W. Patrick Madden
**School Business Administrator/
Board Secretary**

February 26, 2019

Honorable President and Members of the
Camden County Educational Services Commission
County of Camden
State of New Jersey

Dear Board of Directors:

The comprehensive annual financial report of the Camden County Educational Services Commission for the fiscal year ended June 30, 2018 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Camden County Educational Services Commission. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the Commission. All disclosures necessary to enable the reader to gain an understanding of the Commission's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical, and single audit. The introductory section includes this transmittal letter, the Commission's organizational chart and a list of principal officials. The financial section includes the financial statements and schedules, as well as the auditor's report therein. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The Commission is required to undergo an annual single audit in conformity with the provisions of the State of New Jersey Circular 15-08 OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and questioned costs are included in the single audit section of this report.

1. REPORTING ENTITY AND ITS SERVICE: Camden County Educational Services Commission is an independent reporting entity within the criteria adopted by the GASB as established by NCGA statement No. 3. All funds of the Commission are included in this report. The Camden County Educational Services Commission and all of its programs and services constitute the Commissions reported entity.

The Commission provides specific educational services appropriate to member districts requests for private and public students in grade levels K through 12. These services include transportation, special education and non-public services. Students transported attend summer, vocational, public, private, and special education schools. Non-Public and special services were provided in the following areas: compensatory education, ESL, speech, child study evaluations, home instruction, supplemental instruction, occupational therapy, and physical therapy. The Commission also provides the educational program at the Camden County Juvenile Detention Center.

<u>YEAR</u>	<u>TRANSPORTATION</u>	PL 192/193 <u>NON-PUBLIC AND SPECIAL SERVICES</u>
2017-2018	11,890 students	3,207 students
2016-2017	12,076 students	7,074 students
2015-2016	11,075 students	6,124 students

2. ECONOMIC CONDITION AND OUTLOOK: The uncertainty of state funding for public education, imposed rate caps by the state, and increased restrictions on fund balance have forced school districts to find creative and more cost effective ways to meet their obligations. In response, the Camden County Educational Services Commission continues to expand and seek opportunities to assist member districts. By coordinating and providing efficient programs and services at the county-level, school districts are relieved of the associated administrative burdens and realize cost savings that reduce local property taxes. The Commission continues to form partnerships and build relationships where stakeholders routinely look to the Commission for assistance in fulfilling their mission to educate the youth of Camden County.
3. MAJOR INITIATIVES: Since its inception in 1979, coordinated transportation services and non-public school programs have dominated the Commission's activities.

On July 1, 2013 the Commission embarked on a shared services plan with the Camden City School District to coordinate all of its transportation services. The impact on revenue and operations at the Commission was significant. The revenue growth to the Commission from 2013 to 2014 for transportation grew from \$13.6 million to \$24.3 million. In the 2014-2015 school year transportation revenue grew to \$27.3 million. In the 2015-2016 school year transportation revenue grew to \$30.03 million.

In the 2016-2017 school year transportation revenue grew to \$34.78 million. This shared service agreement continues to be a main source of revenue for the Commission, with transportation revenue for the year ending June 30, 2018 of \$36.66 million, an increase of 5.4% over the prior year.

The Commission continually looks to improve efficiencies and processes through the use of information technologies. In order to increase productivity, limit customer service disruptions and provide for disaster recovery, the Commission analyzes and upgrades its network infrastructure on a regular basis. These upgrades are necessary to meet the growing customer demands and the added staff necessary for scaling to operational efficiency.

Future growth is important to the viability of the Commission. As such, the growth plan must include strategies to decrease exposure to revenue concentration by developing alternative service offers. In order to execute on these strategies, new service offers may be fulfilled by direct services, purchased services, or strategic partnerships. The current growth plan targets expansion in Purchased Services, expansion of the commissions Cooperative Pricing System and establishing a comprehensive Transition Program for county students.

4. INTERNAL ACCOUNTING CONTROLS: The management of the Commission is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the Commission are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the Commission is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the Commission management.

As part of the Commission's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to state financial assistance programs, as well as to determine that the Commission has complied with applicable laws and regulations.

5. BUDGETARY CONTROLS: In addition to internal accounting controls, the Commission maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Directors. Annual appropriated budgets are adopted for the general fund and special revenue fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either cancelled or are included as reappropriation of fund balance in the subsequent year. Those amounts to be reappropriated are reported as assignments of fund balance on June 30, 2018.

6. ACCOUNTING SYSTEM AND REPORTS: The Commission's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standard Board (GASB). The accounting system of the Commission is organized on the basis of funds. These funds are explained in "Notes to the Financial Statements", Note 1.
7. CASH MANAGEMENT: The investment policy of the Commission is guided in large part by state statute as detailed in "Notes to Financial Statements", Note 2. The Commission has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.
8. RISK MANAGEMENT: The Commission carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.
9. INDEPENDENT AUDIT: State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Bowman & Company LLP has been selected by the Board of Directors to conduct our audit. In addition to meeting the requirements of the State of New Jersey Circular 15-08 OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, the auditor's report on the financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

10. ACKNOWLEDGEMENTS: We would like to express our appreciation to the members of the Board of Directors of the Camden County Educational Services Commission for their concern in providing fiscal accountability to the citizens and taxpayers of our member districts and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

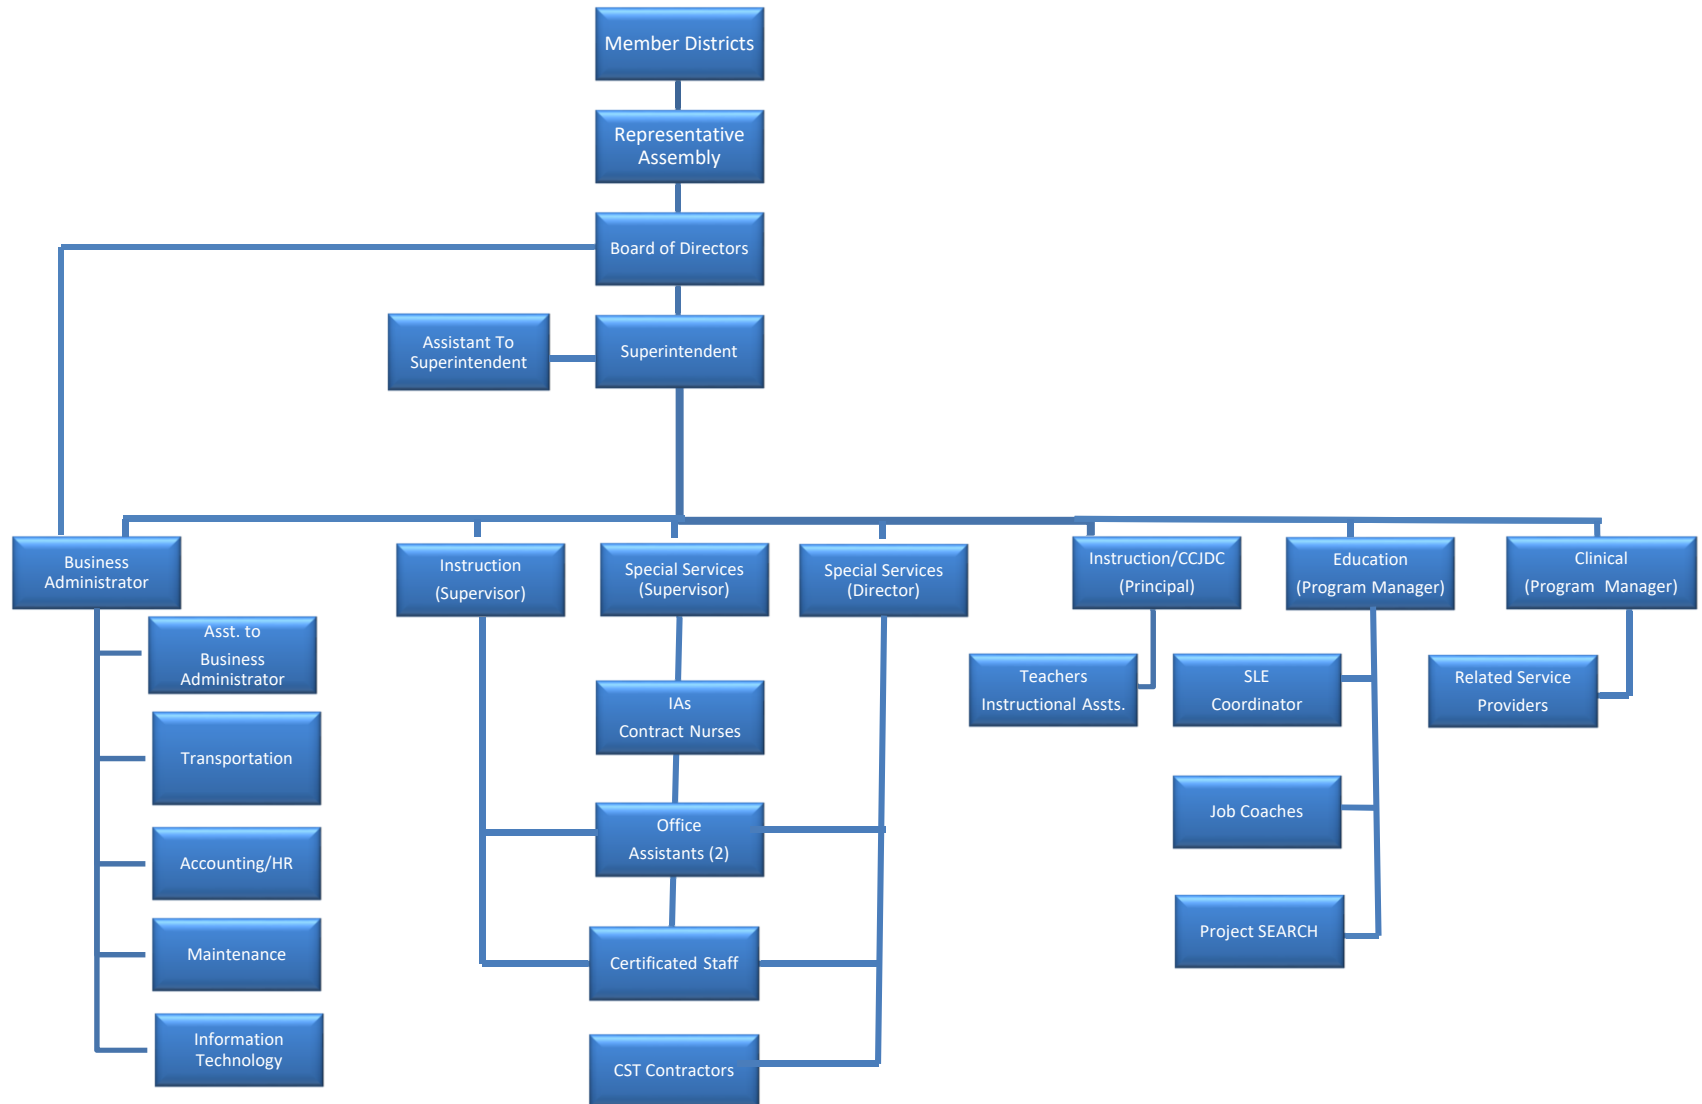

Daniel Del Vecchio

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of the Board of Directors
Camden County Educational Services Commission
Clementon, New Jersey 08021

