To the Citizens and Honorable President
and Members of the Board of
Education Woodland Park
School District, County of
Passaic, New Jersey

Dear Citizens and Board Members:

The comprehensive annual financial report of the Woodland Park School District for the fiscal year ended June 30, 2018 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial statements and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the Independent Auditor's Report, the Management's Discussion and Analysis, the Basic Financial Statements and Notes. The statistical section includes selected financial and demographic information, generally presented on a multiyear basis. The District is required to undergo an annual single audit in conformity with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and the State Treasury Circular Letter 15-08 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid". Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1) REPORTING ENTITY AND ITS SERVICES: Woodland Park School District is an Independent reporting entity within the criteria adopted by the GASB as established by NCGA Statement No. 3. All funds of the District are included in this report. The Woodland Park Board of Education and all its schools constitute the District's reporting entity.

2) STUDENT ENROLLMENT: The District provides a full range of educational services appropriate to grade levels K through 8. These include regular as well as special education for handicapped youngsters. As of October 15, 2017 student enrollment decreased to 1,093. The following details the changes in the student enrollment of the District over the last twelve years.

Fiscal Year	Student Enrollment	Percent Change
2017-2018	1093	(2.3%)
2016-2017	1119	2%
2015-2016	1097	(1.3%)
2014-2015	1112	(1.2%)
2013-2014	1126	(1%)
2012-2013	1138	0%
2011-2012	1137	1.42%
2010-2011	1121	2.46%
2009-2010	1094	3.8%
2008-2009	1054	2.8%
2007-2008	1025	.9%
2006-2007	1015	5.9%

3) **MAJOR INITIATIVES:** Administrators and teachers continue to remain focused on the implementation of the New Jersey Learning Standards as well as the alignment of all curricula to these standards. Extensive staff development continues in the area of ELA specific to the implementation of Readers and Writers Workshop across all grade levels. Money has been dedicated to the continued purchase of leveled reading books for individual classroom libraries to ensure the availability of large collections of books for students at various reading levels. Money was also used to continue to streamline resources in areas of grammar and vocabulary throughout the school district. Kindergarten and first grade are in year two of Foundations implementation. Second grade received training and coaching sessions for Foundations implementation. Pearson Science resources that align to the NGSS were implemented in grades K-8. Each program in the major content areas has an online component which supports our technology initiative. In order to continue to prepare for online assessing, student and staff access to technology must be increased. All students in grades 2-8 have individual laptops to work with as we continue to roll out our 1:1 technology initiative. Microsoft Office 365 continues to be utilized as a tool to increase collaboration among students and teachers in the district. This initiative will enhance information processing skills, ensure students daily interaction with technology and maximize computer accessibility to build valuable skills for the classroom and the 21st century workplace. In addition, Star360 will continue to assist in identifying individual student academic needs and placement in programs such as Basic Skills, G&T and general classroom instruction.

4) **INTERNAL ACCOUNTING CONTROLS:** Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAM)). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management. As a recipient of federal and state financial assistance, the District is also responsible for ensuring that an adequate internal control structure is in place to comply with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management. As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5) BUDGETARY CONTROLS: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section. An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at fiscal year-end.

6) CASH MANAGEMENT: The investment policy of the District is guided in large part by State statute as detailed in "Notes to Financial Statements". The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act,

7) RISK MANAGEMENT: The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, fidelity and flood.

8) OTHER INFORMATION: Independent Audit State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Ferraioli, Wielkotz, Cerullo, & Cuva, CPA's, was selected by the Board's audit committee. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and the State Treasury Circular Letter 15-08 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid". The auditor's report on the basic financial statements and specific required supplemental information is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

9) ACKNOWLEDGMENTS: We would like to express our appreciation to the members of the Woodland Park school board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. We would also like to express our appreciation to Mr. James Cerullo, CPA, RMA, partner in the firm of Ferraioli, Wielkotz, Cerullo & Cuva for his help and assistance in the preparation of the Woodland Park School District's Comprehensive Annual Financial Report. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff and all district stakeholders who participate annually in this process.

INDEPENDENT AUDITOR'S REPORT

Honorable President and
Members of the Board of Education
Woodland Park School District
County of Passaic, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the Borough of Woodland Park School District, in the County of Passaic, State of New Jersey, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

Honorable President and
Members of the Board of Education
Page 2.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Borough of Woodland Park Board of Education, in the County of Passaic, State of New Jersey, as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Change in Accounting Principle

As discussed in Note 1 to the basic financial statements, in 2018, the Board adopted Governmental Accounting Standards Board Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (an Amendment of GASB Statement No. 45). Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Budgetary Comparison Information, and Schedules Related to Accounting and Reporting for Pensions identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it

Honorable President and
Members of the Board of Education
Page 3.

to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough of Woodland Park Board of Education's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the schedule of expenditures of state financial assistance as required by NJ OMB 15-08 and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the schedule of expenditures of state financial assistance as required by NJ OMB 15-08 are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the schedule of expenditures of state financial assistance as required by NJ OMB 15-08 are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical data section has not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Honorable President and
Members of the Board of Education
Page 4.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 17, 2019 on our consideration of the Borough of Woodland Park Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Woodland Park Board of Education's internal control over financial reporting and compliance.

INFORMATION - PART I**

**WOODLAND PARK BOARD OF EDUCATION
WOODLAND PARK, NJ**

**MANAGEMENT DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

As management of the Woodland Park Board of Education (the “School District”), we offer readers of the School District’s financial statements this narrative overview and analysis of the financial activities of Woodland Park Board of Education for the fiscal year ended June 30, 2018.

The management’s discussion and analysis is provided at the beginning of the audit to provide an overall review of the past and current position of the School District’s financial condition. This summary should not be taken as a replacement for the audit which consists of the financial statements and other supplemental information that presents all the School District’s revenues and expenditures by program for the General Fund, Special Revenue Fund, Capital Projects Fund, Debt Service Fund and Enterprise Fund.

FINANCIAL HIGHLIGHTS

- In total, net position increased \$317,967.95, which represents a 39.36% increase from 2017. Net position of governmental activities increased \$287,034.32 while net position of business-type activity increased by \$30,933.63. These variances are primarily the result of an increase in tuition and miscellaneous revenues and a decrease in employee benefits and other budget expenditures in 2017-18 and decreased operating expenses of the business-type activities.
- General revenues accounted for \$23,578,749.49 in revenue or 95.10 percent of all district revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$1,214,457.64 or 4.10 percent of total revenues of \$24,793,207.13.
- The School District had \$23,939,902.31 in expenses related to governmental activities; only \$648,187.14 of these expenses were offset by program specific charges for services, grants or contributions. General revenues (primarily grants, entitlements and property taxes) of \$23,578,749.49 were adequate to provide for these programs.

