Oakcrest High School 1824 Dr. Dennis Foreman Dr. Mays Landing, NJ 08330

November 27, 2017

Honorable President and Members of the Board of Education Greater Egg Harbor Regional High School District County of Atlantic, New Jersey

Dear Board Members:

The Comprehensive Annual Financial Report of the Greater Egg Harbor Regional High School District for the fiscal year ended June 30, 2017 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the District Administration. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section begins with the Independent Auditor's Report and includes the Management's Discussion and Analysis, the basic financial statements and notes, and other schedules providing detailed budgetary information. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis.

The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996 and the US. Office of Management and Budget Circular Uniform Guidance, Audits of States, Local Governments, and Non-Profit Organizations, and the New Jersey OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments.

Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws, regulations, findings and recommendations, are included in the single audit section of this report.

#### 1. <u>REPORTING ENTITY AND ITS SERVICES:</u>

Greater Egg Harbor Regional High School District is an independent reporting entity within the criteria adopted by the GASB Statement No. 14 as established by NCGA Statement No. 3. All funds of the District are included in this report. The Greater Egg Harbor Regional High School District Board of Education and all its schools constitute the District's reporting entity. The Greater Egg Harbor Regional High School District provides a full range of educational services appropriate to grade level 9 through 12. These include regular, vocational and special education programs for handicapped pupils.

#### 2. ECONOMIC CONDITION AND OUTLOOK:

The Greater Egg Harbor Regional High School District encompasses approximately 273.11 square miles in Atlantic County. The District includes the municipalities of Egg Harbor City, Galloway Township, the Township of Mullica, and the Township of Hamilton. Additionally, Port Republic in Atlantic County and the Township of Washington in Burlington County are tuition districts.

The district currently operates three high schools: Absegami High School in Galloway Township, Oakcrest High School in the Township of Hamilton and Cedar Creek High School in Egg Harbor City.

The future outlook for district financing continues to depend primarily upon the ability and willingness of the Governor and the State Legislature to provide funding for education. The current state of the national, state and local economies will also have a serious impact on the district's ability to keep up with the demands of students needs. Specifically, on the local level, the closing of several Atlantic City casinos has had a direct impact on the taxpayers of this community.

#### 3. INTERNAL ACCOUNTING CONTROLS:

District Administration is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived and; (2) the valuation of costs and benefits requires estimates and judgments by District Administration.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

#### 4. BUDGETARY CONTROLS:

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by voters of the School District. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2017.

#### 5. ACCOUNTING SYSTEM AND REPORTS:

The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to the Financial Statements," Note 1.

#### 6. FINANCIAL INFORMATION AT YEAR-END:

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

#### 7. DEBT ADMINISTRATION:

At June 30, 2017, the District's outstanding debt is \$50,566,000.00.

#### 8. CASH MANAGEMENT:

The Cash Management policy of the district is guided by the following Cash Management plan adopted by the Board of Education:

There is hereby established a Cash Management Program for the Greater Egg Harbor Regional High School District and the Treasurer of this District is hereby authorized and directed that:

Funds of the Greater Egg Harbor Regional High School District shall be managed in accordance with the provisions of New Jersey Laws and State Administrative Regulations governing the management of funds by local public school districts of New Jersey. A. <u>Deposits</u>

All moneys received from any source for the Greater Egg Harbor Regional School District shall be deposited within 48 hours after the receipt thereof and the Treasurer is charged with the custody of all funds and shall deposit all such receipts to the credit of the Greater Egg Harbor Regional High School District with depositories authorized to receive such funds by the Board of Education.

#### B. Investments

All funds deposited by the Treasurer shall be placed into an approved, interest bearing account and, after determination of immediate cash flow requirements, the funds invested in the interest bearing accounts may be additionally reinvested in depositories duly authorized by the State of New Jersey and by the Board of Education of the Greater Egg Harbor Regional High School District.

The Greater Egg Harbor Regional High School District Board of Education has determined that it is occasionally necessary to transfer funds for the purpose of meeting expenses of the District or to effect investments. The Board of Education hereby authorizes the Treasurer to request bids and to place orders for the investment of idle funds solely in legally authorized investments and the Treasurer is hereby authorized to transfer funds by wire subject to appurtenant laws and regulations. All investments shall be in conformance with the provisions of 18A:20-37.

#### C. <u>Disbursements</u>

The following are hereby designated as official depositories for the funds of the Greater Egg Harbor Regional High School District Board of Education: (1) Wells Fargo; (2) Bank of America; (3) PNC Bank, (4) Ocean First Bank; (5) State of New Jersey Cash Management Fund; (6) M.B.I.A. Municipal Investing Services Corporation, and (7) Parke Bank.

All funds on deposit in any official depository of this Board of Education, with the exception of the accounts hereinafter named, may be withdrawn only on school warrant of this Board of Education signed by the President, Secretary and Treasurer of this Board of Education.

Should the President of this Board of Education be absent or disabled through illness, the Vice-President, with the said Secretary and Treasurer, be and they are hereby authorized to sign all school warrants for the withdrawal of funds of this Board of Education.

All funds on deposit in the Activity Account, Cafeteria Account and Athletic Fund may be disbursed upon check signed by the Secretary of the Board of Education and the Treasurer of this District.

Funds on deposit in the Salary Account may be distributed upon check signed by the Treasurer of Funds of this Board of Education.

Funds on deposit in the Payroll Agency Account may be disbursed upon check signed by the Secretary of this Board of Education and the President of this Board of Education.

Funds on deposit in the Unemployment Account may be disbursed upon check signed by the Secretary of this Board of Education.

Funds on deposit in the Scholarship Accounts may be disbursed upon check signed by the Secretary of the Board of Education and the Treasurer of this District.

#### 9. RISK MANAGEMENT:

The Board of Education participates in the Atlantic and Cape May Counties School Business Officials Joint Insurance Fund.

This fund was formed under the provisions of N.J.S.A. 18A:18B 1-10. As indicated by the Fund's name, the ACCASBOJIF's membership is comprised of school districts including elementary and secondary schools in the Atlantic and Cape May Counties of New Jersey.

The ACCASBOJIF commenced operations on July 1, 1991 with sixteen (16) member districts. As of December 31, 2017 the Fund had a total of nineteen (19) member districts.

The Fund's original objectives as incorporated in the 1991 Risk Management Plan continue in effect during the twelfth year of operation and include the following:

- 1. Providing Atlantic and Cape May County school districts with a long-term alternative to the conventional insurance market as a means of stabilizing the otherwise cyclical nature of insurance expenditures;
- 2. Maintaining a proactive posture of safety and loss prevention programs specific to issues in modern school district operations;
- 3. Aggressively evaluating, defending and/or settling claims made against member districts which fall within the coverages afforded through the Fund;
- 4. Maintaining a conservative funding posture in an effort to ensure long-term financial security and stability for the Fund and, by extension, the membership thereof.

#### A. General

The ACCASBOJIF offers coverage to its member districts either directly or through the commercial insurance market, through one or more of the following vehicles:

Excess Insurance

Reinsurance Excess Property and Casualty Joint Insurance Fund

The ACCASBOJIF offers its member districts the following coverages:

- 1. Property (including Buildings and Contents, Inland Marine, and Automobile Physical Damage)
- 2. Boiler and Machinery
- 3. General and Automobile Liability
- 4. Workers' Compensation
- 5. School Board Legal Liability
- 6. Crime

The ACCASBOJIF is committed to uniting local school districts in a joint effort to better manage their risks and assure fiscal stability by providing cost-effective, comprehensive insurance coverages and minimizing losses through proactive membership involvement in claims management and loss prevention activities.

