# **INTRODUCTORY SECTION**

1.

# Howell Township Public Schools

November 20, 2017

Honorable President and Members of the Board of Education Howell Township School District Howell, New Jersey

Dear Members of the Board of Education:

It is with pleasure that we submit the Comprehensive Annual Financial Report (CAFR) of the Howell Township School District for the fiscal year ended June 30, 2017. This CAFR includes the District's Basic Financial Statement prepared in accordance with Governmental Accounting Standards Board Statement 34. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four sections as follows:

- The Introductory Section contains a table of contents, Letter of Transmittal, List of Principal Officials, and an Organizational Chart of the School District;
- The Financial Section begins with the Independent Auditors' Report and includes the Management's Discussion and Analysis, the Basic Financial Statements and Notes providing an overview of the School District's financial position and operating results, and other schedules providing detailed budgetary information;
- The Statistical Section includes selected economic and demographic information, financial trends, and the fiscal capacity of the School District, generally presented on a multi-year basis;
- The Single Audit Section The District is required to undergo an annual audit in conformity with the provisions of the Single Audit Act of 1986, as amended, the U. S. Office of Management and Budget Title 2 Code of Federal Regulations, Part 200, "Audits of States, Local Governments and Non-Profit Organizations", and the State Treasury Circular Letter 04-04 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid". Information related to this single audit, including the independent auditor's report on the internal control and compliance with applicable laws, regulations, contracts and grants, along with findings and questioned costs, if any, are included in the single audit section of this report.

# 1. <u>REPORTING ENTITY AND ITS SERVICES</u>:

The Howell Township School District is an independent reporting entity within the criteria adopted by the GASB as established by Statement No. 14. All funds of the District are included in this report. The Howell Township Board of Education and all its schools constitute the District's reporting entity.

The District provides a full range of programs and services appropriate to grades K through 8. These include regular education, programs for all students including those most in need of challenge, those who are very able students (gifted and talented), as well as special education for children with disabilities in and out of district. Ten elementary schools (five primary and five elementary) and two middle schools comprise the district's facilities.

Supervising district-wide goals is a district superintendent, an assistant superintendent for curriculum and personnel, an assistant superintendent of pupil services, an assistant superintendent of business administration/board secretary, three district-wide curriculum supervisors, three supervisors of special education, and a director of innovative digital learning.

The Board of Education, comprised of nine members, each elected to three-year terms, meets on the first and third Wednesday of each month for the regular Board Meeting and other times each month for committee meetings. Each committee is comprised of three Board members, one serving as chair, and three appointed citizen members. During its meetings the board determines district goals and priorities and conducts the business of the Board of Education. Board and Board committee meetings are open to the public.

PTAs/PTOs/SEPAC (Special Education Parents Advisory Council) are highly active in the district and provide community support for a variety of programs and activities for the children.

To maintain effective communications, the district produces school and district newsletters. Howell Highlights, the district newsletter, is emailed to all parents in the community, in order to keep them well informed of school and district events. The district also utilizes its web site to publish the board agenda in an effort to keep all interested citizens apprised of district operations and activities. Parents with email addresses can sign up for Newsbytes and School Alerts. Further, parents can stay informed by signing up for the district's twitter account.

Each of the schools in the district follows the district-wide goals and educational curriculum in the education of children, while maintaining a unique personality that makes up that particular school. All curricula in the district have been aligned to the Common Core State Standards.

The mission of the Howell Township School District is to educate students at all grade levels to achieve the Standards and challenge them to become skillful communicators, independent thinkers, and life-long learners. In reaching their full potential, our children will develop individual, social, and civic responsibility as well as respect for themselves and their environment. To this end the district has developed a comprehensive curriculum for each grade and each subject area that is rich in content while focusing on the individual needs of the students.

# Elementary Schools: Grades K through 5

Currently, there is one PreK to grade two elementary school (Land O'Pines), four grade K-2 elementary schools (Adelphia School, Greenville School, Griebling School, and Taunton School)

and five grade 3-5 elementary schools (Aldrich School, Ardena School, Memorial Elementary School, Newbury School, and Ramtown School )providing a comprehensive educational program.

The district's balanced literacy program focuses on the development of phonics, phonemic awareness, vocabulary, comprehension, and fluency. Literacy is taught through a writing workshop approach and is integrated throughout all disciplines. Emphasis is placed on growing joyful readers and writers through a community of collaboration.

Mathematics skills and concepts are presented using a variety of hands-on materials and activities. Technology is used as an instructional tool for the students through video tutorials, fluency practice, and problem solving. An emphasis is placed on providing real-life meaningful experiences so that students develop conceptual understanding and an appreciation for mathematics.

Inquiry and discovery are the foundations of the science program. The students develop a better understanding of the world around them by developing experiments and applying the scientific method.

The units of instruction for the social studies program are theme-based and promote literacy in the areas of geography, history, economics, and civics.

Students begin learning Spanish in kindergarten and continue through the fifth grade. The students learn the language through conversational techniques, as well as develop an appreciation for the cultures that speak Spanish. At the middle school level, all students participate in World Language instruction. Upon entering the middle school, students may elect to either continue their studies in Spanish, or begin studies in French.

All elementary schools (K-2 and 3-5) offer enrichment cluster grouping to students identified as gifted and talented. In addition, at one elementary (3-5) school, a self-contained 4<sup>th</sup> and 5<sup>th</sup> grade program is provided to identify students who demonstrate giftedness.

## Howell Township Middle Schools: Grades 6 through 8

Grades six through eight are housed at the district's two middle schools. Each school is divided into "houses." Each "house" is designed as a "school within a school." The "houses" are further divided into teams. Each team has an assigned group of teachers and students. The team approach allows the faculty to develop positive relationships with a relatively small group of students. The district has found this team approach to be very successful at minimizing discipline problems and allowing the teachers to get a sense of each student's individual needs.

At the middle school the Gifted and Talented program is expanded to provide math acceleration in grades  $6^{th}$ ,  $7^{th}$  and  $8^{th}$ , with a rigorous enrichment course of study in science, social studies and language arts.

## **Special Education**

Special Education is an integral part of the educational system in the Howell Township Schools. Our school district educates approximately 989 students who receive services based on their eligibility for special education and related services. A full continuum of services is provided for students with disabilities. Class placements for students with IEPs include preschool disabled, integrated preschool, general education classes with specialized support, in-class and pull-out resource programs, and many special class programs. All students are included with typical peers to the maximum extent possible, and many students are fully included in general education classes with the appropriate supplementary aids and services. Additionally, students with disabilities are encouraged to participate in extracurricular activities, and are afforded the support of peer mentors or paraprofessionals, as needed, in order to fully benefit from the activities offered. All students' programs are individualized based on their IEPs, which are developed by a multi-disciplinary team which includes their parent/s.