USING THIS ANNUAL REPORT

This discussion and analysis are intended to serve as an introduction to the Woodland Park Board of Education’s basic financial statements. The Woodland Park Board of Education’s basic financial statements are comprised of three components: 1) district-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

USING THIS ANNUAL REPORT, (continued)

District-Wide Financial Statements

The *district-wide financial statements* are designed to provide readers with a broad overview of the Woodland Park Board of Education's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Woodland Park Board of Education's assets and liabilities using the accrual basis of accounting, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Woodland Park Board of Education is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the district-wide financial statements distinguish functions of the Woodland Park Board of Education that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Woodland Park Board of Education include instruction, support services and special schools. The business-type activities of the Woodland Park Board of Education include the food service program.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Woodland Park Board of Education, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of these funds of the Woodland Park Board of Education can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the district-wide financial statements. However, unlike the district-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflow of spendable resources*, as well as on balances of *spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

**WOODLAND PARK BOARD OF EDUCATION
WOODLAND PARK, NJ**

**MANAGEMENT DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018
(CONTINUED)**

USING THIS ANNUAL REPORT, (continued)

Because the focus of governmental funds is narrower than that of the district-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the district-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Woodland Park Board of Education maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, special revenue fund, capital projects fund and debt service fund which are all considered to be major funds.

The Woodland Park Board of Education adopts annual appropriated budgets for its governmental funds except for the capital projects fund. A budgetary comparison statement has been provided for the general fund, special revenue fund and debt service fund to demonstrate compliance with their budgets.

Proprietary Funds

The Woodland Park Board of Education maintains one proprietary fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the district-wide financial statements. The Woodland Park Board of Education uses enterprise funds to account for its food service program.

Proprietary funds provide the same type of information as the district-wide financial statements, only in more detail. The proprietary fund financial statements provide information for the local district services operations.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the District. Fiduciary funds are *not* reflected in the district-wide financial statements because the resources of those funds are *not* available to support the Woodland Park Board of Education's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the district-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning budgetary information for the District's major funds.

Our auditor has provided assurance in his independent auditor's report, located immediately preceding this Management's Discussion and Analysis, that the Basic Financial Statements are fairly stated. Varying degrees of assurance are being provided by the auditor regarding the Required Supplemental Information and the Supplemental Information identified above. A user of this report should read the independent auditor's report carefully to ascertain the level of assurance being provided for each of the other parts in the Financial Section.

DISTRICT-WIDE FINANCIAL ANALYSIS

The Statement of Net Position provides the perspective of the District as a whole. Net position may, over time, serve as a useful indicator of a government's financial position.

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets and the depreciation of capital assets.

DISTRICT-WIDE FINANCIAL ANALYSIS, (continued)

The School District's net positions were \$1,125,786.44 at June 30, 2018 and \$807,818.49 at June 30, 2017. Restricted items of net positions are reported separately to show legal constraints that limit the School District's ability to use those items of net position for day-to-day operations. Our analysis below focuses on the net position for 2018 compared to 2017 (Table 1) and change in net position (Table 2) of the School District.

As reported in the Statement of Activities the cost of all of our governmental and business-type activities this year was \$24,475,239.18. However, the amount that our taxpayers ultimately financed for these activities through School District taxes was only \$16,250,063.00 because some of the cost was paid by those who benefitted from the programs \$284,682.93, by other governments and organizations who subsidized certain programs with grants and contributions \$929,774.17, and by miscellaneous sources \$7,328,686.49.

MAJOR GOVERNMENTAL FUNDS BUDGETING AND OPERATING HIGHLIGHTS

The School District's budgets are prepared according to New Jersey law. The most significant budgeted funds are the general fund and the special revenue fund. The capital projects fund is funded by the bond proceeds and state aid. Therefore no budget is presented.

During the fiscal year ended June 30, 2018, the School District amended the budgets of these major governmental funds several times. The general fund was increased \$220,718.00 for instructional salaries and general supplies and the special revenue fund was increased by \$53,408.08 for increases in federal grants.

General Fund

The general fund actual revenues were \$19,578,889.49. That amount is \$2,666,525.49 above the final amended budget of \$16,912,364.00. The variance between the actual revenues and final budget was the result of non-budgeted on-behalf payments of \$2,341,016.61 for TPAF pension and social security reimbursements and \$325,508.88 for excesses in other anticipated revenues.

The actual expenditures of the general fund were \$19,151,959.77 including transfers which is \$1,708,439.43 above the final amended budget of \$17,443,520.34. The variance between the actual expenditures and final budget was due to non-budget on-behalf payments of \$2,341,016.61 for TPAF pension and social security reimbursements and \$632,577.18 of unexpended budgeted funds.

General fund had total revenues of \$19,578,889.49, and total expenditures of \$19,151,959.77 with an ending fund balance of \$2,057,848.60 on the budgetary basis of accounting.

Special Revenue Fund

The special revenue fund actual revenue was \$648,187.14. That amount is \$1,571.94 less than the final amended budget of \$649,759.08.

The actual expenditures of the special revenue fund were \$648,187.14, which is \$1,571.94 less than the final amended budget of \$649,759.08.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of fiscal year 2018 the School District had \$16,159,318.12 invested in sites, buildings and equipment. Of this amount \$6,642,389.58 in depreciation has been taken over the years. We currently have a net book value of \$9,516,928.54. Total additions for the year were \$88,743.84, the majority of which was for land and building improvements, and various instructional equipment. Table 3 shows fiscal year 2018 balances compared to 2017.

BOROUGH OF WOODLAND PARK SCHOOL DISTRICT
Reconciliation of the Statement of Revenues, Expenditures,
and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Fiscal Year Ended June 30, 2018