#### 10. OTHER INFORMATION:

<u>A.</u> Independent Audit - State statues require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Ford, Scott and Associates, L.C.C., CPAs was selected by the Board of Education to perform the 2016-2017 audit.

In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1996 and the US. Office of Management and Budget Circular Uniform Guidance, Audits of States, Local Governments, and Non-Profit Organizations, and the New Jersey OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments. The auditor's report on the basic financial statements is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

#### 11. ACKNOWLEGEMENTS:

I would like to express my appreciation to the members of the Greater Egg Harbor Regional High School District Board of Education for their concern and providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of the district office staff.

Respectfully submitted,

John Keenan

#### **Independent Auditor's Report**

Honorable President and Members of the Board of Education Greater Egg Harbor Regional High School District County of Atlantic, New Jersey

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Greater Egg Harbor Regional High School District, in the County of Atlantic, New Jersey, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Greater Egg Harbor Regional High School District, as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Required Supplementary Information identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Greater Egg Harbor Regional High School District's basic financial statements. The combining and individual non-major fund financial statements and schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and the schedule of state financial assistance as required by NJ OMB 15-08 and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements, schedule of expenditures of federal awards, as required by the Uniform Guidance and the schedule of state financial assistance as required by NJ OMB 15-08 is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, schedule of expenditures of federal awards, as required by the Uniform Guidance, and the schedule of state financial assistance as required by NJ OMB 15-08 is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 27, 2017 on our consideration of the Greater Egg Harbor Regional High School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Greater Egg Harbor Regional High School District's internal control over financial reporting and compliance.

**Required Supplementary Information – Part I** 

The Discussion and Analysis of the Greater Egg Harbor Regional High School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2017. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the School District's financial performance.

#### **Financial Highlights**

Key financial highlights for 2017 are as follows:

- In total, net position decreased by \$7,987,856.58, which represents a 10% percent decrease from 2016.
- General revenues accounted for \$69,474,043.51 or 76 percent of all revenues. Program specific revenues in the form of charges for services and operating grants and contributions accounted for \$23,061,940.96 or 24 percent of total revenues of \$92,535,984.47.
- Total assets of governmental activities decreased by \$7,511,082.06 as cash and cash equivalents decreased by \$8,831,499.08, SREC investment increased by \$12,465.00, receivables decreased by \$1,150,136.15, and capital assets increased by \$2,458,088.17.
- The School District had \$100,438,956.51 in expenses, only \$23,061,940.96 of these expenses were offset by program specific charges for services, grants, or contributions. General revenues (primarily taxes and grants and entitlements) of \$69,474,043.51 were adequate to provide for the majority of these programs.
- Among governmental funds, the General Fund had \$73,304,764.27 in revenues and \$73,737,652.61 in expenditures. The General Fund's fund balance decreased \$1,432,888.34 over 2016.

#### Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand The Greater Egg Harbor Regional High School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole School district, presenting both an aggregate view of the School district's finances and a longerterm view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School district's most significant funds with all other non-major funds presented in total in one column. In the case of The Greater Egg Harbor Regional High District, the General Fund is by far the most significant fund.

This space is intentionally left blank

#### **Reporting the School District as a Whole**

#### Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and ask the question, "How did we do financially during 2017?" The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net position and changes in those assets. This change in net position is important because it tells the reader that, for the school district as a whole, the financial position of the School district have improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District is divided into two distinct kinds of activities:

- Governmental Activities All of the School District's programs and services are reported here including instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- Business-Type Activity This service is provided on a charge for goods or services basis to recover all the expenses of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

#### **Reporting the School District's Most Significant Funds**

#### Fund Financial Statements

Fund financial reports provide detailed information about the School District's funds. The School District uses many funds to account for a multitude of financial transaction. The School District's governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund, and Debt Service Fund.

#### Governmental Funds

The School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School district's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

#### Enterprise Fund

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

#### Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the District-wide and fund financial statements.

#### The School District as a Whole

Recall that the Statement of Net Position provides the perspective of the School District as a whole. Net position may serve over time as a useful indicator of a government's financial position.

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

Table 1 provides a summary of the School District's net position for 2017 and 2016.

This space is intentionally left blank

#### **Governmental Activities**

Property taxes made up 38 percent of revenues for governmental activities for the Greater Egg Harbor Regional High District for fiscal year 2017. The District's total revenues from governmental activities were \$92,535,984.27 for the year ended June 30, 2017. Federal, state, and local grants accounted for 59 percent of this revenue.

The total cost of all program and services was \$100,438,956.51. Instruction comprises 53 percent District expenses.

#### **Business-Type Activities**

Revenues for the District's business-type activities (food service program) were comprised of charges for services and federal and state reimbursements.

- ▶ Food service revenues exceeded expenses by \$3,362.85.
- Charges for services represent \$609,716.56 of revenue. This represents amounts paid by patrons for daily food service.
- Federal and state reimbursement for meals, including payments for free and reduced lunches and breakfast, and donated commodities was \$816,787.20.

#### **Governmental Activities**

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions.

			•		
	_	Total Cost of Services 2017	Net Cost of Services 2017	Total Cost of Services 2016	Net Cost of Services 2016

General Administration and					
School Administration		6,800,727.09	6,800,727.09	7,174,336.80	7,174,336.80
Plant Operation and					
Maintenance of Facilities		11,167,465.63	11,167,465.63	11,579,698.66	11,579,698.66
Pupil Transportation		4,679,556.45	4,679,556.45	4,788,826.82	4,788,826.82
Interest and Fiscal Charges		2,202,924.96	2,202,924.96	1,923,361.67	1,923,361.67
Other	_	1,218,891.53	1,205,090.93	512,334.90	507,464.90
Total Expenses	\$	99,015,815.60	77,380,378.40	86,425,270.00	69,922,178.96

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Tuition, Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration, and business include expenses associated with administrative and financial supervision of the District.

Plant operation and maintenance of facilities involve keeping the school grounds, buildings, and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by State law.

Interest on debt involves the transactions associated with the payment of interest and other related charges to debt of the School District.

"Other" includes special schools, charter schools and unallocated depreciation.

#### Table 3

#### The School District's Funds

All governmental funds (i.e., general fund, special revenue fund, capital projects, and debt service fund presented in the fund-based statements) are accounted for using the modified accrual basis of accounting. Total revenues amounted to \$78,982,739.71 and expenditures were \$90,975,089.88. The net negative change in fund balance for the year of \$11,992,350.17 was most significant in the Capital Projects Fund, a decrease of \$10,563,760.18. There was also a significant net decrease in the General Fund of \$1,432,888.34.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds for the fiscal year ended June 30, 2017, and the amount and percentage of increases and decreases in relation to prior year revenues.

Revenue	Amount	Percent of Total	Increase (Decrease)from 2016	Percent of Increase (Decrease)
Revenue	 Amount	10141	2010	(Decrease)
Local Sources	\$ 37,452,322.40	47.42%	1,935,908.30	5.45%
State Sources	40,004,071.98	50.65%	1,458,486.19	3.78%
Federal Sources	1,526,345.33	1.93%	38,047.93	2.56%
Total	\$ 78,982,739.71	100%	3,432,442.42	11.79%

State sources revenues increased by \$1,458,486.19. The increase in revenues from State sources is primarily due to an increase in Debt Service Aid in the amount of \$458,476.00 and TPAF-on behalf revenue in the amount of \$633,001.00. Local Sources revenues increased by \$1,935,908.30 mostly due to an increase in the tax levy. There was also an increase in E-Rate during the 16-17 school year over the prior year.

The following schedule represents a summary of general fund, special revenue fund, capital projects fund and debt service fund expenditures for the fiscal year ended June 30, 2017, and the percentage of increases and decreases in relation to prior year amounts.

