Honorable President and
Members of the Board of Trustees
Camden's Promise Charter School
County of Camden
Camden, New Jersey

Dear Board Members,

The comprehensive annual financial report of the Camden's Promise Charter School for the fiscal year ended June 30, 2016, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Charter School. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the final position and results of operations of the various funds under the auspices of the Charter School. All disclosures necessary to enable the reader to gain an understanding of the Charter School's financial activities have been included.

The comprehensive annual financial report is presented in four sections as follows:

- The Introductory Section includes this transmittal letter, the Charter School's organizational chart and a list of principal officials.
- The Financial Section includes the basic financial statements and schedules, as well as the auditor's report thereon.
- The Statistical Section includes four unaudited fiscal years of data.
- The Single Audit Section-The Charter School is required to undergo an annual single audit in conformity with the provisions of Title 2 CFR 200-Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), "Audits of States, Local Governments, and Non-Profit Organizations" and State Treasury Circular Letter 15-08 OMB. "Single Audit Policy for recipients of Federal Grants, State Grants and State Aid Payments". Information related to this single audit, including the auditor's report on internal control and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1. REPORTING ENTITY AND ITS SERVICES:

The Camden's Promise Charter School, Inc. is an independent reporting entity within the criteria adopted by the Government Standards Board (GASB) as established by GASB Statement No.14. All funds and account groups of the Charter School are included in this report. The Camden's Promise Charter School, Inc. Board of Trustees and its school constitute the Charter School's reporting entity.

1. REPORTING ENTITY AND ITS SERVICES: (continued)

The Charter School is responsible for providing a thorough and efficient educational system for students in grades taught at the one school maintained. The Charter School completed the 2015-2016 fiscal year with an enrollment of 499 fifth, sixth, seventh and eighth grade students. The school has completed its seventeenth year of operations during the 2015-16 school year.

Average Daily Enrollment

<u>Fiscal Year</u>	<u>Student Enrollment</u>	<u>Percent Change</u>
2015-16	494.0	6.41%
2014-15	464.3	4.31%
2013-14	445.1	2.48%
2012-13	434.3	.30%
2011-12	433.0	8.60%
2010-11	398.7	.68%
2009-10	396.0	(.01%)
2008-09	396.4	(1.15%)
2007-08	401.0	3.29%
2006-07	388.2	8.38%

2. ECONOMIC CONDITION AND OUTLOOK:

While the City of Camden area is a large urban community in Camden County and presently considered to possess a stagnant economy, a significant development of the riverfront area is currently in the planning and approval stage. The city is experiencing unemployment and underemployment which appears to be common in other urban areas around the state.

Initiatives

The Charter School has developed a comprehensive strategic plan to support its mission and vision and serve as a blueprint for the achievement of its goals. The plan includes objectives such as pupil achievement, staff development and technology in the classroom.

The Katz Dalsey and Camden's Pride Elementary Charter Schools as well as the Camden Academy Charter High School have been consolidated into a K-12 Charter School District named Camden's Promise Charter School as of July 1, 2016.

3. INTERNAL ACCOUNTING CONTROLS:

Management of the Charter School is responsible for establishing and maintaining internal control designed to ensure that the assets of the Charter School are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). Internal control is designed to provide reasonable, but not absolute, assurance that these objectives are met.

The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

3. INTERNAL ACCOUNTING CONTROLS: (continued)

As a recipient of federal awards and state financial assistance, the Charter School also is responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws and regulations related to those programs. Internal control is also subject to periodic evaluation by the Charter School management.

As part of the Charter School's single audit described earlier, tests are made to determine the adequacy of internal control, including that portion related to federal awards and state financial assistance programs, as well as to determine that the Charter School has complied with applicable laws and regulations.

4. BUDGETARY CONTROLS:

In addition to internal accounting controls, the Charter School maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget. Annual appropriated budgets are adopted for the general fund and the special revenue fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2016.

5. ACCOUNTING SYSTEM AND REPORTS:

The Charter School's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the Charter School is organized on the basis of funds. These funds are explained in "Notes to the Financial Statements," Note 2.

6. INVESTMENT POLICY:

The investment policy of the Charter School is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 3. The Charter School has adopted a cash management plan, which requires it to deposit funds in public depositories protected from loss under the provisions of the Governmental Unit deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect governmental units from loss of funds from deposit with a failed banking institution in New Jersey. The law required governmental units to deposit public funds in public depositories located in New Jersey, where the funds are secured in accordance with the act.

7. RISK MANAGEMENT:

The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

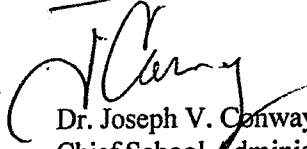

8. OTHER INFORMATION:

Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Nightlinger, Colavita and Volpa, Pa. was appointed by the Board. In addition to meeting the requirements set forth in State statutes, the audit also was designed to meet the requirements of the Title 2 CFR 200-Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards(Uniform Guidance), and State of New Jersey Treasury Circular 15-08 OMB, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. The auditor's report on the basic financial statements and combining and individual fund statements and schedules are included in the financial section of this report. The auditor's report related specifically to the single audit are included in the single audit section of this report.

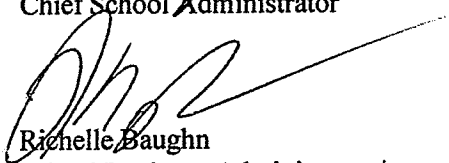

9. ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Camden's Promise Charter School, Inc. Board of Trustees for their concern in providing fiscal accountability to the community and contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT

To The Members of
The Board of Trustees
Camden's Promise Charter School, Inc.
County Of Camden, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Trustees of the Camden's Promise Charter School, Inc. in the County of Camden, State of New Jersey, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and audit requirements as prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Camden's Promise Charter School, Inc. Board of Trustees, in the County of Camden, State of New Jersey, as of June 30, 2016, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information, schedule of the Charter School's proportionate share of the net pension liability and schedule of the Charter School's contributions, identified in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Camden's Promise Charter School Board of Trustee's basic financial statements. The introductory section, combining and individual non-major fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In our opinion, the combining and individual non-major fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and state financial assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 3, 2016 on our consideration of the Camden's Promise Charter School, Inc.'s Board of Trustees internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Respectfully submitted,

CITY OF CAMDEN

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

UNAUDITED

The discussion and analysis of Camden's Promise Charter School, Inc.'s financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2016. The intent of this discussion and analysis is to look at the School's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School's financial performance.

Financial Highlights

Key financial highlights for 2016 are as follows:

- ❖ General revenues net of adjustments accounted for \$7,774,944 in revenue or 74.7% percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$2,628,785 or 25.3% percent to total revenues of \$10,403,729.
- ❖ Total net position of governmental activities decreased by \$1,788,181.
- ❖ The School had total expenses of \$12,166,762, of which only \$2,628,785 was offset by program specific charges for services, grants or contributions. General revenues of \$7,774,944 consisted of Federal and State Aid of \$7,107,558, property taxes of \$471,808, and other revenue of \$195,578.
- ❖ The General Fund had \$7,774,503 in revenues, \$9,216,137 in expenditures. The General Fund's balance decreased by \$1,274,923 over 2015, which included \$175,168 transferred from the capital projects fund and a cancellation of prior accounts receivable of \$8,457. This decrease was anticipated by the Board of Trustees.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Camden's Promise Charter School, Inc. as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole School, presenting both an aggregate view of the School's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For Governmental Funds, these statements tell how services were financed in the short-term as well as what remains for future spending. In the case of Camden's Promise Charter School, Inc., the General Fund is by far the most significant fund.