Total net change in fund balances - governmental funds (from B-2)	428,751.25									
<p>Amounts reported for governmental activities in the statement of activities (A-2) are different because:</p>										
<p>Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period.</p>										
<table style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 60%;">Depreciation Expense</td> <td style="width: 20%; text-align: right;">(526,044.46)</td> <td style="width: 20%;"></td> </tr> <tr> <td>Depreciable Capital Outlays</td> <td style="text-align: right;">88,743.84</td> <td style="text-align: right;">(437,300.62)</td> </tr> <tr> <td></td> <td style="border-top: 1px solid black; text-align: right;"></td> <td></td> </tr> </table>	Depreciation Expense	(526,044.46)		Depreciable Capital Outlays	88,743.84	(437,300.62)				
Depreciation Expense	(526,044.46)									
Depreciable Capital Outlays	88,743.84	(437,300.62)								
<p>Repayment of long-term debt is reported as an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities. In the current year, these amounts consist of:</p>										
<table style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 60%;">Principal Payments on Capital Leases</td> <td style="width: 20%;"></td> <td style="width: 20%; text-align: right;">2,600.20</td> </tr> <tr> <td>Bond Principal</td> <td></td> <td style="text-align: right;">325,000.00</td> </tr> <tr> <td>Pension Deferral Principal</td> <td></td> <td style="text-align: right;">4,266.00</td> </tr> </table>	Principal Payments on Capital Leases		2,600.20	Bond Principal		325,000.00	Pension Deferral Principal		4,266.00	
Principal Payments on Capital Leases		2,600.20								
Bond Principal		325,000.00								
Pension Deferral Principal		4,266.00								
<p>Proceeds from debt issues are a financing source in the governmental funds. They are not revenue in the statement of activities; issuing debt increases long-term liabilities in the statement of net assets. Proceeds of Capital Leases</p>										
	(17,370.03)									
<p>In the statement of activities, interest on long-term debt in the statement of activities is accrued, regardless of when due. In the governmental funds, interest is reported when due. The accrued interest is a deduction in the reconciliation. The change in the accrual is an adjustment in the reconciliation.</p>										
	2,200.52									
<p>In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).</p>										
<table style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 60%;">Decrease in Compensated Absences Payable</td> <td style="width: 20%;"></td> <td style="width: 20%; text-align: right;">36,177.00</td> </tr> </table>	Decrease in Compensated Absences Payable		36,177.00							
Decrease in Compensated Absences Payable		36,177.00								
<p>District pension contributions are reported as expenditures in the governmental funds when made. However, per GASB No. 68 they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension liability is measured a year before the District's report date. Pension expense, which is the change in the net pension liability adjusted for changes in deferred outflows and inflows of resources related to pensions, is reported in the Statement of Activities.</p>										
<table style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 60%;">District Pension Contributions</td> <td style="width: 20%; text-align: right;">180,429.00</td> <td style="width: 20%;"></td> </tr> <tr> <td>Less: Pension Expense</td> <td style="text-align: right;">(237,719.00)</td> <td></td> </tr> <tr> <td>(Increase)/Decrease in Pension Expense</td> <td style="border-top: 1px solid black; text-align: right;"></td> <td style="text-align: right;">(57,290.00)</td> </tr> </table>	District Pension Contributions	180,429.00		Less: Pension Expense	(237,719.00)		(Increase)/Decrease in Pension Expense		(57,290.00)

<p>Per GASB No. 68 Non-employer contributing entities are required to record an increases in revenue and expense for On-behalf TPAF pension payments paid by the State of New Jersey on the Statement of Activities that are in excess of those amounts reported in the fund financial statements</p>

NOTES TO THE FINANCIAL STATEMENTS

**Borough of Woodland Park School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2018**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of the Board of Education of the Borough of Woodland Park School District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the board's accounting policies are described below.

A. Description of the School District and Reporting Entity:

The Board of Education ("Board") of the Borough of Woodland Park School District ("District") is an instrumentality of the State of New Jersey, established to function as an educational institution. The Borough of Woodland Park School District is a Type II district located in the County of Passaic, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The board is comprised of nine members elected to three-year terms. The purpose of the District is to educate students in grades K-8. A superintendent is appointed by the Board and is responsible for the administrative control of the District. Under existing statutes, the Board's duties and powers include, but are not limited to, the development and adoption of a school program; the establishment, organization and operation of schools; and the acquisition, maintenance and disposition of school property.

The Board also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls.

Governmental Accounting Standards Board publication, Codification of Governmental Accounting and Financial Reporting Standards, Section 2100, "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility over agencies, boards and commissions by the primary government. The exercise of oversight responsibility includes financial interdependency and a resulting financial benefit or burden relationship, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. In addition, certain legally separate, tax-exempt entities that meet specific criteria (i.e. benefit of economic resources, access/entitlement to economic resources, and significance) should be included in the financial reporting entity. The combined financial statements include all funds of the District over which the Board exercises operating control. The operations of the District include elementary schools and a middle school, located in the Borough of Woodland Park. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

**Borough of Woodland Park School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2018**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

B. Basis of Presentation:

The Board's basic financial statements consist of District-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

District-wide Financial Statements:

The statement of net position and the statement of activities display information about the Board as a whole. These statements include the financial activities of the overall District, except for the fiduciary funds. The statements distinguish between those activities of the Board that are governmental and those that are considered business-type activities.

The statement of net position presents the financial condition of the governmental and business-type activities of the Board at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the governmental activities and for the business-type activities of the Board. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Board, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the Board.

Fund Financial Statements:

During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category - *government*, *proprietary*, and *fiduciary* - are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models. The various funds of the Board are grouped into the categories governmental, proprietary and fiduciary.

B. Basis of Presentation: (continued)

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions of the Board are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the Board's governmental funds:

General Fund - The General Fund is the general operating fund of the Board. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment which are classified in the Capital Outlay subfund.

As required by the New Jersey State Department of Education, the Board includes budgeted Capital Outlay in this fund. Accounting principles generally accepted in the United States of America as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, District taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from sale of bonds, lease purchases and other revenues.

Debt Service Fund - The debt service fund is used to account for the accumulation of resources for and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

PROPRIETARY FUNDS

The focus of Proprietary Fund measurement is upon determination of net income, changes in net position, financial position and cash flows. The accounting principles generally accepted in the United States of America applicable are those similar to businesses in the private sector. Proprietary funds are classified as enterprise or internal service; the Board has no internal service funds. The following is a description of the Proprietary Funds of the Board:

Enterprise Funds - The Enterprise Funds are utilized to account for operations that are financed and operated in a manner similar to private business enterprises -- where the intent of the Board is that the costs (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges; or, where the Board has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The Board's Enterprise Fund is comprised of the Food Service Fund.

FIDUCIARY FUNDS

Fiduciary Fund - Fiduciary Fund reporting focuses on net position and changes in net position. The Fiduciary Funds are used to account for assets held by the Board on behalf of individuals, private organizations, other governments and/or other funds. Fiduciary Funds include Unemployment Compensation Insurance, Student Activities Fund and Payroll Agency Fund.

C. Measurement Focus:

District-wide Financial Statements

The District-wide statements (i.e., the statement of net position and the statement of activities) are prepared using the economic resources measurements focus and the accrual basis of accounting. All assets and liabilities associated with the operation of the Board are included on the statement of net position, except for fiduciary funds.

Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2018**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

C. Measurement Focus: (continued)

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the District-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the District-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the Board finances and meets the cash flow needs of its proprietary activities.

D. Basis of Accounting:

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. The District-wide financial statements and the financial statements of the proprietary and fiduciary funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

D. Basis of Accounting: (continued)

Revenues - Exchange and Non-exchange Transactions, (continued)

Nonexchange transactions, in which the Board receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Board must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Board on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized. Under GAAP, in accordance with GASB No. 33, Accounting and Financial Reporting for Nonexchange Transactions, the last state aid payment is not considered revenue to the school district if the state has not recorded the corresponding expenditure, even though state law dictates recording the revenue.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: ad valorem property taxes, tuition, unrestricted grants and interest.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The fair value of donated commodities used during the year is reported in the operating statement as an expense with a like amount reported as donated commodities revenue.