Expenditures	Amount	Percent of Total	Increase (Decrease) from 2016	Percent of Increase (Decrease)
Current expense:				
Instruction	\$ 27,436,135.45	30.16% \$	2,450,784.42	9.81%
Undistributed expenditures	46,546,109.13	51.16%	1,590,824.01	3.54%
Capital Outlay	11,287,182.70	12.41%	1,797,701.77	18.94%
Charter Schools	518,683.00	0.57%	6,348.10	1.24%
Debt Service:				
Principal	3,235,000.00	3.56%	300,000.00	10.22%
Interest	1,951,979.60	2.15%	513,763.34	35.72%
Total	\$ 90,975,089.88	100.00% \$	6,659,421.64	7.90%

The increase in Capital Outlay expenditures is primarily due to capital projects expenditures at Oakcrest High School for renovations, technology, security improvements, HVAC, Lighting, Ceiling and Casement Replacement. Total expenditures in the school year amounted to just over \$10.5 million.

#### **General Fund Budgeting Highlights**

The School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

#### Capital Assets

At the end of the fiscal year 2017, the School District had \$148,066,477.92 invested in land, building, furniture and equipment, and vehicles. Table 4 shows fiscal year 2017 balances compared to 2016.

Capital Assets (Net of Depreciation) at June 30,				
	_	2017	2016	
Land	\$	3,798,498.00 \$	3,798,498.00	
Construction in Progress		31,093,227.94	20,529,467.76	
Sites, Buildings and				
Building Improvements		112,609,286.61	119,501,622.38	
Machinery and Equipment		565,465.37	1,888,790.39	
Total	\$	148,066,477.92 \$	145,718,378.53	

Table 4Capital Assets (Net of Depreciation) at June 30,

Overall capital assets increased \$2,348,099.39 from fiscal year 2016 to fiscal year 2017. The increase is due primarily to the completion of capital projects started in the current year. For more detailed information, please refer to the Notes to the Financial Statements.

#### **Debt Administration**

At June 30, 2017, the School District had \$55,748,288.20 of outstanding debt. Of this amount, 939,799.74 is for compensated absences, \$50,566,000.00 of serial bonds for school construction, \$1,142,620.10 for various capital leases and \$3,099,868.36 is the balance on the premium from the Bond Sale completed in 2017.

#### Table 5 Bonded Outstanding Debt at June 30,

	 2017	2016
2006 Refunding Bonds	\$ -	985,000.00
2007 General Obligation Bonds	1,120,000.00	2,220,000.00
2009 General Obligation Bonds	1,135,000.00	1,485,000.00
2012 General Obligation Bonds	3,891,000.00	4,471,000.00
2015 General Obligation Bonds	20,300,000.00	20,300,000.00
2016 Refunding Bonds	24,120,000.00	24,340,000.00
Premium on Bond Sale	3,099,868.36	3,128,142.45
Compensated Balances	939,799.74	993,125.80
Capital Leases	 1,142,620.10	1,469,979.51
Total	\$ 55,748,288.20	59,392,247.76

At June 30, 2017, the School District was within its legal debt margin. For more detailed information, please refer to the Notes to the Financial Statements and Schedule J-13 in the statistical section of this report.

#### For the Future

The Greater Egg Harbor Regional High School District is in good financial condition presently. The School District is proud of its community support of the public schools. A major concern is the ability and willingness of the Governor and the State Legislature to provide funding for education. The current state of the national, state and local economies will also have a serious impact on the district's ability to keep up with the demands of students needs without impacting local taxes.

In conclusion, the Greater Egg Harbor Regional High School District has committed itself to financial excellence for many years. In addition, the School District's system for financial planning, budgeting, and internal financial controls are well regarded. The School District plans to continue its sound fiscal management to meet the challenges of the future.

#### **Contacting the School District's Management**

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional information, contact the School Business Administrator, Thomas Grossi, at Greater Egg Harbor Regional High School District Board of Education, 1824 Dr. Dennis Foreman Drive, Mays Landing, NJ 08330. Please visit our website at www.gehrhsd.net.

**Basic Financial Statements** 

# **DISTRICT – WIDE FINANCIAL STATEMENTS**

The statement of net position and the statement of changes in net position display information about the District. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business – type activities of the District.

NOTES TO THE FINANCIAL STATEMENTS

# NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Board of Education (Board) of Greater Egg Harbor Regional High School District (District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

# A. <u>Reporting Entity</u>

The District is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District. The purpose of the district is to educate students in grades 9-12. The District operates three high schools.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB <u>Codification of Governmental Accounting and Financial Reporting Standards</u>, is whether:

- the organization is legally separate (can sue or be sued in their own name);
- the District holds the corporate powers of the organization;
- the District appoints a voting majority of the organization's board;
- the District is able to impose its will on the organization;
- the organization has the potential to impose a financial benefit/burden on the District;
- there is a fiscal dependency by the organization on the District;

Based on the aforementioned criteria, the District has no component units.

# B. Basis of Presentation, Measurement Focus and Basis of Accounting

#### Basis of Presentation

The School District's basic financial statements consist of District-wide statements (i.e. statement of net position and a statement of activities) and fund financial statements, which provide a more detailed level of financial information.

*District-Wide Financial Statements:* The statement of net position and the statement of activities display information about the district as a whole. These statements report the financial activities of the overall District, except for fiduciary activities. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by property taxes, intergovernmental revenues, and other non-exchange transactions from business-type activities, generally financed in whole or in part with fees charged to external parties.

The statement of net position presents the financial condition of the governmental and business-type activity of the School District at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges and fees paid by the recipients of goods or services offered by the programs; and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing, or draws from the general revenues of the School District.

*Fund Financial Statements*: During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category – governmental, proprietary, and *fiduciary* - are presented. The New Jersey Department of Education ("Department") has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The Department believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

#### Governmental Funds

The District reports the following governmental funds:

<u>General Fund</u> – The General Fund is the general operating fund of the District and is used to account for all expendable financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment, which are classified in the capital outlay sub-fund.

As required by the New Jersey State Department of Education, the District includes budgeted capital outlay in this fund. Generally accepted accounting principles, as they pertain to governmental entities, state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues. Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

<u>Special Revenue Fund</u> - The Special Revenue Fund is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

<u>Capital Projects Fund</u> - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

<u>Debt Service Fund</u> - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

#### **Proprietary Funds**

The District reports the following proprietary fund:

<u>Enterprise Funds</u> – Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business operations – where the intent of the District is that the costs of providing goods or services be financed or recovered primarily through user charges.

The District's Enterprise Fund is comprised of the Food Service Fund, which accounts for all revenues and expenses pertaining to the District's cafeteria operations.

#### Fiduciary Funds

<u>Trust and Agency Funds</u> - The Trust and Agency Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

<u>Expendable Trust Fund</u> - An Expendable Trust Fund is accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. Expendable Trust Funds account for assets where both the principal and interest may be spent. Expendable Trust Funds include the Unemployment Compensation Insurance Trust.

<u>Nonexpendable Trust Fund</u> - A Nonexpendable Trust Fund is used to account for assets held under the terms of a formal trust agreement, whereby the District is under obligation to maintain the trust principal.

<u>Agency Funds</u> – Agency funds are used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations. Agency funds include payroll and student activities funds.

# C. Measurement Focus and Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

The District-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting as are the proprietary fund and the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year in which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Net position (total assets less total liabilities) is used as a practical measure of economic resources and the operating statement includes all transactions and events that increased or decreased net position. Depreciation is charged as expense against current operations and accumulated depreciation is reported on the statement of net position.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available is they are collected within 60 days of the end of the fiscal year. Revenue from federal, state and other grants designated for payment of specific school district expenditures is recognized when the related expenditures are incurred; accordingly, when such funds are received, they are recorded as deferred revenues until earned. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

# D. <u>Budgets/Budgetary Control</u>

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office for approval and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting, except for special revenue funds. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23-2.2(g). All budget amendments/transfer must be approved by School Board resolution. All budget amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year.

