The audit covered the financial transactions of the Board Secretary/School Business Administrator and Treasurer of School Monies, the activities of the Board of Trustee's, the records of the various funds under the auspices of the Board of Trustee's.

Administrative Practices and Procedures

<u>Insurance</u>

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule, contained in the district's <u>CAFR</u>

Official's Bonds

Name	me Position			
Richelle Baughn	School Board Administrator/Board Secretary	\$ 50,000		
Wayne Scott	Treasurer of School Monies	475,000		

There is a Blanket Employee Dishonestly Bond with Selective Insurance covering all employees with coverage of \$100,000. District Internal Control Policies

District boards of education and administration are responsible for developing internal controls policies and procedures and maintaining a strong internal control environment. NJAC 6A:23A-6.4 requires that the district's internal control policies include specific requirements at NJAC 6A:23A-6.5 through 6.13.

All Internal Control Policies were found in accordance with NJAC 6A:23A-6.5 through 6.13.

Administrative Practices and Procedures (Continued)

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

Payroll Account and Position Control Roster

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were certified by the President of the Board, the School Business Administrator/Board Secretary and the Chief School Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits withholding due to the general fund.

Payrolls were delivered to the treasurer of school moneys with a warrant made to her order for the full amount of each payroll.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, 2017 for proper classification of orders as reserve for encumbrances or accounts payable. This was accomplished by reviewing open purchase orders to determine whether goods were received or services were rendered as of June 30, 2017 and that no blanket purchase orders were included.

No exceptions were noted in a review of outstanding purchase orders as of June 30, 2017.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with <u>N.J.A.C.</u> 6A:23A-16.2(f) and line item details as described in the Budget Summary Key as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with **N.J.A.C.** 6A:23A-8.3. As a result of the procedures performed, a transaction error rate of 0% was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

- A. General Classification Findings None
- B. Administrative Classification Findings None

The financial records and books of accounts maintained by the Secretary were found to be in satisfactory condition.

Purchase orders were charged to the appropriate line item accounts in accordance with the State prescribed <u>Uniform Minimum Chart of Accounts (2R2) for New Jersey Public Charter School.</u>

The Treasurer filed the monthly reports in a timely manner.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for charter school employees who are members of the Teachers Pension and Annuity Fund.

TPAF Reimbursement to the State for Federal Salary Expenditures

The reimbursement to the State for the amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the charter school to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the charter school for those employees whose salaries are identified as being paid from federal funds was made subsequent to the end of the 60 day grant liquidation period, but prior to the 90 days required by N.J.S.A. 18A:66-90. Accordingly, the expenditure was made in accordance with State law (90 days) and properly reported as obligated and not expended and as an unliquidated balance in the current year's Final Report(s) for all federal awards.

Financial Planning, Accounting and Reporting (Continued)

<u>Elementary and Secondary Education Act (E.S.E.A)/Improving America's Schools Act (IASA) as reauthorized by the No Child Left Behind Act of 2001</u>

The E.S.E.A./NCLB financial exhibits are contained within the Special Revenue Section of the <u>CAFR</u>. This section of the <u>CAFR</u> documents the financial position pertaining to the projects under Titles I, II and III of the Elementary and Secondary Education Act as amended and reauthorized.

Our audit of E.S.E.A. funds, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The charter school's Special Projects were approved as listed on Schedule A and Schedule B located in the <u>CAFR</u>.

Obligations of federal grant awards and requests for reimbursement of expenditures against federal grants awards were examined and no exceptions noted.

The study of compliance for E.S.E.A. indicated no areas of noncompliance and/or questionable costs.

Other Special Federal and/or State Projects

The charter school's Special Projects were approved as listed on Schedule A and Schedule B located in the <u>CAFR.</u>

Our audit of federal and state funds, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the <u>CAFR</u>. This section of the <u>CAFR</u> documents the financial position pertaining to the aforementioned special projects.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-1 et seq. (Public School Contracts Law), the associated rules and related information on the statute, and school contracts in general are available on the website: http://www.state.nj.us/dca/divisions/dlgs/programs/ps contracts.html.

The current statue is posted on the New Jersey Legislature website at: http://lis.njleg.state.nj.us/cgi-bin/om_isapi.dll ?clientID=1319801&depth=2&expandheadings =off&headingswithhits=on&infobase=statutes.nfo&softpage=TOC_Frame_pg42

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$40,000 (with a Qualified Purchasing Agent) and \$29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$18,800 for 2016-17.

School Purchasing Programs (Continued)

Contracts and Agreements Requiring Advertisement for Bids (Continued)

The Charter School has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Based on the results of our examination, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provisions of N.J.S.A. 18A-4, amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per **N.J.S.A**. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the charter school used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977; therefore, the extent of such purchases could not reasonably be ascertained. Our examination did not identify any exceptions for purchases made through state contract.

The review of contracts and agreements did not disclose any areas of statutory noncompliance.

Although a particular contract is exempt from the formal requirements of public advertising and competitive bidding, N.J.S.A. 18A:18A-37 requires that quotations be obtained, whenever practical, for any contract under the statutory bid threshold but 15 percent or more of the amount, except for contracts for professional services. All contracts and agreements, which are subject to quotations, shall be awarded on the basis of the lowest responsible quotation received, which is most advantageous to the Board of Trustees, price and other factors considered. Our examination indicated that the Board of Trustees complied with these provisions.

School Food Service

The school food service program was not selected as a major federal and/or State program. However, the program expenditures exceeded \$100,000 in federal and/or State support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the SFA had any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions were noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

School Food Service (Continued)

The Statement of Revenues, Expenses, and Changes in Fund Net Assets (CAFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the <u>CAFR</u>.

Finding 2017-1

The Food Service Fund operated in a deficit position requiring a significant Board subsidy.

Recommendation

A review of the Food Service meal collection policy should be performed, in order to reduce the necessary Board subsidy.

Student Body Activities

The Board has a policy, which clearly established the regulation of student activity funds.

All deposits were identified and promptly deposited.

Monthly bank reconciliations of the Student Activity Fund account were adequately prepared.

Enrollment counts and submission to the Department

Our audit procedures included a test of information reported on the Enrollment Counts for October 15 and the last day of school for on-roll, special education, bilingual and low income students. The details of our test results are included in this report in the *Schedule of Audited Enrollments*. We also performed a review of the School's procedures related to its completion.

Internal controls as they relate to the collection and submission of enrollment counts were documented and deemed marginal and as a result revised procedures were discussed and communicated during the audit process.

Facilities and Capital Assets

Our procedures included a review of the EDA grant agreements, if any, for consistency with recording EDA revenue, transfer of local funds from the general fund or from the capital reserve account, and awarding of contracts for eligible facilities construction.

There were no EDA grant agreements for the fiscal year ending June 30, 2017.

Testing for Lead of all Drinking Water in Educational Facilities

The school district adhered to all the requirements of NJAC 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The test results were posted on the district's website as well as being available at the school facility.

Follow-up on Prior Years' Findings

In accordance with Government Auditing Standards, which are applicable to NJ Charter Schools, our procedures included a review of all prior year audit recommendations, which indicate that corrective action has been taken on all prior year audit findings.

<u>Acknowledgment</u>

We received the complete cooperation of all the officials of the Charter School, and we greatly appreciate the courtesies extended to the members of the audit team.

Respectfully submitted,

Spel Ato
