ROBIN CHIECO Superintendent of Schools BARBARA S. PRETTYMAN
Business Administrator/Board Secretary

November 14, 2017

Honorable President and Members of the Board of Education Town of Hammonton School District Atlantic County, New Jersey

Dear Board Members:

The comprehensive annual financial report of the Town of Hammonton School District (District) for the fiscal year ended June 30, 2017, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the basic financial statements and schedules, management's discussion and analysis, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996 and the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and the New Jersey OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments. Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1) REPORTING ENTITY AND ITS SERVICES: The Town of Hammonton School District is an independent reporting entity as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards. All funds and account groups of the District are included in this report. The Town of Hammonton Board of Education and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre-K through twelve. These include regular as well as special education for handicapped children. The District completed the 2016-2017 fiscal year with an average daily enrollment of 3,581 students, which is 46 students below the previous year's average daily enrollment. The following details the changes in the student enrollment of the District over the last ten years.

Fiscal	Average Daily	Percent
<u>Year</u>	Enrollment	<u>Change</u>
2016-2017	3,581	(1.02)
2015-2016	3,627	1.01
2014-2015	3,585	(.97)
2013-2014	3,623	.77
2012-2013	3,595	1.55
2011-2012	3,540	.54
2010-2011	3,521	2.95
2009-2010	3,420	1.72
2008-2009	3,362	2.97
2007-2008	3,265	(.88)

2) ECONOMIC CONDITION AND OUTLOOK: The amount of money a district spends is not the sole indicator of the effectiveness of the educational programs. Hammonton is in desperate need of adequate funding and are probably only a few years away from not being able to maintain our ability to successfully educate our students. Even with a spending cap of 2% we will not have funds for any other increases besides health insurance costs. We are at the minimum number of teachers, administrators, and support staff necessary to provide our students with a thorough and efficient education. Any reductions in personnel would decrease student learning and negatively impact their health and safety. The NJ Department of Education provides an analysis of 2016-17 Budgeted Costs Amount Per Pupil. Hammonton spends \$11,149 and is one of the lowest spending of 103 districts.

The Hammonton schools are highly effective as reflected in our classroom practices, formative assessments of student learning, and the NJ State Assessments. In addition, our average SAT scores are the second highest in Atlantic County while spending approximately \$3,000 less per pupil. Over the past three years in administering the PARCC we have seen growth in most grade levels in both math and English language arts.

With a student population of approximately 3500 students in connection with our sending districts of Waterford and Folsom, the Hammonton School District provides educational opportunities to prepare 21st century learners with the skill set necessary to compete in an everchanging world. Our professional staff continuously researches and implements best practices to provide a well-rounded education. The ability to achieve this goal is through the commitment of all stakeholders to promote the mission of inspiring all students.

3) MAJOR INITIATIVES: For the 2017-2018 school year, Hammonton will continue with staff development and monitoring in the areas of differentiated instruction, Sheltered Instruction Observation Protocol (SIOP), Readers, Writers and Math Workshop, and pre-college opportunities. We are dedicated to providing an educational environment that develops, fosters and enhances student achievement with a mission to provide educational opportunities that inspire students to achieve their full academic, social and civic potential. Additionally, the district is committed to providing teachers with support to refine subject matter mastery and expertise to allow students to function as independent learners through the implementation of the New Jersey Student Learning Standards. Our focus is to foster the gradual release of responsibility to develop learners that are college and career ready.

Curriculum: The Hammonton School District is committed to the goal that all students can learn. Each grade level builds on the foundations set by the previous one. Throughout the school year and through the summer months, we devote resources to vertically and horizontally articulate our district curriculum to continuously improve our programs. In addition to course offerings in the content areas, we have also developed offerings in fine and practical arts, STEM academies, drama, AP classes and numerous dual-enrollment courses. Students are also provided opportunities to give back to their community through various clubs and organizations that donate food, clothing, money and various resources to families in need, thus fulfilling our mission to providing opportunities for students to achieve to their full potential.

Professional Development: As well as providing opportunities to our students, the Hammonton School District is committed to providing teachers with resources to refine subject matter mastery and expertise needed to allow students to function as independent learners and problem-solvers. Through the professional learning community structure, we utilize our in-house "experts" to train our staff. Our professional development committees survey our teachers and identify areas of interests and concerns. Based on these findings, in-service trainings are implemented to meet the needs of our professional staff. During the 2016-17 school year, we devoted an entire in-service program to teacher wellness and best practices and will continue this initiative this year. In addition, we are members of the New Jersey Consortia for Excellence through Equity where teachers and administrators are exposed to current educational trends in achieving equity in education.

Technology: As a Choice district, Hammonton has upgraded the number of student devices in grades 6-12 to achieve a 1:1 ratio within all classrooms to assist students in becoming college and career ready. With the availability of devices, all content areas have developed technology-infused instructional programs. Students and teachers are adept at utilizing various resources through Google Classroom and Ipad apps. The curriculum has been adjusted to connect academics with application. In order to support this initiative, numerous infrastructure upgrades have been required throughout the district.

4) INTERNAL ACCOUNTING CONTROLS: Management of the District is responsible for establishing and maintaining internal controls designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal awards and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal awards and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5) BUDGETARY CONTROLS: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at June 30, 2017.

- 6) ACCOUNTING SYSTEM AND REPORTS: The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.
- 7) **DEBT ADMINISTRATION**: At June 30, 2017, the District's outstanding debt issues included \$24,409,000 of general obligation bonds. The proceeds of the bond issues were used to provide funds for the construction of the High School and Early Childhood Center and also for capital improvements to the Middle School and W.E.S. Elementary School.
- 8) CASH MANAGEMENT: The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements," Note 1 and 2. The District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.
- 9) RISK MANAGEMENT: The Hammonton Board of Education is a member of the New Jersey Schools Insurance Group (NJSIG). The program provides school districts with a long-term alternative to the conventional insurance market as a means of stabilizing the otherwise cyclical nature of insurance expenditures. The Fund provides its member districts with the following coverage:
- 1. Property
- 2. Equipment Breakdown;
- 3. General and Automobile Liability;
- 4. Worker's Compensation;
- 5. School Leaders Errors and Omissions Liability;

10) OTHER INFORMATION:

A) Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Nightlinger, Colavita & Volpa, PA was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1996 and the related Uniform Guidance and New Jersey OMB 15-08. The auditor's report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

11) ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Town of Hammonton Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

Robin Chieco

INDEPENDENT AUDITOR'S REPORT

The Honorable President and Members of the Board of Education Town of Hammonton School District County of Atlantic, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the Town of Hammonton School District in the County of Atlantic, State of New Jersey, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Town of Hammonton School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Town of Hammonton Board of Education in the County of Atlantic, State of New Jersey, as of June 30, 2017, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and schedules related to accounting and reporting for pensions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Hammonton School Board of Education's basic financial statements. The introductory section, combining and individual non-major fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by the Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, and is also not a required part of the basic financial statements.

The combining and individual non-major fund financial statements and the schedule of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements and the schedule of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued a report dated November 14, 2017 on our consideration of the Town of Hammonton Board of Education's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Governments Auditing Standards in considering Town of Hammonton Board of Education's internal control over financial reporting and compliance.

