INTRODUCTORY SECTION

The Honorable President and
Members of the Board of Trustees
Chartertech High School for the Performing Arts
Somers Point, New Jersey 08244

Dear Board Members:

The comprehensive annual financial report of the Chartertech High School for the Performing Arts (District) for the fiscal year ended June 30, 2018 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Trustees (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the School. All disclosures necessary to enable the reader to gain an understanding of the School's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical, and single audit. The introductory section includes this transmittal letter, the School's organizational chart and a list of principal officials. The financial section includes the basic financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The School is required to undergo an annual single audit in conformity with the provisions of OMB Circular A-133, Audits of States, Local Government, and Non-Profit Organizations, and State of New Jersey Circular 04-04-OMB, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

- 1) **REPORTING ENTITY AND ITS SERVICES:** Chartertech High School for the Performing Arts is an independent reporting entity within the criteria adopted by the GASB as established by NCGA Statement No. 3. All funds and account groups of the School are included in this report. Chartertech High School for the Performing Arts Board of Trustees and all its schools constitute the School's reporting entity.

The School provides a full range of educational services appropriate to grade levels Nine through Twelve. These services include regular, special education for students with disabilities, as well as basic skills improvement for lower functioning students. The School completed the 2017-2018 fiscal year with an enrollment of 343.0 students. The following details the changes in the student enrollment of the District over the last five years.

Student Fiscal Year	Enrollment as of June 30 th	Percent Change
16-17	320.0	-3.3%
15-16	330.9	1.0%
14-15	327.2	0%
13-14	327.7	8.0%
12-13	303.5	N/A

- 2) **ECONOMIC CONDITION AND OUTLOOK:** Although Chartertech High School for the Performing Arts community is essentially fully developed, enrollments will change based on our Charter.

The School is situated on 413 New Road in Somers Point directly adjacent to Route 9.

- 3) **INTERNAL ACCOUNTING CONTROLS:** Management of the School is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the School are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognized that: (1) the costs of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As recipient of Federal and State financial aid, the School also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the School management.

As part of the School's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including the portion related to Federal and State financial assistance programs, as well as to determine that the School has complied with applicable laws and regulations.

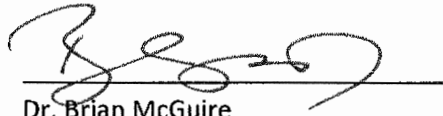

- 4) **BUDGETARY CONTROLS:** In addition to internal accounting controls, the School maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at June 30, 2018.

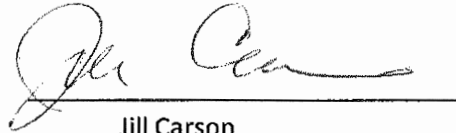

- 5) **ACCOUNTING SYSTEM AND REPORTS:** The School's accounting records reflect generally accepted accounting principles, as promulgated by the Government Accounting Standards Board (GASB). The accounting system of the School is organized on the basis of funds and account groups. The funds and account groups are explained in "Notes to Financial Statements", Note 1.
- 6) **CASH MANAGEMENT:** The investment policy of the School is guided in large part by State statute as detailed in "Notes to Financial Statements", Note 2. The School has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with failed banking institutions in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.
- 7) **RISK MANAGEMENT:** The Board carries various forms of insurance, including but not limited to general liability, directors and officers liability, child molestation, accident insurance, workers compensation, hazard and theft on property and contents, benefits and surety bonds.
- 8) **OTHER INFORMATION:**
Independent Audit – State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Bowman & Company LLP, was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit was also designed to meet the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and State of New Jersey Circular 04-04-OMB, Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid. The auditor's report on the basis financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of the report.
- 9) **ACKNOWLEDGEMENTS:**
We would like to express our appreciation to the members of the Board of Trustees for their concern in providing fiscal accountability to the citizens and taxpayers of the School and thereby contributing their full support to the development and maintenance

of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our staff.

INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of the Board of Trustees
CharterTech High School for the Performing Arts, Inc.
Somers Point, New Jersey 08244

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the blended component unit, each major fund, and the aggregate remaining fund information of the CharterTech High School for the Performing Arts, Inc., in the County of Atlantic, State of New Jersey, as of and for the fiscal year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the blended component unit, each major fund, and the aggregate remaining fund information of the CharterTech High School for the Performing Arts, Inc., in the County of Atlantic, State of New Jersey, as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter*Adoption of New Accounting Principles*

As discussed in note 1 to the financial statements, during the fiscal year ended June 30, 2018, the Charter School adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions*. The adoption of this new accounting principle required the Charter School to recognize a revenue and expense on the government-wide statement of activities for the State's proportionate share of the postemployment expense associated with the Charter School. The related disclosures for the implementation of this new accounting pronouncement are included in note 10 in the notes to financial statements. Our opinion is not modified with respect to this matter.

Other Matters*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of the Charter School's proportionate share of the net pension liability, and schedule of the Charter School's pension contributions, and schedule of changes in the School District's total OPEB liability and related ratios, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the CharterTech High School for the Performing Arts, Inc.'s basic financial statements. The introductory section, combining statements and related major fund supporting statements and schedules, statistical section, and schedule of expenditures of federal awards are presented for purposes of additional analysis, as required by the Division of Administration and Finance, Department of Education, State of New Jersey, and are not a required part of the basic financial statements. The accompanying schedule of expenditures of state financial assistance, as required by State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, is also presented for purposes of additional analysis and is not a required part of the basic financial statements.

The accompanying combining statements and related major fund supporting statements and schedules and schedules of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying combining statements and related major fund supporting statements and schedules and schedules of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical section listed in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 15, 2019 on our consideration of the CharterTech High School for the Performing Arts, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the CharterTech High School for the Performing Arts, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the CharterTech High School for the Performing Arts, Inc.'s internal control over financial reporting and compliance.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of the Board of Education
CharterTech High School for the Performing Arts, Inc.
Somers Point, New Jersey 08244

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial statement audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in compliance with audit requirements as prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, the blended component unit, each major fund, and the aggregate remaining fund information of the CharterTech High School for the Performing Arts, Inc., in the County of Atlantic, State of New Jersey, as of and for the fiscal year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements, and have issued our report thereon dated February 15, 2019. Our report on the financial statements included an emphasis of matter paragraph describing the adoption of new accounting principles.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the CharterTech High School for the Performing Arts, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and audit requirements as prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey, and state awarding agencies and pass-through entities, in considering the Charter School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REQUIRED SUPPLEMENTARY INFORMATION
PART I**

CharterTech High School for the Performing Arts, Inc.
Management's Discussion and Analysis
Fiscal Year Ended June 30, 2018
Unaudited

The CharterTech High School for the Performing Arts Management Discussion and Analysis (MD&A) is designed to provide an overview of the Charter School's financial position, identify any material deviations from the financial plan (the approved budget), and identify individual fund issues or concerns. The focus of the MD&A is on current year activities, resulting changes and currently known facts. The MD&A should be read in conjunction with the Transmittal Letter and the Charter School's Financial Statements.

Financial Highlights

Key financial highlights for Fiscal Year 2017-2018 include the following:

- During the fiscal year ended June 30, 2018, the School District adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 75 – *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The notes to the financial statements provide a more through discussion of the implementation of this GASB Statement and the effects to the financial statements.
- The assets of the Charter School exceeded its liabilities at the close of the most recent fiscal year by \$ 1,534,609.92.
- The Charter School's total net position increased by \$ 456,514.50. This increase resulted from capitalized expenses to join the main building and the annex, as well as from operations.
- As of the close of the current fiscal year, the Charter School's governmental funds reported combined ending fund balances of \$1,534,609.92, an increase of \$447,003.98 in comparison with the prior year.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$1,457,838.37, an increase of \$450,105.93 from that of the prior fiscal year.
- The Charter School had their first year of Business-Type Activities which had a Net Position of \$470.03 at June 30, 2018.

