UNION BEACH BOARD OF EDUCATION 1207 FLORENCE AVENUE UNION BEACH, NJ 07735 732-264-3133

December 1, 2017

Honorable President and Members of the Board of Education Union Beach School District County of Monmouth, New Jersey

Dear Board Members and Citizens:

The Comprehensive Annual Financial Report (CAFR) of the Union Beach School District (District) for the fiscal year ended June 30, 2017, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The CAFR is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the Management Discussion and Analysis, the District's organizational chart and a list of principle officials. The financial section includes the general purpose financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and the U.S. Office of Management and Budget Audit Act and Title 2 U.S. Code of Federal Regulations (CFR) Part 200 Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance), and New Jersey OMB's Circular 15-08, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.". Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1) REPORTING ENTITY AND ITS SERVICES: The Union Beach School District is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board (GASB) as established by NCGA Statement No. 3. All funds and account groups of the District are included in this report. The Union Beach Board of Education and its school constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre-Kindergarten through 8. These include regular, vocational as well as special education for handicapped youngsters. The District completed the 2016-2017 fiscal year with an enrollment of 592 students, which is 36 students below the previous year's enrollment. This continued decline in enrollment is attributed in large part to the many students displaced due to Hurricane Sandy not returning to the district. The following details the changes in the student enrollment of the District over the last eight years. It should be noted that it appears as if the former administration overstated the district's enrollment in prior year CAFRs.

Average Daily Enrollment

Fiscal Year	Student <u>Enrollment</u>	Percent <u>Change</u>
2016-17	592	-5.721%
2015-16	628	-0.011%
2014-15	635	-3.495%
2013-14	658	-4.638%
2012-13	690	-5.738%
2011-12	732	-0.007%
2010-11	737	-0.037%
2009-10	765	-0.014%

<u>2) ECONOMIC CONDITION AND OUTLOOK:</u> Union Beach is located in the Bayshore area in Monmouth County which experienced extreme devastation due to October 2012 Hurricane Sandy. Many properties were totally destroyed or severely damaged. This has resulted in an impact on the tax basis in the current and future years to come.

<u>3)MAJOR INITIATIVES:</u> The Union Beach School District continues to act upon the goals and objectives embedded in our Long Range Facilities Plan for health and safety as well as acting upon the goals and objectives listed in our Five (5)Year Curriculum Plan and Three Year Technology Plan and our Three (3) Year Strategic Plan.

4)INTERNAL ACCOUNTING CONTROLS: Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

<u>5)BUDGETARY CONTROLS:</u> In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund and the special revenue fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either cancelled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at June 30, 2017.

6)ACCOUNTING SYSTEM AND REPORTS: The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.

<u>7)CASH MANAGEMENT</u>: The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 2. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

8)RISK MANAGEMENT: The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

9)OTHER INFORMATION:

Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Jump, Perry and Company, L.L.P., was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1984 and the related Uniform Guidance and New Jersey OMB's Circular 15-08. The auditor's report on the basic financial statements and fund financial statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

10) ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Union Beach Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our staff.

Respectfully submitted,

D. Scott Ridley, Ed.D. Superintendent

INDEPENDENT AUDITORS' REPORT

Honorable President and Members of the Board of Education Union Beach School District: County of Monmouth Union Beach, New Jersey

Report of the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Board of Education of Union Beach School District in the County of Monmouth, State of New Jersey, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the School District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

BRICK OFFICE: 514 BRICK BOULEVARD · SUITE 3 · BRICK, NJ · 08723 · PHONE (732) 840-1600 · FAX (732) 840-8349

MANAHAWKIN OFFICE: 21 JENNINGS ROAD · MANAHAWKIN, NJ · 08050 · PHONE (609) 978-9500 · FAX (609) 978-9515

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Union Beach School District in the County of Monmouth, State of New Jersey as of June 30, 2017 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information as presented in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Union Beach School District's basic financial statements. The introductory section, combining fund financial statements and schedules and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by Title 2 *U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, and is also not a required part of the basic financial statements.

The combining fund financial statements and schedules and the schedule of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial statements and schedules and the schedule of expenditures of federal and state awards are fairly stated, in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 1, 2017 on our consideration of the Board of Education of the Union Beach School District in the County of Monmouth, State of New Jersey internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Union Beach School District in the County of Monmouth, State of New Jersey internal control over financial reporting and compliance.

Respectfully Submitted

REQUIRED SUPPLEMENTARY INFORMATION - PART I

Union Beach School District

Management's Discussion and Analysis

For the Fiscal Year Ended June 30, 2017

Unaudited

The discussion and analysis of Union Beach School District's financial performance provides an overall review of the School Board's financial activities for the fiscal year ended June 30, 2017. The intent of this discussion and analysis is to look at the School Board's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School Board's financial performance.

Financial Highlights

Key financial highlights for June 30, 2017 are as follows:

In total, net position totaled \$3,422,453, which represents a 18.16 percent increase from June 30, 2016.

General revenues accounted for \$15,743,414 in revenue or 94.19 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$970,822 or 5.81 percent of total revenues of \$16,714,236.

Total assets increased by \$116,591 as current assets increased by \$231,445 and capital assets decreased by \$114,854.

The School Board had \$15,876,693 in expenses; only \$970,822 of these expenses were offset by program specific charges for services, grants or contributions. General revenues (primarily property taxes) of \$15,743,414 were adequate to provide for these programs.

Among major funds, the General Fund had \$15,701,498 in revenues and \$14,769,406 in expenditures and transfers. The General Fund's balance increased \$932,092 over June 30, 2016. The General Fund's balance is \$3.440.796.

Using this Comprehensive Annual Financial Report (CAFR)

The annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Union Beach School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the School Board, presenting both an aggregate view of the School Board's finances and longer-term view of those finances. Fund financial statements provide the next level of detail. For government funds, these statements tell how services were financed in the short term as well as what remains for future spending. The fund financial statements also look at the School Board's most significant funds with all other non-major funds presented in total in one column. In the case of Union Beach School District, the General Fund is by far the most significant.

Reporting the School Board as a Whole

Statement of Net Position and the Statement of Activities

This document contains all funds used by the School Board to provide programs and activities viewing the School Board as a whole and reports the culmination of all financial transactions. The report answers the question "How Did We Do Financially During Fiscal Year June 30, 2017?" The Statement of Net Position and the Statement of Activities provides the summary. The statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account, all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School Board's net position and changes in those assets. This change in net position is important because reports whether the School Board's financial position has improved or diminished

In the Statement of Net Position and the Statement of Activities, the School Board is divided into two kinds of activities:

Governmental Activities - All of the School Board's programs and services are reported here including, instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.

Business-Type Activities - This service is provided on a charge for goods or services basis to recover all the expense of the goods or services provided. The Food Service Funds are reported as a business activity.

Reporting the School Board's Most Significant Funds

Fund Financial Statement

The Analysis of the School Board's major funds begins on page 26. Fund financial reports provide detailed information about the School Board's major funds. The School Board's major governmental funds are the General Fund and Special Revenue Fund.

Governmental Funds

The School Board's activities are reported in governmental funds, which focus on how money flows into and out of the funds and balances left at year-end available for spending in the future years. These funds are reported using a modified accrual accounting method which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School Board's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Enterprise Fund

The Enterprise Fund uses the same basis of accounting as business-type activities.