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Camden County Educational Services Commission, in the County of Camden, State of New Jersey, as of and for the fiscal year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Camden County Educational Services Commission, in the County of Camden, State of New Jersey, as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter*Adoption of New Accounting Principles*

As discussed in note 1 to the financial statements, during the fiscal year ended June 30, 2018, the Commission adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions*. The adoption of this new accounting principle required the Commission to recognize a revenue and expense on the government-wide statement of activities for the State's proportionate share of the postemployment expense associated with the Commission. The related disclosures for the implementation of this new accounting pronouncement are included in note 7 in the notes to financial statements. Our opinion is not modified with respect to this matter.

Other Matters*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of the Commission's proportionate share of the net pension liability, schedule of the Commission's pension contributions, and schedule of changes in the Commission's total OPEB liability and related ratios, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Camden County Educational Services Commission's basic financial statements. The introductory section, combining statements and related major fund supporting statements and schedules, statistical section, and schedule of expenditures of federal awards are presented for purposes of additional analysis, as required by the Division of Administration and Finance, Department of Education, State of New Jersey, and are not a required part of the basic financial statements. The accompanying schedule of expenditures of state financial assistance, as required by State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, is also presented for purposes of additional analysis and is not a required part of the basic financial statements.

The accompanying combining statements and related major fund supporting statements and schedules and schedules of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying combining statements and related major fund supporting statements and schedules and schedules of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical section listed in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 26, 2019 on our consideration of the Camden County Educational Services Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Camden County Educational Services Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Camden County Educational Services Commission's internal control over financial reporting and compliance.

Exhibit K-1

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of the Board of Directors
Camden County Educational Services Commission
Clementon, New Jersey 08021

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial statement audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in compliance with audit requirements as prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Camden County Educational Services Commission, in the County of Camden, State of New Jersey, as of and for the fiscal year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements, and have issued our report thereon dated February 26, 2019. Our report on the financial statements included an emphasis of matter paragraph describing the adoption of a new accounting principle.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Camden County Educational Services Commission's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Camden County Educational Services Commission's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Camden County Educational Services Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and audit requirements as prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey, and state awarding agencies and pass-through entities, in considering the Commission's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

REQUIRED SUPPLEMENTARY INFORMATION
PART I
MANAGEMENT'S DISCUSSION AND ANALYSIS

CAMDEN COUNTY EDUCATIONAL SERVICES COMMISSION

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2018
(Unaudited)

As management of the Camden County Educational Services Commission (hereafter referred to as the "Commission"), we offer readers of the Commission's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2018. The intent of this discussion and analysis is to look at the Commission's financial performance as a whole; readers should also review the information furnished in our letter of transmittal, notes to the basic financial statements, and financial statements to enhance their understanding of the Commission's financial performance.

FINANCIAL HIGHLIGHTS

- During the fiscal year ended June 30, 2018, the Commission adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The notes to the financial statements provide a more thorough discussion of the implementation of this GASB Statement and the effects to the financial statements.
- The net position of the Commission, which represents the difference between the summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources, totaled \$8,281,023.39 at the close of the current fiscal year. Of this amount, \$8,247.73 represents net position of governmental activities and \$8,272,775.66 for business-type activities.
- The Commission's total lease purchase agreement decreased by \$168,563.44 as a result of payments in the enterprise fund.

USING THIS COMPREHENSIVE ANNUAL FINANCIAL REPORT

This comprehensive annual financial report consists of a series of financial statements. The statement of net position and the statement of activities provide information about the activities of the Commission as a whole and present a longer-term view of the Commission's finances. Fund financial statements for the governmental activities tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Commission's operations in more detail than the government-wide statements by providing information about the Commission's most significant funds.

Reporting the Commission as a Whole

One of the most important questions asked about the Commission's finances is, "Is the Commission as a whole better off or worse off as a result of the fiscal year's activities?" The statement of net position and the statement of activities report information about the Commission as a whole and about its activities in a way that helps answer this question. These statements include *all* assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current fiscal year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Commission's *net position* and changes in it. You can think of the Commission's net position as one way to measure the Commission's financial health, or *financial position*. Over time, *increases or decreases* in the Commission's net position is one indicator of whether its *financial health* is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as the condition of the Commission's capital assets, to assess the *overall health* of the Commission.

In the statement of net position and the statement of activities, we divide the Commission into two kinds of activities, those being governmental activities and business-type activities. In the governmental activities, this is where the Commission's basic services are reported that are supported from intergovernmental revenues. The business-type activities of the Commission include an enterprise fund and is supported from user fees and charges.

CAMDEN COUNTY EDUCATIONAL SERVICES COMMISSION

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2018
(Unaudited)

USING COMPREHENSIVE ANNUAL FINANCIAL REPORT (CONT'D)

Reporting the Commission's Most Significant Funds

The fund financial statements provide detailed information about the most significant funds, not the Commission as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Commission, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Commission can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds - governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Commission maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, special revenue fund, capital projects fund, and debt service fund, which are all considered to be major funds.

The Commission adopts an annual budget for its general fund, special revenue fund, and debt service fund, if required. Budgetary comparison schedules have been provided to demonstrate compliance with these budgets.

Proprietary Funds - the Commission maintains one type of proprietary fund; that being an enterprise fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The Commission uses an enterprise fund to account for its user fees and charges related to transportation services, nonpublic auxiliary and handicapped services, related services, etc.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

Fiduciary Funds - fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the Commission's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the Financial Statements - the notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

CAMDEN COUNTY EDUCATIONAL SERVICES COMMISSION
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2018
(Unaudited)

THE COMMISSION AS A WHOLE

During fiscal year 2018, the Commission's net position increased by \$562,703.61, increasing from \$7,718,319.78 in fiscal year 2017 to \$8,281,023.39 in fiscal year 2018. Our analysis that follows focuses on the net position (Table 1) and changes in net position (Table 2) of the Commission's governmental-type activities and business-type activities.

	Governmental Activities		Business-Type Activities		Government-wide Totals		Government-wide %

At the end of fiscal year 2018, the Commission experienced a net increase in current and other assets of \$81,690.11, and a decrease in other liabilities of \$880,628.81. These net changes primarily resulted from an increase in cash and cash equivalents of \$2,840,969.76 and a corresponding decrease in accounts receivable of \$1,527,308.74. During the fiscal year, the Commission was able to collect several significant receivables from other local school districts for transportation services. In addition, the net decrease in capital assets was result of current fiscal year depreciation of \$169,175.46. The decrease in the Commission's long-term liabilities, which includes a lease purchase agreement, net pension liability, and compensated absences, resulted from the scheduled pay down of principal of \$168,563.44 on the lease purchase agreement and a reduction in the Commission's actuarially determined proportionate share of net pension liabilities of \$635,935.00. The changes in the deferred outflows and inflows of resources (\$127,756.00 and \$905,702.00, respectively) also related to the actuarial estimations and calculations related to the Commission's net pension liabilities. See notes 5 and 6 in the notes to financial statements for further detail regarding the Commission's long-term liabilities and related balances.

In regards to net position, thirty-two percent (32%), or \$2,657,412.94, of the Commission's fiscal year end balance reflects its net investment in capital assets (i.e., land, buildings, equipment). This component represents capital assets, net of accumulated depreciation, and net of outstanding balances of borrowings used for the acquisition, construction, or improvement of those assets. The Commission uses these assets to provide educational services to students and other services to local school districts; consequently, these assets are not available for future spending. Although the Commission's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from sources since the capital assets themselves cannot be used to liquidate these liabilities.

CAMDEN COUNTY EDUCATIONAL SERVICES COMMISSION

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2018
(Unaudited)

THE COMMISSION AS A WHOLE (CONT'D)

The final component of net position is unrestricted. This component represents resources and uses that do not meet the criteria of the aforementioned component of net position. At the end of the current fiscal year, the Commission's unrestricted net position was \$5,623,610.45. Unrestricted net position is decreased by the recording of long-term liabilities for lease purchase agreement, compensated absences, and net pension liability. Such long-term liabilities are funded by the Commission on a pay-as-you-go basis.

Table 2 below illustrates the changes in net position of the Commission's governmental-type activities and business-type activities.

During fiscal year 2018, the Commission's total revenues increased by \$2,340,085.23, increasing from \$49,169,888.04 in fiscal year 2017 to \$51,509,973.27 in fiscal year 2018. There were two primary reasons for the increase in revenues during the fiscal year. One, the Commission expanded its transportation services by adding several new transportation routes for local school districts within the County, which brought in additional revenues from charges for services of \$1,880,860.53, and secondly, the Commission's newly formed transition program was in operation for the entire 2018 fiscal year, adding new revenues of approximately \$628,000.00. Revenues realized from transportation and related services constitute approximately 76% of the Commission's total revenues.