Significant transfers approved by the Board of Education during the fiscal year were as follows:

Regular Program - Instruction Grades 9 - 12 - Salaries of Teachers	659,869.00
Special Education - Instruction Resource Room/Resource Center - Salaries of Teachers	172,821.00
Undistributed Expenditures - Instruction Tuition to CSSD & Regional Day Schools	183,140.00
Tuition to Private Schools for the Disabled - Within State Tuition to Private Schools for the Disabled &	199,900.57
Other LEA - Spl. O/S St.	241,700.00
Undistributed Expenditures - Health Services Salaries Purchased Professional and Technical Services	(85,000.00) (112,000.00)
Total Undistributed Expenditures - Required Maint. for School Facilities	
Cleaning, Repair, and Maintenance	138,804.00
Undistributed Expenditures - Other Oper. & Maint. Of Plant	(106.260.00)
General Supplies Energy(Energy and Electricity)	(106,360.00) (101,745.00)
Energy(Natural Gas)	(109,277.00)
Undistributed Expenditures - Student Transportation Serv Contracted Services - (Bet. Home & School) - Ven.	443,310.00
Contr. Serv (Spc Ed Students) - Vendors	(848,034.00)
Contr. Serv (Spc Ed Students) - Joint Agreement	783,966.00
Unallocated Benefits Health Benefits	(1,444,698.00)

Appropriations, except remaining project appropriations, encumbrances and unexpended grant appropriations, lapse at the end of each fiscal year. The capital projects fund presents the remaining project appropriations compared to current year expenditures.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

# E. Encumbrance Accounting

Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end

#### F. Assets, Liabilities and Equity

#### Cash, Cash Equivalents and Investments

Cash and cash equivalents include petty cash, change funds, bank deposits and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include savings and loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the governmental units.

#### Inter-fund Transactions

Transfers between governmental and business-type activities on the District-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in the Enterprise Fund. Repayments from funds responsible for particular expenditure/expenses to the funds that initially paid for them are not presented on the financial statements.

#### **Inventories**

Inventories, other than those recorded in the enterprise fund, are recorded as expenditures during the year of purchase. Inventories in the Enterprise Fund are recorded at cost, computed on a first-in, first out method. In the fund based financial statements, commodities received from the U.S. Department of Agriculture are recorded as deferred revenue until consumed.

#### Capital Assets

The District has established a formal system of accounting for its capital assets. Purchased or constructed capital assets are reported at cost. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. The capitalization threshold used by school districts in the State of New Jersey is \$2,000.

All reported capital assets except for land and construction in progress, are depreciated. Depreciation is computed using the straight-line method over their estimated useful lives. Useful lives vary from 20 to 50 years for land improvements and buildings, and 5 to 15 years for equipment.

The District does not possess any material amounts of infrastructure capital assets, such as sidewalks and parking lots. Such items are considered to be part of the cost of buildings or other improvable property.

#### **Compensated Absences**

The District accounts for compensated absences (e.g., unused sick, vacation leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policies. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

The liability for compensated absences was accrued using the termination payment method, whereby the liability is calculated based on the amount of sick leave that is expected to become eligible for payment upon termination. The District estimates its accrued compensated absences liability based on the accumulated sick and vacation days at the balance sheet date by those employees who are currently eligible to receive termination payments.

For the District-wide Statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the Fund Financial Statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

#### Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received in the Special Revenue Fund before they have been earned are recorded as deferred revenue.

#### Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the District-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

#### Net Position

Net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. It is the School District's policy to apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

#### Fund Balance

The School District reports fund balance in classifications that comprise a hierarchy based primarily on the extent to which the School District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The School District's classifications, and policies for determining such classifications, are as follows:

- <u>Nonspendable</u> The nonspenable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, such as inventories and prepaid amounts.
- <u>Restricted</u> The restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources either by being (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.
- <u>Committed</u> The committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the School District's highest level of decision-making authority, which, for the School District, is the Board of Education. Such formal action consists of an affirmative vote by the Board of Education, memorialized by the adoption of a resolution. Once committed, amounts cannot be used for any other purpose unless the Board of Education removes, or changes, the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.
- <u>Assigned</u> The assigned fund balance classification includes amounts that are constrained by the School District's intent to be used for specific purposes, but are neither restricted nor committed.
- <u>Unassigned</u> The unassigned fund balance classification is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, it is the policy of the School District to spend restricted fund balances first. Moreover, when an expenditure is incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used, it is the policy of the School District to spend fund balances, if appropriate, in the following order: committed, assigned, then unassigned.

#### Revenues – Exchange and Non-exchange Transactions

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year, or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means within sixty days of the fiscal year end.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the period in which the income is earned. Revenue from grants, entitlement, and donations is recognized in the period in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year end: property taxes as an advance, interest and tuition.

#### **Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the School District, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the enterprise fund.

#### Allocation of Indirect Expenses

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the direct expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

#### Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers' Pension and Annuity Fund (TPAF) and Public Employees Retirement System (PERS) and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the TPAF and PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### Extraordinary and Special Items

Extraordinary items are transactions or events that are unusual in nature and infrequent in occurrence. Special items are transactions or events that are within control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

#### Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

#### G. <u>Recent Accounting Pronouncements Not Yet Effective</u>

In June 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". This statement is effective for fiscal periods beginning after June 30, 2017. Although not determinable, the impact of this statement on the net position of the entity is anticipated to be significant.

In January 2016, the Governmental Accounting Standards Board (GASB) issued Statement No. 80, "Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14". This statement is effective for fiscal periods beginning after December 15, 2016, will not have any effect on the District's financial reporting.

In March 2016, the Governmental Accounting Standards Board (GASB) issued Statement No. 81, "Irrevocable Split-Interest Agreements". This statement is effective for fiscal periods beginning after December 15, 2016, will not have any effect on the District's financial reporting.

In November 2016, the Governmental Accounting Standards Board (GASB) issued Statement No. 83, "Certain Asset Retirement Obligations". This statement is effective for fiscal periods beginning after June 15, 2018, will not have any effect on the District's financial reporting.

In January 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 84, "Fiduciary Activities". This statement is effective for fiscal periods beginning after December 15, 2018, will not have any effect on the District's financial reporting.

In March 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 85, "Omnibus 2017". This statement is effective for fiscal periods beginning after June 15, 2017, will have an effect on the District's financial reporting and will affect the disclosure of pension related items.

In May 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 86, "Certain Debt Extinguishment Issues". This statement is effective for fiscal periods beginning after June 15, 2017, will have an effect on the District's financial reporting and will affect the disclosure of pension related items. Although not determinable, the impact of this statement on the net position of the entity is not anticipated to be significant.

In June 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 86, "Leases". This statement is effective for fiscal periods beginning after December 15, 2019, will have an effect on the District's financial reporting and will affect the disclosure of pension related items. Although not determinable, the impact of this statement on the net position of the entity is not anticipated to be significant.

# NOTE 2 – CASH AND CASH EQUIVELENTS

#### **Deposits**

GASB Statement No. 3 amended by Statement No. 40 requires disclosure of the level of custodial credit risk assumed by the District in its cash, cash equivalents and investments.

The cash deposits not covered by depository insurance held at financial institutions are categorized as follows:

- a. Deposits are uncollateralized.
- b. Deposits are collateralized with securities held by the pledging financial institution.

c. Deposits collateralized with securities held by the pledging financial institution's trust department or agent but not in the depositor-government's name.