Overview of the Financial Statements

The financial section of the annual report consists of four parts:

1. Independent Auditor's Report
2. Required Supplementary Information, including the MD&A (this section)
3. Basic Financial Statements (Statement of Net Position and the Statement of Activities)
4. Supplementary Information

The district-wide financial statements are designed to be corporate-like in that all government, business-type activities and the activities of its blended component unit are consolidated into columns, which add to a total for the Charter School. Currently, the Charter School has no business-type activities. The focus of the Statement of Net Position is designed to be similar to a bottom line for the Charter School and its government blended component unit activities. This statement combines and consolidates governmental and proprietary fund's current financial resources (short-term expendable resources) with capital assets and long-term obligations.

The statement of activities is focused on both the gross and net costs of various activities (including governmental and component unit type), which are provided by the Charter School's general and other revenues. This statement is intended to summarize and simplify the user's analysis of the cost of various governmental services and/or subsidy to the activities of the component unit.

Overview of the Financial Statements (Cont'd)

The basic financial statements include two kinds of statements that present different views for the Charter School. The first two statements are district-wide financial statements that provide both long-term and short-term information about the Charter School's overall financial status. The remaining statements are fund financial statements that focus on individual parts of the Charter School's operations in more detail than the district-wide statements.

The governmental fund statements tell how general government services were financed in the short-term as well as what remains for future spending.

The proprietary fund statements offer short-term and long-term financial information about those types of activities that operate like a business.

Fiduciary fund statements provide information about the financial relationships in which the Charter School acts as a trustee or agent for the benefit of others, to whom the resources belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

The statements are followed by required supplementary information that further explains and supports the information in the financial statements including; budget schedules, reconciliations and individual fund statements.

Reporting the Charter School's Most Significant Funds

Statement of Net Position and the Statement of Activities

The Statement of Net Position and the Statement of Activities include all assets and liabilities of the Charter School using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes in to account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two government-wide statements report the Charter School's net position and changes in those assets. This change in net position is important because it tells the reader that, for the Charter School as a whole, the financial position of the Charter School has improved or diminished. The causes of this change may be the result of factors, some financial, and some not. Non-financial factors include the Charter School's required educational programs and other factors.

In the Statement of Net Position and Statement of Activities, the Charter School reports governmental activities, the activities of its blended component unit, and business-type activities. Governmental activities are the activities where most of the Charter School's programs and services are reported including, but not limited to, Instruction, Administration, Support Services, operation and maintenance of plant, and pupil transportation.

Fund Financial Statements

The Fund financial reports provide detailed information about the Charter School's major funds. The Charter School uses several funds to account for a variety of financial transactions. However, these fund financial statements focus on the Charter School's most significant funds. The Charter School's major funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Reporting the Charter School's Most Significant Funds (Cont'd)

Government Funds

Most of the Charter School's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at fiscal year-end available for spending in future periods. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Charter School's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The differences between the governmental activities (reported in the Statement of Net Position and the Statement of Activities) and the governmental funds are reconciled in the financial statements.

Proprietary Funds

Enterprise funds, which are a proprietary fund type used to report an activity for which a fee is charged to an external user for goods or services, are used to report the same functions presented as business-type activities in the district-wide financial statements. The Charter School uses the enterprise fund to account for its food service program.

Fiduciary Funds

Fiduciary Funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the district-wide financial statements because the resources of those funds are not available to support the Charter School's own programs. The accounting used for fiduciary funds is much like that used for the proprietary funds.

The Charter School as a Whole

The Statement of Net Position provides the perspective of the charter school as a whole. Net position may serve over time as a useful indicator of a government's financial position.

The school's financial position is the product of several financial transactions including the net result of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

Table 1 on the following page provides a summary of the Charter School's net position for the years ended June 30, 2018 and 2017:

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and pupil.

Administrative expenses include expenses associated with establishing and administering policy for the Charter School.

Support Services are expenditures for the maintenance of the plant.

The dependence upon the revenues received from sending districts and federal and state aid is apparent. The revenues from sending districts and federal and state governments are the primary financial support for the Charter School.

Governmental Activities

In 2017-2018, Governmental Activities Revenues were \$8,583,772.44, or 97.88%.

In 2016-2017, Governmental Activities Revenues was 100% of total revenues due to the Business-Type Activities not beginning until 2017-2018.

The \$566,390.28 increase in Governmental Activities Revenues from FY 2016-2017 to FY 2017-2018 was mainly due to the implementation of GASB 75.

In 2017-2018, the Charter School's Governmental Activities expenditures increased by \$366,401.53 from 2016-2017. This increase was related Unallocated Benefits due to the GASB 68 Pension Expense increasing \$422,956.00 from 2016-2017 and the GASB 75 OPEB Expense decreasing by \$49,106.00.

Overview of the Financial Statements (Cont’d)

The Charter School as a Whole (Cont’d)

Business-Type Activities

In 2017-2018 the Charter School started their first Business-Type Activity, The Food Service Fund.

In 2017-2018 Business-Type Activities Revenues were \$186,351.03, or 2.12%

Charges for Services for Business-Type Activities were \$185,881.00, 2.24% of total expenditures.

The Charter School’s Funds

The Charter School’s major funds are accounted for using the modified accrual basis of accounting. All governmental funds had revenues of \$7,381,532.44 and expenditures of \$6,934,528.46. The fund balance in the General Fund was \$1,534,609.92, a net increase of \$447,003.98 over the prior fiscal year.

General Fund Budgetary Highlights

The Charter School’s budget is prepared in accordance with New Jersey Law. The most significant budgeted fund is the General Fund. During the course of the 2018 fiscal year, the Charter School modified its General Fund budget as permitted by law. The Charter School’s revenue calculations are based on enrollment counts performed during the year and are dependent on the sending district where the student resides.

For the General Fund, the final budget basis revenue was \$6,185,882.00. The original budgeted estimate was \$6,372,987.00.

During fiscal year 2018, the Charter School anticipated General Fund Revenue from the following sources:

Source	<u>Final Budget</u>
Local Levy/ Equalization Aid	\$ 5,730,855.00
Categorical Aid:	
Special Education Aid	349,560.00
Security Aid	89,618.00
Extraordinary Aid	15,849.00
	<u>\$ 6,185,882.00</u>

Instructional expense was 33.30% of budgeted expenditures with Administration at 12.99%, Support Services at 39.65% and Capital Outlay .95%. For non-budgeted TPAF Social Security and Pension was a combined 13.11%. Total expenditures were \$6,625,343.15.

Overview of the Financial Statements (Cont'd)

Capital Assets

The Charter School's investment in capital assets is \$6,438,512.43 which is net of accumulated depreciation of \$3,308,117.45, and consists primarily of leasehold improvements, instructional equipment, computer equipment, office equipment and general equipment. Charterland, LLC a blended component unit of the Charter School, owns the buildings.

Outstanding Debt

Charterland, LLC has outstanding debt in the amount of \$5,065,846.84 for the school facility and a property lease. The Charter School leases the facility from Charterland, LLC under an operating lease agreement.

Economic Factors and Next Year's Budgets and Rates

The Charter School maintained its budget through the revenue received from sending districts for their local levy, state levy and categorical aid specific for their students and from federal and state aid and miscellaneous revenue sources. Approximately, 81.0% of total revenue is from the local and state levy, 14.6% is from categorical and other state aid, 4.2% from federal grants and 0.2% from miscellaneous sources. As a charter school, revenues are driven by the residency of its student population and the level of enrollment of students in those sending districts.

Contacting the Charter School's Financial Management

This financial report is designed to provide our parents, taxpayers, investors, and creditors with a general overview of the Charter School's finances and to show the Charter School's accountability for the money it receives. CHARTERTECH HIGH SCHOOL FOR THE PERFORMING ARTS, INC.