Regarding expenses, the Commission's total expenses increased by \$2,203,061.32, increasing from \$48,744,208.34 in fiscal year 2017 to \$50,947,269.66 in fiscal year 2018. As with the increase in revenues realized by the Commission resulting from transportation services, there was a corresponding increase in expenses incurred associated with the providing of those services. During the fiscal year 2018, transportation expenses increased by \$2,130,448.56, or 6%, from fiscal year 2017. Additionally, salaries increased during the current fiscal year, increasing by \$710,702.48, or 10%, over those incurred during fiscal year 2017.

CAMDEN COUNTY EDUCATIONAL SERVICES COMMISSION

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2018
(Unaudited)

THE COMMISSION'S FUNDS

Governmental Funds

General fund - The general fund is the general operating fund of the Commission and is used to account for the inflows and outflows of its financial resources. The acquisition of certain capital assets, such as equipment, is accounted for in the general fund when it is responsible for the financing of such expenditures. At the end of the current fiscal year, the general fund did not have any fund balance.

During the current fiscal year, the Commission's revenue increased by \$74,663.71. The primary factor affecting the increase in revenue of the general fund is as follows:

- tuition revenues increased from fiscal year 2017 by \$50,019.39, or 6%

Special revenue fund - The special revenue fund is used to account for and report the proceeds of specific revenue sources, such as state or federal government grants, that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. During the fiscal year ended June 30, 2018, the Commission administered and operated activities funded by Title I, Part D and by McKinney Vento Ed for Homeless Children, which are both federal funds passed through the New Jersey Department of Education. Total revenues and expenditures related to these activities totaled \$292,033.33.

Capital projects fund - The capital projects fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of major capital facilities, other than those financed by the proprietary funds. Generally, the financial resources of the capital projects fund are derived from the issuance of debt. There was no activity in the capital projects fund during the fiscal year ended June 30, 2018.

Debt service fund - The debt service fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest. There was no activity in the debt service fund during the fiscal year ended June 30, 2018.

Proprietary Funds

Enterprise fund - as the Commission completed the fiscal year, the Commission's total net position of the enterprise fund was \$8,272,775.66, which was comprised of \$2,646,193.32 of net investment in capital assets and unrestricted net position in the amount of \$5,626,582.34.

During the current fiscal year, the net position of the Commission's enterprise fund increased by \$570,272.07. This increase is due to the aforementioned increases in charges for services (transportation and related services).

General Fund Budgetary Highlights

The Commission had no budget modifications during the fiscal year ended June 30, 2018.

The final budgetary basis revenue estimate was \$948,564.00, which remained unchanged from the original budgeted estimate. Total budgeted revenues realized equaled \$1,061,212.76, which was \$112,648.76 in excess of the budget estimate. This excess was directly attributable to the increase in the Commission's reimbursed T.P.A.F. pension contributions and reimbursed T.P.A.F. social security contributions, which totaled \$123,618.60, and \$48,552.94, respectively. In addition, the amount realized for tuition from other LEAs within the State was less than the amount anticipated by \$59,522.78.

CAMDEN COUNTY EDUCATIONAL SERVICES COMMISSION
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2018
(Unaudited)

THE COMMISSION'S FUNDS (CONT'D)

General Fund Budgetary Highlights (Cont'd)

The final budgetary basis expenditure appropriation estimate was \$948,564.00, which remained unchanged from the original budgeted estimate. Actual expenditures incurred of \$1,061,212.76 were over the final budget estimate by \$112,648.76, directly a result of the expenditures related to the aforementioned reimbursed T.P.A.F. pension contributions and reimbursed T.P.A.F. social security contributions, which totaled \$123,618.60, and \$48,552.94, respectively.

Special Revenue Fund Budgetary Highlights

The final budgetary basis revenue estimate was \$297,051.00, which remained unchanged from the original budgeted estimate. Likewise, this was the same for the final budgetary basis appropriation estimate.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The Commission's net investment in capital assets for its governmental and business-type activities as of June 30, 2018 amounts to a historical cost of \$6,144,552.23, or \$3,613,976.10 net of accumulated depreciation (see Table 3). This net investment in capital assets includes land, land improvements, buildings and building improvements, machinery and equipment, and vehicles. Net capital assets decreased by \$149,513.11 in fiscal year 2018 from fiscal year 2017. The primary factors affecting the net change in net capital assets are as follows:

- current year depreciation expense was \$169,175.46
- there were capital asset additions in the amount of \$21,763.75, which comprised a server with a historical cost of \$8,144.51, a copier with a historical cost of \$4,572.00, and other miscellaneous items with historical costs of \$9,047.24

TABLE 3 CAPITAL ASSETS AT FISCAL YEAR END (NET OF ACCUMULATED DEPRECIATION)

For the Fiscal Year Ended June 30, 2018
(Unaudited)

CAPITAL ASSET AND DEBT ADMINISTRATION (CONT'D)

Debt

Lease Purchase Agreement. At the end of the current fiscal year, the Commission had a lease purchase agreement outstanding in the amount of \$956,563.16. The annual principal payment during the fiscal year 2018 was \$168,563.44 (refer to audit exhibit I-2, schedule of lease purchase agreement payable - business-type activities, for more detail).

Net Pension Liability. The Commission's annual required contribution to the Public Employees' Retirement System are paid on an annual basis. For additional details on the net pension liability, see note 6 to the financial statements.

Compensated Absences. At the end of the current fiscal year, the liability for compensated absences was \$102,542.16 (\$2,971.89 governmental activities and \$99,570.27 business-type activities). Compensated absences are those absences for which employees will be paid, such as sick leave. Additional information on compensated absences can be found in note 11 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

For the fiscal year 2018, the Commission was able to sustain its budget through transportation fees, tuition, federal and state sources, and other various revenue sources. The Commission will continue to grow and develop services based upon the needs of its member districts. Any future programs offered will be the direct result of cooperation between its member districts and the Commission.

CONTACTING THE COMMISSION'S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the Camden County Educational Services Commission's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Patrick Madden, Business Administrator, at the Camden County Educational Services Commission, 225 White Horse Avenue, Clementon, New Jersey 08021.

CAMDEN COUNTY EDUCATIONAL SERVICES COMMISSION
 Reconciliation of the Statement of Revenues, Expenditures,
 and Changes in Fund Balances of Governmental Funds
 to the Statement of Activities
 For the Fiscal Year Ended June 30, 2018

Amounts reported for governmental activities in the statement of activities are different because:

Net Change in Fund Balances - Governmental Funds -

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period.

Depreciation Expense	\$ (7,619.19)	
Capital Outlays	<u>2,701.80</u>	
		\$ (4,917.39)

The proceeds from the sale of capital assets are reported as revenues in the governmental funds. In the statement of activities, however, gains or losses on the sale of capital assets considers the balance of accumulated depreciation at the time of the sale.

Loss on Sale of Capital Assets		(2,101.40)
--------------------------------	--	------------

In the statement of activities, certain operating expenses, (e.g., compensated absences) are measured by the amounts incurred during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). This amount is the net effect of these differences in the treatment of these items.

CAMDEN COUNTY EDUCATIONAL SERVICES COMMISSION

Notes to Financial Statements
For the Fiscal Year Ended June 30, 2018

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Camden County Educational Services Commission (the "Commission") have been prepared to conform with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant of these policies.

Description of the Financial Reporting Entity

The Commission is a local educational agency organized pursuant to the rules and regulations of the Department of Education of the State of New Jersey. The Commission is located in the Borough of Clementon, County of Camden, State of New Jersey. The purpose of the Commission is to provide educational and administrative services and programs for local school districts located within Camden County. The Commission functions independently through a Board of Directors. The Board is comprised of fifteen members selected to a one-year term at the annual reorganization meeting of the Member Districts. The Superintendent is appointed by the Board to act as executive officer of the Commission.

The primary criterion for including activities within the Commission's reporting entity, as set forth in Section 2100 of the Governmental Accounting Standards Board *Codification of Governmental Accounting and Financial Reporting Standards*, is the degree of oversight responsibility maintained by the Commission. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The combined financial statements include all funds of the Commission over which the Board exercises operating control.

Component Units

In evaluating how to define the Commission for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statements No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34*, and GASB Statement No. 80, *Blending Requirements for Certain Component Units - an amendment of GASB Statement No. 14*. Blended component units, although legally separate entities, are in-substance part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and / or its citizens.

A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Component Units (Cont'd)**

Based upon the application of these criteria, the Commission has no component units.

Government-wide and Fund Financial Statements

The Commission's basic financial statements consist of government-wide statements, and fund financial statements which provide a more detailed level of financial information.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. It is the policy of the Commission to not allocate indirect expenses to functions in the statement of activities. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as general revenues.

In regards to the fund financial statements, the Commission segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Fund financial statements report detailed information about the Commission. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a single column. Fiduciary funds are reported by fund type.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are deemed both available and measurable. Available means when revenues are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Commission considers revenues to be available if they are collected within sixty (60) days of the end of the current fiscal year. Measurable means that the amount of revenue can be determined. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Tuition, reimbursable-type grants, and interest associated with the current fiscal year are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. All other revenue items are considered to be measurable and available only when cash is received by the Commission.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont'd)**

The Commission reports the following major governmental funds:

General Fund - The general fund is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment classified in the capital outlay sub-fund.

As required by the New Jersey State Department of Education, the Commission includes budgeted capital outlay in this fund. Accounting principles generally accepted in the United States of America, as they pertain to governmental entities, state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from tuition fees, other revenues, and appropriated fund balance. Expenditures are those which result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to, or remodeling of buildings, and the purchase of built-in equipment.

Special Revenue Fund - The special revenue fund is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

Capital Projects Fund - The capital projects fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets, other than those financed by proprietary funds. The financial resources are derived from New Jersey Economic Development Authority grants, temporary notes, serial bonds, or from the general fund by way of transfers from capital outlay or the capital reserve account.

Debt Service Fund - The debt service fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest.

Proprietary funds are used to account for the Commission's ongoing organizations and activities, which are operated and financed in a manner similar to those found in the private sector. The measurement focus is upon the determination of net income. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All items not meeting this definition are reported as nonoperating revenues and expenses.

