## North Wildwood School District 1201 Atlantic Avenue North Wildwood, NJ 08260

609-729-4649

Mr. Christopher Armstrong Superintendent Ms. Rose M. Millar School Business Administrator

January 22, 2019

Citizens, Honorable President and Members of the Board of Education City of North Wildwood School District County of Cape May, New Jersey

Dear Board Members:

The Comprehensive Annual Financial Report of the City of North Wildwood Board of Education for the fiscal year ended June 30, 2018, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four sections: Introductory, Financial, Statistical and Single Audit. The Introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The Financial section includes Management's Discussion and Analysis, the basic financial statements and schedules, as well as the auditor's report thereon. The Statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996 and *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and New Jersey OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments.* Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1. <u>**REPORTING ENTITY AND ITS SERVICES:**</u> The City of North Wildwood Board of Education is an independent reporting entity as set forth in Section 2100 of the *GASB Codification of Governmental Accounting and Financial Reporting Standards*. All funds of the District are included in this report. The City of North Wildwood Board of Education and its school constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre K - 8. These include regular, vocational as well as special education for handicapped students. The District completed the 2017-2018 fiscal year with an enrollment of 207 students, which is 68 students less than the previous year's enrollment.

2. <u>ECONOMIC CONDITION AND OUTLOOK:</u> Our City continues to experience an increase of tourists and an extended tourist year with festivals, parades and other additional activities. The community continues to grow with an influx of new housing,

renovations and additions to property. Many of the new dwellings are single family or summer only homes. This has caused a reduced inventory of rental properties, which has impacted enrollment. The sending district of West Wildwood has seen increased flooding during recent years, which has reduced the rental properties. This has also effected our enrollment.

3. <u>MAJOR INITIATIVES:</u> The District provides instructional programs for pre-kindergarten through eighth grade, which are supplemented with programs including library, technology, art, music, applied technology, computers, gifted and talented, and basic skills.

The District continues to focus on the implementation of the New Jersey Student Learning Standard and to align school programs with the benchmarks identified in the Standards. Language Arts/Literacy, Mathematics, Science, Health and Physical Education, Visual and Performing Arts, Social Studies and World Languages are reviewed as part of the multi-year curriculum review. The District has expanded the technology curriculum and instruction to include the elementary grades to meet the new Technology Literacy Standard. These important standards have both curricular and financial support to anticipate student success on the State's NJ ASK and school assessment tests, as well as the PARCC Tests. The District has expanded the Pre-kindergarten program to educate three year old students.

The District continues to focus on supportive programs to increase student engagement. The District has taken on a major initiative to improve instruction in the classroom and reduce the number of students being serviced in the resource room. This has required extensive professional development in collaborative teaching and differentiated instruction. The District is a member of the Cape Atlantic Athletic League for extracurricular offerings and to provide students with the opportunity to experience interaction outside the barrier island.

Community and parental involvement are a primary focus of the Board and staff. The District joined with the City government and service agencies to provide community service projects for students. The District supported the local Home and School Association's initiatives to increase educational opportunities for students and create more parental involvement.

Upgrading of the computer network and in-house teacher training including the use of Google Classroom are critical components to maintaining staff and student use and value for technology

4. INTERNAL ACCOUNTING CONTROLS: Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse, and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District's Management.

As part of the District's single audit described earlier, tests are made periodically to determine the adequacy of the internal control structure, including that portion related to

state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5. <u>BUDGETARY CONTROLS:</u> In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance as of June 30, 2018.

- 6. <u>ACCOUNTING SYSTEM AND REPORTS:</u> The District's accounting records reflect accounting principles generally accepted in the United States of America, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in the "Notes to the Financial Statements", Note 1.
- 7. FINANCIAL INFORMATION AT FISCAL YEAR END: As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.
- 8. <u>DEBT ADMINISTRATION:</u> At June 30, 2018, the District's outstanding debt issues included \$185,000.00 of general refunded bonds. The proceeds of this issue were to provide funds for the construction and renovation of the Margaret Mace School.
- **9. CASH MANAGEMENT:** The investment policy of the District is guided in large part by state statute as detailed in "Notes to Financial Statements", Note 2. The District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1980 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.
- 10. <u>**RISK MANAGEMENT:**</u> North Wildwood Board of Education carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

#### 11. OTHER INFORMATION:

**Independent Audit** - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Ford, Scott & Associates, L.L.C., CPAs, was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1996 and related Uniform Guidance and New Jersey OMB Circular 15-08. The auditor's report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

#### 12. ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the City of North Wildwood Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could have not been accomplished without the efficient and dedicated services of our financial and accounting personnel.

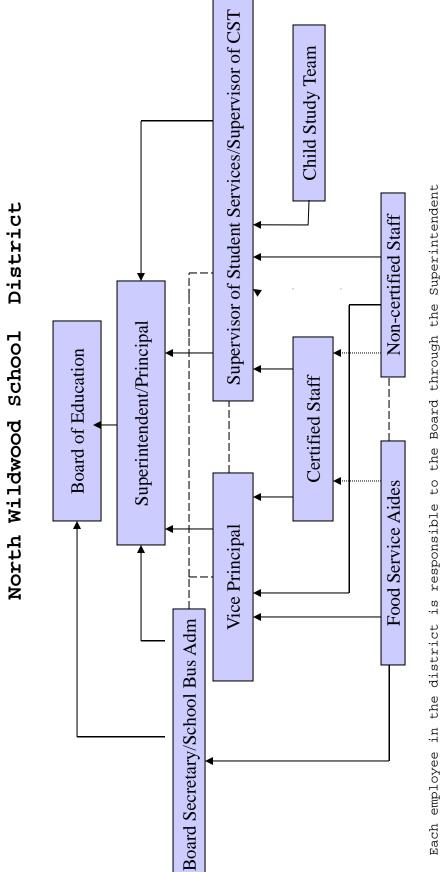

Respectfully submitted,

Christopher Armstrong

Christopher Armstrong Superintendent

#### Independent Auditor's Report

Honorable President and Members of the Board of Education City of North Wildwood School District County of Cape May, New Jersey

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of North Wildwood School District, City of North Wildwood, New Jersey, as of and for the fiscal year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of North Wildwood School District, City of North Wildwood, New Jersey, as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Required Supplementary Information identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of North Wildwood School District's basic financial statements. The introductory section, combining and individual non-major fund financial statements, schedule of expenditures of federal awards, as required by *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), the schedule of state financial assistance as required by NJ OMB 15-08, and statistical information are presented for purposes of additional analysis and are not a required part of the basic financial statements.* 

The combining statements, and individual non-major fund financial statements, schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), the schedule of state financial assistance as required by NJ OMB 15-08, and statistical information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), the schedule of state financial assistance as required by NJ OMB 15-08, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 22, 2019 on our consideration of the City of North Wildwood School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of North Wildwood School District's internal control over financial reporting and compliance.