Notes to Financial Statements
For the Fiscal Year Ended June 30, 2018

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the CharterTech High School for the Performing Arts Inc. (the "Charter School") have been prepared to conform with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant of these policies.

Description of the Financial Reporting Entity

The Charter School is a 9-12 performing arts charter school located in the County of Atlantic, State of New Jersey. It was created in 1999 through the approval of its New Jersey Charter Schools Application by the State of New Jersey, Department of Education. As a charter school, the CharterTech High School for the Performing Arts Inc. functions independently through a Board of Trustees (the "Board"). In accordance with the bylaws of the Charter School, the Board is to consist of no less than seven and no more than nine voting members. Two of the voting members shall be elected by the Founders of the Corporation, serving a term of two years each. Two of the voting members shall be elected by the parents and/or legal guardians of the students in the school operated by the Corporation during that fiscal school year, each serving a one-year term. The Board shall have not less than one ex-officio member who is an enrolled student of the school, elected by the students of the school operated by the Corporation during that fiscal/school year, to serve a term of one period. The Board will also have not less than one ex-officio member who is a teacher employed by the school, elected by the teachers employed by the school operated by the Corporation during that fiscal/school year, serving a term of one year. The Board's responsibility is to supervise and control the operations of the Charter School. The purpose of the Charter School is to educate students in grades nine through twelve at its one school. The Charter School has an approximate enrollment at June 30, 2018 of 384.

The primary criterion for including activities within the Charter School's reporting entity, as set forth in Section 2100 of the Governmental Accounting Standards Board *Codification of Governmental Accounting and Financial Reporting Standards*, is the degree of oversight responsibility maintained by the Charter School. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The financial statements include all funds of the Charter School over which the Board exercises operating control.

Component Units

In evaluating how to define the Charter School for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statements No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34*, and GASB Statement No. 80, *Blending Requirements for Certain Component Units - an amendment of GASB Statement No. 14*. Blended component units, although legally separate entities, are in-substance part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Component Units (Cont'd)**

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and / or its citizens.

A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity.

Based upon the application of these criteria, the Charter School has determined that the following organizations are considered component units:

Charterland, LLC.
413 New Road
Somers Point, New Jersey 08244

In the accompanying consolidated financial statements, the component unit has been blended with CharterTech High School for the Performing Arts Inc. the sole member of Charterland, LLC. Intercompany transactions and balances have been eliminated in the blended government-wide financial statements.

Government-wide and Fund Financial Statements

The Charter School's basic financial statements consist of government-wide statements, and fund financial statements which provide a more detailed level of financial information.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the government. For the most part, the effect of interfund activity has been removed from these statements. The assets, liabilities and net position as well as the revenue and expenditures of the component unit have been blended into the government-wide financial statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. It is the policy of the Charter School to not allocate indirect expenses to functions in the statement of activities. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Revenues from the Charter School's student's district of residence and other items not properly included among program revenues are reported instead as general revenues.

In regards to the fund financial statements, the Charter School segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Fund financial statements report detailed information about the Charter School. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a single column. Fiduciary funds are reported by fund type.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Revenues from the Charter School's student's district of residence are recognized as revenues in the year for which they are established based on enrollment. In accordance with New Jersey State Statute, the Charter School is entitled to receive moneys under an established payment schedule, and any unpaid amount is considered as an accounts receivable.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are deemed both available and measurable. Available means when revenues are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Charter School considers revenues to be available if they are collected within sixty (60) days of the end of the current fiscal year. Measurable means that the amount of revenue can be determined. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Revenues from the Charter School's student's district of residence, reimbursable-type grants, and interest associated with the current fiscal year are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. All other revenue items are considered to be measurable and available only when cash is received by the Charter School.

The Charter School reports the following major governmental funds:

General Fund - The general fund is the primary operating fund of the Charter School. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment classified in the capital outlay sub-fund.

As required by the New Jersey State Department of Education, the Charter School includes budgeted capital outlay in this fund. Accounting principles generally accepted in the United States of America, as they pertain to governmental entities, state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey aid, and appropriated fund balance. Expenditures are those which result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to, or remodeling of buildings, and the purchase of built-in equipment.

Charter Schools do not maintain debt service funds, therefore expenditures for principal and interest are accounted for in the general fund.

Special Revenue Fund - The special revenue fund is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont'd)**

Proprietary funds are used to account for the Charter School's ongoing organizations and activities, which are operated and financed in a manner similar to those found in the private sector. The measurement focus is upon the determination of net income. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All items not meeting this definition are reported as nonoperating revenues and expenses.

The Charter School reports the following major proprietary funds:

Enterprise Funds

Food Service Fund - This fund accounts for the financial transactions related to the food service operations of the Charter School.

Additionally, the Charter School reports the following fund types:

Fiduciary funds are used to account for assets held by the Charter School on behalf of outside related organizations or on behalf of other funds within the Charter School. The fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds.

The Charter School maintains the following fiduciary funds:

Agency Funds - Agency funds are used to account for assets held by the Charter School in a trustee capacity or as an agent for individuals, private organizations, other governments, and / or other funds (i.e., payroll and student activities). The Charter School retains no equity interest in these funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The Charter School maintains the following agency funds: student activity fund and payroll fund.

Private-Purpose Trust Funds - Private-purpose trust funds are used to account for the principal and income for all other trust arrangements that benefit individuals, private organizations, or other governments. The Charter School maintains the following private-purpose trust funds:

Scholarship Fund - Revenues consist of donations and interest income. Expenditures represent scholarships for graduating students, which are awarded in accordance with the trust requirements.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Budgets / Budgetary Control**

Annual appropriated budgets are prepared in the spring of each fiscal year for the general and special revenue and are submitted to the New Jersey Department of Education. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23A-16.2(f)1. Transfers of appropriations may be made by board resolution at any time during the fiscal year.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles, with the exception of the special revenue fund. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the budgetary basis. The budgetary basis differs from GAAP in that the budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The budget, as detailed on exhibit C-1 and exhibit C-2, includes all amendments to the adopted budget, if any.

Exhibit C-3 presents a reconciliation of the general fund revenues and special revenue fund revenues and expenditures from the budgetary basis of accounting, as presented in the general fund budgetary comparison schedule and the special revenue fund budgetary comparison schedule, to the GAAP basis of accounting as presented in the statement of revenues, expenditures and changes in fund balances - governmental funds. Note that the Charter School does not report encumbrances outstanding at fiscal year-end as expenditures in the general fund since the general fund budget follows the modified accrual basis of accounting.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded to assign a portion of the applicable appropriation, is utilized for budgetary control purposes. Encumbrances are a component of fund balance at fiscal year-end as they do not constitute expenditures or liabilities, but rather commitments related to unperformed contracts for goods and services. Open encumbrances in the governmental funds, other than the special revenue fund, which have not been previously restricted, committed, or assigned, should be included within committed or assigned fund balance, as appropriate.

Open encumbrances in the special revenue fund, however, for which the Charter School has received advances of grant awards, are reflected on the balance sheet as unearned revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Cash, Cash Equivalents and Investments**

Cash and cash equivalents, for all funds, include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. Such is the definition of cash and cash equivalents used in the statement of cash flows for the proprietary funds. U.S. treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey Charter Schools are limited as to the types of investments and types of financial institutions they may invest in. N.J.S.A. 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey Charter Schools.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

Inventories

Inventories are valued at cost, which approximates market. The costs are determined on a first-in, first-out method.

The cost of inventories in the governmental fund financial statements is recorded as expenditures when purchased rather than when consumed.

Inventories recorded on the government-wide financial statements and in the proprietary fund types are recorded as expenses when consumed rather than when purchased.