Based on the operations and activities of the Commission, the proprietary fund is the fund that accounts for a significant portion of its fiscal year transactions. The following proprietary fund type is reported by the Commission:

Enterprise Fund

This fund accounts for the financial activity related to contracting with private schools to provide services under Chapters 192 and 193 of the Laws of 1977, Auxiliary Services for Non-Public Pupils. Students from various Camden County districts, as well as some districts from adjacent counties, receive one or more of the following services as needed: compensatory education, English as a second language, examination and classification, speech correction, home instruction, and supplemental instruction. In addition, this fund accounts for the financial activity related to contracting with schools for other various services, such as transportation.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont'd)****Enterprise Fund (Cont'd)**

In addition, during the fiscal year ended June 30, 2017, the Commission provided internet services to school districts for a three month period of time. This was the result of another provider going out of business and the Commission assuming the existing contracts for the remainder of the school year in order to avoid impairment of normal operations of various school districts. The only activity during fiscal year 2018 was the liquidation of accounts receivable and payable that existed at June 30, 2017.

Fiduciary funds are used to account for assets held by the Commission on behalf of outside related organizations or on behalf of other funds within the Commission. The fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds.

The Commission maintains the following fiduciary funds:

Agency Funds - Agency funds are used to account for assets held by the Commission in a trustee capacity or as an agent for individuals, private organizations, other governments, and / or other funds (i.e., payroll). The Commission retains no equity interest in these funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The Commission maintains one agency fund, that being for payroll.

Private-Purpose Trust Funds - Private-purpose trust funds are used to account for the principal and income for all other trust arrangements that benefit individuals, private organizations, or other governments. The Commission maintains the following private-purpose trust fund:

Flexible Benefits Trust Fund - Revenues consist of volunteer pre-tax employee payroll withholdings for the purpose of paying for qualified medical expenses, and interest income. Expenditures represent reimbursements to employees for qualified medical expenses.

As a general rule the effect of internal/interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues.

Budgets / Budgetary Control

Annual appropriated budgets are prepared in the spring of each fiscal year for the general, special revenue, and debt service funds (if necessary), and are submitted to the county office of education. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23A-16.2(f)1. Transfers of appropriations may be made by resolution at any time during the fiscal year in accordance with N.J.A.C. 6A:23A-13.3.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Budgets / Budgetary Control (Cont'd)**

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the budgetary basis. The budgetary basis differs from GAAP in that the budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The budget as detailed on exhibits C-1 and C-2 includes all amendments to the adopted budget, if any.

Exhibit C-3 presents a reconciliation of the general fund revenues and special revenue fund revenues and expenditures from the budgetary basis of accounting, as presented in the general fund budgetary comparison schedule and the special revenue fund budgetary comparison schedule, to the GAAP basis of accounting as presented in the statement of revenues, expenditures and changes in fund balances - governmental funds. Note that the Commission does not report encumbrances outstanding at fiscal year-end as expenditures in the general fund since the general fund budget follows the modified accrual basis of accounting.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded to assign a portion of the applicable appropriation, is utilized for budgetary control purposes. Encumbrances are a component of fund balance at fiscal year-end as they do not constitute expenditures or liabilities, but rather commitments related to unperformed contracts for goods and services. Open encumbrances in the governmental funds, other than the special revenue fund, which have not been previously restricted, committed, or assigned, should be included within committed or assigned fund balance, as appropriate.

Open encumbrances in the special revenue fund, however, for which the Commission has received advances of grant awards, are reflected on the balance sheet as unearned revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

Cash, Cash Equivalents and Investments

Cash and cash equivalents, for all funds, include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. Such is the definition of cash and cash equivalents used in the statement of cash flows for the proprietary funds. U.S. treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey educational institutions are limited as to the types of investments and types of financial institutions they may invest in. N.J.S.A. 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey educational institutions.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Cash, Cash Equivalents and Investments (Cont'd)**

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

Transportation Fees from Other LEAs Receivable

Transportation fees from other LEAs ("local education agency") were established by the Commission based on actual costs plus an administrative fee approved by the Board of Directors.

Tuition Receivable

Tuition charges for the fiscal year ended June 30, 2018 were based on the number of students serviced times the state allotments awarded to the sending school district for students.

Prepaid Expenses

Prepaid expenses recorded on the government-wide financial statements and in the proprietary fund types represent payments made to vendors for services that will benefit periods beyond June 30, 2018. The Commission had no prepaid expenses for the fiscal year ended June 30, 2018.

In the governmental fund financial statements, however, payments for prepaid items are fully recognized as expenditures in the fiscal year of payment. No asset for the prepayment is created, and no expenditure allocation to future accounting periods is required (*non-allocation method*). This is consistent with the basic governmental concept that only expendable financial resources are reported by a specific fund.

Short-Term Interfund Receivables / Payables

Short-term interfund receivables / payables (internal balances) represent amounts that are owed, other than charges for goods or services rendered to / from a particular fund within the Commission, and that are due within one year. Such balances are eliminated in the statement of net position to minimize the grossing up of internal balances, thus leaving a net amount due between the governmental and business-type activities that are eliminated in the total government column. Balances with fiduciary activities are not considered to be internal balances; therefore, such balances appear on the statement of net position as accounts receivable or accounts payable.

Capital Assets

Capital assets represent the cumulative amount of capital assets owned by the Commission. Purchased capital assets are recorded as expenditures in the governmental fund financial statements and are capitalized at cost on the government-wide statement of net position and proprietary fund statement of net position. In the case of gifts or contributions, such capital assets are recorded at acquisition value at the time received.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Capital Assets (Cont'd)**

The Commission's capitalization threshold is \$2,000.00. Other costs incurred for repairs and maintenance is expensed as incurred. All reported capital assets, except land and construction in progress, are depreciated.

Depreciation is computed using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land Improvements	20 Years
Buildings and Building Improvements	7 - 50 Years
Machinery and Equipment	5 - 20 Years
Vehicles	8 Years

The Commission does not possess any infrastructure assets.

Deferred Outflows and Deferred Inflows of Resources

The statement of net position reports separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources, reported after total assets, represents a reduction of net position that applies to a future period(s) and will be recognized as an outflow of resources (expense) at that time. Deferred inflows of resources, reported after total liabilities, represents an acquisition of net position that applies to a future period(s) and will be recognized as an inflow of resources (revenue) at that time.

Transactions are classified as deferred outflows of resources and deferred inflows of resources only when specifically prescribed by the Governmental Accounting Standards Board (GASB) standards. The Commission is required to report the following as deferred outflows of resources and deferred inflows of resources: defined benefit pension plans and postemployment benefit plans.

Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied and is recorded as a liability until the revenue is both measurable and the Commission is eligible to realize the revenue.

Accrued Salaries and Wages

Accrued salaries and wages represents the amount of liability remaining at the end of the fiscal year for salaries that have been earned by employees but not yet paid to them.

Compensated Absences

Compensated absences are payments to employees for accumulated time such as paid vacation, paid holidays, sick pay, and sabbatical leave. A liability for compensated absences that is attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the Commission and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the Commission and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Compensated Absences (Cont'd)**

The Commission uses the vesting method to calculate the compensated absences amount. The entire compensated absence liability, including the employer's share of applicable taxes, is reported on the government-wide financial statements. The portion related to employees in the proprietary funds is recorded at the fund level. The current portion is the amount estimated to be used in the following fiscal year. Expenditures are recognized in the governmental funds as payments come due each period, for example, as a result of employee resignations and retirements. Compensated absences not recorded at the fund level represent a reconciling item between the fund level and government-wide presentations.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities, and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner, and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, special termination benefits, and contractually required pension contributions that will be paid from governmental funds, are reported as a liability in the fund financial statements only to the extent that they are normally expected to be paid with expendable available financial resources. Long-term debt is recognized as a liability on the governmental fund financial statements when due.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers' Pension and Annuity Fund ("TPAF") and the Public Employees' Retirement System ("PERS"), and additions to/deductions from TPAF's and PERS' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net Position

Net position represents the difference between the summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources. Net position is classified into the following three components:

Net Investment in Capital Assets - This component represents capital assets, net of accumulated depreciation, net of outstanding balances of borrowings used for the acquisition, construction, or improvement of those assets.

Restricted - Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Commission or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Unrestricted - Net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

The Commission applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Fund Balance**

The Commission reports fund balance in classifications that comprise a hierarchy based primarily on the extent to which the Commission is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The Commission's classifications, and policies for determining such classifications, are as follows:

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, such as inventories and prepaid amounts.

Restricted - The restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources either by being (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Commission's highest level of decision-making authority, which, for the Commission, is the Board of Directors. Such formal action consists of an affirmative vote by the Board of Directors, memorialized by the adoption of a resolution. Once committed, amounts cannot be used for any other purpose unless the Board of Directors removes, or changes, the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.

Assigned - The assigned fund balance classification includes amounts that are constrained by the Commission's *intent* to be used for specific purposes, but are neither restricted nor committed. *Intent* is expressed by either the Board of Directors or by the business administrator, to which the Board of Directors has delegated the authority to assign amounts to be used for specific purposes. Such authority of the business administrator is established by way of a formal job description for the position and standard operating procedures, approved by the Board of Directors.

Unassigned - The unassigned fund balance classification is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balances are available, it is the policy of the Commission to spend restricted fund balances first. Moreover, when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used, it is the policy of the Commission to spend fund balances, if appropriate, in the following order: committed, assigned, then unassigned.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Interfund Activity**

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures / expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources / uses in governmental funds and after non-operating revenues / expenses in proprietary funds. Reimbursements from funds responsible for particular expenditures / expenses to the funds that initially paid for them are not presented on the financial statements.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Impact of Recently Issued Accounting Principles**Recently Issued and Adopted Accounting Pronouncements**

The Commission implemented the following GASB Statements for the fiscal year ended June 30, 2018:

Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. The adoption of this Statement required Commission to recognize a revenue and expense on the government-wide statement of activities for the State's proportionate share of the postemployment expense associated with the Commission. In addition, the Commission was required to include additional note disclosures (see note 7) and required supplementary information related to postemployment benefits.