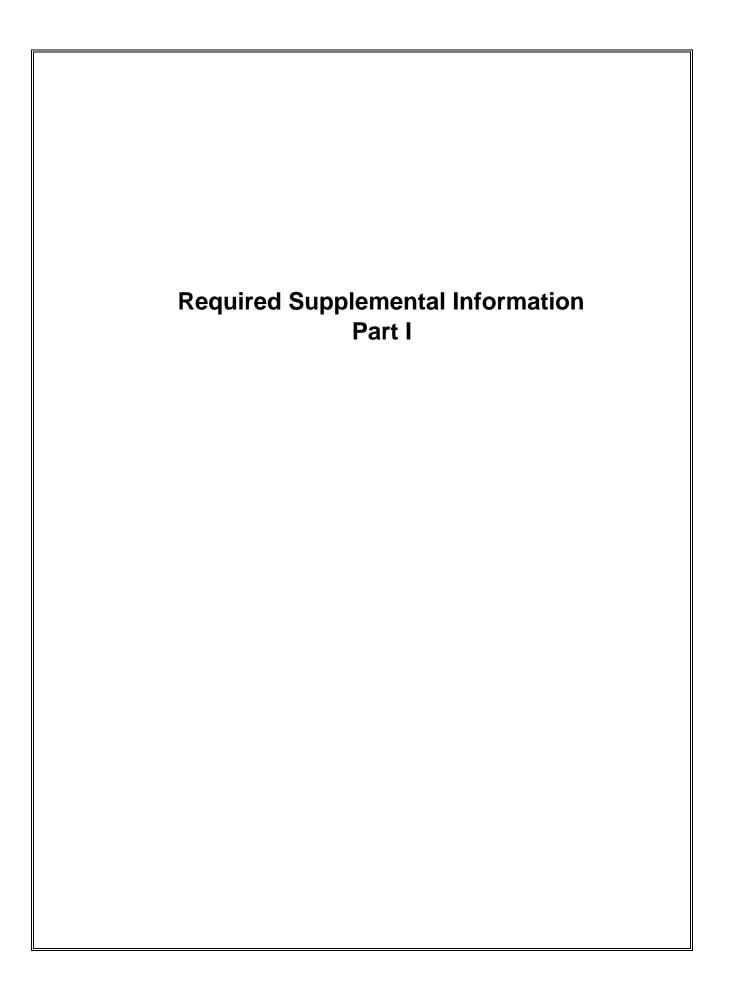

Very truly yours,

Ford, Scott & Associates, L.L.C. FORD, SCOTT & ASSOCIATES, L.L.C. CERTIFIED PUBLIC ACCOUNTANTS

Leon P. Costello

Leon P. Costello Certified Public Accountant Licensed Public School Accountant No. 767

## MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the City of North Wildwood School District ("District") annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2018. Please read it in conjunction with the transmittal letter at the front of this report and the District's financial statement.

#### FINANCIAL HIGHLIGHTS

- The net position of the District increased compared to the prior year as a result of an increase in tuition from other LEA's, and an overall decrease in expenditures, in particular tuition to other LEA's and pupil transportation.
- The State of New Jersey reimbursed the District \$250,684.13 during the fiscal year ended June 30, 2018 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. Also the State paid \$1,612,220.00 on behalf of the District for TPAF Pension Contributions and OPEB. These amounts, which are not budgeted, are included as both a revenue and appropriation in the financial statements.
- As indicated by New Jersey State Statutes, the unreserved fund balance of the general fund is limited to the greater of \$250,000.00 or 2% of the total general fund expenditures. Any excess is required to be designated as Restricted Fund Balance – Excess Surplus and included in the next year's budget as budgeted fund balance. As of June 30, 2018 the District had excess surplus in the amount of \$1,152,644.27 of which \$471,511.00 has been appropriated and included as anticipated revenue in the 2019 fiscal year budget. This is compared to the prior year excess surplus of \$1,173,722.21, of which \$702,211.00 was budgeted in the 2018 fiscal year budget.
- During the fiscal year ended June 30, 2018, the District's governmental fund revenue realized was \$485,416.88 more than total expenditures. This increase can be attributed to an increase in the tax levy as well as an overall decrease in expenditures.
- In the District's business-type activities, net position decreased \$1,454.92 during the 2018 fiscal year compared to a \$635.40 decrease in fiscal year 2017.

### OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts – management's discussion and analysis (this section), the basic financial statements, required supplementary information, and an optional section that presents combining statements for special revenue, proprietary, and fiduciary funds. The basic financial statements include two kinds of statements that present different views of the District.

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the District's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on individual parts of the District's government, reporting on the District's operations in *more detail* than the government-wide statements.
  - The governmental funds statements tell how general government services like instruction were financed in the short term as well as what remains for future spending.
  - Proprietary fund statements offer short- and long-term financial information about the activities the District operates like businesses, such as the food service program.
  - Fiduciary fund statements provide information about the financial relationships like the unemployment trust fund – in which the District acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial

statements. Figure A-1 shows how the required parts of this annual report are arranged and relate to one another.

Figure A-1 summarizes the major features of the District's financial statements, including the portion of the District's government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

#### **Government-wide Statements**

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes *all* of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's *net positions* and how they have changed. Net position – the difference between the District's assets and liabilities – is one way to measure the District's financial health, or *position*.

- Over time, increases or decreases in the District's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the District you need to consider additional non-financial factors such as changes in the City's property tax base and the condition of the District's facilities.

The government-wide financial statements of the District are divided into two categories:

- *Governmental activities* most of the District's basic services are included here, such as instruction, transportation, administration, and plant operations. Property taxes and state and federal grants finance most of these activities.
- Business-type activities the District charges fees to customers to help it cover the costs of certain services it provides. The District's food service program is included here.

#### **Fund Financial Statements**

The fund financial statements provide more detailed information about the District's most significant *funds* – not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes.

The District has three kinds of funds:

- Governmental funds Most of the District's basic services are included in governmental funds, which focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the governmental funds statements, we provide additional information at the bottom of the governmental funds statement that explains the relationship (or differences) between them.
- *Proprietary funds* Services for which the District charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long- and short-term financial information. In fact, the District's *enterprise funds* (one type of proprietary fund) are the same as its business-type activities, but provide more detail and additional information, such as cash flows.
- *Fiduciary funds* The District is the trustee, or *fiduciary*, for other assets that because of a trust arrangement can be used only for the trust beneficiaries. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District's fiduciary activities are reported in separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the District's government-wide financial statements because the District cannot use these assets to finance its operations.

#### FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

**Net position**. The District's governmental activities net position increased between fiscal years 2017 and 2018 as a result of a decrease in expenses, in particular tuition and the change in net position liability. Net position for business-type activities decreased \$1,454.92 during the current fiscal year.

	Governmental Activities		Business-type Activites		<u>Total</u>

Total net position	\$ 5,280,193.47	4,713,877.58	22,593.70	24,048.62	5,302,787.17	4,737,926.20

**Changes in net position**. The total governmental fund revenue of the District increased slightly compared to amounts recognized in the prior year. This can be attributed to an increase in the overall tax levy, as well as an increase in the amount of On-behalf Pension and OPEB contributions by the State of New Jersey. For 2018 and 2017, the local tax levy was 58.68% and 60.39% of total governmental fund revenues, respectively. The municipality levies this tax on properties located in the City and remits the collections on a monthly basis to the District.

Approximately 5.38% of the District's governmental funds revenue came from the State of New Jersey and Federal Government in the form of unrestricted aid. The state aid is based on the District's enrollment as well as other factors such as legislative funding of the SFRA formula. The federal funding will vary depending on available funding for that year. The District expenses are primarily related to instruction, administration, and plant operations.

#### **Business-type Activities**

Operating and non-operating revenues of the District's business-type activities decreased \$2,097.48 from the previous year while expenses also decreased \$1,277.96. The overall enrollment of the District continued to decrease which had an impact on the number of lunches served. Procedures were put in place to ensure each student received breakfast upon entering school for the day. This had an impact on the amount reimbursed from the Federal government.

#### FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As of the year end, the governmental funds reported a combined fund balance of \$5,280,193.47 which is \$566,315.89 higher than the beginning of the year. This is primarily due to an increase in the District's tax levy and tuition collected from other local school districts. In addition, there was an overall decrease in expenses.

#### General Fund Budgetary Highlights

As further explained in the Notes to the Financial Statements, annual appropriated budgets are prepared in the spring of each year for the general and special revenue funds. The budgets are submitted to the County office and, as a Type II School District that has elected to have November elections, requires approval by the voters only when statutory limits are exceeded. Transfers of appropriations may be made by Board resolution at any time during the fiscal year. The District is permitted to encumber funds throughout the year for purchases ordered but not yet received. Any open encumbrances as of June 30<sup>th</sup> carry over to the next fiscal year and are added to the appropriation reflected in the certified budget.

