School Business Administrator/Board Secretary

January 25, 2019

Honorable President and
Members of the Board of Education
Mountainside Public Schools
1497 Woodacres Drive
Mountainside, New Jersey 07092

Dear Members of the Board of Education:

The Comprehensive Annual Financial Report (C.A.F.R.) of the Mountainside Public School District for the fiscal year ended June 30, 2018, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education. To the best of our knowledge and belief, the data presented in the auditor's report are accurate in all material respects and are reported in a manner designed to fairly present the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The C.A.F.R. is presented in four sections: introductory, financial, statistical, and single audit. The introductory section includes this transmittal letter, the District's organizational chart, and a list of principal officials. The financial section includes the general-purpose financial statements, management's discussion and analysis, and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multiyear basis. The District is required to undergo an annual single audit in conformity with the provisions of the 1996 Single Audit Act, as amended, and New Jersey OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations, and findings and recommendations, is included in the single audit section of this report.

1. REPORTING ENTITY AND ITS SERVICES:

The Mountainside Public School District is an independent reporting entity within the criteria adopted by G.A.S.B. (Governmental Accounting Standards Board) established by Statement No. 14. All funds and account groups of the District are included in this report. The Mountainside Board of Education and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre-K through 8.

These services include general as well as special education (grades Pre-K through 8) programs. The District completed the 2017-2018 fiscal year with an in district enrollment of 727 students, which is 9 students (1.3%) above the previous year's enrollment. The following details the changes in the student enrollment of the District over a five-year period. These figures do not include those students sent out of district for special education placements.

Average Daily Enrollment

Fiscal Year	Student Enrollment	Percent Change
2017-2018	727	+1.3
2016-2017	718	-2.8
2015-2016	734	-3.7
2014-2015	761	+1.9
2013-2014	747	-3.9

2. ECONOMIC CONDITION AND OUTLOOK:

The district's financial condition is sound. Assessed property values are slightly ahead of where they were a year ago, and estimated true values also increased. The district anticipates steady enrollment.

3. MAJOR INITIATIVES CURRENTLY UNDERWAY:

- The district is nearing completion of the facilities projects funded by the \$19 million bond referendum passed on March 11, 2014. The remaining projects as of June 30 were mechanical upgrades to Deerfield and district site improvements. These projects were completed by the Fall of 2017. There are minimal funds remaining which will likely be utilized in the 17-18 school year. The district is very satisfied with the completed projects and due to costs coming in under budget, was able to do additional improvements including lockers, lighting, classroom doors, insulation, internal window blinds, the media center rear vestibule and district wide paving including drainage improvement.
- Further expansion of the Pre-K program. In 2017-18 we expanded the pre-school program from one full day section to two full day sections. WE also included 3 1/2 year olds in order to support special needs students with interventions as early as possible.
- Changing our school website to School Wires. This has enabled us to provide more information better communicate about the school district with Mountainside families and with the greater community
- In 2017-18 the district changed the administrative structure to better streamline oversight and to provide leadership opportunities to teachers. We have one less administrator, but we better used these funds to create stipend positions to improve horizontal and vertical communication with the faculty.
- In anticipation of the new state Science Assessment in Spring, 2018 we developed a new science curriculum K-8 that addresses the Next Generation Science Standards and better prepares our students for the next assessment.
- In 2017-18 we moved from leasing Power School services from Berkeley Heights, to purchasing our own Power School network. This will greatly improve student data management, including report card and grade information, emergency information, and scheduling.

4. INTERNAL ACCOUNTING CONTROLS:

Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with Generally Accepted Accounting Principles (G.A.A.P.). An internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5. BUDGETARY CONTROLS:

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either cancelled or are included as a re-appropriation of fund balances in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at June 30, 2018.

6. ACCOUNTING SYSTEM AND REPORTS:

A District's accounting records must reflect generally accepted principles, as promulgated by the Governmental Accounting Standards Board (G.A.S.B.). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements," Note 1.

An effective and efficient system of internal controls is essential to accurate, timely reporting of all relevant transactions on an accounting system and the resultant administrative and external reports generated from that system.

7. FINANCIAL INFORMATION AT FISCAL YEAR-END:

As demonstrated by the various statements and schedules included in the financial section of this report, the district continues to meet its responsibilities for sound financial management. The following schedule presents a summary of the general fund, special revenue fund, and debt service fund revenues for the fiscal year ended June 30, 2018, and the amount and percentage of increase/(decrease) in relation to the prior year.

Revenue	2017-18 Amount	Percent of Total	Increase (Decrease) From 2016-17	Percent of Increase (Decrease)
Local Sources	17,333,139.45	85.1%	474,316.54	2.8%
State Sources	2,776,006.54	13.6%	369,219.70	15.3%
Federal Sources	<u>258,387.00</u>	<u>1.3%</u>	<u>13,873.61</u>	<u>5.7%</u>
Totals	<u>\$20,367,532.99</u>	<u>100.00%</u>	<u>\$857,409.85</u>	<u>4.4%</u>

The following schedule presents a summary of the general fund, special revenue fund, and debt service fund expenditures for the fiscal year ended June 30, 2018, and the amount and percentage of increase/ (decrease) in relation to the prior year.

<u>Expenditures</u>	<u>2017-18 Amount</u>	<u>Percent of Total</u>	<u>Increase (Decrease) From 2016-17</u>	<u>Percent of Increase (Decrease)</u>
Current Expense	18,060,635.27	89.5%	329,566.98	1.9%
Capital Outlays	81,808.20	0.4%	60,339.20	281.1%
Special Revenues	325,215.52	1.6%	42,983.50	15.2%
Debt Service	<u>1,711,821.07</u>	<u>8.5%</u>	<u>(5,112.71)</u>	<u>(0.3%)</u>
Totals	<u>\$20,179,480.06</u>	<u>100.0%</u>	<u>\$427,776.97</u>	<u>2.2%</u>

8. DEBT ADMINISTRATION:

The Board was paying an interest rate of 4.625% on a principal balance of \$3,463,000 remaining on bonds issued in July of 2001. Market conditions dictated that refunding of this outstanding balance was in order. On February 24, 2011, this remaining balance was refinanced at an annual interest savings of \$21,803. At June 30, 2018, the District had \$1,515,000 of these school bonds issued and outstanding. As previously mentioned, the District sold \$19.484 million in bonds on July 8, 2014 at rates that were far below historical norms. The Board began making annual principal payments on this issue during 2015-16, and an outstanding balance of \$17.285 million remained at June 30, 2018.

9. CASH MANAGEMENT:

The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements," Note 1. The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey where the funds are secured in accordance with the Act.

10. RISK MANAGEMENT:

The Board carries various forms of insurance, including but not limited to, general liability and comprehensive collision, hazard and theft insurance on property and contents, and fidelity bonds. Exhibit J-20 provides a summary of the coverage amounts and deductibles.

11. OTHER INFORMATION:

State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Hodulik & Morrison, P.A. was selected by the Board of Education. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act and the related New Jersey OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* The auditor's report on the general-purpose financial statements and combining and individual fund statements and schedules is included in the financial section of the report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

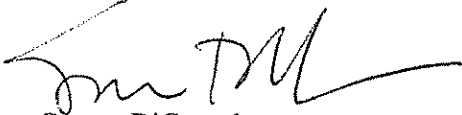

12. ACKNOWLEDGEMENTS:

We would like to express our appreciation to the members of the Mountainside Board of Education for taking initiative to provide fiscal accountability to the taxpayers of the District and thereby contributing their full support to the development and maintenance of our financial operation. Further, the preparation of this report could not have been accomplished without the efficient and dedicated services of our business office staff members.

Respectfully Submitted,

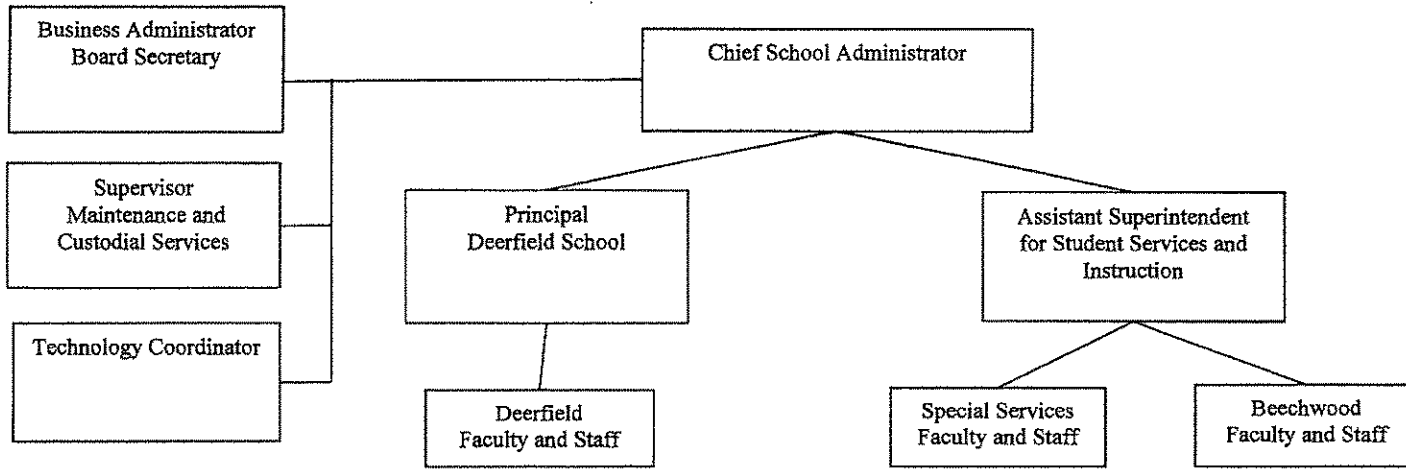

Nancy Lubarsky, Ed.D.

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members
of the Board of Education
Borough of Mountainside School District
County of Union, New Jersey

REPORT ON FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the Borough of Mountainside School District, in the County of Union, State of New Jersey, as of and for the fiscal year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the district's basic financial statements as listed in the table of contents.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making these risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used

and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that our audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

OPINIONS

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Borough of Mountainside School District, in the County of Union, State of New Jersey, as of June 30, 2018 and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

OTHER MATTERS

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, including the Notes thereto, and pension plan information, including the Notes thereto, as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough of Mountainside School District's basic financial statements as a whole. The accompanying other supplementary information, consisting of the combining and individual fund financial statements, and long-term debt schedules, as listed in the table of contents, the schedules of federal and state financial assistance, required by New Jersey OMB Circular 15-08, and the other information, including the introductory section and the statistical section are presented for purpose of additional analysis and are not a required part of the financial statements.

The combining and individual fund financial statements, long-term debt schedules and the schedules of federal and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements, long-term debt schedules and the schedule of state financial assistance are fairly stated in all material respects in relation to the financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated January 25, 2019 on our consideration of the Borough of Mountainside School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of our audit performed in accordance with *Government Auditing Standards* in considering the Borough of Mountainside School District's internal control over financial reporting and compliance.

MANAGEMENT DISCUSSION & ANALYSIS (MD&A)
June 30, 2018

The Mountainside Public Schools (the "District") discussion and analysis is designed to provide an overview of the District's financial activities for the year ended June 30, 2018, identify changes in the District's financial position, identify any material deviations from the financial plan (the approved budget), and identify individual fund issues or concerns.

The focus of the Management Discussion and Analysis (MD&A) is on current year activities, resulting changes and currently known facts. The MD&A should be read in conjunction with the Transmittal Letter and the District's Financial Statements.

Financial Highlights

In May, 2017, the Board approved its 2017-18 budget. The budget represented a 1.85% increase in appropriations and required an increase of 2.00% in the tax levy. The series of recommendations initiated by the Board in July, 2010 to insure the short and long term stability of the District's budget appears to have been successful. The largest cost driver in the 2017-18 budget was once again tuition for our high school age students, which decreased by 1.06%, or \$70,700.

ENTERPRISE FUNDS

The District continues to benefit financially from Board actions taken in response to findings in the 2009-2010 audit. That report revealed that both of the District's enterprise operations; Food Service, and Before/After Care Programs were running deficits. Enterprise operations are expected to run at a break-even point. Enterprise fund deficits must be covered through the transfer of tax levy dollars from the General Fund Budget. To mitigate this possibility, the Board approved a recommendation to join the National School Lunch Program. Federal subsidies from the program have increased Food Service revenues \$1,000-\$1,300/month. Additional subsidies in the form of food commodities have also been secured. Food Service RFP's were solicited and awarded requiring a minimum \$1,000 profit guarantee. The Food Service Program has operated at a profit in each of the last two fiscal years, and the Food Service Program has been able to absorb some of the costs of cafeteria maintenance and supervision, which were previously financed through the operating budget.

