single audit are included in the single audit section of this report.

11. ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Borough of Merchantville School District Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the public school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

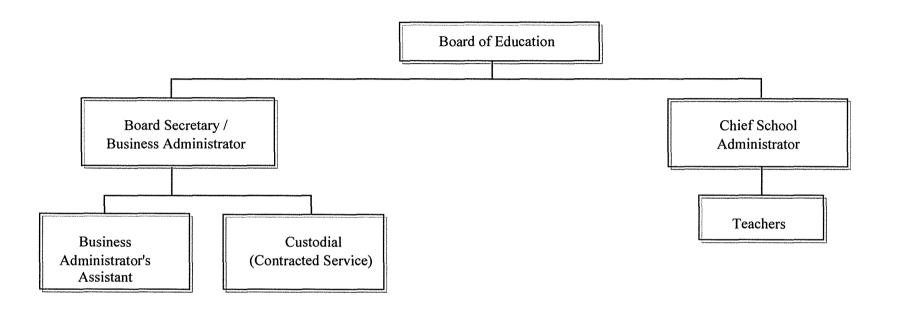

Respectfully submitted,

Mr. Scott Strong, Chief School Administrator/Principal

Mr. Greg Gontowski, School Business Administrator/Board Secretary

INDEPENDENT AUDITORS' REPORT

Honorable President and Members of the Board of Education Borough of Merchantville School District County of Camden, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education Borough of Merchantville School District (District), in the County of Camden, State of New Jersey as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and audit requirements as prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

-9-

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education Borough of Merchantville School District, in the County of Camden, State of New Jersey, as of June 30, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of the District's proportionate share of the net pension liability, and schedule of the District's contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise of the Board of Education Borough of Merchantville School District, in the County of Camden, State of New Jersey's basic financial statements. The introductory section, combining and individual non-major fund financial statements and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by *Title 2*, *U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the New Jersey OMB's Circular 15-08 OMB, Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid respectively, and are also not a required part of the basic financial statements.

The combining and individual non-major fund financial statements, long-term debt schedules and the schedule of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements and the schedule of expenditures of federal awards and state financial assistance are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections listed in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 1, 2016 on our consideration of the Board of Education Borough of Merchantville School District, in the County of Camden, State of New Jersey's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Board of Education Borough of Merchantville School District, in the County of Camden, State of New Jersey's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION PART I

UNAUDITED

Overview

The Management's Discussion and Analysis of the Borough of Merchantville School District's (District) financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2016. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the notes to the basic financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for 2016 are as follows:

- ❖ General revenues accounted for \$5,028,095 in revenue or 59% percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$3,518,741 or 41% percent of total revenues of \$8,546,836.
- ❖ Total assets of governmental activities increased by \$2,072,292, cash and cash equivalents increased by \$213,851, receivables decreased by \$176,504, and capital assets increased by \$1,944,979, offset by an increase in the deferred outflows of resources related to pensions of \$89,965.
- ❖ The School District had \$7,922,517 in expenses; only \$3,518,741 of these expenses were offset by program specific charges for services, grants or contributions. Property taxes in the amount of \$4,569,644 were adequate to provide for these programs.
- ❖ The General Fund had \$7,657,678 in revenues and \$7,316,924 in expenditures. The General Fund's fund balance increased \$340,754 over fiscal year ended June 30, 2015, before other financing sources (uses).

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Borough of Merchantville School District as a financial whole and entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position (Deficit) and Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. In the case of the Borough of Merchantville School District, the General Fund is by far the most significant fund.

BOROUGH OF MERCHANTVILLE SCHOOL DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2016

Reporting the School District as a Whole

Statement of Net Position (Deficit) and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2016?" The Statement of Net Position (Deficit) and the Statement of Activities helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account, all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net position and changes in those positions. This change in net position is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. The cause of this change may be the result of many factors, some financial, and some not. Non-financial factors include the School District's property tax base, current laws in the State of New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position (Deficit) and the Statement of Activities, the School District is divided into two distinct kinds of activities:

- Governmental activities All of the School District's programs and services are reported here including, but not limited to, instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- Business-type activities This service is provided on a charge for goods or services basis to recover all the expense of the goods or services provided. The Food Service Enterprise Fund is reported as a business activity.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the School District's major (all) funds can be found in the Basic Financial Statements section. Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund.

Governmental Funds

The School District's activities are reported in governmental funds, which focuses on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position (Deficit) and the Statement of Activities) and governmental funds is reconciled in the financial statements.

BOROUGH OF MERCHANTVILLE SCHOOL DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2016

Proprietary Fund

The Proprietary Fund is an enterprise fund which uses the accrual basis of accounting.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the District-Wide and Fund Financial statements. The notes to the financial statements can be found following the basic financial statement section.

The School District as a Whole

Recall that the Statement of Net Position provides the perspective of the School District as a whole.

Table 1 provides a summary of the School District's net position as of June 30, 2016 and 2015.

Table 1 Net Position

Total Net Position	1,303,520	657,437
Total Liabilities, Deferred Inflows of Resources and Net Position	\$ 4,391,117	\$ 2,318,825

Total assets decreased as a result of an increase in receivables, offset by a decrease in cash and capital assets. Total liabilities increased as a result of recording the net pension liability of \$752,765 which was offset by less principal payments on outstanding debt, lower state payable, and less compensated absences.

The School District as a Whole (Continued)

Table 2 shows changes in net position for fiscal year 2016.

Governmental Activities

The unique nature of property taxes in New Jersey creates the need to routinely seek voter approval for the School District's operations. Property taxes made up 59% percent of revenues for governmental activities for the Borough of Merchantville School District for the fiscal year 2016. The School District's total revenues for only governmental activities were \$8,546,836 for the fiscal year ended June 30, 2016. Federal, State and local grants accounted for 41%. The total cost of governmental program and services was \$7,922,517. Instruction comprises 40% of the School District's expenses.

Business-Type Activities

Revenues for the School District's business-type activities (food service program) were comprised of charges for services as well as federal and state reimbursements.

- Food service expenses exceeded revenues by \$21,764.
- ❖ Charges for services represents \$52,095 or 53% of business type activities revenue. This represents amounts paid by patrons for daily food services.
- ❖ Federal and state reimbursements for meals, including payments for free and reduced lunches and donated commodities was \$97,175.

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the School District's taxpayers by each of these functions.

Table 3

	2016		20	015
	Total Cost of Services 2016	Net Cost of Services 2016	Total Cost of Services 2015	Net Cost of Services 2015
Program Expenses				
Instruction	\$ 3,194,000	\$ 1,104,148	\$ 2,560,525	\$ 426,731
Support services				
Pupils and instructional staff	2,109,293	1,921,627	2,028,742	1,832,708

administration, and business	1,408,644	204,503	2,331,386	1,256,585
Operation and maintenance of				
plant facilities	776,552	776,552	547,024	547,024
Pupil transportation	294,634	272,755	252,501	230,622
Interest and long-term debt	18,750	3,547	27,500	11,802
Unallocated depreciation	120,644	120,644	115,265	115,265
Total Expenses	\$ 7,922,517	\$ 4,403,776	\$ 7,862,943	\$ 4,420,737

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities. Extracurricular activities include expenses related to student activities provided by the School District, which are designated to provide opportunities for students to participate in school events, public events, or a combination of these for the purpose of motivation, enjoyment and skill improvement.

Governmental Activities (Continued)

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development. Curriculum and staff development includes expenses related to planning, research, development and evaluation of support services, as well as the reporting of this information internally and to the public.

