The audit covered the financial transactions of the Board Secretary/School Business Administrator and the Treasurer of School Moneys, the activities of the Board of Education, and the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule contained in the district's CAFR.

Officials Bonds

<u>Name</u>	Name Position				
Christopher Russo	Board Secretary/School Business Administrator	\$	300,000

The Board of Education has adopted the direct reimbursement method and has established an Unemployment Compensation Insurance Fund (Exhibit H-2) in the fiduciary trust fund.

The Unemployment Compensation Insurance Fund was maintained in satisfactory condition.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under audit did not indicate any material noncompliance with respect to signatures, certifications or supporting documentation.

Payroll Account

The net salaries of all employees of the District were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

Financial Planning, Accounting and Reporting (Continued)

Payroll Account (Continued)

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/Business Administrator and the Chief School Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits withholding due to the general fund.

Payrolls were delivered to the Treasurer of School Moneys with a warrant made to his order for the full amount of each payroll.

The required certification (E-CERT1) of compliance with requirements for income tax on compensation of administrators to the NJ Department of Treasury was filed by the March 15 due date.

The following was noted in the review of the Payroll Agency Account:

Finding No. 2016-001:

The District did not maintain a payroll agency analysis as part of the reconciliation process.

Recommendation:

That the District's payroll agency cash reconciliation process includes an analysis of the balance.

Employee Position Control Roster

No exceptions were noted during my examination of the Employee Position Control Roster.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30 for proper classification of orders as reserve for encumbrances and accounts payable. My review did not indicate any material discrepancies to the classification of orders.

Obligations of Federal Grant Awards and Requests for Reimbursement of Expenditures against those Federal Grant Awards

No exceptions were noted during my examination of obligations of federal grant awards and requests for reimbursement of expenditures against those federal grant awards made during the period under audit.

Travel

No exceptions were noted in my study of compliance for travel expenses.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of my test of transactions of randomly selected expenditure items. I also reviewed the coding of all expenditures included in my compliance and single audit testing procedures. In addition to randomly selecting a test sample, my sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.2. My review did not indicate any material discrepancies with respect to classification of expenditures.

Financial Planning, Accounting and Reporting (Continued)

Board Secretary/Business Administrator's Record

The financial and accounting records of the Board Secretary/Business Administrator's office were maintained in good condition.

Treasurer's Records

The financial and accounting records of the Treasurer were maintained in good condition.

Elementary and Secondary Education Act of 1965 (E.S.E.A.)/ Improving America's Schools Act (I.A.S.A.) as reauthorized by the No Child Left Behind Act of 2001 (N.C.L.B.)

The E.S.E.A./NCLB financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Title I, Title II, and Title III of the Elementary and Secondary Education Act, as amended by the No Child Left Behind Act.

No exceptions were noted in my study of compliance for the E.S.E.A. projects.

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

My audit of the Federal and State funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for special projects indicated no areas of noncompliance and/or questionable costs.

T.P.A.F. Reimbursement

My audit procedures included a test of the biweekly reimbursements filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's Final Reports for all federal awards for the school district to reimburse the state for the TPAF/FICA payments made by the State on behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 60 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

Nonpublic State Aid

The study of compliance for nonpublic state aid indicated no areas of noncompliance and/or questionable costs.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$40,000 (with a Qualified Purchasing Agent) and \$29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is \$18,800.

The School District has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Based on the results of my examination, I did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

School Food Service

The financial transactions and statistical records of the school food service fund were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis. No exceptions were noted.

Cash receipts and bank records were reviewed for timely deposit. No exceptions were noted.

The District utilizes a food service management company and is depositing and expending program monies in accordance with NJSA 18A:17-34 and 19-1 through 19-4.1

The FSMC contract includes an operating provision which guarantees that the food service program will break even. The operating results provision has been met.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service. Net cash resources exceeded three months average expenditures. The District is planning to purchase food service equipment with the excess cash resources.

Time sheets were reviewed and labor costs verified. Payroll records were maintained on all District food service employees authorized by the Board of Education. No exceptions were noted.

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process the Edit Check Worksheet was completed. Reimbursement claims were submitted/certified in a timely manner. No exceptions were noted.

School Food Service (Continued)

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications and/or to the list of directly certified students on file, times the number of operating days, on a school-by-school basis. The free and reduced price meal and free milk policy was reviewed for uniform administration throughout the school system. The required verification procedures for free and reduced price applications were completed and available for review.

USDA Food Distribution Program commodities were received and a single inventory was maintained on a first-in, first-out basis. No exceptions were noted.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the CAFR.

Student Body Activities

The financial records for the Student Activity Funds were reviewed and the following was noted:

Finding No. 2016-002:

Receipts supporting documentation was not maintained for the High School, Intermediate, Middle, and Millbridge School Student Activity Funds. Also, disbursement supporting documentation was not maintained for the Intermediate School Student Activity Fund.

Recommendation:

That supporting documentation is maintained for all student activity fund receipts and disbursements.

Application for State School Aid

My audit procedures included a test of information reported in the October 15, 2015 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, low-income and bilingual. I also performed a review of the District procedures related to its completion. The information on the A.S.S.A. was compared to the District workpapers without exception. The information that was included on the workpapers was verified without exception. The results of my procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed state forms or their equivalent.

The District has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

My procedures included a test of on roll status reported in the 2015-2016 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of my procedures are presented in the Schedule of Audited Enrollments.

My procedures also included a review of transportation related contracts and purchases. Based on my review, the District complied with proper bidding procedures and award of contracts. No exceptions were noted in my review of transportation related purchases of goods and services.

Facilities and Capital Assets

My procedures included a review of the SDA grant agreement for consistency with recording SDA revenue and awarding of contracts for eligible facilities construction.

Follow-up on Prior Years' Findings

In accordance with government auditing standards, my procedures included a review of all prior year findings. There were no prior year findings.

Acknowledgment

I received the complete cooperation of all the officials of the Delran Township School District and I greatly appreciate the courtesies extended to the members of the audit team.
