**ADMINISTRATIVE FINDINGS -
FINANCIAL, COMPLIANCE AND PERFORMANCE REPORTING**

GENERAL COMMENTS

Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator, the activities of the Board of Education, and the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20 of the District's CAFR.

Officials Bonds

| <u>Name</u> | <u>Position</u> | <u>Amount</u> |
|----------------|--|---------------|
| John Bussanich | Board Secretary/School Business Administrator | \$310,000 |

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/School Business Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits premium amounts withheld due to the general fund.

Financial Planning, Accounting and Reporting, (continued)

Payroll Account, (continued)

Payrolls were delivered to the Secretary of the Board who then deposited with warrants in separate bank accounts for net payroll and withholdings.

Finding 2018-001: The analysis of the reconciled balance for the Payroll Agency Account did not agree to amounts disbursed in the subsequent periods.

Recommendation: The reconciled balance for the Payroll Agency Account should be reviewed and adjusted to reflect proper balances. Any remaining unallocated amounts should be transferred to the General Fund.

Reporting of employee compensation for income tax related purposes did comply with federal and state regulations regarding the compensation which is required to be reported.

Position Control Roster

The Position Control Roster was reviewed and compared to payroll records, employee benefit records and charges made to the general ledger to ensure proper and consistent financial reporting and that employee benefits are only offered to current employees.

Reserve for Encumbrances, Liability for Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, 2018 for proper classification of orders as reserve for encumbrances and accounts payable.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. As a result of the procedures performed, a transaction error rate of 0.32% overall was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Finding 2018-002: During our test of transactions, it was noted that the District misclassified and misbudgeted expenditures for the following: Operating Leases.

Recommendation: The District should reference the *Uniform Minimum Chart of Accounts for New Jersey Public Schools, 2018 Edition* and other available reference materials, such as the Budget Guidelines for proper classifications required to be in compliance with N.J.A.C. 6A:23-2.3(f).

Financial Planning, Accounting and Reporting, (continued)

Board Secretary's Records

Our review of the financial and accounting records maintained by the Board Secretary disclosed the following items:

Finding 2018-003: Purchases from the petty cash account exceeded the maximum single expenditure per Board Policy 6620.

Recommendation: That purchases through petty cash comply with Board Policy 6620.

Finding 2018-004: Approval of the bill list in the minutes does not specify the total amount of claims approved for payment.

Recommendation: The District ensures that each bill list approved specifies the total amount of claims being approved for payment.

Fixed Assets

The general fixed asset records were updated for the additions and disposals of general fixed assets made during the year.

Elementary and Secondary Education Act (E.S.E.A.) as Amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A./ESSA financial exhibits contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Title I, Title II and Title III of the Elementary and Secondary Education Act, as amended and reauthorized.

The study of compliance for E.S.E.A. indicated the following areas of noncompliance and/or questionable costs:

Finding 2018-005: The total expenditures reported in the Fiscal Year 2017 Final Report included amounts relating to Fiscal Year 2018 resulting in duplicate reimbursements in the amount of \$16,142.

Recommendation: More care be taken to ensure amounts reported in the Final Reports include only applicable expenditures.

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule K-3 and Schedule K-4 located in the CAFR.

Our audit of the federal and state funds on a test basis, indicated that obligation and expenditures were incurred during the fiscal year or project year for which the project was approved.

Financial Planning, Accounting and Reporting, (continued)

Other Special Federal and/or State Projects, (continued)

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for the Special Projects indicated that there were no areas of noncompliance.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for the District employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's Final Reports for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

Nonpublic State Aid

Project completion reports were finalized and transmitted to the State Department of Education by the due date.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-2 contains definitions for terms used throughout N.J.S.A. 18A:18A-1 et seq. It includes as subsection (p) the term 'competitive contracting', which is defined as "the method described in N.J.S.A. 18A:18A-4.1 through 18A:18A-4.5 and in rules promulgated by DCA at N.J.A.C. 5:34-4 of contracting for specialized goods and services in which formal proposals are solicited from vendors; formal proposals are evaluated by the purchasing agent or counsel or school business administrator; and the board of education awards a contract to a vendor or vendors from among the formal proposals received." Also, subsection (aa) defines the term 'concession' to exclude vending machines.