General administration, school administration and business activities include expenses associated with administrative and financial supervision of the School District.

Operation and maintenance of plant facilities activities involve keeping the school grounds, buildings and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

Interest and fiscal charges involve the transactions associated with the payment of interest and other related charges to debt of the School District.

Other includes unallocated depreciation.

The School District's Funds

The School District's major funds are accounted for using the modified accrual basis of accounting. All governmental funds (i.e., General Fund, Special Revenue Fund, Capital Projects and Debt Service Fund presented in the fund financial statements) had total revenues of \$8,399,603 and expenditures of \$10,101,408. The net change in fund balance for the year was in the General Fund, as a decrease of \$108,325. The School District is able to meet current operating costs with no urgent need for additional funds.

As demonstrated by the various statements and schedules included in the financial section of this report, despite federal funding decreases, the School District continues to meet its responsibility for sound financial management. The following schedule presents a summary of the revenues of the governmental funds for the fiscal year ended June 30, 2016, and the amount of increases and decreases in relation to prior year revenues.

Revenue	Amount	Percent of Total	Increase (Decrease) from 2015
Local sources State sources Federal sources	\$ 4,896,643 3,272,279 230,681	58.30% 38.96% <u>2.75</u> %	\$ 300,872 85,612 (24,858)
	\$ 8,399,603	100.00%	\$ 361,626

The School District's Funds (Continued)

The increases in revenue from local sources is attributable to an increase in the Local Tax Levy in the amount of \$310,383, an increase of other governmental revenues of \$415, a decrease in miscellaneous revenues of \$4,367, an increase in tuition revenue of \$2,696 and a decrease of \$8,255 in the Debt Service Fund.

The increases in state sources are due to an increase in School Choice Aid of \$26,356, increase in other aid including TPAF contributions of \$79,808, and a decrease in Special Revenue Fund state sources of \$20,552.

The decrease in federal sources is due to a decrease of \$24,858 in federal awards in the Special Revenue Fund.

The following schedule presents a summary of General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund expenditures for the fiscal year ended June 30, 2016.

Expenditures	Amount	Percent of Total	Increase (Decrease) from 2015
Current expenses			
Instruction	\$ 3,194,000	31.62%	\$ 633,475
Undistributed expenditures	4,565,712	45.20%	(589,005)
Capital outlay	2,072,946	20.52%	1,951,559
Debt service			
Principal	250,000	2.47%	-
Interest	18,750	0.19%	(8,750)
Total	\$ 10,101,408	100.00%	\$ 1,987,279

Expenditures have increased over prior year mostly due to an increase in student supporting services. Expenditures exceeded revenues during the fiscal year, resulting in a decrease to fund balance.

The changes in Debt Service are attributed to normal scheduled interest and principal payments on outstanding bonds.

General Fund Budgeting Highlights

The School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of modified accrual and encumbrance accounting. The most significant budgeted fund is the General Fund.

General Fund Budgeting Highlights (Continued)

During the course of the fiscal year 2016, the School District amended its General Fund budget as needed. The School District uses program based budgeting and the budgeting systems are designed to tightly control total program budgets but provide flexibility for program management.

- Staffing changes based on student needs.
- * Additional costs for student transportation both in regular education and special education.
- Accounting changes in maintenance and operations.
- Changes in appropriations to prevent budget overruns.

Capital Assets

At the end of the fiscal year 2016, the School District had \$7,576,526 invested in land, buildings, furniture and equipment. Table 4 shows fiscal year 2016 balances compared to 2015, net of depreciation.

Tabl	le 4
Capital	Assets

Capital 1 1550	ii)			
	20	6	2015	
Land	\$ 15	3,671 \$	153,671	
Construction in progress	2,04	2,560	-	
Building and improvements	1,00	8,066	1,104,272	
Machinery and equipment	1	2,678	14,052	
	\$ 3,21	6,975 \$	1,271,995	

Debt Administration

At June 30, 2016, the School District had \$1,876,000 as outstanding debt for bonds for school renovations.

For the Future

The Borough of Merchantville School District is in very good financial condition presently. A major concern of the School District is the increased reliance on local property taxes and the reduction of state funding. The School District has an increase in the budget for 2016-2017. As a result, the district will still be able to provide needed services at the high level of quality to which the School District holds itself. However, future finances are not without challenges as the community continues to grow and governmental funding sources are limited.

The Borough of Merchantville School District is primarily a residential community with very few ratables; thus the tax burden is focused on homeowners. During the budget process in the spring, it was a concern to the Administration and Board of Education how future budgets would be financed. The School District is also closely monitoring administrative costs. Therefore, the Board of Education and the Administration will continue to review all cost centers in the School District.

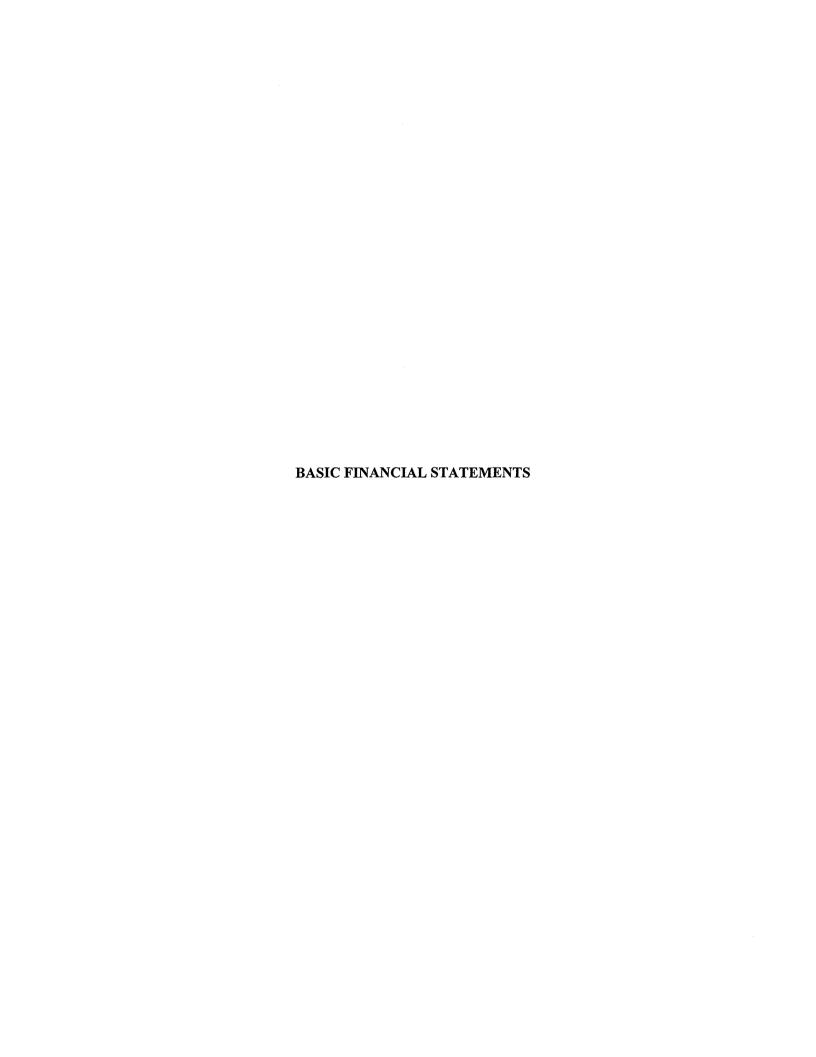

In conclusion, the School District has committed itself to financial excellence for many years. In addition, the School District's system for financial planning, budgeting, and internal financial controls are well regarded. The School District plans to continue its sound fiscal management to meet the challenges of the future.