The School Board as a Whole

The Statement of Net Position provides the financial perspective of the School Board as a whole.

Table 1 provides a summary comparison of the School Board's net position for June 30, 2017 and 2016.

Table 1

The tax levy increase was due in general to cover increased costs in salaries and benefits, utilities and the debt service. The Federal and State aid-restricted increased due to the increase in grants available.

Regular instructional costs increased due to contractual increases in salary and benefits as well as program maintenance and enhancements.

Other support services increased primarily due to the additional other purchased professional services from the Special Revenue Fund.

Expenses for Fiscal Year June 30, 2017

Business-Type Activities

Revenues for the District's business-type activities (food service program and child care) were comprised of charges for services and royalties.

Total Enterprise Fund revenues exceeded expenses by \$2,261.

Charges for services represent \$181,165 of revenue. This represents the amount paid by patrons for daily food service and catering.

Federal and state reimbursements for meals, including interest, payments for free and reduced lunches and donated commodities was \$119,263.

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total costs of services and the net cost of services. The net cost shows the financial burden that was placed on the School District's taxpayers by each of these functions.

Table 3
Governmental Activities

Total Expenses	\$_	15,578,149	\$_	14,907,755	\$_	15,232,920	\$_	14,557,405		

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Extracurricular activities includes expenses related to student activities provided by the District which are designed to provide opportunities for students to participate in school and public events for the purpose of motivation, enjoyment, skill improvement, school spirit and leadership. Approximately 90% of the student population participates in extracurricular activities.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration and business include expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities activities involve keeping the school grounds, buildings, and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, to school curricular and athletic activities and field trips as provided by state law.

Interest and fiscal charges involve the transactions associated with the payment of interest and other related charges to debt of the District.

The School Board's Funds

The School Board uses funds to control and manage money for particular purposes. The Fund's basic financial statements allow the School Board to demonstrate its stewardship over and accountability for resources received from the Borough of Union Beach, State of New Jersey and other entities. These statements also allow the reader to obtain more insight into the financial workings of the School Board, and assess further the School Board's overall financial health.

As the School Board completed the fiscal year ended June 30, 2017, it reported a combined fund balance of \$3,422,453, which is a increase of \$925,105. The Reconciliation of the Statement of Revenue Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities, Exhibit B-3, presents the reader with a detailed explanation of the increase in fund balance for the fiscal year.

The following schedule presents a summary of General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund revenues for the fiscal year ended June 30, 2017.

<u>Revenue</u>	2016-17 <u>Amount</u>	Percent of Total	Increase/ (Decrease) from 2016-17	Percent of Increase/ (Decrease)
Local Sources State Sources Federal Sources	\$ 6,512,426 9,364,016 536,989	39.68 % 57.05 3.27	\$ 630,847 130,704 (29,360)	(9.69)% (1.40) 5.47
Total	\$ 16,413,431	100.00 %	\$ <u>732,191</u>	(5.62)%

The following schedule presents a summary of General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund expenditures for the fiscal year ended June 30, 2017.

<u>Expenditures</u>		2016-17 <u>Amount</u>	Percent of Total		Increase/ (Decrease) from 2016-17	Percent of Increase/(Decrease)

Total	\$ <u></u>	15,488,326	100.00 %	\$ <u>_</u>	262,904	<u>5.95</u> %

General Fund Budgeting Highlights

The School Board's budget is prepared according to New Jersey law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

Over the course of the year, the School Board revises its budget as it attempts to take into consideration unexpected changes in revenue and expenditures.

A schedule showing the School Board's original and final budget compared with actual operating results is provided in Section C of the CAFR, entitled Budgetary Comparison Schedules. The School Board generally did better than had been budgeted in its General Fund since it practices conservative budgetary practices in which revenues are forecasted very conservatively and expenditures are budgeted with worst-case scenarios in mind.

The General Fund finished the fiscal year approximately \$1,083,004 better than had been budgeted in terms of expenditures. Revenue-wise, the General Fund fared about \$158,818 better than expected. Both these amounts have been adjusted for the non-budgeted amounts reflected in the comparison schedule for reimbursed TPAF social security contributions and on-behalf TPAF post-retirement medical contributions.

The General Fund has restricted a portion of its Fund Balance. The restricted Fund Balance items are Capital Reserve \$798,419, Maintenance Reserve \$510,675, Tuition Reserve \$802,215 and Emergency Reserve \$50,000. These restricted reserves are regulated as to their use by the State of New Jersey. Therefore, the Board places funds in the reserves in combination with the future financial needs of the District

The expenditures were less due to cost containment by the Board even after the salary and benefit increases. General supplies were purchased at better prices than expected due to the school board joining other schools in cooperative bidding. The district also joined a co-op for energy consumption, which was done after the budget was struck. Through efforts made in finding jointures with other local districts, and increase students on district owned vehicles the district transportation costs were lowered for special needs students.

The revenue situation arose primarily because of tuition received from out of district students.

The excesses will be carried forward into the beginning fund balance from the 2016-2017 fiscal year and will be used to reduce the local tax levy for the 2018-2019 fiscal year.

Capital Assets and Debt Administration

Capital Assets. At the end of the fiscal year June 30, 2017, the School Board had \$6,590,662 invested in land, buildings, and machinery and equipment.

Table 4

Capital Assets (Net of Depreciation) at June 30, 2017 and June 30, 2016

	Governmental Activities				Business-type Activities				Total			
	2017		2016		2017		2016		2017		2016	
Land	\$ 1,381,000	\$	1,381,000	\$	-	\$	-	\$	1,381,000	\$	1,381,000

Machinery and Equipment	281,354		305,695		54,518		71,456		335,872		377,151	
Total	\$ 6,536,144	\$	6,634,060	\$	54,518	\$	71,456	\$	6,590,662	\$	6,705,516	

During the current fiscal year, \$178,749 of fixed assets were capitalized as additions. Increases in capital assets were offset by depreciation expense for the year.

Debt Administration. The District's long-term liabilities are as follows for the governmental activities at June 30, 2017 and June 30, 2016.

	Ju	ne 30, 2017	Ju	ıne 30, 2016
Loans Payable (net)	\$	333, ,	\$	899,147
Pension Liability-PERS		4,646,937		4,044,495
Compensated Absences payable		340,747		<u>314,008</u>
Total long-term liabilities	\$	5,886,831	\$_	5,257,650

For more detailed information, please refer to the Capital Assets and Long-term debt notes in the basic financial statements.

Economic Factors and Next Year's Budget

For the 2016-2017 school year, the School Board was able to sustain its budget through the local tax levy, state education aid and local revenue sources. Approximately 60.32% of the School Board's revenue is from federal, state and local aid (restricted and not restricted), while 39.68% of total revenue is from local tax levy.

The \$(5,314,043) in unrestricted net position for all governmental activities represents the accumulated results of all past years' operations. It means that if the School Board had to pay off all bills today, including all of the School Board's non-capital liabilities (compensated absences, etc.), the School Board would have that much in value.

The 2016-2017 budget was adopted in March 2016 based in part on the state education aid the School Board anticipated receiving. Due to the economic condition in the State of New Jersey funding from the State for the current year remained below the previous year. Any future increases based on the enrollment formula, originally formulated to allocate state education aid amongst school boards, will be minimal. Future decreases in local revenue and state education aid will place additional burden on the Borough of Union Beach for increased aid.