# Core Curriculum Contents Standards

All district curricula is aligned with the Common Core State Standards/New Jersey Standards for Student Learners (NJSSL) for Mathematics and Language Arts Literacy, and the New Jersey Core Content Curriculum Standards for Visual and Performing Arts; Comprehensive Health and Physical Education; Science; Social Studies; World Languages; Technology; and 21st-Century Life and Careers. In grades 6-8, the science standards will transition to the Next Generation Science Standards in the Fall 2016.

# Staff Development

The Howell Township Public Schools System provides its teaching and support staff with many opportunities for professional development.

All professional development in Howell Township addresses the Eight Key Elements of High Quality Professional Development. The professional learning opportunities align to the Standards for professional learning. To improve, impact, all professional development is developed using the Principals of Adult Learning Theory.

In the beginning of the school year all newly hired teachers receive intensive in-service, encompassing training in instructional strategies, classroom management, curriculum, Common Core/NJSSL State Standards, mentoring, technology, district policy and mandated trainings, such as Affirmative Action and Harassment, Intimidation and Bullying. Mentors are assigned to novice teachers to provide support throughout the school year.

Professional development days are built into the school calendar to enable teachers to attend sessions related to instructional strategies, curricular updates, content standards, data driven decision making, and district-wide grade level and department articulation meetings.

Buildings utilize PLC's to organize a collection of information regarding patterns of student performance. That data is synthesized by our ScIP's with data regarding patterns of instructional practice.

# **Technology**

District-Wide technology is used to enrich teaching and learning, facilitate communication among all members of the educational community, and to increase productivity. All classrooms, computer labs, media centers, and offices in each of the twelve schools and administrative buildings are linked together via local and wide area voice and data networks. All administrators, teachers, and support staff members have computing capability with high speed Internet access and are provided email and voice mail accounts. To assist teachers and students in delivering content and collaborating with peers and colleagues, all classrooms in the district are equipped with ceiling mounted LCD projectors and/or projection devices capable of presenting content via sources such as Apple TVs and/or document cameras.

In addition, all schools are equipped with mobile student laptops that connect wirelessly to the network. Students in grades K-2 are assigned an iPad at a shared ratio of 2:1 and students in grades 3-8 are assigned a laptop at a 1:1 ratio. All building administrators have access to laptop computers, allowing for complete mobility. Mobile tablet devices were provided to all observers in support of their work with AchieveNJ and School Improvement Panels.

# Pupil Enrollment

The following details the changes in the student enrollment of the district over the last ten years. The table presents the actual historical pupil enrollment, as of October 15, for the school years 2004-2005 through 2016-2017.

	Enrollment
School Year	As of October 15
2004-05	7,333.5
2005-06	7259
2006-07	7289
2007-08	7090
2008-09	6920
2009-10	6783
2010-11	6773
2011-12	6541
2012-13	6335
2013-14	6277
2014-15	6153
2015-16	6004
2016-17	5949

# 2. ECONOMIC CONDITION AND OUTLOOK

The rate of new home construction continues to stagnate and is reflected in a continued enrollment decline. Current housing continues to turn over but the movement of young families with children has slowed.

# 3. MAJOR INITIATIVES

# **Construction**

District-wide roofing projects were completed, and masonry construction initiatives began during the 2014-2015 school year with the award of the NJ School Development Authority ROD grant funds. The district continues to address systematic upgrades/parking lots/roofing replacement and other building components on an ongoing basis.

# **Pupil Services**

Multi-sensory reading programs

- Assistive and instructional technology devices for students with disabilities
- Board Certified Behavior Analysts
- Ongoing training/professional development in all areas relative to working with students with special needs
- Inclusive classrooms
- Preschool Disabled and Integrated Preschool Programs
- Life Skills classrooms and instruction
- Crisis Management certification for staff
- Crisis Response Network
- Tools of the Mind Preschool curriculum
- Community-based instruction as appropriate
- Parent outreach services

## **Business**

The Business Office continued to be busy in the 2016-2017 school year. Accomplishment/initiatives in this school year were as follows:

- Internal review and follow up for high dollar health insurance claims resulted in savings to the district
- The expansion of the district's central purchasing system implemented in 2014-2015 continues to result in savings for the district's common purchases
- The business office provided continued training and ongoing support to remote users of Systems 3000 to assure the procedures are in place
- The business office provided several training sessions to Administrators and support staff for compliance with New Jersey Public School Contract Laws Title 18A:18A, et. seq
- The Assistant Superintendent of Business Administration continues as the certified purchasing agent, with a bid threshold limit of \$40,000.
- Streamlining of business functions through increased applications of technology.
- Continued compliance with State and Federal mandates while minimizing impact on other business workflow.

#### <u>Personnel</u>

The district employed 1162 persons during the 2016-2017 school year. The certificated staff numbered 626 including 36 administrators and supervisors and 590 classroom teachers and educational support personnel (nurses, guidance counselors, child study team members, etc.). 398 other employees, including instructional assistants, school aides, bus drivers and attendants, secretaries and clerk-typists, and custodial and maintenance employees were also part of the staff.

One of the greatest challenges in a school district is to maintain high standards for its staff, especially, during a period when acute teacher shortages in some areas persisted. The district was able to accomplish this through a highly competitive recruitment and selection process. Additionally, an impressive array of in-service opportunities allowed staff members to stay current and to improve their instructional skills; a hallmark of a progressive and innovative school district.

The district, for example, continued its new teacher mentoring program. All newly certified teachers and most teachers new to the district were assigned mentors as well as supervisory advocates to assist them in their first year. District administrators further provided these teachers with an extensive in-service program designed to help them acclimate to their new working environment.

# **INTERNAL ACCOUNTING CONTROLS**

Management of the district is responsible for establishing and maintaining an internal control system designed to ensure that the assets of the district are protected from loss, theft or misuse; and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally-accepted accounting principles (GAAP). The internal control system is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state awards, the district also is responsible for ensuring that an adequate internal control system is in place to ensure compliance with applicable laws, regulations, contracts and grants related to those programs. This internal control system is also subject to periodic evaluation by the district management.

As part of the District's single audit, described earlier, tests are made to determine adequacy of the internal control system, including that portion related to federal and state financial assistance programs, as well as to determine that the district has complied with applicable laws and regulations.

# 5. BUDGETARY CONTROLS

In addition to internal accounting controls, the district maintains budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget adopted by the board of education. Annual appropriated budgets are adopted for the general fund, the special revenue funds, and the debt service fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at fiscal year-end.

## 6. <u>CASH MANAGEMENT</u>

The investment policy of the district is guided in large part by state statute. The district has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provision of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

# 7. RISK MANAGEMENT

The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, fidelity bonds and worker's compensation.