The Borough of Merchantville School District did not need to go to a vote for the school budget for the 2014-2015 and 2015-2016 school years due to the budget being under the cap.

BOROUGH OF MERCHANTVILLE SCHOOL DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2016

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional information contact Greg Gontowski, School Business Administrator/Board Secretary at Borough of Merchantville Board of Education, c/o Merchantville School District, 130 S. Centre Street, Merchantville, New Jersey 08109 or email at Gontowski@merchantville.K12.nj.us.

BOROUGH OF MERCHANTVILLE SCHOOL DISTRICT GOVERNMENTAL FUNDS

Exhibit B-3

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

YEAR ENDED JUNE 30, 2016

TOTAL NET CHANGES IN FUND BALANCES (DEFICIT) - GOVERNMENTAL FUNDS (from B-2)

\$ 78,984

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, on the statement of activities, the cost of those assets is allocated over their estimated useful lives as deprecation expense. This is the amount by which depreciation exceeded capital outlays in the current fiscal year.

Depreciation expense Capital outlay

(120,644) 2,072,559

1,951,915

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities.

250,000

The issuance of long term debt (bonds) provides current financial resources to governmental funds, while the repayment of the principal consumes the current financial resources of the governmental funds. This amount is the net effect of these differences in the treatment of long term debt.

(1,593,480)

In the statement of activities, certain operating expenses, e.g., compensated absences (vacations and sick pay) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). This amount is the net effect of the difference in the treatment of compensated absences.

(39,832)

Governmental funds report District pension contributions as expenditures. However in the statement of activities, the cost of pension benefits earned is reported as pension expense. This is the amount by which pension benefits earned exceeded the District's pension contributions in the current period.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Borough of Merchantville School District (District) Board of Education (Board) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

Reporting Entity

The Borough of Merchantville School District is a Type II district located in the County of Camden, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The Board is comprised of nine members elected to three-year terms and staggered so that three members are elected each year. The purpose of the District is to educate students in grades K-8. The School District had an approximate enrollment as of June 30, 2016 of 371 students.

The primary criteria for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB <u>Codification of Governmental Accounting and Financial Reporting Standards</u> is whether:

- the organization is legally separate (can sue or be sued in their own name)
- the District holds the corporate powers of the organization
- the District appoints a voting majority of the organization's board
- the District is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the District
- there is a fiscal dependency by the organization on the District

Based on the aforementioned criteria, the District had no component units.

Basis of Presentation

The District's basic financial statements consist of district-wide statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

District-Wide Financial Statements

The statement of net position (deficit) and the statement of activities display information about the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

The statement of net position (deficit) presents the financial condition of the governmental and business-type activities of the District at the fiscal year end.

The statement of activities presents a comparison between direct expenses and program revenues for each different business-type activity of the District and for each function of the Districts governmental activities.

- Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expenses, expenses of the District related to the administration and support of the District's programs, such as personnel and accounting are not allocated to programs.
- Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes and state formula aid, are presented as general revenues.

Fund Financial Statements

During the fiscal year, the School District segregates transactions related to certain school district functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting.

Fund Accounting

GOVERNMENTAL FUNDS

The focus of Governmental Fund measurement is upon determination of financial position and changes in financial position (sources, uses and balances of financial resources) rather than upon net income. The District reports the following major governmental funds:

General Fund – The General Fund is the general operating fund of the District. It is used to account for all financial resources not accounted for and reported in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment which are classified in the capital outlay subfund.

As required by the New Jersey Department of Education, the District includes budgeted capital outlay in this fund. Generally accepted accounting principles, as they pertain to governmental entities, state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Fund Accounting (Continued)

GOVERNMENTAL FUNDS (Continued)

General Fund (Continued)

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to, fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

Special Revenue Fund – The Special Revenue Fund is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Capital Projects Fund – The Capital Projects Fund is used to account for and report all financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities or other capital assets.

Debt Service Fund – The Debt Service Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

PROPRIETARY FUNDS

The focus of Proprietary Fund measurement is upon determination of net income, financial position and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the Proprietary Funds of the District.

Enterprise Fund – The Enterprise Fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the District is that the costs (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges; or where the District has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The District's Enterprise Fund is comprised of the Food Service Fund. All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities, whether current or noncurrent, associated with the fund's activity are included on the balance sheet. The reported fund equity (net position) is segregated into contributed capital and unreserved retained earnings, if applicable. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net position.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Accounting (Continued)

PROPRIETARY FUNDS (Continued)

Enterprise Fund (Continued)

Depreciation of all exhaustive fixed assets used by Proprietary Funds is charged as an expense against operations. Accumulated depreciation is reported on Proprietary Fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Food Service Fund:

Equipment 12 Years

FIDUCIARY FUNDS

Fiduciary Funds include Expendable Trust, Nonexpendable Trust and Agency Funds. The measurement of focus of the Expendable Trust Funds is the same as for governmental funds. The measurement focus of Nonexpendable Trust Funds is similar to Proprietary Funds. Agency Funds are purely custodial (assets equal liabilities) and thus do not involve measurement of results of operations. The following is a description of the Fiduciary Funds of the District:

Expendable Trust Fund – An Expendable Trust Fund is accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. Expendable Trust Funds account for assets where both the principal and interest may be spent. The District's Expendable Trust Funds include the Unemployment Compensation Insurance Fund and the Scholarship Trust Fund.

Nonexpendable Trust Fund – A Nonexpendable Trust Fund is used to account for assets held under the terms of a formal trust agreement, whereby the District is under obligation to maintain the trust principal. The District does not maintain a Nonexpendable Trust Fund.

Agency Funds – Agency Funds are used to account for the assets the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations. Agency funds include Payroll and Student Activity Funds.

Trust and Agency Funds – The Trust and Agency Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (Continued)

District-Wide, Proprietary, and Fiduciary Fund Financial Statements: The District-Wide statements report using the economic resources measurement focus and the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the enterprise fund and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual, as under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable". Revenue for grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

In accordance with the provisions of GASB Statement 65, certain items previously reported as assets and liabilities are now reported as deferred outflows of resources and deferred inflows of resources. Specifically, grant revenue previously reported as deferred revenue is now reported as a deferred inflow of resources.

Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the General, Special Revenue, and Debt Service Funds. The budgets are submitted to the county office for approval and are voted on at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting, except for the Special Revenue Fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23A-16.2(f)1. All budget amendments/transfers must be approved by School Board Resolution.

Formal budgetary integration into the accounting systems is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the one or more June state aid payments for budgetary purposes only and the Special Revenue Fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

Budgets/Budgetary Control (Continued)

The accounting records of the Special Revenue Fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The following presents a reconciliation of the General and Special Revenue Funds from the budgetary basis of accounting as presented in the Governmental Funds – Statements of Revenues, Expenditures and Changes in Fund Balances to the GAAP basis of accounting as presented in the Statement of Activities.

Note that the District does not report encumbrances outstanding at year end as expenditures in the General Fund since the General Fund budget follows modified accrual basis with the exception of the revenue recognition policy for the one or more June state aid payments.