Reporting the School as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School to provide programs and activities, the view of the School as a whole looks at all financial transactions and asks the question, "How did we do financially during 2016?" The Statement of Net Position and the Statement of Activities helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account, all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School's net position and changes in those assets. This change in net position is important because it tells the reader that, for the School as a whole, the financial positions of the School has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include property tax base of the School's resident districts, current laws in New Jersey concerning revenue allocations, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School is divided into two distinct kinds of activities:

- ❖ **Governmental Activities** – All of the School's programs and services are reported here including, but not limited to, instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- ❖ **Business – Type Activities** – This service is provided on a charge for goods or services basis to recover all the expense of the goods or services provided. The Food Service enterprise fund is reported as a business activity and includes the meal service of Camden's Pride Charter School, Camden's Promise Charter School and Camden Academy Charter High School, Inc.

Reporting the School's Most Significant Funds

Fund Financial Statements

The analysis of the School's major (all) funds begins on page 22. Fund financial reports provide detailed information about the School's major funds. The School uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School's most significant funds. The School's major governmental funds are the General Fund and Special Revenue Fund.

Governmental Funds

The School's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Enterprise Fund

The enterprise fund uses the same basis of accounting as business-type activities; therefore these statements are essentially the same.

The Charter School as a Whole

Recall that the Statement of Net Position provides the perspective of the School as a whole.

Table 1 provides a summary of the School's net position for the years ended in 2016 and 2015, which are the first two years that a comparative presentation are available under the GASB reporting format.

Governmental Activities

The School's total revenue for the fiscal year ended June 30, 2016 was \$10,403,729, of which governmental revenues were \$7,774,944. As a Charter School, voter approval for the School operations is not required in New Jersey. Property taxes made up 6.1 % percent of revenues for governmental activities for the Camden Academy Charter High School, Inc. for fiscal year 2016. Federal, state and local grants accounted for another 91.4% and miscellaneous revenue accounted for 2.5%. The School's total expenses were \$12,166,762, of which the net cost of all governmental programs and services was \$9,532,520. Instruction comprises 36.2% of governmental expenses.

Business-Type Activities

Revenues for the School’s business-type activities (food service program) were comprised of charges for services and federal and state reimbursements.

- ❖ Food service expenses exceeded revenues by \$5,457. Expenses were \$1,155,247.
- ❖ Charges for services represent \$809,570 of revenue. This represents amount paid by patrons for daily food services.
- ❖ Federal and state reimbursements for meals, including payments for free and reduced lunches and donated commodities were \$340,220.

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows a comparison of the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the School’s resident district taxpayers by each of these functions.

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration and business include expenses associated with administrative and financial supervision of the School.

Operation and maintenance of facilities activities involve keeping the school grounds, buildings and equipment in an effective working condition.

Curriculum and staff development includes expenses related to planning, research, development and evaluation of support services, as well as the reporting of this information internally and to the public.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

Extracurricular activities includes expenses related to student activities provided by the School which are designated to provide opportunities for students to participate in school events, public events, or a combination of these for the purposes of motivation, enjoyment and skill improvement.

Interest and fiscal charges involve the transactions associated with the payment of interest and other related charges to liabilities of the School.

Other includes unallocated depreciation and amortization.

The School's Funds

Information about the School's major funds starts on page 21. These funds are accounted for using the modified accrual basis of accounting. All governmental funds (i.e., general funds, special revenue funds and capital projects fund presented in the fund-based statements) had total revenues of \$8,337,990 and expenditures of \$9,779,414. The net positive/negative change in fund balance for the year resulted in a decrease of \$1,471,798. This shows that the School did not meet current operating costs for the current year.

As demonstrated by the various statements and schedules included in the financial section of this report, the School continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds, including capital projects, for the fiscal year ended June 30, 2016 and the amount and percentage of increases and decreases in relation to prior year revenues.

<u>Revenue</u>	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase/ (Decrease) from 2015</u>	<u>Percent Increase (Decrease)</u>
Local Sources	\$ 667,155	\$ 8.0%	\$ (655,430)	\$ -45.1%
State Sources	7,100,021	85.1%	234,962	3.6%
Federal Sources	570,814	6.9%	27,447	5.4%
Total	<u>\$ 8,337,990</u>	<u>\$ 100%</u>	<u>\$ (393,021)</u>	<u>\$ -4.6%</u>

The increase in Local Sources is attributed to an increase in local tax levy of \$17,595 and decreases in various miscellaneous revenues of \$673,025.

The increase in State Sources is attributed to the increase general fund state aid and on-behalf social security reimbursements and pension contributions of \$234,962.

The increase in Federal Sources is attributed to various grant award funding.

The following schedule presents a summary of general fund, special revenue fund and capital projects fund expenditures for the fiscal year ended June 30, 2016.

<u>Expenditures</u>	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase/ (Decrease) from 2015</u>	<u>Percent Increase (Decrease)</u>
Current:				
Instruction	\$ 3,986,290	41%	\$ 430,468	17.1%
Undistributed expenditures	5,624,887	57%	286,412	11.7%
Capital Outlay	168,237	2%	20,953	-66.1%
Total	<u>\$ 9,779,414</u>	<u>100%</u>	<u>\$ 737,833</u>	<u>9.6%</u>

The increase in Current – Instruction is attributed to increases in teacher salaries costs of \$357,088, other instructional costs of \$64,655 and Special Revenue Fund expenditures of \$8,725.

The increase in Current – Undistributed Expenditures is attributed to increases in general administrative services of \$158,804, employee benefit costs of \$102,230, on-behalf TPAF benefits of \$105,373 and special revenue fund of \$11,185, offset by decreases in school administrative services of \$71,027, plant operations and maintenance of \$18,208 and pupil transportation of \$1,945.

The increase in capital outlay is attributed to increased capital spending

General Fund Budgeting Highlights

The School’s Budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of modified accrual and encumbrance accounting. The most significant budgeted fund is the General Fund.

During the course of the fiscal year 2016, the School amended its General Fund budget as needed. The School uses program based budgeting and the budgeting systems are designed to tightly control total program budgets but provide flexibility for program management.

- ❖ Staffing changes based on student needs.
- ❖ Costs for student transportation both in regular education and special education.
- ❖ Accounting changes in maintenance and operations
- ❖ Changes in appropriations to prevent budget overruns.

While the School’s final budget for the general fund anticipated that revenues and expenditures would roughly equal, with surplus use of \$160,202, the actual results for the year shows an excess of expenses over revenue of \$1,274,923.

- ❖ Actual revenues were \$387,850 more than expected, which excludes the on-behalf pension and social security reimbursement of \$753,855.

