ADMINISTRATIVE FINDINGS - FINANCIAL
COMPLIANCE AND PERFORMANCE
JUNE 30, 2016

Scope of Audit

The audit covered the financial transactions of the Business Office, the activities of the Board of Trustees and the records of the various funds under the auspices of the Board of Trustees. This report is filed in conjunction with the Charter School's Comprehensive Annual Financial Report ("CAFR").

Administrative Practices and Procedures

Insurance

Fire insurance coverage was carried in the amounts as detailed on the Insurance Schedule contained in the Statistical Sections (J-4 and J-20) of the Charter School's CAFR.

Officials' Bonds

<u>Name</u>	<u>Position</u>	<u>Amount</u>
Dr. Brian Falkowski	School Business Administrator/ Board Secretary	\$ 135,000

There is a Public Employee's Faithful Performance Blanket Position Bond Policy covering all other employees with multiple coverage of \$25,000.

School Leaders Errors and Omissions Liability insurance was carried for all members of the Board of Trustees with coverage for each wrongful act of \$1,000,000.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review indicates certain discrepancies with respect to signatures, certification or supporting documentation.

An examination of claims paid during the period under audit was made as to affidavit or signed declaration, proper itemization and proper authorization by officials. The Board's voucher system is in accordance with R.S. 18:6-34, which requires a signed declaration by Secretary. The actual signature for receipt of goods or services rendered is on the receiving copy of the purchase order set, which is attached to the purchase order and filed alphabetically. All claims approved for payment are listed by fund total in the Minutes.

Payroll Account

The net salaries of all employees of the Charter School were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the designee in the Charter School and were certified by the President of the Board of Trustees and the School Business Administrator.

Salary withholdings were promptly remitted to the proper agencies, including required health insurance withholdings.

Compensated absences at year end should be calculated based on the value as established by the board policy. In the absence of a board policy, an assumed daily rate was used. The calculation that was done was merely for use in the school-wide financial statements under GASB 34.

Health Benefits – It was determined that there was one (1) former employee receiving health benefits that should not have been. This matter is a carryover condition from the prior year and under review by Administration for corrective action.

Tuition Charges (Revenue)

A review of the financial statements indicated that the Charter School charged no tuition for any student attending the Charter School.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, 2016 for proper classification of orders as reserved for encumbrances and accounts payable. The reserve for encumbrances and accounts payable have been determined to be proper.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23-2.2(g) as part of our test of transactions of randomly selected expenditure items. We also examined the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classification to determine overall reliability and compliance with N.J.A.C. 6A:23A-2.4. As a result of the procedures performed, no transaction error rate was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Treasurer's Records

The Treasurer's records were found to be maintained properly.

Acknowledgment of the Board's receipt of the Treasurer's report was included in the minutes.

Elementary and Secondary Education Act of 1965 (E.S.E.A.) as Reauthorized by No Child Left Behind (NCLB) Act of 2001

The NCLB financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Titles I, II-A of the NCLB as amended.

Other Special Federal and/or State Projects

The Charter School's Special Projects were approved as listed on the Schedule of Expenditures for Federal Awards (Schedule A) and Schedule of Expenditures for State Financial Assistance (Schedule B) located in the CAFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved except as noted for NCLB above.

Other Special Federal and/or State Projects (Continued)

The Special Revenue Fund reflects unexpended federal funds for the years 2011-2012 and 2012-2013 in the amount of \$16,221 which remain on the records as intergovernmental accounts payable that are over two (2) years old. There is also an intergovernmental accounts receivable in the amount of \$14,173 from the years 2011-2012 and 2013-2014 which remain uncollected and are over two (2) years old. These matters are under review for collection, utilization or refund to the funding source. It should be noted that this occurred in years prior to 2014-2015.

T.P.A.F. Reimbursements

Our audit procedures included a test of the semi-monthly reimbursement forms filed with the Department of Education for Charter School employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

Expendable and Nonexpendable Trust Funds

The accounts within this fund have been properly administered.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

Effective July 1, 2015, the bid thresholds in accordance with N.J.S.A. 18A:18A-3 (as amended) and 18A:39-3 is \$40,000 (with a Qualified Purchasing Agent ("QPA")) and \$26,000 (without a QPA), respectively. The law requiring bidding for public student transportation contract under N.J.S.A. 18A-39-3 is currently \$17,200. The Board of Trustees has designated the Business Administrator, Brian Falkowski, as the QPA.

The Charter School Board of Trustees has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4, amended. However, we noted the following:

Contracts and Agreements Requiring Advertisement for Bids (continued)

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The minutes indicate that bids were advertised for the following:

Food Service (meals only)

The system of records did not provide for an accumulation of purchases for which the Charter School used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

Our examination did reveal however, that the following purchases were made through the use of State contracts or cooperative purchasing arrangement.

School furniture

Enterprise Fund

School Food Service

The financial transactions and statistical records of the Charter School food services were maintained properly. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis. No exceptions were noted.

The number of meals claimed for reimbursement was verified against sales and meal count records. As part of the claims review process the Edit Check Worksheet was completed. We note that meals claimed agreed with meal count records. No exceptions noted. We also noted that the reimbursement claims were submitted/certified in a timely manner.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served did not exceed the number of valid applications on file, times the number of operating days, on a school wide basis. The free and reduced price meals and free milk policy is uniformly administered throughout the School. The required verification procedures for free and reduced price applications were completed and available for review. The number of meals for reimbursement was compared to sales and meal count records. No exceptions were noted.

Enterprise Fund (Continued)

School Food Service (Continued)

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and cost verified.

The cash disbursement records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service. Net cash resources did not exceed three-month average expenditures.

Cash receipts and bank records were reviewed for timely deposit.

The Charter School employs and pays individuals to provide meals for its food service program. We examined on a test basis their expenditures. Provisions of the food service management company contract were reviewed. Provision of NJSA 18A:17-34, 19-1 and 19-4.1 were complied with.

The Charter School project maintains the detailed revenue and expenditure information necessary in order to execute the USDA mandated Non-Program Food Revenue Tool at least annually.

All employees of the cafeteria are hired and paid by the Charter School.

Exhibits reflecting child nutrition program operations are included in Section B of the CAFR.

The Charter School is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34 and 19-1 through 19-4.1. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service. Net cash resources did not exceed three months average expenditures.

The Enterprise Food Service Fund balance sheet reflects accounts receivable federal in the amount of \$22,210.54 and state in the amount of \$328.55 from the 2014-2015 school year that have not as of the date of this report been received. In the event that these receivables are not collected, then a charge to the fund balance will be required and could potentially put the fund in a deficit situation which will have to be addressed for funding (transfer) on a current basis the General Fund.

There were no Food Distribution Program commodities received during the period of audit.
