The review and inquiry indicate good scrutiny on the part of the Board and Board Officials regarding expenditures.

## **Financial Planning, Accounting and Reporting (Continued)**

### **Payroll Account**

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and the Board's required payroll contributions were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/Business Administrator.

### **Classification of Expenditures**

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23-2.2 (f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23-8.2. As a result of the procedures performed, no errors were noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

### **Elementary and Secondary Education Act (E.S.E.A.)/Improving America's School Act (IASA), as reauthorized by the No Child Left Behind Act of 2001**

The E.S.E.A./NCLB financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Titles I, II, and III of the Elementary and Secondary Education Act as amended and reauthorized.

The study of compliance for E.S.E.A. indicated no areas of noncompliance and/or questionable costs.

### **Other Special Federal and/or State Projects**

The district's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for Special Federal and/or State Projects indicated no areas of noncompliance and/or questionable costs.

### **T.P.A.F. Reimbursement**

Our audit procedures included a test of the amount claimed for reimbursement filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

## **School Purchasing Programs**

### **Contracts and Agreements Requiring Advertisement for Bids**

Effective April 17, 2000, N.J.S.A. 18A:18A (Public School Contracts Law) was revised by P.L. 1999, c. 440 (originally known as Assembly bill No. 35190). The associated rules were drafted by the Division of Local Government Services in the Department of Community Affairs, with consultation from the Commissioner of Education.

N.J.S.A. 18A:18A-1 et seq. (Public School Contracts Law), the associated rules and related information on the statute, and school contracts in general is available on the website <http://www.state.nj.us/njded/pscl/index.html>.

Effective July 1, 2015 and thereafter the bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) and 18A:39-3 (Transportation) are \$40,000 (with a Qualified Purchasing Agent) and \$29,000.00 (without a Qualified Purchasing Agent) and \$18,800.00 respectively.

The Board of Education has named Brian P. De Lucia, as the District's Qualified Purchasing Agent.

In accordance with N.J.S.A. 18A:18A-3.a., the Board of Education has increased the bid threshold from \$36,000.00 to \$40,000.00.

It is pointed out that the Board of Education has the responsibility of determining whether the commitments and expenditures are in compliance with the statutes and, where question arises as to whether any contract or agreement might result in violation of these statutes the Board attorney's opinion should be sought before commitment is made.

Inasmuch as the system of records is not required to provide and therefore did not provide for an accumulation of payments by categories for the performance of any work or the furnishings or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed. None were disclosed.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the provision or performance of any goods or services," in excess of the statutory limit where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records is not required to provide and therefore did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal however, that Chrome Books were purchased through the use of State contracts.

### **School Food Service**

The financial transactions and statistical records of the school food service fund were maintained in satisfactory condition. The financial accounts, meal count records and eligibility applications were reviewed on a test check basis.

Cash receipts and bank records were reviewed for timely deposit.

The number of meals claimed for reimbursement were verified against sales and meal count records. As part of the claims review process the Edit Check Worksheet was completed. Reimbursement vouchers were properly computed and filed timely.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served did not exceed the number of valid applications on file, times the number of operating days, on a school by school basis. The free and reduced priced meal policy is uniformly administered throughout the school system. The required verification procedures for free and reduced price applications were completed and available for review.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The District utilizes a food service management company and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service. Net cash resources did not exceed three months average expenditures.

The food service management company had a service audit performed in accordance with AICPA Statement on Auditing Standards (SAS) #70, as amended by SAS #88 (effective February, 2000).

Food Distribution Program commodities were received and a separate inventory was maintained on a first-in, first-out basis.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Proprietary Funds (Exhibits B-4, B-5, B-6).

### **Student Activity Funds**

Cash receipts and disbursement records were maintained in satisfactory condition.

All receipts were promptly deposited in the bank.

Payment authorizations were presented for audit and vendor invoices were available for examination.

The Board adopted a formal board policy that all financial and bookkeeping controls are adequate to ensure appropriate fiscal accountability and sound business practices.

### **Athletic Account**

A cash receipts and disbursement record was maintained in satisfactory condition.

All receipts were promptly deposited in the bank.

Bills and invoices were available for comparison with the cash disbursements record.

**Application for State School Aid**

Our audit procedures included a test of information reported in the October 15, 2015 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the disabled, low-income and bilingual education. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers with exceptions. The information that was included on the workpapers could not be verified without exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district has adequate written procedures for the recording of student enrollment data.

**Pupil Transportation**

Our audit procedures included a test of on roll status reported in the 2015-2016 District Report of Transported Resident Student (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.
