Honorable President and Members of the Board of Education Neptune City School District Monmouth County, New Jersey

Dear Board Members:

The Comprehensive Annual Financial Report (CAFR) of the Neptune City School District (District) for the fiscal year ended June 30, 2016, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section begins with the Independent Auditors' Report and includes the Management's Discussion and Analysis, the Basic Financial Statements and Notes providing an overview of the School District's financial position and operating results, and other schedules providing detailed budgetary information. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and the US Office of Management and Budget Circular Uniform Guidance, Audits of States, Local Governments, and Non-Profit Organizations, and New Jersey OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and questioned costs are included in the single audit section of this report.

1) REPORTING ENTITY AND ITS SERVICES:

Neptune City School District is an independent reporting entity within the criteria adopted by the GASB as established by NCGA Statement No. 14. All funds and account groups of the District are included in this report. The Neptune City Board of Education and its school constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels K through 8. These include regular as well as special education for handicapped youngsters. The District has a sending-receiving relationship with Neptune Township School District for grades 9-12 that includes regular, vocational and special education for handicapped youngsters. Other opportunities available to high school students are Red Bank Regional High School for Performing Arts, Marine Academy of Science and Technology (MAST), High Technology High School, Academy of Allied Health and Science, Communications High School and Bio-technology High School.

The District completed the 2015-2016 fiscal year with an average daily enrollment of 363 students, which is sixteen students less than the previous year's average daily enrollment. The following details the changes in the student enrollment of the District over the last five years.

Average Daily Enrollment (K-8)

Fiscal Year	Average Daily Enrollment	Percent Change
2016	363	4.2%
2015	379	4.3%
2014	396	2.5%
2013	406	2.8%
2012	395	1.5%

2) ECONOMIC CONDITION AND OUTLOOK:

The Borough of Neptune City is located in the southeastern quadrant of Monmouth County and is comprised of 576 acres or approximately .9 square miles. The community is considered fully developed and is predominantly residential.

3) MAJOR INITIATIVES:

Free and appropriate public education for all children is a cornerstone of a democratic society that values the worth and dignity of each individual. The primary goal of the Neptune City School District is to offer educational opportunities to each young person that will enable him/her to function politically, economically and socially in a fast changing complex world. To achieve this goal, the District provides a planned program of learning that incorporates lessons and experiences, both in and out of the classroom, into the curriculum. The District appreciates the need for continuous improvement of the instructional program and will strive relentlessly to provide an educational system that assists every pupil to reach his/her potential.

Through the utilization of modern technology and scientific advancements in today's world, the students have been afforded many opportunities. The integration of technology into the curriculum is being emphasized and achieved. In addition, the District has recognized the advantage of offering a

structured education to children at an early age and has therefore established a tuition based pre-school program for four year olds.

The District has begun a program to educate its students with special needs in the least restrictive environment, their resident district. In keeping with that philosophy, the District has established an integrated Pre-school class.

4) INTERNAL ACCOUNTING CONTROLS:

Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5) BUDGETARY CONTROLS:

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2016.

6) ACCOUNTING SYSTEM AND REPORTS:

The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.

7) DEBT ADMINISTRATION:

At June 30, 2016, the District had outstanding debt of \$6,170,000.00.

8) CASH MANAGEMENT:

The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 2. The District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

9) RISK MANAGEMENT:

The Board carries various forms of insurance, including but not limited to general liability, hazard and theft insurance on property and contents, and fidelity bonds.

10) OTHER INFORMATION:

A) Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Alvino and Shechter, CPAs, was selected by the Board's audit committee. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1984, as amended by the Single Audit Act Amendments of 1996, and the related OMB Circular Uniform Guidance and New Jersey OMB Circular 15-08. The auditor's report on the general purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

11) ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Neptune City School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

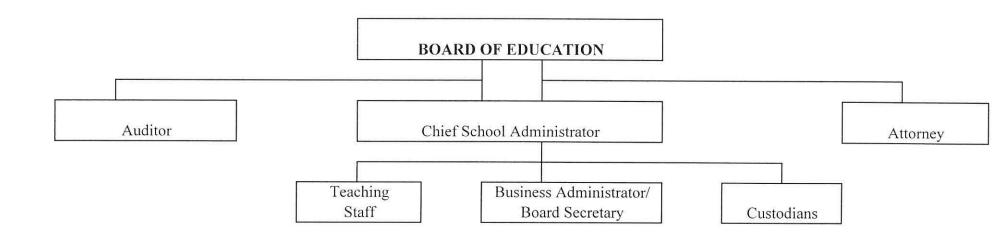

Debra Mercora, Ed. D.

INDEPENDENT AUDITOR'S REPORT

The Honorable President and Members of the Board of Education Neptune City Board of Education County of Monmouth, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Neptune City School District (the "District") in the County of Monmouth, as of and for the fiscal year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Neptune City School District, in the County of Monmouth, as of June 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and pension information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying introductory section, supplementary information such as the combining and individual non-major fund financial statements section, statistical section, schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and the schedule of expenditures of state financial assistance as required by New Jersey OMB Circular 15-08, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid", are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplementary schedules such as the combining and individual non-major fund financial statements and the schedule of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary schedules and the schedule of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections listed in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2016 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION - PART I

NEPTUNE CITY PUBLIC SCHOOL DISTRICT NEPTUNE CITY, NEW JERSEY

MANAGEMENT DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2016

(Unaudited)

The discussion and analysis of the Neptune City Public School District's financial performance provides an overall review of the school district's financial activities for the fiscal year ended June 30, 2016. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School District's financial performance.

The Management's Discussion and Analysis (MD&A) is a new element of Required Supplementary Information specified in the Government Accounting Standards Board (GASB) Statement No. 34 – Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments issued in June 1999. Certain comparative information between the current year (2015-2016) and the prior year (2014-2015) is required to be presented in the MD&A.

Financial Highlights

Key financial highlights for the 2015-2016 fiscal year are as follows:

In total, net position increased \$454,550 primarily due to unexpended appropriations.

General revenues were \$9,030,990 which represents 84.9% of revenues for the year. Program specific revenues in the form of charges for services, operating grants and contributions accounted for \$1,602,664 or 15.1% of total revenues of \$10,633,654.

The School District had \$10,179,104 in expenses and only \$1,602,664 was offset by program specific charges for services, grants or contributions. General revenues (primarily taxes and State of New Jersey and Federal Aid) of \$9,030,800 were adequate to provide for these programs.

The General Fund had \$8,831,769 in revenues and \$8,594,025 in expenditures. The General Fund's balance increased \$237,744 from June 2015. This increase was anticipated by the Board of Education.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Neptune City Public School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at the specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer – term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other non-major funds presented in total in one column. In the case of Neptune City Public School District, General Fund is by far the most significant fund.

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during the 2015-2016 fiscal year?" The *Statement of Net Position and the Statement of Activities* helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account, all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net position and changes in the net position. This change in net position is important because it tells the reader that, for the school district as a whole, the financial positions of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District is divided into two distinct kinds of activities:

Governmental activities – All of the School District's programs and services are reported here including, but not limited to, instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.

