Honorable President and Members Rumson-Fair Haven Regional High School District County of Monmouth, New Jersey

Dear Board Members:

The comprehensive annual financial report of the Rumson-Fair Haven Regional High School District (District) for the fiscal year ended June 30, 2016, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the basic financial statements and schedules, as well as the auditors report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act and Title 2 U.S. Code of Federal Regulations (DFR) Part 200 Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance) and the state Treasury Circular Letter 15-08 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid". Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1. REPORTING ENTITY AND ITS SERVICES: Rumson-Fair Haven Regional High School District is an independent reporting entity within the criteria adopted by the GASB as established by NCGA Statement No. 3. All funds and account groups of the District are included in this report. The District provides a full range of educational services appropriate to grade levels 9-12. The following details the changes in the 9-12 student enrollment over the last ten years:

Enrollment, 9-12

2004-05	895	7.64
2003-04	831.5 2.90	

- 2. <u>ECONOMIC CONDITIONS AND OUTLOOK</u>: The Rumson-Fair Haven Regional High School Districtserves two closely-knit and highly supportive communities. The District holds a strong financial position where 96% of revenues come from the General Fund Tax Levy. Both Rumson and Fair Haven are stable communities, which in-turn leads to the stability of the District and the long running history of success.
- 3. MAJOR INITIATIVES: A demanding academic program is delivered in a caring, supportive educational environment. The District maintains high standards for administrative and pedagogical excellence. Students continue surpassing state and national averages on assessment instruments. Of the most recent graduating class, 97% pursued post-secondary education at two and four-year colleges and universities that included some of the best undergraduate institutions in the nation.

4. INTERNAL ACCOUNTING CONTROLS: Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse, and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made by the District auditor to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5. <u>BUDGETARY CONTROLS</u>: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year.

- 6. <u>ACCOUNTING SYSTEM AND REPORTS</u>: The District's accounting records reflect generally accepted accounting principles as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.
- 7. <u>FINANCIAL INFORMATION AT FISCAL YEAR-END</u>: As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. Readers should refer to the Management's Discussion and Analysis for a summary of the financial statements in relation to the prior year.
- 8. <u>DEBT ADMINISTRATION</u>: At June 30, 2016, the District's outstanding debt issues included \$2,270,000 of general obligation bonds (Note 11).

- 9. <u>CASH MANAGEMENT:</u> The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 6. The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey where the funds are secured in accordance with the Act.
- 10. RISK MANAGEMENT: The Board carries various forms of insurance, including but not limited to: general liability, comprehensive/collision, student and volunteer accident, hazard and theft insurance on property and contents, earthquake, flood and fidelity bonds. Annual reviews of the entire program are done in order to evaluate potential insurance changes.
- 11. OTHER INFORMATION: Independent Audit State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Jump, Perry& Company, LLP, was selected by the Board to provide this service. In addition to meeting the requirements set forth in state statutes, the audit was designed to meet the requirements of the Single Audit Act of 1996, and the related Uniform Guidance and state Treasury Circular Letter 15-08. The auditor's report on the basic financial statements and combined and individual fund statements and schedules is included in the financial section of this report. The auditor's reports specifically related to the single audit are included in the single audit section of this report.
- 12. ACKNOWLEDGEMENTS: We would like to express our appreciation to the members of the Rumson-Fair Haven Regional High School District for their continued concern in providing fiscal accountability to the taxpayers and citizens of the District, thereby contributing their full support to the development and maintenance of the District's financial operation.