The School Board anticipates a slight increase in enrollment for the 2017-2018 fiscal year. If the School Board were to experience a significant increase in enrollment with no appreciable increase in state aid for future budgets, the School Board will be faced with the following alternatives: (a) reduce programs and services, (b) increase local tax levy or (c) seek alternative sources of funding.

Contacting the School Board's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School Board's finances and to show the School Board's accountability for the money it receives. If you have questions about this report or need additional information, you may contact the School Business Administrator/Board Secretary at Union Beach School District, 1207 Florence Avenue, Union Beach, NJ, 07735.

UNION BEACH SCHOOL DISTRICT Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Fiscal Year Ended June 30, 2017

Total net change in fund balances - governmental funds (from B-2)	\$	925,105
Amounts reported for governmental activities in the statement of activities (A-2) are different because:		
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period.		
Depreciation expense	(276,665)	
Capital outlays	178,749	(97,916)
In the Statement of Activities, the PERS pension expense is the amount paid plus net change in the Deferred Outflows, Deferred Inflows and pension liability as reported by the State of New Jersey		47,549
In the statement of activities, interest on long-term debt is accrued, regardless of when due. In the governmental funds, interest is reported when due. The change in accrued interest is an addition to the reconciliation.		(12,717)
In the statement of activities, certain operating expenses, e.g., compensated absences (sick leave) and special termination benefits (early retirement incentive) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported		(00.700)
in the amount of financial resources used, essentially, the amounts actually paid.	_	(26,739)

Notes to Financial Statements

For the Year Ended June 30, 2017

1. Summary of Significant Accounting Policies

The Financial statements of the Board of Education ("Board") of the Union Beach School District ("District") have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

A. Reporting Entity:

The Union Beach School District is a Type II district located in the county of Monmouth, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The Board is compromised of nine members elected to three-year staggered terms. The purpose of the District is to educate students in grades PreK-8. The Union Beach School District had an approximate enrollment of 628 students at June 30, 2017.

The Board is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the District. A Superintendent is appointed by the Board and is responsible for the administrative control of the District.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB <u>Codification of Governmental Accounting and Financial Reporting Standards</u>, is the degree of oversight responsibility maintained by the District. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The district-wide financial statements include all funds and account groups of the District over which the Board exercises operating control. The operations of the District include an elementary school located in Union Beach. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

B. Basis of Presentation, Basis of Accounting:

The School District's basic financial statements consist of District-wide statements, including a Statement of Net Position and a Statement of Activities, and Fund Financial Statements which provide a more detailed level of financial information.

Notes to Financial Statements

For the Year Ended June 30, 2017

1. Summary of Significant Accounting Policies (Cont'd)

B. Basis of Presentation, Basis of Accounting (Cont'd):

Basis of Presentation

The School District has Bond Costs which have been classified as a Deferred Outflow and the Bond Premium has been classified as a Deferred Inflow. The School District has employees that are enrolled in a defined benefit plan operated by the State of New Jersey which creates deferred outflows and inflows as described in Note 11.

In June 2015, GASB issued Statement No. 74, Financial Reporting For Postemployment Benefits Other Than Pension Plans (Replaces GASB No. 43 and No. 57) and Statement No. 75 Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (Replaces GASB No. 45 and No. 57). The primary objective of these Statements is to improve accounting and financial reporting by state and local governments for postemployment benefits. It also improves information provided by state and local governmental employers about financial support for postemployment benefits that is provided by other entities. These Statements result from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for postemployment benefits with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. The requirements of these Statements will improve the decisionusefulness of information in employer and governmental nonemployer contributing entity financial reports and will enhance its value for assessing accountability and interperiod equity by requiring recognition of the entire net postemployment benefit liability and a more comprehensive measure of benefits expense. The requirements of these Statements are effective for financial statements for periods beginning after June 15, 2016 (GASB No. 74) and June 15, 2017 (GASB No. 75). The effect of these new standards on the School District has not been measured.

<u>District-Wide Statements</u>: The district-wide financial statements (A-1 and A-2) include the statement of net position and the statement of activities. These Statements include the financial activities of the overall District, except for fiduciary activities. All interfund activity, excluding the fiduciary funds, has been eliminated in the statement of activities. Individual funds are not displayed but the statements distinguish governmental activities, generally financed in whole or in part with fees charged to external customers.

Notes to Financial Statements

For the Year Ended June 30, 2017

1. Summary of Significant Accounting Policies (Cont'd)

B. Basis of Presentation, Basis of Accounting (Cont'd):

Basis of Presentation (Cont'd):

The Statement of Net Position presents the financial condition of the governmental and business-type activity of the District at fiscal year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the District.

<u>Fund Financial Statements</u>: During the fiscal year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The Fund Financial Statements provide information about the District's funds, including its fiduciary funds. Separate statements for each Fund category-governmental, proprietary, and fiduciary - are presented. The New Jersey Department of Education ("NJDOE") has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted by Governmental Accounting Standards. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

The District reports the following governmental funds:

General Fund - The General Fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment, which are classified in the Capital Outlay subfund.

As required by the the NJDOE, the District includes budgeted capital outlay in this Fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, District taxes and appropriated Fund Balance. Expenditures are those that result in the acquisition of or additions to Fixed Assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by Board resolution.

Notes to Financial Statements

For the Year Ended June 30, 2017

1. Summary of Significant Accounting Policies (Cont'd)

B. Basis of Presentation, Basis of Accounting (Cont'd):

Basis of Presentation (Cont'd):

Special Revenue Fund - The Special Revenue Fund is used to account for all proceeds of specific revenue from State and Federal Government, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

Enterprise Fund - The Enterprise Fund accounts for all revenues and expenses pertaining to the Board's cafeteria and latchkey operations. The Food Service Fund and the latch-key program are utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the costs (i.e., expenses including depreciation and indirect costs) of providing primarily through user charges.

The District reports the following fund types:

Trust and Agency Funds - The Trust and Agency Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

Expandable Trust Fund - An Expandable Trust Fund is accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. Expendable Trust Funds account for assets where both the principal and interest may be spent. The Expendable Trust Fund includes the Unemployment Compensation Insurance Fund.

Agency Funds - Agency Funds are used to account for the assets that the District holds on behalf of others as their agent. Agency Funds are custodial in nature and do not involve measurement of results of operations. Agency Funds include payroll and student activities funds.

Notes to Financial Statements

For the Year Ended June 30, 2017

1. Summary of Significant Accounting Policies (Cont'd)

B. Basis of Presentation, Basis of Accounting (Cont'd):

Basis of Accounting

Basis of Accounting determines when transactions are recorded in the financial records and reported on the financial statements.

District-Wide, Proprietary, and Fiduciary Fund Financial Statements: The District-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the Enterprise Fund and Fiduciary Funds use the accrual basis of accounting. Differences in the accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as, under New Jersey State Statute, a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "Accounts Receivable". Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental Funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds, Proceeds if general long-term debt and acquisitions under capital releases are reported as other financing sources.

All governmental and business-type activities and Enterprise Funds of the District follow the codification of the Financial Accounting Standards Board.