The Board has also acted upon a recommendation to privatize the District's Before/After Care and Summer Camp programs contracting with the Y of Westfield to provide these services. This action eliminates the risk of incurring future deficits and provides an annual revenue stream of \$14,400.

LONG TERM DEBT

In March of 2014, the voters approved a \$19,484,000 bond referendum authorizing major facilities improvements to the District's schools. On July, 8, 2014, the Board sold school bonds to finance these projects. The bonds will mature in annual installments on August 15 in each year through 2034, and bear interest at annual rates that range from 3.00% to 3.70%. The timely approval of the referendum by the voters and the following sale allowed the District to benefit from the historically low interest rate environment that existed at the time the bonds were sold. During the 2017-18 school year, \$1,065,000 of outstanding bonds came due and were redeemed, leaving a balance of \$18,800,000 outstanding on June 30, 2018.

GRANTS/SPECIAL REVENUE FUND

The District receives Federal funding under NCLB and IDEA entitlement programs. These funds are utilized to offset special education tuition costs and provide needed funding for staff development and training. During the 2017-2018 school year, the District received several local grants and expended \$66,828.52 of these funds, primarily for technology upgrades and environmental education.

TUITION-SENDING/RECEIVING RELATIONSHIP

The District has made great strides in eliminating the unfunded tuition liabilities relating to its costs for tuition owed to the Berkeley Heights Board of Education for high school tuition costs. In July, 2015, the fifth and final \$66,000 payment was made from the 2015-16 budget to clear a tuition liability that dated back to the 2009-10 school year. However, a tuition liability of \$469,596 was established for the 2013-14 school year based upon the underestimation of both the number of students that would be sent and the final tuition rate as certified by the State. An agreement with the Berkeley Heights Board of Education was negotiated to permit the repayment of this tuition over a two-year period, commencing with the 2015-16 budget cycle. During the 2015-16 school year and the certification of the 2014-15 tuition rate, an additional tuition liability was established in the amount of \$558,768. Once again, the Berkeley Heights Board of Education has permitted our District to repay this amount over a three-year period commencing with the 2016-17 school budget. In addition, based upon the actual high school student counts for the 2015-16 school year and an estimated tuition rate which applies a 2% inflation factor to the certified 2014-15 rate, an estimated liability for the current school year in the amount of \$170,000 was established in the entity-wide financial statements. The certification of the rate for 2015-16 yielded a liability of \$128,837, a decrease of \$41,163 from the estimate. Tuition adjustments are funded by law through the annual budget process and, on the fund level, liabilities for tuition adjustments are not reported unless payable from currently available financial resources. Procedures have also been put into place to assure that the District provides Berkeley Heights with the most precise enrollment projections possible to minimize costly prior year tuition adjustments. As a result of these procedures, the preliminary estimate of the ultimate settlement of 2016-17 high school tuition costs indicates that a refund will likely be due to our District.

ENERGY

The Mountainside School District is a participating member of the ACES Cooperative Pricing System and began a district wide recycling program during the school year. Once completed, the facilities upgrades will result in reduced energy consumption.

ADMINISTRATION

The Board has implemented a recommendation to restructure the Business Office. All three of the existing positions have been restructured resulting in substantial salary and benefit savings.

These changes will continue to lower the District's projected Administrative Cost Per Pupil. The District continues to operate well below the State average and State median for K-8 Operating Type.

LABOR/NEGOTIATIONS

The Board negotiated a new collective bargaining agreement for the period July 1, 2016 through June 30, 2019 without the need for prolonged, costly negotiations.

Understanding the Annual Report

New Jersey state law and administrative code require that school districts follow Generally Accepted Accounting Principles (GAAP.) The existing GAAP structure requires a format for presentation of the General Purpose Financial Statements (GPFS) that focuses on the District as a whole (government-wide financial statements) and refocuses the fund financial statements on major funds. Major funds are defined as those in which total assets and liabilities or revenues and expenditures/expenses are 10% or more of the total assets and liabilities or revenues and expenditures/expenses of all funds of that type (governmental, proprietary, etc.) and at least 5% of the assets and liabilities or revenues and expenditures/expenses for all governmental and enterprise funds combined.

Government-Wide Financial Statements

The government-wide financial statements (see financial statements A-1 and A-2) are designed to be corporate-like in that all government and business-type activities are consolidated into columns, which add to a total for the District. The focus of the Statement of Net Position is designed to be similar to a bottom line for the District and its governmental and business type activities. This statement for the first-time combines and consolidates governmental fund's current financial resources (short-term spendable resources) with capital assets and long-term obligations.

The Statement of Activities is focused on both the gross and net costs of various activities (including governmental and business-type), which are provided by the government's general tax and other revenues. This statement is intended to summarize and simplify the user's analysis of the cost of various governmental services and/or subsidy to various business type activities.

Fund Financial Statements

Under existing GAAP, the focus of the fund financial statements is on major funds (as defined previously), rather than fund types. The Governmental Major Fund presentation is on a “sources and uses of liquid resources” basis. This is referred to as the flow of current financial resources method of measuring the inflow and outflow of resources, which affect an entity. This is the manner in which the District’s financial plan (budget) is typically developed. The flow and availability of current financial resources is a clear and appropriate focus of any analysis of a government. Funds are established for various purposes and the Fund Financial Statements provide a presentation of sources and uses current financial resources and associated budgetary compliance.

The Total column on the Business-type Fund Financial Statements is the same as the Business-type column on the Government-Wide Financial Statement. The Governmental Major Funds Total Column requires a reconciliation, which is reflected on the page following each statement, because of the different measurement focus (current financial resources versus total economic resources). The flow of current financial resources will reflect bond proceeds and inter-fund transfers as other financial sources as well as capital expenditures and bond principal payments as expenditures. The reconciliation will eliminate these transactions and incorporate the capital assets and long-term obligations (bonds and others) into the Governmental Activities column (in the Government-wide statements).

The District as a Whole

Table I reflects the condensed Statement of Net Position and provides a calculation of the increase or (decrease) from June 30, 2018 amounts as a percentage. In this statement the District is divided into two kinds of activities:

Governmental Activities-These activities consist of instruction and those services, which support instruction such as maintenance, transportation and administration.

Business-Type Activities - These activities consist of the District’s cafeteria operations. The cafeteria operations charge fees for the services provided that are intended to cover most or all of the cost of the services provided, net of federal and state program subsidies. The District previously provided a childcare program, summer camp program and summer enrichment program, and accounted for them as business-type activities. These programs were discontinued prior to the 2012-2013 school year.

The condensed Statement of Net Position reflects assets, deferred outflows, liabilities and deferred inflows of the District on an accrual basis of accounting. This statement is one means of measuring the District’s financial position. The amount reported as “Net Position” means that if the District were forced to liquidate on June 30, 2018 and sell all its assets at book value, after paying all known bills and liabilities, including long-term bonds and lease obligations, the District would have a total of \$5,512,689 remaining. This constitutes an increase in the District’s overall wealth of \$880,089 since June 30, 2017.

The District's Net Position at both June 30, 2018 and 2017 reflects the implementation of GASB Statement No. 68, which required financial statement recognition of the District's proportionate share of the unfunded pension liability and associated deferred inflows and deferred outflows of financial resources of the Public Employees Retirement System.

Increase (Decrease) in Business-type Activities Net Position	\$11,053	\$(2,892)	482.22%

The net position of the District's Governmental Activities increased by \$869,036. Revenue realization for FY 2017-2018 included favorable GAAP based variances of \$1,422,425 for governmental activities. Excesses in actual Extraordinary Aid and Nonpublic Transportation State Aids were the primary contributors to the favorable variances. The lion's share of the increase in the District's governmental activities net position resulted from a combination of favorable variances between planned and actual operating costs and the excess of long-term capital debt reduction (\$1,065,000) over depreciation expenses (\$862,740). Among the larger cost categories where favorable expenditure variances were recorded were: Maintenance/Custodial Services (\$141,666); Regular Instruction (\$88,179) and Employee Benefits (\$138,348). During the 2017-18 school year, the school property tax rate increased by 1.7%. This total increase is comprised of an increase in the operating tax of 2.1% and a decrease of 3.3% in the debt service tax, which was required to finance the additional debt service costs associated with the passage of the 2014 capital projects referendum.

The net position of the District's Business-type Activities increased by \$11,053. This increase in net position is attributable to the favorable Food Service Management Contract and was consistent with the prior year reported operating results. The ability of the Food Service Fund to remain self sufficient has eliminated the need for the District to subsidize this operations through the tax-funded budget, permitting the Board to apply all of the general purpose school tax to educational objectives.

Table 3

 Total Expenses	 <u>\$19,209,600</u>	 <u>\$16,594,833</u>

The Total Cost of Governmental Activities (see Table 3) this year was \$19.50 million, an overall increase of \$292,101 from the preceding year. Most of this increase is attributable to increased school administration costs and increased health benefit costs paid by the District and pension related payments for TPAF members and retirees which are paid by the State of New Jersey on the District's behalf. During the current school year, operating grants and contributions increased by \$427,072, resulting in a decrease in the Net Cost of Governmental Activities of \$134,972 during the 2017-18 school year. All other grant and contribution categories remained flat, in the aggregate, during the current period.

As shown on the Statement of Activities (see financial statements A-2) \$3.04 million of operating grant and contribution revenues, which support governmental activities, were received from the State of New Jersey and federal government. Overall state and federal revenues increased by \$427,072 or 16.33% from the preceding year. Approximately 51.42% of state aid is in the form of "on-behalf" payments for T.P.A.F members, whose pensions, post-employment health care benefits and employer social security payments are the responsibility of the State. On-behalf" aid increased by 25.22% during 2017-18, however, the State continues to fund its T.P.A.F pension system at levels significantly below actuarially determined requirements.

The District's Funds

The District's Balance Sheet for Governmental Funds (statement B-1) reports a combined fund balance of \$1,878,130. The general fund portion of this balance includes an increase of \$209,984 that resulted from current year's activities. Of the total general fund balance of \$1,760,220, \$279,412 has been appropriated to balance the 2018-2019 budget cycle and an additional \$140,000 has been designated for tax relief in the 2019-2020 school year. An additional \$864,725 has been earmarked for capital costs and \$128,409 for maintenance related costs. \$140,000 has been set aside to finance the tuition payments due to the receiving district in subsequent years. The District is reporting an unassigned general fund balance of \$170,408 at June 30, 2018. The unspent proceeds of the bond referendum in the amount of \$117,910 is reported as assigned fund balance in the capital projects fund, at June 30, 2018 in accordance with generally accepted accounting principles (GAAP) (financial statement B-1).

General Fund Budgetary Highlights

The FY 2017-18 revenues of the General, Special Revenue and Debt Service funds amounted to \$20,367,533, an increase of \$857,410 from the prior year. The FY 2017-2018 expenditures of the General, Special Revenue and Debt Service funds amounted to \$20,179,480 an increase of \$427,768 from the prior year.

Capital Asset and Debt Administration

Capital Assets

The District had \$22,999,035 invested in capital assets as shown on Table 4, Capital Assets Net of Depreciation at June 30, 2018. \$3.86 million of ongoing construction costs and \$60,339 of equipment acquisitions were recorded in the current school year.

Table 4
Capital Assets Net of Depreciation
At June 30, 2017

	<u>Governmental</u> <u>Activities</u>	<u>Business-</u> <u>type</u> <u>Activities</u>	<u>Total</u>
Land	\$1,875,070		\$1,875,070
Construction in Progress	0		0

Total	<u>\$25,994,930</u>	<u>\$4,105</u>	<u>\$22,999,035</u>

Debt

The District's outstanding debt is shown in Table 5, Outstanding Debt at June 30, 2018. In 2011, as a result of very favorable market conditions, the District refinanced the remaining outstanding debt on its 2001 School Bonds at an average annual interest savings of \$21,803. The 2011 Refunding Bonds mature in annual installments through the 2022-2023 school year. In July, 2014, the District issued \$19.484 million of school bonds to finance the costs of the facilities improvement program approved by the voters in March. The bonds mature in annual installments over the next twenty years and carry interest rates of from 3.0% to 3.7%. The State of New Jersey has pledged to provide annual state aid payments equal to 40% of the debt service costs (principal and interest) on these bonds. At June 30, 2018, the district outstanding debt amounted to \$18.8 million. 26.52% of the state allowable limit of \$70.7 million for debt issuance. The statutory limit represents 4% of the average equalized value of taxable property within the District.