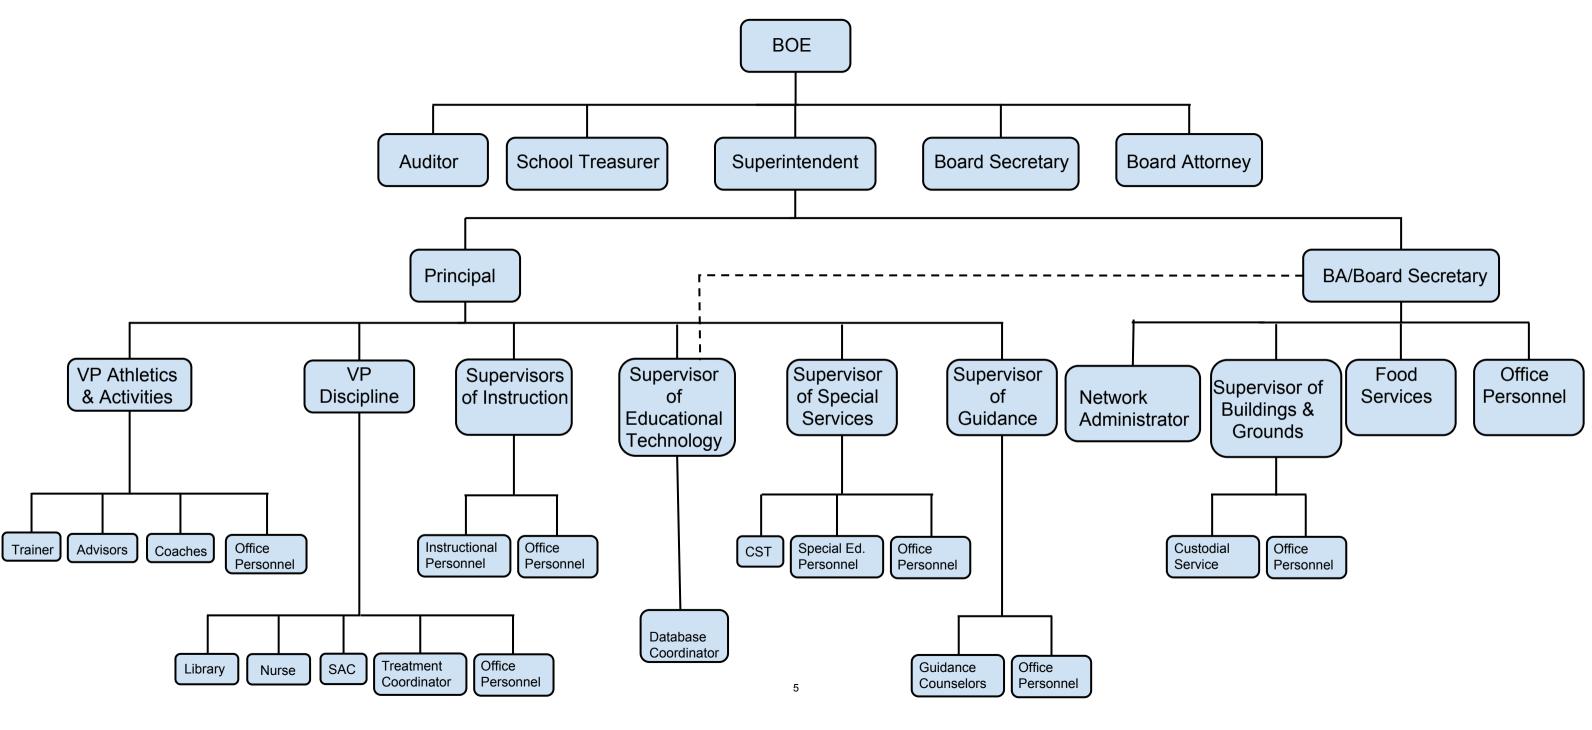

Respectfully submitted,

Dr. Peter Righi

#### INDEPENDENT AUDITORS' REPORT

Honorable President and Members of the Board of Education Rumson-Fair Haven Regional High School District: County of Monmouth Rumson, New Jersey

#### Report of the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Board of Education of Rumson-Fair Haven Regional High School District in the County of Monmouth, State of New Jersey, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the School District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

BRICK OFFICE: 514 BRICK BOULEVARD · SUITE 3 · BRICK, NJ · 08723 · PHONE (732) 840-1600 · FAX (732) 840-8349

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Rumson-Fair Haven Regional High School District in the County of Monmouth, State of New Jersey as of June 30, 2016 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended is in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information as presented in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Rumson-Fair Haven Regional High School District's basic financial statements. The introductory section, combining fund financial statements and schedules and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, and is also not a required part of the basic financial statements.

The combining fund financial statements and schedules and the schedule of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial statements and schedules and the schedule of expenditures of federal and state awards are fairly stated, in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 11, 2016 on our consideration of the Board of Education of the Rumson-Fair Haven Regional High School District in the County of Monmouth, State of New Jersey internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Rumson-Fair Haven Regional High School District in the County of Monmouth, State of New Jersey internal control over financial reporting and compliance.

Management's Discussion and Analysis

For the Fiscal Year Ended June 30, 2016

#### Unaudited

The discussion and analysis of Rumson-Fair Haven Regional High School District's financial performance provides an overall review of the district's financial activities for the fiscal year ended June 30, 2016. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the District's financial performance.

#### Financial Highlights

Key financial highlights for 2016 are as follows:

In total, net position totaled \$14,792,624, which represents a 2.43 percent decrease from 2015.

General revenues accounted for \$18,541,031 in revenue or 9.88 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$2,088,036 or 0.12 percent of total revenues of \$20,629,067.

Total assets increased by \$(221,902) as cash and cash equivalents increased by \$345,042, receivables decreased by \$21,559 and capital assets decreased by \$(588,696).

The District had \$20,278,545 in expenses; only \$2,088,036 of these expenses were offset by program specific charges for services, grants or contributions. General revenues (primarily property taxes) of \$18,541,031 were adequate to provide for these programs.

Among major funds, the General Fund had \$19,430,213 in revenues and \$19,073,768 in expenditures and transfers. The General Fund's balance increase \$356,445 over 2015. The General Fund's balance is \$4,489,371. The Capital Reserve Fund balance is \$982,366. The Capital Reserve Fund balance increased \$378,006 over 2015. The increase was anticipated by the Board of Education.

#### Using this Comprehensive Annual Financial Report (CAFR)

The annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Rumson-Fair Haven Regional High School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the District, presenting both an aggregate view of the District's finances and longer-term view of those finances. Fund financial statements provide the next level of detail. For government funds, these statements tell how services were financed in the short term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other non-major funds presented in total in one column. In the case of Rumson-Fair Haven Regional High School District, the General Fund is by far the most significant.

#### Reporting the District as a Whole

#### Statement of Net Position and the Statement of Activities

This document contains all funds used by the District to provide programs and activities viewing the District as a whole and reports the culmination of all financial transactions. The report answers the question "How We Did Financially During Fiscal Year 2016." The Statement of Net Position and the Statement of Activities provides the summary. The statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account, all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the District's net position and changes in those assets. This change in net position is important because reports whether the District's financial position has improved or diminished.

In the Statement of Net Position and the Statement of Activities, the District is divided into two kinds of activities:

Governmental Activities - All of the District's programs and services are reported here including, instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.

Business-Type Activities - This service is provided on a charge for goods or services basis to recover all the expense of the goods or services provided. The Food Service Enterprise Fund is reported as a business activity.

#### Reporting the District's Most Significant Funds

#### Fund Financial Statement

The Analysis of the District's major funds begins on page 25. Fund financial reports provide detailed information about the District's major funds. The District's major governmental funds are the General Fund, Special Revenue Fund, and Capital Projects Fund.

#### Governmental Funds

The District's activities are reported in governmental funds, which focus on how money flows into and out of the funds and balances left at year-end available for spending in the future years. These funds are reported using a modified accrual accounting method which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

#### Enterprise Fund

The Enterprise Fund uses the same basis of accounting as business-type activities. The reporting of this fund did not make a change with the conversion to GASB 34.

#### The District as a Whole

The Statement of Net Position provides the financial perspective of the District as a whole.

Table 1 provides a summary comparison of the School District's net position for 2015 and 2016.

#### **Government Activities**

Property Taxes as approved by the voters of the Boroughs of Rumson and Fair Haven made up 88.82 % of revenues for governmental activities for the fiscal year 2016. The District's total revenues were \$19,845,520 for the year ended June 30, 2016. Federal, state and local grants accounted for another 11.18 %.

