Dear Commissioner:

The Comprehensive Annual Financial Report of the Paul Robeson Charter School for the Humanities for the fiscal year ended June 30, 2017, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the school. To the best of our knowledge and belief, the data presented in this report are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the school. All disclosures necessary to enable the reader to gain an understanding of the school's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter and list of principal officials. The financial section includes the general-purpose financial statements and schedules, as well as the auditor's report. The statistical section includes audited data from the school's first six fiscal years. The school is required to undergo an annual single audit in conformity with the requirements of 2 CFR 200-Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (U.S. Uniform Guidance), "Audits of State and Local Governments and Non-Profit Organizations," and the State Treasury Circular Letter 15-08 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments." Information related to this single audit, including the auditors' reports on internal control and compliance with applicable laws and regulations and findings and recommendations is included in the single audit section of this report.

- 1) **REPORTING ENTITY AND ITS SERVICES** The Paul Robeson Charter School for the Humanities is an independent reporting entity within the criteria adopted by the Government Auditing Standards Board (GASB) as established by GASB Statement No. 14. All funds and account groups of the Charter School are included in this report. The Charter School's Board of Trustees, constitutes the Charter School's reporting entity.

- 2) **ENROLLMENT OUTLOOK:** The Paul Robeson Charter School for the Humanities provides a full range of educational services appropriate to grade levels Grade 4 through Grade 8. These services include regular, as well as special education and basic skills instruction. The Charter School completed the 2015-2016 school year with an enrollment of 371.1 students. The following details the student enrollment of the Charter School:

Average Daily Enrollment

Fiscal Year	Student Enrollment	Percent Change
2016-2017	378.0	.13%
2015-2016	371.1	.51%
2014-2015	373.0	3.27%
2013-2014	361.2	22.52%
2012-2013	294.8	1.42%
2011-2012	290.6	6.95%
2010-2011	270.4	25.52%

3) **MAJOR ACCOMPLISHMENTS:**

Mission Statement:

To provide a personalized education that challenges, inspires and prepares all students to passionately pursue their dreams and lead a life of active civil engagement.

Vision Statement:

Paul Robeson Charter School inspires and equips every student to lead a life of achievement, service and success. Our structures and nurturing community, comprehensive programming and rigorous academic curriculum are designed to build self-motivated citizens, eager learners and strong leaders - regardless of circumstance. Our graduates are driven young people who are prepared for the future demands of high school, college, career and, eventually, the world.

- 4) **INTERNAL ACCOUNTING CONTROLS:** Management of the Charter School is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the school are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognized that: (1) the cost of a control should not exceed the benefits like to be derived: and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the school also is responsible for ensuring that an adequate control structure is in place to ensure compliance with applicable

laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the school management.

As part of the school’s single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the school has complied with applicable laws and regulations.

- 5) **BUDGETARY CONTROLS:** In addition to internal accounting controls, the school maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the school and the State of New Jersey. Annual appropriated budgets are adopted for the general fund and the special revenue fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balances at June 30, 2017.

- 6) **ACCOUNTING SYSTEM AND REPORTS:** The Charter Schools’ accounting records reflect generally accepted accounting principles, as promulgated by the Government Accounting Standards Board (GASB). The accounting system of the school is organized on the basis of funds and account groups. These funds and account groups are explained in “Notes to the Financial Statements,” Note 1.

- 7) **FINANCIAL INFORMATION AT FISCAL YEAR-END:** As demonstrated by the various statements and schedules included in the financial section of report, the school continues to meet its responsibility for sound financial management. The following schedule presents a summary of the general fund, special revenue and enterprise fund for the fiscal period ended June 30, 2017.

Revenue	Amount	Percent of Total
Local	\$ 4,823,524	74%
State	850,109	13%
Federal Aid	384,229	5%
Misc.	212,433	3%
Enterprise Fund	<u>206,449</u>	<u>3%</u>
Total	<u>\$6,476,744</u>	<u>100%</u>

The following schedule presents a summary of the general fund, special revenue fund and enterprise fund expenditures for the fiscal period ended June 30, 2017.

Expenditures	Amount	Percent of Total
Current - General Fund	\$5,790,326	91%
Special Revenue	361,033	5%
Enterprise Fund	<u>206,449</u>	<u>4%</u>
Total	<u>\$6,357,808</u>	<u>100%</u>

8) **CASH MANAGEMENT:** The investment policy of the school is guided in large by the state Statute as detailed in “Notes to the Financial Statements,” Note 2. The school had adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with failed banking institutions in New Jersey. The law requires governmental units to deposit funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

9) **RISK MANAGEMENT:** The school carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, and hazard and theft insurance on property and Contents.

10) **OTHER INFORMATION:**

Independent Audit – State statutes require an annual audit by an independent Certified Public Accountant or Registered Municipal Accountant. The Accounting firm of Gerald D. Longo, CPA was selected by the Charter School.

In addition to meeting the requirements set forth in the state statutes, the Charter School is required to undergo an annual single audit in conformity with the provisions of the *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the New Jersey OMB's Circular 15-08, *"Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid*. Information related to this single audit, including the auditor's report on internal control and compliance with applicable *laws and regulations* and findings and recommendations are included in the single audit section of this report.

Independent Auditor's Report

The Honorable Chairman and
Members of the Board of Trustees
Paul Robeson Charter School for the Humanities
County of Mercer
Trenton, New Jersey

Report on the Financial Statements

I have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Trustees of the Paul Robeson Charter School for the Humanities, County of Mercer, State of New Jersey, as of and for the fiscal year and ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Paul Robeson Charter School for the Humanities basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and *audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey*. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of

accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Paul Robeson Charter School for the Humanities as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *Management's Discussion and Analysis and Budgetary Comparison Information* as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

My audit was conducted for the, purpose of forming opinions on the financial statements that collectively comprise the Charter School's basic financial statements. The accompanying supplementary information which consists of the introductory section, combining and individual fund financial statements and statistical tables are presented for purposes of additional analysis and are not are required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by the *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the provisions of New Jersey Department of the Treasury Circular Letter 15-08 OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, respectively, and are not a required part of the basic financial statements.