Business-Type Activities – This service is provided on a charge for goods or services basis to recover all the expense of the goods or services provided. The Food Service Enterprise Fund is reported as a business activity.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the School District's major funds begins on page 19. Fund financial reports provide detailed information about the School District's funds. The School District uses many funds to account for a multitude of financial transactions. The School District's governmental funds are the General Fund, Special Revenue Fund and Capital Projects Fund.

Governmental Funds

The School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs, The relationship (or differences) between governmental activities (reported in the *Statement of Net Position and the Statement of Activities*) and the governmental funds is reconciled in the financial statements.

Enterprise Fund

The Enterprise Fund uses the same basis of accounting as business-type activities; therefore, those statements are essentially the same.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the District-wide and fund financial statements. The notes to the financial statements can be found on pages 27 to 50 of this report.

The School District as a Whole

Recall that the *Statement of Net Position* provides the perspective of the School District as a whole. Net Position may serve over time as a useful indicator of a government's financial position.

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

Table 1 provides a summary of the School District's net assets for 2016 and 2015.

Governmental Activities

The unique nature of property taxes in New Jersey may create the need to annually seek voter approval for the School District operations. Effective with the 2012-2013 budget, voter approval is only necessary when seeking to exceed the state imposed property tax levy CAP. Property taxes made up 66.8 percent of revenues for governmental activities for the Neptune City Public School District for the fiscal year 2016. Federal and state grants accounted for another 32.6 percent of revenues.

Program expenses include instruction that comprises 36.6 percent of the total expenses. Support services comprise 55.6 percent of total expenses.

The *Statement of Activities* shows the cost of program services and the charges for services and grants offsetting those services for the year ended June 30, 2016. Table 3 shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions

	Total Cost of	Net Cost of	Total Cost of	Net Cost
Instruction	Services 2016	Services 2016	Services 2015	of Services 2015
Support Services	\$3,729,735	\$2,655,280	\$3,414,833	\$2,548,921
Pupils and Instructional Staff General Administration, School	\$4,658,799	\$4,383,225	\$4,761,345	\$4,546,914
Administration, Business Operations				
and Maintenance of Facilities	\$990,923	\$912,568	\$1,037,468	\$976,518
Pupil Transportation	\$174,782	\$174,782	\$184,646	\$184,646

Other	\$473,701	\$473,701	\$485,252	\$485,253
Total Expenses	\$ <u>10,179,104</u>	\$8,576,439	\$10,031,982	\$8,728,156
	Table 3			

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration and central services include expenses associated with administrative and financial supervision of the district.

Maintenance of facilities activities involves keeping the school grounds, buildings and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

The dependence upon tax revenues is apparent. The community, as a whole, is the primary support for the Neptune City Public School District.

The School District's Funds

Information about the School District's governmental funds starts on page 19. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$9,848,198 and expenditures of \$9,701,450.

At the end of the current fiscal year, the Board's governmental funds reported combined ending fund balances of \$1,104,617. Of this fund balance, \$232,341 is unassigned which is available for spending at the Board's discretion. The remainder of fund balance is restricted or assigned to indicate that it is not available for spending because it has already been committed 1) to liquidate contracts and purchase orders of the prior period (\$3,591), 2) for capital reserve (\$11,361), 3) for excess surplus (\$366,255), 4) for excess surplus designated for subsequent year's expenditures (\$343,355), 5) assigned to be designated for subsequent year's expenditures and included as anticipated revenue for the year ending June 30, 2017 (\$147,712), 6)

General Fund Budgeting Highlights

The School District's budget is prepared according to the law of the State of New Jersey, and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrance. The most significant budgeted fund is the General Fund.

During the course of the fiscal 2016 year, the School District amended its General Fund budget as needed. The School District uses program based budgeting and the budgeting systems designed to tightly control total program budgets but provide flexibility for program management. Revisions in the budget were made to recognize revenues and expenditures that were not anticipated and to prevent over expenditures in specific expense accounts.

Capital Assets

At the end of the 2016 fiscal year, the School District had \$9,524,108 invested in buildings, furniture and equipment and vehicles. Table 4 shows fiscal 2016 balances.

Table 4
Capital Assets (Net of Depreciation) at June 30

Machinery and Equipment	\$10,482	\$11,842
Trucks	<u>0</u>	<u>0</u>
Totals	\$9,524,108	\$9,729,876

Debt Administration

At June 30, 2016, the School District had \$8,237,489 as outstanding debt. This amount consisted of compensated absences (\$68,325), bonds payable (\$6,170,000),unamortized bond premiums (\$357,103) and net pension liability (\$1,642,061).

As of June 30, 2016, the School District's legal debt margin was \$8,747,524. For more detailed information, please refer to the *Notes to the Financial Statements*.

For the Future

The Neptune City Public School District is in good financial condition presently. The Borough of Neptune City is primarily a residential community, thus the burden is on the homeowner to fund the taxes needed to operate the school. Other funding sources have increased minimally and future finances will be with challenges. The decrease in Fund Balance available to be utilized in future budgets and level state funding will cause difficulty to comply with the CAP on tax levies as mandated by the State of New Jersey.

The Borough of Neptune City has designated an area in the Eastern section of the Borough as in need of redevelopment. This may affect the School District, however, such effect cannot be accurately projected at this time.

In conclusion, the Neptune City Public School District has committed itself to financial excellence for many years. The School District plans to continue its system of sound financial planning, budgeting and internal controls to meet the challenges of the future.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have any questions about this report or need additional information, contact William Folk, School Business Administrator/Board Secretary at Neptune City Board of Education, 210 West Sylvania Avenue, Neptune City, NJ 07753.

BASIC FINANCIAL STATEMENTS

DISTRICT-WIDE FINANCIAL STATEMENTS

The statement of net position and the statement of activities display information about the District. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activities of the District.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds

To the Statement of Activities **Governmental Funds**

For the Fiscal Year Ended June 30, 2016

Total net change in fund balances - governmental funds (from B-2)

237,743.95

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, on the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current fiscal year.

Depreciation Expense
Capital Outlay

(205,767.87)

(205,767.87)

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position and is not reported in the statement of activities.

445,000.00

In the statement of activities, certain operating expenses, e.g., compensated absences (vacation and sick pay) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation; when the paid amount exceeds the earned amount, the difference is an addition to the reconciliation.

4,725.00

Issuance of Debt is an Other Financing Source in the Governmental Funds, but the issuance increases long-term liabilities in the statement of net position and is not reported in the statement of activities.

Refunding Bond Proceeds	
Payments to Escrow Agent	
Premium on Issuance of Refunding	Bonds

(90,996.70)

District pension contribution are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension liability is measured a year before the District's report date. Pension expense, which is the change in the net pension liability adjusted for changes in deferred outflows and inflows of resources related to pensions, is reported in the Statement of Activities.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Introduction

The Neptune City School District is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials who are responsible for the fiscal control of the District. A Superintendent is appointed by the Board and is responsible for the administrative control of the District.

The financial statements of the Board of Education of Neptune City School District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

A. Reporting Entity:

The Neptune City School District is a Type II district located in the County of Monmouth, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The Board is comprised of nine members elected to three year-terms. The purpose of the District is to educate students in grades K-8.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is whether:

- the organization is legally separate (can sue or be sued in their own name)
- the district holds the corporate powers of the organization
- the district appoints a voting majority of the organization's board
- the district is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the district
- there is a fiscal dependency by the organization on the district

Based on the aforementioned criteria, the District has no component units.