After adjusting total revenue reported on Exhibit C-1 for the Reimbursed TPAF Social Security Contribution and on-behalf TPAF Pension Contributions, which are not budgeted, the District's actual revenue was \$69,989.89 higher than the budgeted amount. Again, after adjusting for the Reimbursed TPAF Social Security Contribution and on-behalf TPAF Pension Contributions, actual expenditures were below the budgeted appropriations by \$1,379,252.12.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

#### **Capital Assets**

At the end of 2018, the District had invested \$5,333,123.30, net of depreciation, in a broad range of capital assets, including land, buildings, vehicles and machinery. Capital assets purchased through the business-type activities are fully depreciated.

	2018	2017
Land	\$ 474,000.00	474,000.00
Buildings & Improvements	4,796,598.22	4,802,660.98
Machinery & Equipment	62,525.08	77,611.27
Total	\$ 5,333,123.30	5,354,272.25

Total aggregate cost basis for the districts capital assets as of June 30, 2018 was \$8,703,137.19 with accumulated depreciation of \$3,370,013.89. More detailed information about the District's capital assets is presented in Note 7 to the financial statements.

#### Long-term Debt

	Balance June 30, 2017	Issued	Retired	Balance June 30, 2018
Governmental Activities				
Bonds Payable	365,000.00		180,000.00	185,000.00

#### For the Future

The City of North Wildwood School District is in good financial condition presently. The School District is proud of its community support of the public schools.

In conclusion, the City of North Wildwood School District has committed itself to financial excellence for many years. In addition, the School District's system for financial planning, budgeting, and internal financial controls are well regarded. The School District plans to continue its sound fiscal management to meet the challenges of the future.

#### CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the school district's finances and to show the school district's accountability for the money it receives. If you have any questions about this report or need additional information, contact Rose M. Millar, School Business Administrator at the City of North Wildwood Board of Education District Office, 1201 Atlantic Avenue, City of North Wildwood, NJ 08260.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of North Wildwood School District is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District.

The financial statements of the Board of Education (Board) of the City of North Wildwood School District (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. In its accounting Standards Board (GASB). The District follows the pronouncements of the Governmental Accounting Standards Board (GASB). The more significant accounting policies established in GAAP and used by the District are discussed below.

### A. Reporting Entity:

The City of North Wildwood School District is a Type II district located in the County of Cape May, State of New Jersey. As a type II district, the School District functions independently through a Board of Education. The board is comprised of seven members elected to a three-year term. The purpose of the District is to educate students in grades K-8. The City of North Wildwood School District had an approximate enrollment at June 30, 2018 and 2017 of 207 and 275 students.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is whether:

- > the organization is legally separate (can sue or be sued in their own name)
- > the District holds the corporate powers of the organization
- > the District appoints a voting majority of the organization's board
- the District is able to impose its will on the organization
- > the organization has the potential to impose a financial benefit/burden on the District
- there is a fiscal dependency by the organization on the District

Based on the aforementioned criteria, the District has no component units.

### **B. BASIC FINANCIAL STATEMENTS – GOVERNMENT-WIDE STATEMENTS:**

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The District's general and special revenue activities are classified as governmental activities. The District's food service program is classified as a business-type activity.

In the governmental-wide Statement of Net Position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, (b) and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net positions are reported in three parts-invested in capital assets, net of related debt; restricted net position; and unrestricted net position. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions and business-type activities (food service). The functions are also supported by general government revenues (property taxes, tuition, certain intergovernmental revenues, etc.). The Statement

of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (regular instruction, vocational programs, student & instruction related services, etc.) or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property taxes, tuition, interest income, etc.).

a. The District does allocate indirect costs such as depreciation expense, compensated absences, On-behalf TPAF Pension Contributions, and Reimbursed TPAF Social Security Contributions.

The government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities. Fiduciary funds are not included in the government-wide statements.

### C. BASIC FINANCIAL STATEMENTS – FUND FINANCIAL STATEMENTS

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The emphasis in fund financial statements is on the major funds in either the governmental or businesstype activities categories. Non-major funds by category are summarized into a single column. GASB Standards sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The non-major funds are combined in a column in the fund financial statements. The State of New Jersey Department of Education has mandated that all New Jersey School Districts must report all governmental funds as major, regardless of the fund meeting the GASB definition of a major fund. However, the criteria are applied to proprietary funds.

The following fund types are used by the District:

### 1. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District.

- a. **General fund** is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.
- b. **Special revenue** funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for a specific purpose. The special revenue fund is specifically used to account for state and federal grant monies that have been allocated to the District.
- c. **Debt service** funds are used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

### {This space intentionally left blank}

### Fund Balances – Governmental Funds

In the fund financial statements, governmental funds report the following classifications of fund balance:

- Nonspendable includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.
- Restricted includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.
- Committed includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to resolutions passed by the Board of Education, the District's highest level of decision making authority. Commitments may be modified or rescinded only through resolutions approved by the Board of Education.
- Assigned includes amounts that the District intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Under the District's policy, amounts may be assigned by the Business Administrator.
- Unassigned includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the General Fund. The District reports all amounts that meet the unrestricted General Fund Balance Policy described below as unassigned:

The details of the fund balances are included in the Governmental Funds Balance Sheet. When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balance are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

### 2. Proprietary Funds:

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the District:

a. Enterprise funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designated to recover similar costs. The District operates a food service fund to provide a child nutrition program for the students of the district.

#### 3. Fiduciary Funds:

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support District programs. The reporting focus is on net position and changes in net position and are reported using accounting principles similar to proprietary funds.

The District's fiduciary funds are presented in the fiduciary fund financial statements by type (pension, private purpose and agency). Since by definition these assets are being held for the benefit of a third

party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

All funds internal activity is eliminated when carried to the Government-wide statements.

### **D. BASIS OF ACCOUNTING**

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

### 1. Accrual:

Both governmental and business-type activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

### 2. Modified Accrual:

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

#### **E. FINANCIAL STATEMENT AMOUNTS**

#### 1. Cash and Cash Equivalents:

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

For the purpose of determining cash equivalents the District considers all investments with an original maturity of three months or less as cash equivalents.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey Statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

NJSA 17:9-41 et. Seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental

Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental units.

#### 2. Investments:

Investments, including deferred compensation and pension funds, are stated at fair value, (quoted market price or the best available estimate). Interest earned on investments in the Capital Projects Fund is recognized in the District's General Fund.

### 3. Inventories:

Inventories in the general fund consist of expendable supplies held for the District's use and are carried at cost using the first-in, first-out method. Inventories in the enterprise fund are valued at cost, which approximates market, using the first-in, first –out method. The District did not have inventory in the general fund and had the following inventory in the enterprise fund:

Food	\$ 18.54
Supplies	 36.84
	\$ 55.38

### 4. Capital Assets:

Capital assets purchased or acquired with an original cost of \$2,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-50 years
Machinery and equipment	5-20 years
Improvements	10-20 years

Infrastructure assets include roads, parking lots, underground pipe, etc. All infrastructure assets are reported in the financial statements and are being depreciated over their useful lives.

#### 5. Revenues:

Substantially all governmental fund revenues are accrued. Property taxes are susceptible to accrual and under New Jersey State Statutes a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. Subsidies and grants to proprietary funds, which finance either capital or current operations, are reported as non-operating revenue. In respect to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and unearned revenue by the recipient. Program revenues, including tuition revenue are reported as reductions to expenses in the statement of activities.

#### 6. Expenditures:

Expenses are recognized when the related fund liability is incurred. Inventory costs are reported in the period when inventory items are used, rather than in the period purchased.

### 7. Compensated absences:

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

In governmental and similar trust funds, compensated absences that are expected to be liquidated with expendable available financial resources are reported as an expenditure and fund liability in the fund that will pay for the compensated absences. The remainder of the compensated absences liability is reported in the District-wide Financial Statements as a Governmental Activity.

In proprietary and similar trust funds, compensated absences are recorded as an expense and liability of the fund that will pay for them.