## 8. OTHER INFORMATION

Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Robert A. Hulsart & Company, CPA's, was selected by the Board to perform the audit. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet requirements of the Single Audit Act of 1996, as amended and the Title 2 U.S. Code of Federal Regulations, Part 200 and the New Jersey OMB Circular 04-04. The auditors' report on the basic financial statements and as well as both the required and other supplementary information is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

## 9. ACKNOWLEDGMENTS

We would like to express our appreciation to the members of the Howell Township Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the School District and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our business office staff.

Respectfully submitted,

Joseph J. Isola Superintendent of Schools

# INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Education Howell Township School District County of Monmouth Howell Township, New Jersey

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Howell Township School District, in the County of Monmouth, State of New Jersey, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Howell Township School District, in the County of Monmouth, State of New Jersey, as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information as listed in the table of contents presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The accompanying introductory section and other supplementary information such as the combining and individual fund financial statements, long-term debt schedules, and statistical information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standard generally accepted in the United States of America. In our opinion, the accompanying introductory section and other supplementary information such as the combining and individual fund financial statements, long-term debt schedules, and statistical information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The accompanying introductory section and other supplementary information such as the combining and individual fund financial statements, long-term debt schedules, and statistical information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid respectively, and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 20, 2017 on our consideration of the Howell Township's Board of Education internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Howell Township Board of Education's internal control over financial reporting and compliance.

Respectfully submitted,

#### **ROBERT A. HULSART AND COMPANY**

# REQUIRED SUPPLEMENTARY INFORMATION PART I

#### HOWELL TOWNSHIP PUBLIC SCHOOL DISTRICT HOWELL TOWNSHIP

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

#### UNAUDITED

The discussion and analysis of Howell Township Public School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2017. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; it should be read in conjunction with the Comprehensive Annual Financial Report's (CAFR) Letter of Transmittal that is found in the Introductory Section, and the School Board's financial statements found in the Financial Section and the notes thereto.

The MD&A is an element of the Required Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34 – "Basic Financial Statement and Management's Discussion and Analysis – for State and Local Governments" issued in June 1999.

#### Financial Highlights

Key financial highlights for 2017 are as follows:

- General revenues accounted for \$126,273,785 in revenue or 96% percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for 4% percent to total revenues of \$4,730,205.
- The School District had \$128,803,012 in expenses; only \$4,730,205 of these expenses was
  offset by program specific charges for services, grants or contributions. General revenues
  (primarily property taxes) of \$126,273,785 were adequate to provide for these programs.
- The General Fund had \$121,264,763 in revenues and \$117,265,575 in expenditures.

#### Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Howell Township Public School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole School district, presenting both an aggregate view of the School district's finances and a longerterm view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. In the case of Howell Township Public School District, the General Fund is by far the most significant fund, with the Special Revenue Fund and Capital Project's Fund also having significance.

The School Board's auditor has provided assurance in his Independent Auditor's Report, located immediately preceding this Management's Discussion and Analysis, that the Basic Financial Statements are fairly stated. A user of this report should read the Independent Auditor's Report carefully to ascertain the level of assurance being provided for each of the other parts of the Financial Section.

#### **Reporting the School District as a Whole**

#### Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during the 2016-2017". The Statement of Net Position and the Statement of Activities helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net position and changes in those position. This change in net position is important because it tells the reader that, for the School District as a whole, the financial positions of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District is divided into two distinct kinds of activities:

- Governmental activities All of the School District's programs and services are reported here including, but not limited to, instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- Business-Type Activities This service is provided on a charge for goods or services basis to recover all the expense of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

#### **Reporting the School District's Most Significant Funds**

#### Fund Financial Statements

Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund.

#### **Governmental Funds**

The School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School district's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) among governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

#### Enterprise Fund

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

Recall that the Statement of Net Position provides the perspective of the School District as a whole.

Table 1 provides a summary of the School District's net position for the fiscal year 2017.

#### Table 1 Net Position

#### **Governmental Activities**

The unique nature of property taxes in New Jersey creates the need to routinely seek budget approval for the School District operations. Property taxes made up 61% of revenues for governmental activities for the Howell Township Public School District for fiscal year 2017. Federal, state and local grants accounted for another 39%.

#### **Business-Type Activities**

Revenues for the District's business-type activities (food service program) were comprised of charges for services and federal and state reimbursements.

- Food service expenditures exceeded revenue by \$42,762.
- Charges for services represent \$965,544 of revenue. This represents amount paid by patrons for daily food services.
- Federal and state reimbursements for meals, including payments for free and reduced lunches and donated commodities were \$583,227.

#### **Governmental Activities**

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services.

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teachers and student, including extracurricular activities.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration, and business include expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities activities involve keeping the school grounds, buildings and equipment in an effective working condition.

Curriculum and staff development include expenses related to planning, research, development and evaluation of support services, as well as the reporting of this information internally and to the public.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

Extracurricular activities include expenses related to student activities provided by the School District which are designed to provide opportunities for students to participate in school events, public events, or a combination of these for the purposes of motivation, enjoyment and skill improvement.

Interest and fiscal charges involve the transactions associated with the payment of interest and other related charges to debt of the School District.

Other includes unallocated depreciation and amortization.

#### The School District's Funds

The School Board uses funds to control and manage money for particular purposes. The Fund's basic financial statements allow the School Board to demonstrate its stewardship over and accountability for resources received from the Township of Howell's taxpayers and other entities, including the State of New Jersey and the Federal Government. These statements also allow the reader to obtain more insight into the financial workings of the School Board, and assess further the School Board's overall financial health.

As the School Board completed the fiscal year ending June 30, 2017, it reported a combined net position balance of \$24,855,407. The reconciliation of the Statement of Revenue Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities present the reader with a detailed explanation to the differences between the net change in fund balances and changes in net position.

The School Board's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

Over the course of the year, the School Board revises its budget as it attempts to take into consideration unexpected changes in revenue and expenditures.

A schedule showing the School Board's original and final budget compared with actual operating results is provided in the section of the CAFR entitled Budgetary Comparison Schedules. The School Board generally did better than had been budgeted in its General Fund since it practices conservative budgetary practices in which revenues are forecasted very conservatively and expenditures are budgeted with worst-case scenarios in mind.

The excesses will be carried forward into the beginning fund balance for the 2017-2018 fiscal year and will be used to fund the 2018-2019 fiscal budget.

#### **Capital Assets**

At the June 30, 2017, the School District had approximately invested in a broad range of capital assets, including land, buildings, furniture, vehicles, computers, instructional equipment and other equipment. This amount is net of accumulated depreciation to date. Table 2 below shows the net book value of capital assets at the end of the 2017 fiscal year.

#### Table 2 Capital Assets (Net of Depreciation) at June 30

	2017
Land	\$ 5,348,018
Site Improvements	3,353,705
Building	61,628,595
Machinery and equipment	7,627,842
Totals	\$ 77,958,160

#### **Debt Administration**

At June 30, 2017, the School district had \$91,383,858 as outstanding debt. Of this amount, \$3,732,703 is for compensated absences, \$4,594,889 for capital leases, \$22,320,000 of installment obligations and the balance for bonds for school construction, and \$60,736,266 in a deferred pension liability.