Notes to Financial Statements

For the Year Ended June 30, 2017

1. Summary of Significant Accounting Policies (Cont'd)

C. Budgets/Budgetary Control: Annual appropriated budgets are prepared in the spring of each year for the General, Special Revenue, and Debt Service Funds. The budgets are submitted and approved by the County Office and are not voted upon in the annual school election. Budgets are prepared using the modified accrual basis of accounting, except for Special Revenue Fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C 6:20-2A.2(m)1. All budget amendments/transfers must be approved by Board resolution. All budget amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally-authorized revisions of the annual budgets during the year.

Appropriations, except remaining project appropriations, encumbrances, and unexpected grant appropriation, lapse at the end of each fiscal year. The Capital Project Fund presents the remaining project appropriations compared to current-year expenditures.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the Special Revenue Fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund-types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the Special Revenue Fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports. At June 30, 2017, there was a reconciling difference of \$(422,282) between the budgetary basis and GAAP basis in the General Fund and of \$(6,046) in the Special Revenue Fund.

The following presents a reconciliation of the General Fund revenues and Special Revenue Fund revenues and expenditures from the budgetary basis of accounting as presented in the Budgetary Comparison Schedules - General and Special Revenue Funds to the GAAP basis of accounting as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Fund Types. Note that the District does not report encumbrances outstanding at year-end as expenditures in the General Fund since the General Fund budget follows modified accrual basis with the exception of the revenue recognition policy for the last state aid payment.

Notes to Financial Statements

For the Year Ended June 30, 2017

1. Summary of Significant Accounting Policies (Cont'd)

D. Encumbrance Accounting:

Under Encumbrance Accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve and portion of the applicable appropriation. Open encumbrances in governmental funds other than the Special Revenue Fund are reported as reservations of fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the Special Revenue Fund, for which the District has received advances are reflected in the Balance Sheet as deferred revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year-end.

E. Assets, Liabilities, and Equity:

Interfund Transactions:

Transfers between Governmental and Business-Type activities on the District-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as Interfund transfers. Interfund transfers are reported as other financing sources/uses in Governmental Funds and after non-operating revenues/expenses to the funds that initially paid for them are not presented on the financial statements.

Inventories:

Inventory purchases, other than those recorded in the Enterprise Fund, are recorded as expenditures during the first year of purchase. Enterprise Fund inventories are valued at cost, which approximates market, using the first-in/first-out ("FIFO") method.

Notes to Financial Statements

For the Year Ended June 30, 2017

1. Summary of Significant Accounting Policies (Cont'd)

E. Assets, Liabilities, and Equity (Cont'd):

Capital Assets:

The District has an established formal system of accounting for its Capital Assets. Purchased or constructed Capital Assets are reported at cost. Donated Capital Assets are valued at their estimated fair market value on the date received. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. The District does not possess any infrastructure.

All reported Capital Assets except for Land and Construction in Progress are depreciated. Depreciation is computed using the straight-line method over the following estimated useful lives:

Asset Class	Estimated <u>Useful Lives</u>
Building and Improvements	20-50 years
Furniture and Equipment	5-20 years
Vehicles	8 years

Compensated Absences:

The Districts accounts for Compensated Absences (e.g., unused vacation, sick leave) as directed by the Governmental Accounting Board Statement. A liability for Compensated Absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and the employee is accrued as the employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued vacation. The District's Policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

In the District-wide Statement of Net Position, the liabilities whose average maturities are greater than one year should be reported in two components - the amount due within one year and the amount due in more than one year.

The liability for vested compensated absences of the proprietary fund-types is recorded within those funds as the benefits accrue to employees. As of June 30, 2017, no liability existed for compensated absences in the Enterprise Fund.

Notes to Financial Statements

For the Year Ended June 30, 2017

1. Summary of Significant Accounting Policies (Cont'd)

E. Assets, Liabilities, and Equity (Cont'd):

Unearned Revenue:

Unearned Revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlement received before the eligibility requirements are met are also recorded as Unearned Revenue.

Accrued Liabilities and Long-Term Obligations:

All Payables, Accrued Liabilities, and Long-Term Obligations are reported on the District-wide financial statements. In general, governmental fund payables are accrued liabilities that, once incurred are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, contractually-required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

Net Position:

Net Position represent the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net Position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted Net Position are available.

Fund Balance Reserves:

The District reserves those portions of Fund Balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation in future periods. A Fund Balance Reserve has been established for encumbrances, maintenance, capital, emergency, tuition and subsequent year's expenditures.

Notes to Financial Statements

For the Year Ended June 30, 2017

1. Summary of Significant Accounting Policies (Cont'd)

E. Assets, Liabilities, and Equity (Cont'd):

Revenues - Exchange and Nonexchange Transactions:

Revenue resulting from Exchange Transactions, in which each party gives and receives essentially equal value, is recorded on the actual accrual basis when the Exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District available means within sixty days of the fiscal year-end.

Nonexchange Transactions, in which the District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the period in which the income is earned. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On the modified accrual basis, revenue from Nonexchange Transactions must also by available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest, and tuition.

Operating Revenues and Expenses:

Operating revenues are those revenues that are generated directly from the primary activity of the Enterprise Fund. For the School District, these revenues are sales for food service and latch-key program. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the Enterprise Fund.

Notes to Financial Statements

For the Year Ended June 30, 2017

1. Summary of Significant Accounting Policies (Cont'd)

E. Assets, Liabilities, and Equity (Cont'd):

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time.

Allocation of Indirect Expenses:

The District reports all Direct Expenses by function in the Statement of Activities. Direct Expenses are those that are clearly identifiable with a function. Indirect Expenses are allocated to functions but are reported separately in the Statement of Activities. Employee Benefits, including the employer's share of Social Security, workers compensation, and medical and dental benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the Indirect Expense column of the Statement of Activities. Depreciation expense that could not be attributable to a specific function is considered an Indirect Expense and is reported separately in the Statement of Activities. Interest on long-term debt is considered an Indirect Expense and is reported separately on the Statement of Activities.

Extraordinary and Special Items:

Extraordinary Items are transactions or events that are unusual in nature and infrequent in occurrence. Special Items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence.

Management Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Notes to Financial Statements

For the Year Ended June 30, 2017

2. Capital Reserve Account

A Capital Reserve Account was established by the Union Beach School District in October 2000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The Capital Reserve Account is maintained in the General Fund and its activity is included in the General Fund annual budget.

Funds placed in the Capital Reserve Account are restricted to Capital Projects in the District's approved Long Range Facilities Plan ("LRFP"). Upon submission of the LRFP to the Department, a District may increase the balance in the Capital Reserve by appropriating funds in the annual General Fund budget certified for taxes or by transfer by Board Resolution at yearend of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A District may also appropriate additional amounts when the excess approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C 6:23A-5.1(d)7, the balance in the Account cannot at any time exceed the local support costs of uncompleted Capital Projects in its approved LRFP.

The activity of the Capital Reserve for the June 30, 2016 to June 30, 2017 fiscal year is as follows:

Beginning Balance June 30, 2016 Add:	\$ 773,678
Increase per Resolution	250,000
Unspent project costs	-
Interest Earnings	741
Less: Withdrawals for budget	 (226,000)
Ending Balance, June 30, 2017	\$ <u> 798,419</u>

The June 30, 2017 LRFP balance of local support costs of uncompleted Capital Projects is \$5,381,000.