The total cost of all programs and services was \$19,534,469. Instruction comprises 0.44 % of the District's expenses.

#### Expenses for Fiscal Year 2016

#### Business-Type Activities

Revenues for the District's business-type activities (food service program) were comprised of charges for services.

Food service expenses exceeded revenues by \$27,585.

Charges for services represent \$754,868 of revenue. This represents the amount paid by patrons for daily food service and catering.

#### Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total costs of services and the net cost of services. The net cost shows the financial burden that was placed on the School District's taxpayers by each of these functions.

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Extracurricular activities includes expenses related to student activities provided by the District which are designed to provide opportunities for students to participate in school and public events for the purpose of motivation, enjoyment, skill improvement, school spirit and leadership. Approximately 90% of the student population participates in extracurricular activities. Three foundations support the addition of ice hockey, boys' lacrosse, and rowing to the sports offerings.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration and business include expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities activities involve keeping the school grounds, buildings, and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, to school curricular and athletic activities and field trips as provided by state law.

Interest and fiscal charges involve the transactions associated with the payment of interest and other related charges to debt of the District. The District passed a referendum in December 2003 in the amount of \$8,798,326 to be paid over 15 years.

Other includes special schools and unallocated depreciation.

#### The District's Funds

Information about the District's major funds starts on page 23. These funds are accounted for using the modified accrual basis of accounting. All government funds had total revenues of \$19,845,520 and expenditures of \$19,515,866. The net positive (negative) change in fund balance for the year was most significant in the General Fund, a decrease of \$(329,654).

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds for the fiscal year ended June 30, 2016, and the amount and percentage of increase and increases in relation to prior-year revenues.

#### General Fund Budgeting Highlights

The District's budget is prepared according to New Jersey law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During the course of the fiscal year 2016, the District amended its General Fund budget as needed. The District uses program-based budgeting and the budgeting systems are designed to tightly control total program budgets but provide flexibility for program management. Transfers from one program to another must be approved by the Business Administration, Superintendent and Board of Education. Transfers were necessitated by:

- Staffing changes based on student needs.
- Building required maintenance and renovation projects.
- Changes in appropriations to prevent budget overruns.

While the District final budget for the General Fund anticipated that revenues and expenditures would roughly equal, the actual results for the year show a \$356,445 excess.

Actual revenues were \$19,430,213. Actual expenditures and transfers were \$19,073,768.

#### **Capital Assets**

At the end of the fiscal year 2016, the School District had \$15,879,617 invested in land, buildings, and machinery and equipment.

Table 4

#### For the Future

The Rumson-Fair Haven Regional High School District is in excellent financial position.

The use of Capital Reserve and State Facility Grants provides funding for capital improvements. The District has been diligent in its efforts to fund a maintenance reserve to maintain its investment in its buildings and grounds. An Emergency reserve has been established to fund unexpected budgetary needs such as unanticipated special education tuition. General Fund Reserve is used each year to reduce tax levied to fund the budget.

The residents of Rumson and Fair Haven show their support of the schools by successfully passing their school budget. The Boroughs are primarily residential with very few ratables; thus the burden of taxes levied by the District falls to the homeowners.

The District Board of Education practices long-term financial planning. The District is proud of its system for financial planning, budgeting, and internal financial controls.

#### Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional information, you may contact the School Business Administrator/Board Secretary at Rumson-Fair Haven Regional High School District, 74 Ridge Road, Rumson, NJ 07760.

#### RUMSON-FAIR HAVEN REGIONAL HIGH SCHOOL DISTRICT Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Fiscal Year Ended June 30, 2016

Total net change in fund balances - governmental funds (from B-2)		\$ 329,654
Amounts reported for governmental activities in the statement of activities ( $A-2$ ) are different because:		
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period.

In the statement of activities, certain operating expenses, e.g., compensated absences (sick leave) and special termination benefits (early retirement incentive) are measured by the amounts earned during the year. ## 1. Summary of Significant Accounting Policies

The Financial statements of the Board of Education ("Board") of the Rumson-Fair Haven Regional High School District ("District") have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

## A. Reporting Entity:

The Rumson-Fair Haven Regional High School District is a Type II district located in the county of Monmouth, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The Board is compromised of nine members elected to three-year staggered terms. The purpose of the District is to educate students in grades 9-12. The Rumson-Fair Haven Regional High School District had an approximate enrollment of 998 students at June 30, 2016.

The Board is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the District. A Superintendent is appointed by the Board and is responsible for the administrative control of the District.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB <u>Codification of Governmental Accounting and Financial Reporting Standards</u>, is the degree of oversight responsibility maintained by the District. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The district-wide financial statements include all funds and account groups of the District over which the Board exercises operating control. The operations of the District include elementary school, junior high schools and a senior high school located in Rumson and Fair Haven. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

## B. Basis of Presentation, Basis of Accounting:

The School District's basic financial statements consist of District-wide statements, including a Statement of Net Position and a Statement of Activities, and Fund Financial Statements which provide a more detailed level of financial information. The Statement of Net Position includes the reporting of assets, deferred outflows, liabilities and deferred inflows. Items not not meeting that definition of assets and liabilities have been classified as deferred outflows or deferred inflows. The deferred outflows are reported under assets and deferred inflows are reported under liabilities on the Statement of Net Position.

## Summary of Significant Accounting Policies (Cont'd)

## B. Basis of Presentation, Basis of Accounting (Cont'd):

## Basis of Presentation

The School District has Bond Costs which have been classified as a Deferred Outflow and the Bond Premium has been classified as a Deferred Inflow. The School District has employees that are enrolled in a defined benefit plan operated by the State of New Jersey which creates deferred outflows and inflows as described in Note 11.

