INTRODUCTORY SECTION

1101 MAIN STREET, BELMAR, NEW JERSEY 07719

DAVID R. HALLMAN SUPERINTENDENT 732-681-8888 LORETTA HILL BUSINESS ADMINISTRATOR/ BOARD SECRETARY 732-681-8888

November 17, 2017

Honorable President and Members of the Board of Education Borough of Belmar School District County of Monmouth Belmar, New Jersey 07719

Dear Board Members:

The comprehensive annual financial report for the Belmar Borough School District for the fiscal year ending June 30, 2017, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rest with the management of the Belmar Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the district. All disclosures necessary to enable the reader to gain an understanding of the district's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the districts organizational chart and a list of principal officials. The financial section includes the general purpose financial statements and schedules, and the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The district is required to undergo an annual single audit in conformity with the provisions of the Title 2 U.S. Code of Federal Regulations, Part 200, "Audits of State and Local Governments" and the State Treasury Circular Letter 15-08 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid Payments". Information related to this single audit, including the auditor's report on the internal control and structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1) **REPORTING ENTITY AND ITS' SERVICES** - Borough of Belmar School District is an independent reporting entity within the criteria adopted by GASB as established by NCGA Statement No.3. All funds and account groups for the district are included in this report. The Belmar Board of Education and the Belmar Elementary School constitute the district's reporting entity.

> Inspired • United • Prepared Soaring To Excellence

The district provides a full range of educational services appropriate to grade levels Pre-K through eight. Students in grades nine through twelve are assigned by board policy to Manasquan, Asbury Park, Red Bank Regional, Marine Academy of Science and Technology, High Tech High School, Allied Health and Science Academy, Class Academy, Communications High School and the Academy High School Charter School. The district provides a comprehensive special education program for all preschool through eighth grade students. The district also provides for the educational needs of all resident students of Lake Como in grades Pre-K through eight and in the area of special education. The district completed the 2016/17 fiscal year with an average enrollment of 553, which is 3 higher than the previous year's average enrollment. The following details the changes in student enrollment of the district over the last ten years:

Fiscal Year	Student Enrollment	Percent Change
2016/2017	539	(2.5)
2015/2016	553	3.9
2014/2015	532	(3.6)
2013/2014	552	(2.8)
2012/2013	568	2.1
2011/2012	556	0.7
2010/2011	560	0.2
2009/2010	559	4.8
2008/2009	533	1.9
2007/2008	523	(2.0)

Average Daily Enrollment

2) ECONOMIC CONDITIONS AND OUTLOOK: Belmar is a seashore community that has been undergoing a transformation on the oceanfront. Longstanding business properties have been sold and are currently being redeveloped as single family homes. Many of these homes are valued at over two million dollars. This transition will further limit the availability of housing for low income families as the other properties in Belmar continue to increase in value exceeding what low income families can afford. Belmar has a shopping area made up of independent stores and restaurants. The town is in the process of starting a redevelopment of the downtown area and redeveloping the seaport area. Some older structures are being replaced with mixed business/residential use buildings. With the new homes being built on the oceanfront and the rise of real estate prices in the town, the tax base for the community has increased. There are no major industries located in Belmar, therefore, the majority of the residents work outside the community. The largest employers are the Board of Education and Municipal government.

3) MAJOR INITIATIVES: During 2017-18 school year, the district entered the sixth year of implementing the initiatives set forth in the strategic plan. The goals, including a robust and sustainable 1:1 Chromebook initiative for students in grades 5-8, were not only met ahead of the planned timelines but have increased in scope as the district moved the 1:1 initiative to second grade students, as well as increasing mobile devices for students in grades PreK-1. As teachers become increasingly skilled in a spectrum of instructional technology applications, students' level of engagement and investment in

their learning grows exponentially. In the K-4 grade span, the district will continue the best practice of "looping," whereby students in looping classes remain with their teacher for two consecutive years, allowing for more in-depth student/teacher relationships and greater opportunities for more customized instruction. Teachers report an estimated six weeks of gained instructional time in these classes, maximizing the potential for greater student learning. In an ongoing effort to ensure excellence in teaching and learning, curriculum has been aligned with the New Jersey Learning Standards for all content areas and related arts. Additionally, Belmar School District has instituted "partner teaching" in grades three and four to allow teachers to focus on their area of expertise and interest. One teacher facilitates the student learning for English Language Arts and the partner teaches Math, Science and Social Studies. This practice stimulates more robust lessons and allows our students to acclimate themselves to multiple teachers in preparation for the middle school environment.

4) INTERNAL ACCOUNTING CONTROLS: Management of the district is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the district are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonably, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits require estimates and judgments by management.

As a recipient of federal and state financial assistance, the district also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the district management.

As part of the district's single audit described earlier, tests are made to determine the adequacy of internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine the district has complied with applicable laws and regulations.

5) BUDGETARY CONTROLS: In addition to internal accounting controls, the district maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project length budgets are approved for the capital improvements accounted for in the capital project's fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at a year end are canceled or included as reappropriation of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at June 30, 2012.

6) ACCOUNTING SYSTEM AND REPORTS: The district's accounting records reflect generally accepted accounting principles, are promulgated by the Government Accounting Standards Board (GASB). The accounting system of the district is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements," Note 1.

7) **DEBT ADMINISTRATION:** As of June 30, 2017, the district's outstanding debt was \$1,755,000. The debt is currently comprised of two funding sources. The District's two loans to provide funds for the 17,000 square foot addition to the Belmar Elementary School in 1993 were paid in full during the 2103/14 school year. In July, 2003 the Board of Education retired the present value of an unfunded liability to the Teachers' Pension and Annuity fund for an early retirement incentive by issuing refunding bonds in the amount of \$540,000. The refinancing of this debt saved the district \$239,348 in interest expense. Also, bonds in the amount of \$3,370,000 were issued in August, 2003 to fund the local share of the capital project that was passed by referendum in March, 2003 and partially funded by the State of New Jersey, Economic Development Authority. The proceeds of the bonds along with the grant from the State of New Jersey was used to complete \$5,600,000 in renovations to the Belmar Elementary School. These bonds were refunded in 2012 saving the district 7.65% net present value or \$193,192 over the remaining life of the refunded bonds.

8) CASH MANAGEMENT: The investment policy of the district is guided in large part by state statute as detailed in "Notes to the Financial Statements," Note 2. The district has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Government Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Government Units from loss of funds on deposit with a failed banking institution in New Jersey. The law requires government units to deposit public funds only in public depositories located in New Jersey, where the funds are secure in accordance with the Act.

9) RISK MANAGEMENT: The board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents and fidelity bonds.

