**Administrative Practices and Procedures**

Insurance

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule contained in the district's CAFR.

Officials Bonds

<u>Name</u>	<u>Position</u>	<u>Amount</u>
John A. Serapiglia, Jr.	Board Secretary/School Business Administrator	\$100,000

There is a Public Employees' Faithful Performance Blanket Position Bond with the Selective Insurance Company covering all other employees with multiple coverage of \$500,000.

**Financial Planning, Accounting and Reporting**

Examination of Claims

An examination of claims paid during the period under review did not reveal any material discrepancies with respect to signature, certification or supporting documentation.

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/School Business Administrator.

## **Financial Planning, Accounting and Reporting, (continued)**

### **Payroll Account, (continued)**

**\*Finding 2017-01:** The amounts transferred into the Payroll Account and the Payroll Agency Account were not always in agreement with the payroll records.

**Recommendation:** That the amounts transferred into the Payroll Account and Payroll Agency Account be in agreement with the payroll reports.

All salary withholdings were not promptly remitted to the proper agencies.

**\*Finding 2017-02:** Salary withholdings were not remitted to the proper agency in a timely manner resulting in penalty and interest charges.

**Recommendation:** That all payroll withholdings be made in a timely manner to avoid penalty and interest charges.

The required certification (E-CERT1) of compliance with requirements for income tax on compensation of administrators (superintendent, assistant superintendents, and business administrator) to the NJ Department of Treasury was filed by the March 15 due date.

**\*Finding 2017-03:** Reporting of employee compensation for income tax purposes did not comply with federal and state regulations regarding the compensation which is required to be reported. Errors in reporting of pension, imputed income, correction of payroll mistakes, and pretax health benefit deductions were not recorded properly.

**Recommendation:** That procedures be implemented so that the correct amount of wages are reported.

### **Position Control Roster**

The Position Control Roster was reviewed and compared to payroll records, employee benefit records and charges made to the general ledger to ensure proper and consistent financial reporting and that employee benefits are only offered to current employees.

### **Reserve for Encumbrances and Accounts Payable**

A review of outstanding issued purchase orders was made as of June 30, for goods not yet received or services not yet rendered and it was determined that no blanket purchase orders were included in the balance of the reserves for encumbrances. Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered, as of June 30.

## **Financial Planning, Accounting and Reporting, (continued)**

### **Classification of Expenditures**

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classification to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.2. As a result of the procedures performed, a transaction error rate of 0.00% was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

### **Board Secretary's Records**

Our review of the financial and accounting records maintained by the Board Secretary disclosed the following items:

**\*Finding 2017-04:** The governmental fund bank account contained numerous reconciling items.

**Recommendation:** That all bank accounts reconciling items be reviewed and cleared of record.

### **Fixed Assets**

The General Fixed Asset records were updated for the additions and disposal of general fixed assets made during the year.

### **Elementary and Secondary Education Act (E.S.E.A.) Improving America's School Act (IASA) as Reauthorized by the No Child Left Behind Act of 2001 (NCLB)**

The E.S.E.A./NCLB financial exhibits contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to Title I and II of the Elementary and Secondary Education Act as amended.

The study of compliance for E.S.E.A. indicated that there were no areas of noncompliance and/or questionable costs.

### **Other Special Federal and/or State Projects**

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for the special projects indicated that there were no areas of noncompliance.

## **Financial Planning, Accounting and Reporting, (continued)**

### **T.P.A.F. Reimbursement**

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

### **TPAF Reimbursement to the State for Federal Salary Expenditures**

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district (or charter school or renaissance school project) for those employees whose salaries are identified as being paid from federal funds was made prior to the end of 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

### **Nonpublic State Aid**

Project completion reports were finalized and transmitted to the State Department of Education by the due date.

## **School Purchasing Programs**

### **Contracts and Agreements Requiring Advertisement for Bids**

N.J.S.A. 18A:18A-2 contains definitions for terms used throughout N.J.S.A. 18A:18A-1 et seq. It includes as subsection (p) the term 'competitive contracting', which is defined as "the method described in N.J.S.A. 18A:18A-4.1 through 18A:18A-4.5 and in rules promulgated by DCA at N.J.A.C. 5:34-4 of contracting for specialized goods and services in which formal proposals are solicited from vendors; formal proposals are evaluated by the purchasing agent or counsel or school business administrator; and the board of education awards a contract to a vendor or vendors from among the formal proposals received." Also, subsection (aa) defines the term 'concession' to exclude vending machines.

N.J.S.A. 18A:18A-3(a) sets forth the bid threshold and requires award by board resolution. There is a higher threshold when there is a "Qualified Purchasing Agent" (QPA) in the district as defined at N.J.A.C. 5:34-1.1 and certified upon approval of an application submitted to DCA. Pursuant to N.J.S.A. 18A:18A-3(b), the bid threshold may be adjusted by the Governor, in consultation with the Department of Treasury, every five years.

## **School Purchasing Programs, (continued)**

### **Contracts and Agreements Requiring Advertisement for Bids, (continued)**

N.J.S.A. 18A:18A-4.4 provides boards of education the authority to pass a resolution authorizing the use of competitive contracting. "In order to initiate competitive contracting, the board of education shall pass a resolution authorizing the use of competitive contracting each time specialized goods or services enumerated in sections 45 of L. 1999, c.440 are desired to be contracted."

Effective July 1, 2015 and thereafter, the bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$40,000 (with a Qualified Purchasing Agent) and \$29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$18,800.

The board of education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

The results of our examination indicated that no individual payments, contracts, or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4, amended.

Resolutions were adopted authorizing the awarding of contract or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

### **School Food Service**

The School Food Service Program was not selected as a major federal and/or State program. However, the program expenditures exceeded \$100,000 in federal and/or State support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the SFA had any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions were noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of School Food Service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

The financial transactions and statistical records of the School Food Services Fund were maintained in satisfactory condition. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

The number of meals claimed for reimbursement was verified against sales and meal count records. As part of the claims review process the Edit Check Worksheet was completed. Reimbursement claims were submitted/certified in a timely manner. Meals claimed did agree with meal count records.

### **School Food Service, (continued)**

The District is a Community Eligibility School and utilized the State of New Jersey, Household Information Survey to determine a student's low-income status for ASSA reporting.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used. No exceptions were noted.

Time sheets were reviewed and labor costs verified. Payroll records were maintained on all School Food Services employees authorized by the board of education. No exceptions were noted.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

**Finding 2017-05:** Net cash resources exceeded three month's average expenditures.

No recommendation is being made since the District is in the first year of implementing their corrective action plan from the prior year audit.

Cash receipts and bank records were reviewed for timely deposit. No exceptions were noted.

U.S.D.A. commodities were received and a separate inventory was maintained on a first-in, first-out basis.

The School District maintains the detailed revenue and expenditure information necessary in order to execute the U.S.D.A. mandated Non-Program Food Revenue Tool at least annually.

The Statement of Revenues, Expenses, and Changes in Fund Net Assets (CAFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the CAFR.

### **Student Activity Fund/DECA Program**

During our review of the student activity funds, the following items were noted.

Cash receipt and disbursement records were maintained in good order.

### **Application for State School Aid**

Our audit procedures included a test of information reported in the October 15, 2016 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, and low-income. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the District workpapers without exception. The information that was included on the workpapers was verified without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

**Application for State School Aid, (continued)**

The District maintained workpapers on the prescribed state forms or their equivalent.

The District has adequate written procedures for the recording of student enrollment data.

**Pupil Transportation**

Our audit procedures included a test of on roll status reported in the 2016-2017 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

**Follow-up on Prior Year Findings**

In accordance with government auditing standards, our procedures included a review of all prior year recommendations. Corrective action had been taken on all prior year findings, except for those items marked with an “\*”.

**Acknowledgment**

We received the complete cooperation of all the officials of the school district and we greatly appreciate the courtesies extended to the members of the audit team.

Respectfully submitted,