	20)16	2015			
	Special General Revenue Fund Fund		General Fund	Special Revenue Fund		
Sources/inflows of resources: Actual amounts (budgetary) revenues from the budgetary comparison schedules.	\$ 7,619,128	\$ 488,956	\$ 7,165,663	\$ 518,585		
State aid payments recognized for GAAP statements in the current year, previously recognized for budgetary purposes.	249,607	-	293,316	-		
Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for <i>budgetary purposes</i> , but in the year the supplies are received for <i>financial reporting purposes</i> .	-	(15,781)	-	-		
State aid payment recognized for budgetary purposes, not recognized for GAAP purposes until the subsequent year.	(211,057)		(249,607)			
Total revenues (GAAP Basis)	\$ 7,657,678	\$ 473,175	\$ 7,209,372	\$ 518,585		
Uses/outflows of resources: Actual amounts (budgetary) total outflows Adjustments:	\$ 7,316,924	\$ 488,956	\$ 7,318,044	\$ 518,585		
Current year encumbrances		(15,781)	-			
Total expenditures (GAAP Basis)	\$ 7,316,924	\$ 473,175	\$ 7,318,044	\$ 518,585		

Encumbrances

Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds, other than the Special Revenue Fund, are reported as reservations of fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Cash, Cash Equivalents, and Investments

Cash and cash equivalents include petty cash, change funds, cash in bank and all highly liquid investments with maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with a maturity of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks, the deposits of which are federally insured. All public depositories must pledge collateral having a market value at least equal to five percent of the average daily balance of collected public funds to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to Governmental Units.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tuition Receivable

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

Tuition Payable

Tuition charges for the fiscal year ended June 30, 2016, are based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined.

Inventory and Prepaid Expenses

Inventory and prepaid expenses, which benefit future periods, other than those recorded in the Enterprise Fund, are recorded as expenditures during the year of purchase.

Inventory in the Enterprise Fund is valued at cost, which approximates market, using the first-in-first-out (FIFO) method.

Interfund Transactions

Transfers between governmental and business-type activities on the district-wide statements are reported in the same manners as general revenues. Flows of cash or goods from one fund to another without a requirement for repayment are reported as Interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in the Enterprise Fund. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

On fund financial statements, short-term interfund loans are classified as interfund receivables/payables. These amounts are eliminated in the statement of net assets, except for amounts due between governmental and business-type activities or governmental and agency funds, which are presented as internal balances.

Capital Assets

The District has established a formal system of accounting for its capital assets. Capital assets acquired or constructed are recorded at original cost. Donated fixed assets are valued at their estimated fair market value on the date received. The cost of normal repairs and maintenance that do not add to the value of the asset or materially extend assets' lives are not capitalized. The School District does not possess any infrastructure. The capitalization threshold used by school districts in the State of New Jersey is \$2,000. Capital assets are depreciated in the district-wide financial statements using the straight-line method over the following estimated useful lives:

	Estimated
Asset Class	<u>Useful Lives</u>
School buildings	50
Building improvements	20-15
Electrical/plumbing	30
Vehicles	8
Office and computer equipment	5-10
Instructional equipment	10
Grounds equipment	15

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of governmental fund upon acquisition. Fixed assets are not capitalized and related depreciation is not reported in the fund financial statements.

Prior to implementation of GASB Statement No. 34, government funds' capital assets were accounted for in the general fixed assets account group and were not recorded directly as a part of any individual fund's financial statements. Infrastructure of governmental funds was not previously capitalized. Upon implementing GASB 34, Governmental Units are required to account for all capital assets, including infrastructure, in the district-wide statements prospectively from the date of implementation. Retroactive reporting of all major general infrastructure assets is encouraged but not required. The District does not possess any infrastructure assets.

Compensated Absences

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

In governmental and similar trust funds, compensated absences that are expected to be liquidated with expendable available financial resources are reported as expenditure and fund liability in the fund that will pay for the compensated absences. The remainder of the compensated absences liability is reported in the Debt Service Fund.

In proprietary and similar trust funds, compensated absences are recorded as an expense and liability.

Deferred Outflows and Deferred Inflows of Resources

The Statement of Net Position reports separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources, reported after Total Assets, represents a reductions of net position that applies to a future period(s) and will be recognized as an outflow of resources (expense) at that time. Deferred inflows of resources, reported after Total Liabilities, represents an acquisition of net position that applies to a future period(s) and will be recognized as an inflow of resources (revenue) at that time.

Transactions are classified as deferred outflows of resources and deferred inflow of resources only when specifically prescribed by the Governmental Accounting Standards Board (GASB) standards. The District is required to report the following as deferred outflows of resources and deferred inflows of resources:

Defined Benefit Pension Plans – The difference between expected (actuarial) and actual experience, changes in actuarial assumptions, net difference between projected (actuarial) and actual earnings on pension plan investment, changes in the District's proportion of expense and liabilities to the pension as a whole, differences between the District's pension contribution and its proportionate share of contributions, and the District's pension contributions subsequent to the pension valuation measurement date.

Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied and is recorded as a liability until the revenue is both measureable and the District is eligible to realize the revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as unearned revenue.

Long-Term Obligations

Long-term obligations are reported on the District-Wide financial statements. In general, governmental fund payables and accrued liabilities that once incurred are paid in a timely manner and in full from current resources are reported as obligations of the funds. Bonds are recognized as a liability on the fund financial statements when due.

Fund Equity

Contributed capital represents the amount of fund capital contributed to the Proprietary Fund from other funds. Reserves represent those portions of fund equity not available for appropriation for expenditures or legally segregated for a specific future use. Designated fund balances represent plans for future use of financial resources.

Equity Classification

Government-Wide Statements

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

The District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Fund Statements

Governmental fund equity is classified as fund balance. For periods beginning after June 30, 2010, fund balance is reported in accordance with GASB No. 54 "Fund Balance Reporting and Governmental Fund Type Definitions". GASB No. 54 established accounting and financial reporting standards for governmental funds. Under GASB No. 54, fund balances are classified under five categories:

- a. Nonspendable Amounts that cannot be spent because they are either (1) no in spendable form (e.g. inventories, prepaid amounts, long-term loans and notes receivables, property held for resale) or (2) legally or contractually required to be maintained intact (e.g. the corpus or principal of a permanent fund).
- b. Restricted Amounts that are constrained for a specific purpose through restrictions of external parties (e.g. creditors, grantors, contributors, or laws or regulations of other governments) or by constitutional provision or enabling legislation.
- c. Committed Committed fund balance are amounts that are constrained for specific purposes imposed by formal action of the government's highest level of decision-making authority (i.e. amounts that have been committed by a governing body's legislation, ordinance, or resolution for a specific purpose, such as an amount from specific park and recreation revenues committed by a governing body's resolution to be used only for park maintenance). The Board of Education is the District's highest level of decision-making authority.
- d. Assigned Assigned fund balance is amounts that are constrained by the government's intent to be used for a specific purpose but are neither restricted nor committed. Intent should be expressed by (1) the governing body itself or (2) a body (e.g. a budget or finance committee) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.
- e. Unassigned Unassigned fund balance is the residual classification for a government's general fund and includes all amounts that are not constrained as reported in the other classifications.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the Enterprise Fund. For the District, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the Enterprise Fund.

Subsequent Events

The District has evaluated events or transactions that have occurred after June 30, 2016 (the financial statement date) through December 1, 2016, the date that the financial statements were available to be issued. Except as noted below, no events or transactions occurred requiring adjustment to or disclosure in the financial statements.