In June, 2015, GASB issued Statement No. 74, Financial Reporting for Postemployment Benefits Other Than Pension Plans (Replaces GASB No. 43 and No. 57) and Statement No. 75 Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (Replaces GASB No. 45 and No. 57). The primary objective of these Statements is to improve accounting and financial reporting by state and local governments for postemployment benefits. It also improves information provided by state and local governmental employers about financial support for postemployment benefits that is provided by other entities. These Statements result from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for postemployment benefits with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. The requirements of these Statements will improve the decision-usefulness of information in employer and governmental nonemployer contributing entity financial reports and will enhance its value for assessing accountability and interperiod equity by requiring recognition of the entire net postemployment benefit liability and a more comprehensive measure of pension expense. requirements of these Statements are effective for financial statements for periods beginning after June 15, 2016 (GASB No. 74) and June 15, 2017 (GASB No. 75). The effect of these new standards on the School District has not been measured.

<u>District-Wide Statements</u>: The district-wide financial statements (A-1 and A-2) include the statement of net position and the statement of activities. These Statements include the financial activities of the overall District, except for fiduciary activities. All interfund activity, excluding the fiduciary funds, has been eliminated in the statement of activities. Individual funds are not displayed but the statements distinguish governmental activities, generally financed in whole or in part with fees charged to external customers.

## Summary of Significant Accounting Policies (Cont'd)

## B. Basis of Presentation, Basis of Accounting (Cont'd):

## Basis of Presentation (Cont'd):

The Statement of Net Position presents the financial condition of the governmental and business-type activity of the District at fiscal year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the District.

<u>Fund Financial Statements</u>: During the fiscal year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The Fund Financial Statements provide information about the District's funds, including its fiduciary funds. Separate statements for each Fund category - governmental, proprietary, and fiduciary - are presented. The New Jersey Department of Education ("NJDOE") has elected to require New Jersey districts to treat each governmental fund as a major fund. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

The District reports the following governmental funds:

**General Fund -** The General Fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment, which are classified in the Capital Outlay subfund.

As required by the the NJDOE, the District includes budgeted capital outlay in this Fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, District taxes and appropriated Fund Balance. Expenditures are those that result in the acquisition of or additions to Fixed Assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by Board resolution.

## Summary of Significant Accounting Policies (Cont'd)

## B. Basis of Presentation, Basis of Accounting (Cont'd):

## Basis of Presentation (Cont'd):

**Special Revenue Fund -** The Special Revenue Fund is used to account for all proceeds of specific revenue from State and Federal Government, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

The District reports the following proprietary funds:

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

**Debt Service Fund -** The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

Enterprise (Food Service) Fund - The Enterprise Fund accounts for all revenues and expenses pertaining to the Board's cafeteria operations. The Food Service Fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the costs (i.e., expenses including depreciation and indirect costs) of providing primarily through user charges.

The District reports the following fund types:

Trust and Agency Funds - The Trust and Agency Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

**Expandable Trust Fund -** An Expandable Trust Fund is accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. Expandable Trust Funds account for assets where both the principal and interest may be spent. The Expandable Trust Fund includes the Unemployment Compensation Insurance Fund and the Scholarship Account.

Agency Funds - Agency Funds are used to account for the assets that the District holds on behalf of others as their agent. Agency Funds are custodial in nature and do not involve measurement of results of operations. Agency Funds include payroll and student activities funds.

## Summary of Significant Accounting Policies (Cont'd)

## B. Basis of Presentation, Basis of Accounting (Cont'd):

## Basis of Accounting

Basis of Accounting determines when transactions are recorded in the financial records and reported on the financial statements.

District-Wide, Proprietary, and Fiduciary Fund Financial Statements: The District-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the Enterprise Fund and Fiduciary Funds use the accrual basis of accounting. Differences in the accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental Funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds, Proceeds, if general long-term debt and acquisitions under capital releases, are reported as other financing sources.

All governmental and business-type activities and Enterprise Funds of the District follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

**Property Taxes:** Ad Valorem (Property) Taxes are susceptible to accrual as, under New Jersey State Statute, a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "Accounts Receivable".

## Summary of Significant Accounting Policies (Cont'd)

## C. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the General, Special Revenue, and Debt Service Funds. The budgets are submitted to the County Office and are not voted upon in the annual school election. Budgets are prepared using the modified accrual basis of accounting, except for Special Revenue Fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C 6:20-2A.2(m)1. All budget amendments/transfers must be approved by Board resolution. All budget amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally-authorized revisions of the annual budgets during the year.

Appropriations, except remaining project appropriations, encumbrances, and unexpected grant appropriation, lapse at the end of each fiscal year. The Capital Project Fund presents the remaining project appropriations compared to current-year expenditures.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the Special Revenue Fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund-types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the Special Revenue Fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

For the Year Ended June 30, 2016

## Summary of Significant Accounting Policies (Cont'd)

## D. Encumbrance Accounting:

Under Encumbrance Accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve and portion of the applicable appropriation. Open encumbrances in governmental funds other than the Special Revenue Fund are reported as reservations of fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the Special Revenue Fund, for which the District has received advances are reflected in the Balance Sheet as deferred revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year-end.

## E. Assets, Liabilities, and Equity:

#### Interfund Transactions:

Transfers between Governmental and Business-Type activities on the Districtwide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as Interfund transfers. Interfund transfers are reported as other financing sources/uses in Governmental Funds and after non-operating revenues/expenses to the funds that initially paid for them are not presented on the financial statements.

### Inventories:

Inventory purchases, other than those recorded in the Enterprise Fund, are recorded as expenditures during the first year of purchase. Enterprise Fund inventories are valued at cost, which approximates market, using the first-in/first-out ("FIFO") method.

### Deferred Outflows/Inflows of Resources:

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represent a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time.

## 1. Summary of Significant Accounting Policies (Cont'd)

## E. Assets, Liabilities, and Equity (Cont'd):

## Capital Assets:

The District has an established formal system of accounting for its Capital Assets. Purchased or constructed Capital Assets are reported at cost. Donated Capital Assets are valued at their estimated fair market value on the date received. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. The District does not possess any infrastructure.