The combining and individual fund financial statement information, and the schedules of expenditures of federal awards and state financial assistance required by the Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and the provisions of New Jersey Department of the Treasury Circular Letter 15-08 OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, respectively, are the responsibility of management and such information is the responsibility of

management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly presented, in all material respects, in relation to the basis financial statements as a whole.

The accompanying other information such as the introductory and statistical sections has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, I do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated November 13, 2017 on my consideration of the Paul Robeson Charter School for the Humanities internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Paul Robeson Charter School for the Humanities internal control over financial reporting and compliance.

**REQUIRED SUPPLEMENTARY INFORMATION
MANAGEMENT'S DISCUSSION AND ANALYSIS**

PAUL ROBESON CHARTER SCHOOL FOR THE HUMANITIES
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2017
(Unaudited)

This section of Paul Robeson Charter School for the Humanities annual financial report presents its discussion and analysis of the Board's financial performance during the fiscal year that ended on June 30, 2017. Please read it in conjunction with the transmittal letter at the front of this report and the Board's financial statements, which immediately follows this section.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2016-17 fiscal year include the following:

- Total Net (Deficit) Position is (\$1,679,148).
- The unrestricted General Fund balance at June 30, 2017 is \$426,649.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of the annual report consists of four parts – Independent Auditor's Report, required supplementary information that includes the management's discussion and analysis (this section), the basic financial statements, and supplemental information. The basic financial statements include two kinds of statements that present different views of the Paul Robeson Charter School for the Humanities.

Figure A-1. Required Components of the Board's Annual Financial Report

- The first two statements are school-wide financial statements that provide both short-term and long-term information about the Paul Robeson Charter School for the Humanities overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the Paul Robeson Charter School for the Humanities, reporting the Paul Robeson Charter School for the Humanities operation in more detail than the school-wide statements.
- The governmental funds statements tell how basic services such as regular and special education were financed in the short term as well as what remains for future spending.
- Proprietary funds statements offer short- and long-term financial information about the Food Service activities the Paul Robeson Charter School for the Humanities operates like businesses.

School-wide Statements

The school-wide statements report information about the Paul Robeson Charter School for the Humanities as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the Paul Robeson Charter School for the Humanities assets and liabilities. All of the current year’s revenue and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two school-wide statements report the Paul Robeson Charter School for the Humanities net position and how they have changed. Net position – the difference between the Paul Robeson Charter School for the Humanities assets and liabilities – are one way to measure the Paul Robeson Charter School for the Humanities financial health or position.

In the school-wide financial statements, the Paul Robeson Charter School for the Humanities activities are shown in two categories:

- *Governmental activities*- Most of the Paul Robeson Charter School for the Humanities basic services are included here, such as regular and special education, transportation, administration, food services, and community education. Property taxes and state aid finance most of these activities.
- *Business-type activities*- The Paul Robeson Charter School for the Humanities Food Service Fund and the after school program are included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the Paul Robeson Charter School for the Humanities funds – focusing on its most significant or “major” funds – not the Paul Robeson Charter School for the Humanities as a whole.

Funds are accounting devices the Paul Robeson Charter School for the Humanities uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by State law.

Paul Robeson Charter School for the Humanities uses other funds, established in accordance with the State of New Jersey Uniform Chart, to control and manage money for particular purposes (e.g., repaying its long-term debts) or to show that it is properly using certain revenues (e.g., federal funds).

PAUL ROBESON CHARTER SCHOOL FOR THE HUMANITIES
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2017
(Unaudited)

The Paul Robeson Charter School for the Humanities has three kinds of funds:

- **Governmental funds-** Most of the Paul Robeson Charter School for the Humanities basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the Paul Robeson Charter School for the Humanities programs. Because this information does not encompass the additional long-term focus of the school-wide statements, we provide additional information at the bottom of the governmental funds statements that explain the relationship (or differences) between them.
- **Proprietary funds-** Services for which the Paul Robeson Charter School for the Humanities charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the school-wide statements.
- **Fiduciary funds-** The Paul Robeson Charter School for the Humanities is the trustee, or *fiduciary*, for assets that belong to others such as payroll and payroll agency fund, and student activity funds. The Paul Robeson Charter School for the Humanities is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the Paul Robeson Charter School for the Humanities fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. I exclude these activities from the Paul Robeson Charter School for the Humanities government-wide financial statements because the Paul Robeson Charter School for the Humanities cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE PAUL ROBESON PUBLIC CHARTER SCHOOL AS A WHOLE

FACTORS BEARING ON THE SCHOOL'S FUTURE

At the time these financial statements were prepared and audited, the Paul Robeson Charter School for the Humanities was aware of these existing circumstances that could significantly affect its financial health in the future:

- The State of New Jersey passed legislation which imposes a 2% cap on the underlying school District's tax levy.
- Future State Aid may be reduced due to the State's new criteria utilized in calculating allocations of State Aid.

NOTES TO THE BASIC FINANCIAL STATEMENTS

PAUL ROBESON CHARTER SCHOOL FOR THE HUMANITIES
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

1. DESCRIPTION OF THE CHARTER SCHOOL AND REPORTING ENTITY

Paul Robeson Charter School for the Humanities (the “Charter School”) is an instrument in the State of New Jersey established for the purpose of operating and maintaining a public school under a charter granted by the State of New Jersey, which promotes comprehensive educational reform by infusing innovation into the public education system. The Charter School’s Board of Trustees (the Board) is responsible for the fiscal control of the Charter School. An executive director is appointed by the Board and is responsible for the administrative control of the Charter School. Under the existing the statutes, the Charter School’s duties and powers include, but are not limited to the development and adoption of a school program; the establishment, organization and operation of schools; and the acquisition, maintenance and disposition of school property.

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements of the Charter School are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the Charter School. For the Charter School, this includes general operations, food service and student related activities of the Charter School.