#### Economic Factors and Next Year's Budget

The Howell Township Public School District is in very good financial condition presently. Future finances are not without challenges as the community population continues to fluctuate and state funding is decreased.

The Township of Howell is primarily a residential community, with very few ratables, and is presently experiencing a slowing of what little ratable growth had been experienced. The majority of revenues needed to operate the District are derived from homeowners through property tax assessments and collections.

The unrestricted net position for all governmental activities represents the accumulated results of all past years' operations. This means that if the School Board had to pay off all bills today, including all of the School Board's non concurrent liabilities such as compensated absences, the School Board would have a balance of \$24,855,407.

At this time, the most important factor affecting the budget is the unsettled situation with State Aid and Tax Levy caps. Since expenses continue to increase due to inflationary and legislative pressures and revenues are fixed, the district must reduce expenses to compensate.

The School Board cannot accurately forecast future enrollment, but presently is experiencing a continued reversal of the past growth trend.

In conclusion, the Howell Township Public School District has committed itself to financial excellence for many years. In addition, the School District's system for financial planning, budgeting, and internal financial controls are well regarded. The School District plans to continue its sound fiscal management to meet the challenge of the future.

#### **Contacting the School District's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School district's finances and to show the School District's accountability for the money it receives. If you have any questions about this report or require additional information contact Ronald Sanasac, Business Administrator/Board Secretary at Howell Township Board of Education, P.O. Box 579, Howell, New Jersey 07731.

# NOTES TO FINANCIAL STATEMENTS

#### **BOARD OF EDUCATION**

#### HOWELL TOWNSHIP SCHOOL DISTRICT

#### NOTES TO THE FINANCIAL STATEMENTS

#### JUNE 30, 2017

#### **NOTE 1:** <u>Summary of Significant Accounting Policies</u>

The financial statements of the Board of Education (Board) of the Howell Township School District (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

#### A. <u>Reporting Entity</u>:

The Howell Township School District is a Type II district located in the County of Monmouth, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The board is comprised of nine members elected to three-year terms. The purpose of the district is to educate students in grades K-8. The Howell Township School District had an approximate enrollment at June 30, 2017 of 5,923 students.

The students Grades 9-12 are educated by the Freehold Regional High School District of which Howell Township is a member.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB <u>Codification of Government Accounting and Financial</u> <u>Reporting Standards</u>, is whether:

- The organization is legally separate (can sue or be sued in their own name)
- The District holds the corporate powers of the organization
- The District appoints a voting majority of the organization's board
- The District is able to impose its will on the organization
- The organization has the potential to impose a financial/benefit/burden on the District
- There is a fiscal dependency by the organization on the District

### B. <u>Government-Wide Financial Statements</u>

The government-wide financial statements include the statement of net assets and the statement of activities. These statements report financial information for the District as a whole excluding fiduciary activities such as student activities. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by state and federal aid, tuition and county tax levies, from business-type activities generally financed in whole or in part with fees charged to external parties.

### B. <u>Government-Wide Financial Statements (Continued)</u>

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include (1) charges for services which report fees and other charges to users of the District's services and (2) operating grants and contributions. These revenues are subject to externally imposed restrictions to these program uses. Tax levies and other revenue sources not properly included with program revenues are reported as general revenues.

#### **Fund Financial Statements**

Fund financial statements are provided for governmental, proprietary and fiduciary funds. The New Jersey Department of Education (the "Department") has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The Department believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

### C. <u>Measurement Focus</u>, <u>Basis of Accounting and Financial Statement</u> <u>Presentation</u>

The financial statements of the District are prepared in accordance with generally accepted accounting principles (GAAP). The District's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. The government-wide and proprietary fund financial statements apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails.

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting generally including the reclassification or elimination of internal activity (between or within funds). Proprietary and fiduciary fund financial statements also report using this same focus and basis of accounting although internal activity is not eliminated in these statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of related cash flows. County tax revenues are recognized in the year for which they are levied while grants are recognized when grantor eligibility requirements are met. The Unemployment Trust Fund recognizes employer and employee contributions in the period in which contributions are due.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to apply current liabilities. The District considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for long-term pension and compensated absences, which are reported as expenditures in the year due.

## C. <u>Measurement Focus</u>, <u>Basis of Accounting and Financial Statement Presentation</u> (Continued)

Major revenue sources susceptible to accrual includes Intergovernmental revenues, and the county tax levy. In general, other revenues are recognized when cash is received.

Operating income reported in proprietary fund financial statements includes revenues and expenses related to the primary continuing operations of the fund. Principal operating revenues for proprietary funds are charges to customers for food sales and for services provided to other governmental entities. Principles operating expenses are the costs of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

## D. Fund Accounting:

The accounts of the District are maintained in accordance with the principles of fund accounting to ensure observance of limitations and restrictions on the resources available. The principles of fund accounting require that resources be classified for accounting and reporting purposes into funds or account groups in accordance with activities or objectives specified for the resources. Each fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources. Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types".

### **Governmental Fund Types**

<u>General Fund</u>: The general fund is the general operating fund of the District and is used to account for all expendable financial resources except those required to be accounted for in another fund.

<u>Special Revenue Fund</u>: The District accounts for the proceeds of specific revenue sources (other than expendable trust or major capital projects) that are legally restricted to expenditures for specified purposes in the special revenue funds.

<u>Capital Projects Fund</u>: the capital projects fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

<u>Debt Services Fund</u>: The debt service fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

#### **Proprietary Fund Type**

<u>Enterprise Fund</u>: To account for operations that are financed and operated in a manner similar to private business enterprises, in which the intent of the District is that the costs of providing goods or services to the District on a continuing basis be financed or recovered primarily through user charges.

#### D. <u>Fund Accounting (Continued)</u>:

#### **Fiduciary Fund Types**

<u>Trust and Agency Funds</u>: The trust and agency funds are used to account for assets held by the District on behalf of outside parties, including other governments, or on behalf of other funds within the District.

<u>Unemployment Compensation Trust Fund</u>: The trust fund is used to account for assets held under the terms of a formal trust agreement. The District reimburses the costs of unemployment benefits paid by the New Jersey Department of Labor.

<u>Agency Funds (Payroll and Student Activities Fund)</u>: Agency funds are used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

#### E. Budgets/Budgetary Control:

Budgets are prepared using the modified accrual basis of accounting; the legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23-2.2(g)1. All budget amendments must be approved by School Board resolution. Budget amendments during the year ended June 30, 2017 were insignificant.