All reported Capital Assets except for Land and Construction in Progress are depreciated. Depreciation is computed using the straight-line method over the following estimated useful lives:

	Estimated		
Asset Class	<u>Useful Lives</u>		
Building and Improvements	20-50 years		
Furniture and Equipment	5-20 years		
Vehicles	8 years		

### Compensated Absences:

The Districts accounts for Compensated Absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Board. A liability for Compensated Absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and the employee is accrued as the employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued vacation. The District's Policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

In the District-wide Statement of Net Position, the liabilities whose average maturities are greater than one year should be reported in two components - the amount due within one year and the amount due in more than one year.

The liability for vested compensated absences of the proprietary fund-types is recorded within those funds as the benefits accrue to employees. As of June 30, 2016, no liability existed for compensated absences in the Food Service Fund.

## Summary of Significant Accounting Policies (Cont'd)

## E. Assets, Liabilities, and Equity (Cont'd):

## Unearned/Deferred Revenue:

Unearned/Deferred revenue in the special revenue fund represents cash which has been received but not yet earned.

## Accrued Liabilities and Long-Term Obligations:

All Payables, Accrued Liabilities, and Long-Term Obligations are reported on the District-wide financial statements. In general, governmental fund payables are accrued liabilities that, once incurred are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, contractually-required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

#### Net Position:

Net Position represent the difference between assets and liabilities. Net Position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net Position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted Net Position are available.

## Fund Balance Reserves:

The District reserves those portions of Fund Balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation in future periods. A Fund Balance Reserve has been established for encumbrances, maintenance, capital and subsequent year's expenditures.

## E. Assets, Liabilities, and Equity (Cont'd):

## Revenues - Exchange and Nonexchange Transactions:

Revenue resulting from Exchange Transactions, in which each party gives and receives essentially equal value, is recorded on the actual accrual basis when the Exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District available means within sixty days of the fiscal year-end.

Nonexchange Transactions, in which the District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the period in which the income is earned. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On the modified accrual basis, revenue from Nonexchange Transactions must also by available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest, and tuition.

## Operating Revenues and Expenses:

Operating revenues are those revenues that are generated directly from the primary activity of the Enterprise Fund. For the School District, these revenues are sales for food service and intramural. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the Enterprise Fund.

## Summary of Significant Accounting Policies (Cont'd)

## E. Assets, Liabilities, and Equity (Cont'd):

## Allocation of Indirect Expenses:

The District reports all Direct Expenses by function in the Statement of Activities. Direct Expenses are those that are clearly identifiable with a function. Indirect Expenses are allocated to functions but are reported separately in the Statement of Activities. Employee Benefits, including the employer's share of Social Security, workers compensation, and medical and dental benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the Indirect Expense column of the Statement of Activities. Depreciation expense that could not be attributable to a specific function is considered an Indirect Expense and is reported separately in the Statement of Activities. Interest on long-term debt is considered an Indirect Expense and is reported separately on the Statement of Activities.

## Extraordinary and Special Items:

Extraordinary Items are transactions or events that are unusual in nature and infrequent in occurrence. Special Items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

## Management Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

## 2. Capital Reserve Account

A Capital Reserve Account was established by the Rumson-Fair Haven Regional High School District by inclusion of \$165,641 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The Capital Reserve Account is maintained in the General Fund and its activity is included in the General Fund annual budget.

Funds placed in the Capital Reserve Account are restricted to Capital Projects in the District's approved Long Range Facilities Plan ("LRFP"). Upon submission of the LRFP to the Department, a District may increase the balance in the Capital Reserve by appropriating funds in the annual General Fund budget certified for taxes or by transfer by Board Resolution at year-end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A District may also appropriate additional amounts when the excess approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C 6:23A-5.1(d)7, the balance in the Account cannot at any time exceed the local support costs of uncompleted Capital Projects in its approved LRFP.

The activity of the Capital Reserve for the June 30, 2015 to June 30, 2016 fiscal year is as follows:

Beginning Balance June 30, 2015	\$ 1,416,285
Add:

Transfer from Capital Projects	_
Interest Earnings	1,981
Less:	
Withdrawals	(435,900)
Ending Balance, June 30, 2016	\$ <u>1,484,142</u>

The June 30, 2016 LRFP balance of local support costs of uncompleted Capital Projects is \$4,560,000.

For the Year Ended June 30, 2016

## 3. Maintenance Reserve Account

A maintenance Reserve Account was established by the Rumson-Fair Haven Regional High School District by inclusion of \$200,000 for the accumulation of funds for use as maintenance of Capital Projects in subsequent fiscal years. The Maintenance Reserve Account is maintained in the General Fund and its activity is included in the General Fund annual budget.

Funds placed in the Maintenance Reserve Account are restricted to maintenance projects in the District's approved Comprehensive Maintenance Plan (CMP). Upon submission of the CMP to the New Jersey Department of Education, the District may increase the balance in the maintenance reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end (June 1 to June 30) of any unanticipated revenue or unexpended line-item appropriation amounts, or both. The District may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:23A-14.2(g), the balance in the account cannot at any time exceed four percent of the replacement cost of the school district's school facilities for the current year.

The balance in the maintenance reserve does not exceed four percent of the replacement cost of the school district's school facilities for the current year at June 30, 2016.

The activity of the Maintenance Reserve for the June 30, 2015 to June 30, 2016 fiscal year is as follows:

Balance, June 30, 2015	\$ 1,387,931
Add: Increase per Resolution	409,309
Less: Withdrawals	(707,580)
Balance, June 30, 2016	\$ <u>1,089,660</u>

## 4. Emergency Reserve Account

An Emergency Reserve Account was established by the Rumson-Fair Haven Regional High School District by inclusion of \$200,000 for the accumulation of funds in accordance with N.J.S.A. 18A:7F-41c(1). The Emergency Reserve Account is maintained in the General Fund and its activity is included in the General Fund annual budget. Funds placed in the Emergency Reserve Account are to finance unanticipated general fund expenditures required for a thorough and efficient education.