Statement No. 85, *Omnibus 2017*. This Statement addresses practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits [OPEB]). The adoption of this Statement had no impact on the basic financial statements of the Commission.

Recently Issued Accounting Pronouncements

The GASB has issued the following Statements that will become effective for the Commission for fiscal years ending after June 30, 2018:

Statement No. 84, *Fiduciary Activities*. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. The Statement will become effective for the Commission in the fiscal year ending June 30, 2020. Management is currently evaluating whether or not this Statement will have an impact on the basic financial statements of the Commission.

Note 2: CASH AND CASH EQUIVALENTS

Custodial Credit Risk Related to Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the Commission's deposits might not be recovered. Although the Commission does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the Commission in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled agency funds such as salary withholdings or funds that may pass to the Commission relative to the happening of a future condition. Such funds are classified as uninsured and uncollateralized.

As of June 30, 2018, the Commission's bank balances of \$5,226,379.95 were insured by FDIC and GUDPA.

Note 3: ACCOUNTS RECEIVABLE

Accounts receivable at June 30, 2018 consisted of reimbursements and intergovernmental awards / grants as well as charges for transportation, tuition, nonpublic auxiliary and handicapped service, and other various services. All receivables are considered collectible in full due to the stable condition of federal and state programs and the regulated budgetary control of governmental entities in New Jersey.

Accounts receivable as of fiscal year end for the Commission's individual major and fiduciary funds, in the aggregate, are as follows:

Description	Governmental Funds		Total Governmental Activities	Proprietary Funds		Total
	General Fund	Special Revenue Fund		Enterprise Fund	Total Business-Type Activities	
Federal Awards		\$ 115,495.33	\$ 115,495.33			\$ 115,495.33
State Awards	\$ 2,260.75		2,260.75	\$ 16,850.38	\$ 16,850.38	19,111.13
Intergovernmental	227,377.64		227,377.64	7,647,873.89	7,647,873.89	7,875,251.53
Totals	<u>\$ 229,638.39</u>	<u>\$ 115,495.33</u>	<u>\$ 345,133.72</u>	<u>\$ 7,664,724.27</u>	<u>\$ 7,664,724.27</u>	<u>\$ 8,009,857.99</u>

Note 4: CAPITAL ASSETS

Capital asset activity for governmental activities for the fiscal year ended June 30, 2018 is as follows:

	Balance July 1, 2017	Increases	Decreases	Balance June 30, 2018
Governmental Activities:				
Capital Assets, being Depreciated:				
Machinery and Equipment	\$ 71,484.90	\$ 2,701.80	\$ (6,004.00)	\$ 68,182.70
Total Capital Assets, being Depreciated	71,484.90	2,701.80	(6,004.00)	68,182.70
Total Capital Assets, Cost	71,484.90	2,701.80	(6,004.00)	68,182.70
Less Accumulated Depreciation for:				
Machinery and Equipment	(53,246.49)	(7,619.19)	3,902.60	(56,963.08)
Total Accumulated Depreciation	(53,246.49)	(7,619.19)	3,902.60	(56,963.08)
Total Capital Assets, being Depreciated, Net	18,238.41	(4,917.39)	(2,101.40)	11,219.62
Governmental Activities Capital Assets, Net	<u>\$ 18,238.41</u>	<u>\$ (4,917.39)</u>	<u>\$ (2,101.40)</u>	<u>\$ 11,219.62</u>

Note 4: CAPITAL ASSETS (CONT'D)

Capital asset activity for business-type activities for the fiscal year ended June 30, 2018 is as follows:

	<u>Balance July 1, 2017</u>	<u>Increases</u>	<u>Decreases</u>	<u>Balance June 30, 2018</u>
Business-Type Activities:				
Capital Assets, not being Depreciated:				
Land	\$ 291,900.00			\$ 291,900.00
Total Capital Assets, not being Depreciated	291,900.00	-	-	291,900.00
Capital Assets, being Depreciated:				
Land Improvements	129,326.00			129,326.00
Buildings and Building Improvements	4,731,819.08			4,731,819.08
Machinery and Equipment	269,917.33	\$ 19,061.95	\$ (12,664.00)	276,315.28
Vehicles	647,009.17			647,009.17
Total Capital Assets, being Depreciated	5,778,071.58	19,061.95	(12,664.00)	5,784,469.53
Total Capital Assets, Cost	6,069,971.58	19,061.95	(12,664.00)	6,076,369.53
Less Accumulated Depreciation for:				
Land Improvements	(125,348.06)	(3,314.40)		(128,662.46)
Buildings and Building Improvements	(1,511,966.17)	(114,740.83)		(1,626,707.00)
Machinery and Equipment	(133,279.57)	(23,989.48)	12,664.00	(144,605.05)
Vehicles	(554,126.98)	(19,511.56)		(573,638.54)
Total Accumulated Depreciation	(2,324,720.78)	(161,556.27)	12,664.00	(2,473,613.05)
Total Capital Assets, being Depreciated, Net	3,453,350.80	(142,494.32)	-	3,310,856.48
Business-Type Activities Capital Assets, Net	<u>\$ 3,745,250.80</u>	<u>\$ (142,494.32)</u>	<u>-</u>	<u>\$ 3,602,756.48</u>

Depreciation expense for governmental activities for the fiscal year ended June 30, 2018 that was charged to functions / programs (student and instruction related services) was \$7,619.19.

Depreciation expense for business-type actives for the fiscal year ended June 30, 2018 that was charged to the enterprise fund was \$161,556.27.

Note 5: LONG-TERM LIABILITIES

During the fiscal year ended June 30, 2018, the following changes occurred in long-term obligations for governmental activities:

	<u>Balance July 1, 2017</u>	<u>Additions</u>	<u>Deductions</u>	<u>Balance June 30, 2018</u>	<u>Due within One Year</u>
Governmental Activities:					
Other Liabilities:					
Compensated Absences	\$ 2,422.22	\$ 2,263.66	\$ (1,713.99)	\$ 2,971.89	\$ 930.70

Compensated absences are liquidated by the general fund.

Note 5: LONG-TERM LIABILITIES (CONT'D)

During the fiscal year ended June 30, 2018, the following changes occurred in long-term obligations for business-type activities, in which the enterprise fund is responsible for the liquidation:

	<u>Balance</u> <u>July 1, 2017</u>	<u>Additions</u>	<u>Deductions</u>	<u>Balance</u> <u>June 30, 2018</u>	<u>Due within</u> <u>One Year</u>
Business-Type Activities:					
Other Liabilities:					
Lease Purchase Agreement	\$ 1,125,126.60		\$ (168,563.44)	\$ 956,563.16	\$ 175,727.38
Net Pension Liability	5,148,043.00	\$ 2,587,550.00	(3,223,485.00)	4,512,108.00	
Compensated Absences Payable	78,977.30	89,495.42	(68,902.45)	99,570.27	31,025.21
Business-Type Activities Long-Term Liabilities	<u>\$ 6,352,146.90</u>	<u>\$ 2,677,045.42</u>	<u>\$ (3,460,950.89)</u>	<u>\$ 5,568,241.43</u>	<u>\$ 206,752.59</u>

Lease Purchase Agreement - On July 26, 2006, the Commission entered into a lease purchase agreement with the Camden County Improvement Authority ("CCIA") to finance the addition and renovation to the Commission's administrative building. The lease purchase agreement was subsequently amended on January 9, 2008 to allow for the Commission to prepay all or a portion of the outstanding balance any time upon compliance with the condition contained therein. Under the lease purchase agreement, the CCIA sold revenue bonds, which are guaranteed by the County of Camden, State of New Jersey, to finance the project. Under this agreement, the Commission is required to repay principal on January 15, and interest on January 15 and July 15 until maturity to the CCIA. The revenue bonds mature on January 15, 2023 and bear an interest rate of 4.25%.

Principal and interest due on the lease purchase agreement is as follows:

<u>Fiscal Year</u> <u>Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ 175,727.38	\$ 40,653.62	\$ 216,381.00
2020	183,195.80	33,185.20	216,381.00
2021	190,981.62	25,399.38	216,381.00
2022	199,098.34	17,282.66	216,381.00
2023	207,560.02	8,820.98	216,381.00
Total	<u>\$ 956,563.16</u>	<u>\$ 125,341.84</u>	<u>\$ 1,081,905.00</u>

Debt Authorized but not Issued - As of June 30, 2018, the Commission had no authorizations to issue additional debt.

Net Pension Liability - For details on the net pension liability, refer to note 6. The Commission's annual required contribution to the Public Employees' Retirement System is budgeted and paid from the enterprise fund on an annual basis.

Compensated Absences - Compensated absences will be paid from the fund from which the employees' salaries are paid, which is the general fund and enterprise fund. Refer to note 11 for a description of the Commission's policy.

Note 6: PENSION PLANS

A substantial number of the Commission's employees participate in one of the following defined benefit pension plans: the Teachers' Pension and Annuity Fund ("TPAF") and the Public Employees' Retirement System ("PERS"), which are administered by the New Jersey Division of Pensions and Benefits (the "Division"). In addition, several Commission employees participate in the Defined Contribution Retirement Program, which is a defined contribution pension plan. This plan is administered by Prudential Financial for the Division. Each plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements, required supplementary information and detailed information about the PERS and TPAF plan's fiduciary net position which can be obtained by writing to or at the following website:

State of New Jersey
Division of Pensions and Benefits
P.O. Box 295
Trenton, New Jersey 08625-0295
<http://www.nj.gov/treasury/pensions/gasb-notices.shtml>

General Information about the Pension Plans**Plan Descriptions**

Teachers' Pension and Annuity Fund - The Teachers' Pension and Annuity Fund is a cost-sharing multiple-employer defined benefit pension plan, with a special funding situation, which was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66. The State of New Jersey (the "State") is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. The TPAF's designated purpose is to provide retirement benefits, death, disability and medical benefits to certain qualified members. Membership in the TPAF is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, who have titles that are unclassified, professional and certified. The TPAF's Board of Trustees is primarily responsible for the administration of the TPAF.