Notes to Financial Statements

For the Year Ended June 30, 2017

3. Maintenance Reserve Account

A maintenance Reserve Account was established by the Union Beach School District by inclusion of \$ 100,000 for the accumulation of funds for use as required maintenance of Capital Projects in subsequent fiscal years. The Maintenance Reserve Account is maintained in the General Fund and its activity is included in the General Fund annual budget. Funds placed in the Maintenance Reserve Account are to provide maintenance for completed projects in the District's approved LRFP.

The activity of the Maintenance Reserve for the June 30, 2016 to June 30, 2017 fiscal year is as follows:

Balance, June 30, 2016	\$ 410,675
Add: Increase per Board Resolution Less: Withdrawals	 100,000
Balance, June 30, 2017	\$ 510,675

4. **Emergency Reserve Account**

An Emergency Reserve Account was established by the Union Beach School District by inclusion of \$ 200,000 for the accumulation of funds in accordance with N.J.S.A. 18A:7F-41c(1). The Emergency Reserve Account is maintained in the General Fund and its activity is included in the General Fund annual budget. Funds placed in the Emergency Reserve Account are to finance unanticipated general fund expenditures required for a thorough and efficient education.

The activity of the Emergency Reserve for the June 30, 2016 to June 30, 2017 fiscal year is as follows:

Balance, June 30, 2016	\$ 50,000
Add: Increase per Board Resolution	
Balance, June 30, 2017	\$ 50,000

5. **Tuition Reserve Account**

A Tuition Reserve Account was established by the Union Beach School District by inclusion of \$ 200,000 for the accumulation of funds in accordance with N.J.S.A. 18A:7F-41c(1). The Tuition Reserve Account is maintained in the General Fund and its activity is included in the General Fund annual budget. Funds placed in the Tuition Reserve Account are to finance tuition charges required for a thorough and efficient education.

Notes to Financial Statements

For the Year Ended June 30, 2017

5. Tuition Reserve Account (Cont'd)

The activity of the Tuition Reserve for the June 30, 2016 to June 30, 2017 fiscal year is as follows:

Balance, June 30, 2016	\$ 700,000
Add: Increase per Board Resolution	315,000
Less: Budgeted utilization	(100,000)
Balance, June 30, 2017	\$ <u>915,000</u>

6. Deposits and Investments

The Board of Education considers petty cash, change funds, cash in banks, certificates of deposit and deposits with the New Jersey Cash Management Fund as Cash and Cash Equivalents.

Deposits

The Board's deposits are insured through the Federal Deposit Insurance Corporation ("FDIC") or New Jersey's Governmental Unit Deposit Protection Act. The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to maintain additional collateral in the amount of 5% of the average public deposits and to deposit these amounts with the Federal Reserve Bank for all deposits not covered by the FDIC.

Custodial Credit Risk Related to Deposits

Custodial Credit Risk is the Risk that, in the event of a blank failure, the Board's deposit might not be recovered. Although the Board does not have a formal policy regarding custodial credit risk, NJSA 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of GUDPA. Under the Act, the first \$ 250,000 of governmental deposits in each insured depository is protected by FDIC. Public funds owned by the Board in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, bail funds, or funds that may pass to the Board relative to the happening of a future condition. Such funds are shown as Uninsured and Uncollateralized in the schedule below.

At June 30, 2017, the Board's bank balances of \$5,038,489 were exposed to Custodial Credit Risk as follows:

	<u>2016</u>		
Insured Uninsured and Uncollateralized	\$ 384,535 4,653,954		
	\$ 5,038,489		

Notes to Financial Statements

For the Year Ended June 30, 2017

6. Deposits and Investments (Cont'd)

Investments

The Board is permitted to invest public funds in accordance with the types of securities authorized by N.J.S.A. 18A:20-37. Examples of the allowable investments are bonds or other obligations of the United States or obligations guaranteed by the United States of America, Government Money Market Mutual Funds, bonds or other obligations of the school district or bonds or other obligations of the local unit or units within which the school district is located, Local Government investment pools, and agreements or the repurchase of fully-collateralized securities, if transacted in accordance with the above statute.

In order to maximize liquidity, the District utilized the New Jersey Cash Management Fund ("NJCMF") as it sole investment. The NJCMF is administered by the New Jersey Department of Treasury. It invests pooled monies from various State and non-State agencies in primarily short-term investments. These investments include: U.S. Treasuries, short-term Commercial Paper, U.S. Agency Bonds, Corporate Bonds, and investment rates. Monies can be freely added or withdrawn from the NJCMF on a daily basis without penalty.

As of June 30, 2017, the Board had the following investments:

	Fair Value	Moody's	S & P
	<u>Amount</u>	<u>Rating</u>	Rating
Investment Type			
New Jersey Cash Management Fund	\$134,535	AAA	AAA

Interest Rate Risk

The District does not have a policy to limit interest rate risk. The average maturity of the District's sole investment, the NJCMF, is less than one year.

Credit Risk

State law limits investments as noted above (N.J.S.A. 18A:20-37). The District has an investment policy that further limits its investment choices.

Investment and interest earnings in the Capital Projects Fund are assigned to the General Fund in accordance with Board policy.

Notes to Financial Statements

For the Year Ended June 30, 2017

7. Receivables

Receivables at June 30, 2017, consisted of state aid, accrued interest, interfund, intergovernmental, and other. All receivables are considered collectible in full. A summary of the principal items of intergovernmental receivable follows:

	Fund F	nmental inancial <u>ments</u>	District-Wide Financial Statements		
State Aid Federal Aid Interfunds	\$	168,444 131,348 114,609 414,401	\$	168,615 137,790 114,609 421,014	
Less: Allowance for Uncollectibles		-		-	
Total Receivables, Net	\$ <u></u>	414,401	\$ <u></u>	421,014	

8. Interfund Balances and Transfers

Balances due to/from other funds at June 30, 2017 consist of the following:

<u>Fund</u>	Interfund <u>Receivable</u>		Inter <u>Paya</u>	
General Fund Enterprise Fund Trust and Agency Fund	\$	114,609 - -	\$	- 90,044 <u>24,565</u>
	\$	114,609	\$ <u></u>	114,609

The Enterprise Fund owes the General Fund for cash advances.

The Trust and Agency Fund owes the General Fund for cash advances.

9. Inventory

As of June 30, 2017, the District had the following inventory:

Food	\$ 1,615
Supplies	 707
	\$ 2,322

Notes to Financial Statements

For the Year Ended June 30, 2017

10. Capital Assets

The District did not have its Fixed Assets appraised by an independent appraiser as of June 30, 2017. The valuation was not properly updated and did not include all the District's Capital Assets. As such, materially accurate asset valuation totals, accumulated depreciation expense and depreciation expense amounts were not ascertainable.

Governmental Activities:	Beginning <u>Balance</u>	Additions	Retirements	Ending <u>Balance</u>

Notes to Financial Statements

For the Year Ended June 30, 2017

10. Capital Assets (Cont'd)

The NJ State Department of Education has set the capitalization threshold used by school districts in the State of New Jersey at \$2,000.