The primary criterion for including activities within the Charter School’s reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is the degree of oversight responsibility maintained by the Charter School. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, and ability to significantly influence operations and accountability for fiscal matters. The combined financial statements include all funds of the Charter School over which the Board exercises operating control. Based on the aforementioned criteria, the Charter School has no component units to be included in the reporting entity. Further, the Charter School is not includable in any other reporting entity on the basis of such criteria.

The Paul Robeson Charter School for the Humanities Board of Trustees also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls.

The Charter School is an instrument of the State of New Jersey, established to function as an educational institution. Its mission is to establish a charter school to serve as a neighborhood resource and as a model for other similar schools. The Paul Robeson Charter School for the Humanities is committed to achieving the New Jersey Core Curriculum Content Standards and producing high academic achievement by all students. The Charter School will integrate a holistic curriculum, utilize learner center techniques, family and care giver centered approaches, comprehensive community involvement, cutting edge technology and an intimate nurturing environment that will enhance positive self images.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of Paul Robeson Charter School for the Humanities is presented to assist in understanding the Charter School's financial statements and notes are a representation of the Charter School's management, who is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles in the United States as applied to governmental units and have been consistently applied in the preparation of these financial statements.

The financial statements of the Paul Robeson Charter School for the Humanities (the "Charter School") have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Governmental Accounting Standards Board publication, Codification of Governmental Accounting and Financial Reporting Standards, Section 2100, "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity.

The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility includes financial interdependency and a resulting financial benefit or burden relationship, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. In addition, certain legally separate, tax-exempt entities that meet specific criteria (i.e. benefit of economic resources, access/entitlement to economic resources and significances) should be included in the financial reporting entity. The combined financial statements include all funds of the school over which the Board exercises operating control. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the School is not includable in any other reporting entity on the basis of such criteria.

A. Basis of Presentation

The Charter School's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements that provide a more detailed level of financial information.

Charter School Government-wide Financial Statements

The statement of net position and the statement of activities display information about the Charter School as a whole. These statements include the financial activities of the Charter School, except for fiduciary funds.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The statement of net position presents the financial condition of the governmental and business-type activities of the Charter School at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the Charter School's governmental and business-type activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues of the Charter School, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the Charter School.

The governmental activities generally are financed through federal and state awards, taxes and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

Fund Financial Statements

Fund financial statements of the Charter School are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditure/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the Charter School. The New Jersey Department of Education (NJDOE) requires that all funds be reported as major, as it is considered important for public interest and to promote consistency among Charter Schools financial reporting in the State of New Jersey.

B Fund Accounting

The Charter School segregates transactions related to certain Charter School functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Charter School at a more detailed level.

Governmental Funds

Governmental funds are those funds through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Expendable assets are assigned to the various governmental funds according to the purposes for which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the Charter Schools' major governmental funds:

General Fund - The General Fund is the primary operating fund of the Charter School. It is used to account for all financial resources except those that are legally or administratively required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the Capital Outlay sub-fund.

As required by the New Jersey Department of Education, the Charter School included budgeted capital outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey aid and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of ground, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to current expense by board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major Capital Projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election. As of June 30, 2017 there was no Capital Projects Fund.

Proprietary Funds

The focus of Proprietary Funds' measurement is upon determination of net income, changes in net position, financial position and cash flows. The generally accepted accounting principles applicable are those to similar to business in the private sector. The following is a description of the Proprietary Funds of the Charter School:

PAUL ROBESON CHARTER SCHOOL FOR THE HUMANITIES
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Enterprise Funds - The Enterprise Fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the Charter School is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods and services to the students on a continuing basis be financed or recovered primarily through user charges; or where the Charter School has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriated for capital maintenance, public policy, management control, accountability or other purposes.

All proprietary funds are accounted for on a cost of services or “capital maintenance” measurement focus. This means that all assets and all liabilities, whether current or non-current, associated with their activity are included on their balance sheets. Their reported fund equity (net total assets) is segregated into contributed capital and unreserved retained earnings, if applicable. Proprietary fund type operating statements present increases (revenue) and decreases (expenses) in net total assets.

Fiduciary Funds

Fiduciary or trust and Agency Funds are used to account for assets held by the Charter School in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds. This fund category includes:

Trust Funds - Expendable Trust Funds (unemployment compensation) are accounted for in essentially the same manner as the governmental funds. The unemployment compensation trust fund is used to account for contributions from employees and the employer (the Charter School) and interest earned on the balance as well as payments to the State for reimbursements of unemployment claims.

Agency Funds – Agency funds (*Payroll, Health Benefits and Student Activity Fund*) are used to account for the assets that the Charter School holds on behalf of others as their agent. Agency funds are custodial in nature and do not involved measurement of results of operations.

C Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. ***Basis of accounting*** refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide statements of net position and the statement of activities, both governmental and business-like activities are presented using the economic resources measurement focus.

PAUL ROBESON CHARTER SCHOOL FOR THE HUMANITIES
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statement of these funds present increases (i.e., revenues and other financing sources), and decreases (i.e. Expenditures and other finances uses) during a given year. These funds use fund balance as their measure of available spendable financial resources at the end of the year.

All proprietary funds are accounted for on a flow economic resources measurement focus. With this measurement focus, the accounting adjectives are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flow. All assets and all liabilities, whether current or non-current, associated with their activities are included on the balance sheet. Fund equity (i.e., net total position) is classified as net position.

Basis of Accounting

In the government wide statement of net position and statements of activities, both governmental and business like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting revenues are recognized when earned and expenses are recognized when the liability, resulting from exchange and exchange like transactions, is incurred (i. e the exchange takes place).

In the fund financial statements, governmental fund and agency funds are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available. “Measurable” means the amount of the transaction can be determine and “available” means collectible with the current year or soon enough thereafter to be used to pay liabilities of the current year. State equalization monies are recognized as revenue during the year in which they are appropriated. A one-year availability year is used for revenue recognition for all other governmental funds revenues.

D Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the general and special revenue fund. The budgets are submitted to the County Office and the Education Commissioner for approval. Budgets except for the special revenue fund which is prepared using a non-GAAP budgetary basis, are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1.