Table 5
Outstanding Debt

	<u>6/30/17</u>	<u>6/30/18</u>

MOUNTAINSIDE SCHOOL DISTRICT
BALANCE SHEET
GOVERNMENTAL FUNDS
JUNE 30, 2018

Total Fund Balances Reported on Governemental Funds Balance Sheet (B-1) \$ 1,878,130.25

Amounts reported for governmental activities in the statement of net position (A-1) are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. The carrying value of the assets is \$33,471,322, and the accumulated depreciation is \$7,476,392. 25,994,930.18

Long-term liabilities, including bonds (net of premiums and/or discounts), capital lease obligations, judgments payable and other obligations that are not due and payable in the current period and therefore are not reported as liabilities in the funds. (19,254,051.12)

The liability for for pension expense that is not payable from currently available resources is not recorded in the fund financial statements (114,105.00)

Short-term Liabilities, including accrued interest on long-term debt, are not due payable in the current period and therefore are not reported as liabilities in the funds. (238,396.26)

The Net Pension Liability, and associated Deferred Inflows and Outflows of Resources of the District relating to its participation in the PERS system are not recognized in the funds using the current financail resources measurement focus, but are recognized in the statement of net position using the economic resources measurement focus. The decrease in net position is \$5,059,958. The carrying amountsof the individual components are as follows:

Deferred Outflows of Resources:	
Change in Pension Assumptions	556,447.00
Change in Pension Proportion	321,196.00
Difference in Pension Earnings	18,807.00
Difference in Pension Experience	65,035.00
Pension Payment Subsequent to Measurement Date	114,105.00
Net Pension Liability	(2,761,994.00)
Deferred Inflows of Resources:	
Change in Pension Assumptions	(554,406.00)
Change in Pension Proportion	(594,357.00)

The difference between the face amount of Refunded Bonds and the escrow deposit required to legally defease the Bonds is recorded as a decrease is recorded as a decrease to fund balance in the governmental funds, but is carried on the statement of net position and amortized over the life of the Bonds. The Deferred Amount from Refunding is \$75,921 and accumulated amortization is \$42189

Net position of governmental activities \$ 5,458,382.56

The accompanying Notes to Financial Statements are an integral part of this statement.

The accompanying Notes to Financial Statements are an integral part of this statement.

MOUNTAINSIDE SCHOOL DISTRICT
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
 AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
 TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2018

Total net change in fund balances - governmental funds (from B-2) \$ (3,671,761.65)

Amounts reported for governmental activities in the statement
of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

This is the amount by which depreciation exceeded capital outlays in the period.

	Depreciation expense	(862,740.40)	
	Capital Outlays	<u>3,923,357.05</u>	3,060,616.65

Repayment of bond and lease obligations (long-term debt) principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities. 1,084,469.80

Repayments of prior year tuition settlements over time (long term debt) is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities. 428,837.00

In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+). (6,199.00)

In the statement of activities, interest on long-term debt in the statement of activities is accrued, regardless of when due. In the governmental funds, interest is reported when due. If the accrued interest exceeds interest paid, it is an reduction in the reconciliation. (-) 14,581.23

Pension expenditures in the governmental funds are recognized when paid or payable from expendable available financial resources. In the statement of activities, pension costs are recognized on a full accrual basis utilizing actuarial valuations. The amount by which actuarially calculated pension expense exceeds the expenditure reported in the funds is a deduction. (49,029.00)

Transactions related to a current refunding of a long-term debt, refinancing of lease obligations, (premium on refinancing, deferred amount on refinancing) are amortized over the life of the bonds

Premium on Refunding Bonds	14,211.41	
Deferred Amount from Refunding	<u>(6,690.72)</u>	<u>7,520.69</u>

Change in net assets of governmental activities \$ 869,035.72

The accompanying Notes to Financial Statements are an integral part of this statement.

COUNTY OF UNION, NEW JERSEY

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) of the Board of Education (Board) of the Borough of Mountainside School District (District) report information on all of the nonfiduciary activities of the primary government only. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support. The District is not financially accountable for any legally separate component units, and no component units have been included in the government-wide financial statements.

B. Reporting Entity:

The Borough of Mountainside School District is a Type II district located in the County of Union, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The board is comprised of seven members elected to three-year terms. The purpose of the district is to educate students in grades Pre-K-12. High school students (grades 9-12) are sent to Governor Livingston High School, located in adjacent Berkeley Heights Township, pursuant to a contractual agreement by and between the Berkeley Heights School District and the Mountainside School District. The Borough of Mountainside School District had an average daily enrollment of 727 students in grades Pre-K through 8 for the 2017-18 school year, and was sending students to Governor Livingston High School pursuant to a sending/receiving agreement.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is whether:

- the organization is legally separate (can sue or be sued in their own name)
- the District holds the corporate powers of the organization
- the District appoints a voting majority of the organization's board
- the District is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the District
- there is a fiscal dependency by the organization on the District

Based on the aforementioned criteria, the District has no component units. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

C. Basis of Presentation – Government-Wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

D. Basis of Presentation - Fund Financial Statements

The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each category – governmental, proprietary and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, with each displayed in a separate column. Any remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The District reports the following major governmental funds:

General Fund - The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment which are classified in the Capital Outlay subfund.

As required by the New Jersey State Department of Education, the District includes budgeted Capital Outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election. State Aid in the form of Economic Development Authority Grants under EFCFA are also financial resources of this fund

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

Permanent Fund – The Permanent Fund is used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the District's programs.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

D. Basis of Presentation - Fund Financial Statements (Cont'd.)

The District reports the following major enterprise funds:

Food Service Fund – The Food Service Fund is used to account fore the activities of the cafeteria operations of the District.

The District also reports the following fiduciary fund types:

Agency Fund – The Agency Fund is used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds. Agency funds are custodial in nature and do not involve measurement of results of operations. Agency funds include payroll and student activities funds.

Employee Benefit Trust (Unemployment Insurance) – Employee Benefit Trust should be used to report resources that are required to be held in trust for members and beneficiaries of employee benefit plans.

Private Purpose Scholarship Trust – The Private Purpose Scholarship Trust should be used to report all trust arrangements under which principal and/or income benefit individuals, private organizations or other governments.

During the course of its normal operations, the District will have activity between funds (interfund activity) for various purposes. Any residual interfund balances at year end are reported as interfund accounts receivable/payable. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between funds included within governmental activities (the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, any interfund balances between business-type (enterprise) funds are eliminated so that only the net amount is included as internal balances in the business-type activities columns.

Further, interfund activity may occur during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in/out. In the preparation of the government-wide financial statements, transfers between funds included as governmental activities are eliminated so that only net amounts of resources transferred from or to the governmental activities are reported. A similar treatment is afforded transfers of resources between enterprise funds for the preparation of business-type activity financial statements.

E. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied is determined by its measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured, such as current financial resources or economic resources. The basis of accounting refers to the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the fiscal period that the taxes are levied by the municipality(s) within which the District is domiciled. Ad Valorem (Property) Taxes are susceptible to accrual and under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District recognizes the entire approved tax levy as

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

E. Measurement Focus and Basis of Accounting (Cont'd.)

revenue in the fiscal period for which they were levied. The District is entitled to receive moneys under an established payment schedule and any unpaid amount is considered to be an "accounts receivable". Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. State categorical aid revenues are recognized as District revenue during the fiscal period in which they are appropriated.

The governmental funds financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized when it becomes measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual basis accounting. Exceptions to this general rule include debt service, for which interest and principal expenditures in the Debt Service Fund are recognized on their due dates, and expenditures relating to compensated absences, claims and judgments, which are recorded in the period when payment becomes due. General capital asset acquisitions are recorded as expenditures in the governmental funds and are not capitalized. The issuance of long-term debt for capital purposes and capital lease obligations incurred to acquire general capital assets are reported as "other financing sources".

The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. Entitlements are recorded as revenue when all eligibility requirements, including timing of funding appropriations, are met, subject to the 60-day availability requirement for collection. Interest and tuition revenues are considered susceptible to accrual and have been recognized as revenues of the current fiscal period, subject to availability. Expenditure driven grant revenues are recorded as qualifying expenditures are incurred and all other eligibility requirements have been met, subject to availability requirements. All other revenue items are considered measurable and available only when cash is received by the District.

The District's proprietary funds, employee benefit trust fund and private purpose scholarship trust funds are reported using the economic resources measurement focus and the accrual basis of accounting. The agency fund has no measurement focus but utilizes the accrual basis of accounting for reporting its assets and liabilities.

F. Budgets/Budgetary Control:

Annual budgets are adopted for the general, special revenue and debt service funds using a regulatory basis of accounting which differs from generally accepted accounting principles in one material respect; Budgetary revenues for certain nonexchange state aid transactions are recognized for budgetary purposes in the fiscal period prior to the period in which the state recognizes expenditures/expenses. The amounts of the adjustments needed to reconcile the budgetary basis to the GAAP based fund financial statements is set forth in the explanation of differences schedules which follow.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

F. Budgets/Budgetary Control: (Cont'd.)

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office for approval. Pursuant to changes in the Local District School Budget Law, statutorily conforming base budgets of Districts with annual school elections held in November (The District has chosen this option) are no longer required to be presented to the voters for approval on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting, except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. Transfers of appropriations may be made by School Board resolution at any time during the fiscal year. New Jersey statutes place limits on the Board's ability to increase budgeted expenditures through the appropriation of previously undesignated fund balance and requires the District to obtain additional approvals when budgetary transfers, measured using the advertised budgetary account totals rather than line-item totals, exceed certain thresholds. The Board of Education did not make any supplemental budgetary appropriations during the fiscal year that required additional approvals from oversight agencies.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are two substantial differences between the budgetary basis of accounting and generally accepted accounting principles. With respect to revenues, a GAAP departure is reflected in the legally mandated revenue recognition of the last state aid payment for budgetary purposes only in the general and special revenue funds as noted below. With respect to expenditure recognition, districts that procure employee health benefits from the State Health Benefits Plan may legally defer expenditure recognition of up to two-months insurance premiums. Such deferrals are not permitted under GAAP. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

Appropriations in the general and debt service funds lapse at the end of the fiscal year even if they have related encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods and services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. While all appropriations and encumbrances lapse at year-end, valid outstanding encumbrances, for which the contracted performance is expected during the subsequent budget cycle, are legally restricted at year-end and are automatically re-appropriated and become part of the subsequent years' budget pursuant to state regulations.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial statements.

The following presents a reconciliation of the general fund revenues and special revenue fund revenues and expenditures from the budgetary basis of accounting as presented in the Budgetary Comparison Schedules – General and Special Revenue Funds to the GAAP basis of accounting as presented in the Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Funds.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

F. Budgets/Budgetary Control (Cont'd):

Explanation of differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures:

	<u>General Fund</u>	<u>Special Revenue Fund</u>
Sources/inflows of resources		
Actual amounts (budgetary) "revenues" from the budgetary comparison schedules	\$18,336,865.47	\$312,460.16
Difference- budget to GAAP:		
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures and revenues (Net)	0.00	\$12,755.36
Certain State Aid payments are recognized as revenue for budgetary purposes, and differs from GAAP which does not recognize this revenue until the subsequent year when the State recognizes the related expense (GASB 33).	(201,932.00)	0.00
State Aid payment recognized for GAAP statements in the current year, previously recognized for budgetary purposes.	<u>214,291.00</u>	<u>0.00</u>
Total revenues as reported on the statement of revenues, expenditures and changes in fund balance – governmental funds.	<u>\$18,349,224.47</u>	<u>\$325,215.52</u>
	<u>General Fund</u>	<u>Special Revenue Fund</u>
Uses/Outflows of resources		
Actual amounts (budgetary basis) "total outflows" From the budgetary comparison schedule	\$18,281,864.12	\$312,460.16
Difference- budget to GAAP:		
Deferral of State Health Benefits Plan premiums of up to two-months are permitted for budgetary purposes but are recorded in the year the benefits are provided for financial reporting purposes	(139,420.65)	0.00
Encumbrances for supplies and equipment ordered but not yet are reported in the year the encumbrance is placed for budgetary purposes, but in the year the goods are received for financial reporting purposes (Net)	<u>0.00</u>	<u>12,755.36</u>
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances – governmental funds.	<u>\$18,142,443.47</u>	<u>\$325,215.52</u>

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

G. Cash, Cash Equivalents and Investments:

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value, which are generally based on quoted market prices.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. GUDPA was amended, effective July 1, 2010, by P.L. 2009, c. 326. The amendments provide a greater level of security protection for covered deposits by increasing collateralization requirements and revising the enforcement protocol to allow for timely response in the event that a member bank shows signs of stress.

Under the amended law, collateralization of GUDPA deposits up to 75% of New Jersey capital is based on a sliding scale that requires the minimum of 5% collateral for Well Capitalized institutions to a maximum of 120% collateral for Critically Undercapitalized institutions. All uninsured GUDPA deposits in excess of 75% of New Jersey capital require 100% collateral. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

H. Tuition Receivable/Payable

Tuition charges for the fiscal years 2016-2017 and 2017-2018 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined. Adjustments were made to the preliminary rates originally established for the 2018-2019 school year based upon the certification of 2016-2017 rates.

