<u>ADMINISTRATIVE FINDINGS -</u> FINANCIAL, COMPLIANCE AND PERFORMANCE REPORTING

GENERAL COMMENTS

Scope of Audit

The audit covered the financial transactions of the Board Secretary, School Business Administrator and Treasurer of School Moneys, the activities of the Board of Education, and the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20 of the District's CAFR.

Officials Bonds (N.J.S.A. 18A:17-26, 18A:17-32, 18A:13-13)

<u>Name</u>	<u>Position</u>	<u>Amount</u>
Eileen F. Shafer, M. Ed.	State District Superintendent	\$85,000
Margaret S. Cherone	Treasurer of School Monies	\$2,000,000

Tuition Charges

A comparison of tentative tuition charges and actual certified tuition charges was made. Adjustments were made to sending district billings for the increase in per pupil costs in accordance with N.J.A.C. 6A:23A-17.1(f)3.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/School Business Administrator.

Financial Planning, Accounting and Reporting, (continued)

Salary withholdings were promptly remitted to the proper agencies, including health benefits premium amounts withheld due to the General Fund.

Payrolls were delivered to the secretary of the Board who then deposited with warrants in separate bank accounts for net payroll and withholdings.

The required certification (E-CERT1) of compliance with requirements for income tax on compensation of administrators (superintendent, assistant superintendents, and business administrator) to the NJ Department of Treasury was filed by the March 15 due date.

Reporting of employee compensation for income tax related purposes did comply with federal and state regulations regarding the compensation which is required to be reported.

Employee Position Control Roster

The Position Control Roster was reviewed and compared to payroll records, employee benefit records and charges made to the general ledger to ensure proper and consistent financial reporting and that employee benefits are only offered to current employees.

Reserve for Encumbrances, Liability for Accounts Payable

Our overview of the financial and accounting records maintained by the Board Secretary did not disclose any issues.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. As a result of the procedures performed, a transaction error rate of 1.11% overall was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

<u>Finding 2018-001</u>: Expenditures in the following categories were not charged to the appropriate line item account in accordance with the Uniform Minimum Chart of Accounts for New Jersey Public Schools: Required Maintenance.

Recommendation: The District should reference the Uniform Minimum Chart of Accounts for New Jersey Public Schools, 2018 Edition and other available reference/materials, such as the Budget Guidelines for the proper classifications required to be in compliance with N.J.A.C. 6A:23-2.3(f).

Financial Planning, Accounting and Reporting, (continued)

Board Secretary's Records

Our review of the financial and accounting records maintained by the Board Secretary were found to be in good condition.

The Board Secretary should file monthly certifications of the budgetary line item status which are consistent with the actual budgetary records.

Fixed Assets

The general fixed asset records were updated for the additions and disposals of general fixed assets made during the year.

Elementary and Secondary Education Act (E.S.E.A.) as Amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Title I, Title II, Title III and Title IV of the Elementary and Secondary Education Act, as amended and reauthorized.

The study of compliance for E.S.E.A. indicated that there were no areas of noncompliance and/or questioned costs.

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule K-3 and Schedule K-4 located in the CAFR.

Our audit of the federal and state funds on a test basis, indicated that obligation and expenditures were incurred during the fiscal year or project year for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for the Special Projects identified the following:

<u>Finding 2018-002 (CAFR Finding 2018-001)</u>: A limited number of individual EXAID applications had services provided to students which were not required by their IEP. Furthermore, a limited number of EXAID applications had direct instructional costs which could not be supported by verifiable cost documentation.

Recommendation: The Special Services Department should ensure that all information being reported on each student's EXAID application is accurate and supported by the necessary documentation.

Financial Planning, Accounting and Reporting, (continued)

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for the District employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

TPAF Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's Final Reports for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

Nonpublic State Aid

Project completion reports were finalized and transmitted to the State Department of Education by the due date.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-2 contains definitions for terms used throughout N.J.S.A. 18A:18A-1 et seq. It includes as subsection (p) the term 'competitive contracting', which is defined as "the method described in N.J.S.A. 18A:18A-4.1 through 18A:18A-4.5 and in rules promulgated by DCA at N.J.A.C. 5:34-4 of contracting for specialized goods and services in which formal proposals are solicited from vendors; formal proposals are evaluated by the purchasing agent or counsel or school business administrator; and the board of education awards a contract to a vendor or vendors from among the formal proposals received." Also, subsection (aa) defines the term 'concession' to exclude vending machines.