The measurement of focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

E. Budgets/Budgetary Control:

Annual appropriated budgets are adopted in the spring of the preceding year for the general, and special revenue funds. The budgets are submitted to the county superintendents office for approval. Budgets are prepared using the modified accrual basis of accounting, except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23-2(g)1. Transfers of appropriations may be made by School Board resolution at any time during the fiscal year. The Board of Education did make material supplemental budgetary appropriations during the fiscal year. Surplus funds of \$13,746.00 was appropriated for instructional supplies and \$206,972.00 of additional state aid was appropriated for instructional salaries.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

F. Encumbrances:

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds, other than the special revenue fund, are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

**Borough of Woodland Park School District
Notes to the Basic Financial Statements

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

F. Encumbrances: (continued)

Open encumbrances in the special revenue fund, for which the Board has received advances, are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

G. Cash, Cash Equivalents and Investments:

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the Board has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

H. Tuition Payable:

Tuition charges were established by the receiving district. The charges are subject to adjustment when the final costs have been determined.

**Borough of Woodland Park School District
Notes to the Basic Financial Statements

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

I. Tuition Revenues/Receivable:

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

J. Prepaid Items:

Payments made to vendors for services that will benefit periods beyond June 30, 2018, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year in which services are consumed.

K. Short-Term Interfund Receivables/Payables:

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as “interfund receivables/payables.” These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for the net residual amounts due between governmental and business-type activities, which are presented as internal balances.

L. Capital Assets:

General capital assets are those assets not specifically related to activities reported in the enterprise fund. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the district -wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the enterprise fund are reported both in the business-type activity column of the District-wide statement of net position and in the fund.

All capital assets acquired or constructed during the year are recorded at actual cost. Donated fixed assets are valued at their estimated fair market value on the date received. The capital assets acquired or constructed prior to June 30, 1993 are valued at cost based on historical records or through estimation procedures performed by an independent appraisal company. Donated capital assets are valued at their estimated fair market value on the date received. The Board maintains a capitalization threshold of \$2,000.00. The Board does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset’s life are not.

**Borough of Woodland Park School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2018**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

L. Capital Assets: (continued)

All reported capital assets except land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities Estimated Lives</u>	<u>Business-Type Activity Estimated Lives</u>
Sites and Improvements	20 years	N/A
Buildings and Improvements	7-50 years	N/A
Furniture, Equipment and Vehicles	5-20 years	5-20 years

M. Compensated Absences:

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the Board and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the Board and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

For the District-wide Statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the Fund Financial Statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

N. Unearned Revenue:

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Unearned revenue in the special revenue fund represents cash that has been received but not yet earned. See Note 1(F) regarding the special revenue fund.

O. Accrued Liabilities and Long-term Obligations:

All payables, accrued liabilities and long-term obligations are reported in the District-wide financial statements.

Borough of Woodland Park School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

O. Accrued Liabilities and Long-term Obligations: (continued)

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgements, compensated absences, special termination benefits and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment in the current year. Bonds, long-term obligations, and capital leases that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

P. Accounting and Financial Reporting for Pensions

In fiscal year 2015, the District implemented GASB 68. This Statement amends GASB Statement No. 27. It improves accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local government employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. This Statement replaces the requirement of Statement No. 27, *Accounting for Pension by State and Local Governmental Employers*, as well as the requirements of Statement No. 50, *Pension Disclosures*, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements that meet certain criteria. The requirements of Statements 27 and 50 remain applicable for pensions that are not covered by the scope of this Statement.

The District has also implemented GASB Statement 71, Pension Transition for Contributions made Subsequent to the Measurement Date-an amendment to GASB No. 68. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, *Accounting and Financial Reporting for Pensions*. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or nonemployer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability.

Statement 68 requires a state or local government employer (or nonemployer contributing entity in a special funding situation) to recognize a net pension liability measured as of a date (the measurement date) no earlier than the end of its prior fiscal year. If a state or local government employer or nonemployer contributing entity makes a contribution to a defined benefit pension plan between the measurement date of the reported net pension liability and the end of the government's reporting period, Statement 68 requires that the government recognize its contribution as a deferred outflow of resources.

**Borough of Woodland Park School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2018**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

P. Accounting and Financial Reporting for Pensions, (continued)

In addition, Statement 68 requires recognition of deferred outflows of resources and deferred inflows of resources for changes in the net pension liability of a state or local government employer or nonemployer contributing entity that arise from other types of events. At transition to Statement 68, if it is not practical for an employer or nonemployer contributing entity to determine the amounts of all deferred outflows of resources and deferred inflows of resources related to pensions, paragraph 137 of Statement 68 required that beginning balances for deferred outflows of resources and deferred inflows of resources not be reported. Consequently, if it is not practical to determine the amounts of all deferred outflows of resources and deferred inflows of resources related to pensions, contributions made after the measurement date of the beginning net pension liability could not have been reported as deferred outflows of resources at transition. This could have resulted in a significant understatement of an employer or nonemployer contributing entity's beginning net position and expense in the initial period of implementation.

This Statement amends paragraph 137 of Statement 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. Statement 68, as amended, continues to require that beginning balances for other deferred outflows of resources and deferred inflows of resources related to pensions be reported at transition only if it is practical to determine all such amounts.

Q. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Currently, the District has only one item that qualifies for reporting in this category, deferred amounts related to pension.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies in this category, deferred amounts related to pension.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

R. Fund Balances:

Fund balance is divided into five classifications based primarily on the extent to which the Board is bound to observe constraints imposed upon the resources in the governmental funds. The classifications are as follows:

- **Nonspendable** fund balance includes amounts that are not in a spendable form (inventory, for example) or are required to be maintained intact (the principal of an endowment fund, for example).
- **Restricted** fund balance includes amounts that can be spent only for the specific purposes stipulated by external resource providers (for example, grant providers), constitutionally, or through enabling legislation (that is, legislation that creates a new revenue source and restricts its use). Effectively, restrictions may be changed or lifted only with the consent of resource providers.
- **Committed** fund balance includes amounts that can be used only for the specific purposes determined by a formal action of the Board's highest level of decision-making authority. Commitments may be changed or lifted only by the government taking the same formal action that imposed the constraint originally.
- **Assigned** fund balance comprises amounts *intended* to be used by the Board for specific purposes. Intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.
- **Unassigned** fund balance is the residual classification for the general fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose. If another governmental fund has a fund balance deficit, then it will be reported as a negative amount in the unassigned classification in that fund. Positive unassigned amounts will be reported only in the general fund.

Notes to the Basic Financial Statements

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

S. Net Position:

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Board or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The Board applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted items of net position are available.