I. Inventories and Prepaid Expenses:

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund are recorded as expenditures in the year of purchase.

Inventories in the Proprietary Funds are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. The cost of such inventories is recorded as expenses when consumed rather than when purchased.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

I. Inventories and Prepaid Expenses (Cont'd.):

Payments made to vendors for services that will benefit periods beyond June 30, 2018 are recorded as prepaid items in both the government-wide and fund financial statements.

J. Short-Term Interfund Receivables/Payables:

Short-term interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

K. Capital Assets:

Capital assets are capitalized at historical cost, or estimated historical cost for assets where actual historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District maintains a threshold level of \$2,000.00 or more of initial, individual cost for capitalizing capital assets. The system for accumulation of fixed assets cost data does not provide the means for determining the percentage of assets valued at actual and those valued at estimated costs.

Capital assets are recorded in the District-wide financial statements, but are not reported in the Fund financial statements. Capital assets are depreciated using the straight-line method over their estimated useful lives. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purpose by the District, no salvage value is taken into consideration for depreciation purposes. Useful lives vary from 20 to 50 years for land improvements and buildings, and 5 to 15 years for equipment.

Capital assets not being depreciated include land and construction in progress.

The District does not possess any material amounts of infrastructure capital assets, such as sidewalks and parking lots. Such items are considered to be part of the cost of buildings or other improvable property.

Depreciation of all exhaustive fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund statement of net position. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Food Service Fund:	
Equipment	15-20 Years

L. Compensated Absences:

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued in the government-wide financial statements as the employees earn the rights to the benefits. Compensated absences that related to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place. The School District reports compensated absences in accordance with the provisions of GASB No. 16, "Accounting for Compensated Absences".

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

L. Compensated Absences (Cont'd.):

Based upon existing personnel policies and collective bargaining agreements, employees are granted varying amounts of annual sick, personal and vacation leave. Sick leave may be accumulated for use in subsequent years. Unused personal leave is added to unused sick leave accumulations annually. Accumulations of unused sick leave may be used only for illnesses in subsequent periods. Generally, the amount of unused vacation pay that may be carried forward is limited to five (5) days.

Based upon the limited number of employees who are entitled to vacation pay, the estimated value of amounts carried forward is considered to be de minimum, Changes in the value of compensated absences earned and unused is more fully detailed in Note 4.

M. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the New Jersey Public Employees Retirement System (PERS) and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

N. Deferred Outflows/Inflows of Resources:

In addition to assets, the statement of financial position may report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and will not be recorded as an outflow of resources (expenditure/expense) until that time. The District is reporting five items in this category; The Deferred Amount on Refunding, and Pension related items including the Change in Pension Assumptions, Change in Pension Proportion, Difference in Pension Experience and the amounts of pension payments made by the District subsequent to the pension measurement date. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is amortized over the shorter of the life of the refunded or refunding bonds. Deferred Outflows for Changes in Pension Assumptions represents future outflows of resources resulting from changes in actuarial assumptions used in the valuation of the pension liability. Deferred Outflows for Changes in Pension Proportion represents the adverse impact and future outflows of resources resulting from an increase in the District's proportionate share of the system-wide net pension liability. Deferred Outflows for Differences in Pension Experience represents the adverse impact and future outflows of resources resulting from actual pension experience exceeding actuarial estimates. Deferred outflows for Subsequent pension payments reflects payments made by the District to the pension system subsequent to the date of the most recent actuarial valuation, which was June 30, 2017.

In addition to liabilities, the statement of financial position may report a separate section for deferred inflows of resources. This separate financial statement element represents the acquisition of net position that applies to a future period(s) and will not be recorded as an inflow of resources (revenue) until that time. The District is reporting two pension related items in this category, the Difference in Pension Earnings and the Change in Pension Proportion. The former represents the District's proportionate share of plan earnings in excess of assumed amounts, while the latter represents the favorable impact of a decline in the District's proportionate share of system wide net pension liability.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

O. Unearned Revenue/Advances from Grantors:

Unearned revenue represents cash advances received relating to services (expenditures/expenses) that will be provided in a subsequent fiscal period. Similarly, for expenditure-driven grants, amounts advanced to the District in excess of the amounts expended and earned are recorded as advances from grantors.

P. Other Post-Employment Benefits:

Pursuant to State Statute, the State Health Benefits Local Education Retirees Employees Plan was established to oversee the funding and payment of post-employment medical benefits for eligible LEA employees. This plan is a multi-employer defined benefit OPEB Plan that is administered on a pay-as-you-go basis. No assets are accumulated in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75. The Plan is a "Special Funding Situation" as defined in GASB Statement No. 75 as the State of New Jersey is solely responsible for funding the Plan's obligations (net of employee contributions). Accordingly, no net OPEB liability is reported on the District's Statement of Net Position. In the Statement of Activities, the District reports an annual OPEB expense and a corresponding revenue, equal to the allocated expense of the District as reported by the State.

Q. Net Position Flow Assumption (District-Wide and Proprietary Fund Financial Statements)

Periodically, the District may fund outlays for a particular purpose from both restricted resources, such as bond referendum proceeds and/or grant proceeds, and unrestricted resources. To determine the amounts of net position- restricted and unrestricted that should be reported in the government-wide and proprietary fund financial statements, a flow assumption must be made to establish the order in which resources are considered to be applied. In the absence of specific grant compliance requirements to the contrary, the District policy is to utilize all amounts of available restricted net position prior to applying unrestricted net position to fund acquisition costs.

R. Fund Balance Flow Assumption (Governmental Fund Financial Statements)

Periodically, the District may fund outlays for a particular purpose from both restricted resources and unrestricted resources (the total of the committed, assigned and unassigned fund balance). To determine the amounts to report as restricted, committed, assigned and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made to establish the order in which resources are considered to be applied. In the absence of specific grant compliance requirements to the contrary, the District policy is to utilize all amounts of available restricted fund balance prior to applying any component of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance, with unassigned fund balance applied last.

S. Fund Balance Policies:

Fund balance of the governmental funds is reported in various categories based upon the nature of any limitations requiring the use of resources for specific purposes. The District itself can establish limitations on the use of resources through actions to transfer amounts to legally restricted reserve accounts (capital, maintenance and emergency reserves), or actions to commit or assign fund balance.

The committed fund balance includes amounts that can only be used for the specific purposes determined by a formal action of the Board of Education. Commitments of fund balance remain in place until the committed fund balance is fully depleted or an amendatory action is taken by the Board of Education.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

S. Fund Balance Policies (Cont'd):

Assignments of fund balance are made by the Board of Education for specific purposes that do not the criteria to be classified as committed. The Board of education also assigns fund balance when it appropriates unrestricted/unassigned fund balance to bridge a gap between estimated revenue and appropriations in the subsequent year budget. Unlike commitments, assignments are generally temporary in nature, and additional actions of the Board are generally not required to remove an assignment, whereas an action of the Board is essential to the modification or elimination of an unexpended committed fund balance.

T. District-Wide Financial Statement Classifications

1. Program Revenues – Amounts reported as program revenues include a) charges to customers or applicants who purchase, use or benefit from goods services or privileges provided by a given function or segment and b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.
2. General Revenues – all taxes, including those designated for specific purposes such as debt service, are reported as general revenues. All other resources, including internally dedicated resources, unrestricted entitlements, and investment income are reported as general revenues.
3. Capital Assets – In the statement of net position, capital assets are reported, net of accumulated depreciation as assets of the governmental activities and business-type activities.
4. Long-term Debt - In the statement of net position, long-term debt is reported as a component of long-term liabilities of the governmental activities and business-type activities.
5. Net Investment in Fixed Assets – In the statement of Net Position, the net undepreciated value of capital assets, less the value of outstanding debt issued to purchase acquire or build those capital assets, is reported as Net Investment in Fixed assets as a component of net position for the governmental activities and business-type activities.

U. Proprietary Fund Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and products in connection with the primary purpose or function for which the fund was established. The District's Food Service proprietary fund reports operating revenues from the sales of lunches and a la carte items, and operating expenses include the costs of sales (food, supplies and labor), administrative costs and depreciation on capital assets. Revenues earned through the District's participation in the National School Lunch Program are classified as nonoperating revenues, notwithstanding the limitations on the pricing of Type A student lunches that is required for program participation.

V. Reconciliation of District-Wide and Fund Financial Statements

I. Differences between governmental fund balance sheet and District-wide statement of net position:

Total Governmental Fund Balance (B-1)	\$1,878,130
Adjustments to District-Wide Net Position:	
Capital Assets (see Note 3)	25,994,930
Long-Term Liabilities (see Note 4)	(19,254,051)
Net Pension Liability	(2,761,994)
Other Items not recognized in Fund Financial Statements:	
Deferred Inflows of Financial Resources	1,148,763

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

V. Reconciliation of District-Wide and Fund Financial Statements (Cont'd)

Deferred Outflows of Financial Resources	1,102,632
Accrued Current Period Pension Liability	(114,105)
Accrued Interest on Long-Term Debt	<u>(238,396)</u>
Net Position of Governmental Activities (A-1)	<u>\$5,458,383</u>

II. Differences between governmental fund statement of revenues, expenditures and changes in fund balances and District-wide statement of activities:

Total Net Change Governmental Fund Balance (B-2)	(\$3,671,762)
Adjustments to District-Wide Net Position:	
Depreciation on Capital Assets (see Note 3)	(862,740)
Capital Outlays	3,923,357
Repayment of Long-Term Liabilities (see Note 4)	1,084,470
Net Increase in Pension Expense	(49,029)
Increase in Value of Compensated Absences	(6,199)
Decrease in Long-term Tuition Payable	428,837
Interest on Long-term Debt (Accrual Basis for District-Wide)	14,581
Amortization of Premiums Received on Bond Sales	14,211
Amortization of Deferred Amounts from Refunding	<u>(6,691)</u>
Change in Net Position of Governmental Activities	<u>\$869,035</u>

W. Estimates:

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS

The Mountainside Board of Education had the following depository accounts. All deposits are carried at cost plus accrued interest. The government does not have a deposit policy.

Depository Account	Bank Balance
Insured - FDIC	\$ 500,000.00
Insured – NJGUDPA (N.J.S.A.17:94.1)	2,783,556.19
Uninsured – NJCMF (see below)	<u>119,095.94</u>
Total Deposits	<u>\$3,402,652.13</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONT'D.)

Custodial Credit Risk – Deposits- Custodial credit risk is the risk that in the event of a bank failure, the board's deposits may not be returned to it. The government does not have a deposit policy for custodial credit risk. As of June 30, 2018, \$0.00 of the Board's bank balance of \$3,402,652.13 was considered exposed to custodial risk. (See Note 1-G. relating to statutory mitigation of custodial risk in the event of a bank failure).

New Jersey Cash Management Fund – All investments in the Fund are governed by the regulations of the Investment Council, which prescribe specific standards designed to insure the quality of investments and to minimize the risks related to investments. In all the years of the Division of Investment's existence, the Division has never suffered a default of principal or interest on any short-term security held by it due to the bankruptcy of a securities issuer; nevertheless, the possibility always exists, and for this reason a reserve is being accumulated as additional protection for the "Other-than-State" participants.

In addition to the Council regulations, the Division sets further standards for specific investments and monitors the credit of all eligible securities issuers on a regular basis.

As of June 30, 2018, the District had \$119,095.94 on deposit with the New Jersey Cash Management Fund.

NOTE 3. CAPITAL ASSETS

MOUNTAINSIDE SCHOOL DISTRICT
 CAPITAL ASSETS NOTE DISCLOSURE
DISCLOSURE OF INFORMATION ABOUT CAPITAL ASSETS

The governmental fund balance sheet includes a reconciliation between fund balance- total governmental funds and net position-governmental activities as reported in the District-wide statement of net position. One item of that reconciliation explains that capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. An addition to the fund balance - total governmental funds is made to reflect the carrying value of the District's capital assets at year-end in the District-wide financial statements, which consisted of:

Total capital assets at cost	33,471,322.16
Less: accumulated depreciation	<u>(7,476,391.98)</u>
Government Activities Capital Assets, Net	<u>25,994,930.18</u>

Capital assets by classification and activity for the year ended June 30, 2018 was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Deletions</u>	<u>Ending Balance</u>
Governmental Activities:				
Capital Assets That Are Not Being Depreciated:				
Land	\$ 1,875,069.97	\$ -	\$ -	\$ 1,875,069.97

NOTE 4: LONG-TERM LIABILITIES

MOUNTAINSIDE SCHOOL DISTRICT
 LONG TERM DEBT DISCLOSURE
DISCLOSURE OF INFORMATION ABOUT LONG TERM LIABILITIES

The governmental fund balance sheet includes a reconciliation between fund balance- total governmental funds and net position-governmental activities as reported in the District-wide statement of net position. One item of that reconciliation explains that Long-term liabilities, including bonds and judgments payable, are not due and payable in the current period and therefore are not reported liabilities in the governmental funds. A deduction to the fund balance - total governmental funds is made to reflect the carrying value of the District's long-term liabilities at year-end in the governmental activities of the District-wide financial statements.

