As part of our audit, we performed procedures required by the New Jersey Department of Education, and the findings and results thereof are disclosed on the following pages, as listed in the accompanying table of contents. This letter does not affect our report dated September 23, 2016, on the financial statements of the Board.

We will review the status of our suggestions, comments and recommendations during our next audit engagement. We have already discussed the suggestions, comments and recommendations with various management personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the suggestions or recommendations.

### Administrative Practices and Procedures

### Insurance

Multi-peril insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule contained in the District's CAFR.

### Officials in Office and Surety Bonds

Name	Position	 Coverage
Gerald Eckert	Business Administrator	\$ 400,000
Eric Burnside	Assistant Business Administrator	400,000

### **Tuition Charges**

A comparison of tentative tuition charges and actual certified tuition charges was made. The actual costs were different than estimated costs. The Board made a proper adjustment to the billings to sending districts for the change in per pupil costs in accordance with N.J.A.C. 6A:23A-3.1(f)3.

## Financial Planning, Accounting and Reporting

### **Examination of Claims**

An examination of claims paid on a test basis, during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

### Payroll Account and Position Control Roster

The net salaries of employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account. Salary withholdings were promptly remitted to the proper agencies, including health benefits withholding due to the general fund. All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/School Business Administrator and the Chief School Administrator. The required certification (E-CERT1) of compliance with requirements for income tax on compensation of administrators (superintendent, assistant superintendents and business administrator) to the New Jersey Department of Treasury was filed in a timely manner.

### Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made on a test basis as of June 30, for proper classification of orders as reserve for encumbrances and accounts payable.

## Financial Planning, Accounting and Reporting (Cont'd)

### Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with *N.J.A.C.* 6A:23A-8.2. As a result of the procedures performed, a transaction error rate of 0% was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

### Board Secretary's Records

In planning and performing our audit of the financial statements of the Board, we considered the condition of the Board Secretary's records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments.

### Treasurer's Records

In planning and performing our audit of the financial statements of the Board, we considered the condition of the Treasurer's records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. No exceptions were noted.

### No Child Left Behind (N.C.L.B.)

The N.C.L.B. financial exhibits are contained herein within the Special Revenue Section of the District's CAFR. This section of the CAFR documents the financial position pertaining to projects under Title I, Title II and Title III of the No Child Left Behind Act.

### Finding

Our review of the federal grant reimbursements revealed that there were no submissions made during the 2015-2016 school year. Subsequently, reimbursement requests have been submitted and the final expenditure reports have been submitted and approved and full reimbursement of the grant funds have been received, therefore a formal recommendation is not deemed to be warranted.

### Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR.

This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

### T.P.A.F. Reimbursement

Our audit procedures included a test of the bi-weekly reimbursement forms filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

The T.P.A.F. Reimbursement to the State for Federal Salary Expenditures was remitted to the State of New Jersey prior to the required deadline of October 1, 2016. The reimbursement form was reviewed and no exceptions were noted.

### School Purchasing Programs

## Contracts and Agreements Requiring Advertisement for Bids

### N.J.S.A. 18A:18A-3 states:

a. "When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by resolution of the Board of Education without public advertising for bids and bidding therefore, except that the Board of Education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L.1971, c. 198 the Board of Education may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Commencing in the fifth year after the year in which P.L.1999, c. 440 takes effect and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the Board of Education is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.A. 18A:18A-2, and shall round the adjustment to the nearest \$1,000. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made ....."

## RANDOLPH TOWNSHIP SCHOOL DISTRICT ADMINISTRATIVE FINDINGS - FINANCIAL, COMPLIANCE AND PERFORMANCE FISCAL YEAR ENDED JUNE 30, 2016 (Continued)

## Contracts and Agreements Requiring Advertisement for Bids (Cont'd)

N.J.S.A. 18A:18A-4 states, "Every contract for the provision or performance of any goods or services the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the Board of Education to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law ....."

Effective July 1, 2015 and thereafter the bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$40,000 (with a qualified purchasing agent) and \$29,000 (without a qualified purchasing agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$18,800.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Attorney's opinion should be sought before a commitment is made. Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. General compliance was noted. The results of our examination indicated that no individual payments, contracts, or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies", in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4. Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5. The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

### School Food Service

The school food service program was not selected as a major federal and/or state program. However, the program expenditures exceeded \$100,000 in federal and/or state support. Accordingly, we inquired of school management, or the appropriate school food service personnel, as to whether the SFA had any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions were noted.