T. Operating Revenues and Expenses:

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the Board, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund.

U. Extraordinary and Special Items:

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during the fiscal year.

V. Allocation of Indirect Expenses:

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of that program. TPAF on-behalf contributions and changes in compensated absences have not been allocated and have been reported as unallocated benefits on the Statement of Activities. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities as unallocated depreciation. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

W. Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect reporting amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

X. Recent Accounting Pronouncements:

The Government Accounting Standards Board issued GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. This Statement applies to government employers who provided OPEB plans to their employees and basically parallels GASB Statement 68 and replaces GASB Statement 45. The Statement is effective for fiscal years beginning after June 15, 2017 and was implemented by the District for the year ended June 30, 2018.

In March 2016, the Government Accounting Standards Board issued GASB Statement No. 81, *Irrevocable Split-Interest Agreements*. The objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The District does not believe this Statement will have any effect on future financial statements.

In November 2016, the Government Accounting Standards Board issued GASB Statement No. 83, *Certain Asset Retirement Obligations*. This Statement establishes criteria for determining the timing and pattern of recognition of a liability and a corresponding deferred outflows of resources for asset retirement obligations (AROs). The District does not believe this Statement will have any effect on future financial statements.

In January 2017, the Government Accounting Standards Board issued GASB Statement No. 84, *Fiduciary Activities*. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus on the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify component units and postemployment benefit arrangements that are fiduciary activities. The District is currently evaluating the effects, if any, this Statement may have on future financial statements.

In March 2017, the Government Accounting Standards Board issued GASB Statement No. 85, *Omnibus 2017*, which addresses practice issues that have been identified during the implementation and application of certain GASB statements. This Statement addresses a variety of topics including issues relating to blending component units, goodwill, fair value measurement and application, and postemployment benefits. The District implemented this Statement for the year ended June 30, 2018.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

X. Recent Accounting Pronouncements: (continued)

In May 2017, the Governmental Accounting Standards Board issued GASB Statement No. 86, *Certain Debt Extinguishment Issues*, which improves consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources—resources other than the proceeds of refunding debt—are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. The requirements of this Statement are effective for reporting periods beginning after June 15, 2017. The District had no transactions of this type for the year ended June 30, 2018.

In June 2017, the Government Accounting Standards Board issued GASB Statement No. 87, *Leases*, which improves accounting and financial reporting for leases by governments. This Statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the fundamental principle that leases are financings of the right to use an underlying asset. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. The District is currently reviewing what effect, if any, this Statement may have on future financial statements.

In March 2018, Government Accounting Standards Board issued GASB Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placement*. The objective of this Statement is to improve consistency in the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements, and to provide financial statement users with additional essential information about debt. This Statement is effective for reporting periods beginning after June 15, 2018. The District believes this may impact the disclosures relating to debt in the notes to the financial statements.

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS:

Cash

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 18A:20-37 that are treated as cash equivalents. As of June 30, 2018, \$-0- of the District's bank balance of \$3,374,752.27 was exposed to custodial credit risk.

**Borough of Woodland Park School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2018**

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS: (continued)

Investments

Investment Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 18A:20-37 limits the length of time for most investments to 397 days.

Credit Risk

New Jersey Statutes 18A:20-37 limits school district investments to those specified in the Statutes. The type of allowance investments are Bonds of the United States of America, bonds or other obligations of the school districts or bonds or other obligations of the local unit or units within which the school district is located: obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk

The District places no limit on the amount the District may invest in any one issuer.

NOTE 3. RECEIVABLES:

Receivables at June 30, 2018, consisted of accounts and intergovernmental. All receivables are considered collectible in full. A summary of the principal items of receivables follows:

All capital leases outstanding are presented on Schedule I-2 in this report.

NOTE 7. PENSION PLANS:

Description of Plans - All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625 or reports can be accessed on the internet at: http://www.state.nj.us/treasury/pensions/annrpts_archive.htm.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 before age 62 with 25 or more years of service credit and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 50 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Defined Contribution Retirement Program

Prudential Financial jointly administers the DCRP investments with the NJ Division of Pensions and Benefits. If an employee is ineligible to enroll in the PERS or PFRS, the employee may be eligible to enroll in the DCRP. DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting is immediate upon enrollment for members of the DCRP.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the DCRP. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625-0295.

Employers are required to contribute at an actuarially determined rate. Employee contributions are based on percentages of 5.50% for DCRP of employees' annual compensation, as defined. The DCRP was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008. Employee contributions for DCRP are matched by a 3% employer contribution.

Contributions Requirements Fund Based Statements

The Board’s contribution to PERS AND DCRP, equal to the required contributions for each year as reported in the fund based statements, were as follows:

Year	<u>PERS</u>	<u>DCRP</u>
<u>Ending</u> 6/30/18	\$180,429.00	\$21,718.90
6/30/17	181,979.00	24,760.06
6/30/16	173,496.00	21,761.85

The State of New Jersey contribution to TPAF (paid on-behalf of the District) for normal and post retirement benefits have been included in the fund-based statements as revenues and expenditures in accordance with GASB 24, paragraphs 7 through 13, as follows:

Year	<u>Pension Contributions</u>	<u>Post-Retirement Medical Contributions</u>	<u>NCGI Premium</u>	<u>LTD Liability</u>
<u>Ending</u> 6/30/18	\$1,046,532.00	\$692,336.00	\$25,397.00	\$2,069.00

6/30/16	531,982.00	664,997.00	26,500.00	

In addition, the post-retirement medical benefits are included in the district-wide financial statements.

Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Board \$574,682.61 during the year ended June 30, 2018 for the employer’s share of social security contributions for TPAF members as calculated on their base salaries. This amount has been included in the fund-based statements as revenues and expenditures in accordance with GASB 24, paragraphs 7 through 13.

ACCOUNTING AND FINANCIAL REPORTING FOR PENSION IN THE DISTRICT-WIDE STATEMENTS PER - GASB NO. 68

Public Employees Retirement System (PERS)

At June 30, 2018, the District had a liability of \$4,533,819.00 for its proportionate share of the PERS net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental entities, actuarially determined. At June 30, 2017, the District's proportion was 0.019476503 percent, which was a decrease of 0.00100773 percent from its proportion measured as of June 30, 2016.