10) OTHER INFORMATION: Independent Audit-State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Robert A. Hulsart & Company, CPAs and Registered Municipal Accountants conducted the annual audit. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Title 2 U.S. Code of Federal Regulations, Part 200 and State Treasury Circular Letter 15-08 OMB. The auditor's report on the general purpose financial statements and combining and individual fund statements and schedules are included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit report of this report.

<u>11)</u> ACKNOWLEDGMENTS: We would like to express our appreciation to the members of the Belmar Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contribute their full support to the development and maintenance of our financial operation. Please refer to the Management's Discussion and Analysis for the Fiscal Year for a review of the financial status of the district.

Respectfully submitted David Hallman

RICHARD J. HELLENBRECHT, JR., C.P.A., P.S.A.

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Education Belmar School District County of Monmouth Belmar, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Belmar School District, in the County of Monmouth, State of New Jersey, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Belmar School District, in the County of Monmouth, State of New Jersey, as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information as listed in the table of contents presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The accompanying introductory section and other supplementary information such as the combining and individual fund financial statements, long-term debt schedules, and statistical information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standard generally accepted in the United States of America. In our opinion, the accompanying introductory section and other supplementary information such as the combining and individual fund financial statements, long-term debt schedules, and statistical information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The accompanying introductory section and other supplementary information such as the combining and individual fund financial statements, long-term debt schedules, and statistical information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid respectively, and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2017 on our consideration of the Belmar's Board of Education internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Belmar Board of Education's internal control over financial reporting and compliance.

Respectfully submitted,

REQUIRED SUPPLEMENTARY INFORMATION PART I

BELMAR PUBLIC SCHOOL DISTRICT

BOROUGH OF BELMAR

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE FISCAL YEAR ENDED JUNE 30, 2017

The discussion and analysis of Belmar Public School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2017. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; it should be read in conjunction with the Comprehensive Annual Financial Report's (CAFR) Letter of Transmittal which is found in the Introductory Section, and the School Board's financial statements found in the Financial Section and the notes thereto.

The MD & A is an element of Required Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34 – "Basic Financial Statement - and Management's Discussion and Analysis – for State and Local Governments" issued in June 1999. The new reporting model contains necessary comparative information of the previous year.

Financial Highlights

Key Financial highlights for the 2016-2017 fiscal year are as follows:

- General revenues accounted for \$10,928,848 in revenue or 76% percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$3,403,466 or 24% percent to total revenues of \$14,332,314.
- Total assets of governmental activities decreased by \$453,270 as cash and cash equivalents decreased by \$273895 receivables increased by \$143,549 and capital assets decreased by \$322,924.
- The School District had \$14,192,874 in expenses; only \$3,403,466 of these expenses were offset by program specific charges for services, grants or contributions. General revenues (primarily property taxes, tuition and state aid) of \$10,928,848 plus designated surplus and withdrawals from tuition reserve and maintenance reserve of \$125,000 were adequate to provide for these programs.
- The General Fund had \$12,404,620 in revenues and \$12,126,038 in expenditures. The General Fund's balance increased \$278,582 over 2016. This increase was anticipated by the Board of Education, as deposits were made to Capital Reserve to fund the local share of future Capital Projects.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Belmar Public School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities. The Statement of Net Position and Statement of Activities provide information about the activities of the whole school district, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. In the case of Belmar Public School District, the General Fund is the most significant fund, with the Special Revenue Fund and Capital Project's Fund also having significance.

The School Board's auditor has provided assurance in his Independent Auditor's Report, located immediately preceding this Management's Discussion and Analysis, that the Basic Financial Statements are fairly stated. A user of this report should read the Independent Auditor's Report carefully to ascertain the level of assurance being provided for each of the other parts of the Financial Section.

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during the 2016-2017 fiscal year?" The Statement of Net Position and the Statement of Activities helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account, all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's Net Position and changes in those assets. This change in Net Position is important because it tells the reader that, for the school district as a whole, the financial positions of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District is divided into two distinct kinds of activities:

- Governmental activities All of the School District's programs and services are reported here including, but not limited to, instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- Business-Type Activities This service is provided on a charge for goods or services basis to recover all the expense of the goods or services provided. The Food Service Enterprise Fund is reported as a business activity.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the School District's major (all) funds begins with exhibit B-1. Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund.

Governmental Funds

The School District's activities are reported in Governmental Funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The Governmental Fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental Fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and Governmental Funds is reconciled in the financial statements.

Enterprise Fund

The Enterprise Fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

The School District as a Whole

Table 1 provides a summary of the School District's Net Position for fiscal year 2016 and 2017.

Assets	2016	2017

Governmental Activities

The unique nature of property taxes in New Jersey creates the need to seek voter approval for the School District operations, only if the school district exceeds the statutory cap, which is 2% plus allowable cap adjustments. Property taxes made up 60% percent of revenues and tuition from other school districts made up 13% of revenues for governmental activities for the Belmar Public School District for fiscal year 2017. The District's total revenues were \$14,332,314 for the fiscal year ended June 30, 2017. Federal and state grants, as well as miscellaneous revenue accounted for 27%.

Business-Type Activities

Revenues for the District's business-type activities (food service program) were comprised of charges for services and federal and state reimbursements.

- Food service revenues exceeded expenditures by \$4,071 and for the 10th year in a row, the Board did not subsidize the food services operation. The food service program shows an increase of \$4,071 20,567 change in Net Position.
- Charges for services represent \$86,481 of revenue. This represents amounts paid by patrons for daily food services.
- Federal and state reimbursements for meals, including payments for free and reduced lunches and donated commodities was \$219,968.

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services.

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration and business include expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities activities involve keeping the school grounds, buildings and equipment in an effective working condition.

Curriculum and staff development includes expenses related to planning, research, development and evaluation of support services, as well as the reporting of this information internally and to the public.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

Extracurricular activities includes expenses related to student activities provided by the School District which are designed to provide opportunities for students to participate in school events, public events, or a combination of these for the purposes of motivation, enjoyment and skill improvement.

Interest and fiscal charges involve the transactions associated with the payment of interest and other related charges to debt of the School District.

Other includes unallocated depreciation and amortization.

The School District's Funds

The School District uses funds to control and manage money for particular purposes. The Fund's basic financial statements allow the School Board to demonstrate its stewardship over and accountability for resources received from the Borough of Belmar's taxpayer's and other entities, including the State of New Jersey and the Federal Government. These statements also allow the reader to obtain more insight into the financial workings of the School Board, and assess further the School Board's overall financial health.

The Reconciliation of the Statement of Revenue Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities presents the reader with a detailed explanation of the differences between the net change in fund balances and changes in Net Position.