- ❖ The actual expenditures were less than expected in various line items in the total amount of \$68,691, which excludes on-behalf pension and social security reimbursement of \$753,855.

Capital Assets

At the end of the fiscal year 2016, the School had \$2,083,087 invested in leasehold improvements, machinery and equipment, and Vehicle. Table 4 shows fiscal 2016 balances compared to 2015.

Table 4

Vehicle	(4,713)	4,712
	<u> </u>	<u> </u>
Totals	<u>\$ 2,083,087</u>	<u>\$ 2,312,534</u>

Overall, capital assets decreased \$229,447 from fiscal year 2015 to fiscal year 2016. The decrease was attributed additions of \$85,706 offset by depreciation of \$315,153.

Operating Leases

The Charter School currently has three outstanding building lease agreements, as tenant, with the Camden's Charter School Network Inc. Stipulated in each lease agreement, there is an automatic renewal provision after five years at the end of the 2019-20 School Year. In addition, the Charter School has lease agreements for seven copy machines through the 2019-20 school year that were transferred to Camden's Charter School Network.

For the Future

The Camden's Promise Charter School, Inc. is presently in good financial condition. Continued optimum enrollment in the School will provide financial stability into the future. This includes the two elementary schools and one middle school that were merged into Camden's Promise Charter School .

As of June 1, 2016, the New Jersey Department of Education has approved the merger of Katz Dalsey Charter School, Camden's Academy Charter High School and Camden's Pride Charter School into Camden's Promise Charter School, which will operate as a K-12 Charter School.

As a charter school, it is a concern of the Board of Trustees of the Camden's Promise Charter School, Inc. as to how future budgets will be financed. To address this issue, the administrator closely monitors instructional and support expenditures, as well as administrative costs of the School.

In addition, the Board of Trustees will continue to maintain suitable facilities for the needs of the students.

In conclusion, the Camden's Promise Charter School, Inc. continues to be committed to sound financial planning, budgeting, and internal financial controls in order to meet the challenges of the future.

Contacting the School's Financial Management

This financial report is designed to provide our citizens, taxpayers and oversight entities with a general overview of the School's finances and to show the School's accountability for the money it receives. If you have questions about this report or need additional information, contact Dr. Joseph Conway, School Administrator at Camden's Promise Charter School, Inc., Camden, N.J.

Total net change in fund balances - governmental funds (from B-2) \$ (1,471,798)

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

This is the amount by which capital outlays exceeded depreciation in the period.

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 1. DESCRIPTION OF THE CHARTER SCHOOL AND REPORTING ENTITY

The Camden's Promise Charter School, Inc is located in the County of Camden, State of New Jersey and was incorporated on February 5, 1998. It was created on through the approval of its New Jersey Charter Schools Application by the State of New Jersey, Department of Education. As a Charter School, the Camden's Promise Charter School, Inc. functions independently as an educational institution through a Board of Trustees (the "Board"). In accordance with the by laws of the Charter School the Board is to consist of not less than 3 and not more than 14 individuals. At all times, constituency of the voting members of the Board of Trustees shall consist of 2 members nominated and elected by the Board selected from the Parent Council and two members nominated and elected by the Board of Trustees representing community leaders at large (which may include representatives from the Neighborhood Center, Inc.) The school administrator and a teacher elected by the teachers from the school are ex-officio members of the Board of Trustees without vote, and limited to the number of terms they may serve consecutively.

A. Reporting Entity:

The purpose of the Charter School during the 1998-99 school year was to educate 6th grade students. In the 1999-2000 school-year, 100 7th grade students were added. In the 2000-2001 school-year, 96 8th grade students were added. A 5th grade was added in the 2004-2005 school year. The one school was operated with an enrollment at June 30, 2016 of 499. A school business administrator and a board secretary were appointed by the Board and are responsible for the administrative control of the Charter School.

The primary criterion for including activities within the Charter School's reporting entity, as set forth in Section 2100 of the GASB *Codification of Governmental Accounting and Financial Reporting Standards*, is whether:

- the organization is legally separate (can sue or be sued in their own name)
- the Charter School holds the corporate powers of the organization
- the Charter School appoints a voting majority of the organization's board
- the Charter School is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the Charter School
- there is a fiscal dependency by the organization on the Charter School

There were no additional entities required to be included in the reporting entity, under the criteria as described above, in the current fiscal year. Furthermore, the Charter School is not includable in any other reporting entity on the basis of such criteria.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Camden's Promise Charter School, Inc. have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the Charter School's accounting policies are described below.

CAMDEN'S PROMISE CHARTER SCHOOL, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

In June 1999, the Governmental Accounting Standards Board (GASB), unanimously approved Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. This Statement provides for the most significant change in financial reporting over twenty years and is scheduled for a phase-in implementation period (based on amount of revenues) starting with fiscal years ending 2002 (for larger governments). In addition, the Charter School has implemented GASB Statement No. 37, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments: Omnibus*, Statement No. 38, *Certain Financial Statement Note Disclosures* and GASB No. 54 *Fund Balance Reporting and Governmental Fund Type Descriptions*.

New Accounting Standards:

The District adopted the following GASB statements:

- GASB No. 80 - *Blending Requirements for Certain Component Units - an Amendment of GASB No. 14*: The objective of this Statement is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. This Statement amends the blending requirements established in paragraph 53 of Statement No. 14, *The Financial Reporting Entity, as amended*. This Statement is effective for fiscal years beginning after June 15, 2015. The adoption of GASB 80 did not impact the financial statements of the Charter School.
- GASB No. 79 - *Certain External Investment Pools and Pool Participants*: This Statement addresses accounting and financial reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. An external investment pool qualifies for that reporting if it meets all of the applicable criteria established in this Statement. The specific criteria address (1) how the external investment pool transacts with participants; (2) requirements for portfolio maturity, quality, diversification, and liquidity; and (3) calculation and requirements of a shadow price. This Statement is effective for fiscal years beginning after June 15, 2015. The adoption of GASB 79, did not impact the financial statements of the Charter School.
- GASB Statement No. 78 - *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*: The objective of this Statement is to address a practice issue regarding the scope and applicability of Statement No. 68, *Accounting and Financial Reporting for Pensions*. This issue is associated with pensions provided through certain multiple-employer defined benefit pension plans and to state or local governmental employers whose employees are provided with such pensions. This Statement is effective for fiscal years beginning after December 15, 2015. The adoption of GASB 78, did not impact the financial statements of the Charter School.
- GASB No. 77, *Tax Abatement Disclosures*: This Statement requires governments that enter into tax abatement agreements to disclose certain information about the agreements. This Statement is effective for fiscal years beginning after December 15, 2015. The adoption of GASB 77, did not impact the financial statements of the Charter School.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

New Accounting Standards (Cont'd):

- GASB No. 76 - *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*: The objective of this Statement is to identify—in the context of the current governmental financial reporting environment—the hierarchy of generally accepted accounting principles (GAAP). The “GAAP hierarchy” consists of the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with GAAP and the framework for selecting those principles. This Statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. This Statement is effective for fiscal years beginning after June 15, 2015. The adoption of GASB 76, did not impact the financial statements of the Charter School.