At June 30, 2017, the carrying amount of the Board's deposits were \$1,245,899.70and the bank balance was \$5,052,677.19. Of the School District's bank Balance of \$5,052,677.19 as of June 30, 2017, \$1,070,653.37 was uninsured and uncollateralized.

As of June 30, 2017, the District's bank balance was exposed to custodial credit risk as follows:

	Cash and Cash Equivalents
Insured	\$ 500,000.00
Uninsured and collateral held by pledging bank's trust department not in	
the District's name	3,482,023.82
Uninsured	1,070,653.37
	\$ 5,052,677.19

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The State of New Jersey has certain collateral requirements for governmental units. These requirements are disclosed in detail as part of Note 1E.

#### **Investments**

Pursuant to state statutes, the Board of Education may invest in the following:

- Direct obligations of, or obligations as to which the principal and interest is guaranteed by, the United States of America
- Government money market mutual funds
- Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress
- Bonds or obligations of the local unit or other obligations of school districts within the local unit
- Local government investment pools
- State of New Jersey Cash Management Fund
- > Agreements for the repurchase of fully collateralized securities

N.J.S.A. 40A:5-15.1 provides specific guidance for the allowable investment of public funds. In order to maximize liquidity, while complying with statutory requirements, the District utilizes Parke Bank's Government Banking Investment Account for investing purposes.

<u>Credit Risk</u>: The Government Banking Investment Account is not rated. The District does not have an investment policy regarding the management of credit risk.

Interest Rate Risk: The District does not have a policy to limit interest rate risk. Weighted average maturity was not available for the New Jersey Cash Management Fund.

#### NOTE 3 – RECEIVABLES

Receivables at June 30, 2017, consisted of accounts (tuition), accrued interest, interfund, intergovernmental, and property taxes. All receivables are considered collectible in full. A summary of the principal items of intergovernmental receivables follows:

	-	Governmental Fund Financial Statements	Government Wide Financial Statements
State and Federal Aid Other	\$	1,070,440.24 1,508,597.86	1,185,658.80 1,603,333.40
Gross Receivables Less: Allowance for Uncollectibles		2,579,038.10	2,788,992.20
Total Receivables, Net	\$	2,579,038.10	2,788,992.20

# NOTE 4 – INTERFUND TRANSFERS AND BALANCES

Transfers between funds are used to (1) move investment income earned in the Capital Projects Fund that is required to be expended in the Debt Service Fund; and (2) repay expenses paid by another fund.

The following interfund balances remained on the fund financial statements at June 30, 2017:

Fund	 Interfund Receivable	Interfund Payable
General Fund	\$ 237,282.38	-
Special Revenue Fund	-	-
Capital Projects Fund	-	344,109.69
Debt Service Fund	3,624.95	-
Food Service	104,169.36	-
Trust and Agency Fund	-	967.00
Total	\$ 345,076.69	345,076.69
		-

# NOTE 5 – INVENTORY

Inventory in the Food Service Enterprise Fund at June 30, 2017, consisted of the following:

Food	\$ 37,732.89
Supplies	5,810.32
	\$ 43,543.21

The value of Federal donated commodities is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of non-operating revenue in the financial statements. The value of commodities included in the food inventory on June 30, 2017 is \$19,743.30..

# NOTE 6 – CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2017, was as follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Governmental activities:				
Capital assets,not being depreciated: Land S Construction in Progress	3,798,498.00 20,529,467.76	10,563,760.18		3,798,498.00 31,093,227.94

Total capital assets being depreciated, net of accumulated depreciation	120,993,570.24	(3,342,315.62)	4,515,119.18	112,887,898.23
Governmental activity capital assets, net	145,321,536.00	7,221,444.56	4,515,119.18	147,779,624.17
Business-type activities: Capital assets being depreciated: Buildings and				
Equipment Less accumulated depreciation	740,041.83 (343,199.30)	8,375.00 (33,758.41)	97,342.19 12,736.82	651,074.64 (364,220.89)
Enterprise Fund capital assets, net	396,842.53	(25,383.41)	110,079.01	286,853.75

Depreciation expense is charged to governmental functions as follows:

Regular Instruction	\$ 3,537,386.28
Special Education	925,508.73
Other Instruction	481,660.74
Related Services	1,043,285.17
School Administration	218,403.42
Other Administration	615,764.05
Plant Operation	1,306,877.61
Total	\$ 8,128,886.00

# NOTE 7 – LONG-TERM OBLIGATIONS

Changes in long-term obligations for the year ended June 30, 2017 are as follows:

	Balance July 1, 2016	Issues or Additions	Payments or Expenditures	Balance June 30, 2017	Amounts Due Within One Year
Compensated Absenc\$	993,125.80	99,279.96	152,606.02	939,799.74	-
Capital Leases	1,469,979.51	-	327,359.41	1,142,620.10	323,116.21
Net Pension Liability	21,539,697.00	7,200,048.00	1,460,675.00	27,279,070.00	
Bonds Payable	53,801,000.00		3,235,000.00	50,566,000.00	3,600,000.00
\$	77,803,802.31	7,299,327.96	5,175,640.43	79,927,489.84	3,923,116.21

Compensated absences are liquidated in the General Fund.

#### Bonds Payable

Bonds are authorized in accordance with State law by the voters through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the District are general obligation bonds.

At June 30, 2017, bonds payable consisted of the following issues:

\$27,409,000 School Bonds dated December 15, 2007, due in annual installments through February 1, 2033, bearing interest at rates ranging from 3.750% to 5.00%. The balance remaining as of June 30, 2017 is \$1,120,000.00.

\$3,320,000 School Bonds dated July 1, 2009 due in annual installments through August 1, 2019, bearing interest at rates ranging from 2.00% to 3.00%. The remaining balance as of June 30, 2017 is \$1,135,000.00.

\$6,091,000 School Bonds dated April 1, 2010 due in annual installments through February 1, 2023, bearing interest at rates ranging from 1.00% to 2.125%. The remaining balance as of June 30, 2017 is \$3,891,000.00

\$20,300,000 School Bonds dated June 18, 2015 due in annual installments through July 15, 2035, bearing interest at rates ranging from 3.25% to 3.625%. The remaining balance as of June 30, 2017 is \$20,300,000.00.

\$24,340,000 School Refunding Bonds dated May 10, 2016, due in annual installments through February 2, 2033, bearing interest at rates ranging from 3.00% to 5.0%. The balance remaining as of June 30, 2017 is \$24,120,000.00.

Fiscal Year Endin	g			
June 30,		Principal	Interest	Total
2018	\$	3,600,000.00	1,850,096.26	5,450,096.26
2019		3,665,000.00	1,733,096.26	5,398,096.26
2020		3,765,000.00	1,606,990.01	5,371,990.01
2021		3,480,000.00	1,484,221.26	4,964,221.26
2022-2026		6,421,000.00	5,322,980.02	11,743,980.02
2027-2031		14,985,000.00	2,817,193.75	17,802,193.75
2032-2035		14,650,000.00	686,906.25	15,336,906.25
	\$_	50,566,000.00	15,501,483.81	66,067,483.81

Debt service requirements on serial bonds payable at June 30, 2017 are as follows:

# NOTE 8 – PENSION PLANS

<u>Description of Plans</u> - All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

<u>Teachers' Pension and Annuity Fund (TPAF)</u> - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

<u>Public Employees' Retirement System (PERS)</u> - The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

<u>Defined Contribution Retirement Program (DCRP)</u> - The Defined Contribution Retirement Program (DCRP) was established as of July 1, 2008 under the provisions of Chapter 92, P.L. 2008 and Chapter 103, P.L. 2008 (N.J.S.A. 43:15C-1 et seq.). The DCRP is a cost-sharing multiple-employer defined contribution pension fund. The DCRP provides eligible members, and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N. J.S.A. 43:15C-1 et. seq.