Tuition Receivable

The Charter School Program Act of 1995 specifically prohibits a charter school from charging tuition to students who reside in the district of residence of the Charter School or are non-resident students.

Revenues from District of Residence, Region of Residence and Non-Resident Districts

The Charter School's primary source of revenue is from the district of residence, region of residence or non-resident districts from which its students are enrolled in the Charter School. The amounts are calculated from the most recent budget data of the student's district.

Local Levy – Equalization Aid State and Local Share – The charter school's funding is pursuant to the *School Funding Reform Act of 2008*, which states the school district of residence shall pay directly to the charter school for each student enrolled in the charter school who resides in the district an amount equal to 90% of the sum of the budget year equalization aid per pupil and the pre-budget year general fund tax levy per pupil inflated by the CPI rate most recent to the calculation.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Revenues from District of Residence, Region of Residence and Non-Resident Districts (Cont'd)**

Special Education / Security Aid – The school district of residence shall pay directly to the charter school the security aid attributable to the student and a percentage of the district's special education categorical aid equal to the percentage of the district's special education students enrolled in the charter school.

Prepaid Expenses

Prepaid expenses recorded on the government-wide financial statements and in the proprietary fund types represent payments made to vendors for services that will benefit periods beyond June 30, 2018. The Charter School had no prepaid expenses for the fiscal year ended June 30, 2018.

In the governmental fund financial statements, however, payments for prepaid items are fully recognized as expenditures in the fiscal year of payment. No asset for the prepayment is created, and no expenditure allocation to future accounting periods is required (*non-allocation method*). This is consistent with the basic governmental concept that only expendable financial resources are reported by a specific fund.

Short-Term Interfund Receivables / Payables

Short-term interfund receivables / payables (internal balances) represent amounts that are owed, other than charges for goods or services rendered to / from a particular fund within the Charter School, and that are due within one year. Such balances are eliminated in the statement of net position to minimize the grossing up of internal balances, thus leaving a net amount due between the governmental and business-type activities that are eliminated in the total government column. Balances with fiduciary activities are not considered to be internal balances; therefore, such balances appear on the statement of net position as accounts receivable.

Capital Assets

Capital assets represent the cumulative amount of capital assets owned by the Charter School. Purchased capital assets are recorded as expenditures in the governmental fund financial statements and are capitalized at cost on the government-wide statement of net position and proprietary fund statement of net position. In the case of gifts or contributions, such capital assets are recorded at acquisition value at the time received.

The Charter School's capitalization threshold is \$2,000.00. Other costs incurred for repairs and maintenance is expensed as incurred. All reported capital assets, except land and construction in progress, are depreciated. Depreciation is computed using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Building	30 Years
Leasehold Improvements	30 Years
Office Equipment	5 - 10 Years
Instructional Equipment	5 - 10 Years
General Equipment	3 Years
Vehicles	10 Years

The Charter School does not possess any infrastructure assets.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Deferred Outflows and Deferred Inflows of Resources**

The statement of net position reports separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources, reported after total assets, represents a reduction of net position that applies to a future period(s) and will be recognized as an outflow of resources (expense) at that time. Deferred inflows of resources, reported after total liabilities, represents an acquisition of net position that applies to a future period(s) and will be recognized as an inflow of resources (revenue) at that time.

Transactions are classified as deferred outflows of resources and deferred inflows of resources only when specifically prescribed by the Governmental Accounting Standards Board (GASB) standards. The Charter School is required to report the following as deferred outflows of resources and deferred inflows of resources: defined benefit pension plans, and postemployment benefit plans.

Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied and is recorded as a liability until the revenue is both measurable and the Charter School is eligible to realize the revenue.

Accrued Salaries and Wages

Certain Charter School employees who provide services to the Charter School over the ten-month academic year have the option to have their salaries evenly disbursed during the entire twelve-month year. New Jersey statutes require that these earned but undisbursed amounts be retained in a separate bank account. As of June 30, 2018, the Charter School did not have any accrued salaries and wages.

Compensated Absences

Compensated absences are payments to employees for accumulated time such as paid vacation, paid holidays, sick pay, and sabbatical leave. A liability for compensated absences that is attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the Charter School and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the Charter School and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

The Charter School uses the vesting method to calculate the compensated absences amount. The entire compensated absence liability, including the employer's share of applicable taxes, is reported on the government-wide financial statements. The portion related to employees in the proprietary funds is recorded at the fund level. The current portion is the amount estimated to be used in the following fiscal year. Expenditures are recognized in the governmental funds as payments come due each period, for example, as a result of employee resignations and retirements. Compensated absences not recorded at the fund level represent a reconciling item between the fund level and government-wide presentations.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities, and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner, and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, special termination benefits, and contractually required pension contributions that will be paid from governmental funds, are reported as a liability in the fund financial statements only to the extent that they are normally expected to be paid with expendable available financial resources. Bonds are recognized as a liability on the governmental fund financial statements when due.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers' Pension and Annuity Fund ("TPAF") and the Public Employees' Retirement System ("PERS"), and additions to/deductions from TPAF's and PERS' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net Position

Net position represents the difference between the summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources. Net position is classified into the following three components:

Net Investment in Capital Assets - This component represents capital assets, net of accumulated depreciation, net of outstanding balances of borrowings used for the acquisition, construction, or improvement of those assets.

Restricted - Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Charter School or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Unrestricted - Net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

The Charter School applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Fund Balance

The Charter School reports fund balance in classifications that comprise a hierarchy based primarily on the extent to which the Charter School is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The Charter School's classifications, and policies for determining such classifications, are as follows:

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, such as inventories and prepaid amounts.

Restricted - The restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources either by being (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Charter School's highest level of decision-making authority, which, for the Charter School, is the Board of Trustees. Such formal action consists of an affirmative vote by the Board of Trustees, memorialized by the adoption of a resolution. Once committed, amounts cannot be used for any other purpose unless the Board of Trustees removes, or changes, the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Fund Balance (Cont'd)**

Assigned - The assigned fund balance classification includes amounts that are constrained by the Charter School's *intent* to be used for specific purposes, but are neither restricted nor committed. *Intent* is expressed by either the Board of Trustees or by the business administrator, to which the Board of Trustees has delegated the authority to assign amounts to be used for specific purposes. Such authority of the business administrator is established by way of a formal job description for the position and standard operating procedures, approved by the Board of Trustees.

Unassigned - The unassigned fund balance classification is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balances are available, it is the policy of the Charter School to spend restricted fund balances first. Moreover, when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used, it is the policy of the Charter School to spend fund balances, if appropriate, in the following order: committed, assigned, then unassigned.

Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures / expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources / uses in governmental funds and after non-operating revenues / expenses in proprietary funds. Reimbursements from funds responsible for particular expenditures / expenses to the funds that initially paid for them are not presented on the financial statements.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Impact of Recently Issued Accounting Principles****Recently Issued and Adopted Accounting Pronouncements**

The Charter School implemented the following GASB Statements for the fiscal year ended June 30, 2018:

Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. The adoption of this Statement required the Charter School to recognize a revenue and expense on the government-wide statement of activities for the State's proportionate share of the postemployment expense associated with the Charter School. In addition, the Charter School was required to include additional note disclosures (see note 10) and required supplementary information related to postemployment benefits.

Statement No. 85, *Omnibus 2017*. This Statement addresses practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits [OPEB]). The adoption of this Statement had no impact on the basic financial statements of the Charter School.

Recently Issued Accounting Pronouncements

The GASB has issued the following Statements that will become effective for the Charter School for fiscal years ending after June 30, 2018:

Statement No. 84, *Fiduciary Activities*. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. The Statement will become effective for the Charter School in the fiscal year ending June 30, 2020. Management is currently evaluating whether or not this Statement will have an impact on the basic financial statements of the Charter School.

Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement will become effective for the Charter School in the fiscal year ending June 30, 2021. Management is currently evaluating whether or not this Statement will have an impact on the basic financial statements of the Charter School.

Note 2: CASH AND CASH EQUIVALENTS

Custodial Credit Risk Related to Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the Charter School's deposits might not be recovered. Although the Charter School does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the Charter School in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled agency funds such as salary withholdings, and student activity funds, or funds that may pass to the Charter School relative to the happening of a future condition. Such funds are classified as uninsured and uncollateralized.

As of June 30, 2018, the Charter School's bank balances of \$1,539,579.82 were exposed to custodial credit risk as follows:

Insured by FDIC and GUDPA	\$ 1,535,560.27
Uninsured and Uncollateralized	<u>4,019.55</u>
Total	<u>\$ 1,539,579.82</u>

Note 3: ACCOUNTS RECEIVABLE

Accounts receivable at June 30, 2018 consisted of accounts (fees for services) and intergovernmental awards / grants. All receivables are considered collectible in full due to the stable condition of federal and state programs, the current fiscal year guarantee of federal funds, and the regulated budgetary control of governmental entities in New Jersey.

Accounts receivable as of fiscal year end for the Charter School's individual major and fiduciary funds, in the aggregate, are as follows:

<u>Description</u>	<u>Governmental Funds</u>		<u>Proprietary Funds</u>			<u>Total</u>

The obligations under capital lease, compensated absences, and the net pension liability is liquidated by the general fund. The mortgages, an obligation of Charterland, LLC, are funded by rental payments paid to the component unit by the Charter School.

Obligations under Capital Lease - The Charter School leased HVAC units and furniture totaling \$270,961.20 under capital leases. All capital leases were for terms of three to five years. Capital leases were depreciated in a manner consistent with the Charter School's depreciation policy for owned assets.

At June 30, 2018, the Charter School had no remaining balance for capital leases. The Charter School paid the outstanding balances of their leases during the school year.

Net Pension Liability - For details on the net pension liability, refer to note 9. The Charter School's annual required contribution to the Public Employees' Retirement System are budgeted and paid from the general fund on an annual basis.

Mortgage Payables - On June 29, 2012 Charterland, LLC entered into a Loan Security Agreement with Santander Bank (formerly known as Sovereign Bank) to refinance their outstanding mortgage payable in the amount of \$3,400,000.00. The new Loan Security agreement consisted of a Fixed Rate Term Loan in the amount of \$1,550,000.00 and a Floating Rate Term Loan in the amount of \$1,550,000.00. This Loan Security Agreement is secured by real estate, contents and other property of Charterland, LLC and CharterTech High School for the Performing Arts Inc. On September 26, 2016, Charterland, LLC entered into a Mortgage Note Agreement in the amount of \$2,725,000.00 with Santander Bank to purchase the Annex Building and Land. The Mortgage Note Agreement is secured by real estate, contents and other property of Charterland, LLC and CharterTech High School for the Performing Arts.

Note 6: LONG-TERM LIABILITIES (CONT'D)**Mortgage Payables (Cont'd)**

Fixed Rate Term Loan - The Fixed Rate Term Loan is payable over one hundred and nineteen (119) consecutive monthly payments of principal and interest, based on a ten-year amortization schedule. Interest on the outstanding principal balance shall accrue during sixty consecutive months at a fixed rate of interest per annum equal to the sum of the Lender's Cost of Funds as set three days prior to the date of the agreement plus three hundred basis points (3.00%), and thereafter, commencing on the first day of the sixty-first month following the Closing Date, reset at a fixed rate of interest per annum based on the then United States Treasury securities with a five year maturity, plus three hundred sixty basis points (3.60%). The monthly amount of principal and interest payment shall be approximately \$9,929.14. Interest expense related to this obligation was \$58,403.44 for the year ended June 30, 2018, all of which is included in administrative expenses in the government-wide financial statements.

The future minimum debt payments under this agreement are as follows:

<u>Fiscal Year</u> <u>Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ 63,626.87	\$ 55,522.81	\$ 119,149.68

	<u>\$ 1,224,537.87</u>	<u>\$ 203,561.12</u>	<u>\$ 1,428,098.99</u>

Floating Rate Term Loan – The Floating Rate Term Loan is payable over one hundred and nineteen (119) consecutive monthly payments of principal and interest based on a ten-year amortization schedule. Interest on the outstanding principal balance shall be paid at a floating rate equal to the sum of the one month LIBOR plus three hundred basis points (3.00%). During the first sixty months of the Loan, the monthly amount of principal and interest payment shall be approximately \$8,409.84. During the second sixty months of the Loan, the monthly amount of principal and interest payment shall be approximately \$9,535.00. Interest expense related to this obligation was \$52,484.56 for the year ended June 30, 2018, all of which is included in administrative expenses in the government-wide financial statements.

The future minimum debt payments under this agreement are as follows:

<u>Fiscal Year</u> <u>Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>

	<u>\$ 1,216,615.38</u>	<u>\$ 193,343.76</u>	<u>\$ 1,409,959.14</u>

Note 6: LONG-TERM LIABILITIES (CONT'D)**Mortgage Payables (Cont'd)**

Fixed Rate Mortgage Note - The Fixed Rate Mortgage Note is payable over fifty-nine (59) consecutive monthly payments of principal and interest and one final balloon payment. During the initial term of this note, the interest rate is fixed at 4.32%. The amortization, based on the interest rate, is calculated using a twenty-five (25) year amortization schedule. During the first fifty-nine months of the note, the monthly amount of principal and interest payment shall be approximately \$14,869.38. A final installment of the entire unpaid principal balance and the interest accrued totaling \$2,412,654.64 is due October 1, 2021. Interest expense related to this obligation was \$116,448.08 for the year ended June 30, 2018, all of which is included in administrative expenses in the government-wide financial statements.

The future minimum debt payments under this agreement are as follows:

<u>Fiscal Year</u> <u>Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ 64,754.55	\$ 113,678.01	\$ 178,432.56

	<u>\$ 2,624,693.60</u>	<u>\$ 367,866.75</u>	<u>\$ 2,992,560.35</u>

Compensated Absences - As previously stated, compensated absences will be paid from the fund from which the employees' salaries are paid. Refer to note 15 for a description of the Charter School's policy.

Note 7: OPERATING LEASES

At June 30, 2018, the Charter School had operating lease agreements in effect for copiers and mail machines. The present value of the future minimum rental payments under the operating lease agreements are as follows:

<u>Fiscal Year</u> <u>Ending June 30,</u>	<u>Amount</u>
2019	\$ 16,740.00
2020	15,320.00
2021	7,275.00
2022	1,740.00
	<u>\$ 41,075.00</u>

Rental payments under operating leases for the fiscal year ended June 30, 2018 were \$16,740.00.

Note 9: PENSION PLANS (CONT'D)**General Information about the Pension Plans (Cont'd)****Plan Descriptions (Cont'd)**

Public Employees' Retirement System - The Public Employees' Retirement System is a cost-sharing multiple-employer defined benefit pension plan which was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A. The PERS's designated purpose is to provide retirement, death, disability and medical benefits to certain qualified members. Membership in the PERS is mandatory for substantially all full-time employees of the Charter School, provided the employee is not required to be a member of another state-administered retirement system or other state pensions fund or local jurisdiction's pension fund. The PERS's Board of Trustees is primarily responsible for the administration of the PERS.