B. New Accounting Standards:

During fiscal year 2016, the District adopted the following GASB statements:

- GASB Statement No. 72, Fair Value Measurement and Application. The objective of this Statement is to address accounting and financial reporting issues related to fair value measurements. Implementation of this Statement did not impact the District's financial statements.
- GASB Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not Within the Scope of GASB 68, and amendments to certain Provisions of GASB Statements 67 and 68. The objective of this Statement is to improve the usefulness of information about pensions included in the general purpose external financial reports of state and local governments for making decisions and assessing accountability. Implementation of this Statement did not impact the District's financial statements.
- GASB Statement No. 76, The Hierarchy of General Accepted Accounting Principles for State and Local Governments. The objective of this Statement is to identify in the context of the governmental financial reporting environment the hierarchy of generally accepted accounting principles. Implementation of this Statement did not impact the District's financial statements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

B. New Accounting Standards (Cont'd):

Other accounting standards that the District is currently reviewing for applicability and potential impact on the financial statements include:

- GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, will be effective for the year ended June 30, 2017. The objective of this Statement is to improve the usefulness of information about postemployment benefits other than pensions included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. The District does not expect this Statement to impact its financial statements.
- GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, will be effective for the year ended June 30, 2018. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions. The District does not expect this Statement to impact its financial statements.
- GASB Statement No. 77, Tax Abatement Disclosures, will be effective for the year ended June 30, 2017. The
 objective of this Statement requires governments that enter into tax abatement agreements to disclose information
 about those agreements. The District does not expect this Statement to impact the District's financial statements.
- GASB Statement No. 78, Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans, will be effective for the year ended June 30, 2017. The objective of this Statement is to address a practice issue regarding the scope and applicability of Statement No. 68, Accounting and Financial Reporting for Pensions. The District does not expect this Statement to impact the District's financial statements.
- GASB Statement No. 79, Certain External Investment Pools and Pool Participants, will be effective for the year ended
 June 30, 2017. The objective of this Statement is to address accounting and financial reporting for certain external
 investment pools and pool participants. The District does not expect this Statement to impact the District's financial
 statements.
- GASB Statement No. 80, Blending Requirements for Certain Component Units an amendment of GASB Statement No. 14, will be effective for the year ended June 30, 2018. The objective of this Statement is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. This Statement amends the blending requirements established in paragraph 53 of Statement No 14, The Financial Reporting Entity, as amended. The District does not expect this Statement to impact the District's financial statements.
- GASB Statement No. 81, Irrevocable Split-Interest Agreements, will be effective for the year ended June 30, 2018. The objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The District does not expect this Statement to impact the District's financial statements.
- GASB Statement No. 82, Pension Issues an amendment of GASB Statements No. 67, No. 68 and No. 73, will be effective for the year ended June 30, 2018. The objective of this Statement is to address certain issues that have been raised with respect to Statements No. 67, Financial Reporting for Pension Plans, No. 68, Accounting and Financial Reporting for Pensions, and No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. The District has not yet determined the potential impact on the District's financial statements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

C. Basis of Presentation, Basis of Accounting:

The School District's basic financial statements consist of District-Wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Basis of Presentation:

District-Wide Statements: The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activity of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of net position presents the financial condition of the governmental and business-type activity of the School District at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the School District.

Fund Financial Statements: During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category - governmental, proprietary, and fiduciary - are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB Statement No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

The District reports the following governmental funds:

General Fund: The general fund is the general operating fund of the District and is used to account for all expendable financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the capital outlay subfund.

As required by the NJDOE, the District includes budgeted capital outlay in this fund. GAAP as it pertains to governmental entities states that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues. Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes, and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by Board resolution.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

<u>Special Revenue Fund</u>: The special revenue fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, debt service or the enterprise funds) and local appropriations that are legally restricted to expenditures for specified purposes.

<u>Debt Service Fund</u>: The debt service fund is used to account for the accumulation of resources for and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

The District reports the following proprietary fund:

Enterprise (Food Service) Fund: The enterprise fund accounts for all revenues and expenses pertaining to the Board's cafeteria operations. The food service fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (ie. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

Additionally, the District reports the following fund type:

Fiduciary Funds: The Fiduciary Funds are used to account for assets held by the District on behalf of others and includes the Student Activities Fund, Payroll Agency Fund and Unemployment Compensation Insurance Trust Fund.

Basis of Accounting:

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

District-Wide, Proprietary, and Fiduciary Fund Financial Statements: The District-Wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the enterprise fund and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable". Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

All governmental and business-type activities and enterprise funds of the District follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

D. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office for approval and are voted upon at the annual school election on the third Tuesday in April. The Board voted to adopt P.L. 2001 c.202 effective January 17, 2012, which eliminated the annual voter referendum on budgets which meet the statutory tax levy cap limitations and the board of education members are elected at the November general election. Budgets are prepared using the modified accrual basis of accounting except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1.

All budget amendments/transfers must be approved by School Board resolution. All budget amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year).

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and GAAP with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as presented in the Notes to Required Supplementary Information. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

E. Encumbrances:

Under encumbrance accounting, purchase orders, contracts, and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in Governmental Funds, other than the Special Revenue Fund, are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and service.

Open encumbrances in the Special Revenue Fund, for which the District has received advances, are reflected in the balance sheet as unearned revenues at fiscal year end.

The encumbered appropriation carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

F. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance:

Cash, Cash Equivalents, and Investments:

Cash and cash equivalents include cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. The Board classifies certificates of deposit which have maturity dates of less than three months from date of purchase as investments and are stated at cost.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

F. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Cont'd):

Cash, Cash Equivalents, and Investments (Cont'd):

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey Statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts. Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value of at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

Interfund Transactions:

Transfers between governmental and business-type activities on the District-Wide statements are reported in the same manner as general revenues. Flows of cash or goods from one fund to another without a requirement for repayment are reported as Interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and as non-operating revenues/expenses in the enterprise fund. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

On fund financial statements, short-term interfund loans are classified as interfund receivables/payables. These amounts are eliminated in the statement of net position, except for amounts due between governmental and business-type activities or governmental and agency funds, which are presented as internal balances.

Bond Premiums

Bond premiums arising from the issuance of long-term debt (bonds) are amortized over the life of the bonds, in systematic and rational method, as a component of interest expense. Bond premiums are presented as an adjustment of the face amount of the bonds on the government-wide statement of net position.

Allowance for Uncollectible Accounts:

No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

Inventories:

Inventory purchases, other than those recorded in the enterprise fund, are recorded as expenditures during the year of purchase. Enterprise fund inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method.

Capital Assets:

The District has established a formal system of accounting for its capital assets. Purchased or constructed capital assets are reported at cost. Donated capital assets are valued at their estimated fair market value on the date received. The general fixed assets acquired or constructed prior to June 30, 1992 are valued at cost based on historical records or through estimation procedures performed by an independent appraisal company. The cost of normal maintenance and repairs is not capitalized. The School District does not possess any infrastructure. The capitalization threshold used by school districts in the State of New Jersey is \$2,000.00.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

F. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Cont'd):

Capital Assets (Cont'd):

All reported capital assets except for land and construction in progress are depreciated. Depreciation is computed using the straight-line method under the half-year convention over the following estimated useful lives:

Asset Class	Estimated <u>Useful Lives</u>
School Buildings	50
Building Improvements	20
Land Improvements	20
Office & Computer Equipment	5
Furniture	10
Other Equipment	10
Trucks	5

In the fund financial statements, fixed assets used in government fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets are not capitalized and related depreciation is not reported in the fund financial statements.