### 8. Interfund Activity:

Interfund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related costs as reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

#### 9. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds. The budgets are submitted to the county office for approval and, as long as the District budget is within State mandated CAPs, there is no public vote on the budget. If the budget exceeds State mandated CAPs, the voters have an opportunity to approve or reject the budget at the regular election held in November. Budgets are prepared using the modified accrual basis of accounting, except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:23-2(g). Transfers of appropriations may be made by School Board resolution at any time during the fiscal year and are subject to two-thirds majority vote by the School Board and under certain circumstances require approval by the County Superintendent of Schools. The following significant transfers were approved by the Board of Education during the 2018 and 2017 fiscal years:

{This space intentionally left blank}

	_	6/30/18	6/30/17

Regular Programs – Undistributed Instruction-Supplies			(37,716.39)
Multiple Disabilities – Teacher Salaries		64,264.74	60,000.00
Construction Services		166,410.00	

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payments for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

#### 10. Tuition Receivable

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

### 11. Tuition Payable

Tuition charges for the fiscal years 2017/18 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined.

#### 12. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those results.

### **13. Allocation of Costs**

In the government-wide statement of activities, the District has allocated unallocated benefits to various programs based on the original budgetary expenditures by program.

### 14. Pensions

Pensions: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers Pension and Annuity Fund (TPAF) and Public Employee Retirement System (PERS) and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the TPAF and PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value

### F. RECENT ACCOUNTING PRONOUNCEMENTS

In November 2016, the Governmental Accounting Standards Board (GASB) issued Statement No. 83 "Certain Asset Retirement Obligations". This statement, which is effective for fiscal periods beginning after June 15, 2018, will not have any effect on the District's financial reporting.

In January 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 84 "Fiduciary Activities". This statement, which is effective for fiscal periods beginning after December 15, 2018, will not have any effect on the District's financial reporting.

In June 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 87 "Leases". This statement, which is effective for reporting periods beginning after December 15, 2019, may have an effect on the District's financial reporting.

In March 2018, the Governmental Accounting Standards Board (GASB) issued Statement No. 88 "Certain Disclosures Related to Debt including Direct Borrowing and Direct Placements". This statement, which is effective for reporting periods beginning after June 15, 2018, may have an effect on the District's financial reporting.

In June 2019, the Governmental Accounting Standards Board (GASB) issued Statement No. 89, "Accounting for Interest Costs Incurred Before the End of a Construction Period". This statement, which is effective for fiscal periods beginning after December 15, 2019, will not have any effect on the District's financial reporting.

In August 2019, the Governmental Accounting Standards Board (GASB) issued Statement No. 90, "Majority Equity Interests – an amendment of GASB Statements No. 14 and No. 61". This statement, which is effective for fiscal periods beginning after December 15, 2019, will not have any effect on the District's financial reporting.

### NOTE 2. INVESTMENTS

As of June 30, 2018, the District had no investments.

**Interest Rate Risk.** The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 18A:20-37 limits the length of time for most investments to 397 days.

**Credit Risk**. New Jersey Statutes 18A:20-37 limits District investments to those specified in the Statutes. The type of allowable investments are Bonds of the United States of America or of the District or the local units in which the District is located; obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

**Concentration of Credit Risk**. The District places no limit on the amount the District may invest in any one issuer.

# NOTE 3. CASH

**Custodial Credit Risk – Deposits**. Custodial credit risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in the New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 18A:20-37 that are treated as cash equivalents. As of June 30, 2018, \$127,217.05 of the District's bank balance of \$2,862,605.60 was exposed to credit risk.

### **NOTE 4. CAPITAL RESERVE ACCOUNT**

A capital reserve account was established by the City of North Wildwood School District in a prior year, which was certified for taxes, for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP) and updated annually in the Quality Assurance Annual Report (QAAR). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to NJSA 19:60-2. Pursuant to NJAC 6:23A-5.1(d)7, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2017 to June 30, 2018 fiscal year is as follows:

Beginning balance, July 1, 2017 Interest earnings	\$ 441,083.09 3,258.04
Deposits:	0,200.04
Budgeted – 2018 adopted budget	2,000.00
Board Resolution – adopted 6/25/18	500,000.00
Decreased by:	
Board Resolution – adopted 12/18/17	(189,809.10)
Ending balance, June 30, 2018	\$ 756,532.03

{This space intentionally left blank}

### NOTE 5. MAINTENANCE RESERVE FUND

New Jersey Administrative Code 6A:23A-14.2 permits school districts to establish a maintenance reserve account for the required maintenance of the District's facilities, in accordance with the Commissioner approved plan. The District can increase the balance in this reserve account by appropriating funds in the annual general fund budget certified for taxes or by deposit of any unanticipated revenue or unexpended line-item appropriation by board resolution at year end.

Beginning balance, July 1, 2017	\$ 327,702.90
Deposits:	
Interest earnings	2,880.59
Board Resolution – adopted 6/25/18	250,000.00
Decreased by:	
Anticipated as revenue in FY18 budget	0.00
Ending balance, June 30, 2018	\$ 580,583.49

### **NOTE 6. RESERVE FOR TUITION**

New Jersey Administrative Code 6A:23A-17.1(f) permits school districts to establish a tuition reserve account to restrict funds for a foreseeable future tuition adjustment. The maximum amount that may be restricted at year end is 10% of the estimated tuition cost of the contract year. Upon certification of rates in the second year following the contract year, full appropriation of the applicable year's reserve must be liquidated and any remaining balance related to that year must be reserved and appropriated in the budget.

The activity of the tuition reserve for the July 1, 2017 to June 30, 2018 fiscal year is as follows:

Beginning balance, July 1, 2017 Reserve for 2017/2018 Reserve for 2018/2019	\$	5,0468.23 49,988.73	
			100,456.96
Increased by:			
Board resolution – adopted 6/25/18			50,000.00
Interest earnings			592.65
Decreased by:			
Anticipated in FY18 budget			(50,468.00)
Ending balance, June 30, 2018			
Reserve for 2018/2019		49,988.73	
Reserve for 2019/2020		50,592.88	
	\$		100.581.61
	Ψ		100,001.01

{This space intentionally left blank}

### NOTE 7. FIXED ASSETS

Capital asset activity for the year ended June 30, 2018 was as follows:

		Balance <u>6/30/17</u>	Additions	Disposals/ Adjustments	Balance <u>6/30/18</u>

	\$	215,302.05

### NOTE 8. OPERATING LEASES

Effective December 2013, the District entered into a lease agreement for a postage machine and meter. The lease term is 63 months with payments of \$141.00 and \$129.00 due quarterly, respectively. Total rent expense for the 2018 fiscal year was \$1,080.00.

Effective July 2014, the District entered into a lease agreement for 7 Copiers. The lease term is 48 months with payments of \$2,603.82 due monthly. Total rent expense for the 2018 fiscal year was \$31,245.84.

Effective July 2014, the District entered into a lease agreement for 36 printers. The lease term is 48 months with payments of \$532.58 due monthly. Total rent expense for the 2018 fiscal year was \$6,390.96.

Effective July 2017, the District entered into a lease agreement for 6 copiers. The lease term is 48 months with payments of \$1,599.59 due monthly.

The following are minimum lease payments due on an annual basis:

Year ending June 30,	
2019	7,110.96
2020	0.00
2021	0.00
2022	0.00
2023	0.00
Total	\$ 7,110.96

#### NOTE 9. GENERAL LONG-TERM DEBT

During the fiscal year ended June 30, 2018 the following changes occurred in liabilities reported in the general long-term debt account group:

Activities           Compensated           Absences Payable         \$ 393,275.29         48,530.80         68,731.17         373,074.92         -           Refunding Bonds         365,000.00         180,000.00         185,000.00         185,000.00           Net Pension Liability         3,467,801.00         812,823.00         1,971,738.00         2,308,886.00         -           Total         4,226,076.29         861,353.80         2,220,469.17         2,866,960.92         185,000.00           Business-type         Activities         Compensated         Absences Payable         -         -           Business-type activities         -         -         -         -         -	Covernmentel	Balance <u>6/30/17</u>	Issued	Retired	Balance <u>6/30/17</u>	Due within <u>One Year</u>

### A. Bonds Payable:

Bonds are authorized in accordance with State law by the voters of the municipality through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the District are general obligation bonds.