The contribution requirements of plan members are determined by state statute. In accordance with Chapter 92, P.L. 2008 and Chapter 103, P.L. 2008, plan members are required to contribute 5.5% of their annual covered salary. The State Treasurer has the right under current law to make temporary reductions in member rates based on the existence of surplus plan assets in the retirement system; however statute also requires the return to the normal rate when such surplus pension assets no longer exist. In addition to the employee contributions, the School District's contribution amounts for each pay period are required to be transmitted to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period. The School District has 27 employees enrolled in the Defined Contribution Retirement Program (DCRP) during the fiscal year ended June 30, 2017.

<u>Vesting and Benefit Provisions</u> - The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

#### Funding Policy

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 7.20% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The current TPAF rate is 19.53% and the PERS rate is 14.32% of covered payroll. The School District's contributions to TPAF for the years ending June 30, 2017, 2016 and 2015 are listed below, and paid by the State of New Jersey on behalf of the board, equal to the required contributions for each year. The School District's contributions to the required contributions to PERS for the years ending June 30, 2017, 2016 and 2015 are also listed below, equal to the required contributions for each year.

	Three Year Trend Information for PERS					
		Annual	Percentage	Net		
Year		Pension	of APC	Pension		
Funding		Cost (APC)	Contributed	Obligation		
6/30/2017	\$	824,474.00	100%	-		
6/30/2016		824,945.00	100%	-		
6/30/2015		765,364.00	100%	-		
Thre	e Year T	rend Information for TI	PAF (Paid on behalf of the	District)		
		Annual	Percentage	Net		
Year		Pension	of APC	Pension		
Funding		Cost (APC)	Contributed	Obligation		
06/30/17	\$	4,787,673.00	100% \$	-		
06/30/16		4,154,672.00	100%	-		
06/30/15		3,254,911.00	100%	-		

During the fiscal year ended June 30, 2017, the State of New Jersey contributed \$4,787,673.00 to the TPAF for benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66, the State of New Jersey reimbursed the District \$1,823,864.98 during the year ended June 30, 2017 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the District-wide financial statements and the fund- based statements as revenues and expenditures in accordance with GASB Statement No. 24.

<u>Significant Legislation</u> - Chapter 78, P.L. 2011, effective June 28, 2011 made various changes to the manner in which the Public Employees' Retirement System (PERS) and the Teacher's Pension and Annuity Fund (TPAF) operate and to the benefit provisions of those systems.

Chapter 78's provisions impacting employee pension and health benefits include:

- New members of the PERS and TPAF hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of ¼ of 1% for each month that the member is under age 65.
- The eligibility age to qualify for a service retirement in the systems is increased from age 63 to 65 for Tier 5 members.
- Increases in active member contribution rates. PERS active member rates increase from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years. For fiscal year 2013, the member contribution rates increased in October 2012. The phase-in of the additional incremental member contribution rates for PERS members will take place in July of each subsequent fiscal year.
- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law.
- New employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage.
- The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary.
- In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

Chapter 1, P.L. 2010, effective May 21, 2010, made a number of changes to the State-administered retirement systems concerning eligibility, the retirement allowance formula, the definition of compensation, the positions eligible for service credit, the non-forfeitable right to a pension, the prosecutor's part of the PERS, and employer contributions to the retirement systems.

Also, Chapter 1, P.L. 2010 changed the membership eligibility criteria for new members of PERS and TPAF from the amount of annual compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of PERS and TPAF to 1/60<sup>th</sup> from 1/55<sup>th</sup>, and it provided that new members of PERS and TPAF have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of PERS and TPAF will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. The law also requires the State to make its full pension contribution, defined as 1/7<sup>th</sup> of the required amount, beginning in fiscal years 2012.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of the PERS and TPAF with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Chapter 92, P.L. 2007 implemented certain recommendations contained in the December 1, 2006 report of the Joint Legislative Committee on Public Employee Benefits Reform; established a DCRP for elected and certain appointed officials, effective July 1, 2007; the new pension loan interest rate became 4.69% per year, and an \$8.00 processing fee per loan was charged, effective January 1, 2008. The legislation also removed language from existing law that permits the State Treasurer to reduce employer pension contributions needed to fund the Funds and Systems when excess assets are available.

## NOTE 9 – PUBLIC EMPLOYEES RETIREMENT SYSTEM

At June 30, 2017, the District reported a liability of \$27,279,070.00 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2016, the District's proportion was 0.09210571310%, which was a decrease of 0.000384804780% from its proportion measured as of June 30, 2015.

For the year ended June 30, 2017, the District recognized pension expense of \$2,567,532.00. At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of Resources		- •	ferred Inflows f Resources
Differences between expected and actual experience	\$	507,308.00		
Changes of assumptions		5,650,766.00		
Net difference between projected and actual earnings				
on pension plan investments		1,040,176		
Changes in proportion and differences between District				
contributions and proportionate share of contributions		389,747.00		642,421.00
District contributions subsequent to the measurement date		818,254.00		
Total	\$	8,406,251.00	\$	642,421.00

\$818,254.00 reported as deferred outflows of resources related to pensions resulting from school district contributions subsequent to the measurement date (June 30, 2016) will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended	
June 30,	
2018	\$ 1,571,827.00
2019	1,571,827.00
2020	1,796,921.00
2021	1,503,724.00
2022	 501,277.00
Total	\$ 6,945,576.00

## **Actuarial Assumptions**

The total pension liability for the June 30, 2016 measurement date was determined by an actuarial valuation of July 1, 2015, which was rolled forward to June 30, 2016. This actuarial valuation used the following assumptions, applied to all period in the measurement:

Inflation rate	3.08%
Salary increases:	
Through 2026	1.65% - 4.15% (based on age)
Thereafter	2.65% - 5.15% (based on age)
Investment rate of return:	7.65%

Pre-retirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. For State employees, mortality tables are set back 4 years for males and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2014 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more experience deviates, the larger the impact on future financial statements.

{This space intentionally left blank}

In accordance with State statute, the long-term expected rate of return on plan investments (7.65% at June 30, 2016) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflations. Best estimates of arithmetic real rates of return for each major asset class asset allocation as of June 30, 2016 are summarized in the following table:

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
Cash	5.00%	0.87%
U.S. Treasuries	1.50%	1.74%
Investment Grade Credit	8.00%	1.79%
Mortgages	2.00%	1.67%
High Yield Bonds	2.00%	4.56%
Inflation-Indexed Bonds	1.50%	3.44%
Broad US Equities	26.00%	8.53%
Developed Foreign Equities	13.25%	6.83%
Emerging Market Equities	6.50%	9.95%
Private Equity	9.00%	12.40%
Hedge Funds/Absolute Return	12.50%	4.68%
Real Estate (Property)	2.00%	6.91%
Commodities	0.50%	5.45%
Global Debt (Except US)	5.00%	-0.25%
REIT	5.25%	5.63%

## Discount Rate

The discount rate used to measure the total pension liability was 3.98% as of June 30, 2016. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.65%, and a municipal bond rate of 2.85% as of June 30, 2016, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contributions and the local employers contributed 30% of the actuarially determined contributions and the local employers contributed 100% of the actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2034. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2034 and the municipal bond rate was applied to projected benefit payments through 2034 and the municipal bond rate was applied to projected benefit payments through 2034 pension liability.

## Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate.