Unearned Revenue:

Unearned revenue in the special revenue fund represents cash that has been received but not yet earned.

Accrued Liabilities and Long-Term Obligations:

All payables, accrued liabilities, and long-term obligations are reported on the District-Wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. Bonds are recognized as a liability on the fund financial statements when due.

Accrued Liabilities and Long-Term Obligations:

All payables, accrued liabilities, and long-term obligations are reported on the District-Wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. Bonds are recognized as a liability on the fund financial statements when due.

Net Position:

Net position represent the difference between the summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2016

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

F. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Cont'd):

Fund Balance:

Beginning with the fiscal year 2011, the District implemented GASB Statement No. 54 "Fund Balance Reporting and Governmental Fund Type Definition". The School District reports fund balance in classifications that comprise a hierarchy based primarily on the extent to which the School District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The School District's classifications, and policies for determining such classifications, are as follows:

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, such as inventories and prepaid amounts.

Restricted - The restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources either by being (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the School District's highest level of decision-making authority, which, for the School District, is the Board of Education. Such formal action consists of an affirmative vote by the Board of Education, memorialized by the adoption of a resolution. Once committed, amounts cannot be used for any other purpose unless the Board of Education removes, or changes, the specified use by taking the same type of action (resolution) it employed to previously commit these amounts.

Assigned - The assigned fund balance classification includes amounts that are constrained by the School District's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by either the Board of Education or by the business administrator, to which the Board of Education has delegated the authority to assign amounts to be used for specific purposes. Such authority of the business administrator is established by way of a formal job description for the position, approved by the Board of Education.

Unassigned - The unassigned fund balance classification is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, it is the policy of the School District to spend restricted fund balance first. Moreover, when an expenditure is incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used, it is the policy of the School District to spend fund balances, if appropriate, in the following order: committed, assigned, then unassigned.

Deferred Outflows/Inflows of Resources:

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has two items that qualify for reporting in this category, deferred loss on refunding of debt and deferred outflows related to pensions.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

F. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Cont'd):

<u>Deferred Outflows/Inflows of Resources (Cont'd):</u>

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has two items, deferred inflows related to pensions and deferred commodities revenue, that qualify for reporting in this category. The latter item is reported in both the district-wide and the propriety funds statements of net position. The deferred commodities revenue represents the estimated market value of the donated and unused Federal commodities at year end. This amount is deferred and recognized as an inflow of resources in the period the commodities are consumed.

Revenues - Exchange and Nonexchange Transactions:

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means within sixty days of the fiscal year-end.

Nonexchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the period in which the income is earned. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest and tuition.

Operating Revenue and Expenses:

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the School District, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the enterprise fund.

Allocation of Indirect Expenses:

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation and medical and pension benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the direct expense column of the Statement of Activities. Depreciation expense, that could not be attributed to a specific function is reported separately on the Statement of Activities.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

F. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Cont'd):

Management Estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS

The District is governed by the deposit and investment limitations of New Jersey state law. The deposits and investments held at June 30, 2016, and reported at fair value, are as follows:

Type	Rating	Maturities	Carrying Value
Deposits:		4 	3
Demand Deposits			1,343,503.18
Investments:			
None			
Total deposits and investments			\$ <u>1,343,503.18</u>
Reconciliation of Statement of	Net Position		
Current:			
Cash and Cash Equivalents			1,332,141.82
Restricted:			
Capital Reserve Account			11,361.36
			\$ <u>1,343,503.18</u>

<u>Custodial Credit Risk</u> - Deposits in financial institutions, reported as components of cash, cash equivalents, and investments had a bank balance of \$1,084,295.18 at June 30, 2016. Of the bank balance \$500,000.00 was fully insured by depository insurance and \$479,541.05 was secured by a collateral pool held by the bank, but not in the District's name, as required by New Jersey statutes.

<u>Investment Interest Rate Risk</u> - The District has no formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

<u>Investment Credit Risk</u> - The District has no investment policy that limits its investment choices other than the limitation of state law as follows:

- 1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- 2. Government money market mutual funds;
- 3. Any obligation that a federal agency or federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligations bear a fixed rate of interest not dependent on any index or other external factor.
- 4. Bonds or other obligations of the school district or bonds or other obligations of the local unit or units within which the school district is located;
- 5. Bonds or other obligations, having a maturity date of not more than 397 days from the date of purchase, approved by the Division of Investment in the Department of Treasury for investment by school district;

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2016

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONT'D)

Investment Credit Risk (Cont'd):

- 6. Local governments investment pools;
- 7. Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281; or
- 8. Agreements for the repurchase of fully collateralized securities.

<u>Concentration of Investment Credit Risk</u> - The District places no limit on the amount it may invest in any one issuer. At June 30, 2016, the District had no investments.

NOTE 3. CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the Borough of Neptune City Board of Education by inclusion of \$1.00 on September 26, 2000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts, or both.. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to *N.J.S.A.* 19:60-2. Pursuant to *N.J.A.C.* 6:23A-5.1(d) 7, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2015 to June 30, 2016 fiscal year is as follows:

Beginning balance, July 1, 2015	\$11,316.01
Interest earnings	45.35
Deposits	
Approved by budget	.00
Withdrawals	
Board resolution	
Ending balance, June 30, 2016	\$ <u>11,361.36</u>

NOTE 4. RECEIVABLES

Receivables at June 30, 2016, consisted of interfund and intergovernmental accounts. All receivables are considered collectible in full. A summary of the principal items of receivables follows:

	Governmental Fund Financial Statements	District-Wide Financial Statements
State Aid	189,122.49	189,239.34
Federal Aid	55,775.00	62,659.58
Interfunds	4,788.23	24,666.47
Other		3,979.83
Gross Receivables	249,685.72	280,545.22
Less: Allowance for Uncollectibles	.00	
Total Receivables, Net	\$ <u>249,685.72</u>	280,545.22

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2016

NOTE 5. CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2016, was as follows:

	Beginning Balance	Transfers or Additions	Transfers or Retirements	Ending Balance
Governmental Activities:		:		(====== (
Capital assets not being depreciated:				
Land	30,000.00	.00	.00	30,000.00
Total	30,000.00	.00	.00	30,000.00
Capital assets being depreciated:		8.7-sti	-	
Site improvements	22,325.00	.00	.00	22,325.00
Building and building improvements	11,453,549.38	.00	.00	11,453,549.38

Truck	5,000.00	.00	.00	5,000.00
Total capital assets being depreciated	11,876,512.05	.00	.00	11,879,512.05
Total at historical cost	11,909,512.05	.00	.00	11,909,512.05
Less accumulated depreciation for:				
Site Improvements	(22,325.00)	(00.)	.00	(22,325.00)
Building and improvements	(1,765,515.26)	(204,407.67)	.00	(1,969,922.93)
Machinery and equipment	(386,795.97)	(1,360.20)	.00	(388,156.17)
Truck	(5,000.00)	(.00)	.00	(5,000.00)
Total accumulated depreciation	(2,179,636.23)	(205,767.87)	.00	(2,385,404.10)
Governmental activity capital assets, net	\$ <u>9,729,875.82</u>	(205,767.87)	.00	9,524,107.95
Business-Type Activities: Capital assets being depreciated:				
Equipment	71,880.08	3,100.00	.00	74,980.08
Less accumulated depreciation	(58,710.82)	(2,052.32)	.00	(60,763.14)
Enterprise fund capital assets, net	\$13,169.26	1,047.68	00	14,216.94

Depreciation expense was charged to the following governmental programs:

Instruction	138.85
Support Services - Administration	539.20
Operation and Maintenance of Plant Services	821.00
Unallocated	204,268.82
Total	\$205,767.87

6. LONG-TERM OBLIGATIONS

Bonds are authorized in accordance with State law by the voters of the District through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the District are general obligation bonds.