Impact of Recently Issued Accounting Principles

Recently Issued and Adopted Pronouncements

The GASB has issued the following Statements which became effective in fiscal year as shown below:

Statement No. 72, Fair Value Measurement and Application. This Statement addresses accounting and financial reporting issues related to fair value measurements. The definition of fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This Statement provides guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. This Statement is effective for fiscal years beginning after June 15, 2015 and did not have any effect on the District's financial reporting.

Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. The objective of this Statement is to improve the usefulness of information about pensions included in the general purpose external financial reports of state and local governments for making decisions and assessing accountability. This Statement is effective for fiscal years beginning after June 15, 2015 and did not have a material impact on the District's financial reporting.

Statement No. 76, The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments. The objective of this statement is to identify, in the context of the current governmental financial reporting environment, the hierarchy of generally accepted accounting principles (GAAP). The "GAAP hierarchy" consists of the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with GAAP and the framework for selecting those principles. This Statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. This Statement is effective for fiscal years beginning after June 15, 2015 and is reflected in the District's financial reporting.

Statement No. 77, *Tax Abatement Disclosures*. This Statement requires governments that enter into tax abatement agreements to disclose certain information about the agreements. This Statement is effective for fiscal years beginning after June 15, 2015 and did not have any effect on the District's financial reporting.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Impact of Recently Issued Accounting Principles (Continued)

Recently Issued Accounting Pronouncements

The GASB has issued the following Statements which will become effective in future fiscal years as shown below:

Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans. The objective of this Statement is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. This Statement becomes effective for fiscal years beginning after June 15, 2016. The District does not expect this Statement will have an impact on their financial statements.

Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This Statement becomes effective for the District in fiscal years beginning after June 15, 2017. The District has not evaluated the impact of the adoption of this Statement on their financial statements.

Statement No. 82, Pension Issues—an amendment of GASB Statements No. 67, No. 68, and No. 73. The objective of this Statement is to address certain issues that have been raised with respect to Statements No. 67, Financial Reporting for Pension Plans, No. 68, Accounting and Financial Reporting for Pensions, and No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. Specifically, this Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. This Statement becomes effective for fiscal years beginning after June 15, 2016. The District does not expect this Statement will have an impact on their financial statements.

NOTE 2 CASH, CASH EQUIVALENTS AND INVESTMENTS

Deposits

The District maintains cash balances at a financial institution. Amounts at this institution are insured by the Federal Deposit Insurance Corporation (FDIC). Balances may exceed this limit at times throughout the year. The District has not experienced any losses on such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents. As of June 30, 2016, the carrying amount of the District's deposits was \$744,730 and the bank balance was \$1,253,219.

Custodial credit risk for deposits is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal policy for custodial credit risk; however, they comply with the New Jersey Statute by depositing all funds in depositories covered under GUDPA.

NOTE 2 CASH, CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

Investments

New Jersey Cash Management Fund (Fund) - All investments in the Fund are governed by the regulations of the Investment Council, which prescribe specific standards designed to ensure the quality of investments and to minimize the risks related to the investments. In all the years of the Division of Investment's (Division) existence, the Division has never suffered a default of principal or interest on any short-term security held by it due to the bankruptcy of a securities issuer; nevertheless, the possibility always exists, and for this reason a reserve is being accumulated as additional protection for the "Other-than-State" participants. In addition to the Council regulations, the Division sets further standards for specific investments and monitors the credit of all eligible securities issuers on a regular basis. As of June 30, 2016, the District had \$735 on deposit with the New Jersey Cash Management Fund.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The average maturity of the District's investments in the Fund is less than one year.

Credit risk is the risk that an insurer or other counterparty to an investment will not fulfill its obligations. The District does not have a formal investment policy that addresses credit risk, however, there were no investments that were subjected to credit risk as of June 30, 2016.

Custodial credit risk is the risk that in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. The District does not have a formal investment policy that addresses custodial credit risk. The District held no investments that exposed it to custodial credit risk as of June 30, 2016.

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The District does not have a formal investment policy that addresses foreign currency risk, however, the District held no investments that were exposed to foreign currency risk as of June 30, 2016.

NOTE 3 CAPITAL ASSETS

The following schedule is a summarization of the changes in capital assets by source for the fiscal year ended June 30, 2015:

		Balance June 30, 2015		Additions		ransfers or etirements		Balance June 30, 2016
Governmental activities:								
Capital assets not being depreciated:								
Land	\$	153,671	\$	-	\$	-	\$	153,671
Construction in progress				2,042,560				2,042,560
Total capital assets not being depreciated		153,671		2,042,560			···	2,196,231
Capital assets being depreciated:								
Site improvements		6,022		30,000		-		36,022
Building and improvements		4,834,020		-		-		4,834,020
Machinery and equipment		510,253				-		510,253
Total capital assets being depreciated		5,350,295		30,000				5,380,295
Total capital assets at historical cost		5,503,966		2,072,560	_			7,576,526
Less accumulated depreciation for								
Site improvements		-		(1,500)		(6,022)		(7,522)
Building and improvements		(3,735,770)		(118,684)		••		(3,854,454)
Machinery and equipment		(506,995)		(460)		-		(507,455)
Total accumulated depreciation		(4,242,765)		(120,644)		(6,022)		(4,369,431)
Governmental capital assets, net	\$	1,261,201	\$	1,951,916	<u>\$</u>	(6,022)	\$	3,207,095
Business-type activities:								
Capital assets being depreciated								
Equipment	\$	30,698	\$	_	\$	_	\$	30,698
Less accumulated depreciation	_	(19,904)		(914)			_	(20,818)
Enterprise fund capital assets, net	\$	10,794	<u>\$</u>	(914)	\$	-	\$	9,880

Depreciation expense for governmental activities was \$120,644 as of June 30, 2016 and was not charged to any specific governmental programs, but is reported as a direct expense on the Statement of Activities.

Depreciation expense for business-type activities was \$914 as of June 30, 2016 and is reported as an operating expense on the Statement of Reviews, Expenses and Changes in Net Position (Deficit).

NOTE 4 CAPITAL RESERVE ACCOUNT

The capital reserve account was established by the Borough of Merchantville School District Board of Education by inclusion of \$500 on October 10, 2000, for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the General Fund and its activity is included in the annual General Fund budget.

Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual General Fund budget certified for taxes. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The balance of the capital reserve for the year ended June 30, 2016 is \$10,000.

NOTE 5 LONG-TERM OBLIGATIONS

During the fiscal year ended June 30, 2016, the following changes occurred in liabilities reported in the Statement of Net Position (Deficit).

	Balance June 30, 2015	 Additions	_ <u>D</u>	eductions		Balance June 30, 2016	ounts Due ithin One Year
Bonds payable Compensated absences	\$ 500,000	\$ 1,626,000	\$	(250,000)	\$	1,876,000	\$ 250,000
payable Net pension liability	247,613 598,643	154,122		(16,025)		231,588 752,765	-
Two ponsion indiffic	\$ 1,346,256	\$ 1,780,122	\$	(266,025)	<u>\$</u>	2,860,353	\$ 250,000

Bonds Payable

Bonds are authorized in accordance with state law by the voters of the District through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the District are general obligation bonds.

Principal and interest due on bonds outstanding is as follows:

Years Ending June 30,	F	Principal		Interest		Total
2017	\$	250,000	\$	83,483	\$	333,483
2018		126,000		47,515		173,515
2019		125,000		43,750		168,750
2020		125,000		40,000		165,000
2021		125,000		36,250		161,250
2022-2026		605,000		125,600		730,600
2027-2031		520,000		40,412		560,412
	\$	1,876,000	\$	417,010	\$	2,293,010
	4.5					

NOTE 5 LONG-TERM OBLIGATIONS (continued)

Capital Leases

The District does not currently have any open capital leases as of June 30, 2016.