Defined Contribution Retirement Program - The Defined Contribution Retirement Program is a multiple-employer defined contribution pension fund established on July 1, 2007 under the provisions of Chapter 92, P.L. 2007, and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et. seq.). The DCRP is a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) § 401(a) et seq., and is a "governmental plan" within the meaning of IRC § 414(d). The DCRP provides retirement benefits for eligible employees and their beneficiaries. Individuals covered under DCRP are employees enrolled in TPAF or PERS on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits; employees enrolled in New Jersey State Police Retirement System (SPRS) or the Police and Firemen's Retirement System (PFRS) after May 21, 2010, who earn salary in excess of established "maximum compensation" limits; employees otherwise eligible to enroll in TPAF or PERS on or after November 2, 2008, who do not earn the minimum annual salary for tier 3 enrollment but who earn salary of at least \$5,000.00 annually; and employees otherwise eligible to enroll in TPAF or PERS after May 21, 2010 who do not work the minimum number of hours per week required for tiers 4 or 5 enrollment, but who earn salary of at least \$5,000.00 annually.

Vesting and Benefit Provisions

Teachers' Pension and Annuity Fund - The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

Tier Definition

- 1 Members who were enrolled prior to July 1, 2007
- 2 Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
- 3 Members who were eligible to enroll on or after November 2, 2008 and prior to May 21, 2010
- 4 Members who were eligible to enroll after May 21, 2010 and prior to June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 before age 65 with 30 years or more of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier.

Note 9: PENSION PLANS (CONT'D)**General Information about the Pension Plans (Cont'd)****Vesting and Benefit Provisions (Cont'd)**

Teachers' Pension and Annuity Fund (Cont'd) - Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Public Employees' Retirement System - The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of the PERS.

The membership tiers for PERS are the same as previously noted for TPAF.

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more service credit before age 62 and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Defined Contribution Retirement Program - Eligible members are provided with a defined contribution retirement plan intended to qualify for favorable Federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employee contributions shall immediately become and shall at all times remain fully vested and nonforfeitable. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employer contributions shall be vested and nonforfeitable on the date the participant commences the second year of employment or upon his or her attainment of age 65, while employed by an employer, whichever occurs first.

Contributions

Teachers' Pension and Annuity Fund - The contribution policy is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing employers. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years beginning in July 2012. The member contribution rate was 7.34% in State fiscal year 2018. The phase-in of the additional incremental member contribution rate takes place in July of each subsequent State fiscal year. The State's contribution is based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability. For fiscal year 2017, the State's pension contribution was less than the actuarial determined amount.

Under current statute, all employer contributions are made by the State of New Jersey on-behalf of the Charter School and all other related non-contributing employers. No normal or accrued liability contribution by the Charter School has been required over several preceding fiscal years. These on-behalf contributions by the State of New Jersey are considered a special funding situation, under the definition of GASB 68, *Accounting and Financial Reporting for Pensions*.

Note 9: PENSION PLANS (CONT'D)**General Information About the Pension Plans (Cont'd)****Contributions (Cont'd)**

Teachers' Pension and Annuity Fund (Cont'd) - The Charter School's contractually required contribution rate for the fiscal year ended June 30, 2018 was 9.52% of the Charter School's covered payroll, of which 0.00% of payroll was required from the Charter School and 100.00% of payroll was required from the State of New Jersey. The Charter School was not required to make any contributions to the pension plan during the fiscal year ended June 30, 2018 because of the 100.00% special funding situation with the State of New Jersey.

Based on the most recent TPAF measurement date of June 30, 2017, the State's contractually required contribution, on-behalf of the Charter School, to the pension plan for the fiscal year ended June 30, 2018 was \$272,662.00, and was paid by April 1, 2018. Charter School employee contributions to the pension plan during the fiscal year ended June 30, 2018 were \$213,964.99.

Public Employees' Retirement System - The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Members contribute at a uniform rate. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over seven years beginning in July 2012. The member contribution rate was 7.34% in State fiscal year 2018. The phase-in of the additional incremental member contribution rate takes place in July of each subsequent State fiscal year. The rate for members who are eligible for the Prosecutors Part of PERS (Chapter 366, P.L. 2001) was 10%. Employer contribution amounts are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability.

The Charter School's contractually required contribution rate for the fiscal year ended June 30, 2018 was 14.88% of the Charter School's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, including an additional amount to finance any unfunded accrued liability.

Based on the most recent PERS measurement date of June 30, 2017, the Charter School's contractually required contribution to the pension plan for the fiscal year ended June 30, 2018 was \$50,253.00, and was paid by April 1, 2018. Charter School employee contributions to the pension plan during the fiscal year ended June 30, 2018 were \$26,476.57.

Defined Contribution Retirement Program - The contribution policy is set by N.J.S.A. 43:15C-3 and requires contributions by active members and contributing employers. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the Charter School contributes 3% of the employees' base salary, for each pay period, to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period.

For the fiscal year ended June 30, 2018, the Charter School had no employees enrolled in the DCRP.

Note 9: PENSION PLANS (CONT'D)**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

Teachers' Pension and Annuity Fund - At June 30, 2018, the Charter School was not required to report a liability for its proportionate share of the net pension liability because of a 100% special funding situation by the State of New Jersey.

The State's proportionate share of net pension liability, attributable to the Charter School is as follows:

Charter School's Proportionate Share of Net Pension Liability	\$ -
State of New Jersey's Proportionate Share of Net Pension Liability Associated with the Charter School	16,371,604.00
	<u>\$ 16,371,604.00</u>

The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2017. For the June 30, 2017 measurement date, the Charter School's proportion of the net pension liability was based on a projection of the Charter School's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State of New Jersey, actuarially determined. At June 30, 2017, the Charter School proportion was 0.00% due to the 100% special funding situation with the State of New Jersey. For the June 30, 2017 measurement date, the State's proportionate share of the TPAF net pension liability associated with the Charter School was .0242817086%, which was an increase of .0033691907% from its proportion measured as of June 30, 2016.

For the fiscal year ended June 30, 2018, the Charter School recognized \$1,134,142.00 in pension expense and revenue, in the government-wide financial statements, for the State of New Jersey on-behalf TPAF pension contributions. This pension expense and revenue was based on the pension plans June 30, 2017 measurement date.

Public Employees' Retirement System - At June 30, 2018, the Charter School reported a liability of \$1,139,429.00 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2017. The Charter School's proportion of the net pension liability was based on a projection of the Charter School's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. For the June 30, 2017 measurement date, the Charter School's proportion was .0048947898%, which was an increase of .0020016771% from its proportion measured as of June 30, 2016.

For the fiscal year ended June 30, 2018, the Charter School recognized pension expense of \$82,737.00, in the government-wide financial statements. This pension expense was based on the pension plans June 30, 2017 measurement date.

Note 9: PENSION PLANS (CONT'D)**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd)**

Public Employees' Retirement System (Cont'd) - At June 30, 2018, the Charter School reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between Expected and Actual Experience	\$ 26,830.00	-
Changes of Assumptions	229,556.00	\$ 228,714.00

Charter School Contributions Subsequent to the Measurement Date	50,253.00	-
	<u>\$ 754,327.00</u>	<u>\$ 498,704.00</u>

\$50,253.00, included in deferred outflows of resources, will be included as a reduction of the net pension liability in the fiscal year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ending June 30,</u>	
2019	\$ 27,375.00
2020	41,029.00
2021	62,223.00
2022	60,294.00

Note 9: PENSION PLANS (CONT'D)**Actuarial Assumptions**

The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2017. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

	<u>TPAF</u>	<u>PERS</u>
Inflation	2.25%	2.25%
Salary Increases:		
2012-2021	Varies Based on Experience	-
Through 2026	-	1.65% - 4.15% Based on Age
Thereafter	Varies Based on Experience	2.65% - 5.15% Based on Age
Investment Rate of Return	7.00%	7.00%
Period of Actuarial Experience		
Study upon which Actuarial		
Assumptions were Based	July 1, 2012 - June 30, 2015	July 1, 2011 - June 30, 2014

For TPAF, pre-retirement, post-retirement and disabled mortality rates were based on the experience of TPAF members reflecting mortality improvement on a generational basis based on a 60-year average of Social Security data from 1953 to 2013.