Additionally, we inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

### Student Body Activities

In planning and performing our audit of the financial statements of the District, we considered the condition of the records of the Student Activities Fund for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments except as noted herein.

## RANDOLPH TOWNSHIP SCHOOL DISTRICT ADMINISTRATIVE FINDINGS - FINANCIAL, COMPLIANCE <u>AND PERFORMANCE</u> FISCAL YEAR ENDED JUNE 30, 2016 (Continued)

## Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2015 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, low income students and bilingual students. We also performed a review of the District procedures related to its completion. The information on the A.S.S.A. was compared to the District workpapers with a few minor exceptions. The information that was included on the workpapers was verified on a test basis without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed State forms or their equivalent.

The District has adequate written procedures for the recording of student enrollment data.

### **Pupil Transportation**

Our audit procedures included a test of on-roll status reported in the 2015-2016 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report with a few minor exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

## Facilities and Capital Assets

Our procedures included a review of the SDA grant agreements for consistency with recording SDA revenue, transfer of local funds from the general fund or from the capital reserve account, and awarding of contracts for eligible facilities construction. No exceptions were noted.

### Travel Expense and Reimbursement Policy

Travel regulations require each District to adopt a formal policy and procedures pertaining to travel and expense reimbursements for its employee and board members. The regulations require the District to establish a maximum travel amount for the year and to ensure that the maximum is not exceeded. The regulations also require that all travel be preapproved by the Board of Education and the Superintendent and that the approval must be itemized by event, event total cost, and individuals attending.

## Health Benefits

## **Finding**

During our examination of the employee health benefits contributions, the District reported and our tests verified that the withholdings were not always calculated accurately. For employees who are members of the Randolph Education Association with married coverage for Dental insurance, the premium rate or the percentage of salary for the calculation of the employees' contribution was incorrect. The District had already corrected the calculations for the 2016-17 school year at the time that the audit was performed, therefore a formal recommendation is not deemed to be warranted.

## RANDOLPH TOWNSHIP SCHOOL DISTRICT ADMINISTRATIVE FINDINGS - FINANCIAL, COMPLIANCE AND PERFORMANCE FISCAL YEAR ENDED JUNE 30, 2016 (Continued)

### Management Suggestions

### Arbitrage Calculation

The District issued serial bonds on February 8, 2012 in the amount of \$11,667,000. The District should explore the need for an arbitrage calculation. This calculation will determine whether or not the District is subject to arbitrage payable to the federal government. If a liability does exist, it would be required to be raised by the District in the budget year the liability is payable.

### Capital Projects and Related SDA Grants

There are several projects in the Capital Projects which appear to be fully complete or near completion. These projects are funded in part with Schools Development Authority ("SDA") grants. The District should remit grant reimbursement requests to avoid cash deficits from occurring.

### Governmental Accounting Standards Board Statements:

The next Governmental Accounting Standards Board ("GASB") statement which will have a significant impact on the District will be GASB#75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*, will be effective for the fiscal year ending June 30, 2018. This standard replaces GASB#45, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*. It is similar to GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* GASB#68 in that successful implementation of this standard will require the provision of certain key financial and non-financial information from the New Jersey Division of Pensions.

### Deferred Compensation Plans

The District has a fiduciary responsibility to its employees related to the deferred compensation plans offered by the District. The District should consider a periodic review of the benefits, features, costs, and performance of its deferred compensation plans and make that information available to employees to assist employees in making suitable choices for investing their retirement funds while fulfilling the District's fiduciary responsibilities.

### Independent Contractors vs. Employees

The District should consider reviewing the status of "Independent Contractors" utilized by the District with Internal Revenue Service guidelines for determination of employment status. The IRS has been reviewing employers, including governments, to determine compliance. A proactive approach may help to minimize or eliminate potential penalties related to incorrect employment status determination.

## Management Suggestions (Cont'd)

### Cyber Security

Cyber-crime has become much more prevalent in the last few years. Websites and internal networks, including personally identifiable information ("PII"), have been hacked and resulted in significant losses to organizations, both financial and reputational. We suggest that the District consider options to test and protect the District from cyber-crime.

### Continuing Disclosure Requirements

In connection with the issuance of bonds by a school district, the District agrees to the continuing disclosure of certain information to the Electronic Municipal Market Access ("EMMA") website under the auspices of the Municipal Securities Rulemaking Board. The District should ensure that all continuing disclosure requirements with respect to the District's bond issuances are met. These requirements include filing of certain financial information such as audit reports, budgets and certain operating data.

### Status of Prior Year's Findings/Recommendations

The prior year recommendation was resolved in the current year.