The activity of the Emergency Reserve for the June 30, 2015 to June 30, 2016 fiscal year is as follows:

Balance,	June 30,	2015	\$ 250,000
Balance,	June 30,	2016	\$ 250,000

## 5. Transfers to Capital Outlay

During the year ending June 30, 2016, the District transferred \$- to the Capital Outlay Account.

## 6. Deposits and Investments

The Board of Education considers petty cash, change funds, cash in banks, certificates of deposit and deposits with the New Jersey Cash Management Fund as Cash and Cash Equivalents.

## <u>Deposits</u>

The Board's deposits are insured through the Federal Deposit Insurance Corporation ("FDIC") or New Jersey's Governmental Unit Deposit Protection Act. The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to maintain additional collateral in the amount of 5% of the average public deposits and to deposit these amounts with the Federal Reserve Bank for all deposits not covered by the FDIC.

Bank balances at June 30, 2016 are insured up to \$250,000 in aggregate by the FDIC for each bank. At June 30, 2016, the book value of the Board's deposits were \$5,630,153.

## Custodial Credit Risk Related to Deposits

Custodial Credit Risk is the Risk that, in the event of a bank failure, the Board's deposit might not be recovered. Although the Board does not have a formal policy regarding custodial credit risk, NJSA 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of GUDPA. Under the Act, the first \$ 250,000 of governmental deposits in each insured depository is protected by FDIC. Public funds owned by the Board in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, bail funds, or funds that may pass to the Board relative to the happening of a future condition. Such funds are shown as Uninsured and Uncollateralized in the schedule below.

At June 30, 2016, the Board's bank balances of \$6,108,214 were exposed to Custodial Credit Risk as follows:

	2016
Insured	\$ 2,196,702
Uninsured and Uncollateralized	 3,911,512
	\$ 6,108,214

For the Year Ended June 30, 2016

## Deposits and Investments (Cont'd)

## <u>Investments</u>

The Board is permitted to invest public funds in accordance with the types of securities authorized by N.J.S.A. 18A:20-37. Examples of the allowable investments are bonds or other obligations of the United States or obligations guaranteed by the United States of America, Government Money Market Mutual Funds, bonds or other obligations of the school district or bonds or other obligations of the local unit or units within which the school district is located, Local Government investment pools, and agreements or the repurchase of fully-collateralized securities, if transacted in accordance with the above statute.

As of June 30, 2016, the Board had no investments.

## <u>Interest Rate Risk</u>

On January 25, 2007, the Board adopted a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

## Credit Risk

State law limits investments as noted above (N.J.S.A. 18A:20-37). The District has an investment policy that further limits its investment choices.

Investment and interest earnings in the Capital Projects Fund are assigned to the Debt Service Fund in accordance with Board policy.

## New Jersey Asset and Rebate Management Program

The Program has been established as a joint investment trust, (the "Trust"), by local governmental units in the State of New Jersey, (the "State"), consistent with the Interlocal Services Act, constituting Chapter 208 of the Pamphlet Laws of 1973 of the State of New Jersey and the acts amendatory thereof and supplemental thereto (N.J.S.A. 40:8A-1 et seq.), (the "Interlocal Services Act"), to make available to counties, municipalities, school districts, authorities, or other political subdivisions of the State, and where applicable, any bond trustee acting on behalf of such local government, a convenient method for investing and accounting for surplus cash and tax exempt debt proceeds. The Program seeks to invest tax-exempt bond and note proceeds in compliance with arbitrage management and rebate requirements of the Internal Revenue Code of 1986, as amended. The Program also provides for record keeping, depository and arbitrage rebate calculation.

As of June 30, 2016, the District had \$1,913,804 on deposit with the New Jersey Asset and Rebate Management Program.

## 11. Long-Term Obligations

## A. Long-Term Obligation Activity:

Changes in Long-Term Obligations for the year ended June 30, 2016, are as follows:

Governmental Activities:	Ju	Balance ne 30, 2015		Increases/ Decreases	<u>Ju</u>	Balance ne 30, 2016		Amounts Due Within <u>One Year</u>
Compensated Absences Payable PERS Pension	\$	168,888	\$	27,908	\$	196,796	\$	-

	\$_	6,316,051	\$	(40,102)	\$_	6,275,949	\$_	895,425

Compensated absences and capital leases, if applicable, have been liquidated in the General Fund.

Interest paid on debt issued by the District is exempt from federal income tax. Because of this, bondholders are willing to accept a lower interest rate than they would taxable debt. The District temporarily reinvests the proceeds of such debt in higher-yielding taxable securities, especially during construction projects. The Federal Tax Code refers to this as arbitrage.

Earnings in excess of the yield on the debt issue are rebated to the Federal Government based on requirements in the Internal Revenue Code. Arbitrage rebate payable represents amounts due to the Internal Revenue Service for interest earned on unspent bond proceeds that exceeds legally-allowable returns.

Rebatable arbitrage liabilities related to the District debt are not recorded in governmental funds. There is no recognition in the Balance Sheet or Income Statement until rebatable amounts are due and payable to the Federal Government. There are no rebatable amounts at June 30, 2016.

Notes to Financial Statements

For the Year Ended June 30, 2016

## 11. Long-Term Obligations (Cont'd)

## B. Debt Service Requirements:

Bonds are authorized in accordance with State law by the voters of the municipality(ies) through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the District are general obligation bonds.

## 2004 School Bonds

On December 9, 2003, the voters approved a referendum authorizing the issuance of \$8,798,000 in bonds for the purpose of constructing and renovating the HVAC system and other equipment, furnishings and site work. On February 25, 2004, \$8,798,000 of School Bonds were issued. The bonds have been refunded. The new bonds approved resulted in an issuance of \$3,730,000. The remaining outstanding Bonds mature annually on February 1 of each year from February 2012 and ending 2019. Interest is payable semi-annually at 2.0%.