- GASB No. 73 - *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*: The objective of this Statement is to improve the usefulness of information about pensions included in the general purpose external financial reports of state and local governments for making decisions and assessing accountability. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. This Statement is effective for fiscal years beginning after June 15, 2015. The adoption of GASB 73, did not impact the financial statements of the Charter School.

- GASB No. 72 - *Fair Value Measurement and Application*: This Statement addresses accounting and financial reporting issues related to fair value measurements. The definition of *fair value* is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This Statement provides guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. This Statement is effective for fiscal years beginning after June 15, 2015. The adoption of GASB 72, did not impact the financial statements of the Charter School.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

New Accounting Standards (Cont'd):

Other accounting standards that the District is currently reviewing for applicability and potential impact on the financial statements include:

- GASB No. 82 - *Pensions - an Amendment of GASB No. 67, No. 68 and No. 73*: The objective of this Statement is to address certain issues that have been raised with respect to Statements No. 67, *Financial Reporting for Pension Plans*, No. 68, *Accounting and Financial Reporting for Pensions*, and No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*. Specifically, this Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. The requirements of this Statement are effective for reporting periods beginning after June 15, 2016. Management is evaluating the potential impact of the adoption of GASB 82 on the Charter School's financial statements.
- GASB No. 81 - *Irrevocable Split-Interest Agreements*: The objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The requirements of this Statement are effective for reporting periods beginning after June 15, 2016. Management is evaluating the potential impact of the adoption of GASB 81 on the Charter School's financial statements.
- GASB No. 75 - *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*: The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits (pensions and OPEB) with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. The requirements of this Statement will be effective for reporting periods beginning after June 15, 2017. Management is evaluating the potential impact of the adoption of GASB 75 on the Charter School's financial statements.
- GASB No. 74 - *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*: The objective of this Statement is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits (pensions and OPEB) with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. The requirements of this Statement will be effective for reporting periods beginning after June 15, 2016. Management is evaluating the potential impact of the adoption of GASB 74 on the Charter School's financial statements.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

A. Basis of Presentation:

The School's basic financial statements consist of School-wide statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Charter School-wide Statements: The statement of net position and the statements of activities display information about the financial activities of the overall School, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the School. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of net position presents the financial condition of the governmental and business-type activities of the School at the fiscal year end while the statement of activities presents a comparison between direct expenses and program revenues for each different business-type activity of the School and for each function of the School's governmental activities.

- Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expenses—expenses of the School related to the administration and support of the School's programs, such as personnel and accounting—are not allocated to programs.
- Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes and state formula aid, are presented as general revenues.

Fund Financial Statements: During the fiscal year, the Charter School segregates transactions related to certain Charter School functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the School's funds, including its fiduciary funds. Separate statements for each fund category – *governmental*, *proprietary*, and *fiduciary* – are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey Schools to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among School financial reporting.

B. Fund Accounting:

The accounts of the Charter School are maintained in accordance with the principles of fund accounting to ensure observance of limitations and restrictions on the resources available. The principles of fund accounting require that resources be classified for accounting and reporting purposes into funds in accordance with activities or objectives specified for the resources. The operations for each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. The various funds and accounts are grouped, in the financial statements in this report:

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

B. Fund Accounting (Cont'd):

GOVERNMENTAL FUND TYPE

General Fund - The general fund is the general operating fund of the School and is used to account for all expendable financial resources except those required to be accounted for in another fund. Included are certain expenditures for instructional and non-instructional equipment which are classified in the Capital Outlay sub-fund.

As required by the New Jersey State Department of Education, the Camden's Promise Charter School, Inc. includes budgeted Capital Outlay in this fund. Generally accepted accounting principles as they pertain to governmentalities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from the "local levy" local share - charter school aid, "local levy" state share - charter school aid, categorical aid, revenues from other sources and appropriated fund balance. Expenditures are those, which result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by Board resolution.

Special Revenue Fund - The Charter School accounts for the proceeds of specific revenue sources from the state and federal government (other than expendable trusts, major capital projects or enterprise funds) and local appropriations that is legally restricted to expenditures for specified purposes in the special revenue fund.

Capital Projects Fund - The Charter School does not currently have any open capital projects.

Debt Service Fund - The accounting system of the Charter School does not include a Debt Service fund in accordance with state statute.

PROPRIETARY FUND TYPE

The focus of Proprietary Fund measurement is on determination of net income, financial position and cash flows. The applicable generally accepted accounting principles are similar to businesses in the private sector. The following is a description of the Proprietary Funds of the Charter School:

CAMDEN'S PROMISE CHARTER SCHOOL, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

B. Fund Accounting (Cont'd):

PROPRIETARY FUND TYPE (Cont'd)

Enterprise Funds - The Enterprise Funds are utilized to account for operations that are financed and operated in a manner similar to private business enterprises -- where the intent of the School is that the costs (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges; or, where the School has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The School's Enterprise Fund is comprised of a Food Service Fund managed by an outside food service management company. In addition, the state and federal reimbursement activities as well as the operating costs of the Camden's Academy Charter High School, Inc. were maintained within Food Service Fund of the Camden's Promise Charter School, Inc.

All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities, whether current or noncurrent, associated with their activity are included on their balance sheets. Their reported fund equity (net total assets) is separated into contributed capital and unreserved retained earnings, if applicable. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total assets.

Internal Service Fund - The Camden's Promise Charter School does not maintain an Internal Service whereby services would be provided on a cost-reimbursement basis.

FIDUCIARY FUND TYPE

Fiduciary Funds include Expendable Trust, Nonexpendable Trust and Agency Funds. The measurement focus of the Expendable Trust Funds is the same as for governmental funds. The measurement focus of the Nonexpendable Trust Funds is similar to Proprietary Funds. Agency Funds are purely custodial (assets equal liabilities) and thus do not involve measurement of results of operations. The following is a description of the Fiduciary Funds of the Charter School:

Trust and Agency Funds - The trust and agency funds are used to account for assets held by the Charter School in a Trustee capacity or as an agent for individuals, private organizations, other governments or other funds.

Nonexpendable Trust Fund - A nonexpendable trust fund is used to account for assets held under the terms of a formal trust agreement, whereby the Charter School is under obligation to maintain the trust principal. The accounting system of the Charter School does not include a nonexpendable trust fund.

CAMDEN'S PROMISE CHARTER SCHOOL, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

B. Fund Accounting (Cont'd):

FIDUCIARY FUND TYPE (Cont'd)

Expendable Trust Fund - An Expendable Trust Fund is accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. Expendable Trust Funds account for assets where both the principal and interest may be spent. The Expendable Trust Funds consists of an Unemployment Compensation Insurance Fund.

Agency Funds (Payroll and Student Activities Fund) - Agency funds are used to account for the assets that the Charter School holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations. The accounting system of the Charter School includes a payroll fund and a student activities fund.

C. Basis of Accounting and Measurement Focus:

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

Charter School-wide, Proprietary and Fiduciary Fund Financial Statements: The School-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the enterprise fund and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of unearned revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as under the New Jersey State Statute a municipality is required to remit to its Charter School the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The School records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available.

