The audit covered the financial transactions of the Board Secretary/School Business Administrator and the Treasurer of School Moneys, the activities of the Board of Education and the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance

Insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule contained in the district's CAFR.

Catarina Bilotta	Business Administrator/Board Secretary	\$ 125,000.00

Financial Planning, Accounting and Reporting

Examination of Claims

Claims paid during the period under review were examined on a test basis to determine that they are submitted on Board vouchers, itemized, signed by the officials as to approval for payment, endorsement for receipt of materials, allocated to the proper accounts, charged to the proper fiscal period and in agreement with bill list set forth in the approved minutes of the Board.

The review and inquiry indicate good scrutiny on the part of the Board and Board Officials regarding expenditures.

Financial Planning, Accounting and Reporting (Continued)

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and the Board's required payroll contributions were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary.

Salary withholdings were promptly remitted to the proper agencies.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30 for proper classification of orders as reserve for encumbrances and accounts payable.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23-2.2 (g) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. As a result of the procedures performed no errors were noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Board Secretary's Records

The prescribed contractual order system was followed.

All purchase orders tested were charged to the appropriate line accounts in accordance with the State prescribed Uniform Minimum Chart of Accounts (2R2) For New Jersey Public Schools.

Monthly certifications of line-item appropriations and fund status were filed in accordance with N.J.A.C. 6A:23-2.11 and Division of Finance Policy Bulletin 200-11.

Acknowledgment of the Board's receipt of the Board Secretary's and Treasurer's monthly financial reports was included in the minutes.

The school district's double entry system of accounting records were maintained in accordance with the Department of Education's prescribed GAAP Technical Systems Manual, pursuant to N.J.S.A. 18A:4-14 and N.J.A.C. 6A:23-2.

The general fixed asset records were not updated for the additions and disposals of general fixed assets made during the year. This matter has been discussed with the Business Administrator who has informed us of the hiring of an outside appraisal company to record and tag its general fixed assets for better control and safeguarding.

Financial Planning, Accounting and Reporting (Continued)

Treasurer's Records

The Treasurer performed cash reconciliations for the general operating account, capital projects fund, payroll account and payroll agency account in accordance with N.J.S.A. 18A:17-36.

All cash receipts tested were promptly deposited.

The Treasurer's records were in agreement with the records of the Board Secretary.

Other Special Federal and/or State Projects

The district's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for Special Federal and/or State Projects indicated no areas of noncompliance and/or questionable costs.

T.P.A.F. Reimbursement

Our audit procedures included a test of the amount claimed for reimbursement filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

Effective April 17, 2000, N.J.S.A. 18A:18A (Public School Contracts Law) was revised by P.L. 1999, c. 440 (originally known as Assembly bill No. 35190). The associated rules were drafted by the Division of Local Government Services in the Department of Community Affairs, with consultation from the Commissioner of Education.

Effective July 1, 2015 and thereafter the bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) and 18A:39-3 (Transportation) are \$40,000 (with a Qualified Purchasing Agent) and \$29,000.00 (without a Qualified Purchasing Agent) and \$18,800.00 respectively.

Contracts and Agreements Requiring Advertisement for Bids (Continued)

It is pointed out that the Board of Education has the responsibility of determining whether the commitments and expenditures are in compliance with the statutes and, where question arises as to whether any contract or agreement might result in violation of these statutes the Board attorney's opinion should be sought before commitment is made.

Inasmuch as the system of records is not required to provide and therefore did not provide for an accumulation of payments by categories for the performance of any work or the furnishings or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed. None were disclosed.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the provision or performance of any goods or services," in excess of the statutory limit where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records is not required to provide and therefore did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal however, that the following purchases were made through the use of State contracts: Computers.

School Food Service

The financial transactions and statistical records of the school food service fund were maintained in satisfactory condition. The financial accounts, meal count records and eligibility applications were reviewed on a test check basis.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The District utilizes a food service management company and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service. Net cash resources did not exceed three months average expenditures.

The food service management company had a service audit performed in accordance with AICPA Statement on Auditing Standards (SAS) #70, as amended by SAS #88 (effective February, 2000).

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Proprietary Funds (Exhibits B-4, B-5, B-6).

Student Activity Funds

Cash receipts and disbursement records were maintained in satisfactory condition.

All receipts were promptly deposited in the bank.

Payment authorizations were presented for audit and vendor invoices were available for examination.

The Board adopted a formal board policy that all financial and bookkeeping controls are adequate to ensure appropriate fiscal accountability and sound business practices.

Lease Purchase Agreements Involving Issuance of Certificates of Participation

The Commission's Certificates of Participation were defeased in 2003-2004 through the Morris County Improvement Authority.