The Bonds are general obligations of the Board and are secured by a pledge of the full faith and credit of the Board for the payment of the principal thereof and the interest thereon and, unless paid from other sources, the Bonds are payable from ad valorem taxes to be levied on all taxable real property in the school district, without limitation as to rate or amount. The Bonds are additionally secured by the provisions of the New Jersey School Bond Reserve Act.

The District, in conjunction with the issuance of the Bonds, has agreed to undertake and provide certain information to bondholders on a continuing basis. The Securities and Exchange Commission ("SEC") Rule 15c2-12(b)(5) "Continuing Disclosure" requirements, which the District has adopted, requires that various financial information about the District and the Municipality be provided annually to various information repositories.

## Redemption

The Bonds maturing prior to February 1, 2015 are not subject to redemption prior to their stated maturities. The Bonds maturing on or after February 1, 2015 are redeemable in whole or in part after February 1, 2014.

## 13. Pension Plans

## Description of Plans

All required employees of the District are covered by either the Public Employees' Retirement System ("PERS") or the Teachers' Pension and Annuity Fund ("TPAF") which have been established by State statute and are administered by the New Jersey Division of Pension and Benefits ("Division"). According to the State of New Jersey Administrative Code, all obligations of both systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly-available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625.

## 13. Pension Plans (Cont'd)

## Teachers' Pension and Annuity Fund ("TPAF")

The Teachers' Pension and Annuity Fund was established as of January 1, 1955 under the provision of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The TPAF is considered a cost-sharing multiple-employer plan with a special funding situation as, under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the System's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are classified, professional, and certified.

For the year ended June 30, 2016, the District recognized pension expense of \$614,397 and revenue of \$614,397 for support provided by the State on the fund financials.

At June 30, 2016, the District has no deferred outflow, deferred inflows or pension liability for the TPAF plan as all future costs are to be incurred by the State of New Jersey. As detailed in GASB 68 the District's proportionate share of the deferred outflows of resources and deferred inflows of resources and pension liability is required to be disclosed. These items are not included on the district-wide financials. The District's proportionate share is 0.0742711461% of the total plan. The information below was provided from the State of New Jersey June 30, 2015 audit of the TPAF fund and has been adjusted to the District's proportionate share:

## Public Employees' Retirement System ("PERS")

The Public Employees' Retirement System was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another State-administered retirement system or other state or local jurisdiction.

For the year ended June 30, 2016, the District recognized pension expense of \$160,425. As detailed in GASB 68 the District's proportionate share of the deferred outflows of resources and deferred inflows of resources and pension liability is required to be disclosed and recorded. These items are included on the district-wide financials. The District's proportionate share is 0.0162541387% of the total plan. The information below was provided from the State of New Jersey June 30, 2015 audit of the PERS fund and has been adjusted to the District's proportionate share. ## 13. Pension Plans (Cont'd)

### Discount Rate

The discount rate used to measure the total pension liability was 4.90% as of June 30, 2015. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 3.80% as of June 30, 2015 based on Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

## Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability of the participating employers as of June 30, 2016 and 2015 respectively, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

## **Vesting and Benefit Provisions**

The vesting and benefit provisions for PERS are set by the N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:66 for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years or service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age.

For the Year Ended June 30, 2016

## Vesting and Benefit Provisions (Cont'd)

The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 6.78% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution included funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a noncontributing employer of the TPAF.

There was a current year contribution to the TPAF post-retirement medical benefits made by the state of New Jersey on behalf of the Board in the amount of \$1,345,974. The State did not make any normal contributions on behalf of the Board. Also, in accordance with N.J.S.A 18A: 66-66, the State of New Jersey reimbursed the District \$572,912 during the year ended June 30, 2016 for the employer's share of social security contributions for TPAF members as calculated on their base salaries.

These amounts have been included in the general purpose financial statements, and the combining and individual fund and account group statements and schedules as a revenues and expenditures in accordance with Governmental Accounting Standards.

## 14. Post-Retirement Benefits

Legislation enacted during 1991 provides early retirement incentives for certain member of TPAF and PERS who met certain age and service requirements and who applied for retirement between certain dates in the 1992 fiscal year. The early retirement incentives included: (a) an additional five years of service credit for employees at least age 50 with a minimum of 25 years service; (b) free health benefits for employees at least 60 years old with at least 20 years of service; and (c) an additional \$500 per month for two years for employees at least age 60 with 10 but less than 20 years of service. The District will assume the increased cost for the early retirement as it affects their district.

P.L. 1987, c 384 and P.L. 1990, c.6 required Teachers' Pensions and Annuity Fund ("TPAF") and the Public Employees' Retirement System ("PERS"), respectively, to fund post-retirement medical benefits for those state employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired state employees and retired educational employees. As of June 30, 2015, there were 107,314 retirees eligible for post-retirement medical benefits, and the State contributed \$1.25 billion on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost of attributable to P.L. 1992 c. 126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education of county college with 25 years of service. The State paid \$214.1 million toward Chapter 126 benefits for 19,056 eligible retired members in fiscal year 2015.

## 15. Deferred Compensation

The Board offers its employees a choice of Deferred Compensation Plans created in accordance with Internal Revenue Code Section 403(b). The Plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the Plans are not available to employees until termination, retirement, death or unforeseeable emergency. The Plan administrators are as follows:

AXA Equitable

Valic

## 16. Risk Management

The District is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omission; injuries to employees; and natural disasters.

**Property and Liability Insurance -** The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

For the Year Ended June 30, 2016

## 16. Risk Management (Cont'd)

New Jersey Unemployment Compensation Insurance - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The table below is a summary of the District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current and the previous two years.

## 17. Contingent Liabilities

## **Grant Programs**

The District participates in federally-assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The District is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

The District is also involved in several claims and lawsuits incidental to its operations. In the opinion of the administration and legal counsel, the ultimate resolution of these matters will not have a material adverse effect on the financial position of the Board.

## 18. Fund Balance Appropriated

Fund balance will be displayed in the following classifications depicting the relative strength of the spending constraints placed on the purposes for which resources can be used.