Long-term debt liability activity for the year ended June 30, 2018 was as follows:

	<u>Beginning</u> <u>Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending</u> <u>Balance</u>	<u>Amounts</u> <u>Due Within</u> <u>One Year</u>
Governmental Activities:					
Bonds Payable:					
General Obligation Debt	\$ 19,865,000.00	\$ _____	\$ 1,065,000.00	\$ 18,800,000.00	\$ 1,095,000.00
Total Bonds Payable	<u>19,865,000.00</u>	<u>_____</u>	<u>1,065,000.00</u>	<u>18,800,000.00</u>	<u>1,095,000.00</u>

Total Liabilities	<u>\$ 25,212,910.33</u>	<u>\$ 6,199.00</u>	<u>\$ 3,203,064.21</u>	<u>\$ 22,016,045.12</u>	<u>\$ 1,319,183.24</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 4. GENERAL LONG-TERM DEBT (CONT'D):

A. Bonds Payable -- Bonds are authorized in accordance with State law by the voters of the District through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the District are general obligation bonds.

Principal and interest due on bonds outstanding as at June 30, 2018 is as follows:

Year ending <u>June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ 1,095,000	\$ 609,921	\$ 1,704,921
2020	1,115,000	571,815	1,686,815
2021	1,135,000	532,728	1,667,728
2022	1,150,000	492,971	1,642,971
2023	1,170,000	453,859	1,623,859
2024	895,000	421,384	1,316,384
2025	925,000	394,084	1,319,084
2026	955,000	365,884	1,320,884
2027	985,000	336,784	1,321,784
2028	1,025,000	306,634	1,331,634
2029	1,060,000	274,299	1,334,299
2030	1,100,000	239,189	1,339,189
2031	1,145,000	201,717	1,346,717
2032	1,190,000	161,570	1,351,570
2033	1,235,000	118,361	1,353,361
2034	1,285,000	72,686	1,357,686
2035	<u>1,335,000</u>	<u>24,698</u>	<u>1,359,698</u>
	<u>\$ 18,800,000</u>	<u>\$ 5,578,580</u>	<u>\$24,378,580</u>

B. Bonds Authorized But Not Issued – At June 30, 2018, the District had no Authorized but Unissued debt.

C. Other Authorized Debt

In October, 2014, the District entered into a five-year capital lease for photocopying equipment for the schools and offices of the District in the amount of \$94,816.20. The lease requires 60 equal monthly payments of \$1,756.

Principal and interest due on capital lease obligations outstanding as at June 30, 2018 is as follows:

Year ending <u>June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$20,309.22	\$762.78	\$21,072.00
2020	<u>6,962.66</u>	<u>61.34</u>	<u>7,024.00</u>
	<u>\$ 27,271.88</u>	<u>\$824.12</u>	<u>\$ 28,096.00</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 4. GENERAL LONG-TERM DEBT (CONT'D):

D. Advance Refunding of 2003 School Bonds – On March 10, 2011, the District issued \$3,130,000.00 Refunding School Bonds, Series 2011 (the “Bonds”) to advance refund \$3,233,000.00 of its callable 2001 School Bonds. Interest Rates on the Refunding Bonds ranged from 3.0% to 4.875%, while Yields, which reflect premiums or discounts, ranged from 1.0% to 4.06%. The Net Interest Cost (NIC) on the Bonds was 3.33%. The net proceeds of the sale of \$3,308,920.94, which includes premiums of \$234,092.85 and deducts \$55,171.91 of underwriting fees and other costs associated with the issuance of the Bonds, were used to purchase U.S. Government Securities, which were deposited to an irrevocable Trust with an escrow agent. The escrow provided for all future debt service payments through July 15, 2011 and a call order was placed by the Trustee on that date to redeem the outstanding callable principal of these bonds.

The advance refunding resulted in a difference between the reacquisition price and the net carrying value of the old debt of \$75,920.94. This difference, reported in the accompanying District-wide financial statements as a “contra” amount to bonds payable, is being charged as a Governmental Activities expense through the school year ended June 30, 2023. Annual charges to amortize the Deferred Amount from Refunding are calculated on a “straight line” basis.

NOTE 5. PENSION PLANS

Description of Plans – The State of New Jersey, Division of Pension and Benefits (the Division) was created and exists pursuant to N.J.S.A. 52:18A to oversee and administer the pension trust and other postemployment benefit plans sponsored by the State of New Jersey (the State). According to the State of New Jersey Administrative Code, all obligations of the Systems will be assumed by the State of New Jersey should the plans terminate. Each defined benefit pension plan’s designated purpose is to provide retirement, death and disability benefits to its members. The authority to amend the provision of plan rests with new legislation passed by the State of New Jersey. Pension reforms enacted pursuant to Chapter 78, P.L. 2011 included provisions creating special Pension Plan Design Committees for the public Employees Retirement System (PERS) and the Teachers Pension and Annuity Fund (TPAF), once a Target Funded Ratio (TFR) is met, that will have the discretionary authority to modify certain plan design features, including member contribution rate; formula for calculation of final compensation or final salary; fraction used to calculate a retirement allowance; age at which a member may be eligible and the benefits for service or early retirement; and benefits provided for disability retirement. The committee will also have the authority to reactivate the cost of living adjustment (COLA) on pensions.

However, modifications can only be made to the extent that the resulting impact does not cause the funded ratio to drop below the TFR in any one year of a projection period. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for each of the plans. This report may be accessed via the Division of Pensions and Benefits website, at www.state.nj.us/treasury/pensions, or may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

NOTE 5. PENSION PLANS (CONT'D)

A. PUBLIC EMPLOYEES RETIREMENT SYSTEM

Description of Plans (Cont'd)

The Public Employee Retirement System is a cost-sharing, multiple employer defined benefit pension plan as defined in GASB Statement No. 68. The Plan is administered by The New Jersey Division of Pensions and Benefits (Division). The more significant aspects of the PERS Plan are as follows:

Plan Membership and Contributing Employers- Substantially all full-time employees of the State of New Jersey or any county, municipality, school district or public agency are enrolled in PERS, provided the employee is not required to be a member of another state-administered retirement system or other state pension fund or other jurisdiction's pension fund. Membership and contributing employers of the defined benefit pension plans consisted of the following at June 30, 2016:

Inactive plan members or beneficiaries currently receiving benefits	170,124
Inactive plan members entitled to but not yet receiving benefits	650
Active plan members	<u>254,685</u>
Total	<u>425,459</u>

Contributing Employers – 1,705

Significant Legislation - Chapter 19, P.L. 2009, effective March 17, 2009, provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State Fiscal Year 2009. Such an employer will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of PERS, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

Pursuant to the provision of Chapter 78, P.L. 2011, COLA increases were suspended for all current and future retirees of PERS.

Payrolls and Covered Wages - For the year ended June 30, 2018 the Board's total payroll for all employees was \$6,756,343.47 Total PERS covered payroll was \$863,294. Covered payroll refers to pensionable compensation paid by the Board to active employees covered by the Plan.

Specific Contribution Requirements and benefit provisions – The contribution policy is set by N.J.S.A 43:15 and requires contributions by active members and contributing employers. Members contribute at a uniform rate. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years beginning in July 2012. The member contribution rate was 7.20% in State fiscal year 2017 and increased to 7.34% for State fiscal year 2018, commencing July 1, 2017. The phase-in of the additional incremental member contribution rate takes place in July of each subsequent State fiscal year. Employers contribution amounts are based on an actuarially determined rate. The annual employer contributions include funding for basic retirement allowances and noncontributory death benefits. The School Board's contributions to the Plan for the years ended June 30, 2018 and 2017 were \$109,917 and \$133,107, respectively. School Board Contributions are due and payable in the fiscal period subsequent to the plan year for which the contributions requirements were calculated.

NOTE 5. PENSION PLANS (CONT'D)

A. PUBLIC EMPLOYEES RETIREMENT SYSTEM (CONT'D.)

Description of Plans (Cont'd)

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007.
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

A service retirement benefit of 1/55th of final average salary for each year of service credit is available to tier 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tier 1 and 2 members before reaching age 60, to tier 3 and 4 members before age 62 with 25 or more years of service credit and tier 5 members with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with his/her respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions – At June 30, 2018, the School Board reported a liability of \$2,761,994 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as that date. The Board's proportion of the net pension liability was based on a projection of the Boards long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. The June 30, 2017 actuarial valuation indicated that the Board's proportion of the total Local Group NPL was 0.0118650%, which was a decrease of 0.0031178% from its proportion measure valued as of June 30, 2016.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions – At June 30, 2017, the School Board reported a liability of \$4,437,540 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2016 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. PENSION PLANS (CONT'D)

A. PUBLIC EMPLOYEES RETIREMENT SYSTEM (CONT'D.)

Description of Plans (Cont'd)

The Board's proportion of the net pension liability was based on a projection of the Boards long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2016, the Boards proportion was 0.0149830%, which was an increase of 0.0016583% from its proportion measure as of June 30, 2015.

For the year ended June 30, 2018, the Board recognized pension expenses of \$158,947 in its Governmental Activities. At June 30, 2018 the Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows Of Resources</u>	<u>Deferred Inflows Of Resources</u>
Differences between expected and actual Experience		
Changes in assumptions	\$556,447	\$554,406
Net difference in Pension Experience	65,035	
Net difference between projected and actual earnings on Plan investments	18,807	
Changes in proportion and differences between Board contributions and proportionate share of contributions	321,196	
Board contributions subsequent to the measurement date	<u>114,105</u>	<u>594,357</u>
Total	\$1,075,590	\$1,148,763

The \$114,105 of deferred outflows of resources resulting from the Boards contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Year ending June 30,	
2019	(\$41,615)
2020	(\$75,429)
2021	(\$32,444)
2022	\$202,674
2023	\$134,091
Thereafter	\$-0-

Actuarial Assumptions- The total pension liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases (2012-2021)	1.65-4.15% Based on age
Thereafter	2.65-5.15% Based on age
Investment rate of return	7.00%

NOTE 5. PENSION PLANS (CONT'D)

A. PUBLIC EMPLOYEES RETIREMENT SYSTEM (CONT'D.)

Pre-retirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. For State employees, mortality tables are set back 4 years for males and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000

Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

The actuarial assumptions used in the July 1, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experiences will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial results

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plans investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of June 30, 2017 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Absolute return/risk mitigation	5.00%	5.51%
Cash equivalents	5.50%	1.00%
U.S. Treasuries	3.00%	1.87%
Investment grade credit	10.00%	3.78%
Public high yield	2.50%	6.82%
Global diversified credit	5.00%	7.10%
Credit oriented hedge funds	1.00%	6.60%
Debt related private equity	2.00%	10.63%
Debt related real estate	1.00%	6.61%
Private real estate	2.50%	11.83%
Equity related real estate	6.25%	9.23%
U.S. equity	30.00%	8.19%
Non-U.S. developed markets equity	11.50%	9.00%
Emerging markets equity	6.50%	11.64%
Buyouts/venture capital	8.25%	13.08%

NOTES TO FINANCIAL STATEMENTS

NOTE 5. PENSION PLANS (CONT'D)

A. PUBLIC EMPLOYEES RETIREMENT SYSTEM (CONT'D.)

Discount Rate – The discount rate used to measure the pension liabilities of PERS was 5.00%

Sensitivity of Collective Net Pension Liability to Changes in the Discount Rate – the following presents the collective net pension liability of PERS participating employers, as well as the Borough's attributed share of that liability, as of June 30, 2017, calculated using the discount rates as disclosed above as well as what the collective net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage rate higher than the current rate:

	At 1% Decrease (4.00%)	At current discount rate (5.00%)	At 1% increase (6.00%)
State	\$29,818,581,732	\$25,645,622,797	\$22,179,578,513
Local	<u>28,878,437,027</u>	<u>23,278,401,588</u>	<u>18,612,878,069</u>
PERS Plan Total	<u>\$58,697,018,759</u>	<u>\$48,924,024,385</u>	<u>\$40,792,456,582</u>
Mountainside	<u>\$342,644,047</u>	<u>\$276,199,357</u>	<u>\$220,842,695</u>

Components of Net Pension Liability – The components of the collective net pension liability for PERS, including the State of New Jersey, at June 30, 2018 is as follows:

	State	Local	Total
Total Pension Liability	\$32,535,896,852	\$44,852,367,051	\$77,388,263,903
Plan Fiduciary Net Position	<u>6,890,274,055</u>	<u>21,573,965,463</u>	<u>28,464,239,518</u>
Net Pension Liability	<u>\$25,645,622,797</u>	<u>\$23,278,401,588</u>	<u>\$48,924,024,385</u>

B. TEACHERS PENSION AND ANNUITY FUND

Description of Plan - The Teachers' Pension and Annuity Fund is a cost-sharing, multiple employer defined benefit pension plan with a special funding situation as defined in GASB Statement No. 68, by which the State of New Jersey (State) is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. The Plan is administered by The New Jersey Division of Pensions and Benefits (Division). The more significant aspects of the TPAF Plan are as follows:

Plan Membership and Contributing Employers- Substantially all teachers or members of the professional staff of Local Education Agencies that are certified by the State Board of Examiners, and Employees of the Department of Education who have titles that are unclassified, professional and certified are enrolled in the TPAF. Membership and contributing employers of the defined benefit pension plans consisted of the following at June 30, 2017:

Inactive plan members or beneficiaries currently receiving benefits	101,246
Inactive plan members entitled to but not yet receiving benefits	222
Active plan members	<u>140,563</u>
Total	<u>242,031</u>

Contributing Employers – 24.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. PENSION PLANS (CONT'D)

B. TEACHERS PENSION AND ANNUITY FUND (CONT'D.)

In addition to the State, who is the sole payer of regular employer contributions to the fund, TPAF's contributing employers include boards of education who elected to participate in the Early Retirement Incentive Program (ERIP) and are legally responsible to continue to pay towards their incurred liability.