PAUL ROBESON CHARTER SCHOOL FOR THE HUMANITIES
Notes to the Basic Financial Statements

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Transfers of appropriations may be made by Charter School Board resolution at any time during the fiscal year subject to the limitation of P.L. 2004 c73 (S1701). The Board of Trustees did not make any material supplemental budgetary appropriations during the fiscal year.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles, with the exception of the Special Revenue Fund as noted below.

Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental funds types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognized encumbrances as expenditures and also recognized the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow of the presentation of GAAP basis financial reports.

E Cash, Cash Equivalent and Investments

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investment with a maturity of three months or less at the time of purchases and are stated at cost plus accrued interest. US Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchases are stated at cost. All other investments are stated at fair value.

New Jersey Charter Schools are limited as to the types of the investments and types of financial institution they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investment that may be purchased by New Jersey Charter Schools.

Additionally, the Charter School has adopted a cash management plan that requires it to deposit public fund in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (“GUDPA”). GUDPA was enacted in 1970 to protect Governmental Units from loss funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. established the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan Institutions, bank (both state and national banks) and saving bank the deposits of which are federally insured.

PAUL ROBESON CHARTER SCHOOL FOR THE HUMANITIES
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposit of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

F Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The School has two items which arise only under the accrual basis of accounting that qualify for reporting in this category. One item that qualifies for reporting in this category is the deferred amounts on net pension liability. Deferred amounts on net pension liability are reported in the school-wide statement of net position and result from: (1) differences between expected and actual experience; (2) changes in assumptions; (3) net difference between projected and actual investment earnings on pension plan investments; (4) changes in proportion and differences between employer contributions and proportionate share of contributions; and (5) contributions made subsequent to the measurement date. These amounts are deferred and amortized over future years.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The School has one type which arise only under the accrual basis of accounting that qualify for reporting in this category. The item that qualifies for reporting in this category are the deferred amounts on net pension liability. Deferred amounts on net pension liability are reported in the school-wide statement of net position and result from: (1) differences between expected and actual experience; (2) changes in assumptions; (3) net difference between projected and actual investment earnings on pension plan investments; and (4) changes in proportion and differences between employer contributions and proportionate share of contributions. These amounts are deferred and amortized over future years.

G Net Position/Fund Balance

School-Wide Statements

In the school-wide statements, there are three classes of net position:

- Net Investment in Capital Assets- consists of net capital assets (cost less accumulated depreciation) reduced by outstanding balances of related debt obligations from the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources attributable to the acquisition, construction or improvement of those assets or related debt also should be included.

PAUL ROBESON CHARTER SCHOOL FOR THE HUMANITIES
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

- Restricted Net Position- reports net position when constraints placed on the residual amount of noncapital assets are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position - any portion of net position not already classified as either net investment in capital assets or net position- restricted is classified as net position - unrestricted.

H Short-Term Interfund Receivables/Payables

On the fund financial statement, receivable and payables resulting from short-term (due within one year) interfund loans are classified as interfund Receivable/Payable. Interfund balances within governmental activities and within business-type activities are eliminated on the Government Wide Statements of Net Position.

I Inventories and Prepaid Expenses

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund are recorded as expenditure during the year of purchase. Inventories in the proprietary funds are valued at cost, which approximates market, using the first-in-first-out (FIFO) method.

J Capital Assets

Capital assets, which include building and building improvements, equipment and furniture & fixtures are reported in the applicable governmental or business-type activities columns of the Government-wide financial statements. Capital assets are defined by the Charter School as assets with initial, individual cost of more than \$2,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or through estimation procedures performed by an independent appraisal company.

The cost of normal repairs and maintenance that do not add to the value of the asset or materially extend the assets lives are not capitalized. Donated capital assets are capitalized at estimated fair market value on the date donated. Depreciation of capital assets is computed and recorded by the straight-line method. The following estimated useful lives are used to compute depreciation:

<u>Description of Capital Cost</u>	<u>Estimated Lives (Years)</u>
Building improvements	20
Equipment	3-7

K Compensated Absences

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on specific event that is outside the control of the Charter School and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on specific event that is outside the control of the Charter School and its employees, are accounted for in the year in which such services are rendered or in which such events take place.

For governmental fund financial statements, the current portion of unpaid compensated absences is in the amount expected to be paid using expendable available resources. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated unpaid leave are paid. The noncurrent portion of the liability is not reported.

The entire sick leave and vacation leave liabilities are reported on the school-wide financial statements.

The Charter School had no compensated absences as of June 30, 2017.

L Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, the non-current portion of compensated absences and mortgage payable (if any) that will be paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are normally expected to be paid with expendable, available financial resources.

M Deferred Revenue

Deferred revenue represents funds which have been received but not yet earned.

There is no deferred revenue in the General Fund and Special Revenue Fund had \$82,302 in deferred revenue.

N Fund Balance and Equity

In February 2009, the GASB issued GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions ("GASB 54"). GASB 54 is effective for years beginning after June 15, 2010 and establishes fund balance classifications that comprise a hierarchy based primarily

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

N Fund Balance and Equity (continued)

on the extent to which government is bound to observe constraints imposed upon the use of resources reported in governmental funds. Under GASB 54, fund balances in the governmental funds financial statements are reported under the modified accrual basis of accounting and classified into the following five categories, as defined below:

1. Nonspendable – includes amounts that cannot be spent because they either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Assets included in this fund balance category include prepaid assets, inventories, long-term receivables, and corpus of any permanent funds.
2. Restricted – includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
3. Nonspendable – includes amounts that cannot be spent because they either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Assets included in this fund balance category include prepaid assets, inventories, long-term receivables, and corpus of any permanent funds.
4. Restricted – includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
5. Committed – includes amounts that can be used only for the specific purposes determined by a formal action of the government’s highest level of decision-making authority.
6. Assigned – amounts intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed.
7. Unassigned – includes all spendable amounts not contained in the other classifications.

When both restricted and unrestricted resources are available for use, it is the Charter School’s policy to use restricted resources first, then unrestricted resources as they are needed. For the unrestricted fund balance, the Charter School first spends committed funds, then assigned funds, and finally, unassigned funds.

O Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the recorded amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting year. Actual results could differ from those estimates.

P On-Behalf Payments

Revenues and expenditures of the General Fund include payments made by the State of New Jersey for Pension and social security contributions for certified teacher members of the New Jersey Teachers Pension and Annuity Fund. The amounts are not required to be included in the Charter School’s annual budget.

Q Net Position

A deferred outflow of resources is a consumption of net position by the Paul Robeson Charter School for the Humanities that is applicable to a future reporting period. A deferred inflow of resources is an acquisition of net position by the Paul Robeson Charter School for the Humanities that is applicable to a future reporting period. The Paul Robeson Charter School for the Humanities did not have any deferred inflows or outflows of resources at June 30, 2017 except for pensions.

Net position is displayed in three components - net investment in capital assets; restricted and unrestricted.

The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also would be included in this component of net position.

The restricted component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

R New Accounting Standards

During the prior fiscal year 2016, the Charter School adopted the following GASB statements:

GASB 68, Accounting and Financial Reporting for Pensions The objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement replaces the requirements of Statement No. 27, Accounting for Pensions by State and Local Governmental Employers, as well as the requirements of Statement No. 50, Pension Disclosures, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements that meet certain criteria.

GASB 71, Pension Transition for Contributions Made Subsequent to the Measurement Date- an amendment of GASB Statement No. 68, should be applied simultaneously with the provisions of Statement No. 68. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, Accounting and Financial Reporting for Pensions. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or non-employer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability.

3 DEPOSITS AND INVESTMENTS

New Jersey statutes require that Charter Schools deposit public funds in public depositories located in New Jersey that are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. Charter schools are also permitted to deposit public funds in the State of New Jersey Cash Management Fund (NJCMF), the New Jersey Arbitrage Rebate Management Fund (NJARM) and the M.B.I.A Class.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows: The market value of the collateral must equal at least 5% of the average daily balance of collected funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%. All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

The Charter School’s cash and cash equivalents are classified below to inform financial statement users about the extent to which the Charter School’s deposits and investments are exposed to custodial credit risk. As of June 30, 2017, the Charter School’s carrying amount of deposits and investments are as follows:

	General Fund	Special Revenue	Enterprise Fund	Agency	Total
Operating A/C	\$266,342	\$84,186	(\$19,456)	\$16,519	\$367,688

Operating cash accounts are held in the Charter School’s name by one banking institution. At June 30, 2017, the Charter School’s bank balance was \$372,372.

Of the bank balance, \$250,000 of the Charter School’s cash deposits on June 30, 2017 were secured by federal deposit insurance and \$122,372 was covered by a collateral pool maintained by the bank as required by New Jersey statutes in accordance with the New Jersey Governmental Unit Deposit protection Act (“GUDPA”).

GASB Statement No. 40 requires that the Charter School disclose whether its deposits are exposed to custodial risk (risk that in the event of failure of the counterparty, the Charter School would not be able to recover the value of its deposit or investment). In general deposits are considered to be exposed to custodial risk by three categories described below:

PAUL ROBESON CHARTER SCHOOL FOR THE HUMANITIES
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

3 DEPOSITS AND INVESTMENTS (continued)

Category 1

Insured or collateralized with securities held by the Charter School or by its agent in the Charter School's name.

Category 2

Collateralized with securities held by the pledging public depository's trust department or agent in the Charter School's name.

Category 3

Uncollateralized, including any deposits that are collateralized with securities held by the pledging public depository, or by its trust department or agent, but not in the Charter School's name.

The Charter School does not have a policy for the management of the custodial risk, other than depositing all of its funds in banks covered by GUDPA.

Investments

New Jersey statutes permit the Charter School to purchase the following types of securities:

1. Bonds or other obligations of the United States or obligations guaranteed by the United States.
2. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal national Mortgage Agency or of any United States Bank for Cooperatives which have a maturity date not greater than twelve months from the date of purchase.
3. Bonds or other obligations of the Charter School.
4. New Jersey Cash Management Fund, New Jersey Arbitrage Rebate Management Fund and MBIA CLASS.

As of June 30, 2017, the Charter School did not hold any investments.

4 PENSION PLANS

Description of Plans - Substantially all of the employees of the School are covered by either the Public Employee's Retirement System or the Teacher's Pension and Annuity Fund (both of which are contributory defined benefits plans). Both were established by state statute and are administered by the New Jersey Division of Pension and Benefit (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirements System and the Teacher's Pension and Annuity Fund.

For the Fiscal Year Ended June 30, 2017

4 PENISON PLANS (continued)

These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide coverage including post-retirements health care to substantially all full time certified teachers or professional staff of the public school systems in the State.

The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the School and the systems other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS) - The public Employees' Retirement Systems (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to substantially all full time employees of the State or any county municipality, School, or public agency provided the employee is not a member of another state-administered retirement system. The public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full time employees of the State of New Jersey or any county, municipality, School, or public agency, provided the employee is not required to be a member of another state administered retirement system or other state or local jurisdiction.

Defined Contribution Retirement Program (DCRP) - The Defined Contribution Retirement Program (DCRP) was established under the provision of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 to provide coverage to elected and certain appointed officials, effective July 1, 2007. Membership is mandatory for such individuals with vesting occurring after one year of membership.

Vesting and Benefit Provisions - The vesting and benefit provisions for PERS are set by N.J.S.A 43:15a and 43:03B and N.J.S.A. 18A: for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirements benefits for age and service are available at age 55 and are generally determine to be 1/55 of the final average salary for each year of service credit as defined.

Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age.

4 PENISON PLANS (continued)

The TPAF and PERS provides for specified medical benefits for member who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the member's accounts.

Significant Legislation - Effective June 28, 2011, P.L. 2011, c. 78 enacted certain changes in the operations and benefit provisions of the TPAF and the PERS systems.

Pension Plan Design Changes - Effective June 28, 2011, P.L. 2011, c. 78, new members of TPAF and PERS, hired on or after June 28, 2011, will need 30 years of creditable service and have attained the age of 65 for receipt of the early retirement benefit without a reduction of 1/4 of 1% for receipt of the early retirement benefit without a reduction of 1/4 of 1% for each month that the member is under age 65. New members will be eligible for a service retirement benefit at age 65.