The School Board's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

Over the course of the year, the School Board revises its budget as it attempts to take into consideration unexpected changes in revenue and expenditures.

A schedule showing the School Board's original and final budget compared with actual operating results is provided in the section of the CAFR, entitled Budgetary Comparison Schedules. The School Board generally did better than had been budgeted in its General Fund since it practices conservative budgetary practices in which revenues are forecasted very conservatively and expenditures are budgeted with worst-case scenarios in mind.

The General Fund finished the fiscal year with approximately \$592,409 less in expenditures than budgeted. The General Fund generated \$186,853 more in Revenues than budgeted. The additional revenue over expenditures will be carried forward to the following year beginning fund balance. In June, 2016 the Board approved \$225,000 increase in reserves for tuition for the upcoming years. The balance of unreserved surplus at July 1, 2016 is \$291,757.

Capital Assets

At June 30, 2017, the School Board had approximately \$3,944,015 invested in a broad range of capital assets, including land, buildings, furniture, vehicles, computers, instructional equipment and other equipment. This amount is net of accumulated depreciation to date. Table II below shows the net book value of capital assets at the end of the 2016 and 2017 fiscal year.

		2016	2017
Capital Assets			
Governmental Activities			
Land	\$	481,300	\$ 481,300

Buildings & Machinery and			
Equipment		4,706,265	 4,383,341
Total Governmental Activities	_\$	5,187,565	\$ 4,864,641
<u>Business Type Activities</u> Machinery & Equipment	\$	38,365	\$ 41,974
Total Capital Assets	\$	5,225,930	\$ 4,906,615

Table II

Debt Administration

At June 30, 2017, the School District had \$3,156,892 as outstanding debt. Of this amount \$121,728 is for compensated absences and \$1,755,000 is for bonds for school construction. On March 11, 2003 the voters of the Borough of Belmar approved the renovation to the Elementary school in the amount of \$5,616,977. The state of New Jersey funded 40% or \$2,246,791 and Bonds were issued for the remaining \$3,370,000. During 2012 the District took advantage of favorable rates and refunded these bonds for a NPV savings of 7.65%.

Economic Factors and Next Year's Budget

The Belmar Public School District is in very good financial condition presently. The Borough of Belmar is primarily a residential community, with few commercial ratables. The majority of revenues needed to operate the District is derived from homeowners through property tax assessments and collections, which is voted by the residents annually.

The district has a net position of \$3,489,307 for all governmental activities representing the accumulated results of all past years' operations. The unrestricted portion of the net position is \$1,047,857. This means that if the School Board had to pay off all bills today, including all of the School Board's noncurrent liabilities such as compensated absences, the School Board would have a surplus of \$1,047,857. The district also has 1,128,844 in capital reserve monies and \$225,000 in Tuition Reserve, \$85,005 in Emergency Reserve, and \$202,450 in Maintenance Reserve, as well as the fair market value of the capital assets.

Total General State Aid increased in 2016/17 to \$1,114,494 an increase of \$22,263 over 2015/16 State Aid. Over the past eight years the amount of state aid to the District has decreased significantly. In 2008/2009 the District received \$1,383,388 in State Aid. This amount decreased to \$1,018,000 in 2009/2010, \$966,613 in 2010/2011, and \$1,089,794 in 2011/12. The district supplemented the loss of state aid with surplus funds and cost savings through salary negotiations and a minimal reduction in staff. The student population has remained relatively constant over the past five years. In the future, the tax levy will be the area that will need to absorb any increase in budget obligations and that is limited to a 2% cap.

The School Board anticipates that enrollment for the 2016-2017 school year will remain fairly stable but will increase slightly. The School Board cannot accurately forecast future enrollment, but many school Districts in Monmouth County faced decreased enrollments over the past few years while the enrollment in Belmar has increased.

In conclusion, the Belmar Public School District has committed itself to financial excellence for many years. In addition, the School District's system for financial planning, budgeting, and internal financial controls are well regarded. The School District plans to continue its sound fiscal management to meet the challenge of the future.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional information contact: Ms. Loretta Hill, School Business Administrator/Board Secretary at Belmar Board of Education, 1101 Main St, Belmar, NJ 07719.

TO THE STATEMENT OF ACTIVITIES

FOR THE YEAR ENDED JUNE 30, 2017

Total Net Change in Fund Balances - Governmental Funds (From B-2)	\$ 282,417
Amounts Reported for Governmental Activities in the Statement of Activities (A-2) are Different Because: Capital Outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period.	
Depreciation Expense	(367,488)
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities.	305,000
In the statement of activities, certain operating expenses, e.g. compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid).	(8,408)
Contributions to the pension plan in the current fiscal year are deferred outflows of resources on the Statement of Net Position	223,497
Pension related deferrals	(65,677)
Change in net pension liability	(237,812)
In the statement of activities, interest on long-term debt in the statement of activities is accrued, regardless of when due. In the governmental fund, interest is reported when due.	 3,840
Change in Net Position of Governmental Activities	\$ 135,369

NOTES TO FINANCIAL STATEMENTS

BOARD OF EDUCATION

BELMAR SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2017

NOTE 1: <u>Summary of Significant Accounting Policies</u>

The financial statements of the Board of Education (Board) of the Belmar School District (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

A. <u>Reporting Entity</u>:

The Belmar School District is a Type II district located in the County of Monmouth, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The board is comprised of nine members elected to three-year terms. The purpose of the district is to educate students in grades K-8. The Belmar School District had an approximate enrollment at June 30, 2017 of 536 students.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB <u>Codification of Government Accounting and Financial</u> <u>Reporting Standards</u>, is whether:

- The organization is legally separate (can sue or be sued in their own name)
- The District holds the corporate powers of the organization
- The District appoints a voting majority of the organization's board
- The District is able to impose its will on the organization
- The organization has the potential to impose a financial/benefit/burden on the District
- There is a fiscal dependency by the organization on the District

B. <u>Government-Wide Financial Statements</u>

The government-wide financial statements include the statement of net assets and the statement of activities. These statements report financial information for the District as a whole excluding fiduciary activities such as student activities. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by state and federal aid, tuition and county tax levies, from business-type activities generally financed in whole or in part with fees charged to external parties.

B. <u>Government-Wide Financial Statements (Continued)</u>

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include (1) charges for services which report fees and other charges to users of the District's services and (2) operating grants and contributions. These revenues are subject to externally imposed restrictions to these program uses. Tax levies and other revenue sources not properly included with program revenues are reported as general revenues.

Fund Financial Statements

Fund financial statements are provided for governmental, proprietary and fiduciary funds. The New Jersey Department of Education (the "Department") has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The Department believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

C. <u>Measurement Focus</u>, <u>Basis of Accounting and Financial Statement</u> <u>Presentation</u>

The financial statements of the District are prepared in accordance with generally accepted accounting principles (GAAP). The District's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. The government-wide and proprietary fund financial statements apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails.

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting generally including the reclassification or elimination of internal activity (between or within funds). Proprietary and fiduciary fund financial statements also report using this same focus and basis of accounting although internal activity is not eliminated in these statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of related cash flows. County tax revenues are recognized in the year for which they are levied while grants are recognized when grantor eligibility requirements are met. The Unemployment Trust Fund recognizes employer and employee contributions in the period in which contributions are due.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to apply current liabilities. The District considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for long-term pension and compensated absences, which are reported as expenditures in the year due.

C. <u>Measurement Focus, Basis of Accounting and Financial Statement</u> <u>Presentation (Continued)</u>

Major revenue sources susceptible to accrual includes Intergovernmental revenues, and the county tax levy. In general, other revenues are recognized when cash is received.

Operating income reported in proprietary fund financial statements includes revenues and expenses related to the primary continuing operations of the fund. Principal operating revenues for proprietary funds are charges to customers for food sales and for services provided to other governmental entities. Principles operating expenses are the costs of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

D. <u>Fund Accounting</u>:

The accounts of the District are maintained in accordance with the principles of fund accounting to ensure observance of limitations and restrictions on the resources available. The principles of fund accounting require that resources be classified for accounting and reporting purposes into funds or account groups in accordance with activities or objectives specified for the resources. Each fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources. Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types".

Governmental Fund Types

<u>General Fund</u>: The general fund is the general operating fund of the District and is used to account for all expendable financial resources except those required to be accounted for in another fund.

<u>Special Revenue Fund</u>: The District accounts for the proceeds of specific revenue sources (other than expendable trust or major capital projects) that are legally restricted to expenditures for specified purposes in the special revenue funds.

<u>Capital Projects Fund</u>: the capital projects fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

<u>Debt Service Fund</u>: The debt service fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

Proprietary Fund Type

<u>Enterprise Fund</u>: To account for operations that are financed and operated in a manner similar to private business enterprises, in which the intent of the District is that the costs of providing goods or services to the District on a continuing basis be financed or recovered primarily through user charges.

D. Fund Accounting (Continued):

Fiduciary Fund Types

<u>Agency Funds (Payroll and Student Activities Fund)</u>: Agency funds are used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

<u>Trust and Agency Funds</u>: The trust and agency funds are used to account for assets held by the District on behalf of outside parties, including other governments, or on behalf of other funds within the District.

Expendable Trust Fund: An expendable trust fund is accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. Expendable trust funds account for assets where both the principal and interest may be spent. Expendable trust funds include Unemployment Compensation Insurance and the following scholarship funds:

Stoner Scholarship Fund

<u>Agency Funds (Payroll and Student Activities Fund)</u>: Agency funds are used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

E. Basis of Accounting:

The modified accrual basis of accounting is used for measuring financial position and operating results of all governmental fund types, expendable trust funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized in the accounting period in which the fund liability is incurred, except for principal and interest on general long-term debt which are recorded when due.

Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive moneys under the established payment schedule and the unpaid amount is considered to be an "accounts receivable".

The accrual basis of accounting is used for measuring financial position and operating results of proprietary fund types and nonexpendable trust funds. Under this method, revenues are recorded in the accounting period in which they are earned and expenses are recorded at the time liabilities are incurred.

F. <u>Budgets/Budgetary Control</u>:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the County office and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting; the legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23-2.2(g)1. All budget amendments must be approved by School Board resolution. Budget amendments during the year ended June 30, 2017 were insignificant.

The Public School Education Act of 1975, limits the annual increase of any district's net current expense budget. The Commissioner of Education certifies the allowable amount for each district but may grant a higher level of increase if he determines that the sums so provided would be insufficient to meet the identified goals and needs of the district or that an anticipated enrollment increase requires additional funds.

The Commissioner must also review every proposed local school district budget for the next school year. He examines every item of appropriations for current expenses and budgeted capital outlay to determine their adequacy in relation to the identified needs and goals of the district. If, in his view, they are insufficient, the Commissioner must order remedial action. If necessary, he is authorized to order changes in the local district budget.

Once a budget is approved, it can be amended by transfers or additional appropriation of fund balances by approval of a majority of the members of the Board. Amendments are presented to the Board at their regular meetings. Each amendment must have Board approval. Such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year-end as dictated by law. Individual transfers were not material in relation to the original appropriations. All uncommitted budget appropriations lapse at year-end.

G. <u>Encumbrances</u>:

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

H. <u>Short-Term Interfund Receivables/Payables:</u>

Short-Term interfund receivables/payables represents amounts that are owed, other than charges for good or services rendered to/from a particular fund in the District and that are due within one year.

I. Inventories and Prepaid Expenses

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund are recorded as an expenditure during the year of purchase.

Enterprise fund inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. Prepaid expenses in the enterprise fund represent payments made to vendors for services that will benefit periods beyond June 30, 2017.

J. Capital Assets and Depreciation

The District's property, buildings and improvements, equipment, vehicles, furniture and fixtures with useful lives of five years or more are stated at historical or estimated historical cost and are reported in the government-wide financial statements. Proprietary Fund capital assets are reported in its respective fund.

The District contracted with an outside service company to provide a report with a comprehensive detail of capital assets and depreciation which is updated annually. Accumulated depreciation for fiscal year 2017, fiscal year 2017 depreciation expense, total accumulated depreciation and book values were also provided. The costs of normal maintenance and repairs that do not add to the asset value or materially extend the useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts. Estimated useful lives, in years, for depreciable assets are as follows:

Buildings and Improvements	20 - 50
Equipment and Vehicles	5-20
Furniture and Fixtures	5 - 20

Capital asset activity for the year ended June 30, 2017 was as follows:

J. <u>Capital Assets and Depreciation (Continued)</u>

	Balance Jul <u>y 1, 2016</u>	Additions	Retirements	Balance June 30, 2017

Equipment	(19,190)	<u>(51</u>)		(<u>19,241</u>)
Business-Type Activities Capital Assets, Net	<u>\$ 38,365</u>	(<u>3,609</u>)		41,974
Capital Assocs, Not	<u>a 30,303</u>	(<u>3,009</u>)		41,7/4

The fixed asset listing is updated each year by Acclaim inventory on-site, and assets are tagged, or deleted, as appropriate. The GASB 34 summaries are required to determine activity to be reported in the CAFR, as the additions and removals contain items for insurance purposes that are not capitalized for GASB 34 purposes.

Accumulated depreciation was allocated to governmental activities as follows:

	Prior Years' Accumulated <u>Depreciation</u>	Current Year Depreciation <u>Expense</u>	<u>Adjustments</u>	Total Accumulated <u>Depreciation</u>
Instruction	\$ 753,753			753,753
Support Services	508,838			508,838

	<u>\$ 6,885,663</u>	<u>367,488</u>	<u>52,981</u>	<u>7,200,170</u>

K. <u>Accrued Salaries and Wages</u>

Certain District employees, who provide services to the District over the ten-month academic year, have the option to have their salaries evenly disbursed during the entire twelvemonth year. New Jersey statutes require that these earned but undisbursed amounts be retained in a separate bank account.

L. <u>Compensated Absences</u>

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

The liability for vested compensated absences of the governmental fund types is recorded in the general long-term debt account group. The current portion of the compensated absence balance is not considered material to the applicable fund total liabilities, and therefore is not shown separately from the long-term liability balance of compensated absences.

M. <u>Deferred Revenue</u>

Deferred revenue in the special revenue fund represents cash, which has been received but not yet earned. See note 1(e) regarding the special revenue fund.

N. Long-Term Obligations

Long-term debt is recognized as a liability of a governmental fund when due or when resources have been accumulated in the debt service fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. The remaining portion of such obligations is reported in the general long-term debt account group.

O. <u>Fund Equity</u>

Contributed capital represents the amount of fund capital contributed to the proprietary funds from other funds. Grants, entitlements, or shared revenues which are restricted for the acquisition or construction of capital assets are also recorded as contributed capital. Reserves represent those portions of fund equity not appropriable for expenditure or legally segregated for a specific future use. Designated fund balances represent plans for future use of financial resources.

P. <u>Tuition Receivable</u>

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

Q. <u>Tuition Payable</u>

Tuition charges for the fiscal year 2016-2017 was based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined. The District has elected to reserve \$225,000.00 for future tuition adjustment liabilities, which is within the 10% ceiling allowed by the Department of Education, State of New Jersey.

2016-2017 School Year To be Utilized in 2017-2018	\$ 225, <u>(225,</u>	
Available for Future Years	<u>\$</u>	0

NOTE 2: Cash and Cash Equivalents and Investments

Cash and cash equivalents includes petty cash, change funds, amounts in deposits, and short term investments with original maturities of three months or less.

Investments are stated at cost or amortized cost, which approximates market. The Board classifies certificates of deposit, which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

Deposits

,

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000.000.

Investments

New Jersey statutes permit the Board to purchase the following types of securities:

- a. Bonds or other obligations of the United States or obligations guaranteed by the United States.
- Bonds of any Federal Intermediate Credit Bank, Federal Home
 Loan Bank, Federal National Mortgage Agency or any United
 States Bank of Cooperatives which have a maturity date not greater
 than twelve months from the date of purchase.
- c. Bonds or other obligations of the school district.

All bank deposits and investments as of the balance sheet date are classified as to credit risk by the following two categories described below:

As of June 30, 2017, the District's deposits and investments are summarized as follows:

FDIC	\$ 250,000
GUPDA	2,298,924
	<u>\$ 2,548,924</u>

As of June 30, 2017, cash and cash equivalents and investments of the District consisted of the following:

	Cash and Cash
	<u>Equivalents</u>
Interest Bearing Checking Accounts	<u>\$ 1,871,871</u>

The carrying amount of the Board's cash, cash equivalents and investments at June 30, 2017 was \$1,871,871 and the bank balance was \$2,548,924. Of the bank balance \$250,000 was covered by federal depository insurance and \$2,298,924 was covered by a collateral pool maintained by the banks as required by New Jersey statutes.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned to it. The District does not have a formal policy for custodial credit risk.

The District had no uninsured deposits.

NOTE 3: <u>General Long-Term Debt</u>

During the fiscal year ended June 30, 2017, the following changes occurred in liabilities reported in the general long-term debt account group:

Pension Liability	Balance <u>July 1, 2016</u> \$ 1,357,352	<u>Additions</u> 237,812	Deletions	Balance <u>June 30, 2017</u> 1,595,164	Long-Term <u>Portion</u> 1,595,164	Amount Due <u>In One Year</u>
•	\$ 1,557,55Z	257,012		1,595,104	1,393,104	
Compensated						
Absences						
	112 220	0 400		121,728	121,728	
Payable	113,320	8,408		,	121,720	
Bonds Payable	<u>2.060,000</u>		<u>305,000</u>	<u>1,755,000</u>	<u>1,440,000</u>	<u>315,000</u>
•						
	<u>\$ 3,530,672</u>	<u>246,220</u>	<u>305,000</u>	<u>3,471,892</u>	<u>3,156,892</u>	<u>315,000</u>

A. Bonds Authorized But Not Issued

As of June 30, 2017, the Board had no authorized but not issued bonds.

B. Bonds Payable

	<u>Principal</u>	<u>Interest</u>	<u> </u>
Year Ending June 30,			
2018	\$ 315,000	60,250	375,250
2019	270,000	50,850	320,850
2020	280,000	41,200	321,200
2021	290,000	29,800	319,800
2022	295,000	18,100	313,100
2023	305,000	<u> 6,100 </u>	
	<u>\$ 1,755,000</u>	<u>206,300</u>	<u>1,961,300</u>

Bonds issued 7/8/03 for \$540,000 at interest from 5.00% to 5.50% maturing 10/1/2017 with a balance of \$50,000 at June 30, 2017.

Bonds Issued 2/1/12 for \$2,490,000 at interest from 2% to 4% maturing 8/1/22 with a balance of \$1,705,000 at June 30, 2017. These bonds refunded the bonds issued at 8/1/03.

NOTE 4: <u>Pension Plans</u>

Description of Plans – All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625.

<u>Teachers' Pension and Annuity Fund (TPAF)</u> – The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS) – The Public Employee's Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

<u>Vesting and Benefit Provisions</u> – The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/55 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other that the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Significant Legislation - During the year ended June 30, 1997, legislation was enacted (Chapter 114, P.L. 1997) authorizing the New Jersey Economic Development Authority to issue bonds, notes or other obligations for the purpose of financing, in full or in part, the State of New Jersey's portion of the unfunded accrued liability under the State of New Jersey retirement systems. Additional legislation enacted during the year ended June 30, 1997 (Chapter 115, P.L. 1997) changed the asset valuation method from market related value to full-market value. This legislation also contained a provision to reduce the employee contribution rate by ½ of 1% to 4.5% for calendar years 1998 and 1999, and to allow for a reduction in the employee's rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the District's normal contributions to the Fund may be reduced based on the revaluation of assets. Due to recognition of the bond proceeds and the change in asset valuation method as a result of enactment of Chapters 114 and 115, all unfunded accrued liabilities were eliminated, except for the unfunded liability for local early retirement incentive benefits, accordingly, the pension costs for TPAF and PERS were reduced.

<u>Contribution Requirements</u> – The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5 ½% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for both cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

	Three-Year Trend	Information for PER	<u>8</u>
	Annual	Percentage	Net
Year	Pension	of APC	Pension
<u>Funding</u>	Cost (APC)	Contributed	Obligation
6/30/17	\$ 54,059	100%	\$ 0
6/30/16	57,953	100%	0
6/30/15	54,755	100%	0

Three-Year Trend Information for TPAF (Paid On-Behalf of the District)

Year	Annual Pension	Percentage of APC	Net Pension
Funding	Cost (APC)	Contributed	Obligation
6/30/17	\$ 819,851	100%	0
6/30/16	685,527	100%	0
6/30/15	553,599	100%	0

During the fiscal year ended June 30, 2017, the State of New Jersey contributed \$819,851 to the TPAF for normal and post-retirement benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$300,869 during the year ended June 30, 2017 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the general-purpose financial statements, and the combining and individual fund and account group statements and schedules as revenue and expenditure in accordance with GASB 24.

For the year ended June 30, 2017, the District recognized pension expense of \$54,059. At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 29,665	
Changes of Assumptions	330,433	
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	60,825	
Changes in Proportion and Differences Between District Contributions and Proportionate Share of Contributions	57,217	177,060
District Contributions Subsequent to the Measurement Date	<u>54,059</u>	
Total	<u>\$ 532,199</u>	<u>177,060</u>

\$532,199 reported as deferred outflows of resources related to pensions resulting from school district, charter school, or renaissance school project contributions subsequent to the measurement date (i.e. for the school year ending June 30, 2017, the plan measurement date is June 30, 2016) will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Additional Information

Collective balances at December 31, 2016 and 2015 are as follows:

	Dec. 31, 2016	Dec. 31, 2015
Collective Deferred Outflows of Resources	\$ 532,199	308,702
Collective Deferred Inflows of Resources	177,060	111,383
Collective Net Pension Liability	1,595,164	1,357,352
District's Proportion	.00539%	.00605%

Components of Net Pension Liability

Net Pension Liability	<u>\$ 23,722,135,537</u>	<u>22,447,996,119</u>	46,170,131,656
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	24.96%	47.93%	38.21%
rension Liaointy	24.90%	47.93%	30.2170

The collective total pension liability for the June 30, 2016 measurement date was determined by an actuarial valuation as of July 1, 2015, which was rolled forward to June 30, 2016. This actuarial valuation used the following actuarial assumptions:

Inflation Rate	3.08%
Salary Increases: Through 2026	1.65% - 4.15% Based on Age
Thereafter	2.65% - 5.15% Based on Age
Investment Rate of Return	7.65%

Pre-retirement mortality rates were based on the RP-2000 Employee Pre-retirement Mortality Table for male and female active participants. For State employees, mortality tables are set back 4 years for males and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.65% at June 30, 2016) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2016 are summarized in the following table:

		Long-Term Expected
	Target	Real Rate
Asset Class	<u>Allocation</u>	<u>of Return</u>
Cash	5.00%	0.87%
U.S. Treasuries	1.50%	1.74%
Investment Grade Credit	8.00%	1.79%
Mortgages	2.00%	1.67%
High Yield Bonds	2.00%	4.56%
Inflation-Indexed Bonds	1.50%	3.44%
Broad US Equities	26.00%	8.53%
Developed Foreign Equities	13.25%	6.83%
Emerging Market Equities	6.50%	9.95%
Private Equity	9.00%	12.40%
Hedge Funds/Absolute Return	12.50%	4.68%
Real Estate (Property)	2.00%	6.91%
Commodities	0.50%	5.45%
Global Debt ex US	5.00%	-0.25%
REIT	5.25%	5.63%

Discount Rate

The discount rate used to measure the total pension liability was 3.98% as of June 30, 2016. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.65% and a municipal bond rate of 2.85% as of June 30, 2016 based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal years. State employer contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2034. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2034, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability of the participating employers as of June 30, 2016, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

		2016	
		At Current	
	At 1%	Discount	At 1%
	<u>Decrease (3.90%)</u>	<u>Rate (4.90%)</u>	Increase (5.90%)

Teachers Pensions and Annuity Fund (TPAF)

Components of Net Pension Liability

The components of the net pension liability of the State as of June 30, 2016 and 2015 are as follows:

	2016	2015
Total Pension Liability	\$ 101,746,770,000	89,182,662,000
Plan Fiduciary Net Position	22,717,862,967	<u>25,604,797,560</u>
Net Pension Liability	<u>\$ 79,028,907,033</u>	<u>63,577,864,440</u>
Plan Fiduciary Net Position as a Percentage of the Total		
Pension Liability	22.33%	28.71%

State Proportionate Share of Net Pension Liability Attributable to District

District's Liability	<u>2016</u> <u>\$ 30,746,034</u>	<u>_2015</u> 25,102,396
District's Proportion	.03890%	.03948%

The total pension liability for the June 30, 2016 measurement date was determined by an actuarial valuation as of July 1, 2015, which was rolled forward to June 30, 2016. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate	2.50%
Salary Increases: 2012-2021	Varies Based on Experience
Thereafter	Varies Based on Experience
Investment Rate of Return	7.65%

Pre-retirement, post-retirement and disabled mortality rates were based on the experience of TPAF members reflecting mortality improvements on a generational basis based on a 60-year average of Social Security data from 1953 to 2013.

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2012 to June 30, 2015.