N.J.S.A. 18A:18A-3(a) sets forth the bid threshold and requires award by board resolution. There is a higher threshold when there is a "Qualified Purchasing Agent" (QPA) in the district as defined at N.J.A.C. 5:34-1.1 and certified upon approval of an application submitted to DCA. Pursuant to N.J.S.A. 18A:18A-3(b), the bid threshold may be adjusted by the Governor, in consultation with the Department of Treasury, every five years.

N.J.S.A. 18A:18A-4.4 provides boards of education the authority to pass a resolution authorizing the use of competitive contracting. "In order to initiate competitive contracting, the board of education shall pass a resolution authorizing the use of competitive contracting each time specialized goods or services enumerated in sections 45 of L. 1999, c.440 are desired to be contracted."

School Purchasing Programs, (continued)

Contracts and Agreements Requiring Advertisement for Bids, (continued)

Effective July 1, 2015 and thereafter, the bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$40,000 (with a Qualified Purchasing Agency) and \$29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$19,000.

The board of education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

The results of our examination indicated hat no individual payments, contracts or agreements were made for the performance of any work, goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contract or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

School Food Service

The financial transactions and statistical records of the School Food Service Fund were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

Cash receipts and bank records were reviewed for timely deposit.

All districts have been approved to participate in the Community Eligibility Program (CEP). All students attending CEP schools receive free meals through the Child Nutrition Program.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used. No exceptions were noted.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

U.S.D.A. Food Distribution Program commodities were received and a separate inventory was maintained on a first in first out basis. No exceptions were noted.

The Statement of Revenues, Expenses and Changes in Fund Net Position (CAFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

School Food Service, (continued)

The District did provide the detailed revenue and expenditure information necessary in order to execute the USDA mandated Non-Program Food Revenue Tool at least annually.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, section G of the CAFR.

Student Body Activities

The Board has a policy which clearly established the regulation for Student Activity Funds.

During our review of the Student Activity Funds, the following item was noted:

<u>Finding 2018-003</u>: Not all cash receipts were deposited into the JFK High School Athletic Account in a timely manner (N.J.A.C. 6A:23A-16.12).

Recommendation: All cash receipts should be promptly deposited when received.

Application for State School Aid (ASSA)

Our audit procedures included a test of information reported in the October 15, 2017 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, low-income, and bilingual. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers without exception. The information included as part of the workpapers was verified without exception. The results of our procedures are presented in the Schedule of Audited Enrollment.

<u>Finding 2018-004</u>: The District's supporting workpapers for the ASSA-Private Schools Handicapped classification included more students than were actually listed on the submitted ASSA Onroll Report. The 22 handicapped students excluded from the ASSA submission were identified and began receiving related services prior to October 15th. Students identified prior to October 15th must be reported in the current year by the October 15th reporting deadline.

Recommendation: The private school must establish and implement procedures to ensure reporting of Special Education Categorical Aid for all students who are identified and receiving related services prior to the October 15th ASSA reporting deadline.

<u>Finding 2018-005</u>: The school registers did not display similar student information that was shown on the ASSA supporting workpapers.

Recommendation: The District should update information to display correspondingly on both reports.

Pupil Transportation

Our audit procedures included a test of on-roll status reported in the 2017-2018 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments. The following items were noted during our testwork:

<u>Finding 2018-006</u>: There were multiple instances in which students on the DRTRS Summary were listed as attending a different school than what the students were listed as on the ASSA workpapers and school registers.

Recommendation: Be aware of information and update accordingly to display records correctly on all reports.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. The bid specifications for the purchase of buses were in compliance with applicable statutes. No exceptions were noted in our review of transportation related purchases of goods and services.

Testing for Lead of All Drinking Water in Educational Facilities

The school district adhered to all the requirements of N.J.A.C. 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The school district did submit the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Status of Prior Year Audit Findings/Recommendation

In accordance with Government Auditing Standards, our procedures included a review on all prior year recommendations including findings. Corrective action had been taken on all prior year findings, with the exception of the comments preceded with an "*".

Suggestions to Management:

- A policy should be established to have all employees verify their employment and salary each year with a signed contract.
- Some student activity accounts are being charged bank fees. Management should review the banking policy to alleviate the fees or reimburse the accounts for the fees charged.
- Review the old outstanding checks in the student activity accounts for legitimacy. Void the stale dated checks and reissue any legitimate payment still due vendors.
- Establish a policy to update employee W-4s to ensure the District has a form on file with accurate withholding requests.

Acknowledgment

We received the complete cooperation of all the officials of the school district and we greatly appreciate the courtesies extended to the members of the audit team.

Respectfully submitted,
