In addition to selecting a test sample our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23 A-2.4 As a result of the procedures performed, no exceptions were noted.

The expenditure was reviewed subsequent to the reimbursement. No exceptions were noted.

SCHOOL PURCHASING PROGRAMS

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-1, et seq. states:

"a. When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$29,000, the contract may be awarded by a purchasing agent when so authorized by resolution of the board of education without public advertising for bids and bidding therefor, except that the board of education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b of section 9 of P.L. 1971 c. 198 (C.40A:11-9) the board of education may establish that the bid threshold may be up to \$40,000.00. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Commencing in the fifth year after the year in which P.L. 1999 c. 440 takes effect, and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the board of education is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.A. 18A:18A-2 and shall round the adjustment to the nearest \$1,000.00. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of every year in which it is made. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to paragraph (1) of subsection a. of N.J.S.A. 18A:18A-5 may be awarded for a period not exceeding 12 consecutive months."

**Independent Auditor's Management Report of Administrative
Findings Financial and Compliance**

SCHOOL PURCHASING PROGRAMS

Contracts and Agreements Requiring Advertisement for Bids (Continued)

N.J.S.A.18A:18A-4 states, "Every contract for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the board of education to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this chapter or specifically by any other law."

The board of education may, by resolution approve by the majority of the board of education and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the board of education finds that it has had negative prior experience with the bidder."

Effective July 1, 2015, the bid threshold in accordance with N.J.S.A. 18A:18A-3(a) and (c) is \$29,000.00. In accordance with N.J.S.A. 40A:11-9 (b) the bid threshold for all purchases made by the District's qualified purchasing agent is \$40,000.00. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18:39-3 is currently \$18,300.00.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies; the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provisions of N.J.S.A.18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A.18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the School Board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

**Independent Auditor's Management Report of Administrative
Findings Financial and Compliance**

School Food Service Funds

The school food service program was not selected as a major federal and/or State program. However, the program expenditures exceeded \$100,000 in federal and/or State support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the SFA had any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions were noted. In addition, we inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

The financial transactions and statistical records of the School Food Services were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

Cash receipts and bank records were reviewed for timely deposit.

The number of meals claimed for reimbursement was verified against sales and meal count records. As part of the claims review process the edit check worksheet was completed. Reimbursement vouchers were properly computed and timely filed. Meals claimed agreed with the meal count records tested.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served did not exceed the number of valid applications on file, times the number of operating days, on a school by school basis. The free and reduced priced meal policy is uniformly administered throughout the School system. The required verification procedures for free and reduced price applications were completed and available for review.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The District is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34 and 19-1 through 19-4.1. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

Net cash resources did not exceed three months average expenditures.

Time sheets were reviewed and labor costs verified. Payroll records were maintained on all School Food Service employees. No exceptions were noted.

USDA Food Distribution Program (food and/or commodities) were received and a single inventory was maintained on a first-in, first-out basis. No exceptions were noted.

The school district maintains the detailed revenue and expenditure Information necessary in order to execute the USDA mandated Non-Program Food Revenue Tool at least annually.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G.

**Independent Auditor's Management Report of Administrative
Findings Financial and Compliance**

Student Body Activities

The records for the Student Body Activities were maintained in satisfactory condition.

Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2015-2016 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report with minor exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

Facilities and Capital Assets

Our procedures included a review of the SDA grant agreements for consistency with recording SDA revenue, transfer of local funds from the general or capital reserve account, and awarding of contracts for eligible facilities construction. No exceptions were noted.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2015 Application for State School Aid (A.S.S.A.) for onroll, private schools for the disabled, and low income. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers without exception. The information that was included on the workpapers was verified with no exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district has adequate written procedures for the recording of student enrollment data.