A. Long-Term Obligation Activity:

Change in long-term obligations for the year ended June 30, 2016, are as follows:

					Amounts
	Balance			Balance	Due Within
	July 1, 2015	<u>Increases</u>	Decreases	June 30, 2016	One Year
Bonds Payable	6,760,000.00	5,710,000.00	(6,300,000.00)	6,170,000.00	525,000.00
Add: Unamortized Premium	.00	357,102.95	.00	357,102.95	.00
Bonds Payable, Net	6,760,000.00	6,067,102.95	(6,300,000.00)	6,527,102.95	525,000.00
Compensated absences	73,050.00	7,500.00	(12,225.00)	68,325.00	13,325.00
Net Pension Liability	1,404,956.00	237,105.00	(.00)	1,642,061.00	.00
	\$8,238,006.00	6,311,707.95	(6,312,225.00)	8,237,488.95	538,325.00
		38			

6. LONG-TERM OBLIGATIONS (CONT'D)

For governmental activities, the liability for compensated absences are generally liquidated by the general fund.

	Government Activities			
	Issue Date	Interest Rates	Date of Maturity	Principal Balance June 30, 2016
2006 School District Bonds	06/01/2006	4.125%-4.200%	07/15/2016	460,000.00
2016 Refunding Bonds Total Bonds	05/11/2016	3.000%	01/15/2027	5,710,000.00 \$6,170,000.00

B. Debt Service Requirements:

Principal and interest on bonds payable at June 30, 2016 are as follows:

Fiscal Year Ending			
June 30	Principal	Interest	Total
2017	525,000.00	124,615.83	649,615.83
2018	490,000.00	162,000.00	652,000.00
2019	505,000.00	147,075.00	652,075.00
2020	520,000.00	131,700.00	651,700.00
2021-2025	2,855,000.00	410,625.00	3,265,625.00
2026-2027	1,275,000.00	38,475.00	1,313,475.00
	\$ <u>6,170,000.00</u>	1,014,490.83	7,184,490.83

C. Bonds Authorized But Not Issued: The District has no authorized but not issued bonds at June 30, 2016.

<u>D. Long-Term Debt Defeasance</u>: On May 11, 2016, the District issued refunding bonds in the amount of \$5,710,000.00. The bonds were issued to refund \$5,855,000.00 of its June 1, 2006 School District Bonds and pay issuance costs. The refunding bond bear an interest of 3.00% with principal maturities due July 15, 2027.

As a result of the above transaction, the \$5,855,000.00 of the 2006 District School Bond issue is considered to be defeased and the liability for this debt has been removed from the governmental activities column of the statement of Net Position. The reacquisition price exceeded the net carrying amount of the old debt by \$121,106.25. This amount has been reported as a Deferred Outflow of Resources on the financial statements and will be amortized over the remaining life of the new debt issued. The refunding program decreased total debt service by \$679,859.20 and resulted in a net present value economic savings of \$615,462.79. The economic savings is the difference between the present values of the debt service payments on the old and new debt.

NOTE 7. FUND BALANCE APPROPRIATED

General Fund - Of the \$1,104,615.61 General Fund fund balance at June 30, 2016, \$366,255.54 has been restricted for excess surplus; \$343,355.10 has been restricted for excess surplus at June 30, 2015 and has been appropriated and included as anticipated revenue for the year ending June 30, 2017; \$11,361.36 has been restricted for the Capital Reserve Account; \$3,590.71 of encumbrances for outstanding purchase orders have been assigned for other purposes; \$147,711.90 has been assigned to be designated for subsequent year's expenditures and included as anticipated revenue for the year ending June 30, 2017; and \$232,341.00 is unassigned.

NOTE 8. CALCULATION OF EXCESS SURPLUS

In accordance with N.J.S.A. 18A:7F-7, as amended by P.L. 2004, c.73 (S1701), the designation for Restricted Fund Balance-Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1997 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30, if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2016 is \$366,255.54.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2016

NOTE 9. CONTINGENT LIABILITIES

Grant Programs:

The School District participates in federal awards and state financial assistance grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The School District is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

NOTE 10. PENSION PLANS

Description of Plans - All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees' Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pension and Benefits, PO Box 295, Trenton, New Jersey, 08625 or on the internet at http://www.state.nj.us/treasury/pensions/annrprts.shtml.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund (TPAF) was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, 100% of employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Summary of Significant Accounting Policies - For purpose of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers' Pension and Annuity Fund (TPAF) and additions to/deductions from the TPAF's fiduciary net position have been determined on the same basis as they are reported by the TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The employer contributions for the district are legally required to be funded by the State in accordance with N.J.S.A. 18:66-33. Therefore, the district (employer) is considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the district (employer) does not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the district. However, the state's portion of the net pension liability that was associated with the district was \$12,681,851 as measured on June 30, 2015.

For the year ended June 30, 2016, the District recognized pension expense of \$774,341 and revenue of \$774,341 for support provided by the State. The measurement period for the pension expense and revenue reported in the district's financial statements (A-2) at June 30, 2016 is based upon changes in the collective net pension liability with a measurement period of June 30, 2014 through June 30, 2015. Accordingly, the pension expense and the related revenue associated with the support provided by the State is based upon the changes in the collective net pension liability between July 1, 2014 and June 30, 2015.

NOTE 10. PENSION PLANS (CONT'D)

Teachers' Pension and Annuity Fund (TPAF) (Cont'd)

Although the district does not report net pension liability or deferred outflows or inflows related to the TPAF, the following schedule illustrates the collective net pension liability and deferred items and the State's portion of the net pension liability associated with the district. The collective amounts are the total of all New Jersey local governments participating in the TPAF plan.

06/30/2014	06/30/2015
\$2,306,623,861	\$7,521,378,257
1,763,205,593	554,399,005
	TO DOWN THE PROPERTY OF THE PR
\$53,446,745,367	63,204,270,305
	WE NO DESCRIPTIONS
10,556,769	12,681,851
	#r0 == 0-#01100350
0.0197519398%	0.0200648642%
	\$2,306,623,861 1,763,205,593 \$53,446,745,367 10,556,769

Actuarial assumptions - The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014, which was rolled forward to June 30, 2015. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation: 2.50%

Salary Increases: Varies based on experience

Investment Rate of Return: 7.90%

Mortality rates were based on the RP-2000 Health Annuitant Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA. Pre-retirement mortality improvements for active members are projected using Scale AA from the base year of 2000 until the valuation date plus 15 years to account for future mortality improvement. Post-retirement mortality improvements for non-disabled annuitants are projected using Scale AA from the base year of 2000 for males and 2003 for females until the valuation date plus 7 years to account for future mortality improvement.

