SCHOOL PURCHASING PROGRAMS

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-1 et seq. (Public School Contracts Law), the associated rules and related information on the statute, and the school contracts in general, are available on the following website: <https://www.state.nj.us/dca/divisions/dlgs/programs/lpcl.html>

Current statute is posted on the New Jersey Legislature website at: <http://www.njleg.state.nj.us/>

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$40,000.00 (with a Qualified Purchasing Agent) and \$29,000.00 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is \$19,000.00 for 2017-18.

The School District's Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

Based on the results of our audit, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

SCHOOL FOOD SERVICE

The financial transactions and statistical records of the school food service fund were audited. The financial accounts, meal count records, and eligibility applications were tested on a sample basis. No exceptions were noted.

Cash receipts and bank records were sampled for timely deposit. No exceptions were noted.

Expenditures should be separately recorded as food, labor, and other costs. Vendor invoices were sampled and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

SCHOOL FOOD SERVICE (CONT'D)

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

Net cash resources did not exceed three months average expenditures.

Sampled time sheets were reviewed and labor costs verified. Payroll records were maintained on all sampled school food service employees authorized by the School District. No exceptions were noted.

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process, the Edit Check Worksheet was completed. Reimbursement claims were submitted / certified in a timely manner.

Sampled applications for free and reduced price meals were tested for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications and / or to the list of directly certified students on file, times the number of operating days, on a school-by-school basis. The free and reduced price meal and free milk policy was inspected for uniform administration throughout the school system. The required verification procedures for free and reduced price applications were completed and available for audit.

USDA Food Distribution Program (food and / or commodities) were received and a single inventory was maintained on a first-in, first-out basis. No exceptions were noted.

The statement of revenues, expenses, and changes in fund net position (CAFR exhibit B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the CAFR.

APPLICATION FOR STATE SCHOOL AID

We also performed an inspection of the School District procedures related to its completion. The information on the A.S.S.A. was compared to the School District workpapers without exception. The information that was included on the workpapers was verified without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.