The following presents the collective net pension liability of the participated employers as of June 30, 2016, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Decrease	Rate	
	(2.98%)	(3.98%)	(4.98%)
District's proportionate share of			
the net pension liability	\$ 32,691,339.56	27,279,070.00	22,815,569.76

### Pension plan fiduciary net position.

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

## NOTE 10 - TEACHERS' PENSION AND ANNUITY FUND (TPAF)

At June 30, 2017, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proprotionate share of the net pension liability \$

State's proprotionate share of the net position liability associated with the District	186,338,120.00
Total	\$ 186,338,120.00

The net pension liability was measured as of June 30, 2016 and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. At June 30, 2016, the District's proportion was 0.00%, which was no change from its proportion measured as of June 30, 2015.

For the year ended June 30, 2017, the District recognized pension expense of \$14,000,717.00 and revenue of \$14,000,717.00 for support provided by the State. At June 30, 2016, the District reported deferred outflows of resources and deferred inflows of resources related to TPAF from the following sources:

	Deferred Outflows of Resources		Deferred Inflows
			of Resources
Differences between expected and actual experience	\$	656,658.00	318,669.00
Changes of assumptions		37,195,325.00	
Net difference betweenn projected and actual earnings			
on pension plan investments		3,398,462.00	
Changes in proportion and differences between District			
contributions and proportionate share of contributions		9,591,326.00	
District contributions subsequent to the measurement date		1,886,441.00	
Total	\$	52,728,212.00	318,669.00

\$1,886,441.00 reported as deferred outflows of resources related to pensions resulting from district contributions subsequent to the measurement date (June 30, 2016) will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended	
June 30,	
2018	\$ 7,699,201.00
2019	7,699,201.00
2020	9,019,463.00
2021	8,435,193.00
2022	7,125,407.00
Thereafter	12,431,078.00
Total	\$ 52,409,543.00

Actuarial assumptions. The total pension liability in the June 30, 2016 actuarial valuation was determined by an actuarial valuation as of July 1, 2015, which was rolled forward to June 30, 2016. This actuarial valuation used the following assumptions, applied to all period included in the measurement:

Inflation Rate	2.50%	
Salary increases		
2012-2021	Varies based on experience	
Thereafter	Varies based on experience	
Investment rate of return	7.65%	

Pre-retirement, post-retirement and disable mortality rates were based on the experience of TPAF members reflecting mortality improvement on a generational basis based on a 60 year average of Social Security data from 1953 to 2013.

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 20012 to June 30, 2015.

{*This space intentionally left blank*}

## Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.65% at June 30, 2016) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2016 are summarized in the following table:

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return.
US Cash	5.00%	0.39%
US Government Bonds	1.50%	1.28%
US Credit Bonds	13.00%	2.76%
US Mortgages	2.00%	2.38%
US Inflation-Indexed Bonds	1.50%	1.41%
US High Yield Bonds	2.00%	4.70%
US Equity Market	26.00%	5.14%
Foreign Developed Equity	13.25%	5.91%
Emerging market equities	6.50%	8.16%
Private Real Estate Property	5.25%	3.64%
Timber	1.00%	3.86%
Farmland	1.00%	4.39%
Private equity	9.00%	8.97%
Commodities	0.50%	2.87%
Hedge Funds - Multi Strategy	5.00%	3.70%
Hedge Funds - Equity Hedge	3.75%	4.72%
Hedge Funds - Distressed	3.75%	3.49%

*Discount rate.* The discount rate used to measure the total pension liability was 3.22% as of June 30, 2016. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.65%, and a municipal bond rate of 2.85% as of June 30, 2016, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2029. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate.

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 3.22% as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (2.22%) or 1-percentage point higher (4.22%) than the current rate:

	1%	Current Discount	1%	
	Decrease	Rate	Increase	
	(2.22%)	(3.22%)	(4.22%)	
District's proportionate share of				
the net pension liability	\$-	-	-	

## Pension plan fiduciary net position.

Detailed information about the pension plan's fiduciary net position is available in the separately issued TPAF financial report.

## NOTE 11 – POST-RETIREMENT BENEFITS

The School District contributes to the New Jersey State Health Benefits Program ("the SHBP"), a cost sharing multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP provides medical, prescription drug, mental health/substance abuse and Medicare Part B reimbursement to retirees and their covered dependents. The State Health Benefits Program is found in the New Jersey Statutes Annotated, Title 52, Article 17.25 et seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. The Division of Pension and Benefits issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required TPAF and PERS, respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2008, C. 103 amended the law to eliminate the funding and payment of post-retirement medical benefits for retired state employees through TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired educational employees. As of June 30, 2016, there were 110,512 retirees eligible for post-retirement medical benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical year 1994.

The State is also responsible for the cost attributable to P.L. 1992 c. 126 which provides free health benefits for members PERS and the Alternative Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$231.2 million toward Chapter 126 benefits for 20,045 eligible retired members in Fiscal Year 2016.

The State also makes on-behalf payment for Teachers Pension and Annuity program retirees for health benefits. The on-behalf amount paid by the State of New Jersey in fiscal year 2016-17 was \$4,787,673.00.

## NOTE 12 – COMPENSATED ABSENCES

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

The liability for vested compensated absences for the governmental fund types is recorded in current and long-term liabilities. The current portion of the compensated absences balance of the governmental funds is not considered material to the applicable funds total liabilities, and therefore is not shown separately from the long-term liability of compensated absences.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2017, no liability existed for compensated absences in the Food Service Enterprise Fund.

## NOTE 13 – DEFERRED COMPENSATION

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

Thomas Seely Agency, Inc. Siracusa Benefits Program AXA

## NOTE 14 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

<u>Property and Liability Insurance</u> - The District maintains commercial insurance coverage for property, liability and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

<u>New Jersey Unemployment Compensation Insurance</u> - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current and prior year:

Fiscal	District	Interest on	Employee	Claims	Ending
Year	Contributions	Investments	Contributions	Paid	Balance
2016-2017	\$-	483.11	56,484.81	86,895.39	380,904.70
2015-2016	-	616.12	53,350.88	90,129.83	410,832.17
2014-2015	-	623.54	52,155.06	64,434.82	446,995.00

## **NOTE 15 – CONTINGENT LIABILITIES**

#### Federal and State Grants

The District participates in a number of federal and state grant programs. The grant programs are subject to program compliance audits by the grantors or their representatives. The District is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance would result in the disallowance of program expenditures.

## NOTE 16 – DEFICIT UNRESTRICTED NET POSITION

The School District had a deficit in unrestricted net position of (\$23,406,526.29) with regard to Governmental Activities as of June 30, 2017. This deficit was attributable to the Net Pension Liability, the liability for compensated absences as well as the June State Aid Payment as noted above.

## NOTE 17 – FUND BALANCE

General Fund – Of the (\$1,768,079.03) General Fund Fund balance, at June 30, 2017, \$57,552.54 is reserved for encumbrances, however \$0.00 is shown as assigned on the balance sheet since GASB requires that unassigned fund balance cannot be a deficit when assigned balances are available. The total \$300,000.00 has been legally restricted and included as anticipated revenue for the year ending June 30, 2018, however, \$0 is shown as committed on the balance since GASB requires that unassigned fund balance cannot be deficit when assigned balances are available and \$(1,768,079.03) is unreserved and undesignated, after adjusting for the encumbrances and amounts designated for subsequent year's expenditures in the amounts of \$57,552.54 and 300,000.00, respectively.

## NOTE 18 – CALCULATION OF EXCESS SURPLUS

The designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to N.J.S.A. 18A:7F-7, as amended. New Jersey school districts are required to reserve General Fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance generated for the year ended June 30, 2017 is \$0.00. The excess fund balance generated for the year ended June 30, 2017 is \$0.00.

## NOTE 19 – DEFICIT FUND BALANCES

The District has a deficit fund balance of (\$1,768,079.03) in the General Fund as of June 30, 2017 as reported in the fund statements (modified accrual basis). N.J.S.A.18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, districts must record the last state aid payment as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognize the last state aid payment in the subsequent fiscal year, the school district cannot recognize the last state aid payment on the GAAP financial statements until the year the State records the payable. Due to the timing difference of recording the last state aid payment, the Special Revenue Fund balance deficit does not alone indicate that the district is facing financial difficulties.