Significant Legislation – Pursuant to the provision of Chapter 78, P.L. 2011, COLA increases were suspended for all current and future retirees of TPAF.

Covered Payroll - For the year ended June 30, 2018 the Board's total payroll for all employees was \$6,756,343.47. Total TPAF covered payroll was \$4,898,914. Covered payroll refers to pensionable compensation paid by the Board to active employees covered by the Plan.

Specific Contribution Requirements and benefit provisions – The contribution policy is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing employers. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contributions rate increased from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years beginning in July 2012. The member contribution rate was 7.20% in State fiscal year 2017 and increased to 7.34% for State fiscal year 2018, commencing July 1, 2017. The phase-in of the additional incremental member contribution rate takes place in July of each subsequent State fiscal year. The State of New Jersey contribution amount is based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability. For fiscal year 2018, the State's pension contribution was less than the actuarially determined amount.

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007.
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65.

NOTE 5. PENSION PLANS (CONT'D)

B. TEACHERS PENSION AND ANNUITY FUND (CONT'D)

Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit, and tier 5 before age 65 with 30 or more years of to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions – The State of New Jersey is solely responsible for funding the normal pension obligations of the TPAF, including 100% of the obligations of LEAs within the State. Accordingly, the District does not report TPAF pension liabilities or deferred inflows and outflows of financial resources in its financial statements. Payments made by the State to the TPAF “on-behalf” of the LEAs are reported to the LEAs and reported as TPAF pension expenditures/expenses as made.

Three-Year Trend Information for TPAF (Paid on-behalf of the District, excluding post-retirement medical benefits which are reported in Note 6)

<u>Year Funding</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Local Pension Obligation</u>
6/30/18	\$ 736,016	Unknown %	\$ 0
6/30/17	478,301	Unknown %	0
6/30/16	369,299	Unknown %	0

At June 30, 2017, the TPAF reported a net pension liability of \$67,423,605,859 for its Non-State Employer Member Group. The proportionate share of the State of New Jersey’s net pension liability for the Non-State Employer Member Group that is attributable to the District was \$29,709,397 or 0.0440638%. The June 30, 2017 allocation of net pension liability represents a decrease of \$6,575,961 from the District’s proportionate share at June 30, 2016. State non-employer contributions allocated to the District were \$494,797 and \$367,344 for 2017 and 2016.

Actuarial Assumptions- The total pension liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases (2012-2021)	Varies based on experience
Thereafter	Varies based on experience
Investment rate of return	7.00%

Pre-retirement, post-retirement and disability mortality rates were based upon the experience of TPAF members reflecting mortality improvement on a generational basis based upon a 60-year average of Social Security data from 1953 to 2013. The actuarial assumptions used in the July 1, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2012 to June 30, 2015.

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2017) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. PENSION PLANS (CONT'D)

B. TEACHERS PENSION AND ANNUITY FUND (CONT'D)

The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2016 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Absolute return/risk mitigation	5.00%	5.51%
Cash equivalents	5.50%	1.00%
U.S. Treasuries	3.00%	1.87%
Investment grade credit	10.00%	3.78%
Public high yield	2.50%	6.82%
Global diversified credit	5.00%	7.10%
Credit oriented hedge funds	1.00%	6.60%
Debt related private equity	2.00%	10.63%
Debt related real estate	1.00%	6.61%
Private real estate	2.50%	11.83%
Equity related real estate	6.25%	9.23%
U.S. equity	30.00%	8.19%
Non-U.S. developed markets equity	11.50%	9.00%
Emerging markets equity	6.50%	11.64%
Buyouts/venture capital	8.25%	13.08%

Discount Rate – The discount rate used to measure the total pension liability was 4.25% as of June 30, 2017. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.58% as of June 30, 2017, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. The State contributed 40% of the actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2036. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2036, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. PENSION PLANS (CONT'D)

B. TEACHERS PENSION AND ANNUITY FUND (TPAF) (CONT'D.)

Sensitivity of Net Pension Liability to Changes in the Discount Rate – the following presents the net pension liability of TPAF as of June 30, 2017 calculated using the discount rates as disclosed above as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage rate higher than the current rate:

	<u>At 1% Decrease (3.25%)</u>	<u>At current discount rate (4.25%)</u>	<u>At 1% Increase (5.25%)</u>
TPAF	\$80,394,331,171	\$67,670,209,171	\$57,188,022,171

Components of Net Pension Liability – The components of the net pension liability for TPAF, including the State of New Jersey, at June 30, 2017 is as follows:

Total pension liability	\$ 90,726,371,000
Plan fiduciary net position	<u>23,056,161,829</u>
 Net pension liability	 <u>\$ 67,670,209,171</u>
 Plan fiduciary net position as a percentage of the total pension liability	 25.41%

Additional Information – Collective balances at June 30, 2017 were as follows:

Collective Deferred Outflows of Resource	\$ 14,160,879,257
Collective Deferred Inflows of Resources	11,800,239,661
State's Total Non-employer Net Pension Liability	67,423,605,859
 District's Proportion	 0.440637913%

C: DEFINED CONTRIBUTION RETIREMENT PLAN

The Defined Contribution Retirement Plan (DCRP) is a multiple employer defined contribution plan as defined in GASB Statement No. 68. The Plan is administered by The New Jersey Division of Pensions and Benefits (Division). The more significant aspects of the DCRP are as follows:

Plan Membership and Contributing Employers- Enrollment in the DCRP is required for state or local officials, elected or appointed on or after July 1, 2007; employees enrolled in TPAF or PERS on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits; employees otherwise eligible to enroll in TPAF or PERS on or after November 2, 2008, who do not earn the minimum annual salary for tier 3 enrollment but who earn salary of at least \$5,000 annually; and employees otherwise eligible to enroll in TPAF or PERS after May 21, 2010, who do not work the minimum number of hours per week required for tier 4 or tier 5 enrollment, but who earn salary of at least \$5,000 annually. At June 30, 2016, the membership in the DCRP, based on the information within the Division's database, was 46,557.

NOTE 5. PENSION PLANS (CONT'D)

C: DEFINED CONTRIBUTION RETIREMENT PLAN (CONT'D.)

Contribution Requirement and Benefit Provisions - State and local government employers contribute 3% of the employees base salary. Active members contribute 5.5% of base salary.

Eligible members are provided with a defined contribution retirement plan intended to qualify for favorable Federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan.

A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employer contributions shall be vested and non-forfeitable on the date the participant commences the second year of employment or upon his or her attainment of age 65, while employed by an employer, whichever occurs first.

Covered Payroll - For the year ended June 30, 2018 the Board's total payroll for all employees was \$6,756,343.47. Total DCRP covered payroll was \$299,714. Covered payroll refers to all pensionable compensation paid by the Board to active employees covered by the Plan. Board and employee contributions to the DCRP for the year ended June 30, 2018 were \$8,991 and \$16,484, respectively.

NOTE 6. POST-RETIREMENT BENEFITS

General Information about the OPEB Plan:

Plan Description and Benefits Provided:

P.L. 1987, c.384 and P.L. 1990, c.6. required the Teachers' Pension and Annuity Fund (TPAF) and the Public Employees Retirement System (PERS), respectively, to fund post-retirement medical benefits for those members who retire after accumulating a minimum of 25 years of credited service or on a disability retirement. Pursuant to P.L 2007, c.103, separate funds outside the pension plans were established for the funding and payment of post-retirement medical benefits for retired state employees and retired educational employees. Pursuant to this Act, the State Health Benefits Local Education Retired Employees Plan (SHBLEREP) was established to oversee the funding and payment of post-employment medical benefits for eligible LEA employees. The SHBPLEREP is a multiple employer defined benefit OPEB plan that is administered on a pay-as-you-go basis in accordance with P.L. 1994, c.62. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria set forth in paragraph 4 of GASB Statement No. 75. The SHBPLEREP provides medical, prescription drug and Medicare Part B reimbursement to retirees and retiree dependents of local education employers.

Coverage is provided at no cost to members of the TPAF and PERS that had retired on a disability retirement or retired after accumulating 25 years of creditable service prior to June 28, 2011 and to those who had a minimum of 20 years of creditable service on June 28, 2011 and who subsequently retire after accumulating 25 years of credited service or on a disability retirement. Employees who had less than 20 years of creditable service on June 28, 2011 and subsequently retire after accumulating a minimum of 25 years of creditable service are required by Chapter 78, P.L. 2011 to contribute a percentage of the cost of their health care coverage in retirement. The percentage of the premium that will be the responsibility of the retiree is determined based upon the retiree's annual retirement benefit and level of coverage. Chapter 78 retirees opting for single will make contributions that escalate from 4.5% for annual retirement allowance under \$20,000 to 35.0% for annual retirement allowances exceeding \$110,000 per annum. Chapter 78 retirees opting for family coverage will range from 3.43% for annual retirement allowances under \$25,000 per annum to 35.0% for annual retirement allowances exceeding \$110,000 per annum.

NOTE 6. POST-RETIREMENT BENEFITS (CONT'D)

The State is also responsible for the costs attributable to Chapter 126, P.L. 1992, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service or on a disability retirement if the member's employer does not provide this coverage.

Covered Retirees and State Contributions:

At June 30, 2017, there were approximately 112,966 TPAF retirees receiving State paid post-employment health benefits, and the State contributed \$1.39 billion on their behalf.

The State paid \$238.9 million toward Chapter 126 post-employment benefits for 20,913 eligible PERS retired members in Fiscal Year 2017.

Total OPEB Liability

The State, a non-employer contributing entity, is the only entity that has a legal obligation to make contributions to OPEB for qualified retired SHBLEREP participants. The State of New Jersey's Total Non-employer OPEB Liability for the SHBLEREP was \$53,639,841,858 and \$57,831,784,184 at June 30, 2017 and 2016, respectively. The amounts of the State's Non-employer OPEB Liability that are attributable to employees and retirees of the Mountainside Borough School District was \$20,578,134 and \$22,043,073 at June 30, 2017 and 2016, respectively. These allocated liabilities represent 0.04% of the State's Total Non-employer OPEB Liability for each of the years reported. However, the Mountainside Borough School District's proportionate share percentage as determined in accordance with the provisions of paragraphs 193 and 203 to 205 of GASB Statement No. 75 is zero percent. Accordingly, the District did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. Based upon the preceding, the OPEB liability information that follows is reported at the State's level and does not reflect expenses and liabilities of the District that are required to be funded through annual District budgets.

Actuarial Assumptions and Other Inputs:

The total non-employer OPEB liability as of June 30, 2017 was determined by an actuarial valuation as of June 30, 2016 that was rolled forward to June 30, 2017. The total non-employer OPEB liability as of June 30, 2016 was determined by an actuarial valuation as of June 30, 2016. The actuarial assumptions vary for each plan member depending upon the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement unless otherwise specified:

Inflation	2.50%	
	<u>TPAF/ABP</u>	<u>PERS</u>
Salary		
Increases:		
Through 2026	1.55-4.55%	2.15-4.15%
	Based on Years	Based on
	of Service	Age
Thereafter	2.00-5.45%	3.15-5.15%
	Based on Years	Based on
	of Service	Age

NOTE 6. POST-RETIREMENT BENEFITS (CONT'D)

Preretirement mortality rates were based on the RP-2014 Headcount-Weighted Healthy Employee Male/Female mortality table with fully generational mortality improvement projections from the central year using the MP-2017 scale. Postretirement mortality rates were based on the RP-2014 Headcount-Weighted Healthy Annuitant Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale. Disability mortality was based on the RP-2014 Headcount-Weighted Disabled Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of actuarial experience studies for the periods July 1, 2012-June 30, 2015, and July 1, 2011-June 30, 2014 for TPAF and PERS, respectively.