N.J.S.A. 18A:18A-3(a) sets forth the bid threshold and requires award by board resolution. There is a higher threshold when there is a "Qualified Purchasing Agent" (QPA) in the district as defined at N.J.A.C. 5:34-1.1 and certified upon approval of an application submitted to DCA. Pursuant to N.J.S.A. 18A:18A-3(b), the bid threshold may be adjusted by the Governor, in consultation with the Department of Treasury, every five years.

School Purchasing Programs, (continued)

Contracts and Agreements Requiring Advertisement for Bids, (continued)

N.J.S.A. 18A:18A-4.4 provides boards of education the authority to pass a resolution authorizing the use of competitive contracting. "In order to initiate competitive contracting, the board of education shall pass a resolution authorizing the use of competitive contracting each time specialized goods or services enumerated in sections 45 of L. 1999, c.440 are desired to be contracted."

Effective July 1, 2015 and thereafter, the bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$40,000 (with a Qualified Purchasing Agency) and \$29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$19,000.

The board of education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Finding 2018-006: The District did not receive quotes for items which exceeded 15% of the bid threshold.

Recommendation: That all purchases comply with Public School Contracts Law.

Finding 2018-007: There were instances in which fully executed contracts for out-of-district tuition could not be located at the time of review.

Recommendation: That the District ensures all tuition contracts are maintained on file and are made available for review at the time of audit.

Resolutions were adopted authorizing the awarding of contract or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

Finding 2018-008: There was one instance in which the District did not obtain a political contributions disclosure form for a vendor who provided professional services.

Recommendation: That all vendors providing professional services to the district provide a political contribution disclosure form.

School Food Service

The financial transactions and statistical records of the School Food Service Fund were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

School Food Service, (continued)

The school food service program was not selected as a major federal and/or State program. However, the program expenditures exceeded \$100,000 in federal and/or State support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the SFA had any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions were noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions noted.

Cash receipts and bank records were reviewed for timely deposit.

The number of meals claimed for reimbursement was verified against sales and meal count records. As part of the claims review process the edit check worksheet was completed. Reimbursement claims were submitted/certified in a timely manner.

Applications for free and reduced meals were reviewed for completeness and accuracy. The number of free and reduced priced meals claimed as served did not exceed the number of valid applications on file, times the number of operating days, on a school by school basis. The free and reduced meal policy is uniformly administered throughout the School System. The required verification procedures for free applications was completed and available for review.

Expenditures were separately recorded for food purchases and other costs.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

U.S.D.A. commodities were not received; therefore a separate inventory was not maintained.

The school district maintains the detailed revenue and expenditure information necessary in order to execute the USDA mandated Non-Program Food Revenue Tool at least annually.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, section G of the CAFR.

Student Body Activities

During our review of the student activity funds, no exceptions were noted.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2017 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, low-income, and bilingual. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers without exception. The information included as part of the workpapers was verified without exception. The results of our procedures are presented in the Schedule of Audited Enrollment.

Application for State School Aid, (continued)

The District maintained workpapers on the prescribed state forms or their equivalents.

The District's written procedures appear to be adequate for the recording of student enrollment data.

Pupil Transportation

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. The bid specifications for the purchase of buses were in compliance with applicable statutes. No exceptions were noted in our review of transportation related purchases of goods and services.

Testing for Lead of All Drinking Water in Educational Facilities

The school district adhered to all the requirements of N.J.A.C. 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The school district did submit the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Status of Prior Year Audit Findings/Recommendation

A review was performed on all prior year recommendations and corrective action was taken on all, with the exception of the comments preceded with an “*”.

Acknowledgment

We received the complete cooperation of all the officials of the school district and we greatly appreciate the courtesies extended to the members of the audit team.

Respectfully submitted,