Respectfully submitted,

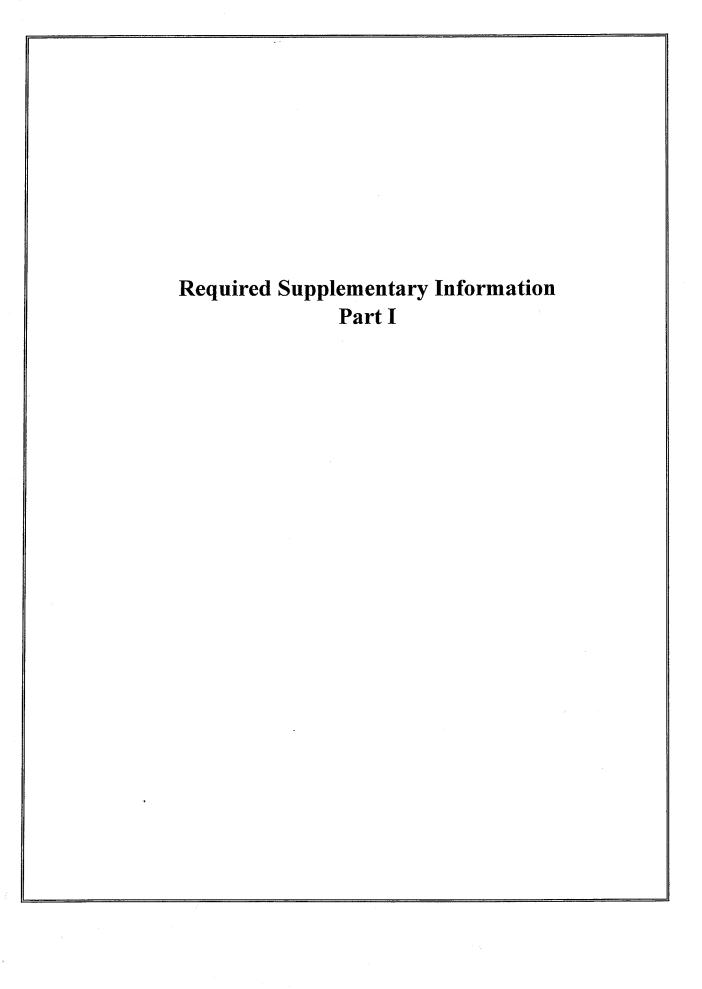

NIGHTLINGER, COLAVITA & VOLPA, P.A.

Raymond Colavita, C.P.A., R.M.A. Licensed Public School Accountant

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Town of Hammonton School District ("District") annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2017. Please read it in conjunction with the transmittal letter at the front of this report and the District's financial statement.

FINANCIAL HIGHLIGHTS

- The assets of the District exceeded its liabilities at the close of the fiscal year by \$2,620,057. This amount represents net position, which decreased by \$1,180,694 from the previous year end.
- The District's total net position of governmental activities totaled \$1,783,404.
- General revenues accounted for \$41,026,387 in revenue, or 74% of all revenues. Program specific revenues in the form of charges for services, operating grants, contributions and capital grants accounted for \$14,393,858 or 26% to total revenues of \$55,420,245.
- Total net assets of governmental activities decreased by \$1,053,620, made up of changes in cash and cash equivalents, various receivables and various liabilities.
- The district had \$54,885,504 in governmental expenses, of which \$12,806,810 of these expenses was offset by program specific charges for services, grants or contributions. General revenues, primarily Federal and State aid and property taxes of \$41,025,074 adequately provided for governmental activity programs.
- The General Fund had \$48,861,349 in revenues, \$115,091 in transfers and prior year adjustments and \$49,716,795 in expenditures. As a result, the General Fund balance decreased by \$740,355.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts – management's discussion and analysis (this section), the basic financial statements, required supplementary information, and an optional section that presents combining statements for special revenue, proprietary, and fiduciary funds. The basic financial statements include two kinds of statements that present different views of the District.

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the District's overall financial status.
- The remaining statements are *fund financial statements* that focus on individual parts of the District's government, reporting on the District's operations in *more detail* than the government-wide statements.

- > The governmental funds statements tell how general government services like instruction were financed in the short term as well as what remains for future spending.
- > Proprietary fund statements offer short- and long-term financial information about the activities the District operates like businesses, such as the food service area and latchkey program.
- Fiduciary fund statements provide information about the financial relationships like the unemployment trust fund in which the District acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements.

Government-wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes *all* of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's *net position* and how they have changed. Net position – the difference between the District's assets and liabilities – is one way to measure the District's financial health, or *position*.

- Over time, increases or decreases in the District's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the District you need to consider additional nonfinancial factors such as changes in the Town's property tax base and the condition of the District's facilities.

The government-wide financial statements of the District are divided into two categories:

- Governmental activities most of the District's basic services are included here, such as instruction, transportation, administration, and plant operations. Property taxes and state and federal grants finance most of these activities.
- Business-type activities the District charges fees to customers to help it cover the costs of certain services it provides. The District's food service and latchkey programs are included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant *funds* – not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes.

The District has three kinds of funds:

- Governmental funds Most of the District's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement that explains the relationship (or differences) between them.
- Proprietary funds Services for which the District charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long- and short-term financial information. In fact, the District's enterprise funds (one type of proprietary fund) are the same as its business-type activities, but provide more detail and additional information, such as cash flows.
- Fiduciary funds The District is the trustee, or fiduciary, for its employees' unemployment compensation plan. It is also responsible for other assets that because of a trust arrangement can be used only for the trust beneficiaries. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District's fiduciary activities are reported in separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. We exclude these activities from the District's government-wide financial statements because the District cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

The Statement of Net Position provides the perspective of the School District as a whole.

Table 1 provides a comparative summary of the School District's net position for the years ended in 2017 and 2016.

Business-type Activities

The District's business-type activities net position decreased \$127,074 from the previous year end. Operating revenues decreased \$138,987, non-operating revenue increased \$32,587 and expenses increased by \$61,389 over the prior year.

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows a comparison of the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The School District's major funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$53,831,884 and expenditures of \$54,831,584. The net change in fund balance for the year was a decrease of \$(999,700).

General Fund Budgetary Highlights

As further explained in the Footnotes to the Financial Statements, annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds. The budgets are submitted to the County office and, as a Type II School District, are approved by the voters annually. Transfers of appropriations that do not exceed 10% on a cumulative basis may be made by Board resolution at any time during the fiscal year. Transfers of appropriations that exceed 10% on a cumulative basis must be approved by the Commissioner of Education. The District is permitted to encumber funds throughout the year for purchases ordered but not yet received. Any open encumbrances as of June 30th carry over to the next fiscal year and are added to the appropriation reflected in the certified budget.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of 2017, the District had invested \$37.5 million in a broad range of capital assets, including land, buildings, improvements, machinery and equipment.

	Governmental		Business-type			
	Activities		Activities		<u>Total</u>

Total	36,790,719	38,335,170	764,480	310,114	37,555,199	38,645,284

Detailed information about the District's capital assets is presented in Note 6 to the financial statements.

Long-term Obligations

All bonds are authorized in accordance with State law by the voters of the District. At the end of the current fiscal year, the District had total bonded debt outstanding of \$26,099,000.

	Balance 6/30/16	Issued	Retired	Balance 6/30/17

Compensated absences				
Payable _	\$32,124	1,575	***	33,699
Total Business-type Activities	\$32,124	1,575	0_	33,699

More detailed information about the District's long-term obligations is presented in Note 7 to the financial statements.

The legal debt limit for the District is \$53,367,430 of which \$28,958,430 or 54.26% is available to be authorized by voter approval.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The student population in the District has increased over the past 10 years, resulting in a significant strain on the school district and the local taxpayers. The 2017-2018 state aid funding increased however, based on the current state of the economy, we are unable to predict what the future holds as far as future state aid allocations.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to present users (residents, receiving districts, and creditors) with a general overview of the District's finances and to demonstrate the District's accountability. If you have questions about the report or need additional financial information, contact the District's business administrator at 566 Old Forks Road, Hammonton, New Jersey 08037.

BASIC FINANCIAL STATEMENTS

DISTRICT - WIDE FINANCIAL STATEMENTS

The statement of net position and the statement of activities display information about the District. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of interna activities. These statements distinguish between the governmental and business-type activities of the District.