Funding Changes - Under the new legislation, the methodology for calculating the unfunded accrued liability payment portion of the employer's annual pension contribution to the PERS, and TPAF. The unfunded actuarial accrued liability (UAAL) will be amortized for each plan over an open-ended 30 year period and paid in level dollars. Beginning with the July 1, 2019 actuarial valuation (July 1, 2018 for PERS), the UAAL will be amortized over a closed 30 year period until the remaining period reaches 20, when the amortization period will revert to an open-ended 20 year period.

COLA Suspension

The payment of automatic cost-of-living adjustment to current and future retirees and beneficiaries are suspended until reactivated as permitted by this law.

Contribution Requirements

The contribution policy is set by N.J.S.A. 43:15A and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation.

Effective June 28, 2011, P.L. 2001, c. 78 provides for increases in the employee contribution rates: from 5.5% to 6.5% plus an additional 1% phased-in over 7 years beginning in the first year, meaning after 12 months, after the law's effective date for TPAF and PERS.

4 PENISON PLANS (continued)

Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for cost-of-living adjustments, non-contributory death benefits, and post-retirement medical premiums. Under current statute the School is a non-contributing employer of TPAF (i.e., the State of New Jersey makes the employer contribution on behalf of public school districts and Schools).

Annual Pension Costs (APC)

Per the requirements of GASB Statement No. 27 for the year ended June 30, 2011 for TPAF, which is a cost sharing plan with special funding situations, annual pension cost differs from the annual required contribution. For PERS, which is a cost sharing multi-employer defined benefit pension plan, the annual pension cost equals contributions made. TPAF employer contributions are made annually by the State of New Jersey to the pension system on behalf of the Board.

PERS employer contributions are made annually by the Board to the pension system in accordance with Chapter 114, P.L. 1997. In the DCRP, which is a defined contribution plan, member contributions are matched by a 3% employer contribution.

The School's contribution to PERS for the year ended June 30, 2017 was \$135,161

In accordance with N.J.S.A 18A:66-66 the School recorded as revenue in the amount of \$120,214 for the year ended June 30, 2017 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. Also the State paid \$304,366 into the TPAF pension representing on-behalf employer's portion of the TPAF Pension System Contributions, TPAF Post-Retirement Medical Benefits Contributions and TPAF Long Term Disability Insurance Premium Contributions for the School. These amounts have been included in the school wide financial statements and the fund financial statements as a revenue and expenditure in accordance with GASB No. 24.

Teachers' Pension and Annuity Fund (TPAF)

Summary of Significant Accounting Policies

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers' Pension and Annuity Fund (TPAF) and additions to/deductions from the TPAF's fiduciary net position have been determined on the same basis as they are reported by the TPAF.

For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

5 PENSION PLANS – GASB 68 DISCLOSURES (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension

The employer contributions for the Charter School are legally required to be funded by the State in accordance with N.J.S.A 18:66-33. Therefore, the Charter School (employer) is considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a non-employer contributing entity. Since the Charter School (employer) does not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the Charter School. However, the state's portion of the net pension liability that was associated with the Charter School was \$9,245,906 as measured on June 30, 2016 and \$8,838,763 as measured on June 30, 2015.

For the year ended June 30, 2017, the Charter School recognized pension expense of \$694,707 and revenue of \$694,707 for support provided by the State. The measurement period for the pension expense and revenue reported in the Charter School's financial statements (A-2) at June 30, 2017 is based upon changes in the collective net pension liability with a measurement period of June 30, 2015 through June 30, 2016. Accordingly, the pension expense and the related revenue associated with the support provided by the State are based upon the changes in the collective net pension liability between July 1, 2015 and June 30, 2016.

Although the Charter School does not report net pension liability or deferred outflows or inflows related to the TPAF, the following schedule illustrates the collective net pension liability and deferred items and the State's portion of the net pension liability associated with the Charter School. The collective amounts are the total of all New Jersey local governments participating in the TPAF plan.

	<u>6/30/2016</u>	<u>6/30/2015</u>

Actuarial Assumptions

The total pension liability for the June 30, 2016 measurement date was determined by an actuarial valuation as of July 1, 2015, which was rolled forward to June 30, 2016.

The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation:	2.5%
Salary Increases:	Varies based on experience
Salary Increases: Thereafter	Varies based on experience
Investment Rate of Return:	7.65%

Pre-retirement, post retirement and disabled mortality rates were based on the experience of TPAF members reflecting mortality improvement on a generational basis based on a 60-year average of Social Security data from 1953 to 2013.

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2012 to June 30, 2015.

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.65% at June 30, 2016) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2016 are summarized in the following table:

Discount Rate

The discount rate used to measure the State's total pension liability was 3.22% and 4.13% as of June 30, 2016 and 2015, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.65%, and a municipal bond rate of 2.85% and 3.80% as of June 30, 2016 and 2015, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers (State of New Jersey) will be made based on the average of the last five years. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2029.

Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2029, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the Charter School's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

Since the Charter School's has no proportionate share of the net pension liability because of the special funding situation, the Charter School would not be sensitive to any changes in the discount rate. Summary of Significant Accounting Policies

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the PERS and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension

At June 30, 2017, the Charter School reported a liability of \$4,374,565 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2016, and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2015, which was rolled forward to June 30, 2016. The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2015. The Charter School's proportion of the net pension liability is based on the ratio of the contributions as an individual employer to total contributions to the PERS during the years ended June 30, 2016 and 2015, respectively. At June 30, 2016, the Charter School's proportion was .014770% which was a decrease of (.003698%) from its proportion measured as of June 30, 2015 which was .018468%.