The actuarial assumptions used in the July 1, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2009 to June 30, 2012.

NOTE 10. PENSION PLANS (CONT'D)

Teachers' Pension and Annuity Fund (TPAF) (Cont'd)

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.90% at June 30, 2015) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pension and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2015 are summarized in the following table:

		Long-Term Expected
Asset Class	Target Allocation	Real Rate of Return
US Cash	5.00%	0.53%
US Government Bonds	1.75%	1.39%
US Credit Bonds	13.50%	2.72%
US Mortgages	2.10%	1.47%
US Inflation-Indexed Bonds	1.50%	4.57%
US High Yield Bonds	2.00%	5.63%
US Equity Market	27.25%	6.22%
Foreign-Developed Equity	12.00%	8.46%
Emerging Market Equities	6.40%	3.97%
Private Real Estate Property	4.25%	4.09%
Timber	1.00%	4.61%
Farmland	1.00%	9.15%
Private Equity	9.25%	9.15%
Commodities	1.00%	3.58%
Hedge Funds - MultiStrategy	4.00%	4.59%
Hedge Funds - Equity Hedge	4.00%	5.68%
Hedge Funds - Distressed	4.00%	4.30%

Discount rate. The discount rate used to measure the State's total pension liability was 4.13% as of June 30, 2015. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.90%, and a municipal bond rate of 3.80% as of June 30, 2015, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers (State of New Jersey) will be made based on the average of the last five years. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2027. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2027, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate. Since the District has no proportionate share of the net pension liability because of the special funding situation, the district would not be sensitive to any changes in the discount rate. Detailed information about the pension plan's sensitivity of the collective net pension liability to changes in the discount rate is available in the separately issued State of New Jersey Division of Pension and Benefits financial report at http://www.nj.gov/treasury/pensions/pdf/financial/gasb68-tpaf15.pdf.

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Division of Pension and Benefits financial report at http://www.nj.gov/treasury/pensions/financial-rprts-home.shtml.

NOTE 10. PENSION PLANS (CONT'D)

<u>Public Employees' Retirement System (PERS)</u> - The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

Summary of Significant Accounting Policies - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the PERS and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2016, the District reported a liability of \$1,642,061 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014, which was rolled forward to June 30, 2015. The District's proportion of the net position liability is based on the ratio of the contributions as an individual employer to total contributions to the PERS during the year ended June 30, 2015. At June 30, 2015, the District's proportion was 0.0073149556% which was an decrease of 0.0001890573 from its proportion measured as of June 30, 2014.

For the year ended June 30, 2016, the District recognized in the district-wide statements of activities (accrual basis) pension expense of \$119,123. At June 30, 2016, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred	Deferred
	Outflows of	Inflows of
	Resources	Resources
Differences between expected and actual experience	39,174	20
Changes of assumptions	176,344	
Net difference between projected and actual earnings on		
pension plan investments	-	26,401
Changes in proportion and differences between District		
contributions and proportionate share of contributions	83,841	30,031
District contributions subsequent to the measurement date	_62,889	<u>=</u> 1
Total	\$362,248	\$56,432

\$62,889 reported as deferred outflows of resources related to pensions resulting from school district contributions subsequent to the measurement date (ie. for the school year ending June 30, 2016, the plan measurement date is June 30, 2015) will be recognized as a reduction of the net pension liability measured as of June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Year Ended June 30
2017	\$46,831
2018	46,831
2019	46,830
2020	67,761
2021	34,674
Total	\$242,927

NOTE 10. PENSION PLANS (CONT'D)

Public Employees' Retirement System (PERS) (Cont'd)

Additional Information:

Local Group Collective balances at June 30, 2014 and 2015 are as follows:

	06/30/2014	_06/30/2015
Collective deferred outflows of resources	\$1,032,618,058	\$2,946,265,815
Collective deferred inflows of resources	1,726,631,532	360,920,604
Collective net pension liability (Non State - Local Group)	18,722,735,003	22,447,996,119
District's portion of net pension liability	1,404,956	1,642,061
District's portion %	0.0075040105%	0.0073149556%

The collective total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014, which was rolled forward to June 30, 2015. This actuarial valuation used the following actuarial assumptions:

Inflation: 3.04%
Salary Increases
2012-2013: 2.15%-4.40% based on age
Thereafter: 3.15%-5.40% based on age
Investment Rate of Return: 7.90%

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) with adjustments for mortality improvements from the base year of 2012 based on Projection Scale AA.

The actuarial assumptions used in the July 1, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011.

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pension and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2015 are summarized in the following table:

		Long-Term Expected
Asset Class	Target Allocation	Real Rate of Return
US Cash	5.00%	1.04%
US Treasuries	1.75%	1.64%
Investment Grade Credit	10.00%	1.79%
Mortgages	2.10%	1.62%
High Yield Bonds	2.00%	4.03%
Inflation-Indexed Bonds	1.50%	3.25%
Broad US Equities	27.25%	8.52%
Developed Foreign Equities	12.00%	6.88%
Emerging Market Equities	6.40%	10.00%
Private Equity	9.25%	12.41%
Hedge Funds/Absolute Return	12.00%	4.72%
Real Estate (Property)	2.00%	6.83%
Commodities	1.00%	5.32%
Global Debt ex US	3.50%	-0.40%
REIT	4.25%	5.12%

NOTE 10. PENSION PLANS (CONT'D)

Public Employees' Retirement System (PERS) (Cont'd)

Discount rate. The discount rate used to measure the total pension liability was 4.90% as of June 30, 2015. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.90%, and a municipal bond rate of 3.80% and as of June 30, 2015, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate. The following presents the District's proportionate share of the net pension liability measured as of June 30, 2015, calculated using the discount rate of 4.90%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.90%) or 1-percentage-point higher (5.90%) than the current rate:

		Current	
	1%	Discount	1%
	Decrease (3.90%)	Rate (4.90%)	Increase _(5.90%)
District's proportionate share of the net	(2.5070)		(3.70 78)
pension liability	\$2,040,881	\$1,642,061	\$1,307,693

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Division of Pension and Benefits financial report at http://www.nj.gov/treasury/pensions/financial-rprts-home.shtml.

<u>Defined Contribution Retirement Plan (DCRP)</u> - The Defined Contribution Retirement Program (DCRP) was established as of July 1, 2007 under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et. seq.). The DCRP is a cost-sharing multiple-employer defined contribution pension fund. The DCRP provides eligible members, and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N.J.S.A. 43:15C-1 et. seq.

The contribution requirements of plan members are determined by state statue. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. Member contributions are matched by a 3% employer contribution. For the year ended June 30, 2016, employee contributions total \$2,767.40, and the District recognized pension expense of \$1,509.60. The State Treasurer has the right under current law to make temporary reductions in member rates based on the existence of surplus plan assets in the retirement system; however statute also requires the return to the normal rate when such surplus pension assets no longer exist.

PERS and TPAF Vesting and Benefit Provisions - The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age.

