Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator and Treasurer of School Money, the activities of the Board of Education, and the records of the various funds under the auspices of the Board of Education.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-3 States:

- A. "Any purchase, contract or agreement for the performance of any work or the furnishing or hiring of materials or supplies, the cost or price of which, together with any other sums expended or foreseeably to be expended for the performance of any work or services in connection with the same project or the furnishing of similar materials or supplies during the same fiscal year paid with or out of school funds, does not exceed the total sum of \$7,500 or the amount determined pursuant to subsection B. of this section, in the fiscal year or, in the case of purchases that are not annually recurring, in a period of one year may be made, negotiated and awarded by a contracting agent when so authorized by resolution of the board of education without public advertising for bids and bidding therefore."
- B. "Commencing January 1, 1983 and every two years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount set forth in subsection A. of this section in direct proportion to the rise or fall of the consumer price index for all urban consumers in the New York City and the Philadelphia area as reported by the United States Department of Labor. The Governor shall notify all Local school districts of the adjustment. The adjustment shall become effective on July 1, of the year in which it is reported."

N.J.S.A. 18A:18A:-4 States:

"Every contract or agreement for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of school funds, not included within the terms of N.J.S.A. 18A:18A-3, shall be made and awarded only by the Board of Education after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in, or calculated by the Governor pursuant to N.J.S.A. 18A:18A-3 except by contract or agreement."

Effective April 17, 2000, N.J.S.A. 18A:18A (Public School Contracts Law) was revised by PL 1999 Ch. 440. The associated rules were drafted by the Department of Local Government Services of the State of New Jersey, with consultation from the Commissioner of Education of New Jersey.

Effective July 1, 2015 and thereafter, the bid thresholds in accordance with N.J.S.A. 18A:18A-3 (as amended) and 18A:39-3 is \$29,000 and \$18,800, respectively.

School Purchasing Programs (continued)

Contracts and Agreements Requiring Advertisement for Bids (continued)

In accordance with 18A:18A-3a and NJAC 5:34-5 et seq. the Board of Education has appointed a "Qualified Purchasing Agent" which allows the Board of Education to increase the bid threshold and to grant the authorization to negotiate contracts below the bid threshold.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Our examination of the minutes indicated that contracts were awarded for the following:

- Transportation
- E Rate Services
- Valley View School Renovation Project
- Valley View School Door Security Locks
- Valley View School Security Cameras
- Food Service Management Service
- Contracted Services
- Financial Software for Personnel
- Child Study Team Related Services

As the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Expenditures were reviewed, however, to determine whether any clear cut violations existed.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory threshold where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school Board used contracts entered into by the State Department of Purchase and Property pursuant to Chapter 114, PL 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal, however, that the following purchases were made through the use of state contracts:

- Teaching Supplies
- Photocopier Rentals
- Computers and Technology

Administrative Practices and Procedures

Insurance

Fire and other insurance coverage evidenced by policies were carried in the amounts as reflected in the Insurance Schedule included in the District's Comprehensive Annual Financial Report.

Adequacy of insurance coverage is the responsibility of the Board of Education.

Official Bonds (N.J.S.A. 18A:17-26,18A 17-32)

Surety bond coverage in force during the period was:

<u>Name of Employee</u>	<u>Position</u>	<u>Amount</u>
Ruth Fanjoy	Secretary/Business Administrator (From 7/1/15 to 3/31/16)	\$ 200,000
Julie Mumaw	Secretary/Business Administrator (From 4/1/16 to 6/30/16)	\$ 200,000
Gregory Della Pia	Treasurer of School Money	\$ 250,000

The Treasurer of School Money was bonded in a surety bond in accordance with provisions of Title 18A:17-32 within minimum limits of the schedule promulgated by the New Jersey State Board of Education.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review indicated nominal discrepancies with respect to signatures, certification or supporting documentation.

Other Special Federal and/or State Projects

Special Federal and State projects of the District are reflected on Schedules K-3 and K-4 included in the Comprehensive Annual Financial Report.

Our examination of the special projects, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

LEBANON TOWNSHIP SCHOOL DISTRICT

June 30, 2016

The financial exhibits contained within the CAFR represent a true Statement of the Financial Position pertaining to the aforementioned special projects.

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Chief School Administrator and were certified by the President of the Board and the Board Secretary/School Business Administrator.

Reserve for Encumbrances, Liability (Current) for Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, for goods not yet received or services not yet rendered and it was determined that no blanket purchase orders were included in the balance of the reserves for encumbrances. Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered, as of June 30.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with NJAC 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with NJAC 6A:23A-8.2. As a result of the procedures performed, a nominal transaction error rate was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Treasurer's Records

The records of the Treasurer were maintained in good order.

Board Secretary's Accounting Records

The records of the Board Secretary were maintained in good order.

Unemployment Compensation Insurance Trust Fund

The Board has adopted the direct reimbursement method and has established an Unemployment Compensation Insurance Trust Fund.

TPAF (Social Security) Reimbursement

Our audit procedures included a test of the biweekly reimbursement forms filed with the Department of Education for district employees who are members of the Teacher's Pension and Annuity Fund. No exceptions were noted.

School Food Service

Food Service Fund

The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

Cash receipts and bank records were reviewed for timely deposit.

The District utilizes a Food Service Management Company (FSMC) and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. Provisions of the FSMC contract/addendum were reviewed and audited. The FSMC contract includes an operating results provision which guarantees that the food service program will break even. The operating results provision has been met.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process the Edit Check Worksheet was completed. Reimbursement claims were submitted and certified in a timely manner.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served did not exceed the number of valid applications on file, times the number of operating days. The free and reduced price meal policy is uniformly administered throughout the School system. The required verification procedures for free and reduced price applications were completed and available for review.

Food Distribution Program commodities were received and a single inventory was maintained on a first-in, first-out basis. No exceptions were noted.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the CAFR.