Long-term debt as of June 30, 2018 consisted of the following:

\$1,095,000 School Bonds dated 6/4/13 payable in annual installments through 21/19. Interest is paid semiannually at varying rates, which range from 1.25% to 2.25%. The balance remaining as of June 30, 2018 was \$185,000.

Principal and interest due on serial bonds outstanding is as follows:

Year Ending June 30,	Principal	Interest	Total
2019	185,000.00	4,162.50	189,162.50
2020	0	0	0
2021	0	0	0
2022	0	0	0
2023	0	0	0
Total	\$ 185,000.00	4,162.50	189,162.50

### NOTE 10. PENSION PLANS

#### Description of Plans

All required employees of the District are covered by either the Public Employees' Retirement System or the Teacher's Pension and Annuity Fund cost-sharing multiple-employer defined benefit pension plans which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625 or the reports can be accessed on the internet at http://www.state.nj.us/treasury/pensions/annrpts.shtml.

### Teachers' Pension and Annuity Fund

The Teachers' Pension and Annuity Fund was established in January, 1955 under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

### Public Employees' Retirement System

The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not required to be a member of another State-administered retirement system or other state or local jurisdiction.

### Defined Contribution Retirement Program (DCRP)

The Defined Contribution Retirement Program (DCRP) was established as of July 1, 2008 under the provisions of N.J.S.A. 43:15C-1 et seq. The DCRP is a cost-sharing multiple-employer defined contribution pension fund. The DCRP provides eligible members, and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N.J.S.A 43:15C-1 et seq.

### Funding Policy

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 7.34% (through 3/31/18) and 7.64% (effective 4/1/18) of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The current TPAF rate is 23.85% and the PERS rate is 13.53% of covered payroll. The School District's contributions to TPAF for the years ending June 30, 2018, 2017 and 2016 were \$840,968.00, \$716,308.00, and \$579,238.00, respectively, and paid by the State of New Jersey on behalf of the board, equal to the required contributions for each year. The School District's contributions to TPAF and 2016 were \$93,487.41, 104,996.01, and \$88,545.00, respectively, equal to the required contributions for each year.

The Board's total payroll for the year ended June 30, 2018, 2017 and 2016 was \$4,544,969.50, \$4,674,065.23, and \$4,575,760.13; covered payroll was \$3,525,878.00, \$3,584,379.00, and \$3,457,958.00, for TPAF; and \$690,824.00, \$710,828.00, and \$687,627.00, for PERS.

### Significant Legislation

Chapter 78, P.L. 2011, effective June 28, 2011 made various changes to the manner in which the Public Employees' Retirement System (PERS) and the Teacher's Pension and Annuity Fund (TPAF) operate and to the benefit provisions of those systems.

Chapter 78's provisions impacting employee pension and health benefits include:

- New members of the PERS and TPAF hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of 1/4 of 1% for each month that the member is under age 65.
- The eligibility age to qualify for a service retirement in the systems is increased from age 63 to 65 for Tier 5 members.
- Increases in active member contribution rates. PERS active member rates increase from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years. For fiscal year 2013, the member contribution rates increased in October 2012. The phase-in of the additional

incremental member contribution rates for PERS members will take place in July of each subsequent fiscal year.

- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law.
- New employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary.
- In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

Chapter 1, P.L. 2010, effective May 21, 2010, made a number of changes to the State-administered retirement systems concerning eligibility, the retirement allowance formula, the definition of compensation, the positions eligible for service credit, the non-forfeitable right to a pension, and employer contributions to the retirement systems.

Also, Chapter 1, P.L. 2010 changed the membership eligibility criteria for new members of PERS from the amount of annual compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of PERS and TPAF to 1/60<sup>th</sup> from 1/55<sup>th</sup>, and it provided that new members of PERS and TPAF have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of PERS and TPAF will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. The law also requires the State to make its full pension contribution, defined a 1/7<sup>th</sup> of the required amount, beginning in fiscal years 2012.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of the PERS and TPAF with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Chapter 92, P.L. 2007 implemented certain recommendations contained in the December 1, 2006 report of the Joint Legislative Committee on Public Employee Benefits Reform; established a DCRP for elected and certain appointed officials, effective July 1, 2007; the new pension loan interest rate became 4.69% per year, and an \$8.00 processing fee per loan was charged, effective January 1, 2008. The legislation also removed language from existing law that permits the State Treasurer to reduce employer pension contributions needed to fund the Funds and Systems when excess assets are available.

### NOTE 11. PUBLIC EMPLOYEES' RETIREMENT FUND (PERS)

At June 30, 2018, the District reported a liability of \$2,308,886 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2017, the District's proportion was .00991857450%, which was an decrease of 15.29% from its proportion measured as of June 30, 2016.

For the year ended June 30, 2017, the District recognized pension expense of \$183,340.00. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

Deferred Outflows			Deferred Inflows	
of	Resources	o	Resources	
\$	54,366.00			
	465,161.00		463,456.00	
	15,722.00			
	277,574.00		319,075.00	
	-			
\$	812,823.00	\$	782,531.00	
		of Resources \$ 54,366.00 465,161.00 15,722.00 277,574.00 -	of Resources         of           \$ 54,366.00         465,161.00           15,722.00         277,574.00           -         -	

\$91,885 reported as deferred outflows of resources related to pensions resulting from school district contributions subsequent to the measurement date (June 30, 2017) will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended	
June 30,	
2019	\$ 24,100.00
2020	35,013.00
2021	20,798.00
2022	(27,805.00)
2023	 (21,814.00)
Total	\$ 30,292.00

### Actuarial Assumptions

The total pension liability for the June 30, 2017 measurement date was determined by an actuarial valuation of July 1, 2016, which was rolled forward to June 30, 2017. This actuarial valuation used the following assumptions, applied to all period in the measurement:

Inflation rate	2.25%
Salary increases:	
Through 2026	1.65% - 4.15% (based on age)
Thereafter	2.65% - 5.15% (based on age)
Investment rate of return:	7.00%

Pre-retirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. For State employees, mortality tables are set back 4 years for males

and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

The actuarial assumptions used in the July 1, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more experience deviates, the larger the impact on future financial statements.

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2017) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflations. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2017 are summarized in the following table:

{This space intentionally left blank}

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Absolute return/risk mitigation	5.00%	5.51%
Cash equivalents	5.50%	1.00%
U.S. treasuries	3.00%	1.87%
Investment grade credit	10.00%	3.78%
Public high yield	2.50%	6.82%
Global diversified credit	5.00%	7.10%
Credit oriented hedge funds	1.00%	6.50%
Debt related private equity	2.00%	10.63%
Debt related real estate	1.00%	6.61%
Private real asset	2.50%	11.83%
Equity related real estate	6.25%	9.23%
U.S. equity	30.00%	8.19%
Non-U.S. developed markets equity	11.50%	9.00%
Emerging markets equity	6.50%	11.64%
Buyouts/venture capital	8.25%	13.08%

# Discount Rate

The discount rate used to measure the total pension liability was 5.00% as of June 30, 2017. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.58% as of June 30, 2017, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contributions and the local employers contributed 40% of the actuarially determined contributions and the local employers contributed 100% of the actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2040. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2040 and the municipal bond rate was applied to projected benefit payments through 2040 and the municipal bond rate was applied to projected benefit payments through 2040 pension liability.

### Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate.

The following presents the collective net pension liability of the participated employers as of June 30, 2017, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	1%	Current Discount	1%
	Decrease	Rate	Increase
	 (4.00%)	(5.00%)	(6.00%)
District's proportionate share of			
the net pension liability	\$ 2,770,106	2,308,886	1,925,130.51

### Pension plan fiduciary net position.

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

#### NOTE 12. TEACHERS' PENSION AND ANNUITY FUND (TPAF)

At June 30, 2018, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proprotionate share of the net pension liability	\$ -
State's proprotionate share of the net position liability associated with the District	23,407,225.00
Total	\$ 23,407,225.00

The net pension liability was measured as of June 30, 2017 and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. At June 30, 2017, the District's proportion was 0.00%, which was no change from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the District recognized pension expense of \$1,621,534 and revenue of \$389,837 for support provided by the State. At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to TPAF from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and actual experience	\$	153,141.00	40,057.00	
Changes of assumptions		4,644,484.00	4,056,593	
Net difference betweenn projected and actual earnings				
on pension plan investments	\$	118,560		
Changes in proportion and differences between District				
contributions and proportionate share of contributions	\$	1,437,074		
District contributions subsequent to the measurement date				
Total	\$	6,353,259.00	4,096,650.00	

\$389,837 reported as deferred outflows of resources related to pensions resulting from district contributions subsequent to the measurement date (June 30, 2017) will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	
00/0	
2019	\$ 707,715.00
2020	1,123,841.00
2021	939,689.00
2022	526,865.00
2023	597,315.00
Thereafter	(1,638,815.00)
Total	\$ 2,256,610.00

Actuarial assumptions. The total pension liability in the June 30, 2017 actuarial valuation was determined by an actuarial valuation as of July 1, 2016, which was rolled forward to June 30, 2017. This actuarial valuation used the following assumptions, applied to all period included in the measurement:

Inflation Rate	2.25%
Salary increases	
2012-2021	Varies based on experience
Thereafter	Varies based on experience
Investment rate of return	7.00%

Pre-retirement, post-retirement and disable mortality rates were based on the experience of TPAF members reflecting mortality improvement on a generational basis based on a 60 year average of Social Security data from 1953 to 2013.

The actuarial assumptions used in the July 1, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2012 to June 30, 2015.

### Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2017) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2017 are summarized in the following table:

	Target	Long-Term Expected Real
Asset Class	Allocation	Rate of Return.
Absolute return/risk mitigation	5.00%	5.51%
Cash equivalients	5.50%	1.00%
U.S. treasuries	3.00%	1.87%
Investment grade credit	10.00%	3.78%
Public high yield	2.50%	6.82%
Global diversified credit	5.00%	7.10%
Credit oriented hedge funds	1.00%	6.60%
Debt related private equity	2.00%	10.63%
Debt related real estate	1.00%	6.61%
Private real asset	2.50%	11.83%
Equity related real estate	6.25%	9.23%
U.S. equity	30.00%	8.19%
Non-U.S. developed markets equity	11.50%	9.00%
Emerging markes equity	6.50%	11.64%
Buyouts venture capital	8.25%	13.08%

*Discount rate.* The discount rate used to measure the total pension liability was 4.25% as of June 30, 2017. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.58% as of June 30, 2017, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2036. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2036, and the municipal bond rate was applied to projected benefit payments through 2036, and the municipal bond rate was applied to projected benefit payments through 2036, and the municipal bond rate was applied to projected benefit payments through 2036, and the municipal bond rate was applied to projected benefit payments through 2036, and the municipal bond rate was applied to projected benefit payments through 2036.

#### Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate.

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 4.25% as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (3.25%) or 1-percentage point higher (5.25%) than the current rate:

	1%	Current Discount	1%
	Decrease	Rate	Increase
	 (3.25)	(4.25%)	(5.25%)
District's proportionate share of			
the net pension liability	\$ -	-	-

### Pension plan fiduciary net position.

Detailed information about the pension plan's fiduciary net position is available in the separately issued TPAF financial report.

### NOTE 13. OTHER POST-RETIREMENT BENEFITS

P.L. 1987, Chapter 384 and P.L. 1990 Chapter 6 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007 c. 103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for funding and payment of post-retirement medical benefits for retired State employees and educational employees. The cost of these benefits is funded through contributions by the State in accordance with Chapter 62, P.L. 1994. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

The State is also responsible for the cost attributable to Chapter 126, P.L. 1992, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service.

The School Employees Health Benefits Program (SEHBP) Act is found in New Jersey Statutes Annotated, Title 53, Article 17.25 et. seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASBS No. 75.

#### Employees covered by benefit terms:

At June 30, 2018, the following employees were covered by the benefit terms:

TPAF participant retirees:

As of June 30, 2017, there were 112,966 retirees receiving post-retirement medical benefits, and the State contributed \$1.39 billion on their behalf.

PERS participant retirees: The State paid \$238.9 million toward Chapter 126 benefits for 20,913 eligible retired members in Fiscal Year 2017.

#### Total OPEB Liability

The State, a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The District's proportional share percentage determined under paragraphs 193 and 203 through 205 of GASBS no. 75 is zero percent. Accordingly, the District did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. Accordingly, the following OPEB liability note information is reported at the State's level and is not specific to the board of education.

#### Actuarial assumptions and other imputes:

The total OPEB liability in the June 30, 2017 actuarial valuation reported by the State in the State's most recently issued CAFR was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate: The Bond Buyer General Obligation 20-Bond Municipal Bond Index is used for the determination of the discount rate. The discount rate used for the fiscal year ending June 30, 2017 is 3.58%.

Health Care Trend: For pre-Medicare PPO medical benefits, the initial amount is 5.9% and decreases to 5.0% long term trend rate after 9 years. For self-insured post-65 PPO medical benefits, the trend rate is 4.5%. For HMO medical benefits, the trend rate is initially 5.9% and decreases to a 5.0% long-term trend rate after 9 years. For prescription drug benefits, the initial trend rate is 10/5% decreasing to a 5.0% long-term trend rate after 8 years. For Medicare Part-B reimbursement, the trend rate is 5.0%.

Salary Scale: The salary scale assumptions will be consistent with the salary scale assumptions used in the pension plans and the calculation of the retiree health contributions for current and future retirees who are subject to Chapter 78. The PERS and TPAF pension actuarial reports are used for the fiscal year ending June 30, 2018.

The discount rate was based on the Bond Buyer General Obligation 20-Bond Municipal Bond Index.

Mortality rates were based on the following:

Pre-retirement Healthy Mortality: RP-2014 headcount-weighted healthy employee male/female mortality table with fully generational mortality improvement projections from the central year using scale MP-2017.

Post-retirement Healthy Mortality: RP-2014 headcount-weighted healthy annuitant male/female mortality table with fully generational improvement projections from the central year using scale MP-2017.

Disabled Mortality: RP-2014 headcount-weighted disabled male/female mortality table with fully generational improvement projections from the central year using scale MP-2017

Changes in the Total OPEB liability reported by the State of New Jersey.

Balance at 6/30/16	\$ 57,831,784,184.00
Changes for the year:	
Service cost	2,391,878,884.00
Interest	1,699,441,736.00
Changes in assumptions or other inputs	(7,086,599,129.00)
Contributions: Member	45,748,749.00
Benefit payments	(1,242,412,566.00)
Net changes	(4,191,942,326.00)
	( .,); = =,==::;;;;;;;;;;;;;;;;;;;;;;;;;;;;;;
Balance at 6/30/17	\$ 53,639,841,858.00

Changes of assumptions and other inputs reflect a change in the discount rate from 2.85% in 2016 to 3.58% in 2017.

#### Sensitivity of the total OPEB liability to changes in the discount rate:

The following presents the total OPEB liability of the State for school board retirees, as well as what the state's total OPEB liability for school boards would be it were calculated using a discount rate that 1 percentage point lower or 1 percentage point higher than the current discount rate:

	1% Decrease	Discount Rate	1% Increase
	(2.58%)	(3.58%)	(4.58%)
Total OPEB Liability (School Retirees)	63,674,362,200.00	53,639,841,858.00	45,680,364,953.00

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates.

The following presents the total OPEB liability of the State, as well as what the State's total OPB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare cost trend rates:

		Healthcare Cost	
	1% Decrease	Trend Rates	1% Increase
Total OPEB Liability			
(School Retirees)	44,113,584,560.00	53,639,841,858.00	66,290,599,457.00

### OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2018, the board of education recognized OPEB expense of \$1,101,108 determined by the State as the total OPEB liability for benefits provided through a defined OPEB plan that is not administered through a trust that meets the criteria in paragraph 4 of GASB 75 and in which there is a special funding situation.

In accordance with GASB 75, the board of education's proportionate share of school retirees OPEB is zero, there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources. At June 30, 2017, the State reported deferred outflows of resources and deferred inflows of resources related to retired school employees' OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	
Changes of assumptions		6,343,769,032.00
Net difference betweenn projected and actual earnings on pension plan investments		
Changes in proportion and differences between District contributions and proportionate share of contributions		
Contributions subsequent to the measurement date	1,190,373,242.00	
Total	\$ 1,190,373,242.00	6,343,769,032.00

Amounts reported as deferred outflows of resources and deferred inflows of resources related to retired school employees' OPEB will be recognized in OPEB expense as follows:

Year ended	
June 30,	
2019	\$ (742,830,097.00)
2020	(742,830,097.00)
2021	(742,830,097.00)
2022	(742,830,097.00)
2023	(742,830,097.00)
Thereafter	(2,629,618,547.00)
Total	\$ (6,343,769,032.00)

(Contributions made after June 30, 2017 are reported as deferred outflow of resources but are not amortized in the expense.)

Detailed information about the plan's fiduciary net position is available in the separately issued OPEB financial report.

#### **NOTE 14. LABOR CONTRACTS**

As of June 30, 2018 the District's employees were organized in the following collective bargaining unit.

Bargaining Unit	Employees Covered	Expiration
City of North Wildwood	Full-time professional and certified	June 30, 2020
Education Association	personnel (teachers and nurses),	
(NWEA)	full-time custodial employees, full-	
	time clerical employees, and full-	
	time aides.	
	Part-time employees, supervisors	
	(including the head custodian),	
	managerial executives,	
	confidential employees and	
	administrative employees are not	
	covered under this contract.	

Part-time employees, supervisors (including the head custodian), managerial executives, confidential employees and administrative employees are not covered under the above mentioned contract. The Board of Education has entered into individual employment agreements these individuals, as well as with the Superintendent and Business Administrator. The expiration of these contracts will vary depending on the position.

#### **NOTE 15. COMPENSATED ABSENCES**

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted vacation and sick leave in varying amounts based on their individual contracts.

In the District-wide Statement of Net Position, the liabilities whose average maturities are greater than one year are reported in two components – the amount due within one year and the amount due in more than one year.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees.

#### NOTE 16. DEFERRED COMPENSATION

The Board offers its employees a choice of various deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plan are not available to employees until termination, retirement, death or unforeseeable emergency.

Colonial Life	MetLife
AXA Equitable	Putnum
Lincoln Investment	SBP Commerce Bank

#### NOTE 17. RISK MANAGEMENT

The district is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

<u>Property and Liability Insurance</u> - The District maintains commercial insurance coverage for property, liability and surety bonds. During the fiscal year ended June 30, 2018 the District did not incur claims in excess of their coverage.

This District is a member of the Atlantic and Cape May Counties School Business Officials Joint Insurance Fund (ACCASBO JIF). This Fund was formed under the provisions of NJSA 18A:18B 1-10.

The purpose of this Fund is to permit member Boards of Education to make use of their powers and resources by cooperating on a basis that will be of mutual advantage and to provide a procedure for development, administration, and provision of Risk Management Programs, a Joint Self Insurance Fund, Joint Insurance Purchases and related services for members and their employees for the following:

- Workers Compensation and Employers Liability
- Automobile and Equipment Liability, General Liability and Property Damage
- School Board Legal Liability
- Boiler and Machinery

<u>New Jersey Unemployment Compensation Insurance</u> – The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method." Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of the District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current and prior two years:

Fiscal	District	Employee	Claims	Ending
Year	<b>Contributions</b>	Contributions	<u>Paid</u>	Balance
2017-2018	\$0.00	7,133.53	6,119.62	73,992.57
2016-2017	22,500.00	7,494.59	995,73	72,978.66
2015-2016	25,000.00	7,271.57	11,664.32	43,979.80

#### NOTE 18. INTERFUND RECEIVABLES AND PAYABLES

As of June 30, 2018, interfunds remained on the various balance sheets of the City of North Wildwood of Education.

		Interfund	Interfund
<u>Fund</u>		Receivable	<u>Payable</u>
General Fund	\$	172,067.02	
Special Revenue Fund			159,091.54
Proprietary Fund-Food Service	_		12,975.48
	\$	172,067.02	172,067.02

All interfunds are created as a result of timing differences between cash requirements in various funds and the receipt of cash from funding agencies, and to subsidize operating revenue in food service. During the 2018 fiscal year, the general fund made a permanent interfund transfer in the amount of \$30,000.00 to the enterprise fund to partially cover accumulated deficits in the District's food service program. It is anticipated that all interfunds will be liquidated during the fiscal year.

#### NOTE 19. LITIGATION

From time to time, the District is a defendant in legal proceedings relating to its operations as a school district. In the best judgment of the District's management, the outcome of any legal proceedings will not have any adverse effect on the accompanying financial statements.

#### NOTE 20. FUND BALANCE APPROPRIATED

**General Fund (Exhibit B-1)** - Of the \$2,791,528.00 General Fund fund balance at June 30, 2018, \$0.00 is reserved for encumbrances, \$756,532.03 has been committed to the capital reserve fund; \$580,583.49 has been committed to the maintenance reserve fund; \$100,581.61 has been reserved for tuition increases (\$49,988.73 of this amount has been included as anticipated revenue for the year ending June 30, 2019), \$1,152,644.27 is reserved as excess surplus in accordance with NJSA 18A:7F-7 (\$471,511.00 of the total reserve for excess surplus has been appropriated and included as anticipated revenue for the year ending June 30, 2019); \$0.00 has been appropriated and also included as anticipated revenue for the year ending June 30, 2018; and \$201,186.60 is unreserved and undesignated.

#### NOTE 21. CALCULATION OF EXCESS SURPLUS

The designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to N.J.S.A. 18A:7F-7, as amended. New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2018 is \$1,152,644.27, of which \$471,511.00 has been included in the 2018-19 budget. The excess fund balance at June 30, 2017 was \$1,173,722.21.

#### NOTE 22. DEFICIT FUND BALANCES

The District has a deficit fund balances of \$14,493.60 in the Special Revenue Fund as of June 30, 2018 as reported in the fund statements (modified accrual basis). NJSA 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, districts must record the last state aid payment as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability. Since the State is recording the last two state aid payment on the GAAP financial statements until the year the State records the payable. Due to the timing difference of recording the last two state aid payments, the Special Revenue Fund balance deficit does not alone indicate that the district is facing financial difficulties.

#### NOTE 23. SUBSEQUENT EVENTS

#### Reduction in State Aid

In July 2018, the District was notified by the New Jersey Department of Education that their 2018/2019 state aid would be decreased by \$58,035.00. In order to offset this decrease in revenue, the Board of Education, at the July 23, 2018 meeting, approved a reduction in the amount originally appropriated to Undistributed Expenditures, Required Maintenance for School Facilities – Cleaning, Repair and Maintenance Services.

#### General Long-Term Debt

On October 2, 2018, the voters of the North Wildwood School District approved a \$4,949,903 bond referendum to provide funding for (a) various improvements and/or renovations at the Margaret M. Mace School; and (b) to acquire the necessary equipment as well as undertake any associated site work.