NOTE 7. PENSION PLANS: (continued)

ACCOUNTING AND FINANCIAL REPORTING FOR PENSION IN THE DISTRICT-WIDE STATEMENTS PER - GASB NO. 68, (continued)

For the year ended June 30, 2018, the District recognized pension expense of \$237,719.00. At June 30, 2018, deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$106,756.00	\$
Changes of assumptions	913,408.00	910,059.00
Net difference between projected and actual earnings on pension plan investments	30,872.00	
Changes in proportion and differences between the District's contributions and proportionate share of contributions	38,700.00	332,807.00
District contributions subsequent to the measurement date	<u>184,038.00</u>	<u> </u>
Total	<u>\$1,273,774.00</u>	<u>\$1,242,866.00</u>

The \$184,038.00 reported as deferred outflows of resources related to pensions resulting from school district contributions subsequent to the measurement date (i.e. for the school year ending June 30, 2018, the plan measurement date is June 30, 2017) will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions (excluding changes in proportion) will be recognized in pension expense as follows:

Year ended June 30:	
2018	\$106,730
2019	161,059
2020	97,593
2021	(129,800)
2022	(94,605)

Changes in Proportion

The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is 5.48, 5.57, 5.72 and 6.44 years for 2017, 2016, 2015 and 2014 amounts, respectively.

Additional Information

Local Group Collective balances at June 30, 2017 and June 30, 2016 are as follows:

	<u>June 30, 2017</u>	<u>June 30, 2016</u>
Collective deferred outflows of resources	\$6,424,455,842	\$8,685,338,380

District's Proportion	0.019476503%	0.0204842330%

Actuarial Assumptions

The total pension liability for the June 30, 2017 measurement date was determined by an actuarial valuation as of July 1, 2016, which rolled forward to June 30, 2017. This actuarial valuation used the following assumptions, applied to all periods in the measurement.

Inflation	2.25 Percent
Salary Increases:	
Through 2026	1.65-4.15 Percent (based on age)
Thereafter	2.65-5.15 Percent (based on age)
Investment Rate of Return	7.00 Percent

Actuarial Assumptions, (continued)

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

Mortality Rates

Pre-retirement mortality rates were based on the RP-2000 Employee Pre-retirement Mortality Table for male and female active participants. For State employees, mortality tables are set back 4 years for males and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plans actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for males and females) for service retirements and beneficiaries of former members and a one year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2017) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2017 are summarized in the following table:

Discount Rate

The discount rate used to measure the total pension liability was 5.00% as of June 30, 2017. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 3.58% as of June 30, 2017 based on the Bond Buyer GO 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 40% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2040. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2040 and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Pension Plan Fiduciary Net Position

Detailed information about the pension plan’s fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Public Employees Retirement System (PERS). The financial report may be accessed at www.state.nj.us/treasury/pensions.

Teachers Pensions and Annuity Fund (TPAF)

The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A. 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the net pension liability that is associated with the local participating employer.

NOTE 7. PENSION PLANS: (continued)

ACCOUNTING AND FINANCIAL REPORTING FOR PENSION IN THE DISTRICT-WIDE STATEMENTS PER - GASB NO. 68, (continued)

The portion of the TPAF Net Pension Liability that was associated with the District recognized at June 30, 2018 was as follows:

Net Pension Liability:	
District's proportionate share	\$ -0-
State's proportionate share associated with the District	<u>45,258,754</u>
	<u><u>\$45,258,754</u></u>

The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016 rolled forward to June 30, 2017. The net pension liability associated with the District was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. At June 30, 2017, the proportion of the TPAF net pension liability associated with the District was 0.0671259763%.

For the year ended June 30, 2018, the District recognized on-behalf pension expense and revenue of \$3,135,297 for contributions provided by the State in the District-Wide Financial Statements.

Actuarial Assumptions

The total pension liability for the June 30, 2017 measurement date was determined by an actuarial valuation as of July 1, 2016, which was rolled forward to June 30, 2017. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate	2.25%
Salary Increases:	
2012-2021	Varies based on experience
Thereafter	Varies based on experience
Investment Rate of Return	7.00%

Mortality Rates

Pre-retirement, post-retirement and disabled mortality rates were based on the experience of TPAF members reflecting mortality improvement on a generational basis based on a 60-year average of Social Security data from 1953 to 2013.

The actuarial assumptions used in the July 1, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2012 to June 30, 2015.

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2017) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2017 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Absolute return/risk mitigation	5.00%	5.51%
Cash equivalents	5.50%	1.00%
U.S. Treasuries	3.00%	1.87%
Investment grade credit	10.00%	3.78%
Public high yield	2.50%	6.82%
Global diversified credit	5.00%	7.10%
Credit oriented hedge funds	1.00%	6.60%
Debt related private equity	2.00%	10.63%
Debt related real estate	1.00%	6.61%
Private real asset	2.50%	11.83%
Equity related real estate	6.25%	9.23%
U.S. equity	30.00%	8.19%
Non-U.S. developed markets equity	11.50%	9.00%
Emerging markets equity	6.50%	11.64%
Buyouts/venture capital	8.25%	13.08%

NOTE 7. PENSION PLANS: (continued)

ACCOUNTING AND FINANCIAL REPORTING FOR PENSION IN THE DISTRICT-WIDE STATEMENTS PER - GASB NO. 68, (continued)

Discount Rate

The discount rate used to measure the total pension liability was 4.25% and 3.22% as of June 30, 2017 and 2016, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.58% and 2.85% as of June 30, 2017 and 2016, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. The State contributed 40% of the actuary determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2036. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2036, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

Because the District's proportionate share of the net pension liability is zero, consideration of potential changes in the discount rate is not applicable to the District.

NOTE 8. POST-RETIREMENT BENEFITS:

General Information about the OPEB Plan

Plan Description and Benefits Provided

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required Teachers' Pension and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994 Chapter 62. Funding of post-retirement medical premiums changed from a prefunding basis to a pay-as-you-go basis beginning in fiscal year 1994.

**Borough of Woodland Park School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2018**

NOTE 8. POST-RETIREMENT BENEFITS: (continued)

The State is also responsible for the cost attributable to P.L. 1992 Chapter 126, which provides employer paid health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service.

The School Employees Health Benefits Program (SEHBP) Act is found in New Jersey Statutes Annotated, Title 52, Article 17.25 et. seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB No. 75.

Employees covered by benefits terms. At June 30, 2017, the following employees were covered by the benefit terms:

TPAF participant retirees:

As of June 30, 2017, there were 112,966 retirees receiving post-retirement medical benefits, and the State Contributed \$1.39 billion on their behalf.

PERS participant retirees:

The State paid \$238.9 million toward Chapter 126 benefits for 209,913 eligible retired members in Fiscal Year 2017.

Total OPEB Liability

The State, a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The LEA's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASB No. 75 is zero percent. Accordingly, the LEA did not recognize any portion of the collective OPEB liability on the Statement of Net Position. Accordingly, the following OPEB liability note information is reported at the State's level for the State Health Benefit Local Education Retired Employee's Plan and is not specific to the board of education/board of trustees, and could be found at <https://www.state.nj.us/treasury/pensions/GASBnotices> OPEB.