Healthcare Trend Assumptions:

For pre-Medicare preferred provider organization (PPO) benefits, this amount is initially 5.9% per annum and decreases to a 5.0% long-term trend rate after nine years. For self-insured post-65 PPO medical benefits, the trend rate is 4.5%. For health maintenance organization (HMO) medical benefits, the trend rate is initially 5.9% per annum and decreases to a 5.0% long-term trend rate after nine years. For prescription drug benefits, the initial trend rate is 10.5% decreasing to a 5.0% long-term trend rate after eight years. For Medicare Part B reimbursement, the trend rate is 5.0% The Medicare Advantage trend rate is 4.5% and will continue in all future years.

Discount Rate:

The discount rates for June 30, 2017 and 2016 were 3.58% and 2.85%, respectively. The source is the Bond Buyer G.O. 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of Aa/AA or higher.

Changes in the Total Non-employer OPEB Liability reported by the State of New Jersey:

Changes to the State's Total Non-employer OPEB Liability District's Allocated and the during the fiscal year ended June 30, 2017 were as follows:

	<u>State Totals</u>	<u>District Allocation</u>
Non-employer OPEB Liability Balance-June 30, 2016:	\$57,831,784,184	\$22,043,073
Changes During the Current Year:		
Service Cost	2,391,878,884	1,031,795
Interest on the Total OPEB Liability	1,699,441,736	651,138
Changes in Assumptions	(7,086,599,129)	(2,688,790)
Gross Benefit Payments	(1,242,412,566)	(476,633)
Employee Contributions	<u>45,748,749</u>	<u>17,551</u>
Net Changes	(4,191,942,326)	(1,464,939)
Non-employer OPEB Liability Balance-June 30, 2017	<u>\$53,639,841,858</u>	<u>\$20,578,134</u>

Changes in Assumptions-Reflects a change in the discount rate from 2.85% as of June 30, 2016 to 3.58% as of June 30, 2017.

NOTE 6. POST-RETIREMENT BENEFITS (CONT'D)

Sensitivity of the State's Total Non-employer OPEB Liability to Changes in the Discount Rate:

The following table sets forth the State's Total Non-employer OPEB Liability as of June 30, 2017, calculated using the discount rate as disclosed above, as well as what the State's Total Non-employer OPEB Liability would be if it was calculated using a discount rate that is one percentage point (1%) higher and lower than the actual discount rate that was utilized in the current period:

	<u>1% Decrease</u> <u>(2.58%)</u>	<u>At Discount Rate</u> <u>(3.58%)</u>	<u>1% Increase</u> <u>(4.58%)</u>
Total Non-employer OPEB Liability (New Jersey LEA Retirees)	\$63,674,362,200	\$53,639,841,858	\$45,680,364,953

Sensitivity of the State's Total OPEB Liability to Changes in the Healthcare Cost Trend Rates:

The following table sets forth the State's Total Non-employer OPEB Liability as of June 30, 2017, calculated using the healthcare trend rates rate as disclosed above, as well as what the State's Total Non-employer OPEB Liability would be if it was calculated using a healthcare trend rate that is one percentage point (1%) higher and lower than the actual healthcare trend rate that was utilized in the current period:

	<u>1% Decrease</u>	<u>Healthcare Cost</u> <u>Trent Rate</u>	<u>1% Increase</u>
Total Non-employer OPEB Liability (New Jersey LEA Retirees)	\$44,113,584,560	\$53,639,841,858	\$66,290,599,457

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB:

For the year ended June 30, 2018, in the Statement of Activities, the School District recognized OPEB expense of \$1,412,038. This amount was determined by the State of New Jersey as the District's allocated special funding share of the State's \$3,348,490,523 Total OPEB Non-employer Expense for the year ended June 30, 2017. These expense amounts represent calculations in accordance with GASB Statement No. 75 for the defined benefit OPEB Plan that is not operated through a trust that meets the criteria of paragraph 4 of the Statement and in which there is a special funding situation. As the State of New Jersey is the only entity with a legal responsibility to fund SHBLEREP OPEB obligations, the District's recognized OPEB expense is offset by Program Revenues/Operating Contributions in an equal amount in the Statement of Activities. Due to this special funding situation, there is no recognition of the allocation of the proportionate shares of deferred outflows of resources and deferred inflows of resources in the District's financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE 6. POST-RETIREMENT BENEFITS (CONT'D)

On-behalf Payments by the State of New Jersey for Retiree Health Benefits Costs:

As noted above, the State of New Jersey, pursuant to P.L. 1994, c. 62, administers the OPEB Plan on a pay-as-you-go basis. The following table sets forth the amounts of State contributions to the SHBLEREP allocated to the District for the last three years for post-employment medical costs. These amounts are reported in the governmental funds and budgetary comparison schedules as revenues and expenditures.

Three-Year Trend Information for TPAF Retiree Health Benefits (Paid on-behalf of the District)

<u>Year Funding</u>		<u>Annual Post- Retirement Medical Cost (APC)</u>	<u>Percentage of APC Contributed</u>
6/30/18	\$	475,377	100%
6/30/17		412,974	100%
6/30/16		439,733	100%

Additional Information:

Collective balances of the SHBLEREP at June 30, 2017 were as follows:

Deferred Outflows of Resources	\$	113,183
Deferred Inflows of Resources		2,433,693
State's Total Non-employer OPEB Liability		53,639,841,858
District's Proportion		0.038363524%

NOTE 7. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The District, along with other school districts, is a member of the School Alliance Insurance Fund (the "Fund"), a governmental joint insurance fund. SAIF has adopted a formal risk management plan that involves a combination of District risk retention (through the use of per claim and aggregate per line deductibles), Fund retention of risk and the procurement of excess insurance and reinsurance through commercial reinsurers and the School Excess Liability Fund. A complete listing of the coverages provided by the Fund can be found in the statistical section of the Comprehensive Annual Financial Report. Surety bond coverage for the School Business Administrator is provided through the Fund. Audited financial information for the Fund relating to the level of claims reserves, estimated amounts of claims incurred but not reported and net assets were not available for inclusion in this report.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. RISK MANAGEMENT (CONT'D)

New Jersey Unemployment Compensation Insurance - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current and five prior years:

<u>Fiscal Year</u>	<u>Board Contrib.</u>	<u>Employee Contrib.</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>
2017-2018	\$ -0-	\$ 12,197	\$ 36,695	\$ 74,411
2016-2017	-0-	11,128	6,260	97,806
2015-2016	-0-	11,127	1,532	92,624
2014-2015	-0-	11,511	14,697	82,854
2013-2014	75	10,082	33,297	86,877

NOTE 8. INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheet at June 30, 2018:

<u>Fund</u>	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
General Fund	\$ 72,394.81	\$ 900.00
Capital Projects	0.00	0.00
Proprietary Funds	0.00	71,802.37
Fiduciary Funds	1,125.00	817.44
Total	\$ <u>73,519.81</u>	\$ <u>73,519.81</u>

NOTE 9: FUND BALANCE APPROPRIATED

General Fund - Of the \$1,962,152.17 General Fund balance at June 30, 2018 (Budgetary Basis), legally restricted balances include \$864,725.40 of Capital Reserves; \$225,644.01 of excess surplus (Note 10), of which \$85,644.01 has been designated for 2018-2019 expenditures and \$140,000.00, which is legally restricted for use in the 2019-20 budget cycle; \$333,768 of tuition reserves, of which \$193,768.00 has been utilized to fund the amount due to the high school receiving district in 2018-19 based upon the certification of the 2014-15 tuition rate and \$140,000.00 which is the balance of the 2015-16 adjustment and is required to be paid in the 2019-20 budget cycle. Of the unrestricted balance, \$37,265, has been assigned for subsequent year's expenditures and includes \$0.00 designated by the Board for 2018-2019 expenditures and \$37,265.41 of year-end encumbrances. Of the unrestricted fund balance, \$372,340.35 is unassigned.

The total General Fund balance and unrestricted fund balance (budgetary basis) must be reduced by \$201,932.00 of state aid that was realized as revenue on the budgetary basis but is not permitted to arrive at the amounts reported as components of fund balance in the governmental fund financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE 9: FUND BALANCE APPROPRIATED (CONT'D)

An additional downward adjustment of \$0.00 is required to reflect the deferral of the expenditure recognition of the June 2018 employee health benefits premium to the 2018-2019 school budget. This deferral is permitted under the budgetary basis, but must be included in employee benefit costs for 2017-18 in the governmental fund financial statements.

NOTE 10. CALCULATION OF EXCESS SURPLUS

In accordance with *N.J.S.A.* 18A:7F-7, as amended by P.L. 2004, c.73 (S1701), the designation for Restricted Fund Balance – Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to restrict General Fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent year's budget. Based upon the statutory calculation, there was excess fund balance of \$85,644.01 at June 30, 2018 that was appropriated as part of the 2018-19 school budget. There was \$140,000.00 of excess fund balance at June 30, 2018 that will be required to be appropriated as part of the 2019-20 school budget.

NOTE 11. CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the School District of Mountainside Board of Education by inclusion of \$1.00 during fiscal year 2003 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP) and updated annually in the Quality Assurance Annual Report (QAAR), including the payment of debt service on such projects.

Upon submission of the LRFP to the department, a district may deposit funds into the capital reserve at any time upon board resolution through the transfer of undesignated, unreserved general fund balance or of excess undesignated, unreserved general fund balance that is anticipated in the budget certified for taxes. Pursuant to N.J.A.C. 6:23A-5.1 (d) 7, the balance in the account cannot at any time exceed the local support costs of uncompleted projects in its approved LRFP. There was no activity in the Capital Reserve account during the 2016-17 school year. At June 30, 2018 the District reported a total of \$864,725 of legally restricted general fund balance in the Capital Reserve Account.

NOTE 12. OTHER RESERVE ACCOUNTS

Pursuant to enabling legislation and rulemaking, the District established legally restricted Reserve Funds for Maintenance and Emergencies during the month of June, 2009, in the amounts of \$245,339.00 and \$189,528.00, respectively. At June 30, 2018, balances remaining in the Maintenance and Emergency Reserves were \$128,409.00 and \$-0-, respectively. At June 30, 2018, the tuition reserve balance was \$333,768 and consisted of \$193,768 that has been designated to fund tuition adjustments contained in the 2018-19 school budget, and \$140,000 which, pursuant to an agreement with the receiving district, will be required to be financed in the 2019-20 budget cycle.

NOTE 13. DEFICIT FUND BALANCES

The District did not report a deficit fund balance at June 30, 2017 or 2018 in its General Fund in the fund statements (modified accrual basis). P.L. 2003 c.97 provides that in the event a state school aid payment is not made until the following school budget year, districts must record the last state aid payment as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability. Since the District is not recording the last two state aid payments, and the Extraordinary Aid payment, on the GAAP financial statements until the year the State records the payable, it is possible that a positive fund balance could be reported on a mandated budgetary basis while a deficit is reported on a GAAP basis based upon nonrecognition of revenue on the GAAP basis for the final state aid payment. Pursuant to N.J.S.A. 18A:22-44.2 any negative unreserved, undesignated general fund balance that is reported as a direct result from a delay in the payment of state aid until the following fiscal year, is not considered in violation of New Jersey statute and regulation nor in need of corrective action.

NOTE 14. TUITION SETTLEMENTS

During the 2015-16 school year, the actual high school tuition rate for the 2014-15 school year was certified by the State of New Jersey. Based upon actual student counts and the certified rate per student, an adjustment due to the receiving district was established in the amount of \$558,768. In recognition of the significant adverse impact that full funding of this amount in the 2016-17 budget would cause, the District sought and negotiated an agreement with the receiving district which permits the funding of \$65,000 in the 2015-16 budget, \$300,000 in the 2017-18 budget. And \$193,768 in the 2018-19 budget cycles. The second installment, of \$300,000 has been included in the 2017-18 budget as part of the tuition appropriation.

At June 30, 2016, a comparison of the student counts and rates used to establish the 2015-16 high school tuition budget amount was compared to actual student counts for the year and estimated costs, which were based upon the certified tuition rate for 2015-16 and a 2% inflation factor. These calculations indicate a potential adjustment of approximately \$170,000, and that amount was established as a non-current liability in the district-wide statement of net position. During the 2016-17 school year, the actual tuition rate for the 2016-17 school year was established and based upon that rate, the actual adjustment due to the receiving district was established at \$128,837. This amount was included in the 2017-18 tuition appropriation. An adjustment of \$41,163 to long-term debt was payable as part of the 2017-18 fiscal budget. The 2018-19 budget includes the final installment payment on the deferred tuition from the 2014-15 and 2015-16 school years.

NOTE 15. TAX ABATEMENTS

As defined by the Governmental Accounting Standards Board (GASB), a tax abatement is an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. School districts are not authorized by New Jersey statute to enter into tax abatement agreements. However, the county or municipality in which the school district is situated may have entered into tax abatement agreements, and that potential must be disclosed in these financial statements. If the county or municipality entered into tax abatement agreements, those agreements will not directly affect the school district's local tax revenue because N.J.S.A. 54:4-75 and N.J.S.A. 54:4-76 require that amounts so forgiven must effectively be recouped from other taxpayers and remitted to the school district.

NOTES TO FINANCIAL STATEMENTS

NOTE 15. TAX ABATEMENTS (CONT'D)

For a local school district board of education or board of school estimate that has elected to raise their minimum tax levy using the required local share provisions at N.J.S.A. 18A:7F-5(b), the loss of revenue resulting from the municipality or county having entered into a tax abatement agreement is indeterminate due to the complex nature of the calculation of required local share performed by the New Jersey Department of Education based upon district property value and wealth.

The Division of Local Government Services, in the Department of Community Affairs, State of New Jersey, requires each municipality to submit annually a "User Friendly Budget", which, among other disclosures, includes a listing of all properties which have been granted tax abatements, including assessed values and any In-Lieu-Of-Tax-Payments made to the municipality. The 2018 User Friendly Budget for the Borough of Mountainside reported no tax abatements granted for calendar years 2017 or 2018.

NOTE 16. PENDING LITIGATION AND CONTINGENT LIABILITIES

PENDING LITIGATION - At June 30, 2018, there was no litigation pending for which an unfavorable outcome with a material adverse impact on the net position of the District was anticipated.

NOTE 17. SUBSEQUENT EVENTS

No events have occurred subsequent to the close of the fiscal year that require disclosure herein.

**NOTES TO THE REQUIRED
SUPPLEMENTARY INFORMATION – PART II**

MOUNTAINSIDE SCHOOL DISTRICT
 REQUIRED SUPPLEMENTARY INFORMATION
 BUDGETARY COMPARISON SCHEDULE
 NOTE TO RSI
FOR THE YEAR ENDED JUNE 30, 2018

Note A - Explanation of Differences between Budgetary Inflows and Outflows and
 GAAP Revenues and Expenditures

		General Fund			Special Revenue Fund
Sources/inflows of resources					
Actual amounts (budgetary basis) "revenue" from the budgetary comparison schedule	(C-1)	18,336,865.47	(C-2)		312,460.16
Difference - budget to GAAP:					
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized:					
Deduct Current Year-End Encumbrances					
Add Prior Encumbrances Paid in Current Period					12,755.36
State aid payment recognized for budgetary purposes, not recognized for GAAP statements:					
Deduct Current Year Budgetary Revenue not Recognized		(201,932.00)			
Add Prior Budgetary Revenue Recognized in Current Period		<u>214,291.00</u>			<u>-</u>
Total revenues as reported on the statement of revenues, expenditures and change in fund balances - governmental funds	(B-2)	<u>18,349,224.47</u>	(B-2)		<u>325,215.52</u>
Uses/outflows of resources					
Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule	(C-1)	18,281,864.12	(C-2)		312,460.16
Difference - budget to GAAP:					
Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for budgetary purposes, but in the year the supplies are received for financial reporting purposes.		-			-
Deduct Current Year-End Encumbrances					-
Add Prior Encumbrances Paid in Current Period					12,755.36
Deferred Health Benefits costs for the New Jersey State Health Benefits Program are recognized as budgetary basis expenditures in the fiscal period they are paid, but under GAAP are recorded in the fiscal year that the benefits are provided for financial reporting purposes. (one month)		<u>(139,420.65)</u>			<u>-</u>
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds	(B-2)	<u>18,142,443.47</u>	(B-2)		<u>325,215.52</u>

NOTES TO REQUIRED SUPPLEMENTARY PENSION INFORMATION
JUNE 30, 2018

NOTE 1. CHANGES IN BENEFITS AND ASSUMPTIONS

The following information is as abstracted from the State of New Jersey, Division of Pension and Benefits, Financial Statements and Supplementary Schedules report as of June 30, 2017, dated March 14, 2018. This information pertains to the RSI schedules of changes in net pension liability contained in that report.

PERS

Changes in benefit terms: None

Changes in assumptions:

For 2017, the discount rate changed to 5.00%, the long-term expected rate of return changed to 7.00%. demographic assumptions were unchanged and relied upon the results of the July 1, 2011 – June 30, 2014 experience study and the mortality improvement scale incorporated the plan actuary's modified MP-2014 projection scale.

For 2016, the discount rate changed to 3.98%, the long-term expected rate of return changed to 7.65%, demographic assumptions were revised in accordance with the results of the July 1, 2011 – June 30, 2014 experience study and the mortality improvement scale incorporated the plan actuary's modified MP-2014 projection scale. Further, salary increases were assumed to increase between 1.65% and 4.15% (based on age) through fiscal year 2026 and 2.65% and 5.15% (based on age) for each fiscal year thereafter.

For 2015, the discount rate changed to 4.90%. In addition, the social security wage base was set at \$118,500 for 2015, increasing 4.00% per annum, compounded annually and the 401(a)(17) pay limit was set at \$265,000 for 2015, increasing 3.00% per annum, compounded annually, For 2014, the discount rate was 5.39%.

TPAF

Changes in benefit terms: None

Changes in assumptions:

For 2017, the discount rate was changed to 4.25%, the long-term expected rate of return changed to 7.00%, There were no changes to demographic assumptions.

For 2016, the discount rate change to 3.22%, the long-term expected rate of return changed to 7.65%. Further, the demographic assumptions were revised to reflect those recommended on the basis of the July 1, 2012-June 30, 2015 experience study.

For 2015, the discount rate changed to 4.13%. For 2014, the discount rate was 4.68%.

District's Proportionate Share of the Net OPEB Liability as a percentage of its Covered Employee Payroll	378.25%	339.47%
Plan Fiduciary Net Position as a Percentage of the Total OPEB Liability	0.00%	0.00%

Note: The State of New Jersey is solely responsible for the funding and payment of the OPEB costs of the State Health Benefits Local Education Retired Employees Plan.

MOUNTAINSIDE SCHOOL DISTRICT
COUNTY OF UNION, NEW JERSEY

NOTES TO REQUIRED SUPPLEMENTARY OPEB INFORMATION
JUNE 30, 2018

NOTE 1. SPECIAL FUNDING SITUATION

The State of New Jersey, a non-employer contributing entity, is the only entity that has a legal obligation to make contributions to OPEB for qualified retired SHBLEREP participants. Accordingly, proportionate share information of the Net OPEB Liability is not reflected in the District's financial statements.

NOTE 2. CHANGES IN ASSUMPTIONS

For 2017, the discount rate changed to 3.58% from 2.85%. Demographic assumptions remained unchanged and are consistent with the assumptions used in the pension plan valuations.

Source: Municipal Tax Collector

Note: NJSA 18A:7F-5d limits the amount that the district can submit for a general fund tax levy . The levy when added to other components of the district's net budget may not exceed the prebudget year net budget by more than the spending growth limitation calculated as follows: the prebudget year net budget increased by the cost of living or 2.5 percent, whichever is greater, plus any spending growth adjustments.

The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the Net

a valuation taxable.

b Rates for debt service are based on each year's requirements.

c Borough Tax - Includes Municipal Library which is legally segregated for years after 2011.

Union County- Includes County Open Space Recreation & Historic Preservation for years 2001 and subsequent.

Subtotal, overlapping debt			26,603,582
Mountainside District Direct Debt			<u>18,800,000</u>
Total direct and overlapping debt			<u><u>\$ 45,403,582</u></u>

Sources: Assessed value data used to estimate applicable percentages provided by the Union County Board of Taxation.
 Debt outstanding data provided by each governmental unit.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Any town. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

Union County Debt, Rahway Valley Sewerage Authority debt and Borough of Mountainside debt are as of December 31, 2017.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members
of the Board of Education
Mountainside School District
County of Union, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the Mountainside School District, in the County of Union, State of New Jersey, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the district's basic financial statements, and have issued our report thereon dated January 25, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Board of Education of the Mountainside School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board of Education of the Mountainside School District's control. Accordingly, we do not express an opinion on the effectiveness of the Board of Education of the Mountainside School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board of Education of the Mountainside School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

We noted other matters involving compliance and internal control over financial reporting that we have reported to the Board of Education of the Mountainside School District in a separate *Auditors' Management Report on Administrative Findings* dated January 25, 2019.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR STATE PROGRAM;
REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT
ON THE SCHEDULE OF EXPENDITURES OF STATE FINANCIAL
ASSISTANCE REQUIRED BY NEW JERSEY OMB CIRCULAR 15-08**

Honorable President and Members
of the Board of Education
Borough of Mountainside School District
County of Union, New Jersey

Report on Compliance for Each Major Program

We have audited the compliance of the Borough of Mountainside School District, in the County of Union, State of New Jersey, with the types of compliance requirements described in the New Jersey Compliance Manual "State Grant Compliance Supplement" that could have a direct and material effect on each of Borough of Mountainside School District's major state programs for the year ended June 30, 2018. The Borough of Mountainside School District's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Borough of Mountainside School District's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey; and New Jersey OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards and New Jersey OMB's Circular 15-08 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Borough of Mountainside School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination on the Borough of Mountainside School District's compliance.

Opinion on each Major State Program

In our opinion, the Borough of Mountainside School District complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2018.

Report on Internal Control Over Compliance

The management of the Borough of Mountainside School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Borough of Mountainside School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with NJOMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Borough of Mountainside School District's internal control over compliance.

A *deficiency* in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A *material weakness* in internal control over that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based upon the requirements of NJOMB Circular 15-08. Accordingly, this communication is not suitable for any other purpose.

Exhibit K-4

MOUNTAINSIDE SCHOOL DISTRICT
NOTES TO THE SCHEDULES OF FINANCIAL ASSISTANCE
JUNE 30, 2018

NOTE 1. GENERAL

The accompanying schedules of expenditures of awards and financial assistance include federal and state award activity of the Board of Education of the Mountainside School District. The Board of Education is defined in Note 1(A) to the Board's general-purpose financial statements (GASB 34 Model – basic financial statements). All federal and state awards received directly from federal and state agencies, as well as federal and state assistance passed through other government agencies are included on the schedules of expenditures of federal and state financial assistance. Based upon the level of expenditures of federal financial assistance, a Single Audit of federal awards pursuant to the requirements of Title 2, US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) was not required.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of federal and state financial assistance are presented on the budgetary basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of NJOMB Circular 15-08, which requires compliance with the requirements of Title 2, US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) for state financial assistance programs. Therefore, some amounts presented in this schedule may differ from amounts present in, or used in the preparation of, the basic financial statements. The District does not charge any indirect costs to any state financial assistance program.

NOTE 3. RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to P.L. 2003, c.97.(A3521). For GAAP purposes, that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund accompanying schedules agree with amounts reported in the Board's general-purpose financial statements. The general-purpose financial statements present the special revenue fund on both a GAAP basis and a budgetary basis. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

MOUNTAINSIDE SCHOOL DISTRICT
NOTES TO THE SCHEDULES OF FINANCIAL ASSISTANCE
JUNE 30, 2018

See Note 1 for a reconciliation of the budgetary basis to the GAAP basis of accounting for the special revenue fund. Award and financial assistance revenues are reported in the Board's general-purpose financial statements on a GAAP basis as presented on the following page:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$ 00.00	\$ 2,320,114.54	\$ 2,320,114.54
Special Revenue Fund	258,387.00	0.00	258,387.00
Debt Service Fund	0.00	455,892.00	455,892.00
Food Service Fund	<u>25,042.63</u>	<u>1,918.47</u>	<u>26,961.10</u>
Total Assistance	\$ <u>283,429.63</u>	\$ <u>2,777,925.01</u>	\$ <u>3,061,354.64</u>

NOTE 4. RELATIONSHIP TO STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related state financial reports.

NOTE 5. OTHER

TPAF Post-Retirement Medical, Pension and Non-Contributory Insurance Premium Contributions represent the amount paid by the state on behalf of the District for the year ended June 30, 2018. These amounts are published by the State Division of Pensions annually, and the NJDOE has advised that these In-Kind programs are not to be subject to the state single audit mandate, and no audit procedures are required to be applied to these amounts. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2018, and are subject to the state single audit mandate.