The Public School Education Act of 1975, limits the annual increase of any district's net current expense budget. The Commissioner of Education certifies the allowable amount for each district but may grant a higher level of increase if he determines that the sums so provided would be insufficient to meet the identified goals and needs of the district or that an anticipated enrollment increase requires additional funds.

The Commissioner must also review every proposed local school district budget for the next school year. He examines every item of appropriations for current expenses and budgeted capital outlay to determine their adequacy in relation to the identified needs and goals of the district. If, in his view, they are insufficient, the Commissioner must order remedial action. If necessary, he is authorized to order changes in the local district budget.

Once a budget is approved, it can be amended by transfers or additional appropriation of fund balances by approval of a majority of the members of the Board. Amendments are presented to the Board at their regular meetings. Each amendment must have Board approval. Such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year-end as dictated by law. Individual transfers were not material in relation to the original appropriations. All uncommitted budget appropriations lapse at year-end.

## E. Budgets/Budgetary Control (Continued):

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The following presents a reconciliation of the general fund revenues and special revenue fund revenues and expenditures from the budgetary basis of accounting as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual – General, Special Revenues and Debt Service Funds to the GAAP basis of accounting as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances – All Governmental Fund Types. Note that the District does not report encumbrances outstanding at year end as expenditures in the general fund since the general fund budget follows modified accrual basis with the exception of the revenue recognition policy for the last state aid payment.

### F. <u>Encumbrances</u>:

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

#### G. <u>Short-Term Interfund Receivables/Payables</u>:

Short-Term interfund receivables/payables represents amounts that are owed, other than charges for good or services rendered to/from a particular fund in the District and that are due within one year.

### H. <u>Inventories and Prepaid Expenses</u>

Inventories and prepaid expenses, which benefit future periods, are recorded as an expenditure during the year of purchase. The value of inventories remaining at the end of the fiscal year is not included on the balance sheet.

### H. Inventories and Prepaid Expenses (Continued)

Enterprise fund inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. Prepaid expenses in the enterprise fund represent payments made to vendors for services that will benefit periods beyond June 30, 2017.

## I. <u>Capital Assets and Depreciation</u>

The District's property, buildings and improvements, equipment, vehicles, furniture and fixtures with useful lives of five years or more are stated at historical or estimated historical cost and are reported in the government-wide financial statements. Proprietary Fund capital assets are reported in its respective fund.

The District contracted with an outside service company during the 2004 fiscal year to provide a report with a comprehensive detail of capital assets and depreciation. The report included capital assets purchased during the 2003-2004 fiscal year and prior with a historical cost of \$2,000 or more. The records have been updated to June 30, 2017. The costs of normal maintenance and repairs that do not add to the asset value or materially extend the useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts. Estimated useful lives, in years, for depreciable assets are as follows:

Buildings and Improvements	20 - 50
Equipment and Vehicles	5-20
Furniture and Fixtures	5-20

Capital asset activity for the year ended June 30, 2017 was as follows:

	Balance <u>July 1, 2016</u>	Additions	Adjustments	Balance <u>June 30, 2017</u>

Business-Type Capital				
Assets (Net)	<u>\$ 100,154</u>			<u>100,154</u>

#### J. <u>Compensated Absences</u>

District employees are permitted, within certain limitations, to accrue vacation and sick leave in varying amounts under the Districts personnel policies and may be paid at a later date according to contractual agreements.

The liability for vested compensated absences of the governmental fund types is recorded in the government-wide financial statements as a non-current liability. Governmental funds report only matured compensated absences payable to currently terminating employees and are included in wages and benefits payable

## K. <u>Deferred Revenue</u>

Deferred revenue in the general and special revenue funds represent cash which has been received but not yet earned. Deferred revenue in the general fund represents monies received for fiscal year 2015. See Note 1(F) regarding the special revenue fund.

#### L. Fund Equity

The governmental fund financial statements report reserved fund balance for amounts not available for appropriation or legally restricted for specified purposes. The general fund reserve for restricted purposes includes net assets relating to capital reserve (See Note 9).

### NOTE 2: Cash and Cash Equivalents and Investments

Cash and cash equivalents includes petty cash, change funds, amounts in deposits, and short term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The District classifies certificates of deposit, which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

#### <u>Deposits</u>

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

## NOTE 2: Cash and Cash Equivalents and Investments (Continued)

### **Deposits**

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000.000.

### **Investments**

New Jersey statutes permit the District to purchase the following types of securities:

- a. Bonds or other obligations of the United States or obligations guaranteed by the United States.
- Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Agency or any United States Bank for cooperatives which have a maturity date not greater than twelve months from the date of purchase.
- c. Bonds or other obligations of the school district.

As of June 30, 2017, cash and cash equivalents and investments of the District consisted of the following:

	Cash and Cash
	<u>Equivalents</u>
Checking and Money Market Accounts	<u>\$ 19,527,770</u>

The carrying amount of the District's cash and cash equivalents at June 30, 2017 was \$19,527,770 and the bank balance was \$20,598,234. Of the bank balance, \$500,000 was covered by federal depository insurance and \$20,098,234 was covered by a collateral pool maintained by the banks as required by New Jersey statutes.

### **Credit Risk Categories**

All bank deposits and investments as of the balance sheet date are classified as to credit risk by the following categories described below:

	Bank Balance	
	June 30, 2017	<u>June 30, 2016</u>
Depository Account		
Insured:		
FDIC	\$ 500,000	500,000
GUDPA	20,098,234	15,510,430

## NOTE 2: Cash and Cash Equivalents and Investments (Continued)

#### Custodial Credit Risk – Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned to it. The District does not have a formal policy for custodial credit risk.

The District had no uninsured deposits.

As of December 31, 2017 the District did not hold any long-term investments.

#### NOTE 3: <u>General Long-Term Debt</u>

During the fiscal year ended June 30, 2017, the following changes occurred in liabilities reported in the general long-term debt account group:

	Balance June 30, 2016	<u>Additions</u>	<b>Deletions</b>	Balance June 30, 2017	Long-Term <u>Portion</u>	2017-18 <u>Payment</u>
Pension Liability	\$ 48,161,168	12,575,098		60,736,266	60,736,266	
Compensated Absence	2S					
Payable	3,505,038	227,665		3,732,703	3,732,703	
Capital Leases Payable	e 6,473,087		(1,878,198)	4,594,889	2,677,000	1,917,889
Bonds Payable	27,530,000		(5,210,000)	22,320,000	<u>16,960,000</u>	<u>5,360,000</u>
	<u>\$ 85,669,293</u>	<u>12,802,763</u>	( <u>7,088,198</u> )	<u>91,383,858</u>	<u>84,105,969</u>	<u>7,277,889</u>

#### A. Bonds Payable

Bonds are authorized in accordance with State law by the voters of the municipality through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Board are of general obligation bonds.