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.65% at June 30, 2016) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2016 are summarized in the following table:

		Long-Term
		Expected
	Target	Real Rate
Asset Class	<u>Allocation</u>	<u>of Return</u>
US Cash	5.00%	0.39%
US Government Bonds	1.50%	1.28%
US Credit Bonds	13.00%	2.76%
US Mortgages	2.00%	2.38%
US Inflation-Indexed Bonds	1.50%	1.41%
US High Yield Bonds	2.00%	4.70%
US Equity Market	26.00%	5.14%
Foreign – Developed Equity	13.25%	5.91%
Emerging Markets Equity	6.50%	8.16%
Private Real Estate Property	5.25%	3.64%
_ Timber	1.00% _	3.86%_
Farmland	1.00%	4.39%
Private Equity	9.00%	8.97%
Commodities	0.50%	2.87%
Hedge Funds - MultiStrategy	5.00%	3.70%
Hedge Funds – Equity Hedge	3.75%	4.72%
Hedge Funds – Distressed	3.75%	3.49%

Discount Rate

The discount rate used to measure the total pension liability was 3.22% as of June 30, 2016. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.65% and a municipal bond rate of 2.85% as of June 30, 2016 based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2029. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2029, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the State as of June 30, 2016 calculated using the discount rate as disclosed above as well as what the State's net pension liability would be if it was calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

		At Current	
	<u>At 1% Decrease</u>	Discount Rate	<u>At 1% Increase</u>
2016 (2.22%, 3.22%, 4.22%)	\$ 94,378,176,033	79,028,907,033	66,494,248,033
2015 (3.13%, 4.13%, 5.13%)	75,559,915,440	63,577,864,440	53,254,610,440

NOTE 5: <u>Post-Retirement Benefits</u>

P.L. 1987, c. 384 and P.L. 1990, c.6 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund postretirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c. 103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2016, there were 110,512 retirees receiving post-retirement medical benefits, and the State contributed \$1.37 billion on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical benefits changed from a prefunding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

The State is also responsible for the cost attributable to P.L. 1992 c. 126, which provides employer paid health benefits to members of PERS and the Alternate Benefit Program (APB) who retired from a board of education or county college with 25 years of service. The State paid \$231.2 million toward Chapter 126 benefits for 20,045 eligible retired members in Fiscal Year 2016.

NOTE 6: <u>Contingent Liabilities</u>

It is the opinion of the school board officials that there is no litigation threatened or pending that would materially affect the financial position of the school district.

NOTE 8: <u>Risk Management</u>

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

<u>**Property and Liability Insurance**</u> – The District maintains commercial insurance coverage for property, liability, student accident and surety bonds.

NOTE 8: <u>Risk Management (Continued)</u>

<u>New Jersey Unemployment Compensation Insurance</u> – The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current year:

	District	Employee			Ending
<u>Fiscal Year</u>	Contributions	<u>Contributions</u>	<u>Reimbursed</u>	<u>Transferred</u>	Balance
2014-2015	\$ 25	0	0	28,560	0
2015-2016	0	0	0	0	0
2016-2017	0	0	0	0	0

On March 17, 2015, per board resolution, the balance of the unemployment account was transferred to the general account as the board is now insured on the contributory basis.

NOTE 9: <u>Capital Reserve Account</u>

A Capital Reserve account was established by the Borough of Belmar Board of Education by inclusion of \$100 on September 1, 2000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Fund placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP) and updated annually in the Quality Assurance Annual Report (QAAR). Upon submission of the LRFP to the department, a district may deposit funds into the capital reserve at any time upon board resolution through the transfer of undesignated, unreserved general fund balance or of excess undesignated, unreserved general fund balance that is anticipated in the budget certified for taxes. Pursuant to N.J.A.C. 6:23A-5.1(d) 7, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2016 to June 30, 2017 fiscal year is as follows:

Transfer to Capital Reserve Per Board Resolution400,000Interest201	Beginning Balance July 1, 2016	\$ 728,643
	• • • • • • • • • • • • • • • • • • •	· · · · ·
	Balance June 30, 2017	<u>\$ 1,128,844</u>

NOTE 9: <u>Capital Reserve Account (Continued)</u>

"A board of education may, by resolution of the board: transfer undesignated general fund balance or excess undesignated general fund balance to the capital reserve account at any time during the budget year; transfer funds from the capital reserve account to the appropriate line item account for the funding of capital projects as contained in the district's long-range facilities plan; and transfer funds from the capital reserve account to the debt service account for the purpose of offsetting principal and interest payments for bonded projects which are included in the district's long-range facilities plan." (N.J.S.A. 18A:7G-31c)

Withdrawals may not be used for current expense. Only funds in a capital reserve account in existence prior to July 18, 2000 can be withdrawn before receiving approval of the district's LRFP and such withdrawals must be for the original purpose deposited. (N.J.A.C. 6:23A-5.1(f)1).

"Any capital reserve account in existence as of July 18, 2000 shall be subject to EFCFA and these regulations." (N.J.A.C. 6:23A-5.1(j)).

NOTE 10: <u>Fair Values of Financial Instruments</u>

The following methods and assumptions were used by the Belmar Board of Education in estimating its fair value disclosures for financial instruments.

Cash and Cash Equivalents: The carrying amounts reported in the combined balance sheet for eash-and cash equivalents are the fair values of those assets.

NOTE 11: Fund Balance Appropriated

<u>General Fund</u> – Of the \$2,224,071 General Fund balance at June 30, 2017, \$1,015 is reserve for encumbrances; \$225,000 is designated for subsequent years expenditures – tuition reserve; \$65,000 is designated for subsequent years expenditures by the Board of Education; \$85,005 is emergency reserve; \$1,128,844 is capital reserve; \$202,450 is maintenance reserve; \$225,000 is tuition reserve; and \$291,757 is unassigned at June 30, 2017.

NOTE 12: <u>Economic Dependency</u>

The District receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the District's programs and activities.

NOTE 13: <u>General Fund Emergency Reserve Account</u>

The reserve account is to be used to finance unanticipated general fund expenditures required for a thorough and efficient education. Unanticipated means reasonable unforeseeable. The emergency reserve balance may not exceed \$250,000 or 1% of the District's general fund budget up to a maximum of \$100,000 whichever is greater. Withdrawals require the approval of the commissioner unless the withdrawal is necessary to meet an increase in total health costs greater than four percent. Belmar's emergency reserve balance as of June 30, 2017 is \$85,005.

NOTE 14: Significant Accounting Pronouncements

In June 2009, the FASB issued FASB ASC 105, Generally Accepted Accounting Principles, which establishes the FASB Accounting Standards Codification as the sole source of authoritative generally accepted accounting principles. Pursuant to the provisions of FASB ASC 105, the District has updated references to GAAP in its financial statements issued for the period ended June 30, 2017. The adoption of FASB ASC 105 did not impact the District's financial position or results of operations.

In May 2009, the FASB updated ASC 855, Subsequent Events, which is effective for reporting periods ending after June 15, 2009. ASC 855 establishes general standards of accounting for and disclosure of events that occur after the balance sheet date, but before the financial statements are issued, or are available to be issued. The District adopted the amended sections of ASC 855 and it did not have an impact on the District's financial statements. The District evaluated all events or transactions that occurred after June 30, 2017 through November 17, 2017.

SCHEDULE OF THE SCHOOL DISTRICT'S CONTRIBUTIONS

L-4

TEACHER'S PENSION AND ANNUITY FUND (TPAF)

LAST TEN FISCAL YEARS

This schedule is not applicable.