NOTE 10. PENSION PLANS (CONT'D)

Public Employees' Retirement System (PERS) (Cont'd)

The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Significant Legislation - Chapter 78, P.L. 2011, effective June 28, 2011, made various changes to the manner in which the Public Employees' Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS) operate and to the benefit provisions of those systems.

Chapter 78's provisions impacting employee pension and health benefits include:

- New members of the PERS hired on or after June 28, 2011, (Tier 5 members), will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of 1/4 of 1% for each month that the member is under age 65.
- The eligibility age to qualify for a service retirement in PERS is increased from age 63 to 65 for Tier 5 members.
- The annual benefit under special retirement for new PFRS members enrolled after June 28, 2011, (Tier 3 members), will be 60% instead of 65% of the member's final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years.
- Increases in active member contribution rates. PERS active member rates increase from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years; PFRS active member rate increase from 8.5% to 10%. For fiscal year 2012, the member contribution rates increased in October 2011. The phase-in of the additional incremental member contribution rates for PES members will take place in July of each subsequent fiscal year.
- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law.
- New employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary.
- In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

Contribution Requirements - The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 (PERS) and N.J.S.A. 18:66 (TPAF) requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 7.06% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The current TPAF rate is 7.06% and the PERS rate is 7.06% of covered payroll.

NOTE 10. PENSION PLANS (CONT'D)

Contribution Requirements (Cont'd)

The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

Three-Year Trend Information for PERS

Year Funding	Annual Pension <u>Cost (APC)</u>	Percentage of APC <u>Contributed</u>	Net Pension <u>Liability</u>
6/30/16	62,889	100%	1,642,061
6/30/15	61,862	100%	1,404,956
6/30/14	51.747	100%	1,312,561

Three-Year Trend Information for TPAF (Paid on-behalf of the District)

Year <u>Funding</u>	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension <u>Liability</u>
6/30/16	163,356	100%	.#a
6/30/15	108,478	100%	<u> (44</u> 5
6/30/14	83,559	100%	:±:

During the fiscal year ended June 30, 2016, the State of New Jersey did contribute \$194,512.00 to the TPAF for post-retirement medical benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$150,494.66 during the year ended June 30, 2016, for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. The PERS amounts have been included in the fund-based statements as pension expense and the TPAF on-behalf amounts have been included in the fund-based statements as revenues and expenditures. The PERS and TPAF amounts have been modified and included in the District-wide financial statements in accordance with GASB Statement No. 68.

NOTE 11. POST-RETIREMENT BENEFITS

P.L. 1987, c. 384 and P.L. 1990, c.6 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2015, there were 107,314 retirees receiving post-retirement medical benefits and the State contributed \$1.25 billion on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical premiums changed from a pre-funding basis to a payas-you-go basis beginning in Fiscal Year 1994.

The State is also responsible for the cost attributable to P.L. 1992 c. 126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$214.1 million toward Chapter 126 benefits for 19,056 eligible retired members in Fiscal Year 2015.

GASB Statement No. 45 requires certain disclosures relating to governmental entities obligations for other post-employment benefits (OPEB), which are post-employment benefits other than pensions. The District does not provide post-employment benefits other than pension. Healthcare provided to eligible TPAF and PERS board of education retirees through the NJ State Health Benefits Program are paid by the State of New Jersey and as such, no district OPEB liability exists.

NOTE 12. COMPENSATED ABSENCES

The District accounts for compensated absences (sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees who are employed for ten months are entitled to ten paid sick leave days per fiscal school year. District employees who are employed for twelve months are entitled to twelve paid sick leave days per fiscal school year. Unused sick leave may be accumulated and carried forward to the subsequent years. Upon retirement and who have not less than twenty (20) years of service in the District, the District shall pay the employee for unused sick leave in accordance with the Districts' agreements with the various employee unions.

The entire liability for compensated absences is reported in the District-Wide Statements of Net Position.

NOTE 13. DEFERRED COMPENSATION

The Board offers its employees a choice of various deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

AXA Equitable Siracusa Benefits Program Lincoln Financial

NOTE 14. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

<u>Property and Liability Insurance</u> - The District maintains commercial insurance coverage for property, liability and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

New Jersey Unemployment Compensation Insurance - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current and previous two years:

Fiscal Year	Interest Earnings/ District <u>Contributions</u>	Employee Contributions	Amount Reimbursed	Ending Balance
2015-2016	10,503.54	5,652.11	8,221.12	143,210.26
2014-2015	555.55	5,340.24	20,417.56	135,275.73
2013-2014	584.33	5,441.83	12,515.88	149,797.50

NOTE 15. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund balances at June 30, 2016 consisted of the following individual fund receivable and payables:

	Due From <u>Other Funds</u>	Due To Other Funds
General Fund:		
Special Revenue Fund	4,788.23	.00
Unemployment Compensation Trust	.00	6,464.11**
Food Service Fund	.00	24,666.47**
Agency Fund	.00	2,061.45**
Special Revenue Fund:		5 To blood of the State of the
General Fund	.00	4,788.23
Agency Fund	.00	3,400.00**
Food Service Fund:		
General Fund	24,666.47*	.00
Unemployment Compensation Trust:		
General Fund	6,464.11	.00
Agency Fund:	and the second second	
Special Revenue Fund	3,400.00	.00
General Fund	2,061.45	.00
	\$ <u>41,380.26</u>	41,380.26

All of the above interfunds represent short-term loans.

The District had no operating transfers during the year ended June 30, 2016.

NOTE 16. INVENTORY

Inventory in the Food Service Fund at June 30, 2016 consisted of the following:

Food	2,402.29
Supplies	985.99
	\$3,388.28

NOTE 17. DEFICIT UNRESTRICTED NET POSITION

As reflected on Exhibit A-1, Statement of Net Position, a deficit in unrestricted net position of (\$1,289,050.31) existed as of June 30, 2016 for governmental activities. The primary causes of this deficit is the District not recognizing the receivable for the last two state aid payments and the recording of the long-term liability for compensated absences and net pension. In accordance with full accrual accounting, which is the basis of accounting for Exhibit A-1, Statement of Net Position, such liabilities are required to be recorded in the period in which they are incurred. However, in accordance with the rules and regulations that govern the District in the formulation of their annual budget (see Note 1), compensated absences and pension liabilities that relate to future services, or that are contingent on a specific event outside the control of the District and its employees, are funded in the period in which such services are rendered or in which such events take place. Therefore, this deficit in unrestricted net position for governmental activities does not indicate that the District is facing financial difficulties.

^{*}Reported as a receivable on the District-Wide statement of net position.

^{**}Reported as a payable on the District-Wide statement of net position.