The Charter School is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable". Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

CAMDEN'S PROMISE CHARTER SCHOOL, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

C. Basis of Accounting and Measurement Focus (Cont'd):

In its accounting and financial reporting, the School follows the pronouncements of the Governmental Accounting Standards Board (GASB) and the pronouncements of the Financial Accounting Standards Board (FASB) and its predecessor organizations issued on or before November 30, 1989, unless they conflict with or contradict GASB pronouncements. The School's proprietary funds have elected not to apply the standards issued by FASB after November 30, 1989.

The Charter school is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "Accounts Receivable". The accrual basis of accounting is used for measuring financial position and operating results of proprietary fund types and nonexpendable trust funds. Under this method, revenues are recognized in the accounting period in which they are earned and expenses are recognized when they are incurred.

D. Budgets/Budgetary Control:

Charter School budgets are prepared annually and are submitted to the Department of Education for review. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are mandated by the Department of Education and are detailed in the Charter School Budget Summary form that is part of the New Jersey Charter School Application and are defined as the lowest (most specific) level of detail referenced in NJAC 6:20-2A (m) 1. Transfers of appropriations may be made by Board resolution at any time during the fiscal year.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are to be maintained to allow for the presentation of GAAP basis financial reports.

There is a reconciliation of the special revenue funds from the budgetary basis of accounting, as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual - General, Special Revenue and Debt Service Funds, to the GAAP basis of accounting as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Fund Types. (See Exhibit C-3).

FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

E. Encumbrance Accounting:

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services. The budget, as detailed on Exhibit B-2, includes all amendments to the adopted budget, if any.

Open encumbrances in the special revenue fund for which the Charter School has received advances (if any) are reflected in the balance sheet as unearned revenues at fiscal year end. The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

The Charter School had no fund balance reserved for encumbrances at June 30, 2016.

F. Tuition:

The Charter School Program Act of 1995 specifically prohibits a charter school from charging tuition to students who reside in the district of the charter school or are non-resident students.

G. Short-term Interfund Receivables/Payables:

Short-term interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the Charter School, and that are due within one year.

H. Inventories and Prepaid Expenses:

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund are recorded as an expenditure during the year of purchase.

On School-wide financial statements and in the enterprise fund inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. Prepaid expenses in the Enterprise Fund represent payments made to vendors for services that will benefit periods beyond June 30, 2016.

I. Assets, Liabilities and Equity:

Transactions

Interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the School and that are due within one year.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

I. Assets, Liabilities and Equity (Cont'd):

Inventories

On School-wide financial statements and in the enterprise fund inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method and is expensed when used. Prepaid expenses in the Enterprise Fund represent payments made to vendors for services that will benefit periods beyond June 30, 2016. The value of federal commodities included in food, noted on the next page, is \$9,354.

Inventory in the Food Service Fund at June 30, 2016 consisted of the following:

Food	\$	20,351
Supplies		2,724
		<hr/>
Total	\$	23,075
		<hr/> <hr/>

The value of Federal donated commodities as reflected on Schedule A (required by the Single Audit Law of 1986, as revised) is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of nonoperating revenue in the financial statements.

Capital Assets

General fixed assets acquired or constructed during the year are recorded at actual cost. Donated fixed assets are valued at their estimated fair market value on the date received. The general fixed assets acquired or constructed prior to June 30, 2016 are valued at cost based on historical records or through estimation procedures performed by an independent appraisal company. Capital assets are reflected as expenditures in the applicable governmental funds, and the related assets are reported in the Statement of Net Position. Expenditures that enhance the asset or significantly extend the useful life of the asset are considered improvements and are added to the fixed asset's currently capitalized cost. The cost of normal repairs and maintenance are not capitalized. .

Capital assets are depreciated in the School-wide financial statements using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
School Building	30-50
Building Improvements	20
Vehicles	8
Office and Computer Equipment	5-10
Instructional Equipment	10
Grounds Equipment	15

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

J. Compensated Absences:

Compensated absences are those for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered and that are not contingent on a specific event that is outside the control of the School and its employees, is accrued as the employees earn the rights to the benefits.

In accordance with Statement No. 16 of the (GASB) entitled "Accounting for Compensated Absences", Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the School and its employees, are accounted for in the period in which such services are rendered or in which such events take place and will be calculated in accordance with formulas outlined in the Charter School agreements with any collective bargaining units and included in the budget of the current year of payment.

In governmental and similar trust funds, compensated absences that are expected to be liquidated with expendable available financial resources are reported as an expenditure and fund liability in the fund that will pay for the compensated absences. There currently is no formal policy concerning payment of accumulated absences and no liability to be reported in the Statement of Net Position.

In proprietary and similar trust funds, compensated absences are recorded as an expense and liability of the fund that will pay for them. As of June 30, 2016, no liability existed for compensated absences in the Food Service Fund because there are no employees paid out of this fund. The Food Service employees are provided and paid by an outside management company, Nutri-Serve Food Management, Inc.

K. Unearned Revenue:

Unearned revenue in the special revenue fund represents cash, which has been received but not yet earned (see Note 2(B) regarding the special revenue fund).

L. Fund Equity:

Contributed capital represents the amount of fund capital contributed to the proprietary funds from other funds. Reserves represent those portions of fund equity not appropriable for expenditure or legally segregated for a specific future use. Designated fund balances represent plans for future use of financial resources.

M. Management Estimates:

In order for the preparation of basic financial statements to be in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

N. Accrued Liabilities and Long-term Obligations:

All payables, accrued liabilities, and long-term obligations are reported on the School-wide financial statements. Long-term debt is recognized as a liability of a governmental fund when due, or when resources have been accumulated in the debt service fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund.

O. Extraordinary and Special Items:

Extraordinary items are transactions or events that are unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

P. Charter School Funding:

The Charter School is largely funded on its enrollment through the local levy and categorical aid, which follows a particular student. Funding flows from the State to the district Board of Education and then to the Charter School. In accordance with N.J.S.A. 18A:36A-12 "the school district of residence shall pay directly to the Charter School for each student enrolled in the charter school who resides in the district a presumptive amount equal to 90% of the local tax levy budget per pupil for the specific grade level in the district. At the discretion of the commissioner and at the time the charter is granted, the commissioner may require the school district of residence to pay directly to the charter school for each student enrolled in the charter school an amount equal to less than 90%, or an amount, which shall not exceed 100% of the local levy budget per pupil for the specific grade in the district of residence. The per pupil amount paid to the charter school shall not exceed the local levy budget per pupil for the specific grade level in the district in which the charter school is located. The district of residence shall also pay directly to the charter school any categorical aid attributable to the student, provided the student is receiving appropriate categorical services, and any federal funds attributable to the student".

During the school year, a charter school shall conduct an enrollment count on October 15, and the last day of the school year. A charter school shall submit each count through a summary school register for the purposes of determining average daily enrollment. Based on these counts, a charter school's revenue is adjusted accordingly.

Q. Net Position:

Net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Charter School or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The Charter School's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

R. Fund Balance Reserves:

The Charter School reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which is available for appropriation in future periods. A fund balance reserve has been established for encumbrances.

