Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator, the activities of the Board of Education, and the records of the various funds under the auspices of the Board of Education.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

NJSA 18A:18A-3 States:

- “A. Any purchase, contract or agreement for the performance of any work or the furnishing or hiring of materials or supplies, the cost or price of which, together with any other sums expended or foreseeably to be expended for the performance of any work or services in connection with the same project or the furnishing of similar materials or supplies during the same fiscal year paid with or out of school funds, does not exceed the total sum of \$7,500, or the amount determined pursuant to Subsection B., of this section, in the fiscal year or, in the case of purchases that are not annually recurring, in a period of one year may be made, negotiated and awarded by a contracting agent when so authorized by resolution of the Board of Education without public advertising for bids and bidding therefore.”
- “B. Commencing January 1, 1983 and every two years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount set forth in Subsection A., of this section in direct proportion to the rise or fall of the consumer price index for all urban consumers in the New York City and the Philadelphia area as reported by the United States Department of Labor. The Governor shall notify all Local school districts of the adjustment. The adjustment shall become effective on July 1, of the year in which it is reported.”

NJSA 18A:18A:-4 States:

“Every contract or agreement for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of school funds, not included within the terms of NJSA 18A:18A-3, shall be made and awarded only by the Board of Education after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in, or calculated by the Governor pursuant to NJSA 18A:18A-3 except by contract or agreement.”

Effective April 17, 2000, NJSA 18A:18A (Public School Contracts Law) was revised by PL 1999 Ch. 440. The associated rules were drafted by the Department of Local Government Services of the State of New Jersey, with consultation from the Commissioner of Education of New Jersey.

Effective July 1, 2015 and thereafter, the bid thresholds in accordance with NJSA 18A:18A-3 (as amended) and 18A:39-3 is \$29,000 and \$18,800, respectively.

School Purchasing Programs (continued)

Contracts and Agreements Requiring Advertisement for Bids (continued)

In accordance with 18A:18A-3a and NJAC 5:34-5 et seq. the Board of Education has appointed a "Qualified Purchasing Agent" which allows the Board of Education to increase the bid threshold and to grant the authorization to negotiate contracts below the bid threshold.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Our examination of the minutes indicated that contracts were awarded for the following:

Behavioral consulting	Dental insurance	Substitute calling services
Professional development	Home instruction	Contract services
Special education consulting	Telephone upgrades	Electrical services
Health insurance consultant	Technology equipment	

As the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Expenditures were reviewed, however, to determine whether any clear cut violations existed.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory threshold where there had been no advertising for bids in accordance with the provision of NJSA 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per NJSA 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the School Board used contracts entered into by the State Department of Purchase and Property pursuant to Chapter 114, PL 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal, however, that the following purchases were made through the use of state contracts:

Copier service	Teaching supplies
Office supplies	Technology Equipment & Supplies

Purchases were also made through cooperative agreements for the following:

Natural gas	Paper supplies	Paper & teaching supplies
Electric generation	Transportation	Insurance
Internet access	Maintenance supplies	Copier usage
Technology equipment & supplies	Telephone service

An examination of claims paid during the period under review indicated nominal discrepancies with respect to signatures, certification or supporting documentation.

Special Federal and/or State Projects

Special Federal and State projects of the District are reflected on Schedules K-3 and K-4 included in the Comprehensive Annual Financial Report.

Our examination of the special projects, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits contained within the CAFR represent a true Statement of the Financial Position pertaining to the aforementioned special projects.

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

Salary withholdings were promptly remitted to the proper agencies with minor exception.

Audit Finding: Payroll agency deposits were not detailed as to type of withholdings deposited.

Audit Suggestion: Payroll agency deposits are to be detailed as to type of withholdings.

Payrolls were approved by the Chief School Administrator and certified by the President of the Board and Board Secretary/School Business Administrator.

Reserve for Encumbrances, Liability (Current) for Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, for goods not yet received or services not yet rendered and it was determined that no blanket purchase orders were included in the balance of the reserves for encumbrances. Also unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered, as of June 30.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with NJAC 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with NJAC 6A:23A-8.2. As a result of the procedures performed, a nominal transaction error rate was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Board Secretary's Accounting Records

The records of the Board Secretary were maintained in good order.

Treasurer's Records

Per PL 2010, Ch. 39 the position of Treasurer was made optional. The Board of Education has opted not to appoint a Treasurer for the District. The records of the individual performing the duties of this position have been reviewed and those records have been maintained in good order.

Unemployment Compensation Insurance Trust Fund

The Board has adopted the direct reimbursement method and has established an Unemployment Compensation Insurance Trust Fund.

TPAF (Social Security) Reimbursement

Our audit procedures included a test of the biweekly reimbursement forms filed with the Department of Education for District employees who are members of the Teacher's Pension and Annuity Fund. No exceptions were noted.

School Milk Service

The financial transactions and statistical records of the Special Milk Fund were reviewed. The financial accounts, milk count records and eligibility applications were reviewed on a test-check basis.

Cash receipts and bank records were reviewed for timely deposit.

Expenditures were separately recorded as milk and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of milk and supplies used.

LONG HILL TOWNSHIP SCHOOL DISTRICT
June 30, 2016

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school milk service. Net cash resources exceeded three months average expenditures.

School Milk Service (continued)

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the CAFR.

Application for State School Aid

Our audit procedures included a test of the information reported in the October 15, 2015, Application for State School Aid (ASSA) Data Listing for on-roll, private schools for the handicapped, and transportation. We also performed a review of the District procedures related to its completion. The information on the data listing was compared to the District work papers without exception as noted in the audit. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained work papers on the prescribed state forms or their equivalent.

The District has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2015-2016 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility summary report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

Schedule of Findings of Noncompliance

There were no findings of noncompliance as a result of this audit.

TPAF Reimbursement to the State for Federal Salary Expenditures

No reimbursement is due to the State to reimburse for the TPAF/FICA payments made by the State on-behalf of the District. The District had no employees with applicable salaries identified as being paid from federal funds.