Bonds in the amount of \$4,949,000 were sold on November 29, 2018 and are due in annual installments through September 1, 2036. Interest at rates ranging from 3.00% to 3.625% is due semi-annually on the 1<sup>st</sup> day of March and September, commencing on September 1, 2019. Bonds maturing on or after

September 1, 2027 are subject to redemption at the option of the Board prior to maturity, in whole or in part, on any date on or after September 1, 2026.

Principal and interest due on serial bonds outstanding is as follows:

Fiscal Year Ending June 30,	g	Principal	Interest	Total
2019	\$	0.00	0.00	0.00
2020		174,000.00	198,714.18	372,714.18
2021		215,000.00	156,650.00	371,650.00
2022		220,000.00	150,125.00	370,125.00
2023		230,000.00	143,375.00	373,375.00
2024-2028		1,260,000.00	604,800.00	1,864,800.00
2029-2033		1,500,000.00	373,125.00	1,873,125.00
2034-2038		1,350,000.00	96,512.50	1,446,512.50
Totals	\$	4,949,000.00	1,723,301.68	6,672,301.68

#### **Operating Lease**

Effective July 2018, the District entered into a lease agreement for 6 copiers. The lease term is 48 months with payments of \$1,599.59 due monthly.

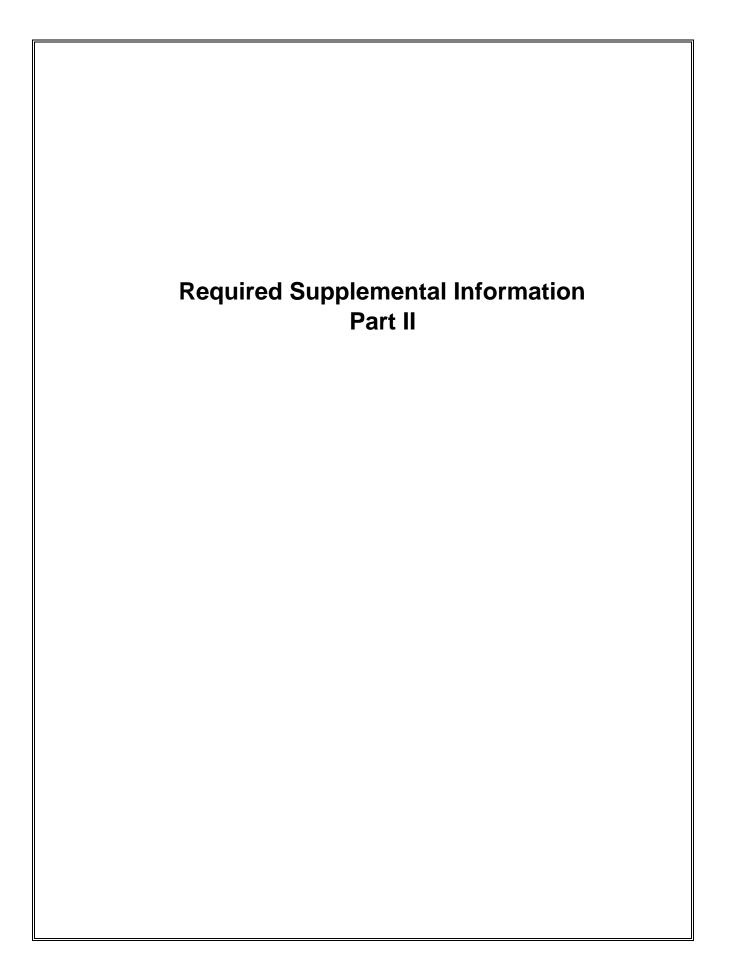

The following are minimum lease payments due on an annual basis:

Year ending June 30,	
2019	\$ 19,195.08
2020	19,195.08
2021	19,195.08
2022	19,195.08
2023	0.00
Total	\$ 76,780.32

#### Other

The District has evaluated subsequent events through January 22, 2019, the date which the financial statements were available to be issued and no additional items were noted for disclosure or adjustment.

- NJSA 18A:7F-5d limits the amount that the district can submit for a general fund tax levy . The levy when added to other components of the district's net budget may not exceed the prebudget year net budget by more than the spending growth limitation calculation. Note:
- a The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the Net valuation taxable.
- **b** Rates for debt service are based on each year's requirements.

- long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not businesses of the City of North Wildwood. This process recognizes that, when considering the District's ability to issue and repay This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and mply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment. Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. Note:
- For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value. ສ

The Board of Education is a member of the Atlantic and Cape May Counties School Business Officials Joint Insurance Fund (ACCASBOJIF), which is formed under the provisions of NJSA 18A:18B 1-10. The ACCASBOJIF was formed by its member districts to provide a long-term alternative to the conventional insurance market as a means of stabilizing the otherwise cyclical nature of insurance expenditures. It achieves this goal by pooling together members' resources, deciding on what insurance coverage's it will offer and/or purchase and at what retention, and by hiring professionals to help run the Fund.

### Independent Auditor's Report

The Honorable President and Members of the Board of Education City of North Wildwood School District County of Cape May City of North Wildwood, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of North Wildwood School District, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the City of North Wildwood School District's basic financial statements, and have issued our report thereon dated January 22, 2019.

#### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of North Wildwood School District's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness the City of North Wildwood School District's internal control. Accordingly, we do not express an opinion on the effectiveness of District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of North Wildwood School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Very truly yours,

Ford, Scott & Associates, L.L.C.

Exhibit K-2

### Independent Auditor's Report

Honorable President and Members of the Board of Education City of North Wildwood School District County of Cape May, New Jersey

### **Report on Compliance for Each Major State Program**

We have audited the City of North Wildwood School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the New Jersey *State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the City of North Wildwood School District's major state programs for the year ended June 30, 2018. The City of North Wildwood School District's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of North Wildwood School District's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Uniform Guidance, and New Jersey OMB 15-08 *State Aid/Grant Compliance Supplement*. Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the City of North Wildwood School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the City of North Wildwood School District's compliance.

### **Opinion on Each Major State Program**

In our opinion the City of North Wildwood School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2018.

### **Report on Internal Control Over Compliance**

Management of the City of North Wildwood School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of North Wildwood School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with Uniform Guidance and NJ OMB 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of North Wildwood School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance with a type of compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and NJ OMB 15-08. Accordingly, this report is not suitable for any other purpose.

### City of North Wildwood School District Notes to the Schedules of Financial Assistance June 30, 2018

### NOTE 1. GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Board of Education, City of North Wildwood School District. The Board of Education is defined in Note 1(A) to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

### NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Uniform Guidance and NJ OMB Circular 15-08. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. The District has elected not to use the 10% de minimis indirect cost rate.

### NOTE 3. RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to NJSA 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more state aid June payments in the current budget year, consistent with NJSA 18A:22-44.2.

The net adjustment to reconcile from budgetary basis to GAAP basis is (\$14,367.60) for the general fund and \$25,186.64 for the special revenue fund. See the following schedule and Note 1(D) for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general, special revenue and food service funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented on the following page:

## City of North Wildwood School District Notes to the Schedules of Financial Assistance June 30, 2018

State Assistance:	General <u>Fund</u>	Special Revenue <u>Fund</u>	Food Service <u>Fund</u>	Total
Actual amounts (budgetary) "revenues" from the Schedule of Expenditures of State Financial Assistance	\$1,750,726.13	293,982.12	957.69	2,045,665.94
Difference – budget to "GAAP" State aid payment recognized for GAAP statements in the current year, previously recognized for budgetary purposes.	34,445.80	9,223.20		43,669.00
State aid payments recognized for budgetary purposes not recognized for GAAP statements until the subsequent year.	(48,813.40)	(14,493.60)		(63,307.00)
Total State revenue as reported on the statement of revenues, expenditures and changes in fund balances/net position	\$1,736,358.53	288,711.72	957.69	2,026,027.94