S. Operating Revenues and Expenses:

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the School Charter School, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the enterprise fund.

T. Revenues – Exchange and Non-exchange Transactions:

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School, available means within sixty days of the fiscal year end. Nonexchange transactions, in which the Charter School receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the period in which the income is earned.

Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or for the fiscal year when use is first permitted; matching requirements, in which the Charter School must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Charter School on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized. Under the modified accrual basis, the following revenue sources are considered both measurable and available at fiscal year end: property taxes available as an advance, interest, and tuition.

U. Comparative Data/Reclassifications:

Comparative total data for the prior year have been presented in selected sections of the accompanying financial statements in order to provide an understanding of the changes in the Charter School's financial position and operations. Also, certain immaterial amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

V. Allocation of Indirect Expenses:

The Charter School reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

W. Inventories and Prepaid Expenses:

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund are recorded as an expenditure during the year of purchase.

On Charter School-wide financial statements and in the enterprise fund inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. Prepaid expenses in the Enterprise Fund represent payments made to vendors for services that will benefit periods beyond June 30, 2016.

X. Lease Acquisition Costs:

As part of the long-term lease agreement, providing for the use of the new school building constructed and owned by the Camden County Improvement Authority, payments constituting professional lease acquisition and other related professional fees were previously amortized over the life of the lease. In accordance with GASB Statement No. 65, the June 30, 2013 Financial Statements were restated, to write off the previous balance in Unamortized Lease Issue Costs. All lease acquisition costs will be expensed in the future.

NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with a maturity of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey Schools are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey Schools.

Investments are stated at cost, or amortized cost, which approximates market. The amortized cost method involves valuing a security at its cost on the date of purchase and thereafter assuming a constant amortization to maturity for any discount or premium. The Board classifies certificates of deposit, which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONT'D)

Deposits:

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey, which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Investments:

New Jersey statutes permit the Board to purchase the following types of securities:

- a. Bonds or other obligations of the United States or obligations guaranteed by the United States.
- b. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Agency or of any United States Bank for Cooperatives, which have a maturity date no greater than twelve months from the date of purchase.
- c. Bonds of other obligations of the school district.

As of June 30, 2016, cash and cash equivalents in the fund financial statements of the Charter School consisted of the following:

	<u>Cash and Cash Equivalents</u>
Checking Accounts	\$ 254,789
Total	\$ 254,789

Custodial Credit Risk – Custodial credit risk is the risk that, in the event of a bank failure, the Charter School's deposits may not be recovered. Although the Charter School does not have a formal policy regarding custodial credit risk, NJSA 17:9-41 t seq. requires that the governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA is a supplemental insurance program set forth by the New Jersey Legislature to protect the deposits of local government agencies. The program is administered by the Commissioner of the NJ Department of Banking and Insurance. Under the Act, the first \$250,000 of governmental deposits in each insured depository is protected by FDIC. Funds owned by the Charter School in excess of FDIC insured amounts are protected by GUDPA. As of June 30, 2016, the Charter School's bank balance of \$723,058 was exposed to custodial credit risk as follows:

Insured	\$	250,000
Uninsured and collateralized with securities held by pledging financial institutions		473,058
	\$	<u>723,058</u>

New Jersey Cash Management Fund – During the fiscal year, the School District participated in the New Jersey Cash Management Fund. The Fund is governed by regulations of the State Investment Council, who prescribe standards designed to insure the quality of investments in order to minimize risk to the Funds participants. Deposits with the New Jersey Cash Management Fund are not subject to custodial credit risk as defined above. At June 30, 2016, the Charter School had no funds on deposit with the New Jersey Cash Management Fund.

NOTE 4. CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the Camden's Promise Board of Trustees. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

During the fiscal year ended June 30, 2016, the School appropriated all of the funds for non-instructional services. There is no balance in Capital Reserve as of June 30, 2016.

NOTE 7. PENSION PLANS

Description of Plans - All required employees of the Charter School are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the Charter School and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers Pension and Annuity Fund (TPAF) and additions to/deductions from the TPAF's fiduciary net position have been determined on the same basis as they are reported by the TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at a fair value.

For the year ended June 30, 2016, the District recognized pension expense of \$1,145,215 and revenue of \$1,145,215 for support provided by the State.

Public Employees' Retirement System - The Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit plan which was established as of January 1, 1955. The PERS provides retirement, death, disability and medical benefits to certain qualified members. Vesting and benefit provisions are established by N.J.S.A. 43:15A and 43:3B.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 62, P.L. 1994, plan members enrolled in the Public Employees' Retirement System were required to contribute 5.5% of their annual covered salary. Effective July 1, 2011, however, in accordance with Chapter 78, P.L. 2011, plan members are required to contribute 5.5% of their annual covered salary. For employees enrolled in the retirement system prior to July 1, 2007, the increase is effective with the payroll period that begins immediately after July 1, 2007. The State Treasurer has the right under the current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however, statute also requires the return to the normal rate when such surplus pension assets no longer exist.

NOTE 7. PENSION PLANS (CONT'D)

Public Employees' Retirement System (Cont'd) - The Charter School is billed annually for its normal contribution plus any accrued liability. The Charter School's contribution, which equals the required contribution, was as follows:

Public Employees Retirement System					
Fiscal Year	Normal Contribution	Accrued Liability	Total Liability	Funded by State	Paid by District
2016	\$ 5,313	\$ 26,070	\$ 31,383	\$ N/A	\$ 31,383

Vesting and Benefit Provisions

Teachers' Pension and Annuity Fund - The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Public Employees' Retirement System - The vesting and benefit provisions are set by N.J.S.A.43:15A and 43:3B. The PERS provides retirement, death and disability benefits. All benefits vest after 8 to 10 years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of the PERS.

The following represents the membership tiers for TPAF and PERS:

Tier Definition

- 1 Members enrolled before July 1, 2007
- 2 Members eligible for enrollment on or after July 1, 2007 and before November 2, 2008
- 3 Members eligible for enrollment on or after November 2, 2008 and on or before May 21, 2010
- 4 Members eligible for enrollment after May 21, 2010 and before June 28, 2011
- 5 Members eligible for enrollment on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62, and tier 5 before age 65 with 30 or more years of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Contributions

Teachers' Pension and Annuity Fund - The contribution policy is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing employers. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years beginning in July 2012. The member contribution rate was 7.06% in State fiscal year 2016. The phase-in of the additional incremental member contribution rate takes place in July of each subsequent State fiscal year. The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2015, the State's pension contribution was less than the actuarial determined amount. Under current statute, all employer contributions are made by the State of New Jersey on-behalf of the Charter School and all other related non-contributing employers. No normal or accrued liability contribution by the Charter School has been required over several preceding fiscal years. These on-behalf contributions by the State of New Jersey are considered a special funding situation, under the definition of GASB 68, Accounting and Financial Reporting for Pensions. The Charter School was not required to make any contributions to the pension plan during the fiscal year ended June 30, 2016 because of the 100% special funding situation with the State of New Jersey.