TOWN OF HAMMONTON SCHOOL DISTRICT

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Year Ended June 30, 2017

Total net change in fund balances - governmental funds (from B-2)		(\$999,700)
Amounts reported for governmental activities in the statement of activities (A-2) are different because:		
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the period. Depreciation expense Capital outlays	(1,713,647) 169,196	(1,544,451)
Repayment of long term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position and is not reported in the statement of activities		1,690,000
Premium on Bond Refunding is reported in governmental funds as a deferred inflow of resources. This is the amount the premium was amortized during the period.		23,113
Payment of accrued interest on long term debt is an expenditure in the governmental funds, but the payment reduces the liability in the statement of net position and is not reported in the statement of activities.		96,815
Pension contributions are reported in governmental funds as expenditures. However, in the statement of activities, the contributions are adjusted for actuarial valuation adjustments, including service and interest costs, administrative costs, investment returns, and experience/assumption. This is the amount by which net pension liability and deferred inflows/outflows related to pension changed during the period.		(364,795)
In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).		45,398
Change in net position of governmental activities		(\$1,053,620)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Hammonton School District is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District.

The financial statements of the Board of Education (Board) of the Town of Hammonton School District (District) have been prepared in conformity with accounting principles generally accepted in the United State of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are discussed below.

A. REPORTING ENTITY:

The Town of Hammonton School District is a Type II district located in the County of Atlantic, State of New Jersey. As a Type II District, the School District functions independently through a Board of Education. The board is comprised of nine members elected to three-year terms. In addition, one member is appointed from the Folsom School District and the Waterford School District under a sending/receiving relationship, as required by the statutes. Effective with the 2013 fiscal year, the election of Board Members was moved to the general election in November.

The purpose of the district is to educate students in grades K-12 as well as providing educational services for the Borough of Folsom students in grades 9-12 and the Township of Waterford students in grades 7-12. Beginning with the 2011-2012 school year the District was approved as a Choice School. The Town of Hammonton School District had an approximate enrollment at June 30, 2017 of 3,581 students.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB <u>Codification of Governmental Accounting and Financial Reporting Standards</u>, is whether:

- > the organization is legally separate (can sue or be sued in their own name)
- > the District holds the corporate powers of the organization
- > the District appoints a voting majority of the organization's board
- > the District is able to impose its will on the organization
- > the organization has the potential to impose a financial benefit/burden on the District
- > there is a fiscal dependency by the organization on the District

Based on the aforementioned criteria, the District has no component units.

B. BASIC FINANCIAL STATEMENTS – GOVERNMENT-WIDE STATEMENTS:

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The District's general, special revenue, capital projects and debt service activities are classified as governmental activities. The District's food service and latchkey program are classified as business-type activities.

In the governmental-wide Statement of Net Position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, (b) and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements however, inter-fund balances between the governmental funds and business-type activities are reflected as internal balances. The District's net positions are reported in three parts-net investments in capital assets; restricted net position; and unrestricted net position. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions and business-type activities (food service and latchkey). The functions are also supported by general government revenues (property taxes, tuition, certain intergovernmental revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (regular instruction, special education, student & instruction related services, etc.) or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property taxes, tuition, interest income, etc.).

a. The District does allocate indirect costs such as depreciation expense, compensated absences, bond issues costs, On-behalf TPAF Pension Contributions, and Reimbursed TPAF Social Security Contributions.

The government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities. Fiduciary funds are excluded from the government-wide financial statements.

C. BASIC FINANCIAL STATEMENTS - FUND FINANCIAL STATEMENTS:

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Non-major funds by category are summarized into a single column. GASBS No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The non-major funds are combined in a column in the fund financial statements. The State of New Jersey Department of Education has mandated that all New Jersey School Districts must report all governmental funds as major, regardless of the fund meeting the GASB definition of a major fund. However, the criteria are applied to the proprietary funds.

The following fund types are used by the District:

1. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District.

- a. **General fund** is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.
- b. **Special revenue** funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for a specific purpose. The special revenue fund is specifically used to account for state and federal grant monies that have been allocated to the District.
- c. Capital projects funds are used to account for all financial resources to be used for the acquisition or construction of major capital facilities. The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.
- d. **Debt service** funds are used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

Fund Balances - Governmental Funds

In the fund financial statements, governmental funds report the following classifications of fund balance:

Restricted – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.

Committed – includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to resolutions passed by the Board of education, the District's highest level of decision making authority. Commitments may be modified or rescinded only through resolutions approved by the Board of Education.

Assigned – includes amounts that the District intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Under the District's policy, amounts may be assigned by the Business Administrator.

Unassigned – includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the General Fund. The District reports all amounts that meet the unrestricted General Fund Balance Policy described below as unassigned:

The details of the fund balances are included in the Governmental Funds Balance Sheet. When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned or unassigned fund balance are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

2. Proprietary Funds:

The focus of proprietary fund measurement is upon determination of operating income, changes in net assets, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the District:

a. Enterprise funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designated to recover similar costs. The District operates a food service fund to provide a child nutrition program for

the students of the district and a Latchkey Program to provide before and after school care for school aged children in grades Pre-K through 5.

3. Fiduciary Funds:

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support District programs. The reporting focus is on net position and changes in net position. They are reported using accounting principles similar to proprietary funds.

The District's fiduciary funds are presented in the fiduciary fund financial statements by type (pension, private purpose and agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

Trust and Agency Funds – The Trust and Agency Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

Expendable Trust Funds – are accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. Expendable Trust Funds account for assets where both the principal and interest may be spent. Expendable Trust Funds include the Unemployment Compensation Insurance Trust and the Scholarship Fund.

Agency Funds – are used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations. Agency funds include payroll and student activity funds.

D. BASIS OF ACCOUNTING:

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

The District-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting as are the proprietary fund and the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year in which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Net positions are used as a practical measure of economic resources and the operating statement includes all transactions and events that increased or decreased net positions. Depreciation is

charged as an expense against current operations and capital assets are reported net of accumulated depreciation on the statement of net position.

The governmental fund financial statements are presented using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days after the end of the fiscal year. Revenue from federal, state and other grants designated for payment of specific school district expenditures is recognized when the related expenditures are incurred; accordingly, when such funds are received, they are recorded as deferred revenues until earned. Expenditures are generally recorded when the related liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

The District applies only those applicable pronouncements of the Financial Accounting Standards Board issued on or before November 30, 1989 in accounting and reporting for its proprietary operations.

E. BUDGETS/BUDGETARY CONTROL:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds. The budgets are submitted to the county office for approval and are voted upon at the annual school election in November. Budgets are prepared using the modified accrual basis of accounting, except for the special revenue fund. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:23-2(g). Transfers of appropriations may be made by School Board resolution at any time during the fiscal year. However, any transfer that cumulatively exceeds ten percent of the advertised budget category must receive the approval of the County Superintendent of Schools.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the

related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

Significant transfers approved by the Board of Education during the fiscal year were as follows:

Account Name	<u>Amount</u>
Regular Programs – Salaries Grades 9-12	(103,837)
Regular Programs – General Supplies	(187,887)
Tuition to other LEAs Within the State - Regular	106,918
Tuition to Private Schools for the Disabled – Within	
State	358,224
Extraordinary Services – Salaries	(188,808)
Extraordinary Services – Purchased Professional	
Educational Services	(114,200)
Unallocated Benefits – Other Employee Benefits	(158,240)

F. ENCUMBRANCE ACCOUNTING:

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds, other than the special revenue fund, are reported as reservations of fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund, for which the District has received advances, are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

G. ASSETS, LIABILITIES AND EQUITY:

Cash, Cash Equivalents and Investments

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

NJSA 17:9-41 et. Seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental units.

Investments

Investments, including deferred compensation and pension funds, are stated at fair value, (quoted market price or the best available estimate). Interest earned on investments in the Capital Projects Fund is recognized as a reserve to pay future debt service or transferred to the general fund.

Interfund Transactions

Transfers between governmental and business-type activities on the District-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as inter-fund transfers. Inter-fund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in the Enterprise Fund. Repayments from funds responsible for particular expenditure/expenses to the funds that initially paid for them are not presented on the financial statements.

Inventories

Inventories, other than those recorded in the enterprise fund, are recorded as expenditures during the year of purchase. Inventories in the enterprise fund are recorded at cost, computed on a first-in, first-out method.

Capital Assets

The District has established a formal system of accounting for its capital assets. Purchased or constructed capital assets are reported at cost. Donated assets are reported as capital assets at their estimated fair market value at the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The capitalization threshold used by school districts in the State of New Jersey is \$2,000.