Depreciation expense was charged to functions as follows:

Regular Instruction	\$ 234,095
Student and Instruction Related Services	608
General Administration Services	11,970
Plant Operations and Maintenance	20,456
Student Transportation Services	 9,536
Total	\$ 276 665

11. Long-Term Obligations

A. Long-Term Obligation Activity:

Changes in Long-Term Obligations for the year ended June 30, 2017, are as follows:

Governmental Activities:	<u>Ju</u>	Balance ne 30, 2016		Increases/ Decreases	<u>Ju</u>	Balance une 30, 2017		Amounts Due Within One Year
Compensated Absences Payable Community Disaster Loan	\$	314,008 899,147	\$	26,739 -	\$	340,747 899,147	\$	- -

	\$	5,257,650	\$_	629,181	\$	5,886,831	\$_	

B. Bonds Authorized But Not Issued

As of June 30, 2017, the District had no authorized but not issued bonds.

C. Capital Leases

As of June 30, 2017, the District had no capital leases.

D. Operating Leases

As of June 30, 2017, the District had no operating leases.

Notes to Financial Statements

For the Year Ended June 30, 2017

12. FEMA Community Disaster Loan (CDL)

The school district applied for and received a CDL in response to the devastating effects on the property tax ratable base of the municipality due to Superstorm Sandy in October 2012. The district was approved for \$4,158,107 total loan and chose to withdraw \$899,147 as a reduction of the tax levy assessed for the 2013-2014 school year. The amount of principal and interest accrued through June 30, 2017 is \$899,147 and \$38,473, respectively. This loan is subject to FEMA review in 2016 and may be fully or partially cancelled based upon FEMA's calculation of the revenue loss that the district experienced over a specified period. The loan matures in 2018.

13. Pension Plans

Description of Plans

All required employees of the District are covered by either the Public Employees' Retirement System ("PERS"), the Teachers' Pension and Annuity Fund ("TPAF") or the Defined Contribution Retirement Program (DCRP) which have been established by State statute and are administered by the New Jersey Division of Pension and Benefits ("Division"). Each plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes the financial statements and required supplementary information. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625.

Teachers' Pension and Annuity Fund ("TPAF")

The Teachers' Pension and Annuity Fund was established as of January 1, 1955 under the provision of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The TPAF is considered a cost-sharing multiple-employer plan with a special funding situation as, under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the System's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are classified, professional, and certified.

For the year ended June 30, 2017, the District recognized pension expense of \$433,635 and revenue of \$433,635 for support provided by the State on the fund financials. These amounts are not included in the district-wide financials as required by GASB 68.

Notes to Financial Statements

For the Year Ended June 30, 2017

13. Pension Plans (Cont'd)

Teachers' Pension and Annuity Fund ("TPAF") (Cont'd)

At June 30, 2017, the District has no deferred outflow, deferred inflows or pension liability for the TPAF plan as all future costs are to be incurred by the State of New Jersey. As detailed in GASB 68 the District's proportionate share of the deferred outflows of resources and deferred inflows of resources and pension liability is required to be disclosed. These items are not included on the district-wide financials. The District's proportionate share is 0.0399501732% total plan. The information below was provided from the State of New Jersey June 30, 2016 audit of the TPAF fund and has been adjusted to the District's proportionate share:

		Deferred	Def	erred Inflows
		Outflows of	of	Resources
		Resources		
Differences between expected and actual experience	\$	110,242	\$	53,499
Changes of assumptions		6,244,498		-
Net difference between projected and actual earnings on		570,547		-
pension plan investments				
Changes in proportion and differences between District		42,024		24,415
contributions and proportionate share of contributions				
District contributions subsequent to the measurement date	_			
Total	\$	6,967,311	\$	77,914
	-			

The District's proportionate share of the pension liability at June 30, 2016 as it relates to the District is \$31,427,350.

The District's proportionate share of other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense by the State of New Jersey as follows:

Year ended Jui	ne 30:	
2017	\$	1,014,149
2018		1,014,149
2019		1,188,056
2020		1,111,095
2021		938,568
Thereafter		1,637,439
Total	\$	6,903,456

Notes to Financial Statements

For the Year Ended June 30, 2017

13. Pension Plans (Cont'd)

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2016 are summarized in the following table:

Long-Term

		Long-Term
		Expected Real
	Target	Rate of
Asset Class	Allocation	<u>Return</u>
Cash	5.00 %	0.39 %
US Government Bonds	1.50 %	1.28 %
US Credit Bonds	13.00 %	2.76 %
US Mortgages	2.00 %	2.38 %
US Inflation-Indexed Bonds	1.50 %	1.41 %
US High Yield Bonds	2.00 %	4.70 %
US Equity Market	26.00 %	5.14 %
Foreign-Developed Equity	13.25 %	5.91 %
Emerging Market Equity	6.50 %	8.16 %
Private Real Estate Property	5.25 %	3.64 %
Timber	1.00 %	3.86 %
Farmland	1.00 %	4.39 %
Private Equity	9.00 %	8.97 %
Commodities	0.50 %	2.87 %
Hedge Funds - MultiStrategy	5.00 %	3.70 %
Hedge Funds - Equity Hedge	3.75 %	4.72 %
Hedge Funds - Distressed	3.75 %	3.49 %

Discount Rate

The discount rate used to measure the total pension liability was 3.22% as of June 30, 2016. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.65%, and a municipal bond rate of 2.85% as of June 30, 2016, based on Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2029. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2029, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Notes to Financial Statements

For the Year Ended June 30, 2017

13. Pension Plans (Cont'd)

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability of the participating employers as of June 30, 2016 calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	1%	Current	1%
	Decrease (2.22 %)	Discount Rate (3.22 %)	Increase (4.22 %)
District's proportionate share of the net			
pension liability	37,704,245	31,572,185	26,564,567

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued TPAF financial report.

Public Employees' Retirement System ("PERS")

The Public Employees' Retirement System was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another State-administered retirement system or other state or local jurisdiction.

For the year ended June 30, 2017, the District recognized pension expense of \$396,782. As detailed in GASB 68 the District's proportionate share of the deferred outflows of resources and deferred inflows of resources and pension liability is required to be disclosed and recorded. These items are included on the district-wide financials. The District's proportionate share is 0.0156900316% of the total plan. The information below was provided from the State of New Jersey June 30, 2016 audit of the PERS fund and has been adjusted to the District's proportionate share. At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

Notes to Financial Statements

For the Year Ended June 30, 2017

13. Pension Plans (Cont'd)

Public Employees' Retirement System ("PERS") (Cont'd)

		Deferred Outflows of Resources	_	erred Inflows Resources
Differences between expected and actual experience	\$	86,419	\$	-
Changes of assumptions		962,597		-

REIT	5.25 %	5.63 %

Discount Rate

The discount rate used to measure the total pension liability was 3.98% as of June 30, 2016. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.65%, and a municipal bond rate of 2.85% as of June 30, 2016, based on Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2034. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2034, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Notes to Financial Statements

For the Year Ended June 30, 2017

13. Pension Plans (Cont'd)

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability of the participating employers as of June 30, 2016, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	1%	Current	1%
	Decrease (2.98 %)	Discount Rate (3.98 %)	Increase (4.98 %)
District's proportionate share of the net pension liability	5,694,279	4,646,937	3,782,266

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by the N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:66 for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years or service prior to retirement (or highest three years' compensation if other than the final three years).

Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Three-Year Trend Information for TPAF (Paid on-behalf of the District)

	Annual		Percentage	Net	
Year Funding		Pension	of APC		Pension
<u>June 30,</u>	<u>C</u>	ost (APC)	Contributed	<u>C</u>	<u>Obligation</u>
2017	\$	796,019	100 %	\$	796,019
2016		700,717	100 %		700,717
2015		600,978	100 %		600,978

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 6.78% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution included funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

There was a current year contribution to the TPAF post-retirement medical benefits made by the State of New Jersey on behalf of the Board in the amount of \$796,019. The State did not make any normal contributions on behalf of the Board. Also, in accordance with N.J.S.A 18A: 66-66, the State of New Jersey reimbursed the District \$303,392 during the year ended June 30, 2017 for the employer's share of social security contributions for TPAF members as calculated on their base salaries.

These amounts have been included in the general purpose financial statements, and the combining and individual fund and account group statements and schedules as a revenues and expenditures in accordance with Governmental Accounting Standards.

Notes to Financial Statements

For the Year Ended June 30, 2017

13. Pension Plans (Cont'd)

Defined Contribution Retirement Plan (DCRP)

The Defined Contribution Retirement Plan is a cost-sharing multiple-employer defined contribution pension plan which was established on July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (N.J.S.A.43:15C-1 et. seq), and expanded under the provisions of Chapter 89, P.L. 2008 and Chapter 1, P.L. 2010. The Defined Contribution Retirement Program Board oversees the DCRP, which is administered for the Divisions of Pensions and Benefits by Prudential Financial. The DCRP provides eligible members, and their beneficiaries, with tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N.J.S.A.43:15C-1 et. seq.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the School District's contribution amounts for each pay period are transmitted to Prudential not later than the fifth business day after the date on which the employee is paid for that pay period.

The District's contributions to the DCRP for June 30, 2017 were \$3,200. There was no liability for unpaid contributions at June 30, 2017.

Related Party Investments - The Division of Pensions and Benefits does not invest in securities issued by the School District.

14. Post-Retirement Benefits

Legislation enacted during 1991 provides early retirement incentives for certain member of TPAF and PERS who met certain age and service requirements and who applied for retirement between certain dates in the 1992 fiscal year. The early retirement incentives included: (a) an additional five years of service credit for employees at least age 50 with a minimum of 25 years service; (b) free health benefits for employees at least 60 years old with at least 20 years of service; and (c) an additional \$500 per month for two years for employees at least age 60 with 10 but less than 20 years of service. The District will assume the increased cost for the early retirement as it affects their district.

Notes to Financial Statements

For the Year Ended June 30, 2017

14. Post-Retirement Benefits (Cont'd)

P.L. 1987, c 384 and P.L. 1990, c.6 required Teachers' Pensions and Annuity Fund ("TPAF") and the Public Employees' Retirement System ("PERS"), respectively, to fund post-retirement medical benefits for those state employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired state employees and retired educational employees. As of June 30 2016, there were 110,512 retirees receiving post-retirement medical benefits, and the State contributed \$1.37 billion on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost of attributable to P.L. 1992 c. 126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education of county college with 25 years of service. The State paid \$231.2 million toward Chapter 126 benefits for 20,045 eligible retired members in fiscal year 2016.

15. Deferred Compensation

The Board offers its employees a choice of Deferred Compensation Plans created in accordance with Internal Revenue Code Section 403(b). The Plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the Plans are not available to employees until termination, retirement, death or unforeseeable emergency. The Plan administrators are as follows:

Lincoln Investment Financial Franklin Templeton AXA Equitable Metropolitan Life Insurance Oppenheimer Funds Siracusa

16. Risk Management

The District is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omission; injuries to employees; and natural disasters.

Property and Liability Insurance - The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

Notes to Financial Statements

For the Year Ended June 30, 2017

16. Risk Management (Cont'd)

New Jersey Unemployment Compensation Insurance - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The table below is a summary of the District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current and the previous two years.

	District	Employee		Amount	Ending
Fiscal Year	Contributions	Contributions	<u>Interest</u>	<u>Reimbursed</u>	<u>Balance</u>
2016 / 2017	-	20,322	65 ;	(18,643)	17,910
2015 / 2016	-	18,556	101	(47,912)	16,166
2014 / 2015	-	18,125	87	(6,709)	45,421

17. Contingent Liabilities

Grant Programs

The District participates in federally-assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The District is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

18. Fund Balance Appropriated

Fund balance will be displayed in the following classifications depicting the relative strength of the spending constraints placed on the purposes for which resources can be used.

- Nonspendable Fund Balance amounts that are not in a spendable form (such as inventory) or are required to be maintained intact (such as the corpus of an endowment fund).
- Restricted Fund Balance amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- Committed Fund Balance amounts constrained to specific purposes by the
 District itself, using its highest level of decision-making authority; to be reported
 as committed, amounts cannot be used for any other purpose unless the District
 takes the same highest-level action to remove or change the constraint.
- Assigned Fund Balance amounts a District intends to use for a specific purpose; intent can be expressed by the Board or by an official or body to which the Board delegates the authority.
- Unassigned Fund Balance amounts that are available for any purpose; these amounts are reported only in the General Fund.

Notes to Financial Statements

For the Year Ended June 30, 2017

18. Fund Balance Appropriated (Cont'd)

Fund balance reporting is the result of State Statutes, New Jersey Department of Education regulations and motions (resolutions/ordinances) that are passed at Board meetings. The Board acts on these motions under the guidance of the District's Superintendent and Business Administrator

The District's policy is to apply expenditures against non-spendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance at the end of each fiscal year, utilizing adjusting journal entries.

First, non-spendable fund balances are determined; then, restricted fund balances for specific purposed are determined (not including non-spendable amounts). Any remaining fund balance amounts for the non-General Funds are classified as restricted fund balances.

There is a potential for the non-general funds to have negative unassigned fund balance when non-spendable amounts plus the restricted fund balances for specific purpose amounts exceed the positive fund balances for the non-general funds.

Classification Totals

Fund	General <u>Fund</u>	Special Revenue <u>Fund</u>	Debt Service <u>Fund</u>	Capital Projects <u>Fund</u>	<u>Total</u>
Balances:					
Restricted	3,076,309	-	-	-	3,076,309
Committed	22,183	-	-	-	22,183
Assigned	739,086	-	-	=	739,086
Unassigned	(396,782)	(18,343)			(415,125)
_	3,440,796	(18,343)			3,422,453

19. Deficit Fund Balances

The District has a deficit fund balance of \$396,782 in the General Fund as of June 30, 2017 as reported in the fund statements. N.J.S.A. 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, districts must record the delayed one or more June state aid payments as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, Governmental Accounting Standards require that recognition revenue, expenditure, asset, liability should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability. Since the State is recording the June state aid payments in the subsequent fiscal year, the school district can not recognize the June state aid payments (on the GAAP financial statements) until the year the State records the payable. Due to the timing difference of recording the June state aid payments, the General Fund balance deficit does not alone indicate that the district is facing financial difficulties.