During the fiscal year ended June 30, 2016, the State of New Jersey contributed \$229,497 to the TPAF for pension contributions and \$273,268 for normal and post-retirement benefits on behalf of the School. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Charter School \$251,090 during the year ended June 30, 2016 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries.

Public Employees' Retirement System - The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Members contribute at a uniform rate. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years beginning in July 2012. The member contribution rate was 7.06% in State fiscal year 2016. The phase-in of the additional incremental member contribution rate takes place in July of each subsequent State fiscal year. The State Treasurer has the right under the current law to make temporary reductions in rates based on the existence of surplus pension assets in the retirement system; however, statute also requires the return to the normal rate when such surplus pension assets no longer exist. The Charter School's contribution amounts are based on an actuarially determined rate which included the normal cost and unfunded accrued liability. Contributions to the pension plan from the Charter School were \$31,383 for the fiscal year ended June 30, 2016. Employee contributions were \$25,489 for the fiscal year ended June 30, 2016.

NOTE 7. PENSION PLANS (CONT'D)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Teachers' Pension and Annuity Fund - At June 30, 2016, the Charter School was not required to report a liability for its proportionate share of the net pension liability because of a 100% reduction for State of New Jersey pension support provided to the Charter School.

The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2015. The Charter School's proportion of the net pension liability was based on a projection of the Charter School's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State of New Jersey, actuarially determined.

Public Employees' Retirement System - At June 30, 2016, the Charter School reported a liability of \$819,425 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2015. The Charter School's proportion of the net pension liability was based on a projection of the Charter School's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2015, the Charter School's proportion was .003650%, which represents a .0014% increase from the prior year.

For the fiscal year ended June 30, 2016, the Charter School recognized \$70,179 in the government-wide financial statements, for pension expense for PERS.

At June 30, 2016, the Charter School reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>

Actuarial Assumptions

The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2015. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

	<u>PERS</u>	<u>TPAF</u>
Measurement Date	June 30, 2015	June 30, 2015
Actuarial Valuation Date	July 1, 2014	July 1, 2014

NOTE 7. PENSION PLANS (CONT'D)

Actuarial Assumptions (Cont'd)

For TPAF, mortality rates were based on the RP-2000 Health Annuitant Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements were based on Scale AA. Preretirement mortality improvements for active members are projected using Scale AA from the base year of 2000 until the valuation date plus 15 years to account for future mortality improvement. Postretirement mortality improvements for non-disabled annuitants are projected using Scale AA from the base year of 2000 for males and 2003 for females until the valuation date plus 7 years to account for future mortality improvement.

For PERS, mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) with adjustments for mortality improvements from the base year of 2012 based on Projection Scale AA.

In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pension and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of returns for each major asset class included in TPAF's and PERS's target asset allocation as of June 30, 2016 are summarized in the following table:

Asset Class	PERS		TPAF

NOTE 7. PENSION PLANS (CONT'D)

Actuarial Assumptions (Cont'd)

Discount Rate - The discount rate used to measure the total pension liability was 4.13% and 4.68% for TPAF as of June 30, 2015 and 2014, respectively, and 4.90% and 5.39% for PERS as of June 30, 2015 and 2014, respectively. For TPAF and PERS, these single blended discount rates were based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 3.80% and 4.29% as of June 30, 2015 and 2014, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rates for TPAF and PERS assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2027 for TPAF and 2033 for PERS. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2027 for TPAF and 2033 for PERS, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of Charter School's Proportionate Share of Net Pension Liability to Changes in the Discount Rate

Teachers' Pension and Annuity Fund (TPAF) - As indicated above, TPAF has a special funding situation where the State pays 100% of the Charter School's annual required contribution.

Public Employees' Retirement System (PERS) - The following presents the Charter School's proportionate share of the net pension liability at June 30, 2016 calculated using a discount rate of 4.90% for PERS, as well as what the Charter School's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

	1% Decrease (3.9%)	Current Discount (4.9%)	1% Increase (5.9%)
Charter's proportionate share of the net pension liability	\$ 1,018,445	\$ 819,425	\$ 652,568

Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in the separately issued New Jersey Division of Pension and Benefits financial report. Information on where to obtain the report is indicated at the beginning of this note.

NOTE 8. POST-RETIREMENT BENEFITS

The amount, if any, would be included in the basic financial statements, and the combining and individual fund statements and schedules as a revenue and expenditure in accordance with GASB 27. The District does not provide for compensated absences. P.L. 1987, c. 384 and P.L. 1990, c.6 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS.

It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2015, there were 107,314 retirees receiving post-retirement medical benefits and the State contributed \$1.25 billion on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994 c 62. Funding of post retirement medical benefits changed from a pre-funding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

The State is also responsible for the cost attributable to P.L. 1992 c. 126, which provides employer paid health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The state paid \$214.1 million toward Chapter 126 benefits for 19,056 eligible retired members in Fiscal Year 2015.

NOTE 9. DEFERRED COMPENSATION

The Board currently offers its employees a choice of Equivest as a deferred compensation plan created in accordance with Internal Revenue Code Section 403(b).

NOTE 10. FUND BALANCE

General Fund - Of the \$375,953 in General Fund balance at June 30, 2016, \$75,000 is restricted in an Escrow Account: \$0 is committed to Encumbrances, \$0 is assigned and anticipated as revenue on the 2016-17 budget to support the subsequent year's budget and \$300,953 is unassigned.

NOTE 11. LITIGATION

In the opinion of the administration and legal counsel, the Charter School is not involved as a defendant in any legal proceedings of which the potential losses, if any, would not be material to the financial statements. There exists, however, one claim, which is being handled by the Charter School's Insurance Company.

NOTE 12. RISK MANAGEMENT

The Charter School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The Charter School maintains commercial insurance coverage for property, liability, student accident and surety bonds.

NOTE 15. OPERATING LEASES

Prior to the merger of Camden's Promise Charter School with Camden's Pride Charter School, Camden's Academy Charter School and Knowledge A to Z Academy Charter School on July 1, 2016, the following lease was in effect:

Lease of Building Space - Camden's Charter School Network

On February 6, 2015, Serial Bonds were issued by the CCIA on behalf of the Camden's Charter School Network, for the purpose of funding various capital projects, as well as to refund the balance of debt on buildings transferred from Camden's Academy Charter High School, Camden's Promise Charter School and Camden's Pride Charter School to the Camden's Charter School Network. As part of the transfer of buildings and related balance of debt, three lease agreements with Camden's Academy Charter High School and Camden's Promise Charter School and one lease agreement with Camden's Pride Charter School went into effect, for the purpose of renting building space from the various properties now owned by Camden's Charter School Network. These lease agreements expired on June 30, 2016.