For PERS, pre-retirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. Mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

For TPAF and PERS, in accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2017) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in TPAF's and PERS's target asset allocation as of June 30, 2017 are summarized in the following table:

Note 9: PENSION PLANS (CONT'D)**Actuarial Assumptions (Cont'd)**

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Absolute Return/Risk Mitigation	5.00%	5.51%

	<u>100.00%</u>	

Discount Rate - The discount rates used to measure the total pension liability at June 30, 2017 were 4.25% and 5.00% for TPAF and PERS, respectively. For TPAF and PERS, the respective single blended discount rates were based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.58% as of June 30, 2017, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rates for TPAF and PERS assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 40% of the actuarially determined amount for TPAF and PERS and the local employers contributed 100% of the actuarially determined amount for PERS. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2036 for TPAF and 2040 for PERS. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2036 for TPAF and 2040 for PERS, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Note 9: PENSION PLANS (CONT'D)**Sensitivity of Charter School's Proportionate Share of Net Pension Liability to Changes in the Discount Rate**

Teachers' Pension and Annuity Fund (TPAF) - As previously mentioned, TPAF, has a special funding situation where the State pays 100% of the Charter School's annual required contribution. As such, the proportionate share of the net pension liability as of June 30, 2017, the pension plans measurement date, attributable to the Charter School is \$0, and the State of New Jersey's proportionate share of the net pension liability, attributable to the Charter School, using a discount rate of 4.25%, as well as using a discount rate that is 1% lower or 1% higher than the current rates used is as follows:

	TPAF		
	1% Decrease (3.25%)	Current Discount Rate (4.25%)	1% Increase (5.25%)
Charter School's Proportionate Share of the Net Pension Liability	\$ -	\$ -	\$ -

	<u>\$ 19,449,979.00</u>	<u>\$ 16,371,604.00</u>	<u>\$ 13,835,625.00</u>

Public Employees' Retirement System (PERS) - The following presents the Charter School's proportionate share of the net pension liability at June 30, 2017, the plans measurement date, calculated using a discount rate of 5.00%, as well as what the Charter School's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

	PERS		
	1% Decrease (4.00%)	Current Discount Rate (5.00%)	1% Increase (6.00%)

Pension Plan Fiduciary Net Position

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the respective fiduciary net position of the TPAF and PERS and additions to/deductions from TPAF and PERS's respective fiduciary net position have been determined on the same basis as they are reported by TPAF and PERS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For additional information about TPAF and PERS, please refer to the plan's Comprehensive Annual Financial Report (CAFR) which can be found at <http://www.nj.gov/treasury/pensions/gasb-notices.shtml>.

Note 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN****General Information about the OPEB Plan**

Plan Description and Benefits Provided - The State Health Benefit Local Education Retired Employees Plan (the "OPEB Plan") is a multiple-employer defined benefit OPEB plan, with a special funding situation, that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75 - Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions. The OPEB Plan is administered by the State of New Jersey Division of Pensions and Benefits (the "Division") and is part of the New Jersey State Health Benefits Program (SHBP). The Division issues a publically available financial report that includes financial statements and required supplementary information which can be obtained by writing to or at the following website:

State of New Jersey
Division of Pensions and Benefits
P.O. Box 295
Trenton, New Jersey 08625-0295
<https://www.nj.gov/treasury/pensions/financial-reports.shtml>

The OPEB Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

Contributions - The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey (the "State") in accordance with N.J.S.A 52:14-17.32f. According to N.J.S.A 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

Employees Covered by Benefit Terms - At June 30, 2018, the entire State Health Benefit Local Education Retired Employees OPEB Plan consisted of the following members.

Active Plan Members	223,747
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	142,331
Inactive Plan Members Entitled to but Not Yet Receiving Benefit Payments	-

Note 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****Total Non-Employer OPEB Liability**

The State of New Jersey, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to the OPEB Plan for qualified retired TPAF, PERS, PFRS and ABP participants. The Charter School's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the Charter School did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. The State's proportionate share of the net OPEB liability associated with the Charter School as of June 30, 2018 was \$6,406,011.00. Since the OPEB liability associated with the Charter School is 100% attributable to the State, the OPEB liability will be referred to as the total Non-Employer OPEB Liability.

The total Non-Employer OPEB Liability was measured as of June 30, 2017, and was determined by an actuarial valuation as of June 30, 2016, which was rolled forward to June 30, 2017. The total Non-Employer OPEB Liability as of June 30, 2016 was determined by an actuarial valuation as of June 30, 2016. For the June 30, 2017 measurement date, the State's proportionate share of the Non-Employer OPEB Plan Liability associated with the Charter School was .0119426359%, which was an increase of .003224998% from its proportion measured as of June 30, 2016.

Actuarial Assumptions and Other Inputs - The actuarial assumptions and other inputs vary for each plan member depending on the pension plan in which the member is enrolled. The actuarial valuation at June 30, 2016 used the following actuarial assumptions, applied to all periods in the measurement:

	<u>TPAF/ABP (1)</u>	<u>PERS (2)</u>	<u>PFRS (2)</u>
Through 2026	1.55% - 4.55%	2.15% - 4.15%	2.10% - 8.98%
Thereafter	2.00% - 5.45%	3.15% - 5.15%	3.10% - 9.98%

(1) - Based on years of service

(2) - Based on age

Inflation Rate - 2.50%

Mortality Rates - Preretirement mortality rates were based on the RP-2014 Headcount-Weighted Healthy Employee Male/Female mortality table with fully generational mortality improvement projections from the central year using the MP-2017 scale. Postretirement mortality rates were based on the RP 2014 Headcount-Weighted Healthy Annuitant Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale. Disability mortality was based on the RP-2014 Headcount-Weighted Disabled Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale.

Experience Studies - The actuarial assumptions used in the June 30, 2016 valuation were based on the results of actuarial experience studies for the periods July 1, 2012 - June 30, 2015, July 1, 2010 - June 30, 2013, and July 1, 2011 - June 30, 2014 for TPAF, PFRS and PERS, respectively.

Note 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****Total Non-Employer OPEB Liability (Cont'd)**

Health Care Trend Assumptions - For pre-Medicare preferred provider organization (PPO) medical benefits, this amount initially is 5.9% and decreases to a 5.0% long-term trend rate after nine years. For self-insured post-65 PPO medical benefits, the trend rate is 4.5%. For health maintenance organization (HMO) medical benefits, the trend rate is initially 5.9% and decreases to a 5.0% long-term trend rate after nine years. For prescription drug benefits, the initial trend rate is 10.5% decreasing to a 5.0% long term trend rate after eight years. For the Medicare Part B reimbursement, the trend rate is 5.0%. The Medicare Advantage trend rate is 4.5% and will continue in all future years.

Discount Rate - The discount rate for June 30, 2017 and 2016 was 3.58% and 2.85%, respectively. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer GO 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

Note 11: ON-BEHALF PAYMENTS

For the fiscal year ended June 30, 2018, the Charter School has recognized as revenues and expenditures on-behalf payments made by the State for normal costs and post-retirement medical costs related to TPAF, in the fund financial statements. The amounts recognized as revenues and expenditures in the fund financial statements for normal costs, non-contributory insurance, post-retirement medical costs, and long-term disability insurance were \$390,339.00, \$9,473.00, \$258,230.00, and \$1,319.00, respectively.

Note 12: RISK MANAGEMENT

The Charter School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The Charter School maintains commercial insurance coverage for property, liability, student accident, and surety bonds. A complete schedule of insurance coverage can be found in the statistical section of this Comprehensive Annual Financial Report.

New Jersey Unemployment Compensation Insurance - The Charter School has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Contribution Method". Under this plan, the Charter School is provided an experience rate by the State of New Jersey.