	Date of	Interest	Balance
<u>School</u>	Issue	Rate	<u>June 30, 2017</u>

2020-2021	388,000
	4,594,889
Less: Interest	(304,525)
Lease Payments	<u>\$ 4,290,364</u>

### NOTE 4: <u>Pension Plans</u>

**Description of Plans** – All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teacher's Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

<u>Teachers' Pension and Annuity Fund (TPAF)</u> – The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

**Public Employees' Retirement System (PERS)** – The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

<u>Vesting and Benefit Provisions</u> – The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provide for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provision of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contribution. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Significant Legislation - During the year ended June 30, 1997, legislation was enacted Chapter 114, P.L. 1997) authorizing the New Jersey Economic Development Authority to issue bonds, notes or other obligations for the purpose of financing, in full or in part, the State of New Jersey's portion of the unfunded accrued liability under the State of New Jersey retirement systems. Additional legislation enacted during the year ended June 30, 1997 (Chapter 115, P.L. 1997), changed the asset valuation method from market related value to full-market value. This legislation also contains a provision to reduce the employee contribution rate by ½ of 1% to 4.5% for calendar years 1998 and 1999, and to allow for a reduction in the employee's rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the Districts' normal contributions to the Fund may be reduced based on the revaluation of assets. Due to recognition of the bond proceeds and the change in asset valuation method as a result of enactment of Chapters 114 and 115, all unfunded accrued liabilities were eliminated, except for the unfunded liability for local early retirement incentive benefits, accordingly, the pension costs for TPAF and PERS were reduced.

**Funding Policy** – The contribution policy is set by New Jersey State Statutes and contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 7.06% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

Legislation enacted during 1993 provides early retirement incentives for certain members of TPAF and PERS who met certain age and service requirements and who applied for retirement between certain dates in the 1994 fiscal year. The early retirement incentives included: (a) an additional five years of service credit for employees at least age 50 with a minimum of 25 years of service; (b) free health benefits for employees at least 60 years old with at least 20 years of service; and (c) an additional \$500 per month for two years for employees at least age 60 with 10 years but less than 20 years of service. The Board will assume the increased cost for the early retirement as it affects their districts.

During the year ended June 30, 2017, the State of New Jersey contributed \$10,049,096 to the TPAF for post-retirement medical benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$3,392,858 during the year ended June 30, 2017 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. These amounts have been included in the general-purpose financial statements, and the combining and individual fund and account group statements and schedules as revenues and expenditure in accordance with GASB 24.

## <u>Three-Year Trend Information for PERS</u>

	Annual	Percentage	Net

## Three-Year Trend Information for TPAF (Paid On-Behalf of the District)

### Pension Expense Deferred Outflows/Inflows – PERS

For the year ended June 30, 2017, the District recognized pension expense of \$2,002,823. At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows	Deferred Inflows
	of Resources	of Resources
Difference Between Expected and Actual Experience	\$ 1,129,510	
Changes of Assumptions	12,581,310	
Net Difference Between Projected and Actual Earnings		
on Pension Plan Investments	2,315,929	
Changes in Proportion and Differences Between District		
Contributions and Proportionate Share of Contributions	1,182,579	1,962,446
District Contributions Subsequent to the Measurement		
Date	2,002,823	
Total	<u>\$ 19,212,151</u>	<u>1,962,446</u>

\$19,212,151 reported as deferred outflows of resources related to pensions resulting from school district, charter school, or renaissance school project contributions subsequent to the measurement date (i.e. for the school year ending June 30, 2017, the plan measurement date is June 30, 2016) will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

#### **Additional Information**

Collective balances at December 31, 2016 and 2015 are as follows:

	Dec. 31, 2016	Dec. 31, 2015
Collective Deferred Outflows of Resources	\$ 19,212,151	9,801,245
Collective Deferred Inflows of Resources	1,962,446	1,314,474
Collective Net Pension Liability	60,736,266	48,161,168
District's Proportion	.20507%	.21455%

## **Components of Net Pension Liability**

The components of the collective net pension liability of the participating employers as of June 30, 2016 were as follows:

	2016		
	State	Local	Total
Total Pension Liability	\$ 36,295,189,928	49,474,698,146	85,769,888,074
Plan Fiduciary Net Position	6,904,504,223	19,857,566,387	26,762,070,610
Net Pension Liability	<u>\$ 29,390,685,705</u>	<u>29,617,131,759</u>	<u>59,007,817,464</u>
Plan Fiduciary Net Position as a Percentage of the Total	10.02%	40 149/	21.200/
Pension Liability	19.02%	40.14%	31.20%

	2015		
	State	Local	<u> </u>
Total Pension Liability	\$ 31,614,118,524	43,109,580,038	74,723,698,562
Plan Fiduciary Net Position	7,891,982,987	20,661,583,919	<u>28,553,566,906</u>
Net Pension Liability	<u>\$23,722,135,537</u>	<u>22,447,996,119</u>	<u>46,170,131,656</u>
Plan Fiduciary Net Position as a Percentage of the Total			
Pension Liability	24.96%	47.93%	38.21%

The collective total pension liability for the June 30, 2016 measurement date was determined by an actuarial valuation as of July 1, 2015, which was rolled forward to June 30, 2016. This actuarial valuation used the following actuarial assumptions:

Inflation Rate	3.08%
Salary Increases: Through 2026	1.65% - 4.15% Based on Age
Thereafter	2.65% – 5.15% Based on Age
Investment Rate of Return	7.65%

Pre-retirement mortality rates were based on the RP-2000 Employee Pre-retirement Mortality Table for male and female active participants. For State employees, mortality tables are set back 4 years for males and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

#### Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.65% at June 30, 2016) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2016 are summarized in the following table:

		Long-Term Expected
	Target	Real Rate
Asset Class	<u>Allocation</u>	<u>of Return</u>
Cash	5.00%	0.87%
U.S. Treasuries	1.50%	1.74%
Investment Grade Credit	8.00%	1.79%
Mortgages	2.00%	1.67%
High Yield Bonds	2.00%	4.56%
Inflation-Indexed Bonds	1.50%	3.44%
Broad US Equities	26.00%	8.53%
Developed Foreign Equities	13.25%	6.83%
Emerging Market Equities	6.50%	9.95%
Private Equity	9.00%	12.40%
Hedge Funds/Absolute Return	12.50%	4.68%
Real Estate (Property)	2.00%	6.91%
Commodities	0.50%	5.45%
Global Debt ex US	5.00%	-0.25%
REIT	5.25%	5.63%

### **Discount Rate**

The discount rate used to measure the total pension liability was 3.98% as of June 30, 2016. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.65% and a municipal bond rate of 2.85% as of June 30, 2016 based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal years. State employer contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2034. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2034, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

#### Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability of the participating employers as of June 30, 2016, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	······································	2016	
		At Current	
	At 1%	Discount	At 1%
	Decrease (3.90%)	<u>Rate (4.90%)</u>	<u>Increase (5.90%)</u>
State	\$ 34,422,851,197	29,390,685,705	25,246,574,457
Local	36,292,338,055	<u>29,617,131,759</u>	24,106,170,190
Total	<u>\$ 70,715,189,252</u>	<u>59,007,817,464</u>	<u>49,352,744,647</u>
		2015	
		At Current	
	At 1%	Discount	At 1%
	<u>Decrease (3.90%)</u>	<u>Rate (4.90%)</u>	<u>Increase (5.90%)</u>
State	\$ 27,802,122,942	23,722,135,537	20,314,768,782
Local	27,900,112,533	22,447,996,119	17,876,981,108
Total	\$ 55,702,235,475	46,170,131,656	38,191,749,890

### **Teachers Pensions and Annuity Fund (TPAF)**

#### **Components of Net Pension Liability**

The components of the net pension liability of the State as of June 30, 2016 and 2015 are as follows:

	2016	2015
Total Pension Liability	\$ 101,746,770,000	89,182,662,000
Plan Fiduciary Net Position	22,717,862,967	25,604,797,560
Net Pension Liability	<u>\$ 79,028,907,033</u>	<u>63,577,864,440</u>
Plan Fiduciary Net Position as a Percentage of the Total		
Pension Liability	22.33%	28.71%

#### State Proportionate Share of Net Pension Liability Attributable to District

District's Liability	<u>2016</u> <u>\$ 385,147,480</u>	<u>2015</u> 288,589,094
District's Proportion	.48735%	.45391%

The total pension liability for the June 30, 2016 measurement date was determined by an actuarial valuation as of July 1, 2015, which was rolled forward to June 30, 2016. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate	2.50%
Salary Increases: 2012-2021	Varies Based on Experience
Thereafter	Varies Based on Experience
Investment Rate of Return	7.65%

Pre-retirement, post-retirement and disabled mortality rates were based on the experience of TPAF members reflecting mortality improvements on a generational basis based on a 60-year average of Social Security data from 1953 to 2013.

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2012 to June 30, 2015.

#### Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.65% at June 30, 2016) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2016 are summarized in the following table:

		Long-Term
		Expected
	Target	<b>Real Rate</b>
Asset Class	<u>Allocation</u>	<u>of Return</u>
US Cash	5.00%	0.39%
US Government Bonds	1.50%	1.28%
US Credit Bonds	13.00%	2.76%
US Mortgages	2.00%	2.38%
US Inflation-Indexed Bonds	1,50%	1.41%
US High Yield Bonds	2.00%	4.70%
US Equity Market	26.00%	5.14%
Foreign – Developed Equity	13.25%	5,91%
Emerging Markets Equity	6.50%	8.16%
Private Real Estate Property	5.25%	3.64%
Timber	1.00%	3.86%
Farmland	1.00%	4.39%
Private Equity	9.00%	8.97%
Commodities	0.50%	2.87%
Hedge Funds - MultiStrategy	5.00%	3,70%
Hedge Funds – Equity Hedge	3.75%	4,72%
Hedge Funds – Distressed	3.75%	3.49%

## **Discount Rate**

The discount rate used to measure the total pension liability was 3.22% as of June 30, 2016. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.65% and a municipal bond rate of 2.85% as of June 30, 2016 based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2029. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments after that date in determining the total pension liability.

Long Town

#### Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the State as of June 30, 2016 calculated using the discount rate as disclosed above as well as what the State's net pension liability would be if it was calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	At Current		
	<u>At 1% Decrease</u>	<u>Discount Rate</u>	<u>At 1% Increase</u>
2016 (2.22%, 3.22%, 4.22%)	\$ 94,378,176,033	79,028,907,033	66,494,248,033
2015 (3.13%, 4.13%, 5.13%)	75,559,915,440	63,577,864,440	53,254,610,440

#### NOTE 5: Post-Retirement Benefits

P.L. 1987, c. 384 and P.L. 1990, c.6 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund postretirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c. 103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2016, there were 110,512 retirees receiving post-retirement medical benefits, and the State contributed \$1.37 billion on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical benefits changed from a prefunding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

The State is also responsible for the cost attributable to P.L. 1992 c. 126, which provides employer paid health benefits to members of PERS and the Alternate Benefit Program (APB) who retired from a board of education or county college with 25 years of service. The State paid \$231.2 million toward Chapter 126 benefits for 20,045 eligible retired members in Fiscal Year 2016.

#### NOTE 6: <u>Compensated Absences</u>

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the right to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

In the district-wide *Statement of Net Position*, the liabilities whose average maturities are greater than one year should be reported in two components – the amount due within one year and the amount due in more than one year.

#### NOTE 7: <u>Capital Reserve Account</u>

A capital reserve account was established by the Township of Howell Board of Education by inclusion of \$1 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to *N.J.S.A.* 19:60-2. Pursuant to *N.J.A.C.* 6:23A-5.1(d) 7, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2016 to June 30, 2017 fiscal year is as follows:

Beginning Balance July 1, 2016	\$	1
Increase Per Board of Education	_1,126,	<u>843</u>
Ending Balance June 30, 2017	<u>\$ 1,126,</u>	<u>844</u>

#### NOTE 8: <u>Inventory</u>

Inventory in the Food Service Fund at June 30, 2017 consisted of the following:

Food	\$ 22,129
Supplies	14,439

<u>\$ 36,568</u>

The value of Federal donated commodities as reflected on Schedule A (required by the Single Audit Law of 1984) is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of nonoperating revenue in the financial statements.

#### NOTE 9: <u>Fund Balance Appropriated</u>

<u>General Fund</u> – Of the \$21,752,899 General Fund fund balance at June 30, 2017, \$6,039,199 is reserved for encumbrances; \$1,126,844 is Capital Reserve; \$3,000,000 is excess surplus designated for subsequent year's expenditures; \$2,107,968 is Maintenance Reserve designated for subsequent year's expenditures; \$3,000,000 is excess surplus; \$4,135,540 is maintenance reserve; and \$2,343,348 is unreserved and undesignated.

#### NOTE 10: <u>Calculation of Excess Surplus</u>

In accordance with N.J.S.A. 18A:7F-7, the designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. There was an excess fund balance at June 30, 2017 of \$3,000,000.

### NOTE 11: Contingent Liabilities

The Board is involved in several claims and lawsuits incidental to its operations. In the opinion of the administration and legal counsel, the ultimate resolution of these matters will not have a material adverse effect of the financial position of the District.

### NOTE 12: <u>Tuition Adjustments</u>

Regulations specify that tuition adjustments for any given school year shall be remitted/received in the two following years after the tuition rate is certified. These adjustments have not been reflected on the June 30, 2017 financial statements.

#### NOTE 13: <u>Economic Dependency</u>

The District receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the District's programs and activities.