The portion of the OPEB Liability that was associated with the District recognized at June 30, 2018 was as follows:

OPEB Liability:	
District's proportionate share	\$ -0-
State's proportionate share associated with the District	<u>34,591,209</u>
	<u>\$34,591,209</u>

Actual Assumptions and Other Imputes

The total OPEB liability in the June 30, 2017 actuarial valuation reported by the State in the State's Report of Total Nonemployer OPEB Liability for the State Health Benefit Local Education Retired Employee's Plan was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Total Nonemployer OPEB Liability

The total nonemployer OPEB liability as of June 30, 2017 was determined by an actuarial valuation as of June 30, 2016, which was rolled forward to June 30, 2017. The total nonemployer OPEB liability as of June 30, 2016 was determined by an actuarial valuation as of June 30, 2016. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate	2.50%	
	<u>TPAF/ABP</u>	<u>PERS</u>
Salary increases:		
Through 2026	1.55 - 4.55% based on years of service	2.15 - 4.15% based on age
Thereafter	2.00 - 5.45% based on years of service	3.15 - 5.15% based on age

Preretirement mortality rates were based on the RP-2014 Headcount-Weighted Health Employee Male/Female mortality table with fully generational mortality improvement projections from the central year using the MP-2017 scale. Postretirement mortality rates were based on the RP-2014 Headcount-Weighted Health Annuitant Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale. Disability mortality was based on the RP-2014 Headcount-Weighted Disabled Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of actuarial experience studies for the periods July 1, 2012 – June 30, 2015, July 1, 2010 – June 30, 2013, and July 1, 2011 – June 30, 2014 for TPAF and PFRS, respectively.

NOTE 8. POST-RETIREMENT BENEFITS: (continued)

(a) *Health Care Trend Assumptions*

For pre-Medicare preferred provider organization (PPO) medical benefits, this amount initially is 5.9% and decreases to a 5.0% long-term trend rate after nine years. For self-insured post-65 PPO medical benefits, the trend rate is 4.5%. For health maintenance organization (HMO) medical benefits, the trend rate is initially 5.9% and decreases to a 5.0% long-term trend rate after nine years. For prescription drug benefits, the initial trend rate is 10.5% decreasing to a 5.0% long-term trend rate after eight years. For the Medicare Part B reimbursement, the trend rate is 5.0%. The Medicare Advantage trend rate is 4.5% and will continue in all future years.

(b) *Discount Rate*

The discount rate for June 30, 2017 and 2016 was 3.58% and 2.85%, respectively. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

Sensitivity of Total Nonemployer OPEB Liability to Changes in the Discount Rate

Because the District's proportionate share of the OPEB liability is zero, consideration of potential changes in the discount rate is not applicable to the District.

Sensitivity of the Total Nonemployer OPEB Liability to Changes in the Healthcare Cost Trend Rates:

Because the District's proportionate share of the OPEB liability is zero, consideration of potential changes in the healthcare cost trend rates is not applicable to the District.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB:

For the year ended June 30, 2018, the board of education/board of trustees recognized on-behalf OPEB expense of \$2,095,719 in the district-wide financial statements as determined by the State as the total OPEB liability for benefits provided through a defined benefit OPEB plan that is not administered through a trust that meets the criteria in paragraph 4 of GASB No. 75 and in which there is a special funding situation.

In accordance with GASB No. 75, the Borough of Woodland Park School District proportionate share of school retirees OPEB is zero; therefore, there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources.

NOTE 9. DEFERRED COMPENSATION:

The Board offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

AETNA Life Insurance	Valic
AIG Sun America	Vanguard Group
Security First Group	

NOTE 10. RISK MANAGEMENT:

The District is exposed to various risks of loss related to general liability, automobile coverage; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Board has obtained insurance coverage to guard against these events to minimize the exposure to the District should they occur.

Property and Liability Insurance - The District is currently a member of the School Alliance Insurance Fund (the "Fund"). The Fund provides it's members with General Liability, Auto Liability, Property, Employee Benefits Liability, Worker's Compensation and Employer Liability Insurance. The Fund is a risk-sharing public entity risk pool that is both an insured and self-administered group of School District's established for the purpose of providing low-cost insurance coverage for their respective members in order to keep insurance costs at a minimum. Each member appoints an official to represent their respective entity for the purpose of creating a governing body from which officers for the Funds are elected.

As a member of the Fund, the District could be subject to supplemental assessments in the event of deficiencies. If the assets of the Funds were to be exhausted, members would become responsible for their respective shares of the Fund's liabilities. However, this Fund has fully reinsured the exposures above all limits subscribed to by its members. The Funds can declare and distribute dividends to members upon arrival of the State of New Jersey Department of Insurance. These distributions are divided among the members in the same ratio as their individual assessment related to the total assessment of the membership body.

Financial statements for the Funds are available at the office of the Fund's administrator, 51 Everette Drive, Suite B-40, Lawrenceville, New Jersey 08646.

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverages.

NOTE 10. RISK MANAGEMENT: (continued)

New Jersey Unemployment Compensation Insurance - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the “Benefit Reimbursement Method”. Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District’s expendable trust fund for the current and previous two years:

<u>Fiscal Year</u>	<u>Interest Earnings/ District Contributions</u>	<u>Employee Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>
2017-2018	\$0.00	\$17,858.58	\$80,650.30	\$72,399.19
2016-2017	0.00	16,708.68	5,490.11	135,190.91
2015-2016	0.00	16,552.58	6,408.52	123,972.34

NOTE 11. CAPITAL RESERVE ACCOUNT:

A capital reserve account was established by the Borough of Woodland Park Board of Education by inclusion of \$1.00 on October 3, 2000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district’s approved Long Range Facilities Plan (LRFP). A district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to *N.J.S.A. 19:60-2*. Pursuant to *N.J.A.C. 6A:23A-14.1(g)*, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2017 to June 30, 2018 fiscal year is as follows:

Beginning balance, July 1, 2017	\$801,634.00
Deposits	<u>600,000.00</u>
	1,401,634.00
Withdrawals	<u>250,000.00</u>
Ending balance, June 30, 2018	<u>\$1,151,634.00</u>

**Borough of Woodland Park School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2018**

NOTE 11. CAPITAL RESERVE ACCOUNT: (continued)

The balance in the capital reserve account at June 30, 2018 does not exceed the balance of local support costs of uncompleted capital projects in its LRFP. The withdrawals from the capital reserve were for use in a DOE approved facilities project, consistent with the District's Long Range Facilities Plan.

NOTE 12. FUND BALANCE APPROPRIATED:

General Fund [Exhibit B-1] - Of the \$1,961,747.60 General Fund fund balance at June 30, 2018, \$0.00 is reserved for encumbrances; \$541,633.14 is reserved as excess surplus in accordance with N.J.S.A. 18A:7F-7 (\$209,936.50 of the total reserve for excess surplus has been appropriated and included as anticipated revenue for the year ending June 30, 2019); \$1,151,634.00 has been reserved in the Capital Reserve Account; and \$268,480.46 is unreserved and undesignated. During the fiscal year, authorized and approved appropriations of \$13,746.00 surplus was made on October 16, 2017.