NOTE 6 OPERATING LEASES

The District has commitments to lease certain office equipment under operating leases expiring August 2018. Future minimum lease payments are as follows:

Years Ending June 30,	<i>P</i>	Amount
2017	\$	22,489
2018		22,489
2019	•	3,748
2020		•
Total future minimum lease payments	\$	48,726

Rental payments for the year ended June 30, 2016 were \$22,401.

NOTE 7 PENSION PLANS

Description of Plans

All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund, which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees' Retirement Systems and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625.

Teachers' Pension and Annuity Fund (TPAF)

The Teachers' Pension and Annuity Fund was established as of January 1, 1955 under the provisions of N.J.S.A. 18A:66 to provide retirement, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the System's other related noncontributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS)

The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A and 43:3B to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system under another state or local jurisdiction.

Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43:36B, and N.J.S.A. 18A:66 for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provide for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Significant Legislation

During the year ended June 30, 1997, legislation was enacted (Chapter 114, P.L. 1997) authorizing the New Jersey Economic Development Authority to issue bonds, notes, or other obligations for the purpose of financing, in full or in part, the State of New Jersey's portion of the unfounded accrued liability under the State of New Jersey retirement systems. Additional legislation enacted during the year ended June 30, 1997 (Chapter 115, P.L. 1997) changed the asset valuation method for market related value to full-market value. This legislation also contained a provision to reduce the employee contribution rate by ½ of 1% to 4.5% for calendar years 1998 and 1999, and to allow for a reduction in the employees' rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the District's normal contributions to the fund may be reduced based on the revaluation of assets. Due to recognition of the bond proceeds and the change in asset valuation method as a result of enactment of Chapter 114 and 115, all unfunded accrued liabilities were eliminated, except for the unfunded liability for local early retirement incentive benefits, accordingly, the pension costs for TPAF and PERS were reduced.

Contribution Requirements

The contribution requirements of plan members are determined by State statute. In accordance with Chapters 113, 114 and 115, P.L. 1997 and Chapter 62, P.L. 1994, plan members enrolled in the TPAF and PERS, respectively, were required to contribute 5% of their annual covered salary. Effective July 1, 2007, however, in accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members were required to contribute 5.5% of their annual covered salary. For employees who were enrolled in the retirement system prior to July 1, 2007, the increase was effective with the payroll period that began immediately after July 1, 2007. Pursuant to the provisions of Chapter 78 P.L. 2011, effective October 1, 2011, the active member contribution rate was increased to 6.5%. An additional 1.0% increase will be phased-in over seven years, which began July 1, 2012. The State Treasurer has the right under the current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however, statute also requires the return to the normal rate when such surplus pension assets no longer exist.

Under current statute, all employer contributions are made by the State of New Jersey on-behalf of the School District and all other related non-contributing employers. No normal or accrued liability contribution by the district has been required over several preceding fiscal years. These on-behalf contributions by the State of New Jersey are considered a special funding situation, under the definition of GASB 68, *Accounting and Financial Reporting for Pensions*.

The District's contractually required contribution rate for the fiscal year ended June 30, 2015 was 4.40% of the District's covered-employee payroll, of which 0.00% of payroll was required from the District and 100.00% of payroll was required from the State of New Jersey. The District was not required to make any contributions to the pension plan during the fiscal year ended June 30, 2015 because of the 100.00% special funding situation with the State of New Jersey.

During the fiscal year ended June 30, 2016, the State of New Jersey contributed \$438,507 to the TPAF for normal and post-retirement benefits on behalf of the District. Also, in accordance with N.J.S.A 18A:66-90 the State of New Jersey reimbursed the District \$173,178 during the fiscal year ended June 30, 2016 for the employer's share of the social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the basic financial statements, and the combining and individual fund and district-wide statements and schedules as a revenue and expenditure.

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

Teachers' Pension and Annuity Fund – At June 30, 2016 the District was not required to report a liability for its proportionate share of the net pension liability because of a 100% reduction for State of New Jersey pension support provided to the District. The State's proportionate share of net pension liability, attributable to the District is as follows:

District's proportionate share of net pension liability \$ State of New Jersey's proportionate share of net pension
liability associated with the District \(\frac{16,285,513}{\$ 16,285,513} \)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Teachers' Pension and Annuity Fund (Cont'd) – The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2015. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State of New Jersey, actuarially determined. At June 30, 2016, the District proportion was 0.00% due to the 100% special funding situation of the State of New Jersey. For the fiscal year ended June 30, 2015, the District recognized \$994,377 in revenue and expense, in the Government-Wide Financial Statements, for the State of New Jersey on behalf TPAF contributions.

Public Employees' Retirement System – At June 30, 2016, the District reported a liability of \$752,765 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2015. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2015, the District's proportion was 0.0033533713%, which was an increase of 0.0001559597% from its proportion measured as of June 30, 2014.

For the fiscal year ended June 30, 2016, the District recognized \$56,646 in the Government-Wide Financial Statements, for pension expense for PERS.

At June 30, 2016, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflow of		Deferred Inflow of	
	R	esources	Re	esources
Differences between expected and actual experience	\$	-	\$	-
Changes of assumptions		80,841		-
Net difference between projected and actual earnings on pension plan investments		_		12,103
Changes in proportion and differences between District				
contributions and proportionate share of contributions		33,724		-
District contributions subsequent to the measurement date		33,378	••••	-
	\$	147,943	<u>\$</u>	12,103

\$33,378 reported as deferred outflows of resources related to pensions will be included as a reduction of the net pension liability in the fiscal year ended June 30, 2016.

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)</u>

Public Employees' Retirement System (Cont'd) – Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years Ending June 30,	PERS	
2017	\$	(1,942)
2018		(1,942)
2019		(1,942)
2020		1,235
Thereafter		649
	\$	(3,942)

Actuarial Assumptions

The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2014. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

	TPAF	PERS
Inflation	2.50%	3.01%
Salaries increases: 2012-2021	Varies based on experience	2.15% - 4.40% based on age
Thereafter	Varies based on experience	3.15% - 5.40% based on age
Investment rate of return	7.90%	7.90%
Mortality rate table	RP-2000	RP-2000
Period of Actuarial Experience Study upon which actuarial assumptions were based	July 1, 2009-June 30, 2012	July 1, 2008-June 30, 2011

For TPAF, mortality rates were based on the RP-2000 Health Annuitant Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements were based on Scale AA. Pre-retirement mortality improvements for active members are projected using Scale AA from the base year of 2000 until the valuation date plus 15 years to account for future mortality improvement. Post-retirement mortality improvements for non-disabled annuitants are projected using Scale AA from the base year of 2000 for males and 2003 for females until the valuation date plus 7 years to account for future mortality improvement.

For PERS, mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) with adjustments for mortality improvements from the base year of 2012 based on Projection Scale AA.