All reported capital assets except for land and construction in progress are depreciated. Depreciation is computed on the straight-line basis over their estimated useful lives. Useful lives vary from 20 to 50 years for land improvements and buildings, and 5 to 20 years for equipment.

Compensated Absences

The District accounts for compensated absences (e.g. sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policies. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the district for the unused sick leave in accordance with the District's agreements with the various employee unions.

The liability for compensated absences was accrued using the termination payment method, whereby the liability is calculated based on the amount of sick leave that is expected to become eligible for payment upon termination. The District estimates its accrued compensated absences liability based on the accumulated sick and vacation days at the balance sheet date by those employees who are currently eligible to receive termination payments.

For the District-wide Statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the Fund Financial Statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received in the Special Revenue Fund before they have been earned are recorded as unearned revenue.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the District-wide financial statements. In general, governmental fund payables and accrued liabilities that once incurred are paid in a timely manner and in full from current financial resources are reported as obligations of the funds.

However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

Net Position

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation reduced by the outstanding balance of any debt used for the acquisition, construction or improvement of those assets.

Net positions are reported as restricted when there are limitations imposed on their use, either through the enabling legislation adopted by the School district, or through external restrictions imposed by creditors, grantors, or law or regulations of other governments. The School District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Fund Balance Reserves

In accordance with Governmental Accounting Standards Board Statement 54, Fund Balance Reporting and Governmental Fund Type Definitions, the District classified governmental fund balances as follows;

- Non-spendable includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual restraints.
- Restricted includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers such as creditors or amounts constrained due to constitutional provisions or enabling legislation.

- Committed includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year end.
- Assigned includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund Balance may be assigned by the Board of Education, Superintendent or Business Administrator.
- Unassigned includes positive fund balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

Revenues

Substantially all governmental fund revenues are accrued. Property taxes are susceptible to accrual and under New Jersey State Statutes a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. In the proprietary funds, operating revenues consist of revenues that are a direct result of the operations of the program. Subsidies and grants to proprietary funds, which finance either capital or current operations, are reported as non operating revenue. With respect to grant revenues, the provider recognizes liabilities and expenses and recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and unearned revenue by the recipient.

Expenditures

Expenses are recognized when the related fund liability is incurred. Inventory costs are reported in the period when inventory items are used, rather than in the period purchased.

Tuition Receivable

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

Tuition Payable

Tuition charges for the fiscal year were based on rates established by the receiving districts. These rates are subject to change when the actual costs have been determined.

Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those results.

Allocation of Costs

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses such as depreciation, compensated absences and employee benefits are allocated to functions but are reported separately in the Statement of Activities.

H. ACCOUNTING CHANGES

Change in Accounting Principles – As the result of implementing Governmental Accounting Standards Board (GASB) Statements Nos. 68, the District restated the beginning net position in the government-wide Statement of Net Position, effectively decreasing net position as of July 1, 2014 by \$12,331,862. The decrease results from recording the net pension liability offset by deferred outflows.

I. RECENT ACCOUNTING PRONOUNCEMENTS NOT YET EFFECTIVE

In June 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 74, "Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans". This statement effective for fiscal periods beginning after June 30, 2016, establishes new accounting and financial reporting requirements for OPEB plans. It is anticipated that this statement will not have any effect on the District's financial reporting.

In June 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". This statement is effective for fiscal periods beginning after June 30, 2017. Although not determinable, the impact of this statement on the net position of the entity is anticipated to be significant.

In January 2016, the Governmental Accounting Standards Board (FASB) issued Statement No. 80, "Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14". This statement is effective for fiscal periods beginning after December 15, 2016, will not have any effect on the District's financial reporting.

In March 2016, the Governmental Accounting Standards Board (FASB) issued Statement No. 81, "Irrevocable Split-Interest Agreements". This statement is effective for fiscal periods beginning after December 15, 2016, will not have any effect on the District's financial reporting.

In March 2016, the Governmental Accounting Standards Board (FASB) issued Statement No. 82, "Pension Issues – an amendment of GASB Statements No. 67, No. 68 and No.73". This statement is effective for fiscal periods beginning after June 15, 2016, will not have any effect on the District's financial reporting, however will affect the disclosure of pension related items.

In November 2016, the Governmental Accounting Standards Board (GASB) issued Statement No. 83, "Certain Asset Retirement Obligations". This statement is effective for fiscal periods beginning after June 15, 2018, will not have any effect on the District's financial reporting.

In January 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 84, "Fiduciary Activities". This statement is effective for fiscal periods beginning after December 15, 2018, will not have any effect on the District's financial reporting.

In March 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 85, "Omnibus 2017". This statement is effective for fiscal periods beginning after June 15, 2017, will have an effect on the District's financial reporting and will affect the disclosure of pension related items.

In May 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 86, "Certain Debt Extinguishment Issues". This statement is effective for fiscal periods beginning after June 15, 2017, will have an effect on the District's financial reporting and will affect the disclosure of debt related items.

NOTE 2. – INVESTMENTS

As of June 30, 2017, the district had no investments. However, if the District had investments they would be subject to the following risks.

Interest Rate Risk. The district does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 18A:20-37 limits the length of time for most investments to 397 days.

Credit Risk. New Jersey Statutes 18A:20-37 limits district investments to those specified in the Statutes. The type of allowable investments are Bonds of the United States of America or of the district or the local units in which the district is located; obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk. The district places no limit on the amount the district may invest in any one issuer.

NOTE 3. – CASH

Custodial Credit Risk—Deposits. Custodial credit risk is the risk that in the event of a bank failure, the School District's deposits may not be returned to it. The district's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in the New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 18A:20-37 that are treated as cash equivalents. At June 30, 2017, the carrying amount of the District's deposits (cash and cash equivalents) was \$7,236,395 and the bank balance was \$8,305,069.

As of June 30, 2017, the School District's bank balance was exposed to custodial credit risk as follows:

GUDPA Insured	8,055,069
Bank balance, June 30, 2017	\$ 8,305,069

NOTE 4 – RECEIVABLES

Receivables at June 30, 2017, consisted of other receivables (tuition, taxes and other), inter-fund and intergovernmental. All receivables are considered collectible in full. A summary of the principal items of intergovernmental receivables follows:

		Governmental		Government
		Fund		Wide
	Financial		Financial	
		Statements		Statements
State and Federal Aid	\$	2,515,740	\$	2,574,451

Compensated absences and capital leases will be liquidated in the General Fund.

A. Bonds Payable:

Bonds are authorized in accordance with State law by the voters of the District through referendums. All bonds are retired in serial installments within the statutory period of

usefulness. Bonds issued by the Board are general obligation bonds.

Description of Bonds Payable

At June 30, 2017, bonds payable consisted of the following issues:

\$21,611,000 School Bonds dated 10/15/2001 payable in annual installments through August 1, 2012. Interest is paid semiannually at a fixed rate of 4.75% per annum. The balance as of June 30, 2017 was \$0. \$7,385,000 of these bonds were refunded on 9/19/06. The net present value savings amounted to \$426,798. \$10,890,000 of these bonds were refunded on 3/23/10. The net present value savings amounted to \$449,777.

\$10,890,000 Refunding School Bonds dated 3/23/2010 payable in annual installments through August 1, 2025. Interest is paid semiannually at varying rates between 2.00% and 5.00% per annum. The balance as of June 30, 2017 was \$7,520,000.

\$7,385,000 School Bonds dated 9/19/2006 payable in annual installments through August 1, 2030. Interest is paid semiannually at varying rates between 3.00% and 4.20% per annum. The balance as of June 30, 2017 was \$0. \$7,050,000 of these bonds were refunded on 5/11/16.

\$7,050,000 Refunding School Bonds dated 5/11/2016 payable in annual installments through August 1, 2030. Interest is paid semiannually at varying rates between 2.00% and 3.25% per annum. The balance as of June 30, 2017 was \$6,990,000.