Debt Service Fund - Of the \$.86 Debt Service Fund fund balance at June 30, 2018, \$0.00 has been appropriated and included as anticipated revenue for the year ending June 30, 2019; and \$.86 is unreserved and undesignated.

NOTE 13. CALCULATION OF EXCESS SURPLUS:

In accordance with N.J.S.A. 18A:7F-7 as amended, the designation for Reserved Fund Balance - Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2018 is \$541,633.14. Of this amount, \$331,696.64 is the result of the current year's operations and \$209,936.50 is the result of prior year operations.

NOTE 14. LEASES - PROPERTY RENTALS:

The School District is leasing property known as Public School #1 to the John P. Holland Charter School. The premises are leased for an initial term of two (2) years to commence on August 1, 2017 and to end on August 31, 2019. There is an option to renew for a one-year term with an increase of 2%. The monthly lease payments are \$13,333.33. The rental income for the year ended June 30, 2018 was \$146,666.63.

NOTE 15. INVENTORY:

Inventory in the Food Service Fund at June 30, 2018 consisted of the following:

Food	\$3,831.15
Supplies	<u>1,534.46</u>
	<u>\$5,365.61</u>

The United States Department of Agriculture (USDA) commodity portion of the Food Service Fund inventory consists of food donated by USDA. It is valued at estimated market prices by USDA. The amount of unused commodities at year end is reported on Schedule A as deferred revenue.

NOTE 16. CONTINGENT LIABILITIES:

Grant Programs - The school district participates in federally assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The school district is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

Litigation - The District is a party defendant in some lawsuits, none of a kind unusual for a school district of its size and scope of operation. In the opinion of the Board's Attorney the potential claims against the District not covered by insurance policies would not materially affect the financial condition of the District.

NOTE 17. SUBSEQUENT EVENTS:

The District has evaluated subsequent events through January 17, 2019, the date which the financial statements were available to be issued and no other items were noted for disclosure.

PUBLIC EMPLOYEES RETIREMENT SYSTEM (PERS)

Change in benefit terms

None

Change in assumptions

The calculation of the discount rate used to measure the total pension liability is dependent upon the long-term expected rate of return, and the municipal bond index rate. There was a change in the municipal bond index rate from the prior measurement date (2.85%) to the current measurement date (3.58%), resulting in a change in the discount rate from 3.98% to 5.00%. This change in the discount rate is considered to be a change in actuarial assumptions under GASBS No. 68.

Sources: Assessed value data used to estimate applicable percentages provided by the Passaic County Board of Taxation.
 Debt outstanding data provided by each governmental unit.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Woodland Park. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable President and
Members of the Board of Education
Borough of Woodland Park School District
County of Passaic, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities and each major fund and the aggregate remaining fund information of the Board of Education of the Borough of Woodland Park School District, in the County of Passaic, New Jersey, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated January 17, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit on the financial statements, we considered the Borough of Woodland Park Board of Education's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Woodland Park Board of Education's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough of Woodland Park Board of Education's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a

material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough of Woodland Park Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards or the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

We noted certain matters that were required to be reported to the Board of Education of the Woodland Park Borough School District in the separate Auditors' Management Report on Administrative Findings- Financial, Compliance and Performance dated January 17, 2019.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
PROGRAM AND REPORT ON INTERNAL CONTROL OVER
COMPLIANCE AS REQUIRED BY THE UNIFORM GUIDANCE
AND N.J. OMB CIRCULAR 15-08**

Honorable President and
Members of the Board of Education
Borough of Woodland Park School District
County of Passaic, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the Board of Education of the Borough of Woodland Park School District in the County of Passaic, New Jersey, compliance with the types of compliance requirements described in the *OMB Compliance Supplements* and the New Jersey State Aid/Grant Compliance Supplement that could have a direct and material effect on each of the Borough of Woodland Park Board of Education's major federal and state programs for the year ended June 30, 2018. The Borough of Woodland Park Board of Education's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Borough of Woodland Park Board of Education's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance)

and N.J. OMB Circular 15-08. Those standards, the Uniform Guidance and N.J. OMB Circular 15-08 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the Borough of Woodland Park Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Borough of Woodland Park Board of Education's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the Borough of Woodland Park Board of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of the Borough of Woodland Park Board of Education is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Borough of Woodland Park Board of Education's internal control over compliance with the type of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and N.J. OMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Borough of Woodland Park Board of Education's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and N.J. OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

NOTE 1. GENERAL

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance include the activity of all federal and state award programs of the Board of Education, Borough of Woodland Park School District. The Board of Education is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal and state awards passed through other government agencies is included on the Schedules of Expenditures of Federal Awards and State Financial Assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Notes 1(D) and 1(E) to the Board's basic financial statements. The information in these schedules is presented in accordance with the requirements of *2 CFR 200-Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Therefore, some amounts presented in this schedule may differ in amounts presented in or used in the preparation of the basic financial statements.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and the special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the last state aid payment in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS, (continued)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$(15,548.00) for the general fund and \$0.00 for the special revenue fund. See Notes to Required Supplemental Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board’s financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$37,587.28	\$3,146,067.61	\$3,183,654.89
Special Revenue Fund	648,187.14		648,187.14
Food Service Fund	<u>275,548.60</u>	<u>6,038.97</u>	<u>281,587.57</u>
Total Awards and Financial	<u>\$961,323.02</u>	<u>\$3,152,106.58</u>	<u>\$4,113,429.60</u>

NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5. OTHER

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions, respectively. The amount reported as TPAF Pension Contributions represents the amount paid by the state on behalf of the District for the year ended June 30, 2018. The amount reported as TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2018.

NOTE 6. ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT

On-behalf State Programs for TPAF Pension and Post-Retirement Medical Benefits Contributions are not subject to a State single audit and, therefore, are excluded from major program determination. The Schedule of State Financial Assistance provides a reconciliation of State financial assistance reported in the District’s financial statements and the amounts subject to State single audit and major program determination.

NOTE 7. INDIRECT COST RATE

The Borough of Woodland Park School District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE 8. SCHOOLWIDE PROGRAM FUNDS

Schoolwide programs are not separate federal programs as defined in *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Grant Guidance); amounts used in schoolwide programs are included in the total expenditures of the program contributing the funds in the Schedule of Expenditures of Federal Awards. The following funds by program are included in schoolwide programs in the school district:

<u>Program</u>	<u>Total</u>
Title I, Part A: <i>Grants to Local Educational Agencies</i>	\$302,820.50
Title II, Part A: <i>Improving Teacher Quality State Grants</i>	44,295.00
Title III: <i>English Language Acquisition State Grants</i>	<u>25,436.64</u>
Total	<u>\$372,552.14</u>