Note 13: DEFERRED COMPENSATION

The Charter School offers its employees a choice of two deferred compensation plans created in accordance with Internal Revenue Code Sections 403(b) and 457. The plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death, or unforeseeable emergency. The plan administrators are as follows:

Lincoln Investments Planning Inc.
Axa Equitable

Note 14: COMPENSATED ABSENCES

The Charter School accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), *Accounting for Compensated Absences*. A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

Charter School employees who are employed for twelve months are entitled to vacation days based on their applicable contracts. Vacation days not used during the year may be accumulated and carried forward to be used in the subsequent year. Benefits paid in any future year will be calculated according to formulas outlined in the Charter Schools' agreements with the various employee unions and individual contracts, and included in the current years' budget.

The liability for vested compensated absences is recorded within those funds as the benefits accrue to employees. At June 30, 2018, the liability for compensated absences reported on the government-wide statement of net position was \$13,925.09.

Note 15: INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The composition of interfund balances as of June 30, 2018 is as follows:

<u>Fund</u>	<u>Interfunds Receivable</u>	<u>Interfunds Payable</u>
General	\$ 336,194.38	\$ 2,000.00
Special Revenue		100,849.18
Food Service		41,227.77
Fiduciary	2,000.00	194,117.43
	<u>\$ 338,194.38</u>	<u>\$ 338,194.38</u>

The interfund receivables and payables above predominately resulted from payments made by certain funds on behalf of other funds. During the fiscal year 2019, the Charter School expects to liquidate such interfunds, depending upon the availability of cash flow.

Note 16: CONTINGENCIES

Grantor Agencies - Amounts received or receivable from grantor agencies could be subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Charter School expects such amount, if any, to be immaterial.

Note 17: CONCENTRATIONS

The Charter School depends on financial resources flowing from, or associated with, both the federal government and the State of New Jersey. As a result of this dependency, the Charter School is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations.

Note 18: FUND BALANCES**RESTRICTED**

As stated in note 1, the restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources by either of the following: (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation. Specific restrictions of the Charter School's fund balance are summarized as follows:

General Fund

For Charter School Escrow Reserve – In accordance with the New Jersey Charter School agreement, the Charter School has established an escrow that is restricted for the possible costs associated with the dissolution of the charter school. Within five years of the signing of the agreement, the reserve must reach a balance of \$75,000.00. As of June 30, 2018, the balance of the escrow is \$75,000.00.

ASSIGNED

As stated in note 1, the assigned fund balance classification includes amounts that are constrained by the Charter School's *intent* to be used for specific purposes, but are neither restricted nor committed. Specific assignments of the Charter School's fund balance are summarized as follows:

General Fund

Other Purposes - As of June 30, 2018, the Charter School had \$1,771.55 of encumbrances outstanding for purchase orders and contracts signed by the Charter School, but not completed, as of the close of the fiscal year.

UNASSIGNED

As stated in note 1, the unassigned fund balance classification represents fund balance that has not been restricted, committed, or assigned to specific purposes. The Charter School's unassigned fund balance is summarized as follows:

General Fund - As of June 30, 2018, \$1,457,838.37 of general fund balance was unassigned.

Charter School Financial Framework - Financial Indicators

The New Jersey Department of Education (NJDOE) developed the comprehensive Performance Framework to ensure that each and every NJ charter school is serving students with a high-quality education. The Performance Framework - Financial Indicators set the fiscal standards by which all NJ public charter schools will be evaluated, informing both the NJDOE and individual school officials about school performance and sustainability. By utilizing the Performance Framework throughout the charter school's life cycle, NJDOE officials will expand the rigorous standards and metrics by which each and every public charter school is evaluated. Please refer to the following exhibit for the Charter School's Performance Framework Financial Indicators.

SINGLE AUDIT SECTION

**REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY STATE OF NEW JERSEY CIRCULAR 15-08-OMB**

INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of the Board of Education
CharterTech High School for the Performing Arts, Inc.
Somers Point, New Jersey 08244

Report on Compliance for Each Major State Program

We have audited the CharterTech High School for the Performing Arts, Inc.'s, in the County of Atlantic, State of New Jersey, compliance with the types of compliance requirements described in the *New Jersey State Grant Compliance Supplement* that could have a direct and material effect on each of the Charter School's major state programs for the fiscal year ended June 30, 2018. The Charter School's major state programs are identified in the *Summary of Auditor's Results* section of the accompanying *Schedule of Findings and Questioned Costs*.

Management's Responsibility

Management is responsible for compliance with state statutes, regulations, and the terms and conditions of its state awards applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Charter School's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; audit requirements as prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey; and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards, and State of New Jersey Circular 15-08-OMB, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the CharterTech High School for the Performing Arts, Inc.'s, in the County of Atlantic, State of New Jersey, compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the Charter School's compliance.

Opinion on Each Major State Program

In our opinion, the CharterTech High School for the Performing Arts, Inc., in the County of Atlantic, State of New Jersey, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the fiscal year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of the CharterTech High School for the Performing Arts, Inc., in the County of Atlantic, State of New Jersey, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Charter School's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the State of New Jersey Circular 15-08-OMB, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Charter School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the State of New Jersey Circular 15-08-OMB. Accordingly, this report is not suitable for any other purpose.

CHARTERTECH HIGH SCHOOL FOR THE PERFORMING ARTS, INC.
Notes to Schedules of Expenditures of Federal Awards and State Financial Assistance
For the Fiscal Year Ended June 30, 2018

Note 1: BASIS OF PRESENTATION

The accompanying schedules of expenditures of federal awards and state financial assistance (“the schedules”) include federal and state award activity of the CharterTech High School for the Performing Arts, Inc. (hereafter referred to as the “Charter School”). The Charter School is defined in note 1 to the Charter School's basic financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies, are included on the schedules. Because these schedules present only a selected portion of the operations of the Charter School, it is not intended to and does not present the financial position and changes in operations of the Charter School.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying schedules are presented using the budgetary basis of accounting, with the following exception: programs recorded in the enterprise fund are presented using the accrual basis of accounting. These bases of accounting are described in note 1 to the Charter School's basic financial statements. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, wherein certain types of expenditures are not allowed or are limited as to reimbursement.

Note 3: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis. The special revenue fund is presented in the accompanying schedules on the budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more June state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

There is no net adjustment to reconcile expenditures from the budgetary basis to the GAAP basis. See exhibit C-3, notes to required supplementary information, for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds.

Note 3: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (CONT'D)

Awards and financial assistance expenditures reported in the Charter School's basic financial statements on a GAAP basis are presented as follows:

<u>Fund</u>	<u>Federal</u>	<u>State</u>	<u>Total</u>
General		\$ 7,055,212.40	\$ 7,055,212.40
Special Revenue	\$ 309,185.31		309,185.31
Enterprise	155,325.77	1,990.39	157,316.16
Total Awards and Financial Assistance	<u>\$ 464,511.08</u>	<u>\$ 7,057,202.79</u>	<u>\$ 7,521,713.87</u>

Note 4: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

Note 5: REIMBURSED AND ON-BEHALF PAYMENTS

During the fiscal year ended June 30, 2018, the Charter School was the recipient of federal and state assistance that represented either a reimbursement to the Charter School or payments made on-behalf of the Charter School. Revenues and expenditures reported under the federal food distribution program represent the current year value received and the current year distribution, respectively, of American-grown United States Department of Agriculture foods utilized in the Charter School's food service program. TPAF Social Security Contributions represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the fiscal year. Lastly, the Charter School has recognized as revenues and expenditures on-behalf payments made by the State for normal costs, non-contributory insurance, post-retirement medical costs, and long-term disability insurance related to TPAF members.