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)</u>

Actuarial Assumptions (Continued)

In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pension and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of returns for each major asset class included in TPAF's and PERS's target asset allocation as of June 30, 2015 are summarized in the following table:

	TPAF		PERS		
Asset Class	Target Allocation	Long-Term Expected Real Rate of Return	Target Allocation	Long-Term Expected Real Rate of Return	
Cash	5.00%	0.53%	5.00%	1.04%	
U.S. Treasuries	5.0070	-	1.75%	1.64%

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Discount Rate

The discount rate used to measure the total pension liability was 4.13% and 4.68% for TPAF as of June 30, 2015 and 2014, respectively, and 4.90% and 5.39% for PERS as of June 30, 2015 and 2014, respectively. For TPAF and PERS, these single blended discount rates were based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 3.80% and 4.29% as of June 30, 2015 and 2014, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rates for TPAF and PERS assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2017 for TPAF and 2033 for PERS. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2027 for TPAF and 2033 for PERS, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of District's Proportionate Share of Net Pension Liability to Changes in the Discount Rate

Teacher's Pension and Annuity Fund (TPAF)

As indicated above, TPAF has a special funding situation where the State pays 100% of the District's annual required contribution. As such, the net pension liability as of June 30, 2015 attributable to the District is \$0 and the State's net pension liability attributable to the District using discount rate of 4.13%, as well as using a discount rate that is 1% lower or 1% higher than the current rates used is as follows:

	TPAF			
	1% Decrease (3.13%)	Current Discount Rate (4.13%)	1% Increase (5.13%)	
District's proportionate share of the net pension liability	\$ -	\$ -	\$ -	
State's proportionate share of the net pension liability	19,469,127	16,285,513	13,721,836	
	\$ 19,469,127	\$ 16,285,513	\$ 13,721,836	

Sensitivity of District's Proportionate Share of Net Pension Liability to Changes in the Discount Rate (Continued)

Public Employees Retirement System (PERS)

The following presents the District's proportionate share of the net pension liability at June 30, 2015 calculated using a discount rate of 4.90% for PERS, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

	PERS			
	1%	Current	1%	
	Decrease (3.90%)	Discount Rate (4.90%)	Increase (5.90%)	
District's proportionate share of the net pension liability	\$ 935,594	\$ 752,765	\$ 599,482	

Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in the separately issued New Jersey Division of Pension and Benefits financial report. Information on where to obtain the report is indicated at the beginning of this note.

NOTE 8 POST-RETIREMENT BENEFITS

P.L. 1987, c.384 and P.L. 1990, c.6 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those state employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired state employees and retired education employees. As of June 30, 2015, there were 107,314 retirees receiving post-retirement medical benefits, and the State contributed \$1.25 billion on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical benefits changed from a pre-funding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

The State is also responsible for the cost attributable to P.L. 1992, c.126, which provides employer paid health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$214.1 million toward Chapter 126 benefits for 19,056 eligible retired members in Fiscal Year 2015.

The District does not provide any additional post-retirement benefits and therefore, is not subjected to the reporting requirements of Governmental Accounting Standards Board (GASB) Statement No. 45 "Accounting and Financial Reporting by Employers for Post-Retirement Benefits Other Than Pensions".

NOTE 9 COMPENSATED ABSENCES

The District accounts for compensated absences as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributed to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits. District employees who are employed for ten months are entitled to ten paid sick leave days per fiscal school year.

District employees who are employed for twelve months are entitled to twelve paid sick leave days per fiscal school year. Unused sick leave may be accumulated and carried forward to subsequent years. Upon retirement with not less than fifteen (15) years of service in the District, the District shall pay the employee for unused sick leave in accordance with the District's agreements with the various employee unions. Vacation days not used during the year may only be carried forward with approval from the Superintendent.

The liability for vested compensated absences of the governmental fund types is recorded and reflected as a governmental activity on the Statement of Net Position. The current portion of the compensated absence balance is not considered material to the applicable fund total liabilities, and is therefore not shown separately from the long-term liability balance of compensated absences.

The liability for vested compensated absences of the Enterprise Fund is recorded within those funds as the benefits accrue to employees. As of June 30, 2016, no liability existed for compensated absences in the Food Service Fund.

NOTE 10 DEFERRED COMPENSATION

The Board offers its employees a choice of various deferred compensation plans created in accordance with Internal Revenue Service Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators during the fiscal year ended June 30, 2016, were Seeley Agency, Lincoln Investment Planning, Vanguard Funds and Equitable.

NOTE 11 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance

The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

NOTE 11 RISK MANAGEMENT (CONTINUED)

New Jersey Unemployment Compensation Insurance

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method." Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions and reimbursements to the State for benefits paid and the ending balance of the District's trust fund for the current and prior two years:

Fiscal Year	District Contributions	Employee Contributions	Amount Reimbursed	Ending Balance
2015-2016	\$ -	\$ 4,460	\$ -	\$ 34,326
2014-2015	\$ -	\$ 5,041	\$ -	\$ 29,866
2013-2014	\$ -	\$ 5,955	\$ -	\$ 24,773

NOTE 12 INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheet as of June 30, 2016:

<u>Fund</u>	Interfund Receivable		Interfund Payable		
General Fund	\$	704,479	\$	30,559	(e)
Special Revenue Fund		-		139,486	(a)
Food Service Fund		-		116,225	(b)
Debt Service Fund		_		249	(c)
Agency Funds		30,559		31,960	(d) (e)
Capital Projects Fund		<u> </u>		416,559	
	\$	735,038	\$	735,038	

- (a) Transfers from General Fund to cover operating deficit due to decreases in funding.
- (b) Transfer from General Fund to cover operating deficit.
- (c) Transfer from General Fund to cover debt service payments.
- (d) Amounts in payroll agency fund in excess of required withholdings.
- (e) Transfers between Agency Funds and General Fund for excess funds.

NOTE 13 INVENTORY

Inventory in the Food Service Fund as of June 30, 2016 is valued at \$4,852 and consists of various food products and supplies.

The value of federal donated commodities as reflected on Schedule K-3 is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of non-operating revenue in the financial statements.

NOTE 14 FUND BALANCE APPROPRIATED

- General Fund of the \$1,325,325 General Fund balance as of June 30, 2016, \$80,000 is reserved for maintenance, \$542,404 for Excess Surplus, \$199,891 for subsequent year's expenditures, \$10,000 for capital reserve, \$454,087 is assigned for other purposes which is primarily encumbrances, and \$38,943 is unassigned.
- Special Revenue Fund The Special Revenue Fund balance as of June 30, 2016 is \$0.
- Capital Projects Fund The Capital Projects Fund balance as of June 30, 2016 is a deficit of (\$416,559).
- Debt Service Fund The Debt Service Fund balance as of June 30, 2016 is a deficit of (\$249).

NOTE 15 CALCULATION OF EXCESS SURPLUS

The designation for Reserved Fund Balance - Excess Surplus is a required calculation pursuant to N.J.S.A 18A:7F-7, as amended. New Jersey school districts are required to reserve General Fund balance at the fiscal year end of June 30, if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance as of June 30, 2016 is \$542,404. The excess fund balance at June 30, 2015 was \$199,891. Pursuant to the provisions of Executive Order No. 14, \$0 of that amount was approved by the Commissioner of the Department of Education for withdrawal to address any budget shortfall in the General Fund account group due to the 2015-2016 withholding of state aid.

NOTE 16 LITIGATION

The Board is, from time to time, involved in claims and lawsuits incidental to its operations. In the opinion of the administration and legal counsel, the ultimate resolution of these matters will not have a material adverse effect on the financial position of the District.