The School District is not required to make any contributions towards TPAF.

There is a special funding situation where the State of New Jersey pays 100% of the required contributions.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – PART III

L-5

FOR THE FISCAL YEAR ENDED JUNE 30, 2017

Public Employee's Retirement System (PERS)

Changes in Benefit Terms – None

Changes in Assumptions – The discount rate changed from 4.90% as of June 30, 2015, to 3.98% as of June 30, 2016, in accordance with Paragraph 44 of GASB Statement No. 67.

Teachers' Pension and Annuity Fund (TPAF)

Changes in Benefit Terms – None

Changes in Assumption – The discount rate changed from 4.13% as of June 30, 2015, to 3.22% as of June 30, 2016, in accordance with Paragraph 44 of GASB Statement No. 67.

2017	3,102	1,851,509	16,000	1,870,611

For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

Borough of Belmar School District Direct Debt-December 31, 2016			1,755,000
Total direct and overlapping debt			\$ 38,509,156

Sources: Information obtained from Annual Debt Statement Borough of Belmar & Supplementary Data from Borough of Belmar 2016 Financial Statement

*** Includes Beach Utility

- Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Belmar. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.
 - **a** For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

K-1

Honorable President and Members of the Board of Education Belmar School District County of Monmouth Belmar, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Belmar Board of Education, County of Monmouth, State of New Jersey as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Belmar Board of Education, County of Monmouth, State of New Jersey's basic financial statements, and have issued our report thereon dated November 17, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Belmar Board of Education, County of Monmouth, State of New Jersey's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions of the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Belmar Board of Education, County of Monmouth, State of New Jersey's internal control. Accordingly, we do no express an opinion on the effectiveness of the Belmar Board of Education, County of Monmouth, and State of New Jersey's internal control. A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purposes described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Belmar Board of Education, County of Monmouth, State of New Jersey's financial statements are free from material misstatement, we performed tests of it compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND SCHEDULE OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE AS REQUIRED BY NEW JERSEY OMB CIRCULAR 15-08

K-2

Honorable President and Members of the Board of Education Belmar School District County of Monmouth Belmar, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the Board of Education of the Belmar School District, County of Monmouth, State of New Jersey's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Compliance Supplement and the New Jersey OMB Circular 15-08 State Aid/Grant Compliance Supplement that could have a direct and material effect on each of the Board of Education of the Belmar School District, County of Monmouth, State of New Jersey's major state programs for the year ended June 30, 2017. The Board of Education of the Belmar School District, County of Monmouth, State of New Jersey's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Board of Education of the Belmar School District, County of Monmouth, State of New Jersey's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and prescribed by the Office of School Finance, Department of Education, State of New Jersey; Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards and the U.S. Uniform Guidance and New Jersey OMB's Circular 15-08, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the Board of Education of the Belmar School District, County of Monmouth, State of New Jersey's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the Board of Education of the Belmar School District, County of Monmouth, State of New Jersey's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the Board of Education of the Belmar School District, County of Monmouth, State of New Jersey's, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2017.

Report on Internal Control Over Compliance

Management of the Board of Education of the Belmar School District, County of Monmouth, State of New Jersey's is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Board of Education of the Belmar School District, County of Monmouth, State of New Jersey's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the U.S. Uniform Guidance and New Jersey OMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Board of Education of the Belmar School District, County of Monmouth, and State of New Jersey's internal control over compliance. A *deficiency in internal control* over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency is a deficiency, or a combination of deficiencies, in internal control over requirement of a state program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purposes described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or, significant deficiencies. We did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the U.S. Uniform Guidance and New Jersey OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

ROBERT A. HULSART AND COMPANY

BOARD OF EDUCATION

BELMAR SCHOOL DISTRICT

NOTES TO SCHEDULES OF FINANCIAL ASSISTANCE

JUNE 30, 2017

NOTE 1: <u>General</u>

The accompanying schedules of financial assistance present the activity of all federal and state financial assistance programs of the Board of Education, Belmar School District. The Board of Education is defined in Note 1(A) to the Board's general-purpose financial statements. All federal financial assistance received directly from federal agencies, as well as federal financial assistance passed through other government agencies is included on the schedule of federal financial assistance.

NOTE 2: <u>Basis of Accounting</u>

The accompanying schedules of financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. Programs recorded in the food service fund include the National School Lunch Program, the School Breakfast Program, the U.S.D.A Commodities Program and the Special Milk Program. These bases of accounting are described in the Note 1(C) to the Board's general-purpose financial statements.

NOTE 3: <u>Relationship to General Purpose Financial Statements</u>

The general-purpose financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to P.L. 2003, c.97.(A3521). For GAAP purposes, that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

NOTE 3: <u>Relationship to General Purpose Financial Statements (Continued)</u>

State Assistance	General Fund	Special Revenue <u>Fund</u>	Food <u>Service</u>	<u>Total</u>
Actual Amounts (Budgetary) "Revenues" from the Schedule of Expenditures of State Financial Assistance	\$ 2,236,662	490,478	3,496	2,730,636
Difference – Budget to "GAAP" Grant Accounting Budgetary Basis Differs from GAAP in that Encumbrances are Recognized as Expenditures and the Related Revenue is Recognized				
The Last State Aid Payment Is Recognized as Revenue for Budgetary Purposes, and Differs from GAAP Which does not Recognize This Revenue Until the Subsequent Year When the State Recognizes the Related				
Expense (GASB 33)	(1,454)	<u>3,834</u>		2,380
Total State Revenue as Reported on the Statement of Revenues, Expenditures and Changes in				
Fund Balances	<u>\$ 2,235,208</u>	<u>494,312</u>	<u>3,496</u>	<u>2,733,016</u>

NOTE 3: <u>Relationship to General Purpose Financial Statements (Continued)</u>

	<u>General Fund</u>	Special Revenue <u>Fund</u>	Food <u>Service</u>	Total
Federal Assistance Actual Amounts (Budgetary) "Revenues" from the Schedule of Expenditures of Federal Awards	\$ 28,987	628,968	216,472	874,427
Difference – Budget to "GAAP" Grant Accounting Budgetary Basis Differs from GAAP in that Encumbrances are Recognized as Expenditures, and the Related Revenue is Recognized		29,724		_29,724
Total Federal Revenue as Reported on the Statement of Revenue, Expenditures, and Changes in Fund Balances	<u>\$ 28,987</u>	<u>658,692</u>	<u>216,472</u>	<u>904,151</u>

NOTE 4: <u>Relationship to Federal and State Financial Reports</u>

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5: <u>Other</u>

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as TPAF Pension Contributions represents the amount paid by the state of behalf of the District for the year ended June 30, 2017. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2017.