NOTE 18. OPERATING LEASES

The District leases two photo copiers under noncancelable operating leases spanning 60 months. Total lease payments for the fiscal year ended June 30, 2016 were \$21,245.73. The future minimum lease payments for these operating leases are as follows:

Fiscal	
Year Ending June 30	<u>Total</u>
2017	18,188.52
2018	18,188.52
2019	18,188.52
2020	18,188.82
2021	12,125.68
	\$84,879.76

NOTE 19. SUBSEQUENT EVENTS

Management has reviewed and evaluated all events and transactions that occurred between June 30, 2016 and November 30, 2016, the date that the financial statements were available to be issued for possible disclosure and recognition in the financial statements, and no items have come to the attention of the District that would require disclosure.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION - PART II

NEPTUNE CITY SCHOOL DISTRICT Notes to Required Supplementary Information Budget-to-GAAP Reconciliation For the Fiscal Year Ended June 30, 2016

Note A - Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

Sources/inflows of resources	General Fund	Special Revenue Fund
Actual amounts (budgetary) "revenues" from the budgetary comparison schedules	8,830,532.02	280,528.00
Difference - budget to GAAP: Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.		
Encumbrances, June 30, 2015 Encumbrances, June 30, 2016	.00 .00	31,654.80 (11,120.00)
State aid payment recognized for GAAP statements in the current year, previously recognized for budgetary purposes.	200,674.00	.00
State aid payments recognized for budgetary purposes, not recognized for GAAP statements until the subsequent year.	(199,437.00)	(.00)
Total revenues as reported on the statement of revenues, expenditures and changes in fund balances balances - governmental funds.	8,831,769.02	301,062.80
Uses/outflows of resources Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule	8,594,025.40	280,528.00
Differences - budget to GAAP: Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for budgetary purposes, but in the year the supplies are received for financial reporting purposes.		
Encumbrances, June 30, 2015 Encumbrances, June 30, 2016	.00	31,654.80 (11,120.00)
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds.	\$ <u>8,594,025.40</u>	<u>301,062.80</u>

District's covered-employee payroll	\$ 2,05	7,787	\$ 1,849,528	\$	1,789,046							
District's proportionate share of the net pension liability (asset) as a percentage of its covered-employee payroll	N/A	(N/A		N/A							
Plan fiduciary net position as a percentage of the total pension liability	28.71	.%	33.64%		33.76%							

^{*} Until a full ten year trend is compiled, information will be presented for those years for which information is available.

^{**} Note: TPAF is a special funding situation as defined by GASB Statement No. 68 in which the State of New Jersey is 100% responsible for contributions to the plan. Since the district (employer) does not contribute directly to the plan there is no net pension liability to report in the financial statements of the district.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION - PART III

NEPTUNE CITY SCHOOL DISTRICT NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION - PART III PENSION SCHEDULES June 30, 2016

Teachers' Pension and Annuity Fund (TPAF)

Changes of benefit terms. The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of services, except for medical benefits, which vest after 25 years of service or under the disability of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Changes of assumptions. Mortality rates were based on the RP-2000 Health Annuitant Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA. Pre-retirement mortality improvements for active members are projected using Scale AA from the base year of 2000 until the valuation date plus 15 years to account for future mortality improvement. Post-retirement mortality improvements for non-disabled annuitants are projected using Scale AA from the base year of 2000 for males and 2003 for females until the valuation date plus 7 years to account for future mortality improvement.

Public Employees' Retirement System (PERS)

Changes of benefit terms. The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

Changes of assumptions. Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) with adjustments for mortality improvements from the base year 2012 Based on Projection Scale AA.

OTHER SUPPLEMENTARY INFORMATION

SPECIAL REVENUE FUND DETAIL STATEMENTS

The Special Revenue Fund is used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specific purposes.

Neptune City Board of Education Direct and Overlapping Governmental Activities Debt As of June 30, 2016 Unaudited

Governmental Unit	Debt Outstanding	Estimated Percentage Applicable ^a	Estimated Share of Overlapping Debt
Debt repaid with property taxes			
Borough of Neptune City	3,092,100	100.000%	3,113,200
Other debt Monmouth County	479,236,724	0.456%	2,186,836
Subtotal, overlapping debt			5,300,036
Neptune City School District Direct Debt			6,170,000
Total direct and overlapping debt			\$ 11,470,036

Sources: Neptune City Finance Officer, Monmouth County Finance Office

Note:

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Neptune City. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

The Honorable President and Members of the Board of Education Neptune City Board of Education County of Monmouth, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey (the "Department"), the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Neptune City School District, in the County of Monmouth (the "District") as of and for the fiscal year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basis financial statements, and have issued our report thereon dated November 30, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designated to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. We noted certain matters that we reported to the management of the Neptune City Board of Education in a separate report entitled, *Auditor's Management Report on Administrative Findings - Financial Compliance and Performance* dated November 30, 2016.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and for New Jersey Department of Education use, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR STATE PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND NEW JERSEY OMB CIRCULAR 15-08

INDEPENDENT AUDITOR'S REPORT

The Honorable President and Members of the Board of Education Neptune City Board of Education County of Monmouth, New Jersey

Report on Compliance for Each Major State Program

We have audited the Board of Education of the Neptune City School District's (the "District") compliance with the types of compliance requirements described in the OMB *Compliance Supplement* and New Jersey *State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the District's major state programs for the fiscal year ended June 30, 2016. The District's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey; the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and New Jersey OMB Circular 15-08, "Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid". Those standards, the Uniform Guidance and New Jersey OMB Circular 15-08 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedure as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major State Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the fiscal year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on a major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and New Jersey OMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results that the testing based on the requirements of the Uniform Guidance and New Jersey OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

Notes to the Schedules of Expenditures of Awards and Financial Assistance June 30, 2016

NOTE 1. GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Board of Education, Neptune City School District. The Board of Education is defined in Note 1 to the Board basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedules of expenditures of federal awards and state financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which is presented using the accrual basis of accounting. These bases of accounting are described in Notes 1 to the Board's basic financial statements. The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards (Uniform Guidance) and New Jersey OMB Circular 15-08, "Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid". Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3. RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to *N.J.S.A.* 18A:22-44.2. For GAAP purposes that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the last state aid payment in the current budget year, consistent with *N.J.S.A.* 18A:22-4.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$1,237.00 for the general fund and \$20,534.80 for the special revenue fund. See Note A for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as follows:

	Federal	State	Total
General Fund	.00	2,730,405.66	2,730,405.66
Special Revenue Fund	301,062.80	.00	301,062.80
Debt Service Fund	.00	178,562.00	178,562.00
Food Service Fund	127,726.29	1,971.35	129,697.64
Total Awards & Financial Assistance	\$ <u>428,789.09</u>	2,910,939.01	3,339,728.10

NEPTUNE CITY SCHOOL DISTRICT

Notes to the Schedules of Expenditures of Awards and Financial Assistance June 30, 2016

NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with amounts reported in the related federal and state financial reports.

NOTE 5. OTHER INFORMATION

TPAF Social Security contributions in the amount of \$150,494.66, represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the fiscal year ended June 30, 2016. The amount reported as TPAF Pension System Contributions in the amount of \$163,356.00 and TPAF Post-Retirement Medical Benefits Contributions in the amount of \$194,512.00 represents the amount paid by the State on behalf of the District for the fiscal year ended June 30, 2016.

NOTE 6. ON-BEHALF PROGRAMS - STATE SINGLE AUDIT MAJOR PROGRAM DETERMINATION

On-behalf State Programs for TPAF Pension and Post-Retirement Medical Benefits Contributions payments are excluded from the calculation for State single audit major program determination. The Schedule of State Financial Assistance provides a reconciliation of State Financial assistance reported in the District's basic financial statements and the amount subject to State single audit major program determination.

NOTE 7. DE MINIMUS INDIRECT COST RATE

The District has not elected to use the 10 percent de minimus indirect cost rate allowed under the Uniform Guidance.