5 PENSION PLANS – GASB 68 DISCLOSURES (continued)

For the year ended June 30, 2016, the Charter School recognized pension expense of \$135,161. At June 30, 2016, the Charter School reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$81,354	\$-0-
Changes of assumptions	906,176	-0-
Net difference between projected and actual earnings on pension plan investments	166,806	602,619

Charter School contributions subsequent to the measurement date.	135,161	-0-
Total	\$2,437,365	\$602,619

A total of \$135,161 is reported as deferred outflows of resources related to pensions resulting from school Charter School contributions subsequent to the measurement date (i.e. for the school year ended June 30, 2017, the plan measurement date was June 30, 2016) will be recognized as a reduction of the net pension liability measured as of June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Actuarial Assumptions

The collective total pension liability for the June 30, 2016 measurement date was determined by an actuarial valuation as of July 1, 2015, which was rolled forward to June 30, 2016. This actuarial valuation used the following actuarial assumptions:

Inflation	3.08%
Salary Increases:	
2012-2026	1.65%-4.15% based on age
Thereafter	2.65%-5.15% based on age
Investment Rate of Return	7.65%

Pre-retirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. For State employees, mortality tables are set back 4 years for males and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale.

Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

Long-Term Expected Rate of Return

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions.

To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

In accordance with State statute, the long-term expected rate of return on plan investments (7.65% at June 30, 2016) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Discount Rate

The discount rate used to measure the total pension liability was 3.98% as of June 30, 2016. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.65% and a municipal bond rate of 2.85% as of June 30, 2016 based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

5 PENSION PLANS – GASB 68 DISCLOSURES (continued)

The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 30% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan’s fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2034.

6 POST RETIREMENT BENEFITS

P.L. 1987, c. 384 and P.L. 1990, c.6 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those state employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c 103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired state employees and retired educational employees.

As of June 30, 2016, there were 110,512 retirees receiving post-retirement medical benefits and the State contributed \$1.37 billion on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical benefits changed from a prefunding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 1992, c.126 which provides employer paid health benefits to members of PERS, and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The state paid \$231.2 million toward Chapter 126 benefits for 20,045 eligible retired members in fiscal year 2016.

7 COMPENSATED ABSENCES

The Charter School accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

Charter School employees are granted varying amounts of vacation and sick leave in accordance with the Charter School's personnel policy. The Charter School's policy permits employees to accumulate unused sick and personal days and carry forward the full amount to subsequent years.

Upon termination or upon retirement, employees are currently not paid for accrued vacation or unused sick and personal days. The Board of the Charter School is currently reviewing the exiting compensated absences policies with the intent of addressing the issues of accumulation and payments upon termination.

As of June 30, 2017, Charter School-wide compensated absences amounted to \$-0-.

8 ECONOMIC DEPENDENCY

The Charter School receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if it were to occur, could have an effect on the Charter School's programs and activities.

PAUL ROBESON CHARTER SCHOOL FOR THE HUMANITIES
Notes to the Basic Financial Statements

9 **CONTINGENT LIABILITIES**

The Charter School participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government.

If expenditures are disallowed due to noncompliance with grant program regulations, the Charter School may be required to reimburse the grantor government. As of June 30, 2017, significant amounts of grant expenditures have not been audited by the various grantor agencies but the Charter School believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the Charter School.

The Charter School's attorney's letter advises that there is no litigation, pending litigation claims, contingent liabilities, unasserted claims for assessments or statutory violations which involved the Charter School and which might materially affect the Charter School's financial position.

10 **RISK MANAGEMENT**

The Charter School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The Charter School maintains commercial insurance coverage for property, liability and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section (UNAUDITED) of this Comprehensive Annual Financial Report.

New Jersey Unemployment Compensation - The Charter School has not elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method".

Under that plan, the Charter School is required to reimburse the New Jersey Unemployment Trust Fund For benefits paid to its former employees and charged to its account with the State. The Charter School is billed quarterly for amounts due to the State.

11 **RECEIVABLES**

Receivables as of June 30, 2017 consisted of accounts, intergovernmental, grants and miscellaneous. All receivables are considered collectible in full.

13. RENTAL LEASES

The school leases its premises at 643 Indiana Avenue, Trenton, New Jersey under a lease agreement for an initial term of four (4) years commencing July 1, 2008 and ended on June 30, 2012. The lease required annual rental payments of \$399,214 for the first year and thereafter shall be adjusted by the percentage difference between the Base Index and the Price Index.

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

13. RENTAL LEASES (continued)

The school has extended the lease under an option in the agreement for an additional 3 year period commencing July 1, 2017. For the year ended June 30, 2017, annual rent expense amounted to \$405,601.

Future minimum rental commitments are as follows:

Year Ended June 30:	Amount
2018	\$383,045
2019	\$383,045
2020	\$383,045
Total:	<u>\$1,149,135</u>

14. MANAGEMENT AGREEMENT

In June 2012, the Charter School entered into a management agreement with Scholar Academics, Inc. (a Pennsylvania not-for-profit-corporation) to manage the operation of the school for the period July 1, 2012 and ending June 30, 2017 (initial term). The agreement was extended for an additional term of two (2) years beginning on July 1, 2015 and ending on June 30, 2017. During its term, the School will pay Scholar Academics, Inc. a service fee equal to ten percent (10%) of the “Per Pupil Charter Payments” authorized to be paid to the School during the term under its Charter (including any increases therein, from and after the effective date of any such increase) by the Authorizer, State of New Jersey or by the Federal Government, directly or indirectly. The management fee amounted to \$610,306 for the year ended June 30, 2017.

15. SUBSEQUENT EVENTS

The school has evaluated subsequent events occurring in the Independent Auditors Report of November 13, 2017, which is the date the financial statements were available to be issued. Based on this evaluation, the school has determined no subsequent events require disclosure in the financial statements.

16. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Explanation of Certain Differences Between the Governmental Fund Balance Sheet (B-1) and the Government-wide Statement of Net Position (Deficit) (A-1).

The governmental fund balance sheet includes reconciliation between fund balance - total governmental funds and net position - governmental activities as reported in the Government-wide statement of net position.