NOTE 17 NET POSITION

Net investment in capital assets consists of the following:

Land	\$	153,671
Other capital assets net of accumulated depreciation		3,063,304
Less: related long-term debt outstanding, less unspent portion		(1,876,000)
	<u>\$</u>	1,340,975

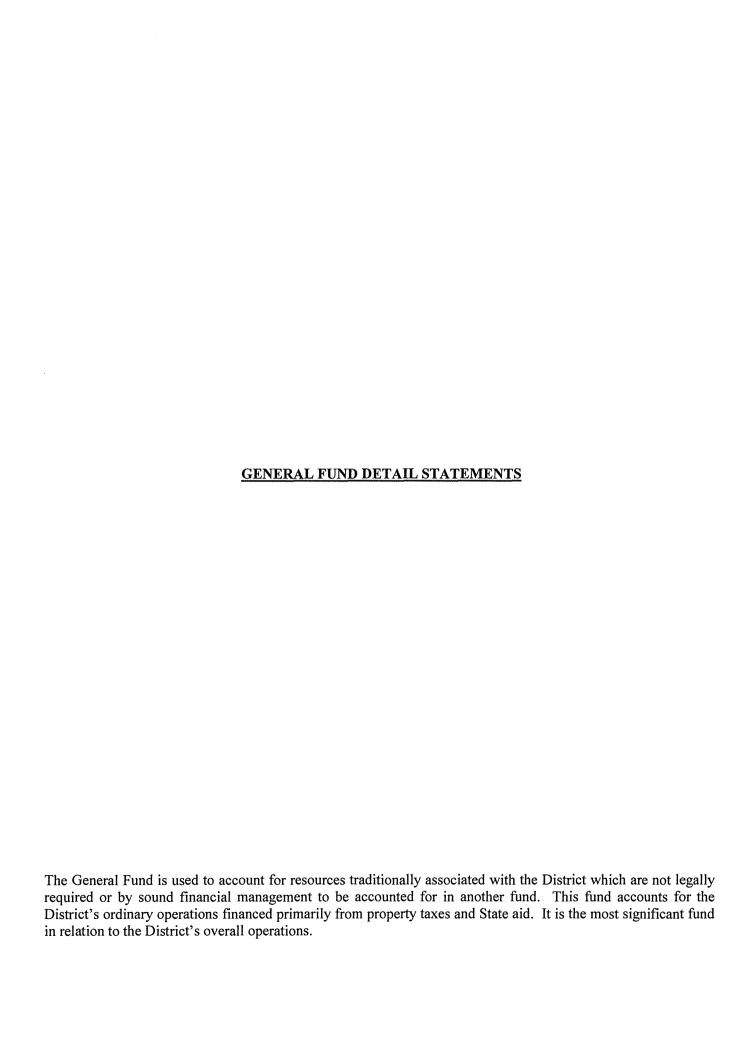

The government-wide statement of net position (deficit) reports \$832,295 of restricted net position of which \$90,000 is restricted by enabling legislation.

NOTE 18 FUND BALANCE

Generally Accepted Accounting Principles (GAAP) requires disclosure of individual funds that have deficit balances at year-end. As of June 30, 2016, there were deficit balances of \$(416,559) in the Capital Projects Fund and \$(249) in the Debt Service Fund.

BOROUGH OF MERCHANTVILLE SCHOOL DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – PART III YEAR ENDED JUNE 30, 2016

Public Employees' Retirement System (PERS)

Changes in Benefit terms - None

Changes in Assumptions – The discount rate changed from 5.55% as of June 30, 2014, to 5.39% as of June 30, 2015, in accordance with Paragraph 44 of GASB Statement No. 67.

Teachers' Pension and Annuity Fund (TPAF)

Changes in Benefit Terms - None

Changes in Assumptions – The discount rate changed from 4.95% as of June 30, 2014, to 4.68% as of June 30, 2015, in accordance with Paragraph 44 of GASB Statement No. 67.

Contributions - The District is not required to make any contributions towards TPAF. There is a special funding situation where the State of New Jersey pays 100% of the required contributions.

SPECIAL REVENUE FUND **DETAIL STATEMENTS** The Special Revenue Fund is used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specific purposes.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable President and Members of the Board of Education Borough of Merchantville School District County of Camden, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and audit requirements as prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education Borough of Merchantville School District (District), in the County of Camden, State of New Jersey, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 29, 2016. Our report on the financial statements included an emphasis of matter paragraph describing the restatement of the prior period financial statements resulting from the adoption of new accounting principles.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Borough of Merchantville Board of Education's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the district's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough of Merchantville Board of Education's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND NEW JERSEY OMB CIRCULAR 15-08

The Honorable President and Members of the Board of Education Borough of Merchantville School District County of Camden, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the Board of Education Borough of Merchantville School District (District), in the County of Camden, State of New Jersey's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the Board of Education's major federal and state programs for the year ended June 30, 2016. The Board of Education's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Board of Education's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; *Title 2, U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Those standards, the Uniform Guidance and New Jersey OMB's Circular 15-08 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Board of Education's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the Board of Education Borough of Merchantville School District, in the County of Camden, State of New Jersey, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of the Board of Education Borough of Merchantville School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Borough of Merchantville Board of Education's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and New Jersey's OMB's Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Borough of Merchantville Board of Education's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and New Jersey OMB's Circular 15-08. Accordingly, this report is not suitable for any other purpose.

BOROUGH OF MERCHANTVILLE SCHOOL DISTRICT NOTES TO THE SCHEDULES OF EXPENDITURES OF AWARDS AND FINANCIAL ASSISTANCE JUNE 30, 2016

NOTE 1 GENERAL

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance include federal and state award activity of the Borough of Merchantville School District Board of Education. The Board of Education is defined in Note 1 to the District's basic financial statements. All federal awards and state financial assistance received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the Schedules of Expenditures of Federal Awards and State Financial Assistance.

NOTE 2 BASIS OF ACCOUNTING

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance are presented using the budgetary basis of accounting with the exception of programs recorded in the Food Service Fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the District's basic financial statements. The information in this schedule is presented in accordance with the requirements of 2 CFR 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3 RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the General Fund and Special Revenue Fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the General Fund and Special Revenue Fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The General Fund is presented in the accompany schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, that payment is not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The Special Revenue Fund also recognizes the one or more June state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

NOTE 3 RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (CONTINUED)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$38,550 for the General Fund and (\$15,781) for the Special Revenue Fund. See the notes to the basic financial statements for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the General and Special Revenue Funds. Awards and financial assistance revenues are reported in the District's basic financial statements on a GAAP basis as follows:

	<u>Federal</u>			State	******	Total		
General Fund	\$	_	\$	3,014,582	\$	3,014,582		
Special Revenue Fund		246,462		242,494		488,956		
Debt Service Fund		-		15,203		15,203		
Food Service Fund		79,234		1,243		80,477		
Capital Projects Fund						_		
Total Awards and Financial Assistance	\$	325,696	\$_	3,273,522	\$	3,599,218		

NOTE 4 RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5 OTHER

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions, respectively. The amount reported as TPAF Pension Contributions represents the amount paid by the State on behalf of the District for the fiscal year ended June 30, 2016. TPAF Social Security Contributions represents the amounts reimbursed by the State for the employer's share of Social Security Contributions for TPAF members for the fiscal year ended June 30, 2016.

BOROUGH OF MERCHANTVILLE SCHOOL DISTRICT SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS YEAR ENDED JUNE 30, 2016

This section identifies the status of prior-year findings related to the basic financial statements and Federal and State awards that are required to be reported in accordance with Chapter 6.12 *Government Auditing Standards*, Uniform Guidance and New Jersey OMB's Circular 15-08.

STATUS OF PRIOR-YEAR FINDINGS

There were no prior year findings.
