A review of outstanding issued purchase orders was made as of June 30, for goods not yet received or services not yet rendered and it was determined that no blanket purchase orders were included in the balance of the reserve for encumbrances. Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered, as of June 30.

#### Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23-8.3. As a result of the procedures performed no additional procedures were deemed necessary to test the propriety of expenditure classification.

Elementary and Secondary School Education Act (E.S.E.A.)/Improving America's Schools Act (I.A.S.A.) as Reauthorized by the No Child Left Behind Act of 2001

The E.S.E.A. financial exhibits are contained within the Special Revenue section of the CAFR. This section of the CAFR documents the financial position pertaining to projects under Titles I, II, and III, of the Elementary and Secondary Education Act.

Our examination of the Federal and State funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

#### Other Special Federal and/or State Projects

The district's Special Projects were approved as listed on Exhibit K-3 and Exhibit K-4 located in the CAFR.

Our examination of the Federal and State funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits contained herein represent a true statement of the financial position pertaining to the aforementioned special projects.

#### Financial Planning, Accounting and Reporting (Continued)

#### T.P.A.F. Reimbursements

Our audit procedures included a test of the semi-monthly reimbursements filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

#### T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The amount of expenditures charged to the current year's Final Reports for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

#### Nonpublic State Aid

Project completion reports were finalized and transmitted to the Department by the due date.

#### **School Purchasing Programs**

#### Contracts and Agreements Requiring Advertisement for Bids

Effective July 1, 2011 and thereafter the bid thresholds in accordance with N.J.S.A. 18A:18A-2 (as amended) and 18A:18A-3(a) are \$40,000 (with a Qualified Purchasing Agent) and \$29,000 (without a Qualified Purchasing Agent), respectively. On December 19, 2005 the Board appointed the Business Administrator/Board Secretary as the District's qualified purchasing agent and subsequently increased the bid threshold to \$40,000.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Board Attorney's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed; however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts, or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal, however, that purchases were made through the use of State contracts.

**Finding** – Our audit indicated that the District did not provide notification to the Office of the State Comptroller of a contract awarded for an amount exceeding \$2 million in accordance N.J.S.A. 52:15C-10.

**Recommendation** – Notification be provided to the Office of the State Comptroller of all contracts awarded by the District which exceed \$2 million in accordance with N.J.S.A. 52:15C-10.

#### **Food Service Fund**

The financial transactions and statistical records of the school food services were maintained in satisfactory condition. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

Cash receipts and bank records were reviewed for timely deposit.

The District utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. Provisions of the FSMC contract/addendum were reviewed and audited. The FSMC contract includes an operating results provision which guarantees that the food service program will return a profit of at least \$225,182. The operating results provision has been met.

The number of meals claimed for reimbursement was verified against meal count records with no exceptions noted. As part of the claims review process the Edit Check Worksheet was completed. Reimbursement vouchers were timely filed.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications on file, times the number of operating days, on a school by school basis. The free and reduced price meal policy is uniformly administered throughout the school system. The required verification procedures for free and reduced price applications was completed and available for review.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursement records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service. Net cash resources did not exceed three months average expenditures.

Food Distribution Program commodities were received and a separate inventory were maintained on a first-in, first-out basis.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds.

#### **Student Body Activities/Athletic Activities**

The Board has a policy, which clearly established the regulation of student activity funds.

Cash receipts and disbursement records were maintained in good condition.

Supporting documentation was maintained for all cash disbursements tested.

**Finding** – Our audit indicated that several of the athletic account deposits were not made in a timely manner.

Recommendation – Athletic collections be deposited in a timely manner.

#### **Application for State School Aid**

Our audit procedures included a test of information reported in the October 15, 2015 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, related services and low-income. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers without exception. The information that was included on the workpapers was verified with isolated exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed state forms or their equivalent.

The District had adequate written procedures for the recording of student enrollment data.

#### Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2015-2016 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report minor exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

#### **Facilities and Capital Assets**

Our procedures included a review of the SDA grant agreement for consistency with recording SDA revenue, transfer of local funds from the general fund or from the capital reserve account, and awarding of contracts for eligible facilities construction.
