Financial Planning, Accounting and Reporting, (continued)

Payroll Account, (continued)

Finding 2018:01

The wages reported on Federal Form 941 and New Jersey Form NJ W-3 were not in agreement with the W-2 Federal and State wages.

Recommendation:

That the wages reported on Federal Form 941 and New Jersey Form NJ W-3 be reconciled to the Federal and State W-2 before filing.

The required certification (E-CERT1) of compliance with requirements for income tax on compensation of administrators (superintendent, assistant superintendents, and business administrator) to the NJ Department of Treasury was filed by the March 15 due date.

Reporting of employee compensation for income tax related purposes did comply with federal and state regulations regarding the compensation which is required to be reported.

Position Control Roster

The Position Control Roster was reviewed and compared to payroll records, employee benefit records and charges made to the general ledger to ensure proper and consistent financial reporting and that employee benefits are only offered to current employees.

Reserve for Encumbrances, Liability for Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, for goods not yet received or services not yet rendered and it was determined that no blanket purchase orders were included in the balance of the reserves for encumbrances. Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered, as of June 30.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.2. As a result of the procedures performed, a transaction error rate of 0.00% overall was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-2 contains definitions for terms used throughout N.J.S.A. 18A:18A-1 et seq. It includes as subsection (p) the term ‘competitive contracting’, which is defined as “the method described in N.J.S.A. 18A:18A-4.1 through 18A:18A-4.5 and in rules promulgated by DCA at N.J.A.C. 5:34-4 of contracting for specialized goods and services in which formal proposals are solicited from vendors; formal proposals are evaluated by the purchasing agent or counsel or school business administrator; and the board of education awards a contract to a vendor or vendors from among the formal proposals received.” Also, subsection (aa) defines the term ‘concession’ to exclude vending machines.

N.J.S.A. 18A:18A-3(a) sets forth the bid threshold and requires award by board resolution. There is a higher threshold when there is a “Qualified Purchasing Agent” (QPA) in the district as defined at N.J.A.C. 5:34-1.1 and certified upon approval of an application submitted to DCA. Pursuant to N.J.S.A. 18A:18A-3(b), the bid threshold may be adjusted by the Governor, in consultation with the Department of Treasury, every five years.

N.J.S.A. 18A:18A-4.4 provides boards of education the authority to pass a resolution authorizing the use of competitive contracting. “In order to initiate competitive contracting, the board of education shall pass a resolution authorizing the use of competitive contracting each time specialized goods or services enumerated in sections 45 of L. 1999, c.440 are desired to be contracted.”

Effective July 1, 2015 and thereafter, the bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$40,000 (with a Qualified Purchasing Agency) and \$29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$19,000.

School Purchasing Programs, (continued)

Contracts and Agreements Requiring Advertisement for Bids, (continued)

The board of education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. No violations were discovered.

The results of our examination indicated that no individual payments, contracts, or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contract or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

School Food Services

The financial transactions and statistical records of the School Food Services were maintained in satisfactory condition. The financial accounts were reviewed on a test-check basis. No exceptions were noted.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the CAFR.

Student Activity Fund

During our review of the student activity funds, the following items were noted.

A cash receipts and disbursements record is maintained in satisfactory condition.

All receipts were promptly deposited in the bank.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2017 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, low-income and bilingual. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers without exception. The information that was included on the workpapers was verified with no exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2017-2018 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. The bid specifications for the purchase of buses were in compliance with applicable statutes. No exceptions were noted in our review of transportation related purchases of goods and services.

Testing for Lead of All Drinking Water in Educational Facilities

The school district adhered to all the requirements of N.J.A.C. 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The school district did submit the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Follow-up on Prior Years' Findings

In accordance with government auditing standards, our procedures included a review of all prior year recommendations. Corrective action had been taken on all prior year findings with the exception of the following:

The Special Revenue Fund subsidiary ledger should be reconciled and in agreement with the Board Secretary's report.

Acknowledgment

We received the complete cooperation of all the officials of the school district and we greatly appreciate the courtesies extended to the members of the audit team.

Respectfully submitted,