Pursuant to *N.J.S.A.* 18A:22-44.2 any negative unreserved, undesignated general fund balance that is reported as a direct result from a delay in the payment of state aid until the following fiscal year, is not considered a violation of New Jersey statute and regulation nor in need of corrective action.

## NOTE 20 – ECONOMIC DEPENDENCY

The District receives support from federal government and from the state government. A significant reduction in the level of support, if this were to occur, would have an effect on the District's programs and activities.

## **NOTE 21 – SUBSEQUENT EVENTS**

Management has reviewed and evaluated all events and transactions that occurred between June 30, 2017 and November 27, 2017, the date that the financial statements were issued for possible disclosure and recognition in the financial statements, and no items have come to attention of the District that would require disclosure.

GREATER EGG HARBOR REGIONAL HIGH SCHOOL DISTRICT Special Revenue Fund Budgetary Comparison Schedule For the Vest Fonded June 30, 2017

C-2

## Notes to the Required Supplementary Information

#### GREATER EGG HARBOR REGIONAL HIGH SCHOOL DISTRICT Required Supplementary Information Budget-to-GAAP Reconciliation Note to RSI For the Year Ended June 30, 2017

Note A - Explanation of Differences Between Budgetary Inflows and Outflows GAAP Revenue and Expenditures

			General Fund		Special Revenue Fund
Sources / inflows of resources					
Actual amounts (budgetary basis) "revenue"	10.41	•	70 0 40 005 07	10.01	¢ 4 470 040 00
from the budgetary comparison schedule	[C-1]	\$	72,342,895.27	[C-2]	\$ 1,476,040.60
Difference - budget to GAAP: Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized Current Year					(1,027.38)
Prior Year					6,563.88
Final State Aid normant delayed until July 2016 is recorded					
Final State Aid payment delayed until July 2016 is recorded as budgetary revenue but is not recognized under GAAP			2,776,578.00		
Final State Aid payment delayed until July 2017 is recorded as budgetary revenue but is not recognized under GAAP			(2,814,709.00)		
Total revenues as reported on the statement of revenues, expenditures and changes in fund balance - governmental funds.	[B-2]	\$	72,304,764.27	[B-2]	\$ 1,481,577.10
Uses / outflows of resources					
Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule	[C-1]	\$	73,737,652.61	[C-2]	\$ 1,476,040.60
Difference - budget to GAAP: Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for budgetary purposes, but in the year supplies are received for GAAP financial reporting purposes.					5,536.50
Total expenditures as reported on the statement of revenues, expenditures and changes in fund balance - governmental funds.	[B-2]	\$	73,737,652.61	[B-2]	\$ 1,481,577.10

# FIDUCIARY FUNDS DETAIL STATEMENTS

Fiduciary Funds are used to account for funds received by the school district for a specific purpose.

Agency Funds are used to account for assets held by the school district as an agent for individuals, private organizations, other governments and/or other funds.

**Student Activity and Athletic Fund** – This agency fund is used to account for student funds held at the schools.

**Payroll Fund** – This agency fund is used to account for the payroll transactions of the school district.

**Scholarship Fund** – This is an expendable trust fund and does not limit expenses to the amount earned on the trust principal.

### Independent Auditor's Report

The Honorable President and Members of the Board of Education Greater Egg Harbor Regional High School District County of Atlantic, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Greater Egg Harbor Regional High School District, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Greater Egg Harbor Regional High School District's basic financial statements, and have issued our report thereon dated November 27, 2017.

### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Greater Egg Harbor Regional High School District's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Greater Egg Harbor Regional High School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Greater Egg Harbor Regional High School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### **Independent Auditor's Report**

Honorable President and Members of the Board of Education Greater Egg Harbor Regional High School District County of Atlantic, New Jersey

### Report on Compliance for Each Major Federal & State Program

We have audited the Greater Egg Harbor Regional High School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the New Jersey *State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the Greater Egg Harbor Regional High School District's major federal and state programs for the year ended June 30, 2017. The Greater Egg Harbor Regional High School District's results section of the accompanying schedule of findings and questioned costs.

### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Greater Egg Harbor Regional High School District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Uniform Guidance and NJ OMB 15-08. Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Greater Egg Harbor Regional High School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Greater Egg Harbor Regional High School District's compliance.

### **Opinion on Each Major Federal and State Program**

In our opinion, the Greater Egg Harbor Regional High School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs as identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned costs for the year ended June 30, 2017.

### **Report on Internal Control Over Compliance**

Management of the Greater Egg Harbor Regional High School District's is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Greater Egg Harbor Regional High School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with Uniform Guidance and NJ OMB 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Greater Egg Harbor Regional High School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance to the time a type of compliance of the prevented of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the uniform Guidance and NJ OMB 15-08. Accordingly, this report is not suitable for any other purpose.

The accompanying Notes to the Scheudles of Expenditures of Awards and Financial Assistance are an integral part of this schedule

### GREATER EGG HARBOR REGIONAL HIGH SCHOOL DISTRICT NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE ASSISTANCE JUNE 30, 2017

### NOTE 1 GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include the activity of all federal and state financial assistance programs of the Board of Education, Greater Egg Harbor Regional School District. The Board of Education is defined in Note 1 (A) to the Board's basic financial statements. All federal and state awards received directly from federal agencies, as well as federal financial assistance passed through other government agencies is included on the schedule of federal awards and state financial assistance.

### NOTE 2 BASIS OF ACCOUNTING

The accompanying schedules of federal awards and state financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the enterprise fund, which are presented using the accrual basis of accounting and those in the special revenue fund, which are presented using the budgetary basis of accounting. These bases of accounting are described in Notes 1 (C) and 1 (D) to the Board's basic financial statements. The information included in this schedule is presented in accordance with the requirements of OMB Uniform Guidance and NJ OMB 15-08. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. The District has elected not to use the 10% de minimis indirect cost rate.

### NOTE 3 RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance – related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last two state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2.. For GAAP purposes that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last two state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$(38,131.00) for the general fund and \$5,536.50 for the special revenue fund. See the Notes to Required Supplementary Information for a reconciliation of the budgetary basis to the GAAP basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as follows:

		Federal		State	 Local Grants	TPAF Pension	Total
General Fund	\$	83,688.97	\$	38,661,400.98	\$ - \$	(4,787,673.00) \$	33,957,416.95
Special Revenue Fund		1,437,119.86		19,400.00	5,774.65	-	1,462,294.51
Debt Service Fund		-		1,303,940.00	-	-	1,303,940.00
Food Service Fund	_	804,559.40	_	12,227.80	 -		816,787.20
	\$	2,325,368.23	\$	39,996,968.78	\$ 5,774.65 \$	(4,787,673.00) \$	37,540,438.66

The On-Behalf Pension Contributions made for the district by the State of New Jersey are recognized as revenue in the basic financial statements, but are not considered in the major program determination.

### GREATER EGG HARBOR REGIONAL HIGH SCHOOL DISTRICT NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE ASSISTANCE JUNE 30, 2017 (CONTINUED)

### NOTE 4 RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

### NOTE 5 OTHER

Revenues and expenditures reported under the U.S.D.A. Commodities Program represent current year value received and current year distributions respectively. The amount reported as TPAF Pension Contributions represents the amount paid by the state on behalf of the district for the year ended June 30, 2017. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2017.

### NOTE 6 ADJUSTMENTS

The District has instances where a grant period overlaps fiscal years and the grant has not closed out at the end of the current fiscal year.