Public Employees' Retirement System - The Public Employees' Retirement System is a cost-sharing multiple-employer defined benefit pension plan which was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A. The PERS' designated purpose is to provide retirement, death, disability and medical benefits to certain qualified members. Membership in the PERS is mandatory for substantially all full-time employees of the Commission, provided the employee is not required to be a member of another state-administered retirement system or other state pensions fund or local jurisdiction's pension fund. The PERS' Board of Trustees is primarily responsible for the administration of the PERS.

Defined Contribution Retirement Program - The Defined Contribution Retirement Program is a multiple-employer defined contribution pension fund established on July 1, 2007 under the provisions of Chapter 92, P.L. 2007, and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et. seq.). The DCRP is a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) § 401(a) et seq., and is a "governmental plan" within the meaning of IRC § 414(d). The DCRP provides retirement benefits for eligible employees and their beneficiaries. Individuals covered under DCRP are employees enrolled in TPAF or PERS on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits; employees enrolled in New Jersey State Police Retirement System (SPRS) or the Police and Firemen's Retirement System (PFRS) after May 21, 2010, who earn salary in excess of established "maximum compensation" limits; employees otherwise eligible to enroll in TPAF or PERS on or after November 2, 2008, who do not earn the minimum annual salary for tier 3 enrollment but who earn salary of at least \$5,000.00 annually; and employees otherwise eligible to enroll in TPAF or PERS after May 21, 2010 who do not work the minimum number of hours per week required for tiers 4 or 5 enrollment, but who earn salary of at least \$5,000.00 annually.

Note 6: PENSION PLANS (CONT'D)**General Information about the Pension Plans (Cont'd)****Vesting and Benefit Provisions**

Teachers' Pension and Annuity Fund - The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

Tier Definition

- 1 Members who were enrolled prior to July 1, 2007
- 2 Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
- 3 Members who were eligible to enroll on or after November 2, 2008 and prior to May 21, 2010
- 4 Members who were eligible to enroll after May 21, 2010 and prior to June 28, 2011
- 5 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 before age 65 with 30 years or more of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier.

Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Public Employees' Retirement System - The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of the PERS.

The membership tiers for PERS are the same as previously noted for TPAF.

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more service credit before age 62 and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Note 6: PENSION PLANS (CONT'D)**General Information about the Pension Plans (Cont'd)****Vesting and Benefit Provisions (Cont'd)**

Defined Contribution Retirement Program - Eligible members are provided with a defined contribution retirement plan intended to qualify for favorable Federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employee contributions shall immediately become and shall at all times remain fully vested and nonforfeitable. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employer contributions shall be vested and nonforfeitable on the date the participant commences the second year of employment or upon his or her attainment of age 65, while employed by an employer, whichever occurs first.

Contributions

Teachers' Pension and Annuity Fund - The contribution policy is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing employers. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years beginning in July 2012. The member contribution rate was 7.34% in State fiscal year 2018. The phase-in of the additional incremental member contribution rate takes place in July of each subsequent State fiscal year. The State's contribution is based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability. For fiscal year 2017, the State's pension contribution was less than the actuarial determined amount.

Under current statute, all employer contributions are made by the State of New Jersey on-behalf of the Commission and all other related non-contributing employers. No normal or accrued liability contribution by the Commission has been required over several preceding fiscal years. These on-behalf contributions by the State of New Jersey are considered a special funding situation, under the definition of GASB 68, *Accounting and Financial Reporting for Pensions*.

The Commission's contractually required contribution rate for the fiscal year ended June 30, 2018 was 7.49% of the Commission's covered payroll, of which 0.00% of payroll was required from the Commission and 100.00% of payroll was required from the State of New Jersey. The Commission was not required to make any contributions to the pension plan during the fiscal year ended June 30, 2018 because of the 100.00% special funding situation with the State of New Jersey.

Based on the most recent TPAF measurement date of June 30, 2017, the State's contractually required contribution, on-behalf of the Commission, to the pension plan for the fiscal year ended June 30, 2018 was \$420,505.00, and was paid by April 1, 2018. Commission employee contributions to the pension plan during the fiscal year ended June 30, 2018 were \$421,628.45.

Public Employees' Retirement System - The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Members contribute at a uniform rate. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over seven years beginning in July 2012. The member contribution rate was 7.34% in State fiscal year 2018. The phase-in of the additional incremental member contribution rate takes place in July of each subsequent State fiscal year. The rate for members who are eligible for the Prosecutors Part of PERS (Chapter 366, P.L. 2001) was 10%. Employer contribution amounts are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability.

Note 6: PENSION PLANS (CONT'D)**General Information about the Pension Plans (Cont'd)****Contributions (Cont'd)**

Public Employees' Retirement System (Cont'd) - The Commission's contractually required contribution rate for the fiscal year ended June 30, 2018 was 15.01% of the Commission's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, including an additional amount to finance any unfunded accrued liability.

Based on the most recent PERS measurement date of June 30, 2017, the Commission's contractually required contribution to the pension plan for the fiscal year ended June 30, 2018 was \$179,565.00, and was paid by April 1, 2018. Commission employee contributions to the pension plan during the fiscal year ended June 30, 2018 were \$99,736.74.

Defined Contribution Retirement Program - The contribution policy is set by N.J.S.A. 43:15C-3 and requires contributions by active members and contributing employers. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the Commission contributes 3% of the employees' base salary, for each pay period, to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period.

For the fiscal year ended June 30, 2018, employee contributions totaled \$23,918.45, and the Commission recognized pension expense, which equaled the required contributions, of \$13,045.96. There were no forfeitures during the fiscal year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Teachers' Pension and Annuity Fund - At June 30, 2018, the Commission was not required to report a liability for its proportionate share of the net pension liability because of a 100% special funding situation by the State of New Jersey.

The State's proportionate share of net pension liability, attributable to the Commission is as follows:

Commission's Proportionate Share of Net Pension Liability	-
State of New Jersey's Proportionate Share of Net Pension Liability Associated with the Commission	\$ 25,248,616.00
	<u>\$ 25,248,616.00</u>

The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2017. For the June 30, 2017 measurement date, the Commission's proportion of the net pension liability was based on a projection of the Commission's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State of New Jersey, actuarially determined. At June 30, 2017, the Commission's proportion was 0.00% due to the 100% special funding situation with the State of New Jersey. For the June 30, 2017 measurement date, the State's proportionate share of the TPAF net pension liability associated with the Commission was 0.0374477396%, which was an increase of 0.0036470910% from its proportion measured as of June 30, 2016.

Note 6: PENSION PLANS (CONT'D)**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd)**

Teachers' Pension and Annuity Fund (Cont'd) - For the fiscal year ended June 30, 2018, the Commission recognized \$1,749,096.00 in pension expense and revenue, in the government-wide financial statements, for the State of New Jersey on-behalf TPAF pension contributions. This pension expense and revenue was based on the pension plans June 30, 2017 measurement date.

Public Employees' Retirement System - At June 30, 2018, the Commission reported a liability of \$4,512,108.00 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2017. The Commission's proportion of the net pension liability was based on a projection of the Commission's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. For the June 30, 2017 measurement date, the Commission's proportion was 0.0193832381%, which was an increase of .0020012612% from its proportion measured as of June 30, 2016.

For the fiscal year ended June 30, 2018, the Commission recognized pension expense of \$599,581.00, in the government-wide financial statements. This pension expense was based on the pension plans June 30, 2017 measurement date.

At June 30, 2018, the Commission reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between Expected and Actual Experience	\$ 106,245.00	-
Changes of Assumptions	909,034.00	\$ 905,702.00
Net Difference between Projected and Actual Earnings on Pension Plan Investments	30,724.00	-
Changes in Proportion and Differences between Commission Contributions and Proportionate Share of Contributions	942,892.00	-
Commission Contributions Subsequent to the Measurement Date	201,132.00	-
	<u>\$ 2,190,027.00</u>	<u>\$ 905,702.00</u>

Note 6: PENSION PLANS (CONT'D)**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd)**

Public Employees' Retirement System (Cont'd) - \$201,132.00, included in deferred outflows of resources, will be included as a reduction of the net pension liability in the fiscal year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,		
2019	\$	379,419.00
2020		433,488.00
2021		327,010.00
2022		(787.00)
2023		(55,937.00)
		<u>\$ 1,083,193.00</u>

The amortization of the above other deferred outflows of resources and deferred inflows of resources related to pensions will be over the following number of years:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between Expected and Actual Experience		
Year of Pension Plan Deferral:		
June 30, 2014	-	-
June 30, 2015	5.72	-
June 30, 2016	5.57	-
June 30, 2017	5.48	-
Changes of Assumptions		
Year of Pension Plan Deferral:		
June 30, 2014	6.44	-
June 30, 2015	5.72	-
June 30, 2016	5.57	-
June 30, 2017	-	5.48
Net Difference between Projected and Actual Earnings on Pension Plan Investments		
Year of Pension Plan Deferral:		
June 30, 2014	-	5.00
June 30, 2015	-	5.00
June 30, 2016	5.00	-
June 30, 2017	5.00	-
Changes in Proportion and Differences between Commission Contributions and Proportionate Share of Contributions		
Year of Pension Plan Deferral:		
June 30, 2014	6.44	6.44
June 30, 2015	5.72	5.72
June 30, 2016	5.57	5.57
June 30, 2017	5.48	5.48

Note 6: PENSION PLANS (CONT'D)**Actuarial Assumptions**

The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2017. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

	<u>TPAF</u>	<u>PERS</u>
Inflation	2.25%	2.25%
Salary Increases:		
2012-2021	Varies Based on Experience	-
Through 2026	-	1.65% - 4.15% Based on Age
Thereafter	Varies Based on Experience	2.65% - 5.15% Based on Age
Investment Rate of Return	7.00%	7.00%
Period of Actuarial Experience		
Study upon which Actuarial		
Assumptions were Based	July 1, 2012 - June 30, 2015	July 1, 2011 - June 30, 2014

For TPAF, pre-retirement, post-retirement and disabled mortality rates were based on the experience of TPAF members reflecting mortality improvement on a generational basis based on a 60-year average of Social Security data from 1953 to 2013.

