The amount of the expenditure charged to the current year's final report(s) for all federal awards for the School District to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the School District for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management and N.J.S.A. 18A:66-90. The expenditure was inspected subsequent to the reimbursement and no exceptions were noted.

SCHOOL PURCHASING PROGRAMS

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-1 et seq. (Public School Contracts Law), the associated rules and related information on the statute, and the school contracts in general, are available on the following website:

<http://www.state.nj.us/dca/divisions/dlgs/programs/lpcl.html>

Current statute is posted on the New Jersey Legislature website at:

http://lis.njleg.state.nj.us/cgi-bin/om_isapi.dll?clientID=1319801&depth=2&expandheadings=off&headingswithhits=on&infobase=statutes.nfo&oftpage=TOC_Frame_Pg42

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$40,000.00 (with a Qualified Purchasing Agent) and \$29,000.00 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is \$18,800.00 for 2016-17.

The School District's Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

Based on the results of our audit, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4, amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

SCHOOL FOOD SERVICE

The financial transactions and statistical records of the school food service fund were audited. The financial accounts, meal count records, and eligibility applications were tested on a sample basis. No exceptions were noted.

Cash receipts and bank records were sampled for timely deposit. No exceptions were noted.

The School District utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. Provisions of the FSMC contract / addendum were inspected and audited. The FSMC contract includes an operating results provision which guarantees that the food service program will break-even. The operating results provision has been met.

Expenditures should be separately recorded as food, labor, and other costs. Vendor invoices were sampled and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

Net cash resources did not exceed three months average expenditures.

Sampled time sheets were tested and labor costs verified. Payroll records were maintained on all sampled school food service employees authorized by the School District. No exceptions were noted.

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process, the Edit Check Worksheet was completed. Reimbursement claims were submitted / certified in a timely manner.

Sampled applications for free and reduced price meals were tested for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications and / or to the list of directly certified students on file, times the number of operating days, on a school-by-school basis. The free and reduced price meal and free milk policy was inspected for uniform administration throughout the school system. The required verification procedures for free and reduced price applications were completed and available for audit.

USDA Food Distribution Program commodities were received and a single inventory was maintained on a first-in, first-out basis. No exceptions were noted.

The statement of revenues, expenses, and changes in fund net position (CAFR exhibit B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

The School District did provide the detailed revenue and expenditure information necessary in order to execute the USDA mandated Non-Program Food Revenue Tool at least annually.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the CAFR.

We also performed an inspection of the School District procedures related to its completion. The information on the A.S.S.A. was compared to the School District workpapers without exception. The information that was included on the workpapers was verified without exception. The results of our procedures are presented in the schedule of audited enrollments.

The School District maintained workpapers on the prescribed State forms or their equivalent.

The School District has adequate written procedures for the recording of student enrollment data.

PUPIL TRANSPORTATION

Our audit procedures included a sample of on-roll status reported in the 2016-2017 District Report of Transported Resident Students (DRTRS). The information that was reported on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the schedule of audited enrollments.

Our procedures also included a sample of transportation related contracts and purchases. Based on our sample, the School District complied with proper bidding procedures and award of contracts. No exceptions were noted in our sample of transportation related purchases of goods and services.