One element of that reconciliation explains that long-term liabilities, including deferred pension liability are not due and payable in the current period and therefore are not reported in the funds. The reconciliation is as follows:

Fund balance per B-1 as of June 30, 2017	\$426,649
Cost of capital assets net accumulated depreciation	434,022
Pension deferred outflows	2,437,365
Pension deferred inflows	(602,619)
Deferred pension liability as of June 30, 2017	<u>(4,374,565)</u>
Net position (deficit) (per A-1) as of June 30, 2017	<u><u>(\$1,679,148)</u></u>

PENSION SCHEDULES
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

Public Employees' Retirement System (PERS)

Changes of benefit terms. The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

Changes of assumptions. Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) with adjustments for mortality improvements from the base year of 2012 Based on Projection Scale AA.

Teachers' Pension and Annuity Fund (TPAF)

Changes of benefit terms. The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Changes of assumptions. Mortality rates were based on the RP-2000 Health Annuitant Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA. Pre-retirement mortality improvements for active members are projected using Scale AA from the base year of 2000 until the valuation date plus 15 years to account for future mortality improvement. Post-retirement mortality improvements for non-disabled annuitants are projected using Scale AA from the base year of 2000 for males and 2003 for females until the valuation date plus 7 years to account for future mortality improvement.

SPECIAL REVENUE FUND

Special Revenue Funds are used to account for the proceeds of special revenue resources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specific purposes.

PROPRIETARY FUNDS

ENTERPRISE FUND

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the cost of providing goods and services be financed through user charges or where the board has decided that periodical determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Food Service Fund - The fund provides for the operation of food services in all schools.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

The Honorable Chairman and
Members of the Board of Trustees
Paul Robeson Charter School for the Humanities
County of Mercer
Trenton, New Jersey

I have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States *and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey*, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Paul Robeson Charter School for the Humanities ("the Charter School"), in the County of Mercer, State of New Jersey, as of and for the fiscal year ending June 30, 2017, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements, and have issued my report thereon, dated November 13, 2017.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control. Accordingly, I do not express an opinion on the effectiveness of the Charter School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any

deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Charter School's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey*.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Charter School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey* in considering the Charter School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL
AND STATE PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE AND
STATE OF NEW JERSEY OMG'S CIRCULAR LETTER 15-08**

The Honorable Chairman and
Members of the Board of Trustees
Paul Robeson Charter School for the Humanities
County of Mercer
Trenton, New Jersey

Compliance

I have audited the Paul Robeson Charter School for the Humanities, in the County of Mercer, State of New Jersey's ("the Charter School") with the types of compliance requirements described in the *U.S. Uniform Guidance Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the Charter School's major federal and state programs for the fiscal year ended June 30, 2017. The Charter School's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditors' Responsibility

My responsibility is to express an opinion on compliance for each of the Charter School's major federal and state programs based on my audit of the types of compliance requirements referred to above. I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and New Jersey Department of the Treasury Circular Letter 15-08 *OMB Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*.

Those standards, The Uniform Guidance and State of New Jersey Department of Treasury Circular 15-08-OMB require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Charter School's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances.

I believe that my audit provides a reasonable basis for my opinion on compliance for each major federal and state program. However, my audit does not provide a legal determination of the Charter School's compliance.

Opinion on Each Major Federal and State Program

In my opinion, the Charter School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state program for the fiscal year ended June 30, 2017.

Report on Internal Control over Compliance

Management of the Charter School is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing my audit of compliance, I considered the Charter School's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with The Uniform Guidance and State of New Jersey Department of Treasury Circular 15-08-OMB, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of the Charter School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of my testing of internal control over compliance and the results of that testing based on the requirements of The Uniform Guidance and State of New Jersey Department of Treasury Circular 15-08-OMB. Accordingly, this report is not suitable for any other purpose.

**PAUL ROBESON CHARTER SCHOOL FOR THE HUMANITIES
NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL
AND STATE ASSISTANCE
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

NOTE 1. GENERAL

The accompanying schedules present the activity of all federal and state assistance programs of the Paul Robeson Charter School for the Humanities. The Board of Trustees is defined in the Notes to the school's basic financial statements. All federal and state assistance received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules are presented on the budgetary basis of accounting with the exception of programs recorded in the enterprise fund, which are presented using the accrual basis of accounting. These basis of accounting are described in Note 1 to the Charter School's basic financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and the provisions of New Jersey Department of the Treasury Circular Letter 15-08 OMB *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Therefore, some amounts presented in the schedules may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting revenue is not recognized until the subsequent year or expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis. The special revenue fund is presented in the accompanying schedules on the grant account budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The net adjustment to reconcile from the budgetary basis to GAAP basis is \$-0-. See Note 1 for a reconciliation of the budgetary basis to the GAAP basis of accounting for the special revenue fund. Awards and financial assistance revenues are reported in the school's basic financial statements on a GAAP basis as follows:

**PAUL ROBESON CHARTER SCHOOL FOR THE HUMANITIES
NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL
AND STATE ASSISTANCE
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

The net adjustment to reconcile from the budgetary basis to GAAP basis is \$-0-. See Note 1 for a reconciliation of the budgetary basis to the GAAP basis of accounting for the special revenue fund. Awards and financial assistance revenues are reported in the school's basic financial statements on a GAAP basis as follows:

	Federal	State	Total
General Fund	\$ 30,893	\$ 5,673,633	\$ 5,704,526
Special Revenue Fund	353,336	-0-	353,336

Total Awards and Financial Assistance	<u>\$ 565,756</u>	<u>\$ 5,676,277</u>	<u>\$ 6,242,033</u>

NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5. OTHER INFORMATION

The amount reported as TPAF Pension Contributions represents the amount paid by the state on behalf of the Charter School for the fiscal year ended June 30, 2017. TPAF Social Security Contributions of \$120,214 represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the fiscal year ended June 30, 2017.

NOTE 6. ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT

On-behalf State Programs for TPAF Pension and Post-Retirement Medical Benefits Contributions are not subject to a State single audit and, therefore, are excluded from major program determination. The Schedule of State Financial Assistance provides a reconciliation of State financial assistance reported in the schools basic financial statements and the amount subject to State single audit and major program determination.

NOTE 7. DE MINIMIS INDIRECT COST RATE

The Charter School has not elected to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.