For PERS, pre-retirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. Mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

For TPAF and PERS, in accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2017) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Note 6: PENSION PLANS (CONT'D)**Actuarial Assumptions (Cont'd)**

Best estimates of arithmetic rates of return for each major asset class included in TPAF's and PERS' target asset allocation as of June 30, 2017 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Absolute Return/Risk Mitigation	5.00%	5.51%
Cash Equivalents	5.50%	1.00%
U.S. Treasuries	3.00%	1.87%
Investment Grade Credit	10.00%	3.78%
Public High Yield	2.50%	6.82%
Global Diversified Credit	5.00%	7.10%
Credit Oriented Hedge Funds	1.00%	6.60%
Debt Related Private Equity	2.00%	10.63%
Debt Related Real Estate	1.00%	6.61%
Private Real Asset	2.50%	11.83%
Equity Related Real Estate	6.25%	9.23%
U.S. Equity	30.00%	8.19%
Non-U.S. Developed Markets Equity	11.50%	9.00%
Emerging Markets Equity	6.50%	11.64%
Buyouts/Venture Capital	8.25%	13.08%
	<u>100.00%</u>	

Discount Rate - The discount rates used to measure the total pension liability at June 30, 2017 were 4.25% and 5.00% for TPAF and PERS, respectively. For TPAF and PERS, the respective single blended discount rates were based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.58% as of June 30, 2017, based on the Bond Buyer GO 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rates for TPAF and PERS assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 40% of the actuarially determined amount for TPAF and PERS and the local employers contributed 100% of the actuarially determined amount for PERS. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2036 for TPAF and 2040 for PERS. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2036 for TPAF and 2040 for PERS, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Note 6: PENSION PLANS (CONT'D)**Sensitivity of Commission's Proportionate Share of Net Pension Liability to Changes in the Discount Rate**

Teachers' Pension and Annuity Fund (TPAF) - As previously mentioned, TPAF, has a special funding situation where the State pays 100% of the Commission's annual required contribution. As such, the proportionate share of the net pension liability as of June 30, 2017, the pension plans measurement date, attributable to the Commission is \$0, and the State of New Jersey's proportionate share of the net pension liability, attributable to the Commission, using a discount rate of 4.25%, as well as using a discount rate that is 1% lower or 1% higher than the current rates used is as follows:

	1% Decrease (3.25%)	Current Discount Rate (4.25%)	1% Increase (5.25%)
Commission's Proportionate Share of the Net Pension Liability	-	-	-
State of New Jersey's Proportionate Share of Net Pension Liability associated with the Commission	<u>\$ 29,996,148.00</u>	<u>\$ 25,248,616.00</u>	<u>\$ 21,337,579.00</u>
	<u>\$ 29,996,148.00</u>	<u>\$ 25,248,616.00</u>	<u>\$ 21,337,579.00</u>

Public Employees' Retirement System (PERS) - The following presents the Commission's proportionate share of the net pension liability at June 30, 2017, the plans measurement date, calculated using a discount rate of 5.00%, as well as what the Commission's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

	1% Decrease (4.00%)	Current Discount Rate (5.00%)	1% Increase (6.00%)
Commission's Proportionate Share of the Net Pension Liability	<u>\$ 5,597,576.00</u>	<u>\$ 4,512,108.00</u>	<u>\$ 3,607,778.00</u>

Pension Plan Fiduciary Net Position

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the respective fiduciary net position of the TPAF and PERS and additions to/deductions from TPAF and PERS' respective fiduciary net position have been determined on the same basis as they are reported by TPAF and PERS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For additional information about TPAF and PERS, please refer to the plan's Comprehensive Annual Financial Report (CAFR) which can be found at <http://www.nj.gov/treasury/pensions/gasb-notices.shtml>.

Note 7: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN****General Information about the OPEB Plan**

Plan Description and Benefits Provided - The State Health Benefit Local Education Retired Employees Plan (the "OPEB Plan") is a multiple-employer defined benefit OPEB plan, with a special funding situation, that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75 - *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions*. The OPEB Plan is administered by the State of New Jersey Division of Pensions and Benefits (the "Division") and is part of the New Jersey State Health Benefits Program (SHBP). The Division issues a publically available financial report that includes financial statements and required supplementary information which can be obtained by writing to or at the following website:

State of New Jersey
Division of Pensions and Benefits
P.O. Box 295
Trenton, New Jersey 08625-0295
<https://www.nj.gov/treasury/pensions/financial-reports.shtml>

The OPEB Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

Contributions - The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey (the "State") in accordance with N.J.S.A 52:14-17.32f. According to N.J.S.A 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

Employees Covered by Benefit Terms - At June 30, 2018, the entire State Health Benefit Local Education Retired Employees OPEB Plan consisted of the following members.

Active Plan Members	223,747
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	142,331
Inactive Plan Members Entitled to but Not Yet Receiving Benefit Payments	-
	<hr/>
	366,078
	<hr/> <hr/>

Total Non-Employer OPEB Liability

The State of New Jersey, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to the OPEB Plan for qualified retired TPAF, PERS, PFRS and ABP participants. The Commission's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the Commission did not recognize any portion of the collective net OPEB liability on the statement of net position. The State's proportionate share of the net OPEB liability associated with the Commission as of June 30, 2018 was \$18,779,943.00. Since the OPEB liability associated with the Commission is 100% attributable to the State, the OPEB liability will be referred to as the total non-employer OPEB liability.

Note 7: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****Total Non-Employer OPEB Liability (Cont'd)**

The total non-employer OPEB liability was measured as of June 30, 2017, and was determined by an actuarial valuation as of June 30, 2016, which was rolled forward to June 30, 2017. The total non-employer OPEB liability as of June 30, 2016 was determined by an actuarial valuation as of June 30, 2016. For the June 30, 2017 measurement date, the State's proportionate share of the non-employer OPEB plan liability associated with the Commission was .0350111826%, which was an increase of .0005045125% from its proportion measured as of June 30, 2016.

Actuarial Assumptions and Other Inputs - The actuarial assumptions and other inputs vary for each plan member depending on the pension plan in which the member is enrolled. The actuarial valuation at June 30, 2016 used the following actuarial assumptions, applied to all periods in the measurement:

Salary Increases -

	<u>TPAF/ABP</u> ⁽¹⁾	<u>PERS</u> ⁽²⁾	<u>PFRS</u> ⁽²⁾
Through 2026	1.55% - 4.55%	2.15% - 4.15%	2.10% - 8.98%
Thereafter	2.00% - 5.45%	3.15% - 5.15%	3.10% - 9.98%

(1) Based on years of service

(2) Based on age

Inflation Rate - 2.50%.

Mortality Rates - Preretirement mortality rates were based on the RP-2014 Headcount-Weighted Healthy Employee Male/Female mortality table with fully generational mortality improvement projections from the central year using the MP-2017 scale. Postretirement mortality rates were based on the RP-2014 Headcount-Weighted Healthy Annuitant Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale. Disability mortality was based on the RP-2014 Headcount-Weighted Disabled Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale.

Experience Studies - The actuarial assumptions used in the June 30, 2016 valuation were based on the results of actuarial experience studies for the periods July 1, 2012 - June 30, 2015, July 1, 2010 - June 30, 2013, and July 1, 2011 - June 30, 2014 for TPAF, PFRS and PERS, respectively.

Health Care Trend Assumptions - For pre-Medicare preferred provider organization (PPO) medical benefits, this amount initially is 5.9% and decreases to a 5.0% long-term trend rate after nine years. For self-insured post-65 PPO medical benefits, the trend rate is 4.5%. For health maintenance organization (HMO) medical benefits, the trend rate is initially 5.9% and decreases to a 5.0% long-term trend rate after nine years. For prescription drug benefits, the initial trend rate is 10.5% decreasing to a 5.0% long-term trend rate after eight years. For the Medicare Part B reimbursement, the trend rate is 5.0%. The Medicare Advantage trend rate is 4.5% and will continue in all future years.

Discount Rate - The discount rate for June 30, 2017 and 2016 was 3.58% and 2.85%, respectively. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer GO 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

Note 7: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****Total Non-Employer OPEB Liability (Cont'd)**

Changes in the Total Non-Employer OPEB Liability - The below table summarizes the State's proportionate share of the change in the total non-employer OPEB liability associated with the Commission:

Balance at June 30, 2017		\$ 19,955,823.00
Changes for the Year:		
Service Cost	\$ 1,089,661.00	
Interest Cost	593,868.00	
Changes in Assumptions	(2,440,443.00)	
Gross Benefit Payments	(434,983.00)	
Member Contributions	<u>16,017.00</u>	
Net Changes		<u>(1,175,880.00)</u>
Balance at June 30, 2018		<u>\$ 18,779,943.00</u>

There were no changes in benefit terms between the June 30, 2016 measurement date and the June 30, 2017 measurement date.

Changes of assumptions and other inputs reflect a change in the discount rate from 2.85% for the June 30, 2016 measurement date to 3.58% for the June 30, 2017 measurement date.