\$2,614,000 School Bonds dated 4/15/2006 payable in annual installments through July 15, 2021. Interest is paid semiannually at varying rates between 4.25% and 4.30% per annum. The balance as of June 30, 2017 was \$1,049,000.

\$11,800,000 School Bonds dated 6/24/2010 payable in annual installments through July 1, 2030. Interest is paid semiannually at varying rates between 3.25% and 4.125% per annum. The balance as of June 30, 2017 was \$8,850,000.

Debt service requirements on serial bonds payable at June 30, 2017 are as follows:

,	Principal	Interest	Total
Year ending June 30,	,		
2018	1,505,000	890,768	2,395,768
2019	1,550,000	824,949	2,374,949
2020	1,600,000	759,925	2,359,925
2021	1,655,000	692,919	2,347,919
2022	1,744,000	627,240	2,371,240
2023-2027	8,365,000	2,199,016	10,564,016
2028-2031	7,990,000	578,127	8,568,127
	24,409,000	6,572,944	30,981,944

B. Bonds Authorized But Not Issued:

As of June 30, 2017 the Board had authorized but not issued bonds in the amount of \$0.

NOTE 8. PENSION PLANS

Description of Plans

All required employees of the District are covered by either the Public Employees' Retirement System, the Teacher's Pension and Annuity Fund or the Defined Contribution Retirement Program which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of the systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New 08625 or reports accessed the internet Jersey, the can be on http://www.state.nj.us/treasury/pensions/annrpts archive.htm

Teachers' Pension and Annuity Fund (TPAF)

The Teachers' Pension and Annuity Fund (TPAF) was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple- employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers Pension and Annuity Fund (TPAF) and additions to/deductions from the TPAF's fiduciary net position have been determined on the same basis as they are reported by the TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at a fair value.

Public Employees' Retirement System (PERS)

The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple- employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

Defined Contribution Retirement Program (DCRP)

The Defined Contribution Retirement Program (DCRP) was established as of July 1, 2008 under the provisions of Chapter 92, P.L. 2008 and Chapter 103, P.L. 2008 (N.J.S.A. 43:15C-1 et seq.). The DCRP is a cost-sharing multiple-employer defined contribution pension fund. The DCRP provides eligible members, and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N.J.S.A. 43:15C-1 et seq.

The contribution requirements of plan members are determined by state statute. In accordance with Chapter 92, P.L.2008 and Chapter 103, P.L. 2008, plan members are required to contribute 5.5% of their annual covered salary. The State Treasurer has the right under current law to make temporary reductions in member rates based on the existence of surplus plan assets in the retirement system; however statute also requires the return to the normal rate when such surplus pension assets no longer exist. In addition to the employee contributions, the School District's contribution amounts for each pay period are required to be transmitted to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period.

Vesting and Benefit Provisions – The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Contribution Requirements – The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5.5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a noncontributing employer of the TPAF.

The School District's contributions to PERS for the years ending June 30, 2017, 2016, 2015 were \$539,844, \$604,780 and \$572,931 respectively, equal to the required contributions for each year.

During the fiscal years ended June 30, 2017, 2016 and 2015, the State of New Jersey contributed \$4,060,894, \$3,427,459 and \$2,721,279 respectively, to the TPAF for post-retirement medical benefits and NCGI Premium on behalf of the Board. Also, in accordance with NJSA 18A:66-66 the State of New Jersey reimbursed the Board \$1,503,931, \$1,499,270 and \$1,483,348 during the same fiscal years for the employer's share of social security contributions for TPAF members as calculated on their base salaries. These amounts, which are not required to be budgeted, have been included in the financial statements, and the combining and individual fund and account group statements and schedules as revenues and expenditures in accordance in GASB 27.

Significant Legislation

Chapter 78, P.L. 2011, effective June 23, 2011 made various changes to the manner in which the Public Employees' Retirement System (PERS) and the Police and Firemen's Retirement (PFRS) operate and to the benefit provisions of those systems.

Chapter 78's provisions impacting employee pension and health benefits include:

- New members of the PERS hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of ¼ of 1% for each month that the member is under age 65.
- The eligibility age to qualify for a service retirement in the PERS is increased from age 63 to 65 for Tier 5 members.
- The annual benefit under special retirement for new PFRS members enrolled after June 28, 2011 (Tier 3 members), will be 60% instead of 65% of the member's final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years.
- Increases in active member contribution rates. PERS active member rates increase from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years; PFRS active member rate increase from 8.5% to 10%. For fiscal year 2013, the member contribution rates increased in October 2011. The phase-in of the additional incremental member contribution rates for PERS members will take place in July of each subsequent

fiscal year.

- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law
- New employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary.
- In addition, this new legislation changes the method of amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

Chapter 1, P.L. 2010, effective May 21, 2010, made a number of changes to the State-administered retirement systems concerning eligibility, the retirement allowance formula, the definition of compensation, the positions eligible for service credit, the non-forfeitable right to a pension, the prosecutor's part of the PERS, special retirement under the PFRS, and employer contributions to the retirement systems.

Also, Chapter 1, P.L. 2010 changed the membership eligibility criteria for new members of PERS from the amount of annual compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of PERS to 1/60th from 1/55th, and it provided that new members of PERS have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of PERS will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. For new members of the PFRS, the law capped the maximum compensation that can be used to calculate a pension from these plans at the annual wage contribution base for social security, and requires the pension to be calculated using a three year average annual compensation instead of the last year's salary. This law also closed the Prosecutors Part of the PERS to new members and repealed the law for new members that provided a non-forfeitable right to receive a pension based on the laws of the retirement system in place at the time 5 years of pension service credit is attained. The law also requires the State to make its full pension contribution, defined as 1/7th of the required amount, beginning in fiscal years 2012.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of the PERS with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Chapter 92, P.L. 2007 implemented certain recommendations contained in the December 1, 2006 report of the Joint Legislative Committee on Public Employee Benefits Reform; established a DCRP for elected and certain appointed officials, effective July 1, 2007; the new pension loan interest rate became 4.69% per year, and an \$8.00 processing fee per loan was charged, effective

January 1, 2008. The legislation also removed language from existing law that permits the State Treasurer to reduce employer pension contributions needed to fund the Funds and Systems when excess assets are available.

NOTE 9. TEACHERS' PENSION AND ANNUITY FUND (TPAF)

At June 30, 2017, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability

.1954106%

State's proportionate share of the net pension liability Associated with the District

\$ 153,722,385

Total

\$ 153,722,385

The net pension liability was measured as of June 30, 2016 and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. At June 30, 2017, the District was not required to report a liability for its proportionate share of the net pension liability because of a 100% reduction for State of New Jersey pension support provided to the district.

For the year ended June 30, 2017, the District recognized pension expense of \$11,550,098 and revenue of \$11,550,098 for support provided by the State. At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to TPAF from the following sources:

Actuarial assumptions - The total pension liability for the June 30, 2016 measurement date was determined by an actuarial valuation as of July 1, 2015, which was rolled forward to June 30, 2016. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate:

2.5%

Salary Increases:

2012-2021:

Varies based on experience

Thereafter:

Varies based on experience

Investment Rate of Return:

7.65%

Pre-retirement, post-retirement and disabled mortality rates were based on the experience of TPAF members reflecting mortality improvement on a generational basis based on a 60 year average of Social Security data from 1953 to 2013.

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2012 to June 30, 2015.

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.65% at June 30, 2016) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2016 are summarized in the following table:

		Long-Term Expected Real
Asset Class	Target Allocation	Rate of Return
US Cash	5.00%	.39%
US Government Bonds	1.50%	1.28%
US Credit Bonds	13.00%	2.76%
US Mortgages	2.00%	2.38%
US Inflation-Indexed Bonds	1.50%	1.41%
US High Yield Bonds	2.00%	4.70%
US Equity Market	26.00%	5.14%
Foreign Developed Equity	13.25%	5.91%
Emergency Market Equities	6.50%	8.16%
Private Real Estate Property	5.25%	3.64%
Timber	1.00%	3.86%
Farmland	1.00%	4.39%
Private Equity	9.00%	8.97%
Commodities	.50%	2.87%
Hedge Funds – Multi Strategy	5.00%	3.70%
Hedge Funds – Equity Hedge	3.75%	4.72%
Hedge Funds - Distressed	3.75%	3.49%

Discount rate. The discount rate used to measure the State's total pension liability was 3.22% as of June 30, 2016. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.65%, and a municipal bond rate of 2.85% as of June 30, 2016, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members

will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of employers' contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2029. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2029, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate.