Notes to Financial Statements

For the Year Ended June 30, 2017

19. Deficit Fund Balances (Cont'd)

Pursuant to N.J.S.A. 18A:22-44.2 any negative unreserved, undesignated general fund balance that is reported as a direct result from a delay in June payments of state aid until the following fiscal year is not considered in violation of New Jersey statute and regulation nor in need of corrective action. The District deficit in the GAAP funds statements of \$396,782 is less than the two state aid payments.

20. Calculation of Excess Surplus

The Designation for Reserved Fund Balance - Excess Surplus is a required calculation pursuant to N.J.S.A. 18A:7F-7, as amended. New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2017 is \$1,062,215.

21. Uncertain Tax Positions

The school district had no unrecognized tax benefits at June 30, 2017. The school district files tax returns in the U.S. federal jurisdiction and New Jersey. The school district has no open year prior to June 30, 2014.

22. Subsequent Events

Management has evaluated subsequent events through December 1, 2017, the date the financial statements were available to be issued.

23. Tax Abatement

As defined by the Governmental Accounting Standards Board (GASB), a tax abatement is an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. School districts are not authorized by New Jersey statute to enter into tax abatement agreements. However, the county or municipality in which the school district is situated may have entered into tax abatement agreements, and that potential must be disclosed in these financial statements. If the county or municipality entered into tax abatement agreements, those agreements will not directly affect the school district's local tax revenue because N.J.S.A. 54:4-75 and N.J.S.A. 54:4-76 require that amounts so forgiven must effectively be recouped from other taxpayers and remitted to the school district.

UNION BEACH SCHOOL DISTRICT Required Supplementary Information Schedule of the District's Proportionate Share of Net Pension Liability-TPAF For the Fiscal Year Ended June 30, 2017

Last 10 Fiscal Years*

	2015	2016	2017
District's proportion of the net pension liability	0.0447031709	% 0.0429608354%	0.0399501732%
District's proportionate share of the net pension liability	\$ 23,892,39	0 \$ 27,153,083	\$ 31,427,350
District's covered-employee payroll	1,155,50	6 966,280	1,247,572
District's proportionate share of the net pension liability as a percentage of its covered- employee payroll	2067.70	% 2810.06%	3.97%
Plan fiduciary net position as a percentage of the total pension liability	33.64	% 28.71%	22.33%

The District has a special funding situation as is not required to make any payments for this liability therefore it is not recorded on the CAFR.

The amounts presented were determined as of the fiscal year-end that occurred one year before the District's fiscal year end.

^{*} The schedule is presented to illustrate the requirements to show information for 10 years. However, until a full 10-year trend is compiled governments should present information for those years for which information is available.

Union Beach School District

Notes to Required Supplementary Information - Part III

For the Year Ended June 30, 2017

Assumptions

The total pension liability for the June 30, 2016 measurement date was determined by an actuarial valuation as of July 1, 2015, which was rolled forward to June 30, 2016. The total pension liability for the June 30, 2013 measurement date was determined by an actuarial valuation as of July 1, 2013. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate	3.08 %
Salary increases: 2012-2021	1.65 - 4.15 % based on age
Thereafter	2.65 - 5.15 % based on age
Investment rate of return	7.65 %

Pre-retirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. For State employees, mortality tables are set back 4 years for males and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

Notes
The J-2 is a ten year schedule. This sample is for the year
Districts are not required by GASB to report years prior to
the implementation date of Statement 44. However, the
department strongly encourages districts to report

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable President and Members of the Board of Education Union Beach School District County of Monmouth Union Beach, New Jersey 07760

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Board of Education of the Union Beach School District in the County of Monmouth, State of New Jersey, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise Board of Education of the Union Beach School District basic financial statements, and have issued our report thereon dated December 1, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Board of Education of the Union Beach School District in the County of Monmouth, State of New Jersey's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Board of Education of the Union Beach School District in the County of Monmouth, State of New Jersey's internal control. Accordingly, we do not express an opinion on the effectiveness of Board of Education of the Union Beach School District internal control.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

BRICK OFFICE: 514 BRICK BOULEVARD · SUITE 3 · BRICK, NJ · 08723 · PHONE (732) 840-1600 · FAX (732) 840-8349

MANAHAWKIN OFFICE: 21 JENNINGS ROAD · MANAHAWKIN, NJ · 08050 · PHONE (609) 978-9500 · FAX (609) 978-9515

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board of Education of Union Beach School District financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey in considering the School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully Submitted

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND NEW JERSEY OMB CIRCULAR 15-08

Honorable President and Members of the Board of Education Union Beach School District County of Monmouth Union Beach, New Jersey 07760

Report on Compliance for Each Major Federal and State Program

We have audited Union Beach School District's compliance with the types of compliance requirements described in the OMB Compliance Supplement and the New Jersey OMB Circular 15-08 that could have a direct and material effect on each of Union Beach School District's major federal and state programs for the year ended June 30, 2017. Union Beach School District's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Union Beach School District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, the Uniform Guidance and the New Jersey OMB Circular 15-08 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about Union Beach School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of Union Beach School District's compliance.

BRICK OFFICE: 514 BRICK BOULEVARD · SUITE 3 · BRICK, NJ · 08723 · PHONE (732) 840-1600 · FAX (732) 840-8349

Opinion on Each Major Federal and State Program

In our opinion, Union Beach School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2017.

Report on Internal Control Over Compliance

Management of Union Beach School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Union Beach School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state programs to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and the New Jersey OMB 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Union Beach School District's internal control over compliance.

A *deficiency* in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A *material weakness* in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and New Jersey State OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

Notes to Schedules of Awards and Financial Assistance

June 30, 2017

1. General

The accompanying schedules of expenditures of award present the activity of all federal and state awards of the Board of Education, Union Beach School District. The Board of Education is defined in Note 1(A) to the Board's general purpose financial statements. All federal and state awards received directly from federal and state agencies, as well as federal and state awards passed through other government agencies are included on the schedules of expenditures of federal and state awards.

2. Basis of Accounting

The accompanying schedules of expenditures of federal and state awards are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements.

3. Relationship to Basic Financial Statements

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the last state aid payment in the current budget year, which is mandated pursuant to P.L. 2003, c.97.(A3521). For GAAP purposes that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

Notes to Schedules of Awards and Financial Assistance (continued)

June 30, 2017

3. Relationship to General Purpose Financial Statements (continued)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$(422,282) for the general fund and \$(6,046) for the special revenue fund. See Exhibit C-3 for a reconciliation of the budgetary basis to the GAAP basis of accounting for the general and special revenue fund. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented below:

		Federal .	State	Total
General Fund	\$	1,504	9,187,568	\$ 9,189,072
Special Revenue Fund		535,485	176,448	711,933
Debt Service Fund		-	-	-
Food Service Fund		116,633	2,630	119,263
Total awards and financial assistance	\$ <u></u>	653,622	9,366,646	\$ <u>10,020,268</u>

4. Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

5. Other

TPAF Social Security Contributions represents the amount reimbursed by the State for the employer's share of Social Security contributions and Post Retirement/Medical Benefits for TPAF members for the year ended June 30, 2017.

The TPAF Post Retirement/Medical Benefits expenditures are not subject to New Jersey OMB Circular 15-08 and are not included in the above schedule.