#### NOTE 14: <u>Risk Management</u>

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

<u>Property and Liability Insurance</u> – The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

<u>New Jersey Unemployment Compensation Insurance</u> – The District elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current and previous two years:

	Employer	Employee		
<u>Fiscal Year</u>	<u>Contributions</u>	<u>Contributions</u>	<u>Reimbursed</u>	<u>Balance</u>
2016-2017		56,192	121,728	110,031
2015-2016	191,801	60,559	139,772	175,567
2014-2015			135,279	62,979

## NOTE 15: <u>Refunding Bonds</u>

Refunding bonds were issued dated 12/29/11 for \$2,375,000 to refund a portion of its 2003 refunding bonds and refunding bonds were issued dated 5/22/12 to refund a portion of its 2002 refunding bonds in the amount of \$8,825,000, both issues sold to the Monmouth County Improvement Authority.

Refunding bonds were issued dated 3/21/13 for \$9,110,000 to refund a portion of its 2005 Pension Series of 3/8/05.

Refunding bonds were issued 9/17/10 for \$18,600,000 to refund a portion of its 2002A Bonds.

#### NOTE 16: <u>Contingent Liabilities</u>

The Board is involved in several claims and lawsuits incidental to its operations. In the opinion of the administration and legal counsel, the ultimate resolution of these matters will not have a material adverse effect of the financial position of the District.

## NOTE 17: Equity Balance

At June 30, 2017 the General Fund equity balance was as follows:

#### NOTE 18: Significant Account Pronouncements

In June 2009, the FASB issued FASB ASC 105, Generally Accepted Accounting Principles, which establishes the FASB Accounting Standards Codification as the sole source of authoritative generally accepted accounting principles. Pursuant to the provisions of FASB ASC 105, the District has updated references to GAAP in its financial statements issued for the period ended June 30, 2017. The adoption of FASB ASC 105 did not impact the District's financial position or results of operations.

In May 2009, the FASB updated ASC 855, Subsequent Events, which is effective for reporting periods ending after June 15, 2009. ASC 855 establishes general standards of accounting for and disclosure of events that occur after the balance sheet date, but before the financial statements are issued, or are available to be issued. The District adopted the amended sections of ASC 855 and it did not have an impact on the District's financial statements. The District evaluated all events or transactions that occurred after June 30, 2017 through November 20, 2017.

Source: District Records and Municipal Tax Collector 2012\* Re-evaluation year

Note:

NJSA 18A:7F-5d limits the amount that the district can submit for a general fund tax levy . The levy when added to other components of the district's net budget may not exceed the prebudget year net budget by more than the spending growth limitation calcu

a The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the Net valuation taxable.

**b** Rates for debt service are based on each year's requirements.

Total direct and overlapping debt				\$ 173,323,414

#### Sources: Howell Township Finance Officer, Monmouth County Finance Office, Howell Township Website

- Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Howell. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.
  - a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED

#### IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

K-1

Honorable President and Members of the Board of Education Howell Township School District County of Monmouth Howell Township, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Howell Township Board of Education, County of Monmouth, State of New Jersey as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Howell Township Board of Education, County of Monmouth, State of New Jersey's basic financial statements, and have issued our report thereon dated November 20, 2017.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Howell Township Board of Education, County of Monmouth, State of New Jersey's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions of the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Howell Township Board of Education, County of Monmouth, State of New Jersey's internal control. Accordingly, we do no express an opinion on the effectiveness of the Howell Township Board of Education, County of Monmouth, and State of New Jersey's internal control. A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purposes described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Howell Township Board of Education, County of Monmouth, State of New Jersey's financial statements are free from material misstatement, we performed tests of it compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

#### **ROBERT A. HULSART AND COMPANY**

## **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR** PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND SCHEDULE OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE AS REQUIRED BY NEW JERSEY OMB CIRCULAR 15-08

K-2

Honorable President and Members of the Board of Education Howell Township School District County of Monmouth Howell Township, New Jersey

#### **Report on Compliance for Each Major Federal and State Program**

We have audited the Board of Education of the Howell Township School District, County of Monmouth, State of New Jersey's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Compliance Supplement and the New Jersey OMB Circular 15-08 State Aid/Grant Compliance Supplement that could have a direct and material effect on each of the Board of Education of the Howell Township School District, County of Monmouth, State of New Jersey's major state programs for the year ended June 30, 2017. The Board of Education of the Howell Township School District, County of Monmouth, State of New Jersey's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Board of Education of the Howell Township School District, County of Monmouth, State of New Jersey's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and prescribed by the Office of School Finance, Department of Education, State of New Jersey; Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards and the Uniform Guidance and New Jersey OMB's Circular 15-08, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the Board of Education of the Howell Township School District, County of Monmouth, State of New Jersey's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the Board of Education of the Howell Township School District, County of Monmouth, State of New Jersey's compliance.

#### **Opinion on Each Major Federal and State Program**

In our opinion, the Board of Education of the Howell Township School District, County of Monmouth, State of New Jersey's, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2017.

#### **Report on Internal Control Over Compliance**

Management of the Board of Education of the Howell Township School District, County of Monmouth, State of New Jersey's is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Board of Education of the Howell Township School District, County of Monmouth, State of New Jersey's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the U.S. Uniform Guidance and New Jersey OMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Board of Education of the Howell Township School District, County of Monmouth, and State of New Jersey's internal control over compliance. A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency is a deficiency, or a combination of deficiencies, in internal control over compliance to the prevented of a state program will not be prevented or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency or a combination of deficiencies of the type of the type of the type of compliance is a deficiency or a combination of deficiencies of the type of the type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purposes described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or, significant deficiencies. We did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the U.S. Uniform Guidance and New Jersey OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

#### **ROBERT A. HULSART AND COMPANY**

#### **BOARD OF EDUCATION**

#### HOWELL TOWNSHIP SCHOOL DISTRICT

#### NOTES TO SCHEDULES OF AWARDS AND FINANCIAL ASSISTANCE

#### JUNE 30, 2017

#### NOTE 1: <u>General</u>

The accompanying schedules of financial assistance present the activity of all federal and state financial assistance programs of the Board of Education, Howell Township School District. The Board of Education is defined in Note 1(A) to the Board's general-purpose financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed other government agencies is included on the schedule of federal awards and state financial assistance.

#### NOTE 2: Basis of Accounting

The accompanying schedules of expenditures of awards and financial assistance are presented using the modified accrual basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting and those recorded in the special revenue fund, which are presented using the budgetary basis of accounting. These bases of accounting are described in the Note 1(C) to the Board's general-purpose financial statements.

#### **NOTE 3:** <u>Relationship to General Purpose Financial Statements</u>

The general-purpose financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to P.L. 2003, c.97.(A3521). For GAAP purposes, that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$(4,713) for the general fund and \$71,892 for the special revenue fund. See Note 1 for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's general purpose financial statements on a GAAP basis as presented below:
