School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-3 states:

- a. "When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by resolution of the Board of Education without public advertising for bids and bidding therefore, except that the Board of Education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L.1971, c. 198 the Board of Education may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.
- b. Commencing in the fifth year after the year in which P.L.1999, c. 440 takes effect and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the Board of Education is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.A. 18A:18A-2, and shall round the adjustment to the nearest \$1,000. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made"
- N.J.S.A. 18A:18A-4 states, "Every contract for the provision or performance of any goods or services the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the Board of Education to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law"

WATCHUNG BOROUGH SCHOOL DISTRICT ADMINISTRATIVE FINDINGS - FINANCIAL, COMPLIANCE AND PERFORMANCE

FISCALYEAR ENDED JUNE 30, 2017 (Continued)

School Purchasing Programs (Cont'd)

Contracts and Agreements Requiring Advertisement for Bids (Cont'd)

Effective July 1, 2015 and thereafter the bid thresholds in accordance with *N.J.S.A.* 18A:18A-2 and 18A:18A-3(a) are \$40,000 (with a Qualified Purchasing Agent) and \$29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under *N.J.S.A.* 18A:39-3 is currently \$18,800.

As per N.J.S.A. 18A:18A-3(a), the Board passed a resolution authorizing the Business Administrator as a qualified purchasing agent and increasing the bid threshold to \$40,000.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Attorney's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. General compliance was noted.

The results of our examination indicated that no individual payments, contracts, or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies", in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

<u>School Food Service – Milk Program</u>

The school food service program was not selected as a major federal and/or state program. We inquired of school management, or the appropriate school food service personnel, as to whether the SFA had any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions were noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

Non-program foods were not purchased, prepared or offered for sale.

During our review of the school District records it was noted that net cash resources of the Food Service Fund exceeded three months average expenditures. As the District has already taken steps to eliminate the excess, no formal recommendation is deemed necessary at this time.

FISCALYEAR ENDED JUNE 30, 2017 (Continued)

Student Body Activities

In planning and performing our audit of the financial statements of the Board, we considered the condition of the records of the Student Activities Fund for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments except as noted below.

Finding:

During our review of the Student Activity accounts activity it was noted that receipts are not always being deposited in a timely manner.

Recommendation:

It is recommended that receipts be deposited in a timely manner.

Management Response:

Student Activity account receipts will be deposited in a timely manner.

Application for State School Aid

Our audit procedures included a test of enrollments and related services reported in the October 14, 2016 Application for State School Aid (A.S.S.A.) for on-roll, bilingual education, private schools for the handicapped, and low income. We also performed a review of the District procedures related to its completion. The information on the A.S.S.A. was compared to the District workpapers without exception. The information that was included on the workpapers was verified on a test basis without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District did maintain workpapers on the prescribed State forms or their equivalent.

The District has adequate written procedures for the recording of student enrollment data.

Pupil Transportation:

Our audit procedures included a test of on-roll status reported in the 2016-2017 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

Facilities and Capital Assets

Our procedures included a review of the SDA grant agreements for consistency with recording SDA grant revenue and awarding of contracts for eligible facilities construction.

(Continued)

Travel Expenses

Travel regulations require each District to adopt a formal policy and procedure pertaining to travel and travel expense reimbursement for its employees and board members. The regulations require the District to establish a maximum travel amount for the year and to account for these expenses within a separate account in the budget to ensure that the maximum is not exceeded. The regulations also require that all travel be approved by the Board prior to the event and that the approval list the event, total event cost and the individuals attending. Employees and board members attending an event are then required to complete a post event report to be submitted to a designated person within the District.

During our testing of the District's travel expenditures, it was noted that the District is in compliance with the current travel regulations.

Management Suggestions

Payroll Agency Activity Summary

During our review of the Payroll Agency bank account activity it was noted that a summary of Payroll Agency deposits, payment and balances owed to various agencies is not prepared. It is suggested that a summary of Payroll Agency bank account deposits, payments and balances owed to various agencies is prepared on a monthly basis.

Governmental Accounting Standards Board Statements:

The next Governmental Accounting Standards Board ("GASB") statement which will have a significant impact on the District will be GASB#75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions, will be effective for the fiscal year ending June 30, 2018. This standard replaces GASB#45, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions. It is similar to GASB Statement No. 68, Accounting and Financial Reporting for Pensions GASB#68 in that successful implementation of this standard will require the provision of certain key financial and non-financial information from the New Jersey Division of Pensions.

Student Activities

It has recently been determined that School District personnel may not be completely aware of the limitations and restrictions on the use of Student Activity Funds. We believe it is important that the District be aware that any pupil organization which is part of the activity program of the School District, places at least indirect responsibility for supervision and control of that organization with the Board of Education. We suggest that the Board formally approve each school club or activity. As directed by the New Jersey Department of Education, collections related to fund raising for outside organizations should not be maintained in the District's Student Activity Funds.

Additionally, the District should ensure that District-wide standard policies and procedures are implemented for all Student Activity Funds. These policies should indicate the student activities funds are to be utilized for the benefit of the student activity or club and not to be utilized for enhancement of instructional programs or school facilities. The District should at least at a minimum communicate to school personnel on an annual basis the District's policies and procedures regarding Student Activity Funds. We suggest that these policies include guidance regarding timely deposits of funds and the safeguarding of funds prior to deposit as well as the appropriate purchasing guidelines for student activities disbursements.

Status of Prior Year's Findings/Recommendations

The District had no prior year recommendations.