- Nonspendable Fund Balance amounts that are not in a spendable form (such as inventory) or are required to be maintained intact (such as the corpus of an endowment fund).
- Restricted Fund Balance amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- Committed Fund Balance amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest-level action to remove or change the constraint.

For the Year Ended June 30, 2016

## 18. Fund Balance Appropriated (Con't)

- Assigned Fund Balance amounts a District intends to use for a specific purpose; intent can be expressed by the Board or by an official or body to which the Board delegates the authority.
- Unassigned Fund Balance amounts that are available for any purpose; these amounts are reported only in the General Fund.

Fund balance reporting is the result of State Statutes, New Jersey Department of Education regulations and motions (resolutions/ordinances) that are passed at Board meetings. The Board acts on these motions under the guidance of the District's Superintendent and Business Administrator.

The District's policy is to apply expenditures against non-spendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance at the end of each fiscal year, utilizing adjusting journal entries.

First, non-spendable fund balances are determined; then, restricted fund balances for specific purposed are determined (not including non-spendable amounts). Any remaining fund balance amounts for the non-General Funds are classified as restricted fund balances.

There is a potential for the non-General Funds to have negative unassigned fund balance when non-spendable amounts plus the restricted fund balances for specific purpose amounts exceed the positive fund balances for the non-General Funds.

#### Notes to Required Supplementary Information - Part III

For the Year Ended June 30, 2016

The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014, which was rolled forward to June 30, 2015. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate		3.04	%
Salary increases: 2012-2021	2.15 - based		-
Thereafter	3.15 - based		-
Investment rate of return		7.90	%

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) with adjustments for mortality improvements from the base year of 2012 based on Projection Scale AA. The RP-2000 Disabled Mortality Tables (setback 3 years for males and setback 1 year for females) are used to value disabled retirees.

The actuarial assumptions used in the July 1, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, that larger the impact on future financial statements.

Note: Real property is required to be assessed at some percentage of true value (fair or market value) established by each county board of taxation.

Reassessment occurs when the County Board of Taxation requests Treasury to order a reassessment

- \* Revaluation effective 2004
- a Taxable Value of Machinery, Implements and Equipment of Telephone, Telegraph and Messenger System Companies
- b Tax rates are per \$100
- $\mathbf{N}/\mathbf{A}$  At the time of CAFR completion, this data was not yet available

The district is required by the Statement to disclose sources, assumptions and methodologies. This Note is an illustration only.

The Statement requires that the information in this schedule be shown for each "period for which levied" and should be consistent with the periods shown in the schedule of direct and overlapping revenue rates and schedule of property tax levies and collections. In the case of this illustrative government, the period for which levied coincides with the fiscal year.

### INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable President and Members of the Board of Education Rumson-Fair Haven Regional High School District County of Monmouth Rumson, New Jersey 07760

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Board of Education of the Rumson-Fair Haven Regional High School District in the County of Monmouth, State of New Jersey, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise Board of Education of the Rumson-Fair Haven Regional High School District basic financial statements, and have issued our report thereon dated November 11, 2016.

#### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Board of Education of the Rumson-Fair Haven Regional High School District in the County of Monmouth, State of New Jersey's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Board of Education of the Rumson-Fair Haven Regional High School District in the County of Monmouth, State of New Jersey's internal control. Accordingly, we do not express an opinion on the effectiveness of Board of Education of the Rumson-Fair Haven Regional High School District internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

BRICK OFFICE: 514 BRICK BOULEVARD · SUITE 3 · BRICK, NJ · 08723 · PHONE (732) 840-1600 · FAX (732) 840-8349

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board of Education of Rumson-Fair Haven Regional High School District financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey in considering the School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND NEW JERSEY OMB CIRCULAR 15-08

Honorable President and Members of the Board of Education Rumson-Fair Haven Regional High School District County of Monmouth Rumson, New Jersey 07760

#### Report on Compliance for Each Major Federal and State Program

We have audited Rumson-Fair Haven Regional High School District's compliance with the types of compliance requirements described in the OMB Compliance Supplement and the New Jersey OMB Circular 15-08 that could have a direct and material effect on each of Rumson-Fair Haven Regional High School District's major federal programs for the year ended June 30, 2016. Rumson-Fair Haven Regional High School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Rumson-Fair Haven Regional High School District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, the Uniform Guidance and the New Jersey OMB Circular 15-08 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about Rumson-Fair Haven Regional High School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of Rumson-Fair Haven Regional High School District's compliance.

BRICK OFFICE: 514 BRICK BOULEVARD · SUITE 3 · BRICK, NJ · 08723 · PHONE (732) 840-1600 · FAX (732) 840-8349

#### Opinion on Each Major Federal and State Program

In our opinion, Rumson-Fair Haven Regional High School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2016.

#### Report on Internal Control Over Compliance

Management of Rumson-Fair Haven Regional High School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Rumson-Fair Haven Regional High School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state programs to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and the New Jersey OMB 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Rumson-Fair Haven Regional High School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and New Jersey State OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

#### Notes to Schedules of Awards and Financial Assistance

June 30, 2016

#### 1. General

The accompanying schedules of expenditures of award present the activity of all federal and state awards of the Board of Education, Rumson-Fair Haven Regional High School District. The Board of Education is defined in Note 1(A) to the Board's general purpose financial statements. All federal and state awards received directly from federal and state agencies, as well as federal and state awards passed through other government agencies are included on the schedules of expenditures of federal and state awards.

#### 2. Basis of Accounting

The accompanying schedules of expenditures of federal and state awards are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements.

#### 3. Relationship to Basic Financial Statements

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the last state aid payment in the current budget year, which is mandated pursuant to P.L. 2003, c.97.(A3521). For GAAP purposes that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

Notes to Schedules of Awards and Financial Assistance (continued)

June 30, 2016

#### 3. Relationship to General Purpose Financial Statements (continued)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is (\$614,397) for the general fund and \$0 for the special revenue fund.