New Lease Agreements

Buildings - Effective July 1, 2016, Camden's Promise Charter School, Camden's Pride Charter School, Camden's Academy Charter High School and Knowledge A to Z Academy Charter School were merged into a single Charter School Organization, henceforth to be known as Camden's Promise Charter School. In anticipation of the merger, a new five year lease agreement was entered into on March 14, 2016 between the Camden's Charter School Network, Inc. and Camden's Promise Charter School. The lease agreement commenced July 1, 2016, with an automatic five year renewal provision at the end of the 2020-21 School Year. The building location of each rental agreement are as follows:

Building Locations

- 3098 Pleasant Avenue
- 820 Lois Avenue
- 897 N. 31st Street
- 250 Federal Street
- 879 Beideman Avenue

Garden - In February 2016, Camden's Charter School Network, Inc. entered into a six year lease agreement with Camden's Promise Charter School, Inc., whereby, Camden's Promise Charter, Inc. shall be granted access to a garden area located at 911 N. 31st Street.

Parking Lot - On August 24, 2016, Camden's Charter School Network, Inc. entered into a five year lease agreement with Camden's Promise Charter School, Inc., whereby, Camden's Promise Charter, Inc. shall be granted access to a parking lot located at 912 N. 31st Street.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
PART III

CAMDEN'S PROMISE CHARTER SCHOOL, INC.

**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION PART III
Pension Schedules**

For the Fiscal Year Ended June 30, 2016

Teachers' Pension and Annuity Fund (TPAF)

Changes of benefit terms. The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Change of assumptions. Mortality rates were based on the RP-2000 Health Annuitant Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA. Pre-retirement mortality improvements for active members are projected using Scale AA from the base year 2000 until the valuation date plus 15 years to account for future mortality improvement. Post-retirement mortality improvements for non-disabled annuitants are projected using Scale AA from the base year of 2000 for males and 2003 for females until the valuation date plus 7 years to account for future mortality improvement.

Public Employees' Retirement System (PERS)

Changes of benefit terms. The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death, and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

Change of assumptions. Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) with adjustments for mortality improvements from the base year of 2012 Based on Projection Scale AA.

OTHER SUPPLEMENTARY INFORMATION

SPECIAL REVENUE FUND

The Special Revenue Fund is used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specific purposes.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

To The Members of
The Board of Trustees
Camden's Promise Charter School, Inc.
County of Camden, New Jersey

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Trustees of the Camden's Promise Charter School, Inc. , in the County of Camden, State of New Jersey, as of and for the fiscal year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Board of Trustees of the Camden's Promise Charter School, Inc.'s basic financial statements and have issued our report thereon dated November 3, 2016. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements as prescribed by the Office of School Finance, Department of Education, and State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Camden's Promise Charter School, Inc. Board of Trustees' internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Camden's Promise Charter School, Inc. Board of Trustees' internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Camden's Promise Charter School, Inc. Board of Trustees' internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Camden's Promise Charter School, Inc. Board of Trustees' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance, or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and are described in the accompanying schedule of findings and questioned costs as items labeled finding 2016-1.

Camden's Promise Charter School, Inc. Board of Trustees' Response to Findings

Camden's Promise Charter School, Inc. Board of Trustees' response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Their response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended solely for the information and use of management, the Camden's Promise Charter School, Inc. Board of Trustees, the New Jersey State Department of Education and other state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of the Board of Trustees
Camden's Promise Charter School, Inc.
County of Camden, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the Board of Trustees of the Camden's Promise Charter School, Inc. , in the County of Camden, State of New Jersey, compliance with the types of compliance requirements described in the *OMB Compliance Supplement and the New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the Camden's Promise Charter School, Inc. 's major federal and state programs for the fiscal year ended June 30, 2016. The Camden's Promise Charter School, Inc. Board of Trustees' major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Camden's Promise Charter School, Inc. Board of Trustees' major federal and state compliance based on our audit of the types of compliance requirements referred above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and as prescribed by the Office of School Finance, *Department of Education, State of New Jersey, Uniform Guidance* and New Jersey OMB 15-08. Those standards, Uniform Guidance and New Jersey OMB 15-08, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the Camden's Promise Charter School, Inc. Board of Trustees' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of Camden's Promise Charter School, Inc. Board of Trustees' compliance with those requirements.

Opinion on Each Major Program

In our opinion, the Board of Trustees of the Camden's Promise Charter School, Inc. , in the County of Camden, State of New Jersey, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of the Camden's Promise Charter School, Inc.'s Board of Trustees is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to major federal and state programs. In planning and performing our audit, we considered Camden's Promise Charter School, Inc. Board of Trustees' internal control over compliance with the requirements that could have a direct and material effect on a major federal or state program in order to determine the auditing procedures for the purpose of expressing our opinion on compliance in accordance with Uniform Guidance and New Jersey OMB 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Camden's Promise Charter School, Inc. Board of Trustees' internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance; such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a major federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above or any instance of deficiency in internal control over compliance that we have to report to the Board of Trustees in a separate report entitled *Auditors' Management Report on Administrative Findings-Financial, Compliance and Performance* dated November 3, 2016. However, material weaknesses may exist that have not been identified. The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance and New Jersey OMB 15-08.

This report is intended solely for the information and use of the audit committee, management, the Camden's Promise Charter School, Inc. Board of Trustees, the New Jersey State Department of Education, other state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

CAMDEN'S PROMISE CHARTER SCHOOL, INC.
NOTES TO THE SCHEDULES OF AWARDS
AND FINANCIAL ASSISTANCE
JUNE 30, 2016

NOTE 1: GENERAL

The accompanying schedules of expenditures of awards and financial assistance present the activity of all federal and state award programs of the Board of Trustees, Camden's Promise Charter School, Inc. The board of trustees is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies are included on the schedules of expenditures of federal awards and state financial assistance.

NOTE 2: BASIS OF ACCOUNTING

The accompanying schedules of expenditures of federal awards and state financial assistance are presented using the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 2 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of 2 CFR 200- *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and New Jersey OMB 15-08. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3: RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or expenditures have been made.

The general fund is presented in the accompanying schedules on a modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more state aid June payments in the current budget year, consistent with N.J.S.A. 18A:22-4.2.

CAMDEN'S PROMISE CHARTER SCHOOL, INC.
NOTES TO THE SCHEDULES OF AWARDS
AND FINANCIAL ASSISTANCE
JUNE 30, 2016

The net adjustment to reconcile from the budgetary basis to the GAAP basis is zero for the special revenue fund. See Note 2 for a reconciliation of the budgetary basis to the Modified Accrual basis of accounting for the general and special revenue fund. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$ 7,537	\$ 7,100,021	7,107,558
Special Revenue Fund	563,277		563,277

Finding: Finding 2016-1 (AMR Finding 2016-1)

Criteria or specific requirement:

N.J.S.A. 18A:17-32 requires a school treasurer to maintain Surety Bond coverage in accordance with the limits set forth in N.J.A.C. 6A:23A-16.4.

Condition:

The Treasurer's surety bond coverage, for the 2015-16 school year, was not updated to reflect the new Treasurer.

Context:

The Charter School did not obtain Surety Bond coverage for the new Treasurer during the 2015-16 school year.

Effect:

The new Treasurer was not covered by a Surety Bond in the 2015-16 school year.

Cause:

Inadvertent oversight

Recommendation:

A review of the Charter School's surety bonds should be conducted, in order to ensure the Treasurer's information is up to date.

Management's response:

Management is aware of the finding and agrees with the recommendation.