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 3.22% as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.22%) or 1-percentage-point higher (4.22%) than the current rate:

		<u>Current</u>	
	1% Decrease	Discount Rate	1% Increase
	(2.22%)	(3.22%)	(4.22%)
District's proportionate share of the net			
pension liability	\$ -	\$ -	\$ -

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Divisions of Pensions and Benefits financial report at http://www.nj.gov/treasury/pensions/financial-rprts-home.shtml.

NOTE 10. PUBLIC EMPLOYEES' RETIREMENT SYSTEM (PERS)

Summary of Significant Accounting Policies – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the PERS and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2017, the District reported a liability of \$17,963,393 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2016, and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2016. The District's proportion measured as of June 30,

2016 was 0.060652% which was a decrease of 0.00969% from its proportion measured as of June 30, 2015.

For the year ended June 30, 2017, the District recognized pension expense of \$364,795. At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	-	Deferred Outflows of Resources	 Deferred Inflows of Resources
Differences between expected and actual experience Changes of assumptions	\$	334,065 3,721,055	\$
Net difference between projected and actual earnings on pension plan investments		684,961	
Changes in proportion Contributions subsequent to the measurement date	<u>-</u>	262,839 539,844	 1,579,660
Total	\$	5,542,764	\$ 1,579,660

Additional Information - Collective Balances at June 30, 2017 and 2016 are as follows:

Year	6/30/2017		6/30/2016	
Collective deferred outflows of resources	\$	5,542,764	\$	2,982,413
Collective deferred inflows of resources	\$	1,579,660	\$	253,890
Collective Net Pension Liability	\$	17,963,393	\$	15,791,086
District's Proportion		0.060652%		0.070345%

Actuarial assumptions. The collective total pension liability for the June 30, 2016 measurement date was determined by an actuarial valuation as of July 1, 2015, which was rolled forward to June 30, 2016. This actuarial valuation used the following actuarial assumptions:

Inflation:	3.08%
Salary Increases:	
Through 2026	1.65%-4.15% based on age
Thereafter	2.65%-5.15% based on age
nvestment Rate on Return:	7.65%

Pre-retirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. For State employees, mortality tables are set back 4 years for males and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2014 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000

Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

In accordance with State statute, the long-term expected rate of return on plan investments (7.65% at June 30, 2016) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2016 are summarized in the following table:

		Long-Term Expected Real
Asset Class	Target Allocation	Rate of Return
Cash	5.00%	.87%
U.S. Treasuries	1.50%	1.74%
Investment Grade Credit	8.00%	1.79%
Mortgages	2.00%	1.67%
High Yield Bonds	2.00%	4.56%
Inflation-Indexed Bonds	1.50%	3.44%
Broad US Equities	26.00%	8.53%
Developed Foreign Equities	13.25%	6.83%
Emerging Market Equities	6.50%	9.95%
Private Equity	9.00%	12.40%
Hedge Funds / Absolute Return	12.50%	4.68%
Real Estate (Property)	2.00%	6.91%
Commodities	.50%	5.45%
Global Debt ex US	5.00%	-0.25%
REIT	5.25%	5.63%

Discount rate. The discount rate used to measure the total pension liability was 3.98% as of June 30, 2016. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.65%, and a municipal bond rate of 2.85% as of June 30, 2016, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 30% of the actuarially determined contributions and the local employers contributed 100% of the actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2034. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2034, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate. The following presents the District's proportionate share of the net pension liability measured as of June 30, 2016, calculated using the discount rate disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

		<u>Current</u>	
	1% Decrease	Discount Rate	1% Increase
	<u>(2.98%)</u>	(3.98%)	<u>(4.98%)</u>
District's proportionate share of the net			
pension liability	\$22,012,041	\$17,963,393	\$14,620,882

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Divisions of Pensions and Benefits financial report at http://www.nj.gov/treasury/pensions/financial-rprts-home.shtml.

NOTE 11. POST-RETIREMENT BENEFITS

Chapter 384 of P.L. 1987 and Chapter 6 of P.L. 1990 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, C.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2016, there were 110,512 retirees receiving post-retirement medical benefits, and the State contributed \$1.37 billion on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, C.62. Funding of post-retirement

medical premiums changed from a prefunding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 1992 C.126, which provides free health benefits to members of PERS and the Alternate Benefit Program (APB) who retired from a board of education or county college with 25 years of service. The State paid \$231.2 million toward Chapter 126 benefits for 20,045 eligible retired members in Fiscal Year 2016.

NOTE 12. DEFERRED COMPENSATION

The Board offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

Ameripance Financial
American Century Services
ASPire Financial Services
TPAF Supplemental Annuity
Putnam Funds
Lincoln Investment Planning
Siracusa Benefits Program
Vanguard Investments
AXA Equitable Life Insurance Company
Great American Financial Resources

NOTE 13. COMPENSATED ABSENCES

The District accounts for compensated absences (e.g. sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policies. Sick leave benefits provide for ordinary sick pay and is capped based on the various employee contracts.

In the district-wide Statement of Net Position, the liabilities whose average maturities are greater than one year should be reported in two components – the amount due within one year and the amount due in more than one year.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2017, a liability existed for compensated absences in the Food Service Program in the amount of \$33,699.

NOTE 14. CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the Town of Hammonton Board of Education in a prior year, which was certified for taxes, for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP) and updated annually in the Quality Assurance Annual Report (QAAR). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to NJAC 6:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2016 to June 30, 2017 fiscal year is as follows:

Beginning balance, July 1, 2016	\$3,974,688
Interest Earnings	7,795
Unspent Capital Project Returned	354,084
Budgeted Withdrawal	(431,357)
Ending balance, June 30, 2017	\$3,908,210

The 2017-2018 Budget includes a withdrawal from the Capital Reserve Account in the amount of \$435,157.

NOTE 15. EMERGENCY RESERVE

New Jersey Statute 18A:7F-41(c) permits school districts to establish a current expense emergency reserve in the general fund with deposits made to the account with voter approval, beginning in the fiscal year 2008 budget process, or at year end by board resolution. This reserve account is to be used to finance future unanticipated (reasonably unforeseeable) general fund expenditures required for a thorough and efficient education. The emergency reserve balance cannot exceed \$250,000 or one percent of the district's general fund budget (which amounts to \$ for the 2017 fiscal year) up to a maximum of \$1 million, whichever is greater. Withdrawals require the approval of the Commissioner unless the withdrawal is necessary to meet an increase in total health costs greater than four percent.

The activity in the emergency reserve for the 2017 fiscal year is as follows:

Beginning balance, July 1, 2016	\$ 317,251
Interest Earnings	635
Ending balance, June 30, 2017	\$ 317 886

NOTE 16. MAINTENANCE RESERVE

New Jersey Statute 18A:7G-9 permits school districts to accumulate funds for the required maintenance of a facility in accordance with EFCFA. The balance may only be increased through an appropriation in the annual general fund budget certified for taxes. Upon completion of a school facilities projects, districts are required to submit a plan for maintenance of that facility.

The activity in the maintenance reserve for the 2017 fiscal year is as follows:

\$2,387,007
3,291
(741,500)
1,648,798

The 2017-2018 Budget includes a withdrawal from the Maintenance Reserve Account in the amount of \$325,000.

NOTE 17. TUITION RESERVE 2014-2015

New Jersey Statute permits school districts to accumulate funds for tuition adjustments. The district shall make full appropriation of the reserve for tuition adjustments in the second year following the contract year.

The activity in the tuition reserve for the 2017 fiscal year is as follows:

Beginning balance, July 1, 2016	\$ 800,00	0
Budget Appropriation	(800,000)	
Ending balance, June 30, 2017	\$ •	0

NOTE 18. TUITION RESERVE 2015-2016

New Jersey Statute permits school districts to accumulate funds for tuition adjustments. The district shall make full appropriation of the reserve for tuition adjustments in the second year following the contract year.

The activity in the tuition reserve for the 2017 fiscal year is as follows:

Beginning balance, July 1, 2016	\$ 800,000
Budget Appropriation	0
Ending balance, June 30, 2017	\$ 800,000

The 2017-2018 Budget includes a withdrawal from the Tuition Reserve Account in the amount of \$800,000.

NOTE 19. TUITION RESERVE 2016-2017

New Jersey Statute permits school districts to accumulate funds for tuition adjustments. The district shall make full appropriation of the reserve for tuition adjustments in the second year following the contract year.

The activity in the tuition reserve for the 2017 fiscal year is as follows:

Beginning balance, July 1, 2016	\$ 0
Board Resolution, dated June 8, 2017	800,000
Ending balance, June 30, 2017	\$ 800,000

NOTE 20. DEFICIT FUND BALANCES

The District has a deficit fund balance of \$718,405 in the General Fund and \$45,518 in the Special Revenue Fund as of June 30, 2017 as reported in the fund statements (modified accrual basis). N.J.S.A. 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, districts must record the last state aid payment as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability. Since the State is recording the last state aid payment in the subsequent fiscal year, the school district can not recognize the last state aid payment on the GAAP financial statements until the year the State records the payable. Due to the timing difference of recording the last state aid payment, the Special Revenue Fund balance deficit does not alone indicate that the district is facing financial difficulties.

Pursuant to N.J.S.A. 18A:22-44.2 any negative unreserved, undesignated general fund balance that is reported as a direct result from a delay in the June payment(s) of state aid until the following fiscal year, is not considered in violation of New Jersey statute and regulation nor in need of correction action. The District deficit in the GAAP funds statement of \$718,405 in the General Fund and \$45,518 in the Special revenue fund is equal to or less than the last state payment(s).

NOTE 21. FUND BALANCES

Restricted Fund Balance

<u>Capital Reserve</u> – As of June 30, 2017, there is a balance of \$3,905,210 in the Capital Reserve Account of which \$435,157 has been appropriated and included as anticipated revenue for the year ended June 30, 2018.

<u>Tuition Reserve</u> – As of June 30, 2017, there is a balance of \$800,000 in the 2015/2016 Tuition Reserve Account which has been included as anticipated revenue for the year ended June 30, 2018; and \$800,000 in the 2016/2017 Tuition Reserve Account.

Maintenance Reserve – As of June 30, 2017, there is a balance of \$1,648,798 in the Maintenance Reserve Account of which \$325,000 has been appropriated and included as anticipated revenue for the year ended June 30, 2018.

Emergency Reserve — As of June 30, 2017, there is a balance of \$317,886 in the Emergency Reserve Account of which \$0 has been appropriated and included as anticipated revenue for the year ended June 30, 2018.

Special Revenue Fund Deficit – As of June 30, 2017, the special revenue fund deficit is \$45,518. The deficit is a result from the delay in the payment of state aid until the following fiscal year.

<u>Debt Service Fund</u> – As of June 30, 2017, there is a balance of \$87,703 in the Debt Service Fund of which \$1 has been appropriated and included as anticipated revenue for the year ended June 30, 2018.

General Fund – As of June 30, 2017, \$332,306 has been included as anticipated revenue for the year ended June 30, 2018.

<u>Committed Fund Balance</u> – As of June 30, 2017, \$31,018 is for year-end encumbrances.

<u>Unassigned Fund Balance Deficit</u> – As of June 30, 2017, the unassigned fund balance of the general fund was a deficit of \$718,405. The deficit is a result from the delay in the payment of state aid until the following fiscal year.

NOTE 22. CALCULATION OF EXCESS SURPLUS

In accordance with NJSA 18A:7F-7, as amended, the designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2017 is \$0.

NOTE 23. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

<u>Property and Liability Insurance</u> – The District maintains commercial insurance coverage for property, liability and surety bonds. During the fiscal year ended June 30, 2017 the District did not incur claims in excess of their coverage and the amount of coverage did not significantly decrease.

New Jersey Unemployment Compensation Insurance – The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending (deficit) balance of the District's expendable trust fund for the current and prior two years:

Fiscal	District	Employee	Interest	Amount	Ending
<u>Year</u>	Contributions	Contributions	Earned	Reimbursed	Balance
2016-2017	\$0	51,162	575	(16,803)	312,128
2015-2016	0	48,051	532	(33,926)	277,194
2014-2015	0	47,456	522	(41,786)	262,537

NOTE 24. ECONOMIC DEPENDENCY

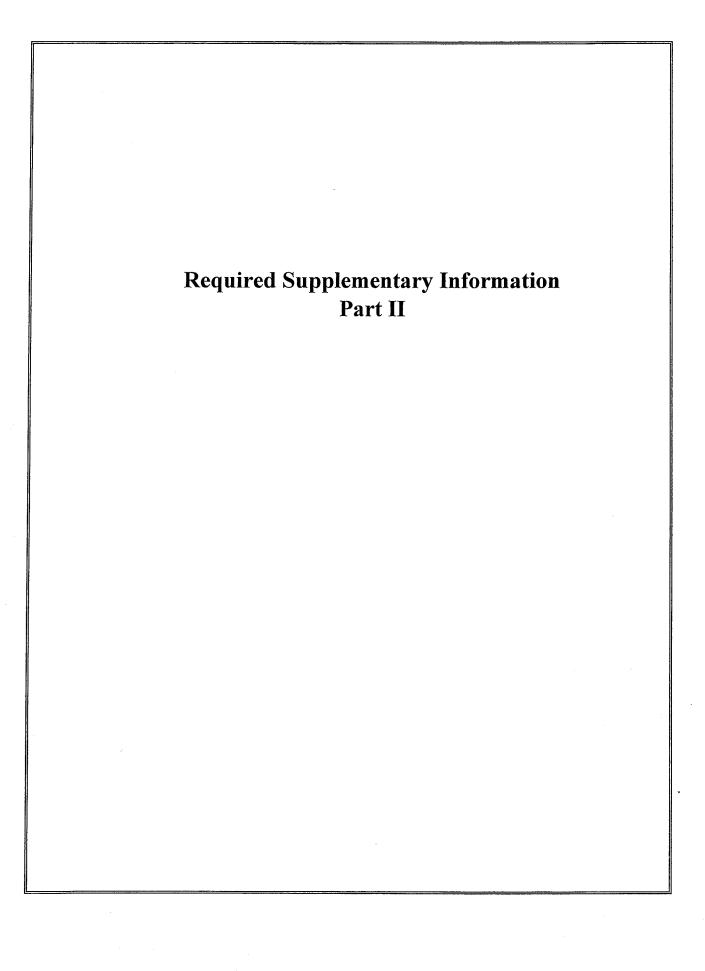

The District is heavily reliant on local property taxation to fund the District operations and debt service. Property taxes funded approximately 35% of the Districts 2016-2017 governmental operations.

NOTE 25. INTERFUND RECEIVABLES AND PAYABLES

The following Interfund balances remained on the balance sheet at June 30, 2017:

Fund	_	<u>Interfund</u> Receivable		<u>Interfund</u> <u>Interfund</u> <u>Receivable</u> Payal		
General Fund	\$	1,936,515				
Special Revenue Fund			\$	306,767		
Capital Projects Fund				1,550,112		
Food Service Program	_		_	79,636		
	\$ _	1,936,515	\$	1,936,515		

Interfunds were created throughout the year due to short term borrowings to cover cash flow needs in the various funds. The interfunds between the governmental funds and the business-type activities are shown as Internal Balances on the governmental-wide financial statements.

Required Supplementary Information
Budgetary Comparison Schedule
Notes to Required Supplementary Information
For the Fiscal Year Ended June 30, 2017

Note A - Explanation of Difference between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

	General Fund	Special Revenue
Sources/inflows of resources		
Actual amounts (budgetary basis) "revenue" from the budgetary comparison schedule	\$48,866,110	2,733,926
Difference - budget to GAAP:		
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized Prior year		
Current year		(10,484)
		,
State aid payment recognized for GAAP statements in the current year, previously recognized for budgetary purposes.	1,407,402	44,733
State aid payment recognized for budgetary purposes, not recognized for GAAP statements until the subsequent year.	(1,412,163)	(45,518)
Total revenues reported on the statement of revenues, expenditures and changes in fund balances -		
governmental funds	48,861,349	2,722,657
Uses/outflows of resources		
Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule	49,716,795	2,733,926
Differences - budget to GAAP:		
Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for budgetary purposes, but in the year the supplies are received for financial reporting purposes		
Prior year Current year		(40.404)
Current year		(10,484)
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances -		
governmental funds	\$49,716,795	2,723,442

PROPRIETARY FUNDS

Proprietary Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the district's board is that the costs of providing goods or services be financed through user charges.

Food Services Fund – This fund provides for the operation of food services in all schools within the school district.

Latchkey Child Care Fund – This fund provides for the operation of school child supervision.

THIS SECTION HAS ALREADY BEEN INCLUDED IN STATEMENTS B-4, B-5 AND B-6.

FIDUCIARY FUNDS

Fiduciary Funds are used to account for funds received by the school district for a specific purpose.

Agency Funds are used to account for assets held by the school district as an agent for individuals, private organizations, other governments an/or other funds.

Student Activity Fund – This agency fund is used to account for student funds held at the schools.

Payroll Fund – This agency fund is used to account for the payroll transactions of the school district.

Note:

NJSA 18A:7F-5d limits the amount that the district can submit for a general fund tax levy . The levy when added to other components of the district's net budget may not exceed the prebudget year net budget by more than the spending growth limitation calculation.

- a The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the Net valuation taxable.
- **b** Rates for debt service are based on each year's requirements.

TOWN OF HAMMONTON Ratios of Overlapping Governmental Activities Debt As of June 30, 2017 Unaudited

Governmental Unit	Debt Outstanding	Estimated Percentage Applicable ^a	Estimated Share of Overlapping Debt
Debt repaid with property taxes			
Town of Hammonton	14,905,100	100.00%	14,905,100
Other debt Atlantic County	152,426,901	4.34%	6,615,328
Subtotal, overlapping debt			21,520,428
Town of Hammonton School District Direct Debt		100.00%	24,409,000
Total direct and overlapping debt		;	45,929,428

Sources: Town of Hammonton Finance Officer, Atlantic County Finance Office

Note:

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Hammonton. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

The Honorable President and Members of the Board of Education Town of Hammonton School District County of Atlantic, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements as prescribed by the Office of School Finance, Department of Education, and State of New Jersey the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Town of Hammonton School District, in the County of Atlantic, State of New Jersey, as of and for the fiscal year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Board of Education of the Town of Hammonton's basic financial statements and have issued our report thereon dated November 14, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Hammonton Board of Education's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Hammonton Board of Education's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Town of Hammonton Board of Education's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Hammonton Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance, or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended solely for the information and use of management, the Town of Hammonton Board of Education, the New Jersey State Department of Education and other state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE AND NEW JERSEY OMB CIRCULAR 15-08

INDEPENDENT AUDITOR'S REPORT

The Honorable President and Members of the Board of Education Town of Hammonton School District County of Atlantic, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the Board of Education of the Town of Hammonton School District, in the County of Atlantic, State of New Jersey, compliance with the types of compliance requirements described in the *OMB Compliance Supplement and the New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the Town of Hammonton School District's major federal and state programs for the fiscal year ended June 30, 2017. The Town of Hammonton Board of Education's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of statutes, regulations, and the terms and conditions of its grants applicable to each of its major federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Town of Hammonton Board of Education's major federal and state compliance based on our audit of the types of compliance requirements referred above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and as prescribed by the Office of School Finance, Department of Education, State of New Jersey, Uniform Guidance and New Jersey OMB 15-08. Those standards, Uniform Guidance and New Jersey OMB 15-08, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the Town of Hammonton Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of Town of Hammonton Board of Education's compliance with those requirements.

Opinion on Each Major Program

In our opinion, the Board of Education of the Town of Hammonton School District, in the County of Atlantic, State of New Jersey, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2017.

Report on Internal Control Over Compliance

Management of the Town of Hammonton School District's Board of Education is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to major federal and state programs. In planning and performing our audit, we considered Town of Hammonton Board of Education's internal control over compliance with the requirements that could have a direct and material effect on a major federal or state program in order to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal or state program and to test and report on internal control over compliance in accordance with Uniform Guidance and New Jersey OMB 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town of Hammonton School District Board of Education's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance; such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a major federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above or any instance of deficiency in internal control over compliance that we have to report to the Board of Education in a separate report entitled *Auditors' Management Report on Administrative Findings-Financial, Compliance and Performance* dated November 14, 2017. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance and New Jersey OMB 15-08.

This report is intended solely for the information and use of the audit committee, management, the Town of Hammonton Board of Education, the New Jersey State Department of Education, other state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Town of Hammonton School District Notes to the Schedules of Financial Assistance June 30, 2017

NOTE 1. GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Board of Education, Town of Hammonton School District. The Board of Education is defined in Note 1(A) to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of 2 CFR 200- Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and New Jersey Treasury Circular OMB 15-08. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. The District has elected not to use the 10-percent de minimis indirect cost rate allowed under Uniform Guidance.

NOTE 3. RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to P.L. 2003, c.97 (A3521). For GAAP purposes that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

See the following schedules and the Note to the Required Supplementary Information/Budget to GAAP Reconciliation (Exhibit C-3) for a reconciliation of the budgetary basis to the GAAP basis of accounting for the General Fund and the Special Revenue Fund.

Town of Hammonton School District Notes to the Schedules of Financial Assistance June 30, 2017

NOTE 3. RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)

Federal and state award revenues are reported in the District's basic financial statements on a GAAP basis as follows:

State Assistance:	General <u>Fund</u>	Special Revenue <u>Fund</u>	Debt Service <u>Fund</u>	Food Service <u>Fund</u>	<u>Total</u>
Actual amounts (budgetary) "revenues" from the Schedule of Expenditures of State Financial Assistance	\$21,271,061	864,535	394,251	15,630	22,545,477
Difference – budget to "GAAP" Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.		(10,484)			(10,484)
The last state aid payment is recognized as revenue for budgetary purposes, and differs from GAAP which does not recognize this revenue until the subsequent year when the State recognizes the related expense (GASB 33).	(4,761)	(785)			
expense (GASD 33).	(4,701)	(783)			(5,546)
Total State revenue as reported on the statement of revenues, expenditures and					
changes in fund balances	\$21,266,300	853,266	394,251	15,630	22,529,447

NOTE 3. RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)

	General <u>Fund</u>	Special Revenue Fund	Food <u>Service Fund</u>	<u>Total</u>
Federal Assistance: Actual amounts (budgetary) "revenues" from the Schedule of Expenditures of Federal Awards	\$81,353	1,840,009	917,234	2,838,596
Difference – budget to "GAAP" Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.			•	
Total Federal revenue as reported on the statement of revenue, expenditures, and changes in fund balances	\$81,353	1,840,009	917,234	2,838,596

NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5. OTHER

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions, respectively. The amounts reported as TPAF Pension Contributions represents the amount paid by the State on behalf of the district for the year ended June 30, 2017. TPAF Social Security Contributions represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the year ended June 30, 2017.

NOTE 6. SCHOOLWIDE PROGRAM FUNDS

Schoolwide programs are not separate Federal programs as defined in Uniform Guidance; amounts used in schoolwide programs are included in the total expenditures of the program contributing the funds in the Schedule of Expenditure of Federal Awards. The district does not operate any schoolwide programs.