Sensitivity of the Total Non-Employer OPEB Liability to Changes in the Discount Rate - The State's proportionate share of the total Non-Employer OPEB Liability as of June 30, 2017, associated with the Commission, using a discount rate of 3.58%, as well as using a discount rate that is 1% lower or 1% higher than the current rate used is as follows:

	1% Decrease <u>(2.58%)</u>	Current Discount Rate <u>(3.58%)</u>	1% Increase <u>(4.58%)</u>
State of New Jersey's Proportionate Share of the Total Non-Employer OPEB Liability Associated with the Commission	<u>\$ 22,293,147.24</u>	<u>\$ 18,779,943.00</u>	<u>\$ 15,993,236.00</u>

Sensitivity of the Total Non-Employer OPEB Liability to Changes in the Healthcare Cost Trend Rates - The State's proportionate share of the total non-employer OPEB liability as of June 30, 2017, associated with the Commission, using a healthcare cost trend rates that are 1% lower or 1% higher than the current healthcare cost trend rate used is as follows:

	1% Decrease	Healthcare Cost Trend Rates	1% Increase
State of New Jersey's Proportionate Share of the Total Non-Employer OPEB Liability Associated with the Commission	<u>\$ 15,444,687.66</u>	<u>\$ 18,779,943.00</u>	<u>\$ 23,209,122.85</u>

Note 7: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****Total Non-Employer OPEB Liability (Cont'd)**

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Non-Employer OPEB Liability - For the fiscal year ended June 30, 2018, the Commission recognized \$1,451,578.00 in OPEB expense and revenue, in the government-wide financial statements, for the State's proportionate share of the OPEB Plan's OPEB expense, associated with the Commission. This expense and revenue was based on the OPEB Plan's June 30, 2017 measurement date.

In accordance with GASBS No. 75, the Commission's proportionate share of the OPEB liability is zero. As such, there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources by the Commission. However, at June 30, 2018, the State's proportionate share of the total non-employer OPEB liability's deferred outflows of resources and deferred inflows of resources, associated with Commission, from the following sources are as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in Proportion	\$ 230,549.00	\$ -
Changes of Assumptions or Other Inputs	-	2,221,029.00
	<u>\$ 230,549.00</u>	<u>\$ 2,221,029.00</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the State's proportionate share of the total non-employer OPEB liability, associated with the Commission, will be recognized in OPEB expense as follows:

Year Ending June 30,	
2019	\$ (233,077.60)
2020	(233,077.60)
2021	(233,077.60)
2022	(233,077.60)
2023	(233,077.60)
Thereafter	(825,091.99)
	<u>\$ (1,990,480.00)</u>

Note 8: ON-BEHALF PAYMENTS

For the fiscal year ended June 30, 2018, the Commission has recognized as revenues and expenditures on-behalf payments made by the State for normal costs and post-retirement medical costs related to TPAF, in the fund financial statements. The amounts recognized as revenues and expenditures in the fund financial statements for normal costs, non-contributory insurance, post-retirement medical costs, and long-term disability insurance were \$73,182.48, \$1,776.00, \$48,414.00, and \$246.12, respectively, in the general fund, and \$1,526,180.48, \$13,024.00, \$1,277,388.64, and \$1,804.88, respectively, in the enterprise fund.

Note 9: RISK MANAGEMENT

The Commission is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Joint Insurance Pool - The Commission is a member of and maintains insurance coverage for property, liability, student accident, and surety bonds through the New Jersey School Boards Association Insurance Group ("NJSBAIG"). The NJSBAIG provides its members with the following coverage:

General Liability
Boiler & Machinery
Errors & Omissions
Worker's Compensation
Umbrella Liability
Automobile Liability
Public Official Bonds
Property Damage
Crime

Contributions to the NJSBAIG are determined by the NJSBAIG Board of Trustees, based on actuarial assumptions determined by an actuary. The Commission is jointly and personally liable for claims insured by the NJSBAIG and its members during the period of its membership, including liability for supplemental assessments, if necessary. The NJSBAIG's Board of Trustees may authorize refunds to its members in any fund year for which contributions exceed the amount necessary to fund all obligations for that year.

The NJSBAIG provides the Commission with the coverage as identified in the statistic section of this Comprehensive Annual Financial Report, specifically exhibit J-20.

The NJSBAIG publishes its own financial report which can be obtained at www.njsbaig.org.

Note 10: DEFERRED COMPENSATION

The Commission offers its employees a choice of four deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entity listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death, or unforeseeable emergency. The plan administrator is The Omni Financial Group.

Note 11: COMPENSATED ABSENCES

The Commission accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), *Accounting for Compensated Absences*. A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

Commission employees are granted varying amounts of vacation and sick leave in accordance with the Commission's personnel policy. The Commission's policy permits employees to accumulate unused sick and vacation leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the Commission for the unused sick and vacation leave in accordance with the Commission's agreements with the various employee unions.

The liability for vested compensated absences is recorded within those funds as the benefits accrue to employees. At June 30, 2018, the liability for compensated absences in the governmental activities and business-type activities was \$2,971.89 and \$99,570.27, respectively.

Changes in Benefit Terms - None

Changes in Assumptions - For 2017, the discount rate changed to 4.25% and the long-term expected rate of return changed to 7.00%. For 2016, the discount rate changed to 3.22% and the long-term expected rate of return changed to 7.65% from 7.90%. Further, the demographic assumptions were revised to reflect those recommended on the basis of July 1, 2012 - June 30, 2015 experience study. For 2015, the discount rate changed to 4.13%. For 2014, the discount rate was at 4.68%.

Teachers' Pension and Annuity Fund (TPAF)

Changes in Benefit Terms - None

Changes in Assumptions - For 2017, the discount rate changed to 5.00% and the long-term rate of return changed to 7.00%. For 2016, the discount rate changed to 3.98%, the long-term expected rate of return changed to 7.65% from 7.90%, demographic assumptions were revised in accordance with the results of the July 1, 2011 - June 30, 2014 experience study and the mortality improvement scale incorporated the plan actuary's modified MP-2014 projection scale. Further, salary increases were assumed to increase between 1.65% and 4.15% (based on age) through fiscal year 2026 and 2.65% and 5.15% (based on age) for each fiscal year thereafter. For 2015, the discount rate changed to 4.90%. In addition, the social security wage base was set at \$118,500 for 2015, increasing 4.00% per annum, compounded annually and the 401(a)(17) pay limit was set at \$265,000 for 2015, increasing 3.00% per annum, compounded annually. For 2014, the discount rate was 5.39%.

SINGLE AUDIT SECTION

**REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE STATE OF NEW JERSEY CIRCULAR 15-08-OMB**

INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of the Board of Directors
Camden County Educational Services Commission
Clementon, New Jersey 08021

Report on Compliance for Major State Program

We have audited the Camden County Educational Services Commission's, in the County of Camden, State of New Jersey, compliance with the types of compliance requirements described in the *New Jersey State Grant Compliance Supplement* that could have a direct and material effect on the Commission's major state program for the fiscal year ended June 30, 2018. The Commission's major state program is identified in the *Summary of Auditor's Results* section of the accompanying *Schedule of Findings and Questioned Costs*.

Management's Responsibility

Management is responsible for compliance with state statutes, regulations, and the terms and conditions of its state award applicable to its state program.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance on the Commission's major state program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; audit requirements as prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey; and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards, and State of New Jersey Circular 15-08-OMB, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Camden County Educational Services Commission's, in the County of Camden, State of New Jersey, compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major state program. However, our audit does not provide a legal determination of the Commission's compliance.

Opinion on Major State Program

In our opinion, the Camden County Educational Services Commission, in the County of Camden, State of New Jersey, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major state program for the fiscal year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of the Camden County Educational Services Commission, in the County of Camden, State of New Jersey, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Commission's internal control over compliance with the types of requirements that could have a direct and material effect on the major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major state program and to test and report on internal control over compliance in accordance with the State of New Jersey Circular 15-08-OMB, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the State of New Jersey Circular 15-08-OMB. Accordingly, this report is not suitable for any other purpose.

CAMDEN COUNTY EDUCATIONAL SERVICES COMMISSION
Notes to Schedules of Expenditures of Federal Awards and State Financial Assistance
For the Fiscal Year Ended June 30, 2018

Note 1: BASIS OF PRESENTATION

The accompanying schedules of expenditures of federal awards and state financial assistance (“the schedules”) include federal and state award activity of the Camden County Educational Services Commission (hereafter referred to as the “Commission”). The Commission is defined in note 1 to the Commission’s basic financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies, are included on the schedules. Because these schedules present only a selected portion of the operations of the Commission, it is not intended to and does not present the financial position and changes in operations of the Commission.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying schedules are presented using the budgetary basis of accounting, with the following exception: programs recorded in the enterprise fund are presented using the accrual basis of accounting. These bases of accounting are described in note 1 to the Commission’s basic financial statements. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, wherein certain types of expenditures are not allowed or are limited as to reimbursement.

Note 3: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis. The special revenue fund is presented in the accompanying schedules on the budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

Net adjustments to reconcile expenditures from the budgetary basis to the GAAP basis for the general fund and special revenue fund were not needed for the fiscal year ended June 30, 2018. See exhibit C-3, notes to required supplementary information, for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds.

Note 3: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (CONT'D)

Awards and financial assistance expenditures reported in the Commission's basic financial statements on a GAAP basis are presented as follows:

<u>Fund</u>	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund		\$ 172,171.54	\$ 172,171.54
Special Revenue Fund	\$ 292,033.33		292,033.33
Enterprise Fund		3,180,285.55	3,180,285.55
	<u>\$ 292,033.33</u>	<u>\$ 3,352,457.09</u>	<u>\$ 3,644,490.42</u>
Total Awards and Financial Assistance	<u>\$ 292,033.33</u>	<u>\$ 3,352,457.09</u>	<u>\$ 3,644,490.42</u>

Note 4: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

Note 5: ADJUSTMENTS

The amount reported in the column entitled "adjustments" on the schedule of expenditures of federal awards represents a rounding adjustment in the amount of \$.27 resulting on the collection of an accounts receivable balance during the fiscal year ended June 30, 2018.

Note 6: REIMBURSED AND ON-BEHALF PAYMENTS

During the fiscal year ended June 30, 2018, the Commission was the recipient of federal and state assistance that represented either a reimbursement to the Commission or payments made on-behalf of the Commission. TPAF Social Security Contributions represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the fiscal year. Lastly, the Commission has recognized as revenues and expenditures on-behalf payments made by the State for normal costs, non-contributory insurance, post-retirement medical costs, and long term disability insurance related to TPAF members.

Note 7: MAJOR PROGRAMS

Major programs are identified in the *Summary of Auditor's Results* section of the *Schedule of Findings and Questioned Costs*.

CAMDEN COUNTY EDUCATIONAL SERVICES COMMISSION
